Item 4 – Advisory Business

Overview of the Firm

BAS, a Delaware limited liability company, primarily provides investment advisory services to private investment funds (collectively, the “BAS Funds”) that predominantly invest and trade in a wide variety of securities, assets and instruments (including without limitation, equity securities, debt, debt-related instruments, currencies, commodities, futures contracts, options and other derivative instruments). BAS is an affiliate of Blackstone Alternative Asset Management L.P. (“BAAM”), a leading hedge fund solutions provider which, together with its affiliates in the Hedge Fund Solutions Group (“HFS”), manages or advises approximately \$69.1 billion as of December 31, 2015. Please note that this is an unaudited estimate and does not include non-discretionary advisory clients. BAS derives significant benefits from the experience of BAAM in the investment, operational, legal, structuring and compliance aspects of hedge funds.

BAS was founded in 2011 as part of The Blackstone Group L.P. (NYSE: BX) (“Blackstone”), which is the ultimate parent of BAS and BAAM. Blackstone is one of the leading alternative investment managers in the world with investment programs and services concentrating in the private equity, real estate, corporate advisory and debt / credit areas, as well as the hedge fund solutions business. Subject to the HFS information walls, BAS shares employees and facilities with BAAM, Blackstone Strategic Alliance Advisors L.L.C. (“BSAA”), Blackstone Strategic Capital Advisors L.L.C. (“BSCA”), Blackstone Alternative Investment Advisors L.L.C. (“BAIA”) and Blackstone Senfina Advisors L.L.C. (“BSA”), each a registered investment adviser. Please see **Item 10 – Other Financial Industry Activities and Affiliations** for more information.

BAS’s assets under management (“AUM”) were \$6.1 billion as of December 31, 2015. This includes investments made by BAAM Clients into BAS Funds. Please note that this is an unaudited estimate.

Blackstone Alternative Solutions L.L.C.

Item 4 – Advisory Business

Overview of Advisory Services

As investment adviser to the BAS Funds, BAS:

- ▶ Identifies and implements investment opportunities for BAS Funds;
- ▶ Participates in the monitoring of BAS Funds' investments;
- ▶ Makes decisions on behalf of BAS Funds to make and/or redeem investments;
- ▶ Engages in foreign currency hedging transactions and/or the hedging of certain market exposures for certain BAS Funds; and
- ▶ May facilitate credit arrangements with a third party on behalf of certain BAS Funds to allow the BAS Funds to borrow for bridge financing purposes and to leverage their investments (within the leverage limits stated in the Client Constituent Documents).

Investors in BAS Funds ("Investors") are not deemed to be BAS clients but are entitled to the rights and benefits described in the applicable Confidential Offering Memorandum, Limited Partnership Agreements, Memorandum and Articles of Association, Limited Liability Company Agreement, Investment Management Agreements and/or other applicable constituent documents for a Client.

BAS typically engages third party service providers, such as custodians, administrators and/or auditors, on behalf of the BAS Funds.

Blackstone Alternative Solutions L.L.C.

Item 5 – Fees and Compensation

Asset-Based Advisory Fees

In general, BAS charges an asset-based advisory fee of up to 1.5% of assets under management. The fee paid to BAS is reduced by asset-based advisory fees charged by the Underlying Managers. This arrangement may incentivize BAS to favor Underlying Managers that charge lower fees. Generally, BAAM Funds and BAS / Blackstone employees and retired partners are not subject to such asset-based advisory fees.

BAS's asset-based advisory fees and performance-based fees are not inclusive of all fees and expenses. Please see **Additional Fees and Expenses** section below.

Performance-Based Fees

Please see **Item 6 – Performance-Based Fees** for more detail.

Fee Negotiations

Fees generally are non-negotiable. However, BAS Funds in their absolute discretion have agreed with Investors (and may do so in the future) to waive or modify the fees, in accordance with BAS Funds' ability to enter into side letters as set forth in **Item 11 – Code of Ethics (Investment Related Potential Conflicts)** section.

Payment of Asset-Based Advisory Fees

Fees are paid to BAS in accordance with the Client Constituent Documents. In general, asset-based advisory fees accrue on a monthly basis and are paid quarterly. Investors in a BAS Fund bear indirectly their pro rata share of asset-based fees for the time period they are invested in the BAS Funds (i.e., Investors only will be charged for the days that they are invested in a BAS Fund).

Additional Fees and Expenses:

BAS's asset-based advisory fees and performance-based fees are not inclusive of all the fees and expenses Investors may pay. The following is a list of fees and/or expenses that BAS Funds may pay to third parties. This list is not intended to be exhaustive; the relevant Client Constituent Documents provide further detail relating to fees and expenses.

- Broken Deal Expenses
- Credit Facility Fees, including Interest Charges
- Board of Director Fees
- Legal and Accounting Fees
- Administration Fees and Expenses
- Expenses Associated with the Ongoing Offering of Interests, including Costs of Registration
- Evaluation, Acquisition, Financing, Hedging and Disposition of Investments or Prospective Investments

Blackstone Alternative Solutions L.L.C.

Item 5 – Fees and Compensation

- Regulatory Filing Fees, including Preparation Fees
- Brokerage Commissions
- Interest on Debit Balances
- Borrowing and Investment Banking Expenses
- Clearing and Settlement Charges
- Custodial Fees
- Certain Technology Costs
- Portfolio Management and Risk Management Fees
- Travel and Research Expenses
- Information Subscriptions Utilized with Respect to the Fund's Investment Program
- Costs of Litigation and Investigation
- Indemnification Expenses
- Pro-Rata Share of Similar Expenses of the BSOF Master Fund L.P.

