Daily there are ongoing discussions on the status of client accounts and services to be reviewed and completed. There is continuous monitoring of all communications due to the structure of the Firm. Various industry publications, corporate material, daily news programs are read, viewed, and studied to create financial plans, and design portfolios to substantiate the basis of decisions made. An Investment Advisor/Financial Planner is an access person who does have direct client contact, and works either independently or in a team.

Client trades and electronic communications are reviewed by the Chief Compliance Officer (CCO), Nijole M. Astra Valaitis. Periodically, the CCO reviews all areas of the Investment Advisory Policies and Procedures Manual for the Firm with all employees and assesses the accuracy and compliance of all the rules and regulations of the Firm.

All employees are required to maintain their professional designations and to be in good standing. This requires ongoing education in the field of the services that are offered.
