Item 4 – Advisory Services

A. Firm Information

RPg Family Wealth Advisory, LLC (“FWA” or the “Advisor”) is a Registered Investment Advisor with the U.S. Securities and Exchange Commission, which is organized as a Limited Liability Company (“LLC”) under the laws of the State of Delaware. FWA was founded in 2011 as a wholly-owned subsidiary of Risk Paradigm Group Holdings, LLC. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by FWA.

B. Advisory Services Offered

FWA offers investment advisory services to individuals, high net worth individuals, trusts, estates, charities, and pension plans (each referred to as a “Client”).

Based in Boston, Massachusetts, FWA’s mission is to formulate comprehensive wealth management strategies to enable Clients to pass on the legacy of values and integrity for wealth for generations to come. We specialize in the comprehensive analysis, measurement, and application of risk management principles to diversified investment portfolios. Utilizing both quantitative and qualitative analysis methodologies, FWA provides expertise to investment portfolios through exposure to traditional and non-traditional asset class investments in a manner strategic to return targets, portfolio spending policies, and volatility limits or risk budgets. We put our Clients’ interests first, act with integrity and honesty, and strive for excellence in every facet of our practice.

FWA provides customized wealth advisory services for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and planning / consulting services. FWA works with each Client to identify their comprehensive goals as well as risk tolerance and financial situation in order initiate a strategy for supporting the Client.

Investment Management Services

FWA will then construct a portfolio to meet the specific objectives of each Client. Portfolios are customized to the needs of each client, but are typically constructed with a combination of individual equity securities, individual fixed income securities, mutual funds, exchange-traded funds (“ETFs”), options and limited partnerships. Limited partnerships may include hedge funds, private investment pools and other limited partnerships that are appropriate to achieve the goals of the Client. The Advisor may also utilize other securities types, as appropriate, to meet the needs of its Clients.

FWA may periodically deliver investment management services through its affiliated institutional asset management division, Risk Paradigm Group, LLC (d/b/a RPg Asset Management, “RPg Asset Management” or “RPgAM”). RPg Asset Management provides institutional investment management through their proprietary investment strategies. These investment strategies are delivered through individual “Managed Accounts” and private, non-registered funds. Risk Paradigm Group, LLC may also serve as a sub-advisor or Managed Accounts manager to Clients of FWA.

FWA’s investment strategy is primarily long-term outcome focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. FWA will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to the acceptance by the Advisor.

FWA evaluates and selects securities, strategies, managers, funds, or models for inclusion in Client portfolios only after applying their internal due diligence process. FWA may recommend, on occasion, redistributing investment allocations to diversify the portfolio. FWA may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement, which may adversely affect the portfolio. FWA may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

FWA will provide investment advisory services and portfolio management services and will not provide securities custodial services. At no time will FWA accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client Investment Advisory Agreement.

Selection of Unaffiliated Advisors

FWA may periodically recommend and refer clients to unaffiliated money managers or investment advisors at FWA's discretion or Client's request. In such arrangement, the Client will then enter into a separate advisory agreement with that sub-advisor to which that sub-advisor will assist and advise the Client in establishing investment objectives and develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for such sub-advisor services, the sub-advisor will receive an investment advisory fee, billed based on the fee schedule the Client establishes with the money manager[s] or investment advisor[s].

FWA may receive a portion of the investment advisory fee for the solicitation and referral of the Client to the sub-advisor, and may assist the Client in completing their Client questionnaire and account opening paperwork. FWA may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship.

The Client, prior to entering into an agreement with unaffiliated money manager[s] or investment advisor[s], will be provided with the advisor's Form ADV 2 (or a brochure that makes the appropriate disclosures).

Unaffiliated Managed Account Programs

FWA may recommend to Clients that all or a portion of their portfolio be implemented by utilizing one or more unaffiliated money managers participating in a Managed Accounts program at the Client's selected custodian or through other independent platforms (the "Program Sponsor"). The Client will then enter into a program and investment advisory agreement with the Program Sponsor and the participating money manager[s]. The Advisor will assist and advise the Client in establishing investment objectives for the account, the selection of the money manager[s], and defining any restrictions on the account. FWA will continue to provide oversight of the Client account and ongoing monitoring of the activities of the unaffiliated money managers.