Investors in a BAS Fund indirectly bear their pro rata share of such additional fees and expenses for the time period they are invested in the BAS Fund.

BAS employees do not receive compensation from the purchase or sale of securities or investments that are purchased or sold for BAS Funds or for which BAS provides advisory expertise / services. BAS is a “fee only” investment adviser and, therefore, except as described below, BAS does not have any potential conflicts of interest relating to any additional, undisclosed compensation from BAS Funds or Underlying Managers.

Arcesium LLC (“Arcesium”) will provide certain middle- and back-office services and technology to the BAS Funds and certain other Blackstone-affiliated funds. BAAM holds a non-controlling, minority equity interest in Arcesium. The services and technology provided to the BAS Funds by Arcesium are expected to support various post-trade activities, including trade capture, cash and position reconciliations, asset servicing, margin and collateral monitoring, pricing-related services, portfolio data warehousing, and other services and technology as agreed between BAS and Arcesium. BAS may recommend Arcesium's services to the Underlying Managers. BAS will not require any Underlying Managers to hire Arcesium as a condition to a BAS Fund investing with such Underlying Managers nor will it favor Underlying Managers who use Arcesium over Underlying Managers who use other qualified middle- and back-office service providers when selecting Underlying Managers for the BAS Funds.

In return for the services provided to the BAS Funds, Arcesium will receive from the BAS Funds a one-time upfront implementation fee, an annual software fee (based on the BAS Funds’ net asset value), and an annual operations services fee (also based on the BAS Funds’ net asset value), as negotiated by BAS and Arcesium (such fees in the aggregate, the “Arcesium Fees”). Arcesium Fees paid by the BAS Funds generally will be consistent with those charged to other

Blackstone Alternative Solutions L.L.C.

Item 5 – Fees and Compensation

Arcesium clients. Additional information regarding the Arcesium Fees is available from BAS upon request.

In connection with BAAM's minority equity ownership interest in Arcesium, BAAM is expected to receive cash distributions from Arcesium from time to time. Subject to applicable law (including ERISA), such cash distributions are expected to be used to reimburse BAAM for the operating expenses of Arcesium which BAAM has previously paid. Following such expected reimbursement, any further cash distributions received by BAAM from Arcesium will be applied to reimburse the Arcesium Fees paid by the BAS Funds and the other funds managed by the Hedge Fund Solutions Group which are clients of Arcesium (the "HFS Arcesium Clients"). In the event that cash distributions received by BAAM from Arcesium exceed the Arcesium Fees paid by the BAS Funds and the HFS Arcesium Clients, any excess amounts are expected to be retained by BAAM. In the event that Arcesium is sold to a third-party, there is no guarantee that BAAM will continue to receive such cash distributions and that the BAS Funds and HFS Arcesium Clients will be reimbursed for any portion of the Arcesium Fees paid by them.

Blackstone Alternative Solutions L.L.C.

Item 6 – Performance-Based Fees

In addition to the asset-based advisory fees disclosed in **Item 5 – Fees and Compensation** above, BAS Funds generally will be charged a performance-based fee generally equal to 25% of net profits, inclusive of the Underlying Manager fee, subject to loss carryforward provisions. BAS's fees will be reduced by the full amount of any fees paid to BAS Underlying Managers. This arrangement may incentivize BAS to favor Underlying Managers that charge lower fees. Under a loss carryforward provision (also referred to as a "High Water Mark"), if a BAS Fund has a loss chargeable to it during any fiscal year, and during a subsequent fiscal year there is a profit allocable to such BAS Fund, there will be no performance-based fee payable to BAS with respect to such BAS Fund until the amount of the loss previously allocated has been recouped.

Investors in a BAS Fund are allocated their pro rata share of performance-based fees for the time period they are invested in the BAS Fund. These fee arrangements are more thoroughly described in the relevant Client Constituent Documents.

Generally, performance-based fees are waived or reduced for BAAM Funds and are waived for BAS / Blackstone employees and retired partners.

Note: BAS's asset-based advisory fees and performance-based fees are not inclusive of all fees. Please see **Item 5 – Fees and Compensation (Additional Fees and Expenses)** section.

Please note the existence of a performance-based fee may incentivize BAS to manage the BAS Funds' assets in a more aggressive manner than if there was no performance-based fee. Further, potential for differing performance-based fees for BAS Funds trading side-by-side creates a potential conflict of interest on the part of BAS with respect to the allocation of investment opportunities. BAS has a trade allocation policy (see **Item 12 – Brokerage Practices**) that is designed to address these potential conflicts of interest.

Since Underlying Managers are compensated based on the performance of their investment(s), a particular Underlying Manager will typically receive a performance allocation in respect of its positive investment performance even during a period when the BAS Fund experiences a loss.

Blackstone Alternative Solutions L.L.C.

Item 7 – Types of Clients

BAS' clients consist of the BAS Funds. Investors in BAS Funds are based in the U.S. and outside of the U.S. and may consist of:

- ▶ Banks and other financial institutions
- ▶ Insurance companies
- ▶ Investment companies
- ▶ Public and private retirement and pension plans
- ▶ Public and private profit sharing plans
- ▶ Trusts and estates
- ▶ Charitable organizations
- ▶ State and municipal government agencies
- ▶ Sovereign wealth funds
- ▶ Hedge funds
- ▶ High net worth individuals
- ▶ Corporations
- ▶ Business entities other than those listed above
- ▶ Certain Blackstone employees
- ▶ BAAM Clients

All Investors are subject to applicable suitability and eligibility requirements.

