Item 4: Advisory Business

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of Texas. Our firm has been in business as an investment adviser since 2014 and is owned by Carroll Investment Management, LLC and Jeffrey Peace.

Advisory Services We Offer

Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Retirement Plan Consulting:

Our firm provides retirement plan consulting services to employer plan sponsors on an ongoing basis. Generally, such consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

Retirement Plan Consulting services typically include:

- Establishing an Investment Policy Statement – Our firm will assist in the development a statement that summarizes the investment goals and objectives along with the broad strategies to be employed to meet the objectives.
- Investment Options – Our firm will work with the Plan Sponsor to evaluate existing investment options and make recommendations for appropriate changes.
- Asset Allocation and Portfolio Construction – Our firm will develop strategic asset allocation models to aid Participants in developing strategies to meet their investment objectives, time horizon, financial situation and tolerance for risk.
- Investment Monitoring – Our firm will monitor the performance of the investments and notify the client in the event of over/underperformance and in times of market volatility.

In providing services for retirement plan consulting, our firm does not provide any advisory services with respect to the following types of assets: employer securities, real estate (excluding real estate funds and publicly traded REITS), participant loans, non-publicly traded securities or assets, other illiquid investments, or brokerage window programs (collectively, “Excluded Assets”).

All retirement plan consulting services shall be in compliance with the applicable state laws regulating retirement consulting services. This applies to client accounts that are retirement or other employee benefit plans (“Plan”) governed by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). If the client accounts are part of a Plan, and our firm accepts appointment to provide services to such accounts, our firm acknowledges its fiduciary standard within the meaning of Section 3(21) or 3(38) of ERISA as designated by the Retirement Plan Consulting Agreement with respect to the provision of services described therein.

LPL Advisory Programs:

Our firm may provide advisory services through certain programs sponsored by LPL Financial, LLC (“LPL”), a registered investment advisor and broker-dealer. Below is a brief description of each LPL advisory program available to our firm. For more information regarding the LPL programs, including more information on the advisory services and fees that apply, the types of investments available in the programs and the potential conflicts of interest presented by the programs please see the LPL Form ADV Part 2 or the applicable program’s Appendix 1 (Wrap Fee Program Brochure) and the applicable client agreement. The following advisory services are made available through LPL:

- **Manager Access Select (MAS)**

Manager Access Select provides clients access to the investment advisory services of professional portfolio management firms for the individual management of client accounts. We will assist client in identifying a third party portfolio manager (Portfolio Manager) from a list of Portfolio Managers made available by LPL Financial. The Portfolio Manager

manages client's assets on a discretionary basis. We will provide initial and ongoing assistance regarding the Portfolio Manager selection process. A minimum account value of \$100,000 is required for Manager Access Select, however, in certain instances, the minimum account size may be lower or higher.

- **Model Wealth Portfolios Program (MWP)**

MWP offers clients a professionally managed mutual fund asset allocation program. Our firm will obtain the necessary financial data from the client, assist the client in determining the suitability of the MWP program and assist the client in setting an appropriate investment objective. The Advisor will initiate the steps necessary to open an MWP account and have discretion to select a model portfolio designed by LPL's Research Department consistent with the client's stated investment objective. LPL's Research Department is responsible for selecting the mutual funds within a model portfolio and for making changes to the mutual funds selected.

The client will authorize LPL to act on a discretionary basis to purchase and sell mutual funds (including in certain circumstances exchange traded funds) and to liquidate previously purchased securities. The client will also authorize LPL to effect rebalancing for MWP accounts.

In the future, the MWP program may make available model portfolios designed by strategists other than LPL's Research Department. If such models are made available, Advisor will have discretion to choose among the available models designed by LPL and outside strategists. A minimum account value of \$25,000 - \$80,000 is required for MWP depending upon the model selected.

