Dated March 16, 2012

**BEACH CITIES WEALTH MANAGEMENT, LLC
1220 HIGHLAND AVENUE
MANHATTAN BEACH, CA 90266
PHONE: (310) 546-1399**

FIRM CONTACT: MICHAEL P. WOODS, CHIEF COMPLIANCE OFFICER

This brochure provides information about the qualifications and business practices of Beach Cities Wealth Management, LLC. If you have any questions about the contents of this brochure, please contact our firm by telephone at (310) 546-1399 or by email mikewoods@beachcitieswealth.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Beach Cities Wealth Management, LLC also is available on the SEC's website at www.adviserinfo.sec.gov.

Please note that the use of the term “registered investment adviser” and description of Beach Cities Wealth Management, LLC and/or our associates as “registered” does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise you for more information on the qualifications of our firm and our employees.

Item 2. Material Changes to Our Part 2A of
Form ADV: Firm Brochure

Beach Cities Wealth Management, LLC is required to advise you of any material changes to our Firm Brochure (“Brochure”) from our last annual update, identify those changes on the cover page of our Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Brochure, and we must provide the date of the last annual update of our Brochure.

Please note that we do not have to provide this information to a client or prospective client who has not received a previous version of our brochure.

Initial SEC Filing Date: 06/22/2011

At this time, Beach Cities Wealth Management, LLC is pending switching from SEC to State registration.

Item 4. Advisory Business

A. Description of our advisory firm, including how long we have been in business and our principal owner(s)¹.

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. We specialize in asset management and financial planning and consulting. Our firm is a limited liability company formed in the State of California. Our firm has been in business as a Registered Investment Adviser since 2011 and is owned wholly by Michael Paul Woods.

B. Description of the types of advisory services we offer.

(i) Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds (“ETFs”), options, mutual funds and other public and private securities or investments. The client’s individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client’s circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client’s individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

(ii) Financial Planning and Consulting:

We provide a variety of financial planning and consulting services to our clients regarding the management of their financial resources based upon an analysis of the client’s current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client’s financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

¹ Please note that: (1) For purposes of this item, our principal owners include the persons we list as owning 25% or more of our firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If we are a publicly held company without a 25% shareholder, we simply need to disclose that we are publicly held. (3) If an individual or company owns 25% or more of our firm through subsidiaries, we must identify the individual or parent company and intermediate subsidiaries. If we are a state-registered adviser, on Form ADV Part 2A Page 2, we must identify all intermediate subsidiaries.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Clients should be aware that a conflict of interest may exist between our firm and the client, as some recommendations may result in the compensation of our representatives. Clients are under no obligation to act upon our recommendation and if the client elects to act on any of the recommendations, the client is under no obligation to effect the transaction through our firm.

C. Explanation of whether (and, if so, how) we tailor our advisory services to the individual needs of clients, whether clients may impose restrictions on investing in certain securities or types of securities.

(i) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing our firm's Asset Management service. Additionally, we offer general investment advice to clients utilizing our firm's Financial Planning and Consulting service.

(ii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management services. We do not manage assets through our other services.

D. Participation in wrap fee programs.

We do not offer wrap fee programs.

E. Disclosure of the amount of client assets we manage on a discretionary basis and the amount of client assets we manage on a non-discretionary basis as of December 31, 2011.

We manage² \$0 on a discretionary basis and \$49,000,000 on a non discretionary basis as of December 31, 2011.

Item 5. Fees and Compensation

We are required to describe our brokerage, custody, fees, and fund expenses so you will know how much you are charged and by whom for our advisory services provided to you. Please be aware that lower fees for comparable services may be available from other sources. Our fees are generally not negotiable.

A. Description of how we are compensated for our advisory services provided to you.

(i) Asset Management:

Our firm's annual fees for investment management services shall be based on the market value of assets under management and shall be calculated at up to two percent (2.00%) of all assets under management. These fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

(ii) Financial Planning and Consulting:

We charge on an hourly fee basis for Financial Consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fees are \$100 to \$200 for financial advisors.

