## **Item 4 – Advisory Services**

---

### **A. Firm Information**

Paragon Financial Partners, Inc. ("Paragon" or the "Advisor") is a registered investment advisor with the U.S. Securities and Exchange Commission ("SEC"), located in the State of California. Paragon is organized as a Corporation under the laws of the State of California. Paragon was founded in May 2011, and is owned and operated by President and Chief Compliance Officer, Evan F. Shorten. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Paragon.

### **B. Advisory Services Offered**

Paragon offers investment advisory services to individuals, high net worth individuals, estates, trusts, charitable organizations and other business entities in California and other states (each referred to as a "Client").

#### Investment Management Services

Paragon provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing both discretionary and non-discretionary investment management and consulting services. Paragon works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Paragon will then construct a portfolio, consisting of exchange listed securities and exchange traded funds (ETFs), over-the-counter securities, foreign securities, corporate debt securities, mutual funds, CDs, variable life insurance, variable annuities, municipal securities, United States government securities, government agency securities, including municipal and government securities that are a part of mutual funds, and interests in partnerships investing in real estate and oil and gas interests to accomplish this objective.

Paragon's investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Paragon will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Paragon evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Paragon may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Paragon may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Paragon may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

Paragon will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will Paragon accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client Investment Advisory Agreement.

#### Financial Planning and Consulting Services

Paragon will typically provide a variety of financial planning and consulting services to individuals, families, and businesses, pursuant to a written Financial Planning or Consulting Agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Paragon also provides specialized planning and negotiation services including divorce financial planning, negotiation of significant assets, and contract negotiations.

5850 Canoga Avenue, Suite 400, Woodland Hills, CA 91367

Phone: (310) 557-1515 \* Fax: (310) 943-2615

<http://paragonfinancialpartners.com>

Generally, financial planning services will involve preparing a financial plan or rendering a financial consultation or business consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings, money coaching including general and personalized financial advice, and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Paragon may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

### **C. Client Account Management**

Prior to engaging Paragon to provide investment advisory services, each Client is required to enter into one or more of the investment advisory, financial planning or consulting agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services described in the agreement[s] may include one or more of the following:

- Establishing an Investment Policy – Paragon, in connection with the Client, will assist in developing investment goals and objectives and the strategies to achieve those goals.
- Asset Allocation – Paragon will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Paragon will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Paragon will provide investment management and ongoing oversight of the Client's portfolio and overall account.

### **D. Wrap Fee Programs**

Paragon does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Paragon.

### **E. Assets Under Management**

As of December 31, 2015, Paragon manages the following assets:

Assets Under Management	Assets
Discretionary Assets	\$90,672,237
Non-Discretionary Assets	\$38,859,530
<b>Total</b>	<b>\$129,531,767</b>

Clients may request more current information at any time by contacting the Advisor.

## Item 5 – Fees and Compensation

---

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign an Investment Advisory Agreement that details the responsibilities of Paragon and the Client.

### A. Fees for Advisory Services

#### Investment Management Services

Investment advisory fees are based on the market value of assets under management, payable in advance of each calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management	Annual Rate
Up to \$1,000,000	1.25%
\$1,000,001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.85%
\$5,000,001 to \$7,000,000	0.75%
\$7,000,001 to \$10,000,000	0.65%
Over \$10,000,000	0.50%

Investment advisory fees in the first quarter of service are prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Paragon will be independently valued by the Custodian. Paragon will not have the authority or responsibility to value portfolio securities.

#### Financial Planning and Consulting Services

Paragon offers financial planning or consulting services at an hourly rate of up to \$350 per hour or a fixed engagement fee ranging from \$3,000 to \$50,000. Fees may be negotiable depending on the nature and complexity of each Client's circumstances and the duration of the engagement. An estimate for total hours will be determined prior to establishing the advisory relationship. Based on the financial planning and consulting agreement, Clients will be invoiced in advance on a monthly or quarterly basis.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

### B. Fee Billing

#### Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of each respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Paragon at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Paragon to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

#### Financial Planning and Consulting Services

Financial planning fees for hourly fee-based Clients are invoiced by the Advisor on a monthly basis with the final invoice issued in advance of the Client receiving the deliverable[s]. Financial planning fees for fixed fee-based

<http://paragonfinancialpartners.com>

Clients are invoiced in advance either monthly or quarterly, depending on the Client's circumstances. Invoices for financial planning fees are due upon receipt by the Client.

