Date of Disclosure Brochure: March 2017

This disclosure brochure provides information about the qualifications and business practices of Tyler-Stone Wealth Management, LLC (also referred to as we, us and Tyler-Stone Wealth Management throughout this disclosure brochure). If you have any questions about the contents of this disclosure brochure, please contact Ann K. Davidson at 216-295-0945 or ann.davidson@lpl.com. The information in this disclosure brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Tyler-Stone Wealth Management, LLC is also available on the Internet at www.adviserinfo.sec.gov. You can view our firm's information on this website by searching for Tyler-Stone Wealth Management, LLC or our firm's CRD number 173667.

*Registration as an investment adviser does not imply a certain level of skill or training.

Item 2 – Material Changes

Since the last amendment to this brochure was filed in February 2016, the following material changes have been made to this disclosure brochure:

- We have added addition information related to potential conflicts of interest resulting from our investment advisor representatives also being registered as registered representatives of a broker dealer. Please see **Item 4 – Advisory Business, Item 5 – Fees and Compensation, Item 10 Other Business Activities, Item - 12 Brokerage Practices** and **Item 14 – Additional Compensation** for more information.
- We have added an additional management program please see **Item 4 – Advisory Business** and **Item 5 – Fees and Compensation** for more information.

We will ensure that you receive a summary of any material changes to this and subsequent disclosure brochures within 120 days after our firm's fiscal year ends. Our firm's fiscal year ends on December 31, so you will receive the summary of material changes no later than April 30 each year. At that time we will also offer or provide a copy of the most current disclosure brochure. We may also provide other ongoing disclosure information about material changes as necessary.

Item 4 – Advisory Business

Tyler-Stone Wealth Management is an investment adviser registered with the United States Securities and Exchange Commission (“SEC”) and is a corporation formed under the laws of the State of Ohio.

- Marc Stone is a Member and a 50% owner of Tyler-Stone Wealth Management.
- William Tyler is a member and a 50% owner of Tyler-Stone Wealth Management.
- Tyler-Stone Wealth Management filed its initial application to become registered as an investment adviser in January 2015.

Introduction

The investment advisory services of Tyler-Stone Wealth Management are provided to you through an appropriately licensed and qualified individual who is an investment adviser representative of Tyler-Stone Wealth Management (referred to as your investment adviser representative throughout this brochure).

Your investment adviser representative typically is not an employee of Tyler-Stone Wealth Management, LLC; rather, your investment adviser representative typically is an independent contractor of Tyler-Stone Wealth Management, LLC.

Your investment adviser representative is limited to providing the services and charging investment advisory fees in accordance with the descriptions detailed in this brochure. However, the exact services you receive and the fees you will be charged will be specified in your advisory services agreement.

Description of Advisory Services

The following are descriptions of the primary advisory services of Tyler-Stone Wealth Management. Please understand that a written agreement, which details the exact terms of the service, must be signed by you and Tyler-Stone Wealth Management before we can provide you the services described below.

Asset Management Services – Tyler-Stone Wealth Management offers asset management services, which involves Tyler-Stone Wealth Management providing you with continuous and ongoing supervision over your specified accounts.

You must appoint our firm as your investment adviser of record on specified accounts (collectively, the “Account”). The Account consists only of separate account(s) held by qualified custodian(s) under your name. The qualified custodians maintain physical custody of all funds and securities of the Account, and you retain all rights of ownership (e.g., right to withdraw securities or cash, exercise or delegate proxy voting and receive transaction confirmations) of the Account.

The Account is managed by us based on your financial situation, investment objectives and risk tolerance. We actively monitor the Account and provide advice regarding buying, selling, reinvesting or holding securities, cash or other investments of the Account.

We will need to obtain certain information from you to determine your financial situation and investment objectives. You will be responsible for notifying us of any updates regarding your financial situation, risk tolerance or investment objective and whether you wish to impose or modify existing investment restrictions; however we will contact you at least annually to discuss any changes or updates regarding your financial situation, risk tolerance or investment objectives. We are always reasonably available to consult with you relative to the status of your Account. You have the ability to impose reasonable restrictions on the management of your accounts, including the ability to instruct us not to purchase certain securities.

It is important that you understand that we manage investments for other clients and may give them advice or take actions for them or for our personal accounts that is different from the advice we provide to you or actions taken for you. We are not obligated to buy, sell or recommend to you any security or other investment that we may buy, sell or recommend for any other clients or for our own accounts.

Conflicts may arise in the allocation of investment opportunities among accounts that we manage. We strive to allocate investment opportunities believed to be appropriate for your account(s) and other accounts advised by our firm among such accounts equitably and consistent with the best interests of all accounts involved. However, there can be no assurance that a particular investment opportunity that comes to our attention will be allocated in any particular manner. If we obtain material, non-public information about a security or its issuer that we may not lawfully use or disclose, we have absolutely no obligation to disclose the information to any client or use it for any client's benefit.

Tyler-Stone Managed Asset Program

We are the sponsor of the Tyler-Stone Managed Asset Program ("Tyler-Stone MAP"), a wrap fee or non-wrap fee asset management program developed through an arrangement using LPL Financial Corporation's ("LPL") Strategic Wealth Management platform. Through the Tyler-Stone MAP, we provide investment management services, including providing continuous investment advice to and making investments for you based on your individual needs. Through this service, we offer a customized and individualized investment program. A specific asset allocation strategy and suitability profile is crafted to focus on your specific goals and objectives. Your information should be updated regularly, but at a minimum every 2 years.

Tyler-Stone MAP accounts are custodied at LPL in its capacity as a registered broker/dealer, member FINRA/SIPC. LPL is also an investment advisor registered with the SEC, but does not serve as an investment advisor for you through the Tyler-Stone MAP. LPL provides clearing, custody and other brokerage services for accounts established through the Tyler-Stone MAP. Therefore, you are required to establish a brokerage account(s) through LPL's Strategic Wealth Management platform. Separate accounts are maintained for you, and you retain all rights of ownership of you accounts (e. g., the right to withdraw securities or cash, exercise or delegate proxy voting, and receive transaction confirmations).

Tyler-Stone MAP accounts allow you to authorize us to purchase and sell, on either a discretionary basis or non-discretionary basis, portfolios consisting of securities and investments. We may limit our discretion with respect to your account and the securities eligible to be purchased for your account.

(See, Limits Advice to Certain Types of Investments under Item 4 - Advisory Business, relative to possible securities and investments utilized. See Item 16 - Investment Discretion, for information concerning discretionary authority.)

During any month that there is activity in the Tyler-Stone MAP account, you receive a monthly account statement from LPL showing account activity as well as positions held in the account at month end. Additionally, you receive a confirmation of each transaction that occurs within the Tyler-Stone MAP account unless the transaction is the result of a systematic purchase, redemption or exchange. You also receive a detailed quarterly report showing performance, positions, and activity. All account data and statements are also available on-line through the account view portal through LPL.

Financial Planning & Consulting Services - Tyler-Stone Wealth Management offers financial planning services, which involve preparing a written financial plan covering specific or multiple topics. When providing financial planning and consulting services, the role of your investment adviser representative is to find ways to help you understand your overall financial situation and help you set financial objectives. We also provide modular written financial plans which only cover those specific areas of concern mutually agreed upon by you and us. A modular written financial plan is limited or segmented and does not involve the creation of a full written financial plan. You should be aware that there are important issues that may not be taken into consideration when your investment adviser representative develops his or her analysis and recommendations under a modular written financial plan. Written financial plans prepared by us do not include specific recommendations of individual securities.

We also offer consultations in order to discuss financial planning issues when you do not need a written financial plan. We offer a one-time consultation, which covers mutually agreed upon areas of concern related to investments or financial planning. We also offer "as-needed" consultations, which are limited to consultations in response to a particular investment or financial planning issue raised or request made by you. Under an "as-needed" consultation, it will be incumbent upon you to identify those particular issues for which you are seeking our advice or consultation on.

Our financial planning and consulting services do not involve implementing any transaction on your behalf or the active and ongoing monitoring or management of your investments or accounts. You have the sole responsibility for determining whether to implement our financial planning and consulting recommendations. To the extent that you would like to implement any of our investment recommendations through Tyler-Stone Wealth Management or retain Tyler-Stone Wealth Management to actively monitor and manage your investments, you must execute a separate written agreement with Tyler-Stone Wealth Management for our asset management services.

Referral of LPL Third-Party Money Managers - Tyler-Stone Wealth Management offers advisory services by referring clients to a third-party money manager offering asset management and other investment advisory services. The third-party managers are responsible for continuously monitoring client accounts and making trades in client accounts when necessary. As a result of the referral, we are paid a portion of the fee charged and collected by the third-party money managers in the form of solicitor fees. Each solicitation arrangement is performed pursuant to a written solicitation agreement and is in compliance with SEC Rule 206(4)-3 and applicable state securities rules and regulations.

Under this program, we assist you with identifying your risk tolerance and investment objectives. We recommend third-party money managers in relation to your stated investment objectives and risk tolerance, and you may select a recommended third-party money manager or model portfolio based upon your needs. You must enter into an agreement directly with the third-party money manager who provides your designated account with asset management services. We are available to answer questions that

you may have regarding your account and act as the communication conduit between you and the third-party money manager.

The third-party money manager may take discretionary authority to determine the securities to be purchased and sold for your account. We do not have any trading authority with respect to your designated account managed by the third-party money manager.