These money managers will develop an investment strategy to meet those objectives by identifying appropriate investments and monitoring such investments. In consideration for such services, the Program Sponsor will charge a program fee that includes the investment advisory fee of the money managers, the administration of the program and trading, clearance and settlement costs. The Program Sponsor will add FWA's Investment Advisory Fee (described below in Item 5) and will deduct the overall fee from the Client account, generally at the start of each calendar quarter. The asset-based program fee is tiered and varies depending on the size of the account, the asset class of the underlying securities and the sub-advisor selected. The overall fee (including the Advisor's Investment Advisory Fee) will not exceed 3% annually.

FWA does not receive any compensation from these unaffiliated money managers or the Program Sponsor, other than FWA's Investment Advisory Fee (described in Item 5).

The Client, prior to entering into an agreement with a Program Sponsor, will be provided with the Program Sponsor's Form ADV Part 2 (or a brochure that makes the appropriate disclosures). In addition, FWA and its Client will agree in writing that that selected Program Sponsor will manage the Client's account on a discretionary basis.

Financial Planning and Consulting Services

As part of its comprehensive services, FWA provides its Clients with comprehensive financial planning and consulting services. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. FWA may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary.

C. Client Account Management

Prior to engaging FWA to provide investment advisory services, each Client is required to enter into an Investment Advisory Agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Wealth Planning– FWA provides comprehensive advice and guidance relating to the financial goals of its Clients.
- Establishing an Investment Policy Statement – FWA, in connection with the Client, may develop a statement that summarizes the Client’s investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – FWA will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – FWA will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – FWA will provide investment management and ongoing oversight of the Client’s portfolio and overall account.

D. Non-Traditional Wrap Fee Programs

FWA does not manage or place Client assets into a traditional wrap fee program (where all Clients are managed in rigidly pre-packaged portfolio models). Investment management services are provided directly by FWA and/or its affiliates and are customized to the unique needs of each Client.

FWA may absorb typical securities transaction fees for discretionary trading within its investment strategies. In such instances the transaction fees are included as part of its overall Investment Advisory Fee paid by the Client (See Item 5 – Fees and Compensation). Depending on the level of trading required for the Client’s account in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees.

Please see Appendix I – Wrap Fee Brochure, which is included with this Disclosure Brochure.

E. Assets Under Management

As of June 30, 2014, FWA manages the following assets:

Discretionary	\$264,347,097
Non-discretionary	\$65,301,009
Total Assets Under Management	\$329,648,106

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign an Investment Advisory Agreement that details the responsibilities of FWA and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment Advisory Fees are paid either monthly or quarterly and may be charged either in advance or arrears pursuant to the terms of the Investment Advisory Agreement (herein the “billing period”). Investment Advisory Fees are based on the market value of assets under management at the end of the prior billing period. Investment Advisory Fees range from 2.00% to 0.85% depending on the size and complexity of the Client relationship. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee. Certain Clients may have fees schedules or methodologies that vary from above.

Investment Advisory Fees in the first billing period of service are prorated to the inception date of the account to the end of the first billing period. Fees may be negotiable at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by FWA will be independently valued by the designated Custodian. FWA will not have the authority or responsibility to value portfolio securities. Certain Clients may be offered an alternate fee schedule pursuant to the terms of an Investment Advisory Agreement.

FWA may periodically deliver investment management services through its affiliated institutional asset management division, Risk Paradigm Group, LLC (d/b/a RPg Asset Management, "RPg Asset Management" or "RPgAM"). RPg Asset Management provides institutional investment management through their proprietary investment strategies. These investment strategies are delivered through individual "Managed Accounts" and private, non-registered funds. Risk Paradigm Group, LLC may also serve as a sub-advisor or Managed Accounts manager to Clients of FWA. Each Client shall sign a separate Investment Management Agreement that details the responsibilities of AM and the Client.