B. Description of whether we deduct fees from clients' assets or bill clients for fees incurred.

(i) Asset Management:

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will generally be automatically deducted from your managed account*. As part of this process, you understand and acknowledge the following:

² Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

- a) Your independent custodian sends statements at least quarterly to You showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms;
- c) We send a copy of our invoice to the independent custodian at the same time we send the invoice to You;
- d) Our invoice includes a legend that urges the client to compare information provided in their statements with those from the qualified custodian in account opening notices and subsequent statements sent to the client for whom the adviser opens custodial accounts with the qualified custodian.

*In rare cases, we will agree to directly bill clients.

(ii) Financial Planning and Consulting:

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$500 when services cannot be rendered within 6 (six) months.

C. Description of any other types of fees or expenses clients may pay in connection with our advisory services, such as custodian fees or mutual fund expenses.

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

D. We must disclose if client's advisory fees are due quarterly in advance. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

E. Commissionable securities sales.

We sell securities for a commission. In order to sell securities for a commission, our supervised persons are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees

from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
 - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
 - b) when recommending commissionable mutual funds, explaining that “no-load” funds are available through our firm if the client wishes to become an investment advisory client.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

F. Conflict of Interest Disclosure. Any material conflict of interest relating to you or your representatives and employees that could be reasonably expected to impair the rendering of unbiased or objective advice should be disclosed.

Our firm does not receive compensation arrangements connected with advisory services which are in addition to advisory fees. Representatives of our firm may in their individual capacities may have financial affiliations and/or receive compensation outside of our firm. If so, this will be disclosed in Item 10 of this Brochure. As a fiduciary, we always put our Client’s interest above our own. Information regarding participation of interest in client transactions can be found in our Code of Ethics as well as Item 12 of this Brochure.

Item 6. Performance-Based Fees and Side-By-Side Management

We do not charge performance fees to our clients.

Item 7. Types of Clients

We have the following types of clients:

- Individuals;
- High Net -Worth Individuals.

We do not require a minimum for opening and maintaining accounts or otherwise engaging us.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

A. Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis.

We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell). Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Cyclical Analysis.

In this type of technical analysis, we measure the movements of a particular stock against the overall market in an attempt to predict the price movement of the security.

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

Long-term purchases.

When utilizing this strategy, we may purchase securities with the idea of holding them for a relatively long time (typically held for at least a year). A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantages of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases.

When utilizing this strategy, we may also purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

Trading.

We purchase securities with the idea of selling them very quickly (typically within 30 days or less). We do this in an attempt to take advantage of our predictions of brief price swings.

Margin transactions.

We will purchase stocks for your portfolio with money borrowed from your brokerage account. This allows you to purchase more stock than you would be able to with your available cash, and allows us to purchase stock without selling other holdings.

Option writing.

We may use options as an investment strategy. An option is a contract that gives the buyer the right, but not the obligation, to buy or sell an asset (such as a share of stock) at a specific price on or before a certain date. An option, just like a stock or bond, is a security. An option is also a derivative, because it derives its value from an underlying asset. The two types of options are calls and puts:

○ A call gives us the right to buy an asset at a certain price within a specific period of time. We will buy a call if we have determined that the stock will increase substantially before the option expires.

○ A put gives us the holder the right to sell an asset at a certain price within a specific period of time. We will buy a put if we have determined that the price of the stock will fall before the option expires.

We will use options to "hedge" a purchase of the underlying security; in other words, we will use an option purchase to limit the potential upside and downside of a security we have purchased for your portfolio.

We use "covered calls", in which we sell an option on security you own. In this strategy, you receive a fee for making the option available, and the person purchasing the option has the right to buy the security from you at an agreed-upon price.

We use a "spreading strategy", in which we purchase two or more option contracts (for example, a call option that you buy and a call option that you sell) for the same underlying security. This effectively puts you on both sides of the market, but with the ability to vary price, time and other factors.

Risk of Loss.

Securities investments are not guaranteed and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk.

B. Our practices regarding cash balances in client accounts, including whether we invest cash balances for temporary purposes and, if so, how.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to asset management, as applicable.

Item 9. Disciplinary Information

We are required to disclose whether there are legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management. There are a number of specific legal and disciplinary events that we must presume are material for this Item. If our advisory firm or a management person has been involved in one of these events, we must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in our or the management person's favor, or was reversed, suspended or vacated, or (2) the event is not material. For purposes of calculating this ten-year period, the "date" of an event is the date that the final order, judgment, or decree was entered, or the date that any rights of appeal from preliminary orders, judgments or decrees lapsed.