While we review the performance of numerous third-party investment advisor firms, we have entered into a relationship LPL and will only recommend the programs described below. Any third party investment advisors recommended by us must be registered or exempt from registration in the state where you reside. You are advised that our representatives may have a conflict of interest by only offering those third party investment advisors that have agreed to pay a portion of their advisory fee to us. You are advised that there may be other third party managed programs that may be suitable to you and that may be more or less costly. No guarantees can be made that your financial goals or objectives will be achieved. Further, no guarantees of performance can be offered. Investments involve risk, including the possible loss of principal.

Optimum Market Portfolios

We have entered into an arrangement with LPL to provide services through the Optimum Market Portfolios Program ("OMP"), a wrap-fee program sponsored by LPL. If you contract for this service you must establish a brokerage account through LPL which serves as the broker/dealer and qualified custodian. OMP offers clients the ability to participate in a professionally managed asset allocation program using OMP Funds Class I shares. A minimum account value of \$15,000 is required for OMP.

We obtain your necessary financial data and assist you in determining the suitability of OMP and in setting an appropriate investment objective. We assist you with opening an account and determining an investment portfolio. Once the program minimum has been reached and a portfolio selected, LPL purchases OMP funds in amounts appropriate for the portfolio selected. LPL is responsible for rebalancing the account on the frequency selected jointly by you and us. There are several OMP funds that may be purchased within an OMP account. LPL follows a strategic asset allocation investment style in constructing portfolios for OMP clients. Asset allocation methodology is implemented by combining investments representing various asset classes that reflect differently to varying market conditions. Thus, if one asset class reacts negatively to certain market events, the potential exists for another asset class to react positively. However, there is no guarantee that the use of an asset allocation strategy will produce favorable results. We are responsible for providing you with information about the investment strategy and the portfolios selected for you.

LPL will directly provide you with quarterly account statements (monthly when activity occurs in the account), confirmations and performance reports.

Model Wealth Portfolios

We have entered into an arrangement with LPL to provide services through the Model Wealth Portfolios ("MWP") program, a wrap-fee program sponsored by LPL. If you contract for this service you must establish a brokerage account through LPL which serves as the broker/dealer and qualified custodian. MWP offers clients a professionally managed mutual fund asset allocation program in which LPL and

select other Third Party Investment Advisor firms, in their capacity as investment advisors, and we direct and manage specified client assets. A minimum account value of \$25,000 is required for MWP.

We obtain your necessary financial data and assist you in determining the suitability of MWP and in setting an appropriate investment objective. We assist you in opening an account and determining an investment portfolio designed by LPL's Research Department. LPL's Research Department is responsible for selecting the mutual funds within a portfolio and for making changes to the mutual funds selected. In certain cases a portfolio may consist only of mutual funds within the same fund family. In such a portfolio, LPL's Research Department will select only those mutual funds within the fund family.

You must grant Tyler-Stone Wealth Management discretionary authority to select the portfolios suitable for you and must grant LPL discretionary authority to select investments held within portfolios and rebalance positions within the portfolios.

LPL follows a dynamic asset allocation investment style in constructing portfolios for MWP clients. Asset allocation methodology is implemented by combining investments representing various asset classes that respond differently to varying market conditions. Thus, if one asset class reacts negatively to certain market events, the potential exists for another asset class to react positively. However, there is no guarantee that the use of an asset allocation strategy will produce favorable results. We are responsible for providing you with information about the investment strategy and the portfolios selected for you.

You receive quarterly account statements (monthly when activity occurs in the account), confirmations, and performance reports directly from LPL.

Manager Select Program

We have entered into an arrangement with LPL to provide services through the Manager Select Program ("Manager Select") sponsored by LPL. In Manager Select we assist you in identifying third-party investment advisors from a list of available advisors to assist you with respect to investment of your funds. At your request, LPL may also act as portfolio manager on Manager Select accounts. Portfolio managers may also hire one or more sub-advisors to manage all or part of your Manager Select account. LPL is responsible for conducting due diligence on third party investment advisors and approving third party investment advisors for inclusion in Manager Select. We conduct our own due diligence and approval process prior to recommending a third party investment advisor to you. A minimum account value of \$15,000 is required for Manager Select.

We assist you in completing a confidential client profile enabling you to determine appropriate investment guidelines. The confidential client profile is used to determine investment guidelines, risk tolerance, and other factors which assist in ascertaining the suitability of the Manager Select account and appropriate third party investment advisors.

Guided Wealth Portfolios (GWP)

GWP offers clients the ability to participate in a centrally managed, algorithm-based investment program, which is made available to users and clients through a web-based, interactive account management portal ("Investor Portal"). Investment recommendations to buy and sell open-end mutual funds and exchange-traded funds are generated through proprietary, automated, computer algorithms (collectively, the "Algorithm") of Xulu, Inc., doing business as FutureAdvisor ("FutureAdvisor"), based upon model

portfolios constructed by LPL and selected for the account as described below (such model portfolio selected for the account, the “Model Portfolio”). Communications concerning GWP are intended to occur primarily through electronic means (including but not limited to, through email communications or through the Investor Portal), although Tyler-Stone Wealth Management will be available to discuss investment strategies, objectives or the account in general in person or via telephone.

A preview of the Program (the “Educational Tool”) is provided for a period of up to forty-five (45) days to help users determine whether they would like to become advisory clients and receive ongoing financial advice from LPL, FutureAdvisor and Tyler-Stone Wealth Management by enrolling in the advisory service (the “Managed Service”). The Educational Tool and Managed Service are described in more detail in the GWP Program Brochure. Users of the Educational Tool are not considered to be advisory clients of LPL, FutureAdvisor or Tyler-Stone Wealth Management, do not enter into an advisory agreement with LPL, FutureAdvisor or Tyler-Stone Wealth Management, do not receive ongoing investment advice or supervisions of their assets, and do not receive any trading services.

A minimum account value of \$5,000 is required to enroll in the Managed Service.

Limits Advice to Certain Types of Investments

Tyler-Stone Wealth Management provides investment advice on the following types of investments:

- Mutual Funds
- Exchange-listed Securities
- Securities Traded Over-the-Counter
- Foreign Issues
- Certificates of Deposit
- Municipal Securities
- Variable Annuities
- Variable Life Insurance
- US Government Securities
- Options Contracts on Securities
- Options Contracts on Commodities
- Interests in Partnerships Investing in Real Estate
- Interests in Partnerships Investing in Oil and Gas Interests

Although we generally provide advice only on the products previously listed, we reserve the right to offer advice on any investment product that may be suitable for each client's specific circumstances, needs, goals and objectives.

It is not our typical investment strategy to attempt to time the market, but we may increase cash holdings modestly as deemed appropriate based on your risk tolerance and our expectations of market behavior. We may modify our investment strategy to accommodate special situations such as low basis stock, stock options, legacy holdings, inheritances, closely held businesses, collectibles, or special tax situations.

(Please refer to Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss for more information.)

Participation in Wrap Fee Programs

Tyler-Stone Wealth Management offer services through both wrap fee programs and non-wrap fee programs. A wrap fee program is defined as any advisory program under which a specified fee or fees not based directly upon transactions in a client's account is charged for investment advisory services (which may include portfolio management or advice concerning the selection of other investment advisers) and the execution of client transactions. Whenever a fee is charged to a client for services described in this brochure (whether wrap fee or non-wrap fee), we will receive all or a portion of the fee charged.

WRAP Fee Program Disclosure

As representative of LPL Financial, LLC, the investment advisor representatives of Tyler-Stone Wealth Management have the ability to offer the WRAP account services conducted under the Tyler-Stone Wealth Management MAP Program II through the LPL through the SWM II program. Although clients do not pay a transaction charge for transactions in a SWM II account, clients should be aware that Tyler-Stone Wealth Management pays LPL transaction charges for those transactions. The transaction charges paid by Tyler-Stone Wealth Management vary based on the type of transaction (e.g., mutual fund, equity or ETF) and for mutual funds based on whether or not the mutual fund pays 12b-1 fees and/or recordkeeping fees to LPL. Transaction charges paid by the Advisor for equities and ETFs are \$9. For mutual funds, the transaction charges range from \$0 to \$26.50. Because Tyler-Stone Wealth Management pays the transaction charges in SWM II accounts, there is a conflict of interest in cases where the mutual fund is offered at both \$0 and \$26.50. Clients should understand that the cost to Advisor of transaction charges may be a factor that Tyler-Stone Wealth Management considers when deciding which securities to select and how frequently to place transactions in a SWM II account.

In many instances, LPL makes available mutual funds in a SWM II account that offer various classes of shares, including shares designated as Class A Shares and shares designed for advisory programs, which can be titled, for example, as "Class I," "institutional," "investor," "retail," "service," "administrative" or "platform" share classes ("Platform Shares"). The Platform Share class offered for a particular mutual fund in SWM II in many cases will not be the least expensive share class that the mutual fund makes available, and was selected by LPL in certain cases because the share class pays LPL compensation for the administrative and recordkeeping services LPL provides to the mutual fund. Client should understand that another financial services firm may offer the same mutual fund at a lower overall cost to the investor than is available through SWM II. In other instances, a mutual fund may offer only Class A Shares, but another similar mutual fund may be available that offers Platform Shares. Class A Shares typically pay LPL a 12b-1 fee for providing brokerage-related services to the mutual funds. Platform Shares generally are not subject to 12b-1 fees. As a result of the different expenses of the mutual fund share classes, it is generally more expensive for a client to own Class A Shares than Platform Shares. An investor in Platform Shares will pay lower fees over time, and keep more of his or her investment returns than an investor who holds Class A Shares of the same fund.