Other Advisors

For Clients referred to other investment advisor(s), the Client's fee will be deducted from the Client's account[s] with the respective advisor and a portion of the investment advisory fee will be provided to FWA. Clients that have a portion of their account managed by FWA may have a single agreement and fee or separate contracts based on the terms of each relationship. Please see Item 14 for additional details.

Financial Planning and Consulting Services

Financial planning or consulting services are charged at an hourly rate of up to \$500 per hour or on a fixed fee basis. Fees may be negotiated at the sole discretion of the Advisor.

B. Fee Billing

Investment Management Services

Investment Advisory Fees will be automatically deducted from the Client Account by the Custodian. The Advisor shall send an invoice to the Custodian at the beginning of the respective billing period indicating the amount of the fees to be deducted from the Client Account. The amount due is calculated by applying the pro rata daily rate (annual rate divided by the number of days in the current calendar year, respectively) to the total assets under management with FWA at the end of the previous billing period. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the Investment Advisory Fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting FWA to be paid directly from their accounts held by the Custodian as part of the Investment Advisory Agreement and separate account forms provided by the Custodian.

Financial Planning and Consulting Services

Financial planning and consulting fees are invoiced by the Advisor and are due upon receipt. The Advisor may charge a portion of the financial planning fee (up to 50% to the expected cost) in advance of services as long as such services are to be completed in less than six months. Remaining fees will be charged either monthly in arrears or upon completion of the engagement.

C. Other Fees and Expenses

For certain Clients, FWA may absorb typical transactions fees charged by the custodian and/or executing broker-dealer for trading costs associated with implementing and maintaining FWA investment strategies. These fee negotiations are detailed in the Client's Investment Advisory Agreement. For Client-directed trades, the Client shall be responsible for all transaction fees charged by the custodian and/or executing broker-dealer.

Clients may also incur certain fees or charges imposed by third parties, other than FWA, in connection with investments made on behalf of the Client's account[s].

All fees paid to FWA for investment advisory services are separate and distinct from the expenses charged by mutual funds, exchange-traded funds ("ETFs"), options and limited partnerships to their shareholders, if applicable. Limited partnerships may include hedge funds, private investment pools and other limited partnerships. These fees and expenses are described in each fund's prospectus, limited partnership agreement, contract, or other applicable operating document. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of FWA, but would not receive the services provided by FWA which are designed, among other things, to assist the Client in determining which products or services are most appropriate to each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by FWA to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

FWA is often compensated for its services in advance of the billing period in which investment advisory services are rendered. Certain Clients may be charged in arrears. Clients may request to terminate their Investment Advisory Agreement with FWA, in whole or in part, by providing advance written notice. The Client shall be responsible for Investment Advisory Fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid Investment Advisory Fees from the effective date of termination to the end of the billing period. The Client's Investment Advisory Agreement with the Advisor is non-transferable without the Client's written approval.

Unaffiliated Advisors

In the event that a Client should wish to terminate their relationship with an unaffiliated investment advisor, the terms for termination will be set forth in the respective agreements between the Client and those third parties. FWA will assist the Client with the termination and transition as appropriate.

E. Compensation for Sales of Securities

FWA does not buy or sell securities to generate securities commissions and does not receive any compensation for securities transactions in any Client account, other than the Investment Advisory Fees noted above. Advisory persons of FWA may be registered representatives of a broker-dealer and may receive commissions for investment implemented in their separate capacity as registered representatives (See Item 10).

Item 6 – Performance-Based Fees

FWA may receive a Fee based upon any gains obtained in the accounts of "Qualified Clients" pursuant to the terms stipulated within the Investment Advisory Agreement. Only Qualified Clients with either \$1,000,000 under management with the Advisor or a net worth of \$2,000,000 (excluding primary residence) will be charged a Performance Fee. Qualified Clients that are charged a Performance Fee will be offered a lower Investment Advisory Fee.

