**Part 2A of Form ADV: *Firm Brochure***

This brochure provides information about the qualifications and business practices of HFG. If you have any questions about the contents of this brochure, please contact us at 847-541-6888.

The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about HFG (HFG) is also available on the SEC's website at **[www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov)**. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 106331.

## **Item 2    Material Changes**

The SEC adopted "Amendments to Form ADV" in July, 2010. This Firm Brochure, dated 03/25/2011, is our new disclosure document prepared according to the SEC's new requirements and rules. As you will see, this document is a narrative that is substantially different in form and content, and includes some new information that we were not previously required to disclose.

After our initial filing of this Brochure, this Item will be used to provide our clients with a summary of new and/or updated information. We will inform you of the revision(s) based on the nature of the updated information.

Consistent with the new rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

### **Material Changes made as of 01/01/2012:**

1. J. Peter Doyle, Jr., CPA/PFS, CFP® was named Chief Compliance Officer

### **Material Changes made as of 01/25/2012**

1. In Item 10: Removed paragraph stating Mark D. Mazur is independent contractor with HFG.
2. Added Part 2B of Form ADV: *Brochure Supplement* for Mark Dale Mazur as Wealth Manager with HFG.

### **Material Changes made as of 07/30/2012**

Changed business address:

FROM: 975 Weiland Road, Suite 150, Buffalo Grove, IL 60089  
TO: 475 Half Day Road, Suite 210, Lincolnshire, IL 60069

### **Material Changes made as of 07/01/2013**

1. Ceased doing business as Huber Financial
2. Business succeeded to Huber Financial Advisors, LLC
3. Philip Robert Huber, CFA, CFP® named Chief Compliance Officer
4. We are no longer associated with Schwab Advisor Network®

Item 17	Voting Client Securities
Item 18	Financial Information

## **Item 4     Advisory Business**

HFG Group, Ltd. (HFG), is an SEC Registered Investment Adviser (RIA) with its principal place of business located in Illinois. HFG Group, Ltd. began conducting business in 1988.

Listed below are the firm's principal shareholders (i.e., those individuals controlling 25% or more of this company).

- David Joseph Huber, CFP®

HFG offers the following advisory services to our clients:

### ***INVESTMENT SUPERVISORY SERVICES - Individual Portfolio Management***

Our firm provides continuous advice to a client regarding the investment of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on the client's particular circumstances are established, we develop the client's personal investment policy. We create and manage a portfolio based on that policy. During our data gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we may also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Once the client's portfolio has been established, we review the portfolio quarterly, and if necessary, rebalance the portfolio on an annual basis, based on the client's individual needs.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer and will generally include advice regarding the following securities:

- Exchange listed securities (stocks, ETFs)
- Corporate debt securities (other than commercial paper)
- Certificates of deposit
- Municipal securities
- Mutual fund shares
- United States governmental securities

Because some types of investments involve certain additional degrees of risk, they will only be recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

## **PENSION CONSULTING SERVICES**

We also provide several advisory services separately or in combination. While the primary clients for these services will be pension, profit sharing and 401(k) plans, we offer these services, where appropriate, to individuals and trusts, estates and charitable organizations. Pension Consulting Services are comprised of four distinct services. Clients may choose to use any or all of these services.

*Investment Policy Statement Preparation (hereinafter referred to as "IPS"):* We will offer to meet with the client (in person or over the telephone) to determine an appropriate investment strategy that reflects the plan sponsor's stated investment objectives for management of the overall plan. Our firm then prepares a written IPS detailing those needs and goals, including an encompassing policy under which these goals are to be achieved. The IPS also lists the criteria for selection of investment vehicles as well as the procedures and timing interval for monitoring of investment performance.

*Selection of Investment Vehicles:* We assist plan sponsors in selecting mutual funds and constructing appropriate asset allocation models. The number of investments to be recommended will be determined by the client.

*Monitoring of Investment Performance:* We will monitor and supervise the client's portfolio and may make recommendations to the client as market factors and the client's needs dictate.

*Employee Communications:* For pension, profit sharing and 401(k) plan clients with individual plan participants exercising control over assets in their own account ("self-directed plans"), we may also provide quarterly educational support and investment workshops designed for the plan participants. The nature of the topics to be covered will be determined by us and the client under the guidelines established in ERISA Section 404(c). The educational support and investment workshops may offer to provide plan participants with individualized, tailored investment advice or individualized, tailored asset allocation recommendations.

## **FINANCIAL PLANNING**

We provide financial planning services. Financial planning is an evaluation of a client's current and future financial state by using currently known variables to forecast future cash flows, asset values and withdrawal plans. Through the financial planning process, questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the client.