Tyler-Stone Wealth Management has a financial incentive to recommend Class A Shares in cases where both Class A and Platform Shares are available. Although the client will not be charged a transaction charge for transactions, Advisor pays LPL a per transaction charge for mutual fund purchases and sales in the account. Tyler-Stone Wealth Management generally does not pay transaction charges for Class A Share mutual fund transactions accounts, but generally do pay transaction charges for Platform Share mutual fund transactions. The cost to Tyler-Stone Wealth Management of transaction charges generally

may be a factor Advisor considers when deciding which securities to select and whether or not to place transactions in the account.

The lack of transaction charges to Tyler-Stone Wealth Management for Class A Share purchases and sales, together with the fact that Platform Shares generally are less expensive for a client to own, present a significant conflict of interest between Tyler-Stone Wealth Management and the client. Clients should understand this conflict and consider the additional indirect expenses borne as a result of the mutual fund fees when negotiating and discussing with your Advisor the advisory fee for management of an account.

Tailor Advisory Services to Individual Needs of Clients

Tyler-Stone Wealth Management, LLC's advisory services are always provided based on your individual needs. This means, for example, that when we provide asset management services, you are given the ability to impose restrictions on the accounts we manage for you, including specific investment selections and sectors. We work with you on a one-on-one basis through interviews and questionnaires to determine your investment objectives and suitability information. Our financial planning and consulting services are always provided based on your individual needs. When providing financial planning and consulting services, we work with you on a one-on-one basis through interviews and questionnaires to determine your investment objectives and suitability information.

We will not enter into an investment adviser relationship with a prospective client whose investment objectives may be considered incompatible with our investment philosophy or strategies or where the prospective client seeks to impose unduly restrictive investment guidelines.

Client Assets Managed by Tyler-Stone Wealth Management, LLC

As of December 2016 Tyler-Stone Wealth Management managed \$150,000,000 of client assets all on a discretionary basis.

Item 5 – Fees and Compensation

In addition to the information provided in *Item 4 – Advisory Business*, this section provides additional details regarding our firm's services along with descriptions of each service's fees and compensation arrangements. It should be noted that lower fees for comparable service may be available from other sources. The exact fees and other terms will be outlined in the agreement between you and Tyler-Stone Wealth Management, LLC.

Tyler-Stone Wealth Management allows your investment adviser representative to set fees within ranges set by the firm. As a result, your investment adviser representative may charge more or less for the same service than another investment adviser representative of Tyler-Stone Wealth Management.

Tyler-Stone Managed Asset Program

Fees charged for our asset management services are charged based on a percentage of assets under management, billed in advance (at the start of the billing period) on a quarterly calendar basis and calculated based on the fair market value of your account as of the last business day of the current billing period. Fees are prorated (based on the number of days service is provided during the initial billing

period) for your account opened at any time other than the beginning of the billing period. If asset management services are commenced in the middle of a billing period, the prorated fee for the initial billing period is billed in arrears at the same time as the next full billing period's fee is billed.

The asset management services continue in effect until terminated by either party (i.e., Tyler-Stone Wealth Management or you) by providing written notice of termination to the other party. Any prepaid, unearned fees will be promptly refunded by Tyler-Stone Wealth Management to you. Fee refunds will be determined on a pro rata basis using the number of days services are actually provided during the final period.

Fees charged for our asset management services are negotiable based on the type of client, the complexity of the client's situation, the composition of the client's account (i.e., equities versus mutual funds), the potential for additional account deposits, the relationship of the client with the investment adviser representative, and the total amount of assets under management for the client.

The maximum annual fee for asset management services will be 2.50%.

Prior to engaging Tyler-Stone Wealth Management to provide investment management services, you are required to enter into a formal investment advisory agreement with us setting forth the terms and conditions, including the amount of investment advisory fees, under which we manage your assets and a also separate custodial/clearing agreement with LPL.

Tyler-Stone Wealth Management believes that its annual fee is reasonable in relation to: (1) services provided and (2) the fees charged by other investment advisers offering similar services/programs. However, our annual investment advisory fee may be higher than that charged by other investment advisers offering similar services/programs. In addition to our compensation, you may also incur charges imposed at the mutual fund level (e.g., advisory fees and other fund expenses).

The investment advisory fees will be deducted from your account and paid directly to our firm by the qualified custodian(s) of your account. You will authorize the qualified custodian(s) of your account to deduct fees from your account and pay such fees directly to our firm.

You should review your account statements received from the qualified custodian(s) and verify that appropriate investment advisory fees are being deducted. The qualified custodian(s) will not verify the accuracy of the investment advisory fees deducted.

You can open a Tyler-Stone MAP I or Tyler-Stone MAP II account. A Tyler-Stone MAP I account is a non-wrap or traditional account. This means in addition to our investment advisory fee, you also pay certain transaction charges to defray the costs associated with trade execution. These costs are set out in the LPL Strategic Wealth Management platform brokerage account and application agreement. The Tyler-Stone MAP II account is a wrap fee account, meaning you do not pay transaction charges associated with trade execution.

You may incur certain charges imposed by third parties other than Tyler-Stone Wealth Management in connection with investments made through the account including, but not limited to, 12b-1 fees and surrender charges, and IRA and qualified retirement plan fees. Our management fees (which include transaction and execution fees charged by LPL for Tyler-Stone MAP II accounts) are separate and distinct from the fees and expenses charged by investment company securities that may be recommended to you. A description of these fees and expenses are available in each investment

company security's prospectus. Our representatives, in their separate capacity as registered representatives of LPL, may retain a portion of the commissions charged to you. These commissions may include surrender charges and IRA and qualified retirement plan fees.

The Tyler-Stone MAP I and Tyler-Stone MAP II may cost you more or less than if the assets were held in a traditional brokerage account. In a brokerage account, you are charged commissions for each transaction, and the representative has no duty to provide ongoing advice with respect to the account. If you plan to follow a buy and hold investment strategy for the account or do not wish to purchase ongoing investment advice or management services, you should consider opening a brokerage account rather than a Tyler-Stone MAP I or Tyler-Stone MAP II account.

We do not always charge a lower advisory fee for Tyler-Stone MAP I accounts versus Tyler-Stone MAP II accounts. The cost for a Tyler-Stone MAP II account is typically higher than a MAP I Program. This is because transaction costs are passed along to you in Tyler-Stone MAP I accounts while the transaction costs are covered under the overall fee charged for Tyler-Stone MAP II accounts.

Either party may terminate the agreement for services at any time. If services are terminated within five business days of executing the agreement, services are terminated without penalty and a full refund of all fees paid in advance is provided. If services are terminated after the initial five day period, we provide you with a prorated refund of fees paid in advance. The refund is based on the number of days service is actually provided during the final billing period. Termination is effective from the time the other party receives written notification or such other time as may be mutually agreed upon, subject to the settlement of transactions in progress and the final refund of advisory fees. There is no penalty charge on termination.

This section is intended to be a summary of the Tyler-Stone MAP. If you contract for Tyler-Stone MAP services you are provided with a copy of the Tyler-Stone MAP Form ADV Part 2A Appendix disclosure brochure.

Financial Planning & Consulting Services

Fees charged for our financial planning and consulting services are negotiable based upon the type of client, the services requested, the complexity of the client's situation, the composition of the client's account and other advisory services provided. The following are the fee arrangements available for financial planning and consulting services offered by Tyler-Stone Wealth Management, LLC.

Fees for Financial Planning Services

Tyler-Stone Wealth Management provides financial planning services under a fixed fee arrangement. A mutually agreed upon fixed fee is charged for financial planning services under this arrangement. There is a range in the amount of the fixed fee charged by Tyler-Stone Wealth Management for financial planning services. The minimum fixed fee is generally \$1,000, and the maximum fixed fee is generally no more than \$15,000. The amount of the fixed fee for your engagement is specified in your financial planning agreement with Tyler-Stone Wealth Management. At our sole discretion, you may be required to pay in advance of the fixed fee at the time you execute an agreement with Tyler-Stone Wealth Management; however, at no time will Tyler-Stone Wealth Management require payment of more than \$1,200 in fees more than six months in advance. Upon completion and delivery of the financial plan, the

fixed fee is considered earned by Tyler-Stone Wealth Management and any unpaid amount is immediately due.

The financial planning services terminate upon delivery of the written financial plan or upon either party providing the other party with written notice of termination.

If you terminate the financial planning services after entering into an agreement with us, you will be responsible for immediate payment of any financial planning services performed by Tyler-Stone Wealth Management prior to the receipt by Tyler-Stone Wealth Management of your notice of termination. For financial planning services performed by Tyler-Stone Wealth Management under a fixed fee arrangement, you will pay Tyler-Stone Wealth Management a pro-rated fixed fee equivalent to the percentage of work completed by Tyler-Stone Wealth Management as determined by Tyler-Stone Wealth Management. In the event that there is a remaining balance of any fees paid in advance after the deduction of fees from the final invoice, those remaining proceeds will be refunded by Tyler-Stone Wealth Management to you.

Fees for Consulting Services

Tyler-Stone Wealth Management provides consulting services under an hourly fee arrangement. A maximum hourly fee up to \$400 per hour is charged by Tyler-Stone Wealth Management for consulting services. Prior to engaging Tyler-Stone Wealth Management to provide Financial Consulting services, you are required to enter into a formal investment advisory agreement with us setting forth the terms and conditions, including the amount of per hour advisory fees to be charged by Tyler-Stone Wealth Management for financial consulting services under this arrangement.

