

**Part 2A of Form ADV: Firm Brochure**

**Item 1 Cover Page**

A. The cover page of your *brochure* must state your name, business address, contact information, website address (if you have one), and the date of the *brochure*.

**Matterhorn Investment Management (Asia) Limited**

100 Queen's Road Central

Hong Kong

Tel: +852 3180 9675

Fax: +852 3180 9493

Ewan Christian direct tel: +44 20 7340 2825

26th September 2012

**Note:** If you primarily conduct advisory business under a name different from your full legal name, and you have disclosed your business name in Item 1.B of Part 1A of Form ADV, then you may use your business name throughout your *brochure*.

B. Display on the cover page of your *brochure* the following statement or other clear and concise language conveying the same information, and identifying the document as a "brochure":

**This brochure provides information about the qualifications and business practices of Matterhorn Investment Management (Asia) Limited ("MIMA") Further information on Matterhorn or if you have any questions about the contents of this brochure, please contact us at [ewan@matterhorninvestment.com](mailto:ewan@matterhorninvestment.com). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.**

**Additional information about Matterhorn Investment Management (Asia) Limited also is available on the SEC's website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov).**

C. If you refer to yourself as a "registered investment adviser" or describe yourself as being "registered," include a statement that registration does not imply a certain level of skill or training.

Matterhorn Investment Management (Asia) Limited is a registered investment adviser but this registration does not imply a certain level of skill or training.

**Item 2 Material Changes**

If you are amending your *brochure* for your annual update and it contains material changes from your last annual update, identify and discuss those changes on the cover page of the *brochure* or on the page immediately following the cover page, or as a separate document accompanying the *brochure*. You must state clearly that you are discussing only material changes since the last annual update of your *brochure*, and you must provide the date of the last annual update of your *brochure*.

There are no material changes from MIMA's first brochure, published in March 2012.

**Note:** You do not have to separately provide this information to a *client* or prospective *client* who has not received a previous version of your *brochure*.

Item 3 Table of Contents

Provide a table of contents to your *brochure*.

Item 4 Advisory Business

Item 5 Fees and Compensation

Item 6 Performance-Based Fees and Side-By-Side Management

Item 7 Types of Clients

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Item 9 Disciplinary Information

Item 10 Other Financial Industry Activities and Affiliations

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Item 12 Brokerage Practices

Item 13 Review of Accounts

Item 14 Client Referrals and Other Compensation

Item 15 Custody

Item 16 Investment Discretion

Item 17 Voting Client Securities

Item 18 Financial Information

Item 19 Requirements for State-Registered Advisers

**Note:** Your table of contents must be detailed enough so that your *clients* can locate topics easily. Your *brochure* must follow the same order, and contain the same headings, as the items listed in Part 2A.

Item 4 Advisory Business

A. Describe your advisory firm, including how long you have been in business. Identify your principal owner(s).

Matterhorn Investment Management (Asia) Limited (“MIMA”) is part of the Matterhorn Group and a dedicated global emerging market equity specialist offering pooled fund strategies and tailored products, based on original independent research insights.

Founded in 2008, MIMA is based in Hong Kong. Mr Paul Bate is the principal owner of MIMA and also MIMA’s associate company, Matterhorn Investment Management LLP (“MIM”) which was founded in 2002 and is based in London.

**Notes:** (1) For purposes of this item, your principal owners include the *persons* you list as owning 25% or more of your firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If you are a publicly held company without a 25% shareholder, simply disclose that you are publicly held. (3) If an individual or company owns 25% or more of your firm through subsidiaries, you must identify the individual or parent company and intermediate subsidiaries. If you are an SEC-registered adviser, you **Form ADV: Part 2A Page 2** must identify intermediate subsidiaries that are publicly held, but not other intermediate subsidiaries. If you are a state-registered adviser, you must identify all intermediate subsidiaries.

B. Describe the types of advisory services you offer. If you hold yourself out as specializing in a particular type of advisory service, such as financial planning, quantitative analysis, or market timing, explain the nature of that service in greater detail. If you provide investment advice only with respect to limited types of investments, explain the type of investment advice you offer, and disclose that your advice is limited to those types of investments.

MIMA is a dedicated global emerging market equity specialist offering pooled fund strategies and tailored products, built on original independent research insights. Our well resourced, experienced team manages investments on behalf of our clients.

MIMA currently manages two Managed Accounts on a discretionary basis.

C. Explain whether (and, if so, how) you tailor your advisory services to the individual needs of *clients*. Explain whether *clients* may impose restrictions on investing in certain securities or types of securities.

MIMA tailors its investment management services to clients by strategy. Clients may request to impose restrictions on investing in certain types of securities but not on markets or instruments.

D. If you participate in *wrap fee programs* by providing portfolio management services, (1) describe the differences, if any, between how you manage wrap fee accounts and how you manage other accounts, and (2) explain that you receive a portion of the wrap fee for your services.

MIMA does not participate in wrap fee programs.

E. If you manage *client* assets, disclose the amount of *client* assets you manage on a *discretionary basis* and the amount of *client* assets you manage on a *non-discretionary basis*. Disclose the date “as of” which you calculated the amounts.

MIMA currently manages two Managed Accounts with US\$72.5 million AuM as of mid-September 2012 on a discretionary basis. MIMA does not offer non-discretionary asset management services.

