## Item 4: Advisory Business

We specialize in the following types of services: Comprehensive Portfolio Management, Financial Planning & Consulting, Pension Consulting, and LPL Sponsored Advisory Programs. Our assets under management are \$0 as of October 2013.

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a corporation formed in the State of Georgia. Our firm has been in business as an investment adviser since 2013 and is owned wholly by Mr. J. Preston Byers.

### Description of the Types of Advisory Services We Offer

---

#### **Comprehensive Portfolio Management:**

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds ("ETFs"), mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

#### **Financial Planning & Consulting:**

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial

situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

### **Pension Consulting:**

We provide pension consulting services to employer plan sponsors on a one-time or ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

### **LPL Sponsored Advisory Programs:**

Our firm may provide advisory services through certain programs sponsored by LPL Financial, LLC ("LPL"), a registered investment advisor and broker-dealer. Below is a brief description of each LPL advisory program available to our firm. For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the LPL Financial Form ADV Part 2 or the applicable program's Appendix 1 (Wrap Fee Program Brochure) and the applicable client agreement.

The following advisory services are made available through LPL:

- **Manager Access Select (MAS)**

Manager Access Select provides clients access to the investment advisory services of professional portfolio management firms for the individual management of client accounts. We will assist client in identifying a third party portfolio manager (Portfolio Manager) from a list of Portfolio Managers made available by LPL Financial. The Portfolio Manager manages client's assets on a discretionary basis. We will provide initial and ongoing assistance regarding the Portfolio Manager selection process. A minimum account value of \$100,000 is required for Manager Access Select, however, in certain instances, the minimum account size may be lower or higher.

## Tailoring of Advisory Services

---

We offer individualized investment advice to clients utilizing our Comprehensive Portfolio Management service. Additionally, we offer general investment advice to clients utilizing our Financial Planning & Consulting, Pension Consulting and LPL Sponsored Advisory services.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Comprehensive Portfolio Management service. We do not manage assets through our other services.

## Participation in Wrap Fee Programs

---

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”) of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

## Regulatory Assets Under Management

---

As of October 2013, we manage<sup>1</sup> \$0 on a discretionary basis and \$0 on a non-discretionary basis.

# Item 5: Fees & Compensation

## How We Are Compensated for Our Advisory Services

---

### Comprehensive Portfolio Management:

**Assets Under Management**  
Any Assets

**Annual Percentage of Assets Charge**  
Up to 2.50%

Our firm’s fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Our fees are generally not negotiable. Fees will generally be automatically deducted from your managed account\*. As part of this process, you understand and acknowledge the following:

- a) LPL Financial as your custodian sends statements at least quarterly to you showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting LPL Financial to deduct these fees;
- c) LPL Financial calculates the advisory fees for all flat fee schedules and deducts them from your account.

---

<sup>1</sup> Please note that our method for computing the amount of “client assets we manage” can be different from the method for computing “assets under management” required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute “client assets we manage,” we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our “as of” date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

- d) LPL Financial calculates all tiered advisory fee accounts. LPL Financial will deduct advisory fees from your account.

\*In rare cases, we will agree to direct bill clients.

### **Financial Planning & Consulting:**

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fees range from \$100 to \$500. Our flat fees generally range from \$750 to \$10,000. Our fees are negotiable.

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

### **Pension Consulting:**

We charge on an hourly or flat fee basis for pension consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee ranges from \$100 to \$500. Our flat fees generally range from \$750 to \$10,000. Flat fees will be charged annually for ongoing pension consulting services. Our fees are negotiable.

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement. The client will be invoiced directly for the fees.

### **LPL Sponsored Advisory Programs:**

The account fee charged to the client for each LPL advisory program is negotiable, subject to the following maximum account fees:

<b>Advisory Program</b>	<b>Annual Percentage of Assets Charge</b>
Manager Access Select	3.00%

LPL Financial has a separate billing process which we have no control over. In general, they will directly bill you and describe how this works in their separate written disclosure documents.