Before providing consulting service, Tyler-Stone Wealth Management will provide an estimate of the approximate hours needed to complete the consulting services. If Tyler-Stone Wealth Management anticipates exceeding the estimated amount of hours required, Tyler-Stone Wealth Management will contact you to receive authorization to provide additional services. The standard billing dates and events of Tyler-Stone Wealth Management are the following: (1) the first business day of each month; (2) the date or thereafter that Tyler-Stone Wealth Management substantially provides the services; and (3) the date the engagement is terminated by either Client or Tyler-Stone Wealth Management. Upon presentment of the invoice to Client, Tyler-Stone Wealth Management will deduct the hourly fees due Tyler-Stone Wealth Management against Client's current retainer balance and Client will immediately pay Tyler-Stone Wealth Management any outstanding balance of hourly fees due. Client agrees to notify Tyler-Stone Wealth Management within ten (10) days of receipt of an invoice if Client disputes any billing entry.

The one-time consulting services will terminate upon completion of the consultation or either party providing the other party with written notice. The "as-needed" consulting services will terminate upon either you or Tyler-Stone Wealth Management providing written notice of termination to the other party.

If you terminate the consulting services after entering into an agreement with Tyler-Stone Wealth Management, you will be responsible for immediate payment of any consulting work performed by Tyler-Stone Wealth Management prior to the receipt by Tyler-Stone Wealth Management of your notice of termination. For consulting services performed by Tyler-Stone Wealth Management under an hourly arrangement, you will pay Tyler-Stone Wealth Management for any hourly fees incurred at the rates described above. In the event that there is a remaining balance of any fees paid in advance after the deduction of fees from the final invoice, those remaining proceeds will be refunded by Tyler-Stone Wealth Management to you.

Other Fee Terms for Financial Planning & Consulting Services

You may pay the investment advisory fees owed for the financial planning services by submitting payment directly (for example, by check) or having the fee deducted from an existing investment account.

If you elect to pay by automatic deduction from an existing investment account, you will provide written authorization to Tyler-Stone Wealth Management for such charge.

You should notify Tyler-Stone Wealth Management within ten (10) days of receipt of an invoice if you have questions about or dispute any billing entry.

To the extent Tyler-Stone Wealth Management engages an outside professional (i.e. attorney, independent investment adviser or accountant) while providing financial planning and consulting services to you, Tyler-Stone Wealth Management will be responsible for the payment of the fees for the services of such an outside professional, and you will not be required to reimburse Tyler-Stone Wealth Management for such payments. To the extent that you personally engage such an outside professional, you will be responsible for the payment of the fees for the services of such an outside professional, and Tyler-Stone Wealth Management will not be required to reimburse Client for such payments. Fees for the services of an outside professional (i.e. attorney, independent investment adviser or accountant) will be in addition to and separate from the fees charged by Tyler-Stone Wealth Management, and you will be responsible for the payment of the fees for the services of such an outside professional. In no event will the services of an outside professional be engaged without your express approval.

All fees paid to Tyler-Stone Wealth Management for services are separate and distinct from the commissions, fees and expenses charged by insurance companies associated with any disability insurance, life insurance and annuities subsequently acquired by you. If you sell or liquidate certain existing securities positions to acquire any insurance or annuity, you may also pay a commission and/or deferred sales charges in addition to the financial planning and consulting fees paid to Tyler-Stone Wealth Management and any commissions, fees and expenses charged by the insurance company for subsequently acquired insurance and/or annuities.

If you retain Tyler-Stone Wealth Management to implement the recommendations provided under this service, Tyler-Stone Wealth Management may recommend load or no-load mutual funds that charge you 12(b)-1 fees. Tyler-Stone Wealth Management will not receive a portion of any 12B-1 fees that may be charged.

All fees paid to Tyler-Stone Wealth Management for financial planning and consulting services are separate and distinct from the commissions charged by a broker-dealer or asset management fees charged by an investment adviser to implement such recommendations.

It should be noted that lower fees for comparable services may be available from other sources.

Third-Party Money Managers

Third-party managers generally have account minimum requirements that will vary among third-party money managers. Account minimums are generally higher on fixed income accounts than for equity based accounts. A complete description of the third-party money manager's services, fee schedules and account minimums will be disclosed in the third-party money manager's disclosure brochure which will be provided to you prior to or at the time an agreement for services is executed and the account is established.

The actual fee charged to you will vary depending on the third-party money manager. All fees are calculated and collected by the third-party money manager who will be responsible for delivering our portion of the fee paid by you to us.

Under this program, you may incur additional charges including but not limited to, mutual fund sales loads, 12b-1 fees and surrender charges, and IRA and qualified retirement plan fees.

We have a conflict of interest by only offering those third-party money managers that have agreed to pay a portion of their advisory fee to us and have met the conditions of our due diligence review. There may be other third-party money managers that may be suitable for you that may be more or less costly. No guarantees can be made that your financial goals or objectives will be achieved. Further, no guarantees of performance can be offered.

Optimum Market Portfolios

LPL requires a minimum investment amount of \$15,000 to establish an OMP account. The maximum annual fee charged through the program is 2.5% of the total value of assets held in your account(s). Fees are negotiable depending on the market value of the account, asset types, your financial situation and trading activity. The annual fees are divided and paid quarterly in advance through a direct debit in your account. LPL is responsible for calculating and debiting all fees from your accounts. You must provide LPL written authorization to debit advisory fees from your account(s) and pay those fees to us. The account quarter begins on the first day of the month in which the account is accepted. Annual fees are divided and billed quarterly in advance by LPL. If you participate in OMP, you must execute the OMP Market Portfolios Client Agreement. There may be other fees and expenses related to the management of OMP accounts. Full details of all fees are provided in the OMP Form ADV Part 2 Appendix 1, a copy of which is provided to all clients participating in OMP.

We will receive a portion of the total fee charged to you, as shown by the following schedule:

<u>Account Assets</u>	<u>Annual Fee</u>
Under \$500,000	1.5%
\$500,000 to \$2,000,000	1.4%
\$2,000,000 to \$5,000,000	1.0%
Over \$5,000,000	0.8%

The fee charged may be negotiable based on the how the assets are invested. Fees are negotiable depending on the market value of the account, asset types, your financial situation and trading activity. We may also receive other compensation for participating in OMP such as bonuses, awards, or other things of value offered by LPL. The amount of this compensation may be more or less than if you had participated in our other advisory programs or if you paid separately for investment advice, brokerage and other client services. Therefore, we may have an incentive to recommend OMP over other programs.

You may also incur certain charges imposed by LPL or third parties other than us in connection with investments made through OMP accounts, including among others, the following types of charges: mutual fund management fees and administrative servicing fees, omnibus processing fees, sub-transfer agent fees, networking fees, other transaction charges and service fees, IRA and Qualified Retirement

Plan fees, administrative servicing fees for trust accounts, and other charges required by law. LPL may receive a certain portion of these third party fees. Further information regarding charges and fees assessed by the OMP Funds are available in the appropriate prospectus.

LPL serves as a sub-services agent with respect to OMP accounts. As such, LPL provides all sub-accounting and shareholder recordkeeping with respect to OMP Fund shares and provides certain administrative services. LPL receives administrative servicing fees from the service agent of the OMP Funds. Further, LPL provides investment consulting services to us regarding the OMP Funds. These services include assistance in selecting sub-advisors to the OMP Funds, providing quarterly fact sheets about the OMP Funds, meeting with sub-advisors of the OMP Funds to discuss performance, and assisting the investment advisor of the OMP Funds for making recommendations on sub-advisors to the Board of Trustees. LPL receives an investment consulting compensation from the investment advisor to the OMP Funds.

You can terminate an OMP account by providing written notice to LPL. Upon termination, you are entitled to a prorated refund of any pre-paid quarterly fees based on the number of days remaining in the quarter after termination. If you close the account within the first six months as a result of withdrawals bringing the account value below the required minimum, we, along with LPL, reserve the right to retain the pre-paid quarterly fees for the current quarter in order to cover the administrative cost of establishing an OMP account. These fees may include costs to transfer positions into and out of the account, data entry costs to open the account, costs associated with reconciling positions in order to issue quarterly performance reports and the cost of re-registering positions.

This section is intended as a summary of OMP. If you contract for OMP services, you receive the OMP Form ADV Part 2A Appendix 1 which provides detailed information regarding OMP.

Model Wealth Portfolios

The maximum annual fee charged through the program is 2.5% of the total value of assets held in your account(s). Fees are negotiable depending on the market value of the account, asset types, your financial situation and trading activity. The annual fees are divided and paid quarterly in advance through a direct debit in your account(s). LPL is responsible for calculating and debiting all fees from your accounts. You must provide LPL written authorization to debit advisory fees from your accounts and pay those fees to us. Fees are based on the account's asset value as of the last business day of the prior calendar quarter. Fees for accounts opened at any time other than the beginning of a quarter are prorated based on the number of days remaining in the initial quarter. If you participate in MWP, you must execute the MWP Client Agreement.

We receive 55% to 85% of the fee charged to you. The portion we receive is based on the fees that LPL charges and they consider the amount of money in the program and the costs of trading and other internal expenses. Fees are not negotiable. We may also receive other compensation for participating in MWP such as bonuses, awards, or other things of value offered by LPL. The amount of this compensation may be more or less than if you had participated in our other advisory programs or if you paid separately for investment advice, brokerage and other client services. Therefore, we may have an incentive to recommend MWP over other programs.

You may also incur certain charges imposed by LPL or third parties other than us in connection with investments made through MWP accounts, including among others, the following types of charges:

mutual fund management fees and administrative servicing fees, omnibus processing fees, sub-transfer agent fees, networking fees, other transaction charges and service fees, IRA and Qualified Retirement Plan fees, administrative servicing fees for trust accounts, and other charges required by law. LPL and our representatives, in their capacity as LPL registered representatives, may receive a portion of these third party fees.