- **Optimum Market Portfolios Program (OMP)**

OMP offers clients the ability to participate in a professionally managed asset allocation program using Optimum Funds Class I shares. Under OMP, client will authorize LPL on a discretionary basis to purchase and sell Optimum Funds pursuant to investment objectives chosen by the client. We will assist the client in determining the suitability of OMP for the client and assist the client in setting an appropriate investment objective. We will have discretion to select a mutual fund asset allocation portfolio designed by LPL consistent with the client's investment objective. LPL will have discretion to purchase and sell Optimum Funds pursuant to the portfolio selected for the client. LPL will also have authority to rebalance the account. A minimum account value of \$15,000 is required for OMP.

- **Personal Wealth Portfolios Program (PWP)**

PWP offers clients an asset management account using asset allocation model portfolios designed by LPL. Advisor will have discretion for selecting the asset allocation model portfolio based on client's investment objective. Advisor will also have discretion for selecting third party money managers (PWP Advisors) or mutual funds within each asset class of the model portfolio. LPL will act as the overlay portfolio manager on all PWP accounts and will be authorized to purchase and sell on a discretionary basis mutual funds and equity and fixed income securities. A minimum account value of \$250,000 is required for PWP.

Tailoring of Advisory Services

We offer individualized investment advice to clients utilizing our Asset Management services. Additionally, we offer general investment advice to clients utilizing our Financial Planning & Consulting, Retirement Plan Consulting and LPL Advisory Programs services. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management service. We do not manage assets through our other services.

Participation in Wrap Fee Programs

We offer wrap fee programs as further described in Part 2A, Appendix 1 (the “Wrap Fee Program Brochure”) of our Brochure. Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client’s investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts. As further described in our Wrap Fee Program Brochure, we receive a portion of the wrap fee for our services.

Regulatory Assets Under Management

As of December 31, 2015, our firm manages¹ \$95,811,064 on a discretionary basis.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Asset Management:

The maximum annual fee to be charged for this service will not exceed 3.00%. The fee assessed each account will be outlined in a separate advisory agreement for the client to sign. Our firm’s fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter. Our fees are negotiable. Fees will be deducted from your managed account. Please note that fees will be adjusted for deposits and withdrawals made during the quarter. As part of this process, you understand and acknowledge the following:

- a) LPL as your custodian sends statements at least quarterly to you showing all disbursements for your account, including the amount of the advisory fees paid to us;
- b) You provide authorization permitting LPL to deduct these fees; and
- c) LPL calculates the advisory fees for all flat fee schedules and deducts them from your account.

¹ Please note that our method for computing the amount of “client assets we manage” can be different from the method for computing “assets under management” required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute “client assets we manage,” we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our “as of” date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our hourly fee may be up to \$350. Flat fees generally range from \$1,500 to \$10,000. We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

Retirement Plan Consulting:

Our Retirement Plan Consulting services are billed on an hourly or flat fee basis or a fee based on the percentage of Plan assets under management. The total estimated fee, as well as the ultimate fee charged, is based on the scope and complexity of our engagement with the client. The maximum hourly fee to be charged will not exceed \$350. Our flat fees range from \$1,500 to \$10,000. Fees based on a percentage of managed Plan assets will not exceed 1.00%. The fee-paying arrangements for Retirement Plan Consulting service will be determined on a case-by-case basis and will be detailed in the signed consulting agreement. Clients will be invoiced directly for the fees.

LPL Sponsored Advisory Programs

The account fee charged to the client for each LPL advisory program is negotiable, subject to the following maximum account fees:

Advisory Program	Annual Percentage of Assets Charge
Manager Access Select	Up to 3.00%
Model Wealth Portfolio	Up to 2.50%
Optimum Market Portfolio	Up to 2.50%
Personal Wealth Portfolio	Up to 2.50%

LPL has a separate billing process which we have no control over. In general, they will directly bill you and describe how this works in their separate written disclosure documents.

Other Fees

Non-Wrap fee Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Wrap fee clients will receive our Form ADV, Part 2A, Appendix 1 (the "Wrap Fee Program Brochure"). Wrap fee clients will not incur transaction costs for trades. More information about this is disclosed in our separate Wrap Fee Program Brochure.