Blackstone Alternative Solutions L.L.C.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Investment opportunities often are sourced through existing BAAM manager relationships. In addition, BAS has access to a broader manager universe through the Hedge Fund Solutions Group's ongoing sourcing efforts that may lead to the identification of attractive individual opportunities with managers not currently on the BAAM platform. BAS also sources ideas through the broader Blackstone network, subject to Blackstone's internal information wall policy.

Analysis

BAS identifies, researches, interviews, evaluates, selects and monitors the Underlying Managers and/or Co-Investments with which the BAS Funds invest. The Underlying Managers execute various types of investment strategies and offer a broad range of Co-Investment opportunities. BAS selects and monitors the Underlying Managers and Co-Investments based on numerous criteria, which include, but are not limited to:

- ▶ Investment performance
- ▶ Risk management techniques
- ▶ Levels of volatility
- ▶ Liquidity
- ▶ Investment philosophies
- ▶ Factors relating to management and investment professionals such as experience and commitment

Investment Strategies

BAS engages in a broad range of direct investment opportunities, involving equity and debt securities and other financial instruments and transactions. Investments typically are sourced and managed by third parties but may also be sourced and managed by affiliates of BAS or directly by BAS. These investment opportunities could arise from market opportunities and/or special situations across asset classes. Examples of such opportunities include, but are not limited to:

- ▶ Credit Investments across the credit spectrum, including:
 - Distressed debt
 - Structured credit
 - TARP preferred securities
 - Sovereign and municipal credit
- ▶ Mortgage. Investments in mortgage related strategies and securities, including:
 - Mortgage servicing rights
 - Global non-performing loans
- ▶ Equity. Public equity investments across sectors and strategies, including:

Blackstone Alternative Solutions L.L.C.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- Fundamental
- Activist
- Merger-arbitrage
- ▶ Hard Asset / Private. Diversified opportunities, including:
 - Infrastructure assets
 - Real property
 - Select private equity investments

BAS's primary goal is to identify the right opportunities and situations without specific diversification requirements or limitations. As such, there is concentration risk. BAS will implement market and currency hedges as BAS determines, in its discretion, are necessary or appropriate. BAS is not required to implement any particular hedging transactions and there is no assurance that any such transactions will be effective or will protect BAS Funds from losses.

Risk of Loss

General Economic and Market Conditions: The success of BAS's and the Underlying Manager's investments activities will be affected by general economic and market conditions, such as:

- ▶ Interest rates
- ▶ Availability of credit
- ▶ Credit defaults
- ▶ Inflation rates
- ▶ Economic uncertainty
- ▶ Changes in laws (including laws relating to taxation of the Underlying Managers' investments)
- ▶ Trade barriers
- ▶ Currency exchange controls
- ▶ National and international political circumstances (including wars, terrorist acts or security operations)

These factors may affect the level and volatility of financial instruments' prices and the liquidity of the investments. Volatility or illiquidity could impair the investment profitability or result in losses. The Underlying Managers may maintain substantial trading positions that can be adversely affected by the level of volatility in the financial markets.

Investment and Trading Risk: All investments made by the BAS Funds risk the loss of capital (*i.e.*, invested amount). BAS and Underlying Managers may utilize such investment techniques as margin transactions, short sales, option transactions, forward and futures contracts, and other derivatives trading, which practices, in certain circumstances, will increase the risk of losses. No guarantee or representation is made that BAS's or any Underlying Manager's

Blackstone Alternative Solutions L.L.C.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

investments will be successful, and investment results may vary substantially over time. BAS Funds and Investors are subject to the risk of substantial losses. BAS typically does not have any responsibility for, involvement with or control over the Underlying Managers' investments or other activities.

Additional risks associated with investments in BAS Funds include (among others) which are set out in greater detail in the Client Constituent Documents:

Risks Primarily Associated with BAS and the Operation of the BAS Funds

- ▶ Political, Economic, and Other Market Conditions
- ▶ Risk of Investments
- ▶ Compulsory Withdrawal
- ▶ Concentration of Fund Portfolio; Diversification; Volatility
- ▶ Dependence on BAS and the Underlying Managers

- ▶ Distressed Securities
- ▶ Emerging Market Investments
- ▶ Project Finance Investments
- ▶ Proxy Contests and Unfriendly Transactions
- ▶ Event Driven Investment
- ▶ Relative Value Investing

Blackstone Alternative Solutions L.L.C.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

- ▶ Delayed Schedules K-1
- ▶ Equity Securities Generally
- ▶ Small and Medium Capitalization Companies
- ▶ Preferred Stock
- ▶ Investments in Unregistered Securities
- ▶ High-Yield Debt and Non-Investing Grade Securities
- ▶ Investments in Troubled and Leveraged Companies
- ▶ Uncovered Risks
- ▶ Price Risks
- ▶ Financial Fraud
- ▶ FINRA Rule 5130
- ▶ FINRA Rule 5131
- ▶ Purchasing Securities of Initial Public Offerings
- ▶ Institutional and Counterparty Risks
- ▶ Tax Liabilities without Distributions
- ▶ Unrelated Business Taxable Income
- ▶ Tax Considerations Taken Into Account
- ▶ Non-U.S. Taxation

The above list is provided for illustrative purposes and is not intended to be all inclusive. A detailed description of the risks associated with BAS's investment strategy is included in the Client Constituent Documents of the respective BAS Funds, copies of which are provided to prospective investors and should be carefully reviewed prior to investing.