You may incur certain charges imposed by third parties other than us in connection with investments made through the account, including but not limited to, mutual fund sales loads, 12b-1 fees and surrender charges. Our representatives, in their separate capacities as registered representatives of LPL, may retain 12b-1 fees paid. However, unless otherwise stated in the MWP client agreement, advisory fees charged in retirement accounts are reduced by 12b-1 fees paid to LPL and our representatives in their capacity as LPL registered representatives.

You can terminate an MWP account by providing written notice to LPL. Upon termination, you are entitled to a prorated refund of any pre-paid quarterly fees based upon the number of days remaining in the quarter after termination. If you close the account within the first six months as a result of withdrawals bringing the account value below the required minimum, both Tyler-Stone Wealth Management and LPL reserve the right to retain the pre-paid quarterly fees for the current quarter in order to cover the administrative cost of establishing an MWP account. The fees may include costs to transfer positions into and out of the account, data entry costs to open the account, costs associated with reconciling positions in order to issue quarterly performance reports and the cost of re-registering positions.

This section is intended as a summary of MWP. If you contracting for MWP services, you receive the MWP Form ADV Part 2A Appendix 1 providing detailed information regarding MWP.

Manager Select Program

You are required to execute a Manager Select client agreement and establish a brokerage account through LPL who provides you with quarterly account statements (provided monthly when activity occurs), confirmations and performance reports. Third party investment advisors seek to obtain the best execution possible given the direction to trade through LPL. In some cases, third party investment advisors, in connection with their duty to seek to achieve best execution, may choose to execute transactions through a broker/dealer other than LPL.

In considering whether or not to restrict the execution of transactions through LPL, LPL evaluated its capacities to execute, clear and settle transactions. When securities transactions are effected through LPL, there are no brokerage commissions charged to the account. If the third party investment advisor chooses to execute a transaction through a broker/dealer other than LPL, the execution price may include a commission or fee imposed by the executing broker/dealer. In evaluating whether to execute a trade through a broker/dealer other than LPL, the third party investment advisor considers the fact that the account is not charged a commission if it is effected through LPL.

You should consider whether or not appointing LPL as the broker/dealer may or may not result in certain costs or disadvantages to you as a result of possibly less favorable executions. In particular, you should understand that your Manager Select account may not be able to participate in block trades affected by a third party investment advisor for its other accounts, which may result in a difference between prices charged to a Manager Select account and the third-party investment advisor's other accounts.

Transactions in fixed income securities may involve mark-up or mark-downs or other charges in addition to the advisory fee. LPL may act as a principal on fixed income trades in Manager Select accounts. In cases where LPL acts as a principal on fixed income trades, LPL may receive additional compensation to the extent it is able to sell fixed income securities for a price higher than what is paid. This may result in higher costs and lower performance than you would have otherwise received.

LPL may aggregate your transactions with other clients' to improve the quality of execution. When transactions are aggregated, the actual prices applicable to the aggregated transactions are averaged, and your account is deemed to have purchased or sold its proportionate share of the securities involved at the average price obtained.

The minimum investment amount required to participate in Manager Select is \$100,000. However, some third-party investment advisors may have higher account minimum requirements. Account minimums are generally higher on fixed income accounts than equity based accounts. A complete description of the third-party investment advisor's services, fee schedules and account minimums is disclosed in the third party investment advisor's Form ADV Part 2A Appendix 1 which is provided to you at the time a third-party investment advisor is selected.

The maximum annual fee charged through the program is 3% of the total value of assets held in your account(s). Fees are negotiable depending on the market value of the account, asset types, your financial situation and trading activity. The annual fees are divided and paid quarterly in advance through a direct debit in your account. LPL is responsible for calculating and debiting all fees from your account(s). You must provide LPL written authorization to debit advisory fees from your accounts and pay those fees to us. Fees are based on the account's asset value as of the last business day of the prior calendar quarter. Fees for accounts opened at any time other than the beginning of a quarter are prorated based on the number of days remaining in the initial quarter. If you participate in Manager Select, you must execute the Manager Select Client Agreement.

We receive 35% to 80% of the total fee charged to you. Fees are negotiable depending on the market value of the account, asset types, your financial situation and trading activity. We may also receive other compensation for participating in Manager Select such as bonuses, awards, or other things of value offered by LPL. The amount of this compensation may be more or less than if you had participated in our other advisory programs or if you paid separately for investment advice, brokerage and other client services. Therefore, we may have an incentive to recommend Manager Select over other programs.

Clients may also incur certain charges imposed by LPL or third parties other than us in connection with investments made through Manager Select accounts, including among others, the following types of charges: mutual fund management fees and administrative servicing fees, omnibus processing fees, sub-transfer agent fees, networking fees, other transaction charges and service fees, IRA and Qualified Retirement Plan fees, administrative servicing fees for trust accounts, and other charges required by law. LPL and our representatives, in their capacity as LPL registered representatives, may receive a portion of certain of these third party fees.

Clients are advised that we may have a conflict of interest by only offering those third-party investment advisors that have agreed to participate in Manager Select. In addition, we may receive additional compensation from advisory product sponsors. Such compensation may not be tied to the sales of any products. Compensation may include such items as gifts valued at less than \$100 annually, an

occasional dinner or ticket to a sporting event, or reimbursement in connection with educational meetings or advertising or marketing initiatives.

You are advised that there may be other third-party managed programs that may be suitable to you that may be more or less costly. No guarantees can be made that your financial goals or objectives are achieved. Further, no guarantees of performance can be offered. Investments involve risk, including the possible loss of principal.

You can terminate a Manager Select account by providing written notice to LPL. Upon termination, you are entitled to a prorated refund of any pre-paid quarterly fees based on the number of days remaining in the quarter after termination. If you close the account within the first six months as a result of withdrawals bringing the account value below the required minimum, both Tyler-Stone Wealth Management and LPL reserve the right to retain the pre-paid quarterly fees for the current quarter in order to cover the administrative cost of establishing a Manager Select account. Those fees may include costs to transfer positions into and out of the account, data entry costs to open the account, costs associated with reconciling positions in order to issue quarterly performance reports and the cost of re-registering positions.

Guided Wealth Portfolios (GWP)

GWP Managed Service clients are charged an account fee consisting of an LPL program fee of 0.35% and an advisor fee of up to 1.00%. In the future, a strategist fee may apply. However, LPL Research currently serves as the sole portfolio strategist and does not charge a fee for its services. FutureAdvisor is compensated directly by LPL for its services, including the Algorithm and related software, through an annual sub-advisory fee (tiered based on assets under management by FutureAdvisor, at a rate ranging from 0.10% to 0.17%). As each asset tier is reached, LPL's share of the compensation shall increase and clients will not benefit from such asset tiers.

GWP Educational Tool provides access to sample recommendations at no charge to users. However, if users decide to implement sample recommendations by executing trades, they will be charged fees, commissions, or expenses by the applicable broker or adviser, as well as underlying investment fees and expenses. Account fees are payable quarterly in advance, except that the SMS fee is paid in arrears on the frequency agreed to between client and Advisor.

Potential Conflicts of Interest

Advisor receives compensation as a result of a client's participation in an LPL program. Depending on, among other things, the type and size of the account, type of securities held in the account, changes in its value over time, the ability to negotiate fees or commissions, the historical or expected size or number of transactions, and the number and range of supplementary advisory and client-related services provided to the client, the amount of this compensation may be more or less than what the Tyler-Stone Wealth Management would receive if the client participated in other programs, whether through LPL or another sponsor, or paid separately for investment advice, brokerage and other services.

The account fee may be higher than the fees charged by other investment advisors for similar services. For instance, FutureAdvisor offers direct-to-consumer services similar to GWP. Therefore, clients could generally pay a lower advisory fee for algorithm-driven, automated ("robo") investment advisory services

through FutureAdvisor or other robo providers. However, clients using such direct robo services will forgo opportunities to utilize LPL-constructed model portfolios or to work directly with a financial advisor.

Clients should consider the level and complexity of the advisory services to be provided when negotiating the account fee (or the advisor fee portion of the account fee, as applicable) with Tyler-Stone Wealth Management. With regard to accounts utilizing third-party portfolio managers under aggregate, all-in-one account fee structures (including MAS, PWP and the legacy MWP fee structure), because the portion of the account fee retained by Tyler-Stone Wealth Management varies depending on the portfolio strategist fee associated with a portfolio, Tyler-Stone Wealth Management has a financial incentive to select one portfolio instead of another portfolio.

Item 6 – Performance-Based Fees and Side-By-Side Management

Performance-based fees are defined as fees based on a share of capital gains on or capital appreciation of the assets held in a client's account. *Item 6* is not applicable to this Disclosure Brochure because we do not charge or accept performance-based fees.

Item 7 – Types of Clients

Tyler-Stone Wealth Management generally provides investment advice to the following types of clients:

- Individuals
- High net worth individuals
- Pension and profit sharing plans
- Trusts, estates, or charitable organizations
- Corporations or business entities other than those listed above

You are required to execute a written agreement with Tyler-Stone Wealth Management specifying the particular advisory services in order to establish a client arrangement with Tyler-Stone Wealth Management, LLC.

Minimum Investment Amounts Required

There are no minimum investment amounts or conditions required for establishing an account managed by Tyler-Stone Wealth Management. However, all clients are required to execute an agreement for services in order to establish a client arrangement with Tyler-Stone Wealth Management and/or the third-party money manager or the sponsor of third-party money manager platforms.

The minimum fixed fee generally charged for financial planning services on a fixed fee basis is \$1,000.