**Note:** Your method for computing the amount of “*client* assets you manage” can be different from the method for computing “regulatory assets under management” required for Item 5.F in Part 1A. However, if you choose to use a different method to compute “*client* assets you manage,” you must keep documentation describing the method you use. The amount you disclose may be rounded to the nearest \$100,000. Your “as of” date must not be more than 90 days before the date you last updated your *brochure* in response to this Item 4.E.

#### Item 5 Fees and Compensation

A. Describe how you are compensated for your advisory services. Provide your fee schedule. Disclose whether the fees are negotiable.

MIMA would expect to receive a Management Fee of 1¼% to 1½% per annum from its Managed Accounts, together with a Performance Fee dependent on strategy.

The fees are not negotiable.

**Note:** If you are an SEC-registered adviser, you do not need to include this information in a *brochure* that is delivered only to qualified purchasers as defined in section 2(a)(51)(A) of the Investment Company Act of 1940.

B. Describe whether you deduct fees from *clients’* assets or bill *clients* for fees incurred. If *clients* may select either method, disclose this fact. Explain how often you bill *clients* or deduct your fees.

MIMA is not allowed to hold client assets. All client assets are held by independent Custodians. As such, the Managed Accounts will be invoiced for Management Fees and Performance Fees incurred.

C. Describe any other types of fees or expenses *clients* may pay in connection with your advisory services, such as custodian fees or mutual fund expenses. Disclose that *clients* will incur brokerage and other transaction costs, and direct *clients* to the section(s) of your *brochure* that discuss brokerage.

Various other fees and expenses are paid by each Managed Account, including various brokerage fees performed by external brokers and other transaction costs. However, as clients often just mandate MIMA a Managed Account to manage, a number of fees and expenses are unknown.

D. If your *clients* either may or must pay your fees in advance, disclose this fact. Explain how a *client* may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

All Management and Performance Fees are payable in arrears.

E. If you or any of your *supervised persons* accepts compensation for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds, disclose this fact and respond to Items 5.E.1, 5.E.2, 5.E.3 and 5.E.4.

MIMA does not enter into these types of arrangement.

1. Explain that this practice presents a conflict of interest and gives you or your *supervised persons* an incentive to recommend investment products based on the compensation received, rather than on a *client's* needs. Describe generally how you address conflicts that arise, including your procedures for disclosing the conflicts to *clients*. If you primarily recommend mutual funds, disclose whether you will recommend “no-load” funds.

N/A

2. Explain that *clients* have the option to purchase investment products that you recommend through other brokers or agents that are not affiliated with you.

N/A

3. If more than 50% of your revenue from advisory *clients* results from commissions and other compensation for the sale of investment products you recommend to your *clients*, including asset-based distribution fees from the sale of mutual funds, disclose that commissions provide your primary or, if applicable, your exclusive compensation.

N/A

4. If you charge advisory fees in addition to commissions or markups, disclose whether you reduce your advisory fees to offset the commissions or markups.

N/A

**Note:** If you receive compensation in connection with the purchase or sale of securities, you should carefully consider the applicability of the broker-dealer registration requirements of the Securities Exchange Act of 1934 and any applicable state securities statutes.

#### Item 6 Performance-Based Fees and Side-By-Side Management

If you or any of your *supervised persons* accepts *performance-based fees* – that is, fees based on a share of capital gains on or capital appreciation of the assets of a *client* (such as a *client* that is a hedge fund or other pooled investment vehicle) – disclose this fact. If you or any of your *supervised persons* manage both accounts that are charged a *performance-based fee* and accounts that are charged another type of fee, such as an hourly or flat fee or an asset-based fee, disclose this fact. Explain the conflicts of interest that you or your *supervised persons* face by managing these accounts at the same time, including that you or your *supervised persons* have an incentive to favor accounts for which you or your *supervised persons* receive a *performance-based fee*, and describe generally how you address these conflicts.

Neither existing Managed Account pays Performance Fees.

#### Item 7 Types of Clients

Describe the types of *clients* to whom you generally provide investment advice, such as individuals, trusts, investment companies, or pension plans. If you have any requirements for opening or maintaining an account, such as a minimum account size, disclose the requirements.

MIMA would generally provide investment management services to Hedge Funds and Managed Accounts who investors ultimately are made up of HNWI individuals, banks, investment companies,

endowments, charities and family offices – offices set up to manage the wealth of either a single family or group of families.

Minimum investment size is determined by the Investment Management Agreement/Prospectus for each individual fund.

**Item 8 Methods of Analysis, Investment Strategies and Risk of Loss**

- A. Describe the methods of analysis and investment strategies you use in formulating investment advice or managing assets. Explain that investing in securities involves risk of loss that *clients* should be prepared to bear.

MIMA's investment philosophy is based on original fundamental research and independent judgement in valuing stocks. It is captured in the Matterhorn Group's motto "original thought through independent research".

The investment philosophy of all MIMA's and MIM's Funds and Managed Accounts is equity investing via bottom-up fundamental value stock selection. All funds invest in the broad 'theme' of Global Emerging Market growth.