### **Other Fees:**

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

### **Refunds Following Termination**

---

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

### **Commissionable Securities Sales**

---

In order to sell securities for a commission, our supervised persons are registered representatives of LPL Financial, LLC (“LPL”), member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service (“trail”) fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

1. Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise:
  - a) when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client;
  - b) when recommending commissionable mutual funds, explaining that “no-load” funds are also available.
2. In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

## **Item 6: Performance-Based Fees & Side-By-Side Management**

We do not accept performance-based fees.

## **Item 7: Types of Clients & Account Requirements**

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types.

We do not have requirements for opening and maintaining accounts or otherwise engaging us.

LPL Sponsored Advisory Programs have the following requirements:

- MAS: A minimum account value of \$100,000 is required. In certain instances, however, the minimum account size may be lower or higher.

## **Item 8: Methods of Analysis, Investment Strategies & Risk of Loss**

Our investment philosophy is built on the basic beliefs that investors should be adequately compensated for the risks they take, should be positioned to have a high probability of reaching their goals. Our investment analysis and portfolio construction process seeks to balance the investor's risk tolerance and current resources capacity with their quest for reasonable investment returns. Therefore our investment strategies may vary depending upon each client's specific financial situation. As such we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

We may use one or more of the following methods of analysis or investment strategies when providing investment advice:

- Fundamental Analysis
- Technical Analysis
- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities held less than one year)
- Trading (Securities sold within 30 days)
- Margin Transactions
- Option Writing, including Covered Options, Uncovered options or Spreading Strategies

Our investment strategies and analysis are developed and conducted by our Investment Professionals. We utilize quantitative analysis which may include analysis of management expertise, industry and market cycles, strength of research and development as well as fundamental analysis and research which includes reviewing financial analysts' reports to gain insight on the future performance of a security to guide our investment allocation decisions. We first consider the development of long-term capital market assumptions. We then work with the client to develop strategic asset allocations designed to address risk and reward over a given time period.

Other considerations are used to provide guidance on shorter-term decisions in investment management. These considerations include the timing of rebalancing, investing cash, making distributions, and tactical over or under-weights in the previously developed strategic allocation. These methods include technical analysis (charting current trends and trend reversals), quantitative analysis (reviewing market and economic trends), and global macro analysis of overall economic and political views of various countries.

We may use margin transactions or option writing when managing your account(s) although these types of transactions are not a fundamental part of our overall investment strategy. We may use these transactions occasionally when we determine that it is suitable given your restated investment objectives and tolerance for risk.

We consider multiple time horizons, including long, medium, and short term, when determining strategies. Depending on the client's needs, we may employ various risk-management strategies.

**Please Note:**

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

## **Item 9: Disciplinary Information**

There are no legal or disciplinary events material to the evaluation of our advisory business or the integrity of our management.

## **Item 10: Other Financial Industry Activities & Affiliations**

Representatives of our firm are registered representatives of LPL, member FINRA/SIPC. They may offer securities and receive normal and customary commissions as a result of securities transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn.

Representatives of our firm are insurance agents/brokers. They may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest may arise as these insurance sales may create an incentive to recommend products based on the compensation adviser and/or our supervised persons may earn and may not necessarily be in the best interests of the client.

## **Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading**

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts<sup>2</sup>. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

<sup>2</sup> For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 24 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

## **Item 12: Brokerage Practices**

### **Selecting a Brokerage Firm**

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided

- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

With this in consideration, our firm has an arrangement with LPL and participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC/NFA. LPL & TD Ameritrade offers to independent investment advisers non-oft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from LPL & TD AMERITRADE through our participation in the program. Please see the disclosure under Item 14 of this Brochure.

LPL & TD Ameritrade may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by LPL & TD Ameritrade may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by LPL & TD Ameritrade to our firm in the performance of our investment decision-making responsibilities.