Refunds Following Termination

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in

writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Financial Planning & Consulting clients may terminate their agreement at any time before the delivery of a financial plan by providing written notice. For purposes of calculating refunds, all work performed by us up to the point of termination shall be calculated at the hourly fee currently in effect. Clients will receive a pro-rata refund of unearned fees based on the time and effort expended by our firm.

Either party to a Retirement Plan Consulting Agreement may terminate at any time by providing written notice to the other party. Full refunds will only be made in cases where cancellation occurs within five (5) business days of signing an agreement. After five (5) business days from initial signing, either party must provide the other party thirty (30) days written notice to terminate billing. Billing will terminate 30 days after receipt of termination notice. Clients will be charged on a pro-rata basis, which takes into account work completed by our firm on behalf of the client. Clients will incur charges for bona fide advisory services rendered up to the point of termination (determined as 30 days from receipt of said written notice) and such fees will be due and payable.

Commissionable Securities Sales

In order to sell securities for a commission, our supervised persons are registered representatives of LPL, member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

1. Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client; and/or when recommending commissionable mutual funds, explaining that "no-load" funds are also available.
2. In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

Item 6: Performance-Based Fees & Side-By-Side Management

Our firm does not charge performance-based fees.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Corporations, Limited Liability Companies and/or Other Business Types.

We do not have requirements for opening and maintaining accounts or otherwise engaging us.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis:

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

- Charting;
- Cyclical;
- Fundamental; and
- Technical.

Investment Strategies We Use:

We use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Short Sales;
- Margin Transactions; and
- Option Writing, including Covered Options, Uncovered Options or Spreading Strategies.

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Representatives of our firm are registered representatives of LPL, member FINRA/SIPC, and licensed insurance agents. They may offer products and receive normal and customary commissions as a result of these transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts². In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 24 hours prior to buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

² For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Item 12: Brokerage Practices

Selecting a Brokerage Firm

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Liquidity of the securities traded
- Willingness to commit capital
- Ability to place trades in difficult market environments
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

Our firm may recommend that clients establish brokerage accounts with LPL, member FINRA/SIPC. Clients are advised that they are under no obligation to implement our recommendations and may choose a broker-dealer at their discretion. Clients may pay commissions or fees that are higher or lower than those that may be obtained from elsewhere for similar services.

We do not receive soft dollars generated by the securities transactions of our clients. The term "soft dollars" refers to funds which are generated by client trades "commission rebates or credits" being used by our firm to purchase products or services (such as research and enhanced brokerage services) from or through the broker-dealers whom our firm engages to execute securities transactions. In addition, neither our firm nor our related person(s) have authority to determine, without specific client consent, the broker-dealer to be used in any securities transaction or the commission rate to be paid.

Our firm, however, does receive some "eligible" products and services under safe harbor as determined under the Securities and Exchange Act, Section 28(e). These products and services include: national, regional or investment adviser specific educational events organized and/or sponsored by LPL; professional compliance; legal and business consulting; publications and conferences on practice management; information technology; business succession; employee benefits providers; human capital consultants; insurance; and marketing. In addition, LPL may make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. LPL may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. While, as a fiduciary, our firm endeavors to act in its clients' best interests, Adviser's

recommendation/requirement that clients maintain their assets in accounts at LPL may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost, or quality of custody and brokerage services provided by LPL, which may create a potential conflict of interest.

As a result of receiving such “eligible” products and services for no cost, we may have an incentive to continue to place client trades through broker-dealers that offer those products and services. This interest conflicts with the clients' interest of obtaining the lowest commission rate available. Therefore, we must determine in good faith, that such commissions are reasonable in relation to the value of the services provided by such executing broker-dealers. Our firm examined this potential conflict of interest when we chose to enter into the relationship with LPL Financial and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

Brokerage For Client Referrals

Our firm does not refer clients to particular broker-dealers in exchange for client referrals from those broker-dealers.