Each Fund or Managed Account invests in a concentrated portfolio of high conviction investments in non-consensus, or 'uncrowded', stocks that are strategically attractive, highly cash generative and have strong alpha potential but where the investment story has not yet been widely recognized by the market. Each position in the portfolio receives a fully independent due diligence analysis by MIMA's and/or MIM's equity analysts – including a comprehensive qualitative assessment (strategic positioning, management, operations, wider operating environment, etc) and full financial modelling. All research is original and conducted independently.

As investors, not speculators, we believe that market timing is a risky and impossible endeavour and hence we do not try to time markets or to predict participant behaviour but rather focus on the underlying value of our investments over the longer term. However, each Fund or Managed Account aims to remain nimble by maintaining a strong focus on liquidity in order to be able to move quickly into and out of positions as the investment rationale changes. Each Fund or Managed Account operates an active risk overlay to hedge the portfolio, being willing to sacrifice some of the upside investment potential to protect client capital on the downside.

**Potential Risk of Loss:**

An investment in one of MIMA's or MIM's Funds or Managed Accounts may involve a high degree of risk, including the risk that the entire amount invested may be lost. No guarantee or representation is made that the Fund's or Managed Account's investment program will be successful, or that the Fund's or Managed Account's returns will exhibit low correlation with an investor's traditional securities portfolio. The Fund or Managed Account may utilise investment techniques which can involve substantial volatility and can, in certain circumstances, substantially increase any potential adverse impact to which the Fund's or Managed Account's investment portfolio may be subject. The offering memoranda for each of MIM's Funds contain an Appendix entitled 'Certain Risk Factors' which sets out a variety of considerations which prospective investors should consider before they determining whether an investment in the Fund is a suitable investment.

- B. For each significant investment strategy or method of analysis you use, explain the material risks involved. If the method of analysis or strategy involves significant or unusual risks, discuss these risks in detail. If your primary strategy involves frequent trading of securities, explain how frequent trading can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

MIMA's risk management philosophy is closely linked to the Managed Account's goals of growth, but with a layer of capital preservation in difficult market conditions. The risk management process's primary goal is to ensure that the Fund is appropriately compensated for the risk it takes.

MIMA's risk management approach can be broken down into three steps:

*1. Philosophy:*

- Aim to remove undesirable risks without limiting the ability of the fund manager to take desired risks;
- Ensure that the Fund is appropriately compensated for the risk it takes;
- The primary step towards doing this is accurately measuring risks within the portfolio;
- Be proactive not reactive; and
- Place a strong emphasis on asset-liability matching.

*2. Standards*

- Maintain an independent risk management team;
- Maintain an independent compliance officer;
- Embrace best industry practices (SFC, SEC);
- Maintain transparency;
- Diversify counterparty risk; and
- Only use world-class third party service providers.

*3. Risk Management Tools*

- Use comprehensive tri-partite risk management process:

1. Procedural Approach

2. Objective Approach

3. Quantitative Approach

- Apply through the Matterhorn Group's proprietary MIST Risk Management software.

Further to active risk management a clearly defined process to mitigate non-investment and investment risks is executed. Firm wide understanding of portfolio risks is paramount and regular risk meetings ensure that risks are discussed with all members of the investment team.

- C. If you recommend primarily a particular type of security, explain the material risks involved. If the type of security involves significant or unusual risks, discuss these risks in detail.

N/A; MIMA is an investment management firm.

**Item 9 Disciplinary Information**

If there are legal or disciplinary events that are material to a *client's* or prospective *client's* evaluation of your advisory business or the integrity of your management, disclose all material facts regarding those events.

Items 9.A, 9.B, and 9.C list specific legal and disciplinary events presumed to be material for this Item. If your advisory firm or a *management person* has been *involved* in one of these events, you must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in your or the *management person's* favor, or was reversed, suspended or vacated, or (2) you have rebutted the presumption of materiality to determine that the event is not material (see Note below). For purposes of calculating this ten-year period, the “date” of an event is the date that the final *order*, judgment, or decree was entered, or the date that any rights of appeal from preliminary *orders*, judgments or decrees lapsed.

Items 9.A, 9.B, and 9.C do not contain an exclusive list of material disciplinary events. If your advisory firm or a *management person* has been *involved* in a legal or disciplinary event that is not listed in Items 9.A, 9.B, or 9.C, but nonetheless is material to a *client's* or prospective *client's* evaluation of your advisory business or the integrity of its management, you must disclose the event. Similarly, even if more than ten years have passed since the date of the event, you must disclose the event if it is so serious that it remains material to a *client's* or prospective *client's* evaluation.

- A. A criminal or civil action in a domestic, foreign or military court of competent jurisdiction in which your firm or a *management person*
1. was convicted of, or pled guilty or nolo contendere (“no contest”) to (a) any *felony*; (b) a *misdemeanor* that *involved* investments or an *investment-related* business, fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, or extortion; or (c) a conspiracy to commit any of these offenses;

NONE

2. is the named subject of a pending criminal *proceeding* that involves an *investment-related* business, fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, extortion, or a conspiracy to commit any of these offenses;

NONE

3. was *found* to have been *involved* in a violation of an *investment-related* statute or regulation; or

NONE

4. was the subject of any *order*, judgment, or decree permanently or temporarily enjoining, or otherwise limiting, your firm or a *management person* from engaging in any *investment-related* activity, or from violating any *investment-related* statute, rule, or *order*.