Blackstone Alternative Solutions L.L.C.

Item 9 – Disciplinary Information

As of the date of this Brochure, BAS does not have any legal, financial or other disciplinary items to report to you. BAS is obligated to disclose any disciplinary event that would be material to you when evaluating a client / adviser relationship.

On occasion, in the ordinary course of its business, Blackstone is named as a defendant in a lawsuit or arbitration. BAS does not believe that any current litigation to which Blackstone is a party will have a material adverse effect on BAS and/or the BAS Funds. As of the date of this Brochure, BAS is not the subject of litigation and, to the knowledge of BAS, no employee of BAS is the subject of litigation.

First Eagle Investment Management, LLC	Provides investment advisory services to mutual funds, private investment funds, institutional accounts and high net worth individuals (portfolio company of affiliated private equity fund)
Commodity Pool Operator Entities	
Blackstone Alternative Asset Management Associates L.L.C.	Serves as general partner of BAAM Funds which are structured as limited partnerships
Blackstone Treasury Solutions Advisors L.L.C.	Provides investment advisory services to funds invested primarily in diversified fixed income and hedge fund products

Note: Other entities within the Hedge Fund Solutions Group, which serve as general partners of funds managed by BAS affiliates (and are listed in BAS's ADV Part 1, Schedule D Section 7A), may be deemed to be investment advisors but are not required to be registered as such. BAS also manages a number of private investments vehicles, which are listed in BAS's ADV Part 1, Schedule D Section 7B(1).

Potential Conflicts of Interest specific to Blackstone Advisory Partners L.P.

Blackstone Advisory Partners L.P. ("BAP") is a registered broker dealer and an affiliate of BAS. BAP does not make markets in any securities and generally does not hold proprietary positions in securities or other investments. BAP engages in underwriting activities, which generally involve underwriting of debt and equity securities by Blackstone private equity portfolio companies.

On October 1, 2015, Blackstone spun off the financial and strategic advisory and restructuring and reorganization advisory divisions of BAP, as well as its Park Hill Group fund placement business, and combined these businesses with PJT Partners, an independent financial advisory firm founded by Paul J. Taubman ("PJTP"). While PJTP will operate independently from Blackstone and will not be an affiliate thereof, nevertheless conflicts may arise in connection with transactions between or involving the Blackstone managed funds and portfolio companies on the one hand and PJTP on the other. Specifically, it is expected that there will be substantial overlapping ownership between Blackstone and PJTP for a considerable period of time going forward. Such overlapping ownership, as well as the relationship between Blackstone and its former personnel involved in PJTP and co-investment and other continuing arrangements with such former personnel, may influence Blackstone in deciding to select or recommend PJTP to perform services for Blackstone or Blackstone managed funds (or a portfolio company) (the cost of which will generally be borne directly or indirectly by Blackstone or Blackstone managed funds or such entity, as applicable).

Blackstone Alternative Solutions L.L.C.

Item 10 – Other Financial Industry Activities and Affiliations

BAS U.S.-based marketing personnel who are responsible for raising assets for the BAS Funds are registered representatives of BAP. BAP does not receive any compensation relating to such arrangement.

Potential Conflicts of Interest specific to Patria Investments S.A.

Blackstone owns 40% of the equity interests in Pátria Investments S.A. (“Pátria”), a leading Brazilian alternative asset manager and advisory firm. Pátria’s alternative asset management businesses include the management of private equity funds, real estate funds, infrastructure funds and hedge funds. Each of Blackstone’s and Pátria’s respective investment funds continues to pursue investment opportunities in accordance with their existing mandates. There may be instances where appropriate investment opportunities will be shared (in whole or in part) with Pátria.

See **Item 11 – Code of Ethics** for a further discussion of potential conflicts of interest.

Blackstone Alternative Solutions L.L.C.

Item 11 – Code of Ethics

As required by the Advisers Act, Blackstone and BAS have adopted a Code of Ethics (the “Code”) that governs a number of potential conflicts of interest which exist when providing advisory services to the BAS Funds. This Code is designed to enable BAS to meet its fiduciary obligation to BAS’s clients (or prospective clients) and to instill a culture of compliance within BAS. An additional benefit of the Code is to assist Blackstone and BAS in preventing violations of securities laws.

The Code is distributed to each employee at the time of hire and annually thereafter, and it is available on Blackstone’s intranet. BAS also supplements the Code with ongoing monitoring of employee activity.

The Code includes (among other things):

- ▶ Requirements related to confidentiality
- ▶ Limitations on, and reporting of, gifts and entertainment
- ▶ Pre-clearance of political contributions
- ▶ Pre-clearance and reporting of employee personal securities transactions
- ▶ Pre-clearance of outside business activities
- ▶ Protection of persons who engage in “whistle blowing” activities from retaliation

On an annual basis, Blackstone requires all employees to certify that they are in compliance with the Code.

Potential Conflicts of Interest

Blackstone offers many different products and services and there are several potential conflicts of interest which may arise, including, but not limited to, those identified below. BAS has adopted, and continues to adopt, policies and procedures to address such potential conflicts of interest.