The SEC and/or State Regulators have not provided us with an exclusive list of material disciplinary events, which need to be disclosed. If our advisory firm or a management person has been involved in a legal or disciplinary event that is not specifically required to be disclosed, but nonetheless is material to a client's or prospective client's evaluation of our advisory business or the integrity of our management, we must disclose the event. Similarly, even if more than ten years has passed since the date of the event, we must disclose the event if it is so serious that it remains currently material to a client's or prospective client's evaluation of our firm or management.

On 3/26/2009 a complaint was filed with FINRA against Mr. Woods, alleging damages in the amount of \$392,000. The complaint evolved into Arbitration/CFTC reparation. The arbitration was settled on 3/10/2010 in the amount of \$137,500.

Item 10. Other Financial Industry Activities and Affiliations

Some of our advisory affiliates are registered representative of Purshe Kaplan Sterling Investments, Inc. ("PKS"), member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. This presents a conflict of interest to the extent that the advisory affiliate recommends that a client invest in a security which results in a commission being paid to the advisory affiliate.

A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products incentive to recommend products based on the compensation our advisory affiliate may earn and may not necessarily be in the best interests of the client.

**Item 11. Code of Ethics, Participation or Interest in Client
Transactions and Personal Trading**

- A. Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts³. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- B. If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

See Item 11A of this Brochure. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

³ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

- C. If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 11A of this brochure. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours of buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Item 12. Brokerage Practices

- A. Description of the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

1. Research and Other Soft Dollar Benefits. If we receive non-soft dollar research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions ("soft dollar benefits"), we are required to disclose our practices and discuss the conflicts of interest they create. Please note that we must disclose all soft dollar benefits we receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

Beach Cities Wealth Management may offer certain qualified clients trading services which gives our firm the ability to execute trades through PKS for client assets custodied at Schwab. Our firm has an arrangement with Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"). Under the arrangement with Schwab we receive services which include, among others, brokerage, custodial, administrative support, record keeping and related services that are intended to support our firm in conducting business and in serving the best interests of our clients but that may benefit our firm.

- a. Explanation of when we use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, and how we receive a benefit because our firm does not have to produce or pay for the research, products or services.

As part of the arrangement described in Item 12A1, Schwab also makes certain research and brokerage services available at no additional cost to our firm. These services include certain research and brokerage services, including research services obtained by Schwab directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by Schwab to our firm may

include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by Schwab to our firm in the performance of our investment decision-making responsibilities. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

- b. Incentive to select or recommend a broker-dealer based on our interest in receiving the research or other products or services, rather than on our clients' interest in receiving best execution.

As a result of receiving the services discussed in 12A(1)a of this Firm Brochure for no additional cost, we may have an incentive to continue to use or expand the use of Schwab's services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with Schwab and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

Schwab charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Schwab's commission rates are generally discounted from customary retail commission rates.

However, the commission and transaction fees charged by Schwab may be higher or lower than those charged by other custodians and broker-dealers.

- c. Causing clients to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as payingup).

Our Clients may pay a commission to Schwab that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

- d. Disclosure of whether we use soft dollar benefits to service all of our clients' accounts or only those that paid for the benefits, as well as whether we seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

We do not have soft dollar relationships.

- e. Explanation of the procedures we used during our last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits we received.

We do not receive soft dollar benefits.

2. Brokerage for Client Referrals. If we use client brokerage to compensate or otherwise reward brokers for client referrals, we must disclose this practice, the conflicts of interest it creates, and any procedures we used to direct client brokerage to referring brokers during the last fiscal year (i.e., the system of controls used by us when allocating brokerage).

Our firm does not receive brokerage for client referrals.

3. Directed Brokerage.

- a. If we routinely recommend, request or require that a client directs us to execute transactions through a specified broker-dealer, we are required to describe our practice or policy. Further, we must explain that not all advisers require their clients to direct brokerage. If our firm and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, we are further required to describe the relationship and discuss the conflicts of interest it presents by explaining that through the direction of brokerage we may be unable to achieve best execution of client transactions, and that this practice may cost our clients more money.