The minimum hourly fee generally charged for consulting services is \$400.

Third-party money managers may have minimum account and minimum fee requirements in order to participate in their programs. Each-third party money manager will disclose its minimum account size and fees in its Form ADV Part 2A Disclosure Brochure.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Tyler-Stone Wealth Management uses the following methods of analysis in formulating investment advice:

Charting - This is a set of techniques used in technical analysis in which charts are used to plot price movements, volume, settlement prices, open interest, and other indicators, in order to anticipate future price movements. Users of these techniques, called chartists, believe that past trends in these indicators can be used to extrapolate future trends.

Charting is likely the most subjective analysis of all investment methods since it relies on proper interpretation of chart patterns. The risk of reliance upon chart patterns is that the next day's data can always negate the conclusions reached from prior days' patterns. Also, reliance upon chart patterns bears the risk of a certain pattern being negated by a larger, more encompassing pattern that has not shown itself yet.

Cyclical – This method analyzes the investments sensitive to business cycles and whose performance is strongly tied to the overall economy. For example, cyclical companies tend to make products or provide services that are in lower demand during downturns in the economy and in higher demand during upswings. Examples include the automobile, steel, and housing industries. The stock price of a cyclical company will often rise just before an economic upturn begins, and fall just before a downturn begins. Investors in cyclical stocks try to make the largest gains by buying the stock at the bottom of a business cycle, just before a turnaround begins.

While most economists and investors agree that there are cycles in the economy that need to be respected, the duration of such cycles is generally unknown. An investment decision to buy at the bottom of a business cycle may actually turn out to be a trade that occurs before or after the bottom of the cycle. If done before the bottom, then downside price action can result prior to any gains. If done after the bottom, then some upside price action may be missed. Similarly, a sell decision meant to occur at the top of a cycle may result in missed opportunity or unrealized losses.

Fundamental – This is a method of evaluating a security by attempting to measure its intrinsic value by examining related economic, financial and other qualitative and quantitative factors. Fundamental analysts attempt to study everything that can affect the security's value, including macroeconomic factors (like the overall economy and industry conditions) and individually specific factors (like the financial condition and management of a company). The end goal of performing fundamental analysis is to produce a value that an investor can compare with the security's current price in hopes of figuring out what sort of position to take with that security (underpriced = buy, overpriced = sell or short). Fundamental analysis is considered to be the opposite of technical analysis. Fundamental analysis is about using real data to evaluate a security's value. Although most analysts use fundamental analysis to value stocks, this method of valuation can be used for just about any type of security.

The risk associated with fundamental analysis is that it is somewhat subjective. While a quantitative approach is possible, fundamental analysis usually entails a qualitative assessment of how market forces interact with one another in their impact on the investment in question. It is

possible for those market forces to point in different directions, thus necessitating an interpretation of which forces will be dominant. This interpretation may be wrong, and could therefore lead to an unfavorable investment decision.

Technical – This is a method of evaluating securities by analyzing statistics generated by market activity, such as past prices and volume. Technical analysts do not attempt to measure a security's intrinsic value, but instead use charts and other tools to identify patterns that can suggest future activity. Technical analysts believe that the historical performance of stocks and markets are indications of future performance.

Technical analysis is even more subjective than fundamental analysis in that it relies on proper interpretation of a given security's price and trading volume data. A decision might be made based on a historical move in a certain direction that was accompanied by heavy volume; however, that heavy volume may only be heavy relative to past volume for the security in question, but not compared to the future trading volume. Therefore, there is the risk of a trading decision being made incorrectly, since future trading volume is an unknown. Technical analysis is also done through observation of various market sentiment readings, many of which are quantitative. Market sentiment gauges the relative degree of bullishness and bearishness in a given security, and a contrarian investor utilizes such sentiment advantageously. When most traders are bullish, then there are very few traders left in a position to buy the security in question, so it becomes advantageous to sell it ahead of the crowd. When most traders are bearish, then there are very few traders left in a position to sell the security in question, so it becomes advantageous to buy it ahead of the crowd. The risk in utilization of such sentiment technical measures is that a very bullish reading can always become more bullish, resulting in lost opportunity if the money manager chooses to act upon the bullish signal by selling out of a position. The reverse is also true in that a bearish reading of sentiment can always become more bearish, which may result in a premature purchase of a security.

There are risks involved in using any analysis method.

To conduct analysis, Tyler-Stone Wealth Management gathers information from financial newspapers and magazines, inspection of corporate activities, research materials prepared by others, corporate rating services, timing services, annual reports, prospectuses and filings with the SEC, and company press releases.

Investment Strategies

Tyler-Stone Wealth Management uses the following investment strategies when managing client assets and/or providing investment advice:

Long term purchases. Investments held at least a year.

Short term purchases. Investments sold within a year.

Frequent trading. This strategy refers to the practice of selling investments within 30 days of purchase.

Short sales. A short sale is generally the sale of a stock not owned by the investor. Investors who sell short believe the price of the stock will fall. If the price drops, the investor can buy the stock at the lower price and make a profit. If the price of the stock rises and the investor buys it back later at the higher price, the investor will incur a loss. Short sales require a margin account.

Margin transactions. When an investor buys a stock on margin, the investor pays for part of the purchase and borrows the rest of the purchase price from a brokerage firm. For example, an investor may buy \$5,000 worth of stock in a margin account by paying for \$2,500 and borrowing \$2,500 from a brokerage firm. Clients cannot borrow stock from Tyler-Stone Wealth Management, LLC.

Option writing including cover options, uncovered options or spreading strategies. Options are contracts giving the purchaser the right to buy or sell a security, such as stocks, at a fixed price within a specific period of time.

Primarily Recommend One Type of Security

We do not primarily recommend one type of security to clients. Instead, we recommend any product that may be suitable for each client relative to that client's specific circumstances and needs.

Risk of Loss

Past performance is not indicative of future results. Therefore, you should never assume that future performance of any specific investment or investment strategy will be profitable. Investing in securities (including stocks, mutual funds, and bonds, etc.) involves risk of loss. Further, depending on the different types of investments there may be varying degrees of risk. You should be prepared to bear investment loss including loss of original principal.

Because of the inherent risk of loss associated with investing, our firm is unable to represent, guarantee, or even imply that our services and methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate you from losses due to market corrections or declines. There are certain additional risks associated with investing in securities through our investment management program, as described below:

- Market Risk – Either the stock market as a whole, or the value of an individual company, goes down resulting in a decrease in the value of client investments. This is also referred to as systemic risk.
- Equity (stock) market risk – Common stocks are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. If you held common stock, or common stock equivalents, of any given issuer, you would generally be exposed to greater risk than if you held preferred stocks and debt obligations of the issuer.
- Company Risk - When investing in stock positions, there is always a certain level of company or industry specific risk that is inherent in each investment. This is also referred to as unsystematic risk and can be reduced through appropriate diversification. There is the risk that the company will perform poorly or have its value reduced based on factors specific to the company or its industry. For example, if a company's employees go on

strike or the company receives unfavorable media attention for its actions, the value of the company may be reduced.

- Fixed Income Risk - When investing in bonds, there is the risk that the issuer will default on the bond and be unable to make payments. Further, individuals who depend on set amounts of periodically paid income face the risk that inflation will erode their spending power. Fixed-income investors receive set, regular payments that face the same inflation risk.
- Options Risk - Options on securities may be subject to greater fluctuations in value than an investment in the underlying securities. Purchasing and writing put and call options are highly specialized activities and entail greater than ordinary investment risks.
- ETF and Mutual Fund Risk – When investing in an ETF or mutual fund, you will bear additional expenses based on your pro rata share of the ETF's or mutual fund's operating expenses, including the potential duplication of management fees. The risk of owning an ETF or mutual fund generally reflects the risks of owning the underlying securities the ETF or mutual fund holds. You will also incur brokerage costs when purchasing ETFs.
- Management Risk – Your investment with our firm varies with the success and failure of our investment strategies, research, analysis and determination of portfolio securities. If our investment strategies do not produce the expected returns, the value of the investment will decrease.
- Margin Risk - When you purchase securities, you may pay for the securities in full or borrow part of the purchase price from your account custodian or clearing firm. If you intended to borrow funds in connection with your Account, you will be required to open a margin account, which will be carried by the clearing firm. The securities purchased in such an account are the clearing firm's collateral for its loan to you.

If those securities in a margin account decline in value, the value of the collateral supporting this loan also declines, and as a result, the brokerage firm is required to take action in order to maintain the necessary level of equity in your account. The brokerage firm may issue a margin call and/or sell other assets in your account.

It is important that you fully understand the risks involved in trading securities on margin, which are applicable to any margin account that you may maintain, including any margin account that may be established as part of the Asset Management Agreement established between you and Tyler-Stone Wealth Management and held by the account custodian or clearing firm.

These risks include the following:

- You can lose more funds than you deposit in your margin account.
- The account custodian or clearing firm can force the sale of securities or other assets in your account.
- The account custodian or clearing firm can sell your securities or other assets without contacting you.
- You are not entitled to choose which securities or other assets in your margin account may be liquidated or sold to meet a margin call.
- The account custodian or clearing firm may move securities held in your cash account to your margin account and pledge the transferred securities.

- The account custodian or clearing firm can increase its “house” maintenance margin requirements at any time and they are not required to provide you advance written notice.
- You are not entitled to an extension of time on a margin call.

Item 9 – Disciplinary Information

Item 9 is not applicable to this Disclosure Brochure because there are no legal or disciplinary events that are material to a client’s or prospective client’s evaluation of our business or integrity.