Investment Related Potential Conflicts

Potential Conflict	Mitigating Policy
<p>Blackstone currently has (or in the future may have) an ownership interest or revenue share in, or is (and in the future may be) otherwise affiliated with, various investment managers (each a “Blackstone Affiliated Manager”). BAS may have an incentive to allocate the BAS Funds’ assets to Blackstone Affiliated Managers since affiliates of BAS will receive fees relating to such allocations and otherwise will have a direct or indirect financial interest in the success of such managers.</p> <p>For example, BSCA, an affiliate of BAS, manages certain funds (the “BSCA Funds”) that seek to make minority investments in investment managers (the “Strategic Capital Managers”). An investment by a BAS Fund with a Strategic Capital Manager generally would benefit BSCA Funds and a withdrawal by a BAS Fund from such manager generally would be detrimental to the BSCA Funds.</p> <p>Similarly, BAS Funds may invest with Underlying Managers which are provided seed funding by the Blackstone Strategic Alliance Funds (the “Strategic Alliance Funds”), which are managed by BSAA, an affiliate of BAS. An investment by a BAS Fund with a manager funded by the Strategic Alliance Funds (a “SAF Manager”) generally would benefit the Strategic Alliance Funds and a withdrawal by a BAS Fund from such investment generally would be detrimental to the Strategic Alliance Funds. For example, BSAA’s portion of the fees generated from a BAS Fund’s investment with a SAF Manager, including Co-Investments, are rebated to such BAS Fund. (The Strategic Alliance Fund investors retain their portion of the fees.) Similarly, BSA is not entitled to receive a revenue share or other economic interest relating to a BAS Fund’s investment with a BSA Manager. There typically is no rebate or waiver in the case of a BAS Fund’s investment with a BSCA Fund unless the BAS client is subject to ERISA.</p> <p>When BAS Funds invest with a SAF Manager or a Strategic Capital Manager, BAAM / BAS Compliance and designated senior members of the BAS Investment Committee must sign a separate approval in addition to the general Investment Committee approval. Thereafter, the BSA Managers may invest capital for other investors through a hedge fund and/or managed account platform (such platforms are referred to herein as the “PM Businesses”). The BAS Funds and other Blackstone clients may in the future seek to invest in investment vehicles and accounts managed by the BSA Managers in connection with their PM Businesses.</p> <p>To the extent that the PM Businesses have limited capacity, BSA and Blackstone may be required to choose among a BSA Fund and such other Blackstone clients in allocating assets to such PM Businesses. The existence of the BSA Revenue Share may give BSA an incentive to maintain or increase a capital allocation to a BSA Manager that would not have existed in the absence of a revenue share arrangement. Similarly, an investment by a BAS Fund or another Blackstone client with a BSA Manager or in a BSA Fund generally will benefit BSA and a withdrawal/redemption by the Fund or a BAS other Blackstone client from such manager or BSA Fund generally will be detrimental to BSA. The BAS Funds and such affiliated entities may have different management and incentive fee structures. As part of the investment allocation process, BAS, BAAM, and/or Blackstone potentially could allocate a limited investment opportunity to a client that has a more favorable fee structure. BAS, BAAM, or Blackstone, subject to applicable law and its fiduciary obligations, also potentially could choose not to allocate fund expenses to a client that has a more advantageous fee structure and instead allocate that portion of such expense to other clients.</p> <p>BAIA, an affiliate of BAS, serves as investment manager for two open-end mutual funds and a UCITS fund, which employ a multi-manager, diversified investment strategy. Members of BAS’s Investment Committee may sit on the advisory board and/ or investment committee of an Underlying Manager.	The BAS Investment Committee will approve all investment decisions of the BAS Fund, which approval may include authorizing, from time to time, BAS portfolio managers or BAS to invest a portion of the BAS Fund’s assets under management on a discretionary basis (see Item 13 – Review of Accounts for further details).
To the extent permitted by applicable law, BAS may cause the BAS Funds to purchase investments from, sell investments to, to exchange investments with, or transfer investments to, another BAS Fund. Any such purchases, sales, exchanges or transfers generally will be affected based upon the independent current market value or fair market value of the investment.	The BAS Investment Committee will approve all investment decisions of the BAS Fund, which approval may include authorizing, from time to time, BAS portfolio managers or BAS to invest a portion of the BAS Fund’s assets under management on a discretionary basis (see Item 13 – Review of Accounts for further details).
Affiliates or BAS may sponsor, manage or advise other investment funds with overlapping investment objectives with those of the BAS Funds. Neither the BAS Funds nor any of their Investors will have any rights of first refusal, co-investment or other economic rights in respect of the investments of such other Blackstone funds or investment vehicles.	Investors are notified of such potential for conflicts.

BAS Funds have entered, and in the future may enter, into letter agreements or other similar agreements (commonly referred to as “side letters”) with one or more of a Fund’s investors which provide such investor(s) with additional and/or different rights than other investors in the Fund (including, without limitation, with respect to access to information, management and incentive fees, minimum investment amounts, and liquidity terms).	Investors are notified of such potential for conflicts.
BAS incurs common expenses on behalf of the BAS Funds.	BAS allocates such expenses on a basis that it considers equitable and in accordance with its expense allocation policies and the Client Constituent Documents.