In general, the financial plan can address any or all of the following areas:

- **PERSONAL:** We review family records, budgeting, personal liability and financial goals.
- **TAX & CASH FLOW:** We analyze the client's income tax, spending and planning for past, current and future years, then illustrate the impact of various

investments on the client's current income tax and future tax liability

- **INVESTMENTS:** We analyze investment alternatives and their effect on the client's portfolio
- **INSURANCE:** We review existing policies for life, health, disability, long-term care, liability, home and automobile.
- **RETIREMENT:** We analyze current strategies and investment plans to help the client achieve his or her retirement goals.
- **DEATH & DISABILITY:** We review the client's cash needs at death, income needs of surviving dependents, estate planning and disability income.
- **ESTATE:** We assist the client in assessing and developing long-term strategies, including as appropriate, living trusts, wills, estate tax, powers of attorney and asset protection plans.

We gather required information through in-depth personal interviews. Information gathered includes the client's current financial status, tax status, future goals, returns objectives and attitudes towards risk. We carefully review documents supplied by the client, including a questionnaire completed by the client. Should the client choose to implement the recommendations contained in the plan, we suggest the client work closely with his/her attorney, accountant, and insurance agent. Implementation of financial plan recommendations is entirely at the client's discretion.

We also provide general non-securities advice on topics that may include tax and budgetary planning, estate planning and business planning.

**Limitations:** As individuals of HFG are insurance agents/brokers of various insurance companies, insurance recommendations made in financial plans are limited to only those products offered through companies where we are licensed agents/brokers. Client may choose to use any other insurance agent/broker for their insurance purchases.

### ***PUBLICATION OF PERIODICALS***

Our firm does not publish any periodicals.

### ***CONSULTING SERVICES***

Clients can also receive investment advice on a more focused basis. This may include advice on only an isolated area(s) of concern such as estate planning, retirement planning, or any other specific topic. We also provide specific consultation and administrative services regarding investment and financial concerns of the client.

## **AMOUNT OF MANAGED ASSETS**

As of 07/01/2013, we are not actively managing any client assets on a discretionary basis, and are not overseeing any client assets being managed by third-party money managers.

## **Item 5 Fees and Compensation**

### **PORTFOLIO MANAGEMENT SERVICES FEES**

The annualized fee for Portfolio Management Services will be charged as a percentage of assets under management, according to the following schedule:

<b>Assets Under Management</b>	<b>Total HFG Annual Fee</b>
<b>\$0 - \$2,000,000</b>	<b>1.00%</b>
<b>\$2,000,001 - \$3,000,000</b>	<b>.75%</b>
<b>\$3,000,001 - \$5,000,000</b>	<b>.50%</b>
<b>Over: \$5,000,000</b>	<b>.35%</b>

HFG's advisory fees are negotiable.

### **FINANCIAL PLANNING FEES**

Our financial planning fee is waived for clients with assets under our management. For all other clients, a fee will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

### **CONSULTING SERVICES FEES**

Our Consulting Services fee will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Management personnel and other related persons of our firm are licensed as insurance agents or brokers. In their separate capacity(ies), these individuals are able to implement investment recommendations for advisory clients for separate compensation (i.e., commissions or other sales-related forms of compensation). This presents a conflict of interest to the extent that these individuals recommend that a client invest in a security which results in a commission being paid to the individuals. Clients are not under any obligation to engage these individuals when considering implementation of advisory recommendations. The implementation of any or all recommendations is solely at the discretion of the client.

## **GENERAL INFORMATION**

**Termination of the Advisory Relationship:** A client agreement may be canceled at any time, by either party, for any reason upon receipt of written notice.

**Mutual Fund Fees:** All fees paid to us for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

**Wrap Fee Programs and Separately Managed Account Fees:** We do not sponsor any Wrap Fee Programs. Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

**Additional Fees and Expenses:** In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

**Grandfathering of Minimum Account Requirements:** Pre-existing advisory clients are subject to our minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

**ERISA Accounts:** We are deemed to be a fiduciary to advisory clients that are employee benefit plans or Individual Retirement Accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"). As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, we may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions.

*Advisory Fees in General:* Clients should note that similar advisory services may (or may not) be available from other Registered (or unregistered) Investment Advisers for similar or lower fees.

*Limited Prepayment of Fees:* Under no circumstances do we require or solicit payment of fees in advance of services rendered.

## **Item 6 Performance-Based Fees**

We do not charge performance-based fees.

## **Item 7 Types of Clients**

We provide advisory services to the following types of clients:

- High net worth individuals
- Individuals other than high net worth individuals
- Pension and profit sharing plans
- Charitable organizations
- Corporations or other businesses not listed above

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

## **Item 8 Methods of Analysis, Investment Strategies and Risk of Loss**

### ***METHODS OF ANALYSIS***

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

*Mutual Fund and/or ETF Analysis:* We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

*Risks for all forms of analysis:* Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

## ***INVESTMENT STRATEGIES***

We use the following strategy in managing client accounts, provided that such strategy is appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

*Long-term purchases:* We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. A security may decline sharply in value before we make the decision to sell.