The Advisor may receive a Performance Fee based upon any gains obtained in the Client's account for each calendar quarter. Performance fees are paid in arrears and will be equal to 20% of any gains in the Client's Account during the quarter, subject to a high water mark and a performance hurdle rate. Performance fees in the first quarter of this Agreement shall be calculated from the date of the Agreement to the end of the first calendar quarter. The high water mark is the highest ending account value previously achieved based on quarter-end security valuations. The hurdle rate is the return that must first be achieved before a performance fee is earned by the Advisor for a given quarterly period. The hurdle rates are based on the investment strategy for the account as follows:

- Equities – 6%
- Fixed income – 4%
- Hedge Funds – 6%

Performance Fees are calculated based on the quarter-end security valuations as provided by the Client's designated Custodian. Performance Fees will be automatically deducted from the Client Account by the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client Account along with quarterly invoicing of Investment Advisory Fees. In addition, the Advisor will provide the Client a written invoice itemizing the fee, including the calculation of the Performance Fee.

Who is a "Qualified Client"?

The Investment Advisers Act of 1940 (the "Advisers Act"), Rule 205-3(d)(1) defines a "Qualified Client" who is financially sophisticated and meets one or more of the following conditions:

1. Client is a natural person who, or a company that immediately after entering into the contract, has at least \$1,000,000 under the management of the Advisor;
2. Client is a natural person who, or a company that immediately prior to entering into the contract, has a net worth (together, in the case of a natural person, with assets held jointly with a spouse) of more than \$2,000,000 at the time the contract is entered into.

Legacy Client accounts may have been established under the prior Advisers Act definition of a Qualified Client (\$750,000/\$1.5 million respectively). FWA does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund). FWA is affiliated with Risk Paradigm Group, LLC (RPGAM), an investment advisor that manages tactical Managed Account solutions and private funds. The Advisor may recommend products offered by Risk Paradigm Group, LLC to its Clients.

Item 7 – Types of Clients

FWA offers investment advisory services to individuals, high net worth individuals, trusts, estates, charities, and pension plans. The relative percentage of each type of Client is available on FWA's Form ADV Part 1. These percentages will change over time. FWA generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

FWA primarily employs both fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from FWA is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, FWA generally employs a long-term outcome focused investment strategy for its Clients, as consistent with their financial goals. FWA will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, FWA may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. FWA will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their risk tolerance as part of the portfolio construction process. FWA may use margin in Client accounts for to manage the timing of purchases and sales, as appropriate. The Advisor may hold long or short positions as appropriate for a particular strategy. FWA may employ options strategies to hedge or gain additional exposure to a particular asset class or sector. Following are some of the risks associated with Options, Margin, Short Sales and Limited Partnership transactions:

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Short Sales

A short sale involves the sale of a security that the Client does not own in the hope of purchasing the same security at a later date at a lower price. To make delivery to the buyer, the Client must borrow the security and is obligated to return the security to the lender, which is accomplished by a later purchase of the security. The Client realizes a profit or a loss as a result of a short sale if the price of the security decreases or increases respectively between the date of the short sale and the date on which the Client covers its short position, i.e., purchases the security to replace the borrowed security. A short sale involves the theoretically unlimited risk of an increase in the market price of the security that would result in a theoretically unlimited loss.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events to disclose.

FWA and its advisory personnel value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider in which you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov. To review the firm information contained in ADV Part 1, select the option for “Investment Adviser Search”, then selecting “Firm” and enter **158528** in the field labeled “Firm Name or CRD# or SEC#”. This will provide access to Form ADV Parts 1 and 2. Item 11 of the ADV Part 1 lists legal and disciplinary questions.