Fee Related Potential Conflicts

Potential Conflict	Mitigating Policy
Certain employees of BAS and Blackstone may invest in the BAS Funds. Typically, no advisory fees are charged to such investors. Similarly, in certain instances, BAS may not charge advisory fees to BAAM Funds which invest in BAS Funds (subject to certain limitations). (In such instances, BAAM Funds are charged fees at the BAAM Fund level.)	The BAS Investment Committee will approve all investment decisions of the BAS Fund, which approval may include authorizing, from time to time, BAS portfolio managers or BAS to invest a portion of the BAS Fund’s assets under management on a discretionary basis (see Item 13 – Review of Accounts for further details).
BAS affiliates may have an incentive to allocate assets to BAS Funds since BAS and or one of its affiliates has a direct or indirect financial interest in the success of such funds.	BAS and BAAM maintain detailed policies and procedures relating to allocations among BAS and BAAM Funds. For each limited capacity allocation decision, BAAM and BAS intend to allocate such opportunities in a fair and equitable manner in accordance with their written allocation policies and procedures, taking into account various investment criteria,

BAS's fees will be reduced by the full amount of any fees paid to BAS Underlying Managers. This arrangement may incentivize BAS to favor managers that charge lower fees.	The BAS Investment Committee will approve all investment decisions of the BAS Fund, which approval may include authorizing, from time to time, BAS portfolio managers or BAS to invest a portion of the BAS Fund's assets under management on a discretionary basis (see Item 13 – Review of Accounts for further details).

Blackstone Related Potential Conflicts

Potential Conflict	Mitigating Policy
<p>Blackstone performs investment advisory and other activities and as a result of such activities BAS and/or certain BAS Funds may face restrictions in their investment activities. For example, if Blackstone's Private Equity Group were to obtain material non-public information relating to an issuer, BAS potentially could be restricted from investing in such issuer's securities. Typically, such restrictions would not apply to the Underlying Managers.</p> <p>Further, BAS and BAS Funds could be forced to waive voting rights, sell or hold existing investments, or be precluded from making new investments, as a result of relationships that Blackstone may have or transactions or investments that Blackstone and its affiliates may make.</p> <p>Blackstone Tactical Opportunities Advisors L.L.C. ("BTO"), an affiliate of BAS, manages an investment strategy that is similar in certain respects to BAS's primary investment strategy. BAS and BTO may compete for investment opportunities but also may refer investment opportunities to each other, may co-underwrite investment opportunities and may co-invest.</p>	<p>Blackstone has a robust information wall policy in place which is designed to protect against the improper possession and/or use of material non-public information. Generally, no BAS employee may contact an employee of a Blackstone group outside of the hedge funds solutions group, and vice versa, about a substantive business matter, without informing BAAM / BAS Compliance and, if appropriate, having BAAM / BAS Compliance chaperone such contact.</p> <p>Prior to receiving confidential information each Blackstone group typically seeks to limit the impact that such receipt may have on other Blackstone groups by, among other things, limiting the applicability of any confidentiality agreement to the particular Blackstone group(s) that receive the confidential information.</p>

Blackstone may hire or enter into a partnership or other arrangement with one or more investment professionals to form and manage pooled investment vehicles or separately managed accounts pursuing alternative investment strategies (“Blackstone Proprietary Funds”). Item 12 – Brokerage Practices

General Considerations

BAS uses brokerage services in connection with hedging transactions and investment transactions, including Co-Investment transactions, as necessary. In selecting brokers, dealers and other counterparties or intermediaries to effect portfolio transactions, BAS will seek to obtain the best execution for the BAS Funds taking into account several factors, including but not limited to: (i) the ability to effect prompt and reliable executions at favorable prices (including the applicable dealer spread or commission, if any); (ii) the operational efficiency with which transactions are effected, taking into account the size of order and difficulty of execution; (iii) the financial strength, integrity, stability and reputation of the broker; (iv) the brokerage firm's risk in positioning a block of securities; (v) the quality, comprehensiveness and frequency of available research and brokerage related services and products ("Research Services"); (vi) the broker's willingness to commit capital; (vii) trading expertise; (viii) clearance, settlement and custodial services; (ix) other financial services offered; and (x) the competitiveness of commission rates in comparison with other brokers satisfying other selection criteria of BAS. BAS is generally not required to weigh any of these factors equally. Subject to seeking best execution, BAS also may consider other factors, such as capital introduction services and other investor referrals.

Research and Other Soft Dollar Benefits

Research products or services may include research reports on particular industries and companies, economic surveys and analyses, recommendations as to specific securities, and other products or services used by BAS in the performance of its investment decision-making responsibilities.

BAS does not utilize soft dollars to pay for third-party brokerage services. Underlying Managers may use "soft dollars" (*i.e.*, consideration other than cash is exchanged for services) both within and outside of the safe harbor of Section 28(e) of the Securities Exchange Act of 1934, as amended to obtain both research and non-research products and services.

Brokerage for Client Referrals

BAS does not use brokerage relationships for Investor referrals. BAS, from time to time, may have distribution relationships and placement agreements, as described further in **Item 14 – Client Referrals and Other Compensation**.

Block Trading Procedures

In the event that futures, forward, options, or spot currency transactions are traded for multiple BAS Funds, generally trade orders would be aggregated for execution and allocated pro rata.

Principal Trading

BAS does not engage in principal trading (*i.e.*, trading for BAS's proprietary accounts).