NONE

- B. An administrative *proceeding* before the SEC, any other federal regulatory agency, any state regulatory agency, or any *foreign financial regulatory authority* in which your firm or a *management person*

1. was *found* to have caused an *investment-related* business to lose its authorization to do business;

NONE or

2. was *found* to have been *involved* in a violation of an *investment-related* statute or regulation and was the subject of an *order* by the agency or authority

(a) denying, suspending, or revoking the authorization of your firm or a *management person* to act in an *investment-related* business;

(b) barring or suspending your firm's or a *management person's* association with an *investment-related* business;

(c) otherwise significantly limiting your firm's or a *management person's* *investment-related* activities; or

(d) imposing a civil money penalty of more than \$2,500 on your firm or a *management person*.

NONE

C. A self-regulatory organization (SRO) proceeding in which your firm or a *management person*

1. was *found* to have caused an *investment-related* business to lose its authorization to do business;

NONE or

2. was *found* to have been *involved* in a violation of the SRO's rules and was: (i) barred or suspended from membership or from association with other members, or was expelled from membership; (ii) otherwise significantly limited from *investment-related* activities; or (iii) fined more than \$2,500.

NONE

**Note:** You may, under certain circumstances, rebut the presumption that a disciplinary event is material. If an event is immaterial, you are not required to disclose it. When you review a legal or disciplinary event involving your firm or a *management person* to determine whether it is appropriate to rebut the presumption of materiality, you should consider all of the following factors: (1) the proximity of the *person involved* in the disciplinary event to the advisory function; (2) the nature of the infraction that led to the disciplinary event; (3) the severity of the disciplinary sanction; and (4) the time elapsed since the date of the disciplinary event. If you conclude that the materiality presumption has been overcome, you must prepare and maintain a file memorandum of your determination in your records. See SEC rule 204-2(a)(14)(iii).

Item 10 Other Financial Industry Activities and Affiliations

- A. If you or any of your *management persons* are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer, disclose this fact.

N/A

- B. If you or any of your *management persons* are registered, or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or an associated person of the foregoing entities, disclose this fact.

N/A

- C. Describe any relationship or arrangement that is material to your advisory business or to your *clients* that you or any of your *management persons* have with any *related person* listed below. Identify the *related person* and if the relationship or arrangement creates a material conflict of interest with *clients*, describe the nature of the conflict and how you address it.

1. broker-dealer, municipal securities dealer, or government securities dealer or broker
2. investment company or other pooled investment vehicle (including a mutual fund, closed-end investment company, unit investment trust, private investment company or "hedge fund," and offshore fund)
3. other investment adviser or financial planner
4. futures commission merchant, commodity pool operator, or commodity trading advisor
5. banking or thrift institution
6. accountant or accounting firm
7. lawyer or law firm
8. insurance company or agency
9. pension consultant
10. real estate broker or dealer
11. sponsor or syndicator of limited partnerships.

MIMA does supply some Asian equity research to Matterhorn Investment Management LLP (MIM) in London, a company under common ownership. This is not detrimental to MIMA's clients.

- D. If you recommend or select other investment advisers for your *clients* and you receive compensation directly or indirectly from those advisers that creates a material conflict of interest, or if you have other business relationships with those advisers that create a material conflict of interest, describe these practices and discuss the material conflicts of interest these practices create and how you address them.

MIMA does not recommend or select other investment advisers for its clients.

**Item 11 Code of Ethics, Participation or Interest in *Client* Transactions and Personal Trading**

- A. If you are an SEC-registered adviser, briefly describe your code of ethics adopted pursuant to SEC rule 204A-1 or similar state rules. Explain that you will provide a copy of your code of ethics to any *client* or prospective *client* upon request.

MIMA would provide a copy of our code of ethics to any client or prospective client upon request.

## **PART 1: INTRODUCTION**

### **1. The Handbook**

Matterhorn Investment Management (Asia) Limited (the “Company”) owes its success and growth to many things, but most importantly to its employees.

This Handbook sets out the benefits you (as an employee) enjoy and the policies that apply to you as an employee of the Company.

The Handbook is split into a number of parts. Of these, part 2, part 3 and part 4 and section 6, 7 and 10 of part 6 of this Handbook, together with your employment agreement, form your contract of employment with the Company and are together referred to as your Contract. The remaining parts of the Handbook are not contractual but provide details of various benefits offered to you and the policies and procedures that apply to your employment.

Whilst the intention of this Handbook is to provide you with information relating to your employment with the Company, its content may be changed as the Company grows and the environment in which it does business alters. For these and other reasons the Company may from time to time change various provisions contained in this Handbook. You will be advised in writing of any such variations. Any such variations will be binding on you from the date on which they are expressed to take effect whether or not you have received a copy of them. On receiving details of any variations, you should insert them in the Handbook as directed to ensure that it is kept up-to-date at all times.

### **2. Staff Guidelines**

#### **2.1 Commercial Objectives**

The Company aims to be:

- An outstanding investment company
  - Achieving superior performance, using state of the art techniques, systems & processes, and by delivering superior client service.
- An investment house clearly differentiated from competitors
  - With specialist expertise in investing in global markets and special situations.
  - Obviously intent upon adopting, defining and extending best industry practice
  - Offering exception levels of client service
- A research focussed firm
  - The Company demands technical excellence from you in all regards.