Because of our relationship with Schwab, we routinely recommend that clients use Schwab as their custodian and do not recommend, request or require that clients direct us to execute transactions through a specified broker-dealer however we may do so at client request. Please refer to Item 12A(1) above.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

b. Permissibility of client-directed brokerage.

We do not allow client-directed brokerage.

B. Discussion of whether, and under what conditions, we aggregate the purchase or sale of securities for various client accounts in quantities sufficient to obtain reduced transaction costs (known as bunching). If we do not bunch orders when we have the opportunity to do so, we are required to explain our practice and describe the costs to clients of not bunching.

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts.

When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13. Review of Accounts or Financial Plans

A. Review of client accounts or financial plans, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least a weekly basis for our clients subscribing our Asset Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

Financial planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc.

B. Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

C. Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to our Asset Management service.

As also mentioned in Item 13A of this Brochure, financial planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14. Client Referrals and Other Compensation

A. If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

Our firm may recommend that clients establish brokerage accounts with Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), registered broker-dealers, Members SIPC, to maintain custody of Clients' assets and to effect trades for their accounts. Our firm is independently owned and operated and not affiliated with Schwab. Our firm may also recommend that Clients establish accounts with firms other than Schwab.

Our firm places trades for its Clients' accounts subject to its duty to seek best execution and its other fiduciary duties. Our firm may use broker-dealers other than Schwab to execute trades for client accounts maintained at Schwab, but this practice may result in additional costs to clients so that we are more likely to place trades through Schwab rather than other broker-dealers. Schwab's execution quality may be different than other broker-dealers.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions or other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Some of the products, services and other benefits provided by Schwab benefit us and may not benefit our firm's client accounts. Our recommendation/requirement that a client place assets in Schwab's custody may be based in part on benefits Schwab provides to us, and not solely on the nature, cost or quality of custody and execution services provided by Schwab.

Schwab also makes available to our firm other products and services that benefit us but may not benefit clients' accounts. These benefits may include national, regional or specific to our firm, educational events organized and/or sponsored by Schwab Institutional. Other potential benefits may include occasional business entertainment of personnel of our firm by Schwab Institutional personnel, including meals, invitations to sporting events, including golf

tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Other of these products and services assist us in managing and administering clients' accounts. These include software and other technology (and related technological training) that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of our fees from its clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services generally may be used to service all or some substantial number of our firm's accounts, including accounts not maintained at Schwab Institutional. Schwab Institutional also makes available to us other services intended to help our firm manage and further develop its business enterprise. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and marketing. In addition, Schwab may make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to us. While, as a fiduciary, Our firm endeavors to act in its clients' best interests, our recommendation/requirement that clients maintain their assets in accounts at Schwab may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

But for soft dollar arrangements, we would have to obtain the aforementioned services and products for cash. As a result of receiving such products and services for no cost, we may have an incentive to continue to place Client trades through broker-dealers that offer soft dollar arrangements. This interest conflicts with the Clients' interest of obtaining the lowest commission rate available. Therefore, our firm must determine in good faith, based on the "best execution" policy stated above that such commissions are reasonable in relation to the value of the services provided by such executing broker-dealers.

From time-to-time our firm may make an error in submitting a trade order on a client's behalf. When this occurs, we may place a correcting trade with the broker-dealer which has custody of the client's account. If an investment gain results from the correcting trade, the gain will remain in the client's account unless the same error involved other client account(s) that should have received the gain, it is not permissible for the client to retain the gain, or our firm confers with the client and the client decides to forego the gain (e.g., due to tax reasons). If the gain does not remain in the client's account and Schwab is the custodian, Schwab will donate the amount of any gain \$100 and over to charity. If a loss occurs greater than \$100, we will pay for the loss. Schwab will maintain the loss or gain (if such gain is not retained in the client's account) if it is under \$100 to minimize and offset its administrative time and expense. Generally, if related trade errors result in both gains and losses in the client's account, they may be netted.

- B. If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm.

Item 15. Custody

- A. If we have custody of client funds or securities and a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules (for example, a broker-dealer or bank) and do not send account statements with respect to those funds or securities directly to our clients, we must disclose that we have custody and explain the risks that you will face because of this.