Cross Transactions – Agency Cross Transactions

Blackstone Alternative Solutions L.L.C.

Item 12 – Brokerage Practices

BAS may engage in cross transactions to the extent permitted by, and in accordance with, the Client Constituent Documents and all applicable laws and regulations. Cross transactions will be subject to the approval of BAS's General Counsel or Chief Compliance Officer. As it has no affiliated broker-dealer engaged in the trading of securities, BAS does not engage in agency cross transactions.

Trade Allocations

The Investment Committee will determine allocations (investment and redemption) for the BAS Funds based upon the following criteria and any other relevant factors that the Investment Committee sees fit: the expected performance of the investment, reputation of the principals of the Underlying Managers, availability of cash, liquidity needs, investment objectives, risk parameters, ERISA capacity, general capacity, tax efficiency, investment limits, diversification guidelines, operational factors, legal and regulatory factors (collectively, the "Investment Criteria"). The Investment Committee seeks to ensure that investment opportunities will be allocated in a fair and equitable manner, after consideration of the Investment Criteria. In situations of limited availability in an Underlying Manager or Co-Investment opportunity, allocations generally will be made to eligible BAS Funds on a pro rata basis in accordance with BAS's allocation policies. Conflicts may arise where both BAS Funds and BAAM Funds wish to invest with the same Underlying Manager or Co-Investment opportunity and there is limited capacity. In such cases, BAAM and BAS will endeavor to make allocations in a fair and equitable manner in accordance with their allocation policies.

To the extent there is excess capacity for BAS investment opportunity, BAS may offer such opportunity to investors in BAS Funds in accordance with BAS's allocation policies.

Trade Errors

Trade errors are evaluated on a case-by-case basis. If BAS determines that BAS's gross negligence, willful misconduct or fraud was the direct cause of a trade error, BAS generally will compensate a BAS Fund for any losses resulting from such trade error. Subject to the standard of care in the agreement between BAS and the applicable BAS Portfolio Manager or other third party, if a BAS Portfolio Manager or other third party causes a trading error, BAS will generally attempt to recover the amount of loss from the BAS Portfolio Manager or other third party for the BAS Fund. BAS does not assume responsibility for compensating the BAS Funds, or assuring that the BAS Portfolio Manager or other third party compensates the BAS Fund, in such cases.

Blackstone Alternative Solutions L.L.C.

Item 13 – Review of Accounts

The Investment Committee

The Investment Committee, which includes select BAS Senior Managing Directors and Managing Directors, is responsible for the investment and redemption decisions for the BAS Funds. The Investment Committee also approves Underlying Managers, Co-Investments, other direct investments, and hedging themes and parameters.

The Investment Committee makes its investment decisions based on a variety of criteria including, but not limited to:

- ▶ The expected performance of the investment
- ▶ Reputation of the principals of the Underlying Manager
- ▶ Availability of cash
- ▶ Liquidity needs
- ▶ BAS Fund investment objectives
- ▶ BAS Fund risk parameters
- ▶ ERISA capacity
- ▶ General capacity
- ▶ Tax efficiency
- ▶ Investment limits
- ▶ Diversification guidelines
- ▶ Operational factors
- ▶ Legal and regulatory factors

The Investment Committee also reviews the information presented to assess the allocations in light of the standard of being fair and equitable, particularly with respect to any potential conflicts of interest.

There is significant overlap among the members of the Hedge Fund Solutions Group's investment/oversight committees.

Monitoring Process

The Investment Committee and the BAS investment team monitor the performance of the BAS Funds on an ongoing basis. This monitoring includes, but is not limited to, reviewing for:

- ▶ Potential conflicts
- ▶ Market conditions
- ▶ Adherence to investment guidelines
- ▶ Performance attribution, and
- ▶ Performance deviation

Item 13 – Review of Accounts

Fund Investor Reporting

BAS generally provides Investors monthly reports regarding their investments, which include capital balances and Fund performance. Investors also receive annual audited financial statements for the BAS Funds in which they are invested. In generating these reports, BAS generally will rely, in part, on information provided by the Underlying Managers.

BAS Operations Team

The BAS Operations Team oversees the performance of the Administrator on a daily basis, and performs various reviews of the Administrator's records and the BAS Operations Team's internal procedures. At month end, the BAS Operations Team performs a review of the components of the net asset value in order to sign off on the month-end net asset value, including the capital / shareholder statements.

BAS Funds' Administrator

The BAS Funds' Administrator is responsible for maintaining the official books and records of the BAS Funds. This responsibility includes, but is not limited to, performing daily cash and position reconciliations to custodians, prime brokers and counterparties and valuation of investments. At month end, the BAS Funds' Administrator independently determines the net asset value of the BAS Funds, including income and expense / fee accruals, and produces the final investor allocations and capital / shareholder statements.

Blackstone Alternative Solutions L.L.C.

Item 14 – Client Referrals and Other Compensation

Except as noted below regarding BAP, BAS has not entered into distribution and/or placement agent arrangements, but may do so in the future.

If retained, a third-party solicitor will receive a portion of the management fee and/or performance fee paid to BAS (although other payment arrangements could exist). A prospective investor solicited by a third party will be asked to acknowledge in writing its understanding of any such arrangement. All fees for such solicitation services will be paid by BAS and the Investor will not be subject to any increased or additional fees or charges. Third-party solicitors engaged by BAS in the U.S. will be registered as broker-dealers with the SEC. Third-party solicitors engaged by BAS outside the U.S. may be registered with a non-U.S. regulatory body to the extent such registration is required in the applicable non-U.S. jurisdiction.