- A satisfying and fun place to work
  - The Company encourages all staff to develop their full potential.
  - In the Company's experience, people who challenge and push themselves not only enjoy their work more but also enhance their own value and reputation.

## 2.2 Core principles

The Company adheres to the following core principles, with employees expected:

- To work for the Company's clients
  - Our clients have entrusted their capital to the Company so all of us have a heavy responsibility to devote our energy and resources to making good returns for them.
- To work in an effective manner
  - Through the use of the standardised processes, systems, rules and SOPs (Standard Operating Procedures). The Company improves and upgrades these regularly for your benefit and in order to learn from collective experiences so that we can find and define the most effective approach to tasks.
- To stay in control of workloads
  - If you feel your work is getting on top of you, you are expected to ask for help. In such cases the Company will call an emergency meeting to review the problem, get support and resolve the issue. The Company does recognise that everybody is under pressure in the hedge fund business and that at times the pressures can seem overwhelming. All employees are encouraged to ease tensions by communicating early enough when this sense of pressure arises.
- To be ethical and intellectually honest at all times, in all matters
  - You are to adhere strictly to the Company compliance policies.
  - All employees are responsible for sharing their workloads with colleagues and are expected to plan absences with a view to accommodating the needs of the Company and the clients.
  - You are to inform your Manager in good time of any personal plans which might impact on the operations of the business.

## 2.3 Culture

The Company nurtures a **professional** culture. The Company expects the kind of culture found on a Goldman Sachs partner's floor or in a Blackstone office. The keywords are calm, quiet, professional, non-confrontational, reassuring, efficient, and responsible. These are the characteristics employees must display to be effective on the Matterhorn team. These are the impressions and images we wish to immediately convey to visiting investors who are entrusting their valuable and hard-earned assets to the Company for prudent management.

- You are therefore expected to:
  - Place Company objectives first at all times;
  - Aim high and strive for continual self improvement;
  - Challenge yourself;
  - Work hard and invest effort and commitment as necessary to set up world class systems;
  - Never be scared of challenges;
  - Capture core business skills in house, where possible;
  - Aim to understand and get to the bottom of all matters related to the Company's business;
  - Foster a calm, professional, non-confrontational atmosphere. There is an absolute embargo on confrontational behaviour.
  - Work as a team, and help colleagues when necessary;
  - Remember that like for a crew on a boat, open communication is vital. You will never be criticised for making an honest mistake, but rather for failing to communicate early enough.

## 2.4 **Caveat Emptor**

Investment management, particularly hedge fund management, is an extremely competitive, tough and intellectually challenging business. It is not for everyone. To succeed in this industry requires a long term commitment and a passion for the intellectual challenges of the job. In conjunction with this it is important to be aware that there is a great deal of detailed work, much of it tedious and frustrating. To be good at the job may require working long hours. It is possible that certain employees turn out not to be suited to the pressures of the hedge fund industry in which case the Company will communicate this to the employee during periodic performance reviews. Employees should recognize that in such cases continued employment with the Company would be detrimental to the Company's performance and therefore may not be possible. Anyone entering the industry should familiarise themselves completely with the true nature of the job to avoid surprises later on. You should only work in this industry if you are sure that it is for you.

## 2.5 **Style of Working**

### **Responsibility**

A special word on **RESPONSIBILITY**. The Company operates a simple rule. Whoever is responsible for a task or a mission, takes full responsibility – without excuses, regardless of whether or not you are getting full support from colleagues or third parties. Once a mission is entrusted to any one of us, we will get it done.

### **Analytical Thinking**

The culture at the Company will be one of problem solving. This means thinking before speaking and acting. Problems are investigated and analysed, with intelligent sensible alternatives being proposed and discussed to arrive at the best solution.

### **Speed and Accuracy**

All incoming mail should be turned around promptly. What does “turn around” mean? It means analysing the issue; identifying the solution; maintaining an accurate record of action taken and getting closure.

### **Careful Record Keeping**

You must operate the administrative filing and record keeping system in such a manner as to always and immediately be able to recall the file, which will, naturally, immediately give the full story on each topic; relationship; asset etc. Distribution lists should be maintained. Travel records should be entered into spreadsheets or similar.

- B. If you or a *related person* recommends to *clients*, or buys or sells for *client* accounts, securities in which you or a *related person* has a material financial interest, describe your practice and discuss the conflicts of interest it presents. Describe generally how you address conflicts that arise.

Examples: (1) You or a *related person*, as principal, buys securities from (or sells securities to) your *clients*; (2) you or a *related person* acts as general partner in a partnership in which you solicit *client* investments; or (3) you or a *related person* acts as an investment adviser to an investment company that you recommend to *clients*.

- C. If you or a *related person* invests in the same securities (or related securities, *e.g.*, warrants, options or futures) that you or a *related person* recommends to *clients*, describe your practice and discuss the conflicts of interest this presents and generally how you address the conflicts that arise in connection with personal trading.

- D. If you or a *related person* recommends securities to *clients*, or buys or sells securities for *client* accounts, at or about the same time that you or a *related person* buys or sells the same securities for your own (or the *related person's* own) account, describe your practice and discuss the conflicts of interest it presents. Describe generally how you address conflicts that arise.