Directed Brokerage

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm recommends the use of LPL. Each client will be required to establish their account(s) with LPL if not already done. Please note that not all advisers have this requirement.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We do not aggregate the purchase or sale of securities for various client accounts but rather review accounts independently and place transactions accordingly. Whether or not securities are purchased or sold at approximately the same time, all client transactions will incur individual transaction fees. Whether or not we aggregate our orders, LPL does bunch orders. The advantage of bunching is that orders are handled in a way that may mitigate market impact, when applicable and possible. If orders are bunched, each client gets the same average execution price.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients subscribing to our Asset Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to our Asset Management service. Only our Financial Advisors or Portfolio Managers will conduct reviews.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Retirement Plan Consulting clients receive reviews of their retirement plans for the duration of the service. Our firm also provides ongoing services where clients are met with upon their request to discuss updates to their plans, changes in their circumstances, etc. Retirement Plan Consulting clients do not receive written or verbal updated reports regarding their plans unless they choose to engage our firm for ongoing services.

Item 14: Client Referrals & Other Compensation

LPL Financial LLC

Investment or Brokerage Discretion

We provide discretionary portfolio management services where the investment advice provided is custom tailored to meet the needs and investment objectives of each client. Accordingly, we are authorized to perform various functions, at the client's expense, without further approval from the client. Such functions include the determination of securities to be purchased/sold and the amount of securities to be purchased/sold. We do not have discretionary authority over the broker or dealer to be used.

Suggestion of Brokers to Clients

We shall recommend LPL. LPL is the broker-dealer with which our representatives are also associated. As a result of the individual association of our representatives with LPL, we are generally required to utilize the brokerage/custodial services of LPL for investment advisory accounts. Our general policies relative to the execution of client securities brokerage transactions are as follows:

Execution of Brokerage Transactions (when applicable)

In seeking “best execution”, the determinative factor is not the lowest possible commission cost, but whether the transaction represents the best qualitative execution. LPL also takes into consideration the full range of a broker-dealer's services including execution capability, commission rates, and responsiveness. Although LPL will seek competitive commission rates, it may not necessarily obtain the lowest possible commission rates for all account transactions.

Over-the-Counter (OTC) securities transactions are generally effected based on two (2) separate broker-dealers: (1) a “dealer” or “principal” acting as market-maker; and (2) the executing broker-dealer that acts in an agency capacity. Dealers executing principal transactions typically include a mark-up/down, which is included in the offer or bid price of the securities purchased or sold. In addition to the dealer mark-up/down, the client may also incur the transaction fee imposed by the executing broker-dealer. We do not receive any portion of the dealer mark-up/down or the executing broker-dealer transaction fee.

Transactions for each client account will be effected independently. We individually review each client's account and place trades accordingly. Despite being purchased or sold at approximately the same time all clients' transactions will incur individual transaction fees.

Additional Compensation

We may receive from LPL or a mutual fund company, without cost and/or at a discount non soft-dollar support services and/or products, to assist us to better monitor and service client accounts maintained at such institutions. Included within the support services we may receive investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by us to assist us in our investment advisory business operations.

Our clients do not pay more for investment transactions effected and/or assets maintained at LPL as result of this arrangement. There is no commitment made by us to LPL or any other institution as a result of the above arrangement.

Referral Fees

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Item 15: Custody

Our firm does not have custody of client funds or securities. All of our clients receive account statements directly from their qualified custodians at least quarterly upon opening of an account. If our firm decides to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm. Clients are encouraged to raise any

questions with us about the custody, safety or security of their assets and our custodial recommendations.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, the total amount to be bought and sold, and the costs at which the transactions will be effected. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

We are not required to provide financial information in this Brochure because we do not require the prepayment of more than \$1,200 in fees and six or more months in advance, we do not take custody of client funds or securities and we do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients. Our firm has never been the subject of a bankruptcy proceeding.