Item 10 – Other Financial Activities and Affiliations

Affiliated Entities

FWA provides comprehensive wealth advisor services to its Clients. FWA is a wholly-owned subsidiary of Risk Paradigm Group Holdings, LLC and affiliated with Risk Paradigm Group, LLC (CRD#155870, SEC#801-72141), an SEC registered investment advisor under common control with FWA. Certain advisory persons of FWA are also engaged in advisory activities on behalf of Risk Paradigm Group, LLC and may receive additional compensation. Risk Paradigm Group, LLC may also serve as a sub-advisor or Managed Accounts manager to Clients of FWA.

Broker-Dealer Affiliations

Certain advisory persons of FWA (herein “Advisory Persons”) are also registered representatives of a broker-dealer. These dually-registered Advisory Persons are registered representatives either of the registered broker-dealer Purshe Kaplan Sterling Investments, Inc. (CRD No. 35747 and (herein referred to as “PKS”) or Race Rock Capital LLC (CRD No. 153363 and herein referred to as “Race Rock”). PKS and Race Rock are unaffiliated members of FINRA, SIPC and registered with the Securities and Exchange Commission.

Advisory persons, in their separate capacity as registered representatives, will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Further, investment advisory fees will not be earned by FWA or the Advisory Person in connection with any services implemented by the Advisory Person(s) in the separate capacity as a registered representative where commissions are also being earned on those investments.

PKS and Race Rock are not affiliated in any way with and FWA Family Wealth Advisory, LLC. Additional details are included in the ADV2B for each advisory person.

Insurance Licensing

Certain Advisory Persons of FWA may also serve licensed insurance professionals. In their separate capacity as insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are implemented. Commissions generated by insurance recommendations do not offset regular advisory fees. This additional compensation may result in a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by an Advisory Person of the Advisor.

Lending Relationships

In addition to the loan to FWA from Fidelity Brokerage Services, LLC, referenced in Item 14 below, FWA has received capitalization through both debt and equity investments from certain Clients of FWA. Further, Clients of FWA, some of whom participated in the initial capitalization of FWA, have loaned money to Risk Paradigm Group, LLC, and/or to RPg Advisor Financing Services LLC ("RAFS"), both affiliates of FWA.

It is the obligation of FWA associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that may include; general ethical principles, reporting personal securities trading, reportable securities, initial public offerings and private placements, reporting ethical violations, distribution of the Code of Ethics, review and enforcement processes, amendments to Form ADV and supervisory procedures. FWA has written its Code of Ethics to meet and exceed regulatory standards. To request a copy of our Code of Ethics, please contact us at (781) 547-8660 or via email at info@riskparadigmgroup.com.

B. Personal Trading with Material Interest

FWA allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. FWA does not act as principal in any transactions. While trading in similar securities may pose a potential for a conflict of interest, neither FWA nor any of its advisory persons will transact in any account to the detriment of any Client.

C. Personal Trading in Same Securities as Clients

FWA allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. We have also adopted written policies and procedures to detect the misuse of material, non-public information. We may have an interest or position in certain securities, which may also be recommended to you.

In addition the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

D. Personal Trading at Same Time as Client

While FWA allows our employees to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, these trades do not occur at the same time. FWA will place trades only after Client orders have been placed and filled. At no time, will FWA or any associated person of FWA, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

FWA does not have discretionary authority to select the broker-dealer / custodian for custodial and execution services or the administrator for defined contribution accounts. The Client will select the broker-dealer or custodian (herein the "custodian") to safeguard Client assets and authorize FWA to direct trades to this custodian as agreed in the Investment Advisory Agreement. Further, FWA does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where FWA does not exercise discretion over the selection of the custodian, it may recommend the custodian[s] to Clients for execution and / or custodial services. Clients are not obligated to use the recommended custodian and will not incur any extra fee or cost associated with using a broker not recommended by FWA. FWA may recommend a custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the custodian's offices. FWA does not receive research services, other products, or compensation as a result of recommending a particular broker that may result in the Client paying higher commissions than those obtainable through other brokers.