Answering B,C and D :

For all MIMA employees and principal, all personal dealing must be signed off by the Compliance Officer prior to a transaction taking place. Once signed off, the employees/principal have 24 hours in which to deal. The Compliance Officer will only allow transactions which are not in conflict with the funds under management.

**Note:** The description required by Item 11.A may include information responsive to Item 11.B, C or D. If so, it is not necessary to make repeated disclosures of the same information. You do not have to provide disclosure in response to Item 11.B, 11.C, or 11.D with respect to securities that are not “reportable securities” under SEC rule 204A-1(e)(10) and similar state rules.

#### Item 12 Brokerage Practices

- A. Describe the factors that you consider in selecting or recommending broker-dealers for *client* transactions and determining the reasonableness of their compensation (*e.g.*, commissions).

We do not rely on broker reports and recommendations, however local brokers can be useful in gaining access to company senior management for the first time, providing macro environment commentary and arranging logistics on the ground. Importantly, we have conditioned key individuals within these firms to introduce only original ideas, knowing that these are what we seek.

We believe that our general levels of commission given to broker-dealers are in-line with market levels, and will also depend on which market the shares are being dealt.

1. Research and Other Soft Dollar Benefits. If you receive research or other products or services other than execution from a broker-dealer or a third party in connection with *client* securities transactions (“soft dollar benefits”), disclose your practices and discuss the conflicts of interest they create.

General local commission-give is described under A above; and in accordance with regulatory rules and guidance, soft dollar commission is only used for the purchase of independent research and analysis services, and the supply of market data for execution services. MIMA and MIM have a fully documented softing policy and discloses soft dollar commission paid on a six monthly basis. All funds and managed accounts pay soft commission and this is generally linked in percentage terms to the overall commission paid by each fund or managed account in any given period.

**Note:** Your disclosure and discussion must include all soft dollar benefits you receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

- a. Explain that when you use *client* brokerage commissions (or markups or markdowns) to obtain research or other products or services, you receive a benefit because you do not have to produce or pay for the research, products or services.
- b. Disclose that you may have an incentive to select or recommend a broker-dealer based on your interest in receiving the research or other products or services, rather than on your *clients'* interest in receiving most favorable execution.

- c. If you may cause *clients* to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up), disclose this fact.
- d. Disclose whether you use soft dollar benefits to service all of your *clients'* accounts or only those that paid for the benefits. Disclose whether you seek to allocate soft dollar benefits to *client* accounts proportionately to the soft dollar credits the accounts generate.
- e. Describe the types of products and services you or any of your *related persons* acquired with *client* brokerage commissions (or markups or markdowns) within your last fiscal year.

**Note:** This description must be specific enough for your *clients* to understand the types of products or services that you are acquiring and to permit them to evaluate possible conflicts of interest. Your description must be more detailed for products or services that do not qualify for the safe harbor in section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution. Merely disclosing that you obtain various research reports and products is not specific enough.

- f. Explain the procedures you used during your last fiscal year to direct *client* transactions to a particular broker-dealer in return for soft dollar benefits you received.

Given the limited size of soft dollar benefits received, MIMA/MIM have just two soft dollar agreements in place (with Louis Capital Markets LLP and MINT/BGC Brokers).

- 2. Brokerage for *Client* Referrals. If you consider, in selecting or recommending broker-dealers, whether you or a *related person* receives *client* referrals from a broker-dealer or third party, disclose this practice and discuss the conflicts of interest it creates.

We have no incentive to select or recommend a broker-dealer on the basis of client referrals.

- a. Disclose that you may have an incentive to select or recommend a broker-dealer based on your interest in receiving *client* referrals, rather than on your *clients'* interest in receiving most favorable execution.
- b. Explain the procedures you used during your last fiscal year to direct *client* transactions to a particular broker-dealer in return for *client* referrals.

- 3. Directed Brokerage.

- a. If you routinely recommend, request or require that a *client* direct you to execute transactions through a specified broker-dealer, describe your practice or policy. Explain that not all advisers require their *clients* to direct brokerage. If you and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, describe the relationship and discuss the conflicts of interest it presents. Explain that by directing brokerage you may be unable to achieve most favorable execution of *client* transactions, and that this practice may cost *clients* more money.

MIMA/MIM directs all commission give. This is outlined under 12A above.

- b. If you permit a *client* to direct brokerage, describe your practice. If applicable, explain that you may be unable to achieve most favorable execution of *client* transactions. Explain that directing brokerage may cost *clients* more money. For example, in a directed brokerage account, the *client* may pay higher brokerage commissions because you may not be able to aggregate orders to reduce transaction costs, or the *client* may receive less favorable prices.

**Note:** If your *clients* only have directed brokerage arrangements subject to most favorable execution of *client* transactions, you do not need to respond to the last sentence of Item 12.A.3.a. or to the second or third sentences of Item 12.A.3.b.

- B. Discuss whether and under what conditions you aggregate the purchase or sale of securities for various *client* accounts. If you do not aggregate orders when you have the opportunity to do so, explain your practice and describe the costs to *clients* of not aggregating.

Should MIMA/MIM be buying (or selling) shares at the same time for more than one fund, we will aggregate the order. Should the order be only partially filled, the allocation for each fund will be done on a pro-rata basis.

#### Item 13 Review of Accounts

- A. Indicate whether you periodically review *client* accounts or financial plans. If you do, describe the frequency and nature of the review, and the titles of the *supervised persons* who conduct the review.

