Web Address: www.dohenyasset.com

03/31/2011

This brochure provides information about the qualifications and business practices of Doheny Asset Management, LLC. If you have any questions about the contents of this brochure, please contact us at 310 209-5500 or information@dohenyasset.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Doheny Asset Management, LLC also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 106434.

Item 2 Material Changes

The SEC adopted "Amendments to Form ADV" in July, 2010. This Firm Brochure, dated 03/31/2011, is our new disclosure document prepared according to the SEC's new requirements and rules. As you will see, this document is a narrative that is substantially different in form and content, and includes some new information that we were not previously required to disclose.

After our initial filing of this Brochure, this Item will be used to provide our clients with a summary of new and/or updated information. We will inform you of the revision(s) based on the nature of the updated information.

Consistent with the new rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

Item 4 Advisory Business

Doheny Asset Management, LLC is a SEC-registered investment adviser with its principal place of business located in California. Doheny Asset Management, LLC began conducting business in 1993.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- Will Doheny, Managing Partner

Doheny Asset Management, LLC offers the following advisory services to our clients:

INDIVIDUAL PORTFOLIO MANAGEMENT

Our firm provides non-continuous asset management of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on the client's particular circumstances are established, we develop the client's personal investment policy. We create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we may also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Once the client's portfolio has been established, we review the portfolio weekly, and if necessary, rebalance the portfolio when necessary, based on the client's individual needs.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Warrants
- Corporate debt securities (other than commercial paper)
- Municipal securities
- Mutual fund shares

- United States governmental securities
- Options contracts on securities

Because some types of investments involve certain additional degrees of risk, they will only be implemented when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

AMOUNT OF MANAGED ASSETS

As of 12/31/2010, we were actively managing approximately \$229,600,000 of clients' assets on a discretionary basis.

Item 5 Fees and Compensation

PORTFOLIO MANAGEMENT INDIVIDUAL PORTFOLIO MANAGEMENT FEES

The annualized fee for Investment Supervisory Services are charged as a percentage of assets under management, according to the following schedule:

Standard Fee Schedule:

- 1.00% on the first \$2 million
- 0.80% on the next \$3 million
- 0.70% on the next \$5 million
- 0.60% on the next \$10 million
- 0.50% on amounts in excess of \$20 million

Focused Value Strategy Fee Schedule:

- 1.00% on the first \$2 million
- 0.80% on the next \$8 million
- 0.75% on amounts in excess of \$10 million

Fixed Income Only Schedule:

- 0.50% on the first \$5 million
- 0.45% on the next \$5 million
- 0.40% on amounts in excess of \$10 million

Tax Exempt Fixed Income Only (Municipals):

- 0.35% annually

Small/Mid-Cap Strategy Schedule:

- 1.00% on the first \$5 million
- 0.75% on the next \$5 million
- 0.60% on amounts in excess of \$10 million

On a case-by-case basis, Doheny Asset Management, LLC determines an appropriate fee structure based on the size, complexity and investment objectives of the client's account. Fee arrangements may include a combination of a management fee and incentive fee, or may be solely limited to a management fee or an incentive-based fee. The terms and conditions of the fee structure are mutually agreed upon prior to entering into an advisory agreement.

Account Management Fees: Doheny Asset Management, LLC typically charges a fee for account management that is calculated and paid as a percentage of the assets under management. The Account Management Fee is calculated at an annual rate not to exceed 1.25%. Fees are calculated on a quarterly basis, and are payable in advance based on the value of the account(s) as of the beginning of each billing period. The Account Management Fee is prorated for periods less than a full billing cycle.

Managed Account Incentive Fees: Certain Managed Accounts pay Doheny Asset Management, LLC performance-based compensation ("Incentive Fees"). The Incentive Fee is calculated based on a percentage return of the account(s) in excess of the market return.

Doheny Asset Management, LLC's incentive fee is typically the portfolio return minus the market return times 10% over a rolling 12 quarter period. The market is defined as the Russell 2500. The maximum amount of the quarterly fee can be no more than 2% of the account's assets over any 4 quarter period. In the event that the account's absolute returns are negative, no performance fee will be collected. Performance based fees are subject to a "high water mark". To the extent that the amount of account appreciation is less than the high water mark, there is a loss carryforward allocation that must be recouped before Doheny Asset Management, LLC is entitled to a performance-based fee.

In instances in which our firm's investment management services are provided solely for an incentive fee based compensation, advisory clients should recognize that such fee arrangements create an investment conflict as it creates an incentive to allocate profitable investments to such a client thereby enabling us to recognize increased compensation for our management services.