Item 10 – Other Financial Industry Activities and Affiliations

Tyler-Stone Wealth Management is **not** and does **not** have a related person that is a broker/dealer, municipal securities dealer, government securities dealer or broker, an investment company or other pooled investment vehicle (including a mutual fund, closed-end investment company, unit investment trust, private investment company or "hedge fund," and offshore fund), another investment adviser or financial planner, a futures commission merchant, commodity pool operator, or commodity trading advisor, a banking or thrift institution, an accountant or accounting firm, a lawyer or law firm, a pension consultant, a real estate broker or dealer, and a sponsor or syndicator of limited partnerships.

We are an independent registered investment adviser and only provide investment advisory services. We are not engaged in any other business activities and offer no other services except those described in this Disclosure Brochure. However, while we do not sell products or services other than investment advice, our representatives may sell other products or provide services outside of their role as investment adviser representatives with us.

Registered Representative of a Broker-Dealer

Certain associated persons of Tyler-Stone Wealth Management are registered representatives of LPL Financial a securities broker-dealer. As a result of this relationship, LPL Financial may have access to certain confidential information (e.g., financial information, investment objectives, transactions and holdings) about Tyler-Stone Wealth Management’s clients, even if client does not establish any account through LPL. If you would like a copy of the LPL Financial privacy policy, please contact Ann K. Davidson at 216-295-0945 or ann.davidson@lpl.com.

You may work with your investment adviser representative in his or her separate capacity as a registered representative of LPL Financial, LLC. When acting in his or her separate capacity as a registered representative, your investment adviser representative may sell, for commissions, general securities products such as stocks, bonds, mutual funds, exchange-traded funds, and variable annuity and variable life products to you. As such, your investment adviser representative may suggest that you implement investment advice by purchasing securities products through a commission-based brokerage account in addition to or in lieu of a fee-based investment-advisory account. This receipt of commissions creates an incentive to recommend those products for which your investment adviser representative will receive a commission in his or her separate capacity as a registered representative of a securities broker-dealer. Consequently, the objectivity of the advice rendered to you could be biased.

You are under no obligation to use the services of our representatives in this separate capacity or to use LPL Financial, LLC and can select any broker/dealer you wish to implement securities transactions. If you select our representatives to implement securities transactions in their separate capacity as registered representatives, they must use LPL Financial, LLC. Prior to effecting any such transactions, you are required to enter into a new account agreement with LPL Financial, LLC. The commissions charged by LPL Financial, LLC may be higher or lower than those charged by other broker/dealers. In addition, the registered representatives may also receive additional ongoing 12b-1 fees for mutual fund purchases from the mutual fund company during the period that you maintain the mutual fund investment.

Third-Party Money Managers

Tyler-Stone Wealth Management will develop programs, previously described in *Item 5* of this disclosure brochure, designed to allow us to recommend and select third-party money managers for you. Once you select the third-party money manager to manage all or a portion of your assets, the third-party money manager will pay us a portion of the fees you are charged. Please refer to *Items 4 and 5* for full details regarding the programs, fees, conflicts of interest and materials arrangements when Tyler-Stone Wealth Management selects other investment advisers.

Dually Registered as an Investment Adviser Representative

Certain representatives of Tyler-Stone Wealth Management are also licensed as investment adviser representatives with LPL Financial, LLC. for the sole purpose of offering LPL's Retirement Consulting Program. Tyler-Stone Wealth Management and LPL Financial, LLC are not affiliated. Through LPL Financial, LLC, those dually licensed representatives may provide asset management services as well as referrals to sub-advisors. They may earn advisory fees when providing these services through LPL Financial, LLC. Therefore, you could receive advisory services from one individual acting as an investment adviser representative on behalf of two separate registered investment advisors. If the representatives of Tyler-Stone Wealth Management provide asset management or referral services to you, you will be given the disclosure brochure of LPL Financial, LLC describing the services provided, fees charged and other information. You are encouraged to read and review the disclosure brochures for both Tyler-Stone Wealth Management and LPL Financial, LLC and direct questions to your representative.

Insurance Agent

You may work with your investment adviser representative in his or her separate capacity as an insurance agent. When acting in his or her separate capacity as an insurance agent, the investment adviser representative may sell, for commissions, general disability insurance, life insurance, annuities, and other insurance products to you. As such, your investment adviser representative in his or her separate capacity as an insurance agent, may suggest that you implement recommendations of Tyler-Stone Wealth Management by purchasing disability insurance, life insurance, annuities, or other insurance products. This receipt of commissions creates an incentive for the representative to recommend those products for which your investment adviser representative will receive a commission in his or her separate capacity as an insurance agent. Consequently, the advice rendered to you could be biased. You are under no obligation to implement any insurance or annuity transaction through your investment adviser representative.

Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading

Code of Ethics Summary

According to the *Investment Advisers Act of 1940*, an investment adviser is considered a fiduciary and has a fiduciary duty to all clients. Tyler-Stone Wealth Management has established a Code of Ethics to comply with the requirements of Section 204(A)-1 of the *Investment Advisers Act of 1940* that reflects its fiduciary obligations and those of its supervised persons. The Code of Ethics also requires compliance with federal securities laws. The Code of Ethics covers all individuals that are classified as “supervised persons”. All employees, officers, directors and investment adviser representatives are classified as supervised persons. Tyler-Stone Wealth Management requires its supervised persons to consistently act in your best interest in all advisory activities. Tyler-Stone Wealth Management imposes certain requirements on its affiliates and supervised persons to ensure that they meet the firm’s fiduciary responsibilities to you. The standard of conduct required is higher than ordinarily required and encountered in commercial business.

This section is intended to provide a summary description of the Code of Ethics of Tyler-Stone Wealth Management. If you wish to review the Code of Ethics in its entirety, you should send us a written request and upon receipt of your request, we will promptly provide a copy of the Code of Ethics to you.

Affiliate and Employee Personal Securities Transactions Disclosure

Tyler-Stone Wealth Management or associated persons of the firm may buy or sell for their personal accounts, investment products identical to those recommended to clients. This creates a potential conflict of interest. It is the express policy of Tyler-Stone Wealth Management that all persons associated in any manner with our firm must place clients’ interests ahead of their own when implementing personal investments. Tyler-Stone Wealth Management and its associated persons will not buy or sell securities for their personal account(s) where their decision is derived, in whole or in part, by information obtained as a result of employment or association with our firm unless the information is also available to the investing public upon reasonable inquiry.

We are now and will continue to be in compliance with applicable state and federal rules and regulations. To prevent conflicts of interest, we have developed written supervisory procedures that include personal investment and trading policies for our representatives, employees and their immediate family members (collectively, associated persons):

- Associated persons cannot prefer their own interests to that of the client.
- Associated persons cannot purchase or sell any security for their personal accounts prior to implementing transactions for client accounts.
- Associated persons cannot buy or sell securities for their personal accounts when those decisions are based on information obtained as a result of their employment, unless that information is also available to the investing public upon reasonable inquiry.
- Associated persons are prohibited from purchasing or selling securities of companies in which any client is deemed an “insider”.
- Associated persons are discouraged from conducting frequent personal trading.
- Associated persons are generally prohibited from serving as board members of publicly traded companies unless an exception has been granted to the Chief Compliance Officer of Tyler-Stone

Wealth Management.

Any associated person not observing our policies is subject to sanctions up to and including termination.

Item 12 – Brokerage Practices

Clients are under no obligation to act on the financial planning recommendations of Tyler-Stone Wealth Management. If the firm assists in the implementation of any recommendations, we are responsible to ensure that the client receives the best execution possible. Best execution does not necessarily mean that clients receive the lowest possible commission costs but that the qualitative execution is best. In other words, all conditions considered, the transaction execution is in your best interest. When considering best execution, we look at a number of factors besides prices and rates including, but not limited to:

- Execution capabilities (e.g., market expertise, ease/reliability/timeliness of execution, responsiveness, integration with our existing systems, ease of monitoring investments)
- Products and services offered (e.g., investment programs, back office services, technology, regulatory compliance assistance, research and analytic services)
- Financial strength, stability and responsibility
- Reputation and integrity
- Ability to maintain confidentiality

We exercise reasonable due diligence to make certain that best execution is obtained for all clients when implementing any transaction by considering the back office services, technology and pricing of services offered.

Directed Brokerage

Clients should understand that not all investment advisors require the use of a particular broker/dealer or custodian. Some investment advisors allow their clients to select whichever broker/dealer the client decides. By requiring clients to use a particular broker/dealer, Tyler-Stone Wealth Management may not achieve the most favorable execution of client transactions and the practice requiring the use of specific broker/dealers may cost clients more money than if the client used a different broker/dealer or custodian. However, for compliance and operational efficiencies, Tyler-Stone Wealth Management has decided to require our clients to use broker/dealers and other qualified custodians determined by Tyler-Stone Wealth Management, LLC.

Broker/Dealer Affiliation (LPL Financial)

Tyler-Stone Wealth Management will generally require that clients establish a brokerage account with LPL Financial to maintain custody of clients' assets and to effect trades for their accounts. LPL Financial provides brokerage and custodial services to independent investment advisory firms, including Tyler-Stone Wealth Management. For Tyler-Stone Wealth Management's accounts custodied at LPL Financial, LPL Financial generally is compensated by clients through commissions, trails, or other transaction-based fees for trades that are executed through LPL Financial or that settle into LPL Financial accounts. For IRA accounts, LPL Financial generally charges account maintenance fees. In addition, LPL Financial also charges clients miscellaneous fees and charges, such as account transfer fees. LPL Financial

charges Tyler-Stone Wealth Management an asset-based administration fee for administrative services provided by LPL Financial. Such administration fees are not directly borne by clients, but may be taken into account when Tyler-Stone Wealth Management negotiates its advisory fee with clients.