The Fund Manager is responsible for managing all funds and Managed Accounts. This is carried out on an ongoing basis. Decisions are made by the Fund Manager in consultation with the equity research team, risk management team and traders.

- B. If you review *client* accounts on other than a periodic basis, describe the factors that trigger a review.

As indicated under A above, all funds and Managed Accounts are managed on an ongoing basis.

- C. Describe the content and indicate the frequency of regular reports you provide to *clients* regarding their accounts. State whether these reports are written.

For Managed Accounts, all information, reports and other detail are sent as agreed with the underlying investor.

#### Item 14 Client Referrals and Other Compensation

- A. If someone who is not a *client* provides an economic benefit to you for providing investment advice or other advisory services to your *clients*, generally describe the arrangement, explain the conflicts of interest, and describe how you address the conflicts of interest. For purposes of this Item, economic benefits include any sales awards or other prizes.

N/A

- B. If you or a *related person* directly or indirectly compensates any *person* who is not your *supervised person* for *client* referrals, describe the arrangement and the compensation.

N/A

**Note:** If you compensate any *person* for *client* referrals, you should consider whether SEC rule 206(4)-3 or similar state rules regarding solicitation arrangements and/or state rules requiring registration of *investment adviser representatives* apply.

#### Item 15 Custody

If you have *custody* of *client* funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to your *clients*, explain that *clients* will receive account statements from the broker-dealer, bank or other qualified custodian and that *clients* should carefully review those statements. If your *clients* also receive account statements from you, your explanation must include a statement urging *clients* to compare the account statements they receive from the qualified custodian with those they receive from you.

In accordance with SFC rules, MIMA does not have custody of any client assets.

#### Item 16 Investment Discretion

If you accept *discretionary authority* to manage securities accounts on behalf of *clients*, disclose this fact and describe any limitations *clients* may (or customarily do) place on this authority. Describe the procedures you follow before you assume this authority (*e.g.*, execution of a power of attorney).

MIMA has signed Investment Management Agreements for its Managed Accounts, giving the company discretionary authority to manage the portfolios on a discretionary basis, subject to the investment objectives, strategies and policies set out in the applicable client documentation.