The Advisor will generally recommend that Clients utilize the brokerage and clearing services of Fidelity Institutional Wealth Services and its affiliates (collectively referred to as "Fidelity") for investment management accounts. FWA may only implement its investment management recommendations after the Client has arranged for and furnished the Advisor with all information and authorization[s] regarding account[s] with their financial institutions. Following are additional details regarding the brokerage practices of the Advisor:

1. **Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **FWA does not participate in soft dollar programs sponsored or offered by any broker-dealer.**
2. **Brokerage Referrals** - FWA does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.
3. **Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where FWA will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account). Under certain circumstances, FWA may engage in securities cross-trades (i.e., purchase of a security into one Client account from another Client's account[s]). Please refer to item (C) below for FWA practices concerning securities cross trades. In selecting the custodian, FWA will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. FWA will execute its transactions through an unaffiliated broker-dealer selected by the Client. FWA may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

C. Cross Trades

Under certain circumstances, FWA may engage in securities cross-trades, whereby a Client account that is selling a particular security may be advantageous to the account(s) of one or more other Clients. In such instances, FWA will only engage in a cross trade that is in the best interests of each Client and will never engage in any transaction that favors one Client over another. FWA does not serve in the capacity as broker or agent in such transactions and does not receive any commission or compensation (aside from its investment advisory fees).

Item 13 – Review of Accounts

A. Frequency of Reviews

Accounts are monitored on a regular and continuous basis by advisory persons of FWA. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify FWA if changes occur in his/her personal financial situation that might adversely affect his/her investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or custodian. These brokerage statements are sent directly from the custodian to the Client. The Client may also establish electronic access to the custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by FWA

FWA is a fee-based advisory firm that is compensated for its services by its Clients. FWA does not receive commissions or other compensation from product sponsors, broker dealers or any un-related third party. Certain advisory persons of FWA, in their separate capacities, may also receive compensation for securities and insurance commissions as noted in Item 10 above. While the Advisor and its advisory persons always act in the best interest of each Client, the receipt of additional compensation creates the potential for a conflict of interest.

Affiliated Entities

As noted in Item 10, certain Advisory Persons of FWA are also affiliated with Risk Paradigm Holdings, LLC and Risk Paradigm Group, LLC. These relationships will often result in the Advisory Persons receiving additional compensation. Please see the ADV2B – Brochure Supplements included with this Disclosure Brochure for details.

Institutional Advisory Platform

FWA has established an institutional relationship with Fidelity to assist the Advisor in managing Client accounts. Access to the Fidelity Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity.

The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information. Further, Fidelity Brokerage Services, LLC provided a loan to FWA for initial financing of FWA's business in 2011. This financing may result in a potential conflict of interest and an incentive for FWA to recommend Fidelity to its Clients.

B. Client Referrals from Solicitors

FWA may enter into referral agreements with third-party advisors under which FWA pays a fee to a third-party for client referrals as permitted by Rule 206(4)-3 of the Investment Advisers Act of 1940, as amended. FWA may pay the third parties a percentage of the revenue generated from the assets of Clients introduced to FWA by the third-party. Clients referred to FWA will never be charged a higher Investment Advisory Fee than other clients to cover the third-party's fee percentage.

Item 15 – Custody

FWA does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a qualified custodian. Clients are required to select their own custodian to retain their funds and securities and direct FWA to utilize that custodian for the Client's security transactions. FWA encourages Clients to review statements provided by account custodian. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices."

Item 16 – Investment Discretion

FWA generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by FWA. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by FWA will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

FWA typically votes proxies on behalf of its Clients. FWA will vote proxies in the best interest of its Clients, consistent with the investment process and philosophy of FWA. FWA generally does not vote proxies differently on a Client-by-Client basis. FWA will vote proxies for the Advisor and its advisory persons, consistent with the voting for each Client. FWA will maintain a proxy policy and provide to Clients upon request.

Item 18 – Financial Information

Neither FWA, nor its management, have any adverse financial situations that would reasonably impair the ability of FWA to meet all obligations to its Clients. Neither FWA, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. FWA is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 for services to be performed six months or more in advance.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