State Securities Bureaus, or their equivalent, generally take the position that any arrangement under which a registered investment adviser is authorized or permitted to withdraw client funds or securities maintained with a custodian upon the adviser's instruction to the custodian is deemed to have custody of client funds and securities.

As such, we have adopted the following safeguarding procedures:

- (1) Our clients must provide us with written authorization permitting direct payment to us of our advisory fees from their account(s) maintained by a custodian who is independent of our firm;
 - (2) We must send a statement to our clients showing the amount of our fee, the value of your assets upon which our fee was based, and the specific manner in which our fee was calculated;
 - (3) We must disclose to you that it is your responsibility to verify the accuracy of our fee calculation, and that the custodian will not determine whether the fee is properly calculated; and
 - (4) Your account custodian must agree to send you a statement, at least quarterly, showing all disbursements from your account, including advisory fees.
- B. If we have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to our clients, we are required to explain that you will receive account statements from the broker-dealer, bank, or other qualified custodian and that you should carefully review those statements.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16. Investment Discretion

If we accept discretionary authority to manage securities accounts on behalf of clients, we are required to disclose this fact and describe any limitations our clients may place on our authority. The following procedures are followed before we assume this authority:

Our clients need to sign a discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Asset Management clients.

Item 17. Voting Client Securities

- A. If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18. Financial Information

- A. If we require or solicit prepayment of more than \$500 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$500 in fees per client, six months or more in advance. Therefore we have not included a balance sheet for our most recent fiscal year.

- B. If we are an State-registered adviser and have discretionary authority or custody of client funds or securities, or we require or solicit prepayment of more than \$500 in fees per client, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients.

We have nothing to disclose in this regard.

- C. If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.

Item 19. Requirements for State-Registered Advisers

- A. Identification of each of our principal executive officers and management persons, and description of their formal educations and business backgrounds.

Michael Paul Woods

Formal Education:

- 1986 University of Michigan, Bachelor of Arts

Business Background (for the past 5 years):

- 06/2011 - Present, Beach Cities Wealth Management
- 8/2000-6/2011, Raymond James Financial Services

Brett Van Cott Niven

Formal Education:

- 1990-1992 - University of California Berkley - No Degree

Business Background (for the past 5 years):

- 06/2011- Present; Beach Cities Wealth Management; Investment Adviser Representative
- 12/2002 - 6/2011; Raymond James Financial Services

- B. Description of any business in which we are actively engaged (other than giving investment advice) and the approximate amount of time spent on that business.

Please see Item 10 of this Firm Brochure. Additional information can be found in our management persons, ADV Part 2B: Brochure Supplement.

- C. In addition to the description of our fees in response to Item 5 of Part 2A, if our firm or a supervised person is compensated for advisory services with performance-based fees, we must explain how these fees will be calculated. Further, we must disclose specifically that performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

We do not charge performance-based fees.

- D. If our firm or a management person has been involved in one of the events listed below, we must disclose all material facts regarding the event.

1. An award or otherwise being found liable in an arbitration claim alleging damages in excess of \$2,500, involving any of the following:
 - (a) an investment or an investment-related business or activity;
 - (b) fraud, false statement(s), or omissions;
 - (c) theft, embezzlement, or other wrongful taking of property;
 - (d) bribery, forgery, counterfeiting, or extortion; or
 - (e) dishonest, unfair, or unethical practices.

We have nothing to disclose in this regard.

2. An award or otherwise being found liable in a civil, self-regulatory organization, or administrative proceeding involving any of the following:

- (a) an investment or an investment-related business or activity;
- (b) fraud, false statement(s), or omissions;
- (c) theft, embezzlement, or other wrongful taking of property;
- (d) bribery, forgery, counterfeiting, or extortion; or
- (e) dishonest, unfair, or unethical practices.

We have nothing to disclose in this regard.

E. In addition to any relationship or arrangement described in response to Item 10.C. of Part 2A, we must describe any relationship or arrangement that our firm or any of our management persons have with any issuer of securities that is not listed in Item 10.C. of Part 2A.

We have nothing to disclose in this regard.