#### Item 17 Voting *Client* Securities

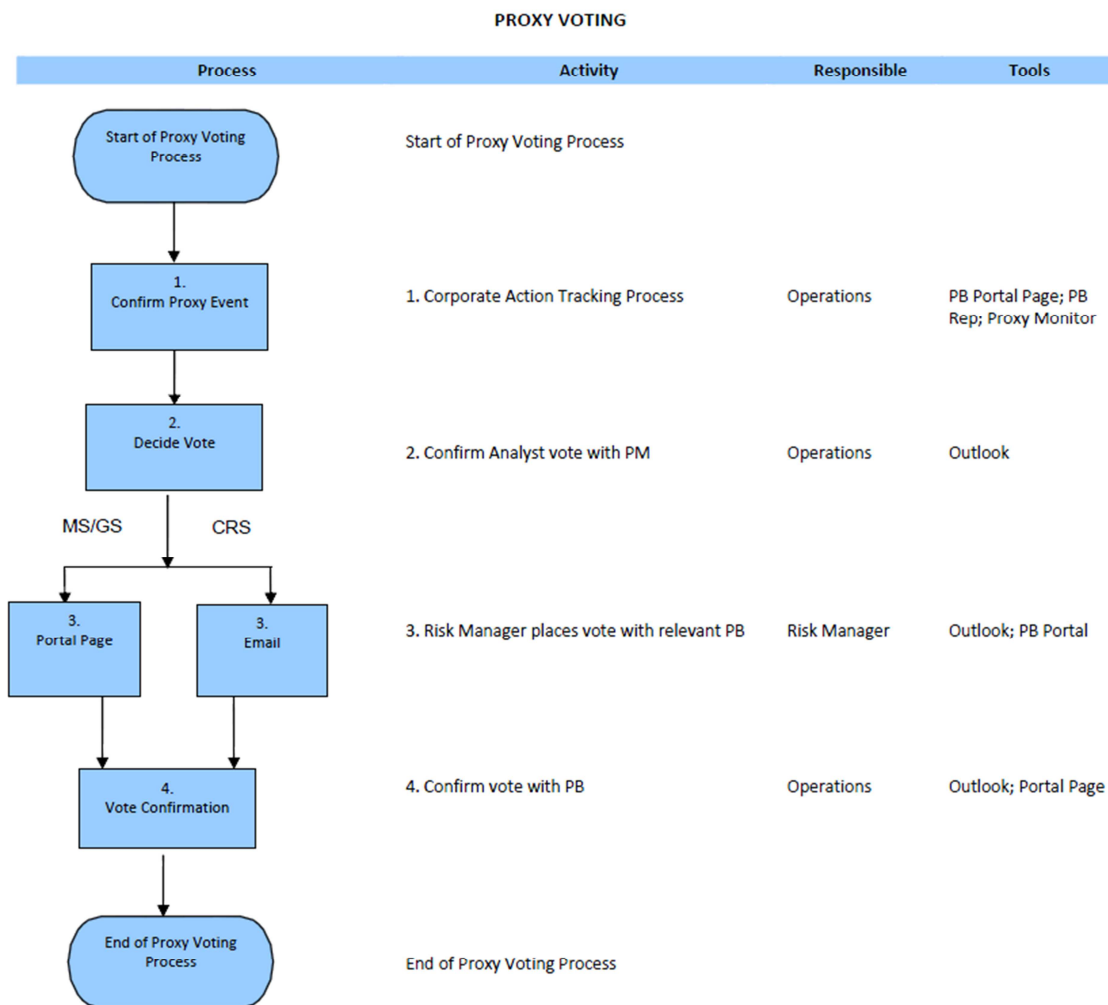

- A. If you have, or will accept, authority to vote *client* securities, briefly describe your voting policies and procedures, including those adopted pursuant to SEC rule 206(4)-6. Describe whether (and, if so, how) your *clients* can direct your vote in a particular solicitation. Describe how you address conflicts of interest between you and your *clients* with respect to voting their securities. Describe how *clients* may obtain information from you about how you voted their securities. Explain to *clients* that they may obtain a copy of your proxy voting policies and procedures upon request.

The final decision lies with the portfolio manager and under normal circumstances clients cannot direct voting preferences. Diagram below to show the process.

## Proxy Voting Process

Input: Voting Decision

Output: Processed Vote

- B. If you do not have authority to vote *client* securities, disclose this fact. Explain whether *clients* will receive their proxies or other solicitations directly from their custodian or a transfer agent or from you, and discuss whether (and, if so, how) *clients* can contact you with questions about a particular solicitation.

### Item 18 Financial Information

- A. If you require or solicit prepayment of more than \$1,200 in fees per *client*, six months or more in advance, include a balance sheet for your most recent fiscal year.

All fees are payable in arrears

- The balance sheet must be prepared in accordance with generally accepted accounting principles, audited by an independent public accountant, and accompanied by a note stating the principles used to prepare it, the basis of securities included, and any other explanations required for clarity.
- Show parenthetically the market or fair value of securities included at cost.

3. Qualifications of the independent public accountant and any accompanying independent public accountant's report must conform to Article 2 of SEC Regulation S-X.

**Note:** If you are a sole proprietor, show investment advisory business assets and liabilities separate from other business and personal assets and liabilities. You may aggregate other business and personal assets unless advisory business liabilities exceed advisory business assets.

**Note:** If you have not completed your first fiscal year, include a balance sheet dated not more than 90 days prior to the date of your *brochure*.

**Exception:** You are not required to respond to Item 18.A of Part 2A if you also are: (i) a qualified custodian as defined in SEC rule 206(4)-2 or similar state rules; or (ii) an insurance company.

B. If you have *discretionary authority* or *custody* of *client* funds or securities, or you require or solicit prepayment of more than \$1,200 in fees per *client*, six months or more in advance, disclose any financial condition that is reasonably likely to impair your ability to meet contractual commitments to *clients*.

**Note:** With respect to Items 18.A and 18.B, if you are registered or are registering with one or more of the *state securities authorities*, the dollar amount reporting threshold for including the required balance sheet and for making the required financial condition disclosures is more than \$500 in fees per *client*, six months or more in advance.

MIMA is not aware of any financial condition that is reasonably likely to impair its ability to meet contractual commitments to its clients.

C. If you have been the subject of a bankruptcy petition at any time during the past ten years, disclose this fact, the date the petition was first brought, and the current status.

MIMA has not been the subject of any bankruptcy petition at any time during the past ten years.

**If you are registering or are registered with one or more *state securities authorities***

Item 19 Requirements for State-Registered Advisers

- A. Identify each of your principal executive officers and *management persons*, and describe their formal education and business background. If you have supplied this information elsewhere in your Form ADV, you do not need to repeat it in response to this Item.

N/A

- B. Describe any business in which you are actively engaged (other than giving investment advice) and the approximate amount of time spent on that business. If you have supplied this information elsewhere in your Form ADV, you do not need to repeat it in response to this Item.

N/A

- C. In addition to the description of your fees in response to Item 5 of Part 2A, if you or a *supervised person* are compensated for advisory services with *performance-based fees*, explain how these fees will be calculated. Disclose specifically that performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the *client*.

N/A

- D. If you or a *management person* has been *involved* in one of the events listed below, disclose all material facts regarding the event.

N/A

1. An award or otherwise being *found* liable in an arbitration claim alleging damages in excess of \$2,500, *involving* any of the following:

- (a) an investment or an *investment-related* business or activity;
- (b) fraud, false statement(s), or omissions;
- (c) theft, embezzlement, or other wrongful taking of property;
- (d) bribery, forgery, counterfeiting, or extortion; or
- (e) dishonest, unfair, or unethical practices.

2. An award or otherwise being *found* liable in a civil, *self-regulatory organization*, or administrative *proceeding involving* any of the following:

- (a) an investment or an *investment-related* business or activity;
- (b) fraud, false statement(s), or omissions;
- (c) theft, embezzlement, or other wrongful taking of property;
- (d) bribery, forgery, counterfeiting, or extortion; or
- (e) dishonest, unfair, or unethical practices.

- E. In addition to any relationship or arrangement described in response to Item 10.C. of Part 2A, describe any relationship or arrangement that you or any of your *management persons* have with any issuer of securities that is not listed in Item 10.C. of Part 2A.