Clients who elect to terminate their contracts will be charged a performance-based fee based on the performance of the account for the measuring period going back from the termination date and pro-rated from the date on which the performance-based fee was last assessed.

The client must understand the performance-based fee method of compensation and its risks prior to entering into a management contract with us.

PERFORMANCE-BASED FEES WILL ONLY BE CHARGED IN ACCORDANCE WITH THE PROVISIONS OF REG. 205-3 OF THE INVESTMENT ADVISERS ACT OF 1940 AND/OR APPLICABLE STATE REGULATIONS. THE FEES WILL NOT BE OFFERED TO ANY CLIENT RESIDING IN A STATE IN WHICH SUCH FEES ARE PROHIBITED.

A minimum of \$1,000,000 of assets under management is required for this service. This account size may be negotiable under certain circumstances. Doheny Asset Management, LLC may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although Doheny Asset Management, LLC has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of written notice. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. *In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of days remaining in the billing period*

Mutual Fund Fees: All fees paid to Doheny Asset Management, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Additional Fees and Expenses: In addition to our advisory fees, clients are also

responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

ERISA Accounts: Doheny Asset Management, LLC is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"), and regulations under the Internal Revenue Code of 1986 (the "Code"), respectively. As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Doheny Asset Management, LLC may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however, only when such fees are used to offset Doheny Asset Management, LLC's advisory fees.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

PERFORMANCE-BASED FEES

As we disclosed in Item 5 of this Brochure, our firm accepts a performance-based fee from the client. Such a performance-based fee is calculated based on a share of capital gains on or capital appreciation of the assets of the client. To qualify for a performance-based fee arrangement, a client must either demonstrate a net worth of at least \$1,500,000 or must have at least \$1,000,000 under management immediately after entering into a management agreement with us.

Clients should be aware that performance-based fee arrangement may create an incentive for us to recommend investments which may be riskier or more speculative than those which would be recommended under a different fee arrangement.

Furthermore, as we also have clients who do not pay performance-based fees, we have an incentive to favor accounts that do pay such fees because compensation we receive from these clients is more directly tied to the performance of their accounts.

Item 7 Types of Clients

Doheny Asset Management, LLC provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Pension and profit sharing plans(other than plan participants)
- Charitable organizations
- Corporations or other businesses not listed above

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Technical Analysis. We analyze past market movements and apply that analysis to the present in an attempt to recognize recurring patterns of investor behavior and potentially predict future price movement.

Technical analysis does not consider the underlying financial condition of a company. This presents a risk in that a poorly-managed or financially unsound company may underperform regardless of market movement.

Cyclical Analysis. In this type of technical analysis, we measure the movements of a particular stock against the overall market in an attempt to predict the price movement of the security.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases. When utilizing this strategy, we purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Risk of Loss. Securities investments are not guaranteed and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk.

Item 9 *Disciplinary Information*

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 *Other Financial Industry Activities and Affiliations*

None of Doheny Asset Management, LLC's employees are registered, or have an application pending to register, as a broker-dealer, a registered representative of a broker-dealer, a futures commission merchant, a commodity pool operator, or a commodity trading advisor.

A registered broker-dealer and a hedge fund based in New York, Angelo-Gordon, owns approximately 15% of Doheny Asset Management, LLC. This relationship poses a potential conflict of interest in that Doheny Asset Management may be incentivized to direct trades to Angelo-Gordon that may not be in the best interest of our clients. Doheny Asset Management, LLC has adopted a policy that eliminates this potential conflict of interest. Doheny Asset Management, LLC also does not recommend investment opportunities such as partnerships that are created by Angelo-Gordon, nor are any of our management persons incentivized in any way from Angelo-Gordon.

In addition, Doheny Asset Management does not recommend other investment advisers to our clients, and we receive no direct or indirect compensation from any source other than the fees we directly bill to our clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Doheny Asset Management, LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Doheny Asset Management, LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to information@dohenyasset.com, or by calling us at 310 209-5500.

Doheny Asset Management, LLC and individuals associated with our firm are prohibited from

engaging in principal transactions.

Doheny Asset Management, LLC and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm prohibits investments in IPO's or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. All of our principals and employees must act in accordance with all applicable Federal and

State regulations governing registered investment advisory practices.

8. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm on an annual basis.
9. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
10. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 Brokerage Practices

For discretionary clients, Doheny Asset Management, LLC requires these clients to provide us with written authority to determine the broker dealer to use and the commission costs that will be charged to these clients for these transactions.

These clients must include any limitations on this discretionary authority in this written authority statement. Clients may change/amend these limitations as required. Such amendments must be provided to us in writing.