## **Item 9     Disciplinary Information**

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

## **Item 10 Other Financial Industry Activities and Affiliations**

Our firm and our related persons are not engaged in other financial industry activities.

Owner, David J. Huber, CFP® is Chief Executive Officer of Huber Financial Advisors, LLC, an SEC Registered Investment Advisor firm (CRD #153747). Form ADV Part II Brochure for Huber Financial Advisors, LLC is available upon request.

## **Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

HFG and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Our Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by calling us at 847-541-6888.

HFG and individuals associated with our firm are prohibited from engaging in principal transactions.

HFG and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

- No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
- No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
- It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
- Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
- We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
- We have established procedures for the maintenance of all required books and records.
- Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
- All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.

- We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
- We have established policies requiring the reporting of Code of Ethics violations to our senior management.
- Any individual who violates any of the above restrictions may be subject to termination.

## **Item 12 Brokerage Practices**

*The Custodian and Brokers We Use:* We do not maintain custody of your assets, although we are deemed to have custody of your assets because you give us authority to withdraw our fees from our account (See Item 15 -- Custody, below). Your assets must be maintained in an account at a “qualified custodian”, generally a broker/dealer or bank. We require that our clients use Charles Schwab & Co., Inc. (Schwab), a registered broker/dealer, member SIPC, as the qualified custodian. We are independently owned and operated and are not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell securities when we/you instruct them to. While we require that you use Schwab as custodian, you will decide whether to do so, and will open your account with Schwab by entering into an agreement directly with them.

We do not open the account for you, although we may assist you in doing so. If you do not wish to place your assets with Schwab, then we cannot manage your account. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account as described below (see “Your Brokerage and Custody Costs”).

*How We Select Brokers/Custodians:* We seek to use a custodian/broker who will hold your assets and execute transactions on terms that are, overall, the most advantageous when compared to other available providers and their services. We consider a wide range of factors, including among others:

- Combination of transaction execution services and asset custody services (generally without a separate fee for custody)
- Capability to execute, clear, and settle trades (buy and sell securities for your account)
- Capability to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payments, etc.)
- Breadth of available investment products (stocks, bonds, mutual funds,

exchange-traded funds [ETFs], etc.)

- Availability of investment research and tools that assist us in making investment decisions
- Quality of services
- Competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate the prices
- Reputation, financial strength and stability
- Prior service to us and our other clients
- Availability of other products and services that benefit us, as discussed below

*Your brokerage and Custody Costs:* For our clients' accounts that Schwab maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions and other fees on trades that it executes or that settle into your Schwab account.

Schwab charges you a flat dollar amount as a "prime broker" or "trade away" fee for each trade that we have executed by a different broker/dealer but where the securities bought or the funds from the securities sold are deposited (settled) into your Schwab account. These fees are in addition to the commissions or other compensation you pay the executing broker/dealer. Because of this, in order to minimize your trading costs, we have Schwab execute most trades for your account. We have determined that having Schwab execute most trades is consistent with our duty to seek "best execution" of your trades. Best execution means the most favorable terms for a transaction based on all relevant factors, including those listed above (see "How we Select Brokers/Custodians").

*Products and Services Available to Us From Schwab:* Schwab Advisor Services™ (formerly called Schwab Institutional®) is Schwab's business serving independent investment advisory firms like us. They provide us and our clients with access to its institutional brokerage – trading, custody, reporting and related services – many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts, while others help us manage and grow our business. Schwab's support services generally are available on an unsolicited basis (we don't have to request them) and at no charge to us as long as our clients collectively maintain a total of at least \$10 million of their assets in accounts at Schwab. If our clients collectively have less than \$10 million in assets at Schwab, Schwab may charge us quarterly service fees of \$1,200.

Following is a more detailed description of Schwab's support services:

*Services That Benefit You:* Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

*Services That May Not Directly Benefit You:* Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties. We may use this research to service all or a substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- Provide access to client account data (such as duplicate trade confirmations and account statements)
- Facilitate trade execution
- Provide pricing and other market data
- Facilitate payment of our fees from our clients' accounts
- Assist with back-office functions, recordkeeping and client reporting

*Services That Generally Benefit Only Us:* Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events  
(We have been granted free and reduced rate admission to Schwab conferences)
- Consulting on technology, compliance, legal and business needs  
(We have been granted cost reduction for database software)
- Publications and conferences on practice management and business succession
- Access to employee benefits providers, human capital consultants and insurance providers

Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. Schwab may also provide us with other benefits, such as occasional business entertainment of our personnel.