### **C. Other Fees and Expenses**

Clients may incur certain fees or charges imposed by third parties, other than Paragon, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the Custodian and executing broker-dealer. The Investment Advisory Fee charged by Paragon is separate and distinct from these custody and execution fees.

In addition, all fees paid to Paragon for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Paragon, but would not receive the services provided by Paragon which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Paragon to fully understand the total fees to be paid.

### **D. Advance Payment of Fees and Termination**

#### Investment Management Services

Paragon is compensated for its investment management services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement with Paragon, at any time, by providing 30-day advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's written approval.

#### Financial Planning and Consulting Services

Financial planning fees are invoiced by the Advisor in advance on either a monthly or quarterly basis. Either party may terminate a planning or consulting agreement at any time by providing 30-day advance written notice to the other party. In addition, the Client may terminate the agreement within five (5) days of signing the Advisor's financial planning or consulting agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client.

Upon termination, the Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the month or quarter for which the Client has been invoiced. The Client's financial planning agreement with the Advisor is non-transferable without the Client's written approval.

### **E. Compensation for Sales of Securities**

Paragon does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

## **Item 6 – Performance-Based Fees and Side-By-Side Management**

---

Paragon does not charge performance-based fees for its investment advisory services. The fees charged by Paragon are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Paragon does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

## **Item 7 – Types of Clients**

---

Paragon offers investment advisory services to individuals, high net worth individuals, trusts, charitable organizations and other business entities. The relative percentage of each type of Client is available on Paragon's Form ADV Part 1. These percentages will change over time. Paragon generally requires a minimum relationship size of \$1,000,000 and a minimum annual fee of \$10,000. The Advisor may, at its sole discretion, accept accounts with a lower value or charge a lower annual fee.

## **Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss**

---

### **A. Methods of Analysis**

Paragon primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Paragon is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Paragon generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Paragon will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Paragon may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

### **B. Risk of Loss**

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Paragon will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

### Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Clients are reminded to discuss these risks with the Advisor. For more information on our investment management services, please contact us at (310) 557-1515.**

## **Item 9 – Disciplinary Information**

---

**There are no legal, regulatory or disciplinary events involving Paragon or any of its employees.** Paragon and its advisory personnel value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. ## **Item 10 – Other Financial Industry Activities and Affiliations**

---

Neither Paragon nor its advisory personnel are involved in other business endeavors. Paragon does not maintain any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client's accounts.

### Insurance Agency Affiliations

Mr. Shorten, President of Paragon, is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from Mr. Shorten's role with Paragon. As an insurance professional, Mr. Shorten may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Shorten or the Advisor.

## **Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

---

### **A. Code of Ethics**

Paragon has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons subject to Paragon's compliance program (our "Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Paragon and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Paragon's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (310) 557-1515 or via email at [info@paragonfinancialpartners.com](mailto:info@paragonfinancialpartners.com).

### **B. Personal Trading with Material Interest**

Paragon allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Paragon does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Paragon does not have a material interest in any securities traded in Client accounts.

### **C. Personal Trading in Same Securities as Clients**

Paragon allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities, we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Paragon may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades,

or by trading based on material non-public information. This risk is mitigated by Paragon requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

#### **D. Personal Trading at Same Time as Client**

While Paragon allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Paragon, or any Supervised Person of Paragon, transact in any security to the detriment of any Client.**

### **Item 12 – Brokerage Practices**

---

#### **A. Recommendation of Custodian[s]**

Paragon does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services or the administrator for defined contribution accounts. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Paragon to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Paragon does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Paragon does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for execution and/or custodial services. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a custodian not recommended by Paragon.

Paragon may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, reputation, and location of the Custodian's offices. Paragon does not receive research services, other products, or compensation as a result of recommending a particular custodian that may result in the Client paying higher commissions than those obtainable through other custodians.

Following are additional details regarding the brokerage practices of the Advisor:

**1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **Paragon does not participate in soft dollar programs sponsored or offered by any broker-dealer.**

**2. Brokerage Referrals** - Paragon does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

**3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where Paragon will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Paragon will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

#### **B. Aggregating and Allocating Trades**

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Paragon will execute its transactions through an unaffiliated broker-dealer selected by the Client. Paragon may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade

cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

## **Item 13 – Review of Accounts**

### **A. Frequency of Reviews**

Investments in Client accounts are monitored on a regular and continuous basis by Mr. Shorten, President of Paragon. Formal reviews are generally conducted quarterly or more or less frequently depending on the needs of the Client.

### **B. Causes for Reviews**

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Paragon if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

### **C. Review Reports**

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client.