Blackstone Advisory Partners L.P., an affiliate of BAS, serves as a placement agent for the BAS Funds in the U.S. but is not compensated for such services.

Blackstone Alternative Solutions L.L.C.

Item 15 – Custody

Rule 206(4)-2 of the Advisers Act defines custody as holding client securities or assets or having any authority to obtain possession of them. BAS Funds structured as U.S. entities generally have a BAS affiliate acting as general partner and, as such, BAS is deemed to have custody of the Funds' assets. For the BAS Funds structured as non-U.S. entities, BAS also is typically deemed to have custody of the Funds' assets. Although BAS does not serve as the general partner or managing member of the non-U.S. Funds, does not constitute a majority of the non-U.S. Fund's Board of Directors, and does not hold voting shares in the Fund, BAS has access to Fund assets for trading purposes and to pay expenses. BAS generally complies with the Advisers Act custody rules by providing all investors in a BAS Fund with audited financial statements within 120 days of the BAS Fund's fiscal year end; provided that if the BAS Fund is deemed a fund of funds, BAS will provide all investors in the BAS Fund with audited financial statements within 180 days of the BAS Fund's fiscal year end.

A portion of the BAS Fund's assets are comprised of interests in Underlying Investment Vehicles, represented by a subscription agreement. BAS Funds typically utilize a third-party, independent custodian to hold the Funds' subscription agreements for these investments in Underlying Investment Vehicles.

Blackstone Alternative Solutions L.L.C.

Item 16 – Investment Discretion

Investment Guidelines

Investment decisions are made within the investment guidelines as described in each Client Constituent Documents. BAS has discretion in determining the Underlying Managers, Co-Investments, and other transactions in which the BAS Funds may invest and the amount to invest.

Multiple BAS Funds may invest in the same Underlying Managers, Co-Investments, and other transactions. If two or more BAS Funds wish to invest in or redeem from the same Underlying Manager, Co-Investment, or other transaction at the same time, BAS will implement such decisions in a manner deemed to be fair and equitable and in accordance with BAS's allocation policies and procedures.

Types of Investments

BAS has broad discretion to make investments within the guidelines of the Client Constituent Documents. BAS Funds typically invest in a broad range of Underlying Investment Vehicles, Co-Investments and other direct investments involving equity and debt securities and other financial instruments and transactions. In connection with transactions designed to hedge market and currency risks relating to BAS Fund investments, BAS Funds may invest in securities and other instruments, including but not limited to:

- ▶ Futures
- ▶ Forwards
- ▶ Spot contracts
- ▶ Options
- ▶ Swaps
- ▶ Short Sales
- ▶ Other derivative contracts and similar instruments

BAS typically has full discretion and authority to make all investment decisions with respect to these transactions. When futures, forward, options, equities, and spot currency transactions are traded for multiple BAS Funds, generally trade orders are aggregated for execution and allocated pro rata.

Underlying Managers may participate in the purchase and sale of initial equity public offerings ("New Issues") for BAS Funds. BAS Funds also may directly purchase New Issues. The subscription documents for the BAS Funds require each Investor to make an initial representation to its status as either a restricted investor (*i.e.*, may not invest in New Issues) or non-restricted investor (*i.e.*, may invest in New Issues). On an annual basis thereafter, BAS will confirm an Investor's status through a negative confirmation process by sending a letter via electronic communication or hard copy and asking for a response only if the Investor's eligibility status has changed.

Blackstone Alternative Solutions L.L.C.

Item 16 – Investment Discretion

BAS Funds may acquire or hold, directly or indirectly, assets or securities that are illiquid, including for example, where an Underlying Manager determines to “side pocket” all or a portion of an investment, Co-Investments or Underlying Investment Vehicles may themselves be illiquid investments. BAS, in its sole discretion, may treat these investments (including Underlying Investment Vehicles) as “side pockets” and Investors may be issued a separate series of shares or ownership interests to represent a Side Pocket.

Please refer to the relevant Client Constituent Documents for a more detailed discussion of investment guidelines and types of investment.

Blackstone Alternative Solutions L.L.C.

Item 17 – Voting Client Securities (*i.e.*, Proxy Voting)

BAS has adopted proxy voting policies and procedures (the "Proxy Policy") to vote proxy proposals, amendments, consents or resolutions (collectively, "proxies") relating to investments with Underlying Managers and direct investments. From time to time, Underlying Managers may require consent from investors to change various aspects of their business or to make certain investments.

The general policy is to vote proxies relating to investments with Underlying Managers and direct investments in a manner that serves the best interests of the BAS Funds as determined by BAS in its discretion. In certain instances, the Underlying Manager may vote proxies for and on behalf of BAS.

At times, conflicts may arise between the interests of the BAS Fund, on the one hand, and the interests of BAS or its affiliates, on the other hand. If BAS determines that it has, or may be perceived to have, a conflict of interest when voting a proxy, BAS will address matters involving such conflicts of interest on a case-by-case basis in a fair and equitable manner, subject to legal, regulatory, contractual or other applicable considerations. BAS, in its sole discretion, may elect not to vote a proxy if unduly burdensome.

Investors may request a copy of the Proxy Policy and the proxy voting records by contacting BAS at the address, phone number or email address on the cover of this Brochure.