*Our Interest in Schwab's Services:* The availability of these services from Schwab benefits us because we do not have to produce or purchase them. We don't have to pay for Schwab's services so long as our clients collectively keep a total of at least \$10 million of their assets in accounts at Schwab. Beyond that, these services are not contingent upon us committing any specific amount of business to Schwab in trading commissions or assets in custody.

The \$10 million minimum may give us an incentive to require that you maintain your account with Schwab, based on our interest in receiving Schwab's services that benefit our business rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality and price of

Schwab's services (see "How We Select Brokers/Custodians") and not Schwab's services that benefit only us. We have no client assets under management at this time, and we do not believe that in the future, requiring our clients to collectively maintain at least \$10 million of those assets at Schwab in order to avoid paying Schwab quarterly service fees presents a material conflict of interest.

## **Item 13    Review of Accounts**

### ***INVESTMENT SUPERVISORY SERVICES - Individual Portfolio Management***

Reviews: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, these accounts are reviewed quarterly. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by:

Philip Robert Huber, CFA, CFP®

Reports: In addition to the monthly statements and confirmations of transactions that clients receive from Schwab, HFG will provide quarterly reports summarizing account performance, balances and holdings.

### ***PENSION CONSULTING SERVICES***

Reviews: HFG will review the client's account whenever the client advises us of a change in circumstances regarding the needs of the plan. HFG will also review the investment options of the plan according to the agreed upon time intervals. Such reviews will generally occur quarterly.

These accounts are reviewed by:

Philip Robert Huber, CFA, CFP®

Reports: These client accounts will receive reports as contracted for at the inception of the advisory relationship.

### ***FINANCIAL PLANNING SERVICES***

Reviews: While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Financial Planning clients unless otherwise contracted for.

**Reports:** Financial Planning clients will receive a completed financial plan. Additional reports will not typically be provided unless otherwise contracted for.

## **CONSULTING SERVICES**

**Reviews:** While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Consulting Services clients unless otherwise contracted for. Such reviews will be conducted by the client's account representative.

**Reports:** Consulting Services clients will not typically receive reports due to the nature of the service.

## **Item 14 Client Referrals and Other Compensation**

### **CLIENT REFERRALS**

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- The Solicitor's name and relationship with our firm;
- The fact that the Solicitor is being paid a referral fee;
- The amount of the fee

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

We receive an economic benefit from Schwab in the form of the support products and services it makes available to us and other independent investment advisors whose clients maintain their accounts at Schwab. These products and services, how they benefit us, and the related conflicts of interest are described above (see Item 12- Brokerage Practices). The availability to us of Schwab's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

## **Item 15 Custody**

Under government regulations, we are deemed to have custody of your assets because you authorize us to instruct Schwab to deduct our advisory fees directly from your account, or if you grant us authority to move your money to another person's account. Schwab maintains actual custody of your assets. You will receive account statements directly from us and Schwab at least quarterly. They will be sent to the email or postal mailing address you provided. You should carefully review those statements promptly when you receive them. We urge you to compare Schwab's account statements to the periodic account statements you will receive from us.

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts. As part of this billing process, the client's custodian, Schwab, is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

## **Item 16 Investment Discretion**

As previously disclosed in Item 4 of this brochure, our firm provides discretionary asset management services.

## **Item 17 Voting Client Securities**

We vote proxies for all client accounts; however, you always have the right to vote proxies yourself. You can exercise this right by instructing us in writing to not vote proxies in your account. We will vote proxies in the best interests of our clients and in accordance with our established policies and procedures. Our firm will retain all proxy voting books and records for the requisite period of time, including a copy of each proxy statement received, a record of each vote cast, a copy of any document created by us that was material to making a decision how to vote proxies, and a copy of each written client request for information on how the adviser voted proxies. If our firm has a conflict of interest in voting a particular action, we will notify the client of the conflict and retain an independent third-party to cast a vote. Clients may obtain a copy of our complete proxy voting policies and procedures by contacting us by telephone, email, or in writing. Clients may request, in writing, information on how proxies for his/her shares were voted. If any client requests a copy of our complete proxy policies and procedures or how we voted proxies for his/her account(s), we will promptly provide such information to the client.

We will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct us to transmit copies of class action notices to the client or a third party. Upon such direction, we will make commercially reasonable efforts to forward such notices in a timely manner.

With respect to ERISA accounts, we will vote proxies for our advisory clients. To direct us to vote a proxy in a particular manner, clients should contact us by telephone, email, or in writing. You can instruct us to vote proxies according to particular criteria (for example, to always vote with management, or to vote for or against a proposal to allow a so-called "poison pill" defense against a possible takeover). These requests must be made in writing. You can also instruct us on how to cast your vote in a particular proxy contest by contacting us.

## **Item 18 Financial Information**

We have no additional financial circumstances to report. Under no circumstances do we require or solicit payment of fees in advance of services rendered. Therefore, we are not required to include a financial statement. We have not been the subject of a bankruptcy petition at any time.