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As a result of receiving the services discussed in 12A.1, we may have an incentive to continue to use or expand the use of LPL & TD Ameritrade services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with LPL & TD Ameritrade and we have determined that the relationship is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

LPL & TD Ameritrade charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). LPL & TD Ameritrade enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. LPL & TD Ameritrade commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by LPL & TD Ameritrade may be higher or lower than those charged by other custodians and broker-dealers.

Our non-wrap fee program clients may pay a commission to LPL & TD Ameritrade that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into

consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

---

### **Soft Dollars**

Although the non-soft dollar investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

Excluding the Safe Harbor provision outlined in Section 28(e) of the Securities Exchange Act of 1934, we do not receive have any soft dollar relationships and do not direct client transactions to a particular broker-dealer in return for soft dollar benefits.

Our firm does not accept products or services that do not qualify for Safe Harbor outlined in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution.

---

### **Brokerage for Client Referrals**

Our firm does not receive brokerage for client referrals.

---

### **Directed Brokerage**

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm recommends the use of LPL & TD Ameritrade. Each client will be required to establish their account(s) with LPL & TD Ameritrade if not already done. Please note that not all advisers have this requirement.

---

### **Special Considerations for ERISA Clients**

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

---

### **Permissibility of Client-Directed Brokerage**

We allow clients to direct brokerage outside our recommendation. However, we may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

## **Aggregation of Purchase or Sale**

---

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

## **Item 13: Review of Accounts or Financial Plans**

We review accounts on at least a quarterly basis for our clients subscribing to our Comprehensive Portfolio Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to our Comprehensive Portfolio Management service.

Pension Consulting clients receive reviews of their pension plans for the duration of the pension consulting service. We also provide ongoing services to Pension Consulting clients where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Pension Consulting clients do not receive written or verbal updated reports regarding their pension plans unless they choose to contract with us for ongoing Pension Consulting services.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

## Item 14: Client Referrals & Other Compensation

### LPL Financial LLC

---

#### Investment or Brokerage Discretion

We provide discretionary portfolio management services where the investment advice provided is custom tailored to meet the needs and investment objectives of each client. Accordingly, we are authorized to perform various functions, at the client's expense, without further approval from the client. Such functions include the determination of securities to be purchased/sold and the amount of securities to be purchased/sold. We do not have discretionary authority over the broker or dealer to be used.

#### Suggestion of Brokers to Clients

We shall recommend LPL Financial. LPL is the broker-dealer with which our representatives are also associated. As a result of the individual association of our representatives with LPL, we are generally required to utilize the brokerage/custodial services of LPL for investment advisory accounts. Our general policies relative to the execution of client securities brokerage transactions are as follows:

##### Execution of Brokerage Transactions (when applicable)

In seeking "best execution", the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution. LPL also takes into consideration the full range of a broker-dealer's services including execution capability, commission rates, and responsiveness. Although LPL will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for all account transactions.

Over-the-Counter (OTC) securities transactions are generally effected based on two (2) separate broker-dealers: (1) a "dealer" or "principal" acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client may also incur the transaction fee imposed by the executing broker-dealer. We do not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.

Transactions for each client account will be effected independently. We individually review each client's account and place trades accordingly. Despite being purchased or sold at approximately the same time all clients' transactions will incur individual transaction fees.

#### Additional Compensation

We may receive from LPL or a mutual fund company, without cost and/or at a discount non soft-dollar support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware

and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

### **TD Ameritrade**

---

As disclosed under Item 12 of this Brochure, we participate in TD Ameritrade's institutional customer program and we may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our Clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

### **Referral Fees**

---

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with Rule 206 (4)-3 of the Investment Advisers Act of 1940 and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

## **Item 15: Custody**

We do not have custody of client funds or securities. All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

## **Item 16: Investment Discretion**

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

## **Item 17: Voting Client Securities**

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

## **Item 18: Financial Information**

We are not required to provide financial information in this Brochure because we do not require the prepayment of more than \$1,200 in fees and six or more months in advance, we do not take custody of client funds or securities and we do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