Doheny Asset Management, LLC will endeavor to select those brokers or dealers which will provide the best services at the lowest commission rates possible. The reasonableness of commissions is based on the broker's stability, reputation, ability to provide professional services, competitive commission rates and prices, research, trading platform, and other services which will help Doheny Asset Management, LLC in providing investment management services to clients. Doheny Asset Management, LLC may, therefore recommend (or use) the use of a broker who provides useful research and securities transaction services even though a lower commission may be charged by a broker who offers no research services and minimal securities transaction assistance. Research services may be useful in servicing all our clients, and not all of such research may be useful for the account for which the particular transaction was effected.

Consistent with obtaining best execution for clients, Doheny Asset Management, LLC may direct brokerage transactions for clients' portfolios to brokers who provide research and execution services to Doheny Asset Management, LLC and, indirectly, to Doheny Asset Management, LLC's clients. These services are of the type described in Section 28(e) of the Securities Exchange Act of 1934 and are designed to augment our own internal research and investment strategy capabilities. This may be done without prior agreement or understanding by the client (and done at our discretion). Research services obtained through the use of soft dollars may be developed by brokers to whom brokerage is directed or by third-parties which are compensated by the broker. Doheny Asset Management, LLC does not attempt to put a specific dollar value on the services rendered or to allocate the relative costs or benefits of those services among clients, believing that the research we receive will help us to fulfill our overall duty to our clients. Doheny Asset Management, LLC may not use each particular research service, however, to service each client. As a result, a client may pay brokerage

commissions that are used, in part, to purchase research services that are not used to benefit that specific client. Broker-dealers we select may be paid commissions for effecting transactions for our clients that exceed the amounts other broker-dealers would have charged for effecting these transactions if Doheny Asset Management, LLC determines in good faith that such amounts are reasonable in relation to the value of the brokerage and/or research services provided by those broker-dealers, viewed either in terms of a particular transaction or our overall duty to its ('brokerage') discretionary client accounts.

Certain items obtainable with soft dollars may not be used exclusively for either execution or research services. The cost of such "mixed-use" products or services will be fairly allocated and Doheny Asset Management, LLC makes a good faith effort to determine the percentage of such products or services which may be considered as investment research. The portions of the costs attributable to non-research usage of such products or services are paid by our firm to the broker-dealer in accordance with the provisions of Section 28(e) of the Securities Exchange Act of 1934.

When Doheny Asset Management, LLC uses client brokerage commissions to obtain research or brokerage services, we receive a benefit to the extent that Doheny Asset Management, LLC does not have to produce such products internally or compensate third-parties with our own money for the delivery of such services. Therefore, such use of client brokerage commissions results in a conflict of interest, because we have an incentive to direct client brokerage to those brokers who provide research and services we utilize, even if these brokers do not offer the best price or commission rates for our clients.

Within our last fiscal year, we have obtained the following products and services on a soft-dollar basis:

Advent Software - Our internal portfolio accounting and trading system (50% of the cost of service is paid for through soft dollar arrangements)

Bloomberg – A research tool providing a broad range of research services. A very strong fixed income research product.

Capital IQ - Standard and Poors – Provides extensive research on individual securities (equity and fixed income)

Dow Jones News Service – Real time quotes and news

Free Markets – Macro Economic news, statistics and analysis

FT Interactive – Provides daily pricing for securities in our portfolio accounting system

Grant's Interest Rate Observer – Macroeconomic news, opinion, commentary, and analysis

Intrinsic Research Systems – Individual security research

NYSE – Real time quotes

Sagient Research Systems - BioMed Tracker – Provides research on current and upcoming FDA trials as well as research focused on the healthcare sector.

Sungard – Trade settlement services

Thomson – Pricing and research service

Value Line – Equity research service

Yardeni – Macroeconomic opinion, and sector analysis

Doheny Asset Management, LLC will block trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts, so long as transaction costs are shared equally and on a pro-rated basis between all accounts included in any such block.

Block trading may allow us to execute equity trades in a timelier, more equitable manner, at an average share price. Doheny Asset Management, LLC will typically aggregate trades among clients whose accounts can be traded at a given broker, and generally will rotate or vary the order of brokers through which it places trades for clients on any particular day. Doheny Asset Management, LLC's block trading policy and procedures are as follows:

- 1) Transactions for any client account may not be aggregated for execution if the practice is prohibited by or inconsistent with the client's advisory agreement with Doheny Asset Management, LLC, or our firm's order allocation policy.
- 2) The trading desk in concert with the portfolio manager must determine that the purchase or sale of the particular security involved is appropriate for the client and consistent with the client's investment objectives and with any investment guidelines or restrictions applicable to the client's account.
- 3) The portfolio manager must reasonably believe that the order aggregation will benefit, and will enable Doheny Asset Management, LLC to seek best execution for each client participating in the aggregated order. This requires a good faith judgment at the time the order is placed for the execution. It does not mean that the determination made in advance of the transaction must always prove to have been correct in the light of a "20-20 hindsight" perspective. Best execution includes the duty to seek the best quality of execution, as well as the best net price.
- 4) Prior to entry of an aggregated order, a written order ticket must be completed which identifies each client account participating in the order and the proposed allocation of the order, upon completion, to those clients.
- 5) If the order cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated pro rata among the participating client accounts in accordance with the initial order ticket or other written statement of allocation. However, adjustments to this pro rata allocation may be made to participating client accounts in accordance with the initial order ticket or other written statement of allocation. Furthermore, adjustments to this pro rata allocation may be made to avoid having odd amounts of shares held in any client account, or to avoid excessive ticket charges in smaller accounts.
- 6) Generally, each client that participates in the aggregated order must do so at the average

price for all separate transactions made to fill the order, and must share in the commissions on a pro rata basis in proportion to the client's participation. Under the client's agreement with the custodian/broker, transaction costs may be based on the number of shares traded for each client.

7) If the order will be allocated in a manner other than that stated in the initial statement of allocation, a written explanation of the change must be provided to and approved by the Chief Compliance Officer no later than the morning following the execution of the aggregate trade.

8) Doheny Asset Management, LLC's client account records separately reflect, for each account in which the aggregated transaction occurred, the securities which are held by, and bought and sold for, that account.

9) Funds and securities for aggregated orders are clearly identified on Doheny Asset Management, LLC's records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.

10) No client or account will be favored over another.

Item 13 Review of Accounts

PORTFOLIO MANAGEMENT INDIVIDUAL PORTFOLIO MANAGEMENT

REVIEWS: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least weekly. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by at least one member of the Investment Committee. The Investment Committee consists of Mr. William Doheny, Jr., Mr. Christopher Stephen Cord, and Mr. Sean P. O'Neill, CFA. Mr. Doheny is the Managing Member of Doheny Asset Management and is the Chief Investment Officer of the Committee. Mr. Cord is a portfolio manager, and Mr. O'Neill is Director of Research and a portfolio manager.

REPORTS: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide quarterly reports summarizing account performance, balances and holdings.

Item 14 Client Referrals and Other Compensation

It is Doheny Asset Management, LLC's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

It is Doheny Asset Management, LLC's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

Doheny Asset Management, LLC also has custody of account(s) in which Doheny Asset Management, LLC or one of its employees becomes a trustee to a trust that is also a portfolio management client of Doheny Asset Management, LLC. This subjects us to an annual surprise audit by a Certified Public Accounting firm to ensure that appropriate books and records are maintained accurately.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- determine the security to buy or sell; and/or
- determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

We vote proxies for all client accounts; however, clients always have the right to vote proxies for themselves. Clients can exercise this right by instructing us in writing to not vote proxies in their account.

We will vote proxies in the best interests of its clients and in accordance with our established policies and procedures. Our firm will retain all proxy voting books and records for the requisite period of time, including a copy of each proxy statement received, a record of each vote cast, a copy of any document created by us that was material to making a decision how to vote proxies, and a copy of each written client request for information on how the adviser voted proxies. If our firm has a conflict of interest in voting a particular action, we will notify the client of the conflict and retain an independent third-party to cast a vote.

Clients may obtain a copy of our complete proxy voting policies and procedures by contacting Doheny Asset Management, LLC by telephone, email, or in writing. Clients may request, in writing, information on how proxies for his/her shares were voted. If any client requests a copy of our complete proxy policies and procedures or how we voted proxies for his/her account(s), we will promptly provide such information to the client.

We will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct us to transmit copies of class action notices to the client or a third party. Upon such direction, we will make commercially reasonable efforts to forward such notices in a timely manner.

With respect to ERISA accounts, we will vote proxies unless the plan documents specifically reserve the plan sponsor's right to vote proxies. To direct us to vote a proxy in a particular manner, clients should contact Will Doheny by telephone, email, or in writing.

Clients can instruct us to vote proxies according to particular criteria (for example, to always vote with management, or to vote for or against a proposal to allow a so-called "poison pill" defense against a possible takeover). These requests must be made in writing. You can also instruct us on how to cast your vote in a particular proxy contest by contacting us at (310) 209-5500 or by e-mail at wdoheny@dohenyasset.net.

Item 18 Financial Information

Doheny Asset Management, LLC is required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Doheny Asset Management, LLC has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Doheny Asset Management, LLC has not been the subject of a bankruptcy petition at any

time during the past ten years.