While LPL Financial does not participate in, or influence the formulation of, the investment advice Tyler-Stone Wealth Management provides, certain supervised persons of ADVISOR are Dually Registered Persons. Dually Registered Persons are restricted by certain FINRA rules and policies from maintaining client accounts at another custodian or executing client transactions in such client accounts through any broker-dealer or custodian that is not approved by LPL Financial. As a result, the use of other trading platforms must be approved not only by Tyler-Stone Wealth Management, but also by LPL Financial.

Clients should also be aware that for accounts where LPL Financial serves as the custodian, Tyler-Stone Wealth Management is limited to offering services and investment vehicles that are approved by LPL Financial, and may be prohibited from offering services and investment vehicles that may be available through other broker-dealers and custodians, some of which may be more suitable for a client's portfolio than the services and investment vehicles offered through LPL Financial.

Clients should understand that not all investment advisers require that clients custody their accounts and trade through specific broker-dealers.

Clients should also understand that LPL Financial is responsible under FINRA rules for supervising certain business activities of Tyler-Stone Wealth Management and its Dually Registered Persons that are conducted through broker-dealers and custodians other than LPL Financial. LPL Financial charges a fee for its oversight of activities conducted through these other broker-dealers and custodians. This arrangement presents a conflict of interest because Tyler-Stone Wealth Management has a financial incentive to recommend that you maintain your account with LPL Financial rather than with another broker-dealer or custodian to avoid incurring the oversight fee.

Benefits Received by Tyler-Stone Wealth Management Personnel

LPL Financial makes available to Tyler-Stone Wealth Management various products and services designed to assist Tyler-Stone Wealth Management in managing and administering client accounts. Many of these products and services may be used to service all or a substantial number of Tyler-Stone Wealth Management's accounts, including accounts not held with LPL Financial. These include software and other technology that provide access to client account data (such as trade confirmation and account statements); facilitate trade execution (and aggregation and allocation of trade orders for multiple client accounts); provide research, pricing information and other market data; facilitate payment of Tyler-Stone Wealth Management's fees from its clients' accounts; and assist with back-office functions; recordkeeping and client reporting.

LPL Financial also makes available to Tyler-Stone Wealth Management other services intended to help Tyler-Stone Wealth Management manage and further develop its business. Some of these services assist Tyler-Stone Wealth Management to better monitor and service program accounts maintained at LPL Financial, however, many of these services benefit only Tyler-Stone Wealth Management, for example, services that assist Tyler-Stone Wealth Management in growing its business. These support services and/or products may be provided without cost, at a discount, and/or at a negotiated rate, and include practice management-related publications; consulting services; attendance at conferences and seminars, meetings, and other educational and/or social events; marketing support; and other products

and services used by Tyler-Stone Wealth Management in furtherance of the operation and development of its investment advisory business.

Where such services are provided by a third party vendor, LPL Financial will either make a payment to Tyler-Stone Wealth Management to cover the cost of such services, reimburse Tyler-Stone Wealth Management for the cost associated with the services, or pay the third party vendor directly on behalf of Tyler-Stone Wealth Management.

The products and services described above are provided to Tyler-Stone Wealth Management as part of its overall relationship with LPL Financial. While as a fiduciary Tyler-Stone Wealth Management endeavors to act in its clients' best interests, the receipt of these benefits creates a conflict of interest because Tyler-Stone Wealth Management's requirement, request or recommendation that clients custody their assets at LPL Financial is based in part on the benefit to Tyler-Stone Wealth Management of the availability of the foregoing products and services and not solely on the nature, cost or quality of custody or brokerage services provided by LPL Financial. Tyler-Stone Wealth Management's receipt of some of these benefits may be based on the amount of advisory assets custodied on the LPL Financial platform.

Transition Assistance Benefits

LPL Financial provides various benefits and payments to Dually Registered Persons that are new to the LPL Financial platform to assist the representative with the costs (including foregone revenues during account transition) associated with transitioning his or her business to the LPL Financial platform (collectively referred to as "Transition Assistance"). The proceeds of such Transition Assistance payments are intended to be used for a variety of purposes, including but not necessarily limited to, providing working capital to assist in funding the Dually Registered Person's business, satisfying any outstanding debt owed to the Dually Registered Person's prior firm, offsetting account transfer fees (ACATs) payable to LPL Financial as a result of the Dually Registered Person's clients transitioning to LPL Financial's custodial platform, technology set-up fees, marketing and mailing costs, stationary and licensure transfer fees, moving expenses, office space expenses, staffing support and termination fees associated with moving accounts.

The amount of the Transition Assistance payments are often significant in relation to the overall revenue earned or compensation received by the Dually Registered Person at their prior firm. Such payments are generally based on the size of the Dually Registered Person's business established at their prior firm and/or assets under custody on the LPL Financial. Please refer to the relevant Part 2B brochure supplement for more information about the specific Transition Payments your representative receives.

Transition Assistance payments and other benefits are provided to associated persons of Tyler-Stone Wealth Management in their capacity as registered representatives of LPL Financial. However, the receipt of Transition Assistance by such Dually Registered Persons creates conflicts of interest relating to Tyler-Stone Wealth Management's advisory business because it creates a financial incentive for Tyler-Stone Wealth Management's representatives to recommend that its clients maintain their accounts with LPL Financial. In certain instances, the receipt of such benefits is dependent on a Dually Registered Person maintaining its clients' assets with LPL Financial and therefore Tyler-Stone Wealth Management has an incentive to recommend that clients maintain their account with LPL Financial in order to generate such benefits.

Tyler-Stone Wealth Management attempts to mitigate these conflicts of interest by evaluating and recommending that clients use LPL Financial's services based on the benefits that such services provide to our clients, rather than the Transition Assistance earned by any particular Dually Registered Person. Tyler-Stone Wealth Management considers LPL Financial's quality and costs of services requiring that clients maintain accounts with LPL Financial. However, clients should be aware of this conflict and take it into consideration in making a decision whether to custody their assets in a brokerage account at LPL Financial.

Soft Dollar Benefits

An investment adviser receives soft dollar benefits from a broker-dealer when the investment adviser receives research or other products and services in exchange for client securities transactions or maintaining an account balance with the broker-dealer.

Tyler-Stone Wealth Management does not have a soft dollar agreement with a broker-dealer or a third-party.

Handling Trade Errors

Tyler-Stone Wealth Management has implemented procedures designed to prevent trade errors; however, trade errors in client accounts cannot always be avoided. Consistent with its fiduciary duty, it is the policy of Tyler-Stone Wealth Management to correct trade errors in a manner that is in the best interest of the client. In cases where the client causes the trade error, the client is responsible for any loss resulting from the correction. Depending on the specific circumstances of the trade error, the client may not be able to receive any gains generated as a result of the error correction. In all situations where the client does not cause the trade error, the client is made whole and any loss resulting from the trade error is absorbed by Tyler-Stone Wealth Management if the error is caused by Tyler-Stone Wealth Management. If the error is caused by the broker-dealer, the broker-dealer is responsible for handling the trade error. If an investment gain results from the correcting trade, the gain remains in the client's account unless the same error involved other client account(s) that should also receive the gains. It is not permissible for all clients to retain the gain. Tyler-Stone Wealth Management may also confer with a client to determine if the client should forego the gain (e.g., due to tax reasons).

Tyler-Stone Wealth Management will never benefit or profit from trade errors.

Block Trading Policy

We may elect to purchase or sell the same securities for several clients at approximately the same time. This process is referred to as aggregating orders, batch trading or block trading and is used by our firm when Tyler-Stone Wealth Management believes such action may prove advantageous to clients. If and when we aggregate client orders, allocating securities among client accounts is done on a fair and equitable basis. Typically, the process of aggregating client orders is done in order to achieve better execution, to negotiate more favorable commission rates or to allocate orders among clients on a more equitable basis in order to avoid differences in prices and transaction fees or other transaction costs that might be obtained when orders are placed independently.

Tyler-Stone Wealth Management uses the pro rata allocation method for transaction allocation.

Under this procedure, pro rata trade allocation means an allocation of the trade at issue among applicable advisory clients in amounts that are proportional to the participating advisory client's intended investable assets. Tyler-Stone Wealth Management will calculate the pro rata share of each transaction included in a block order and assigns the appropriate number of shares of each allocated transaction executed for the client's account.

If and when we determine to aggregate client orders for the purchase or sale of securities, including securities in which Tyler-Stone Wealth Management or our associated persons may invest, we will do so in accordance with the parameters set forth in the SEC No-Action Letter, *SMC Capital, Inc.* Neither we nor our associated persons receive any additional compensation as a result of block trades.

Agency Cross Transactions

Our associated persons are prohibited from engaging in agency cross transactions, meaning we cannot act as brokers for both the sale and purchase of a single security between two different clients and cannot receive compensation in the form of an agency cross commission or principal mark-up for the trades.

Item 13 – Review of Accounts

Account Reviews and Reviewers

Managed accounts are reviewed at least annually. While the calendar is the main triggering factor, reviews can also be conducted at your request. Account reviews will include investment strategy and objectives review and making a change if strategy and objectives have changed. Reviews are conducted by the advisor assigned to the account, with reviews performed in accordance with your investment goals and objectives.

Accounts established and maintained with other third-party money managers are reviewed at least quarterly, usually when statements and/or reports are received from the money manager.

Our financial planning services terminate upon the presentation of the written plan. Our financial planning and consulting services do not include monitoring the investments of your account(s), and therefore, there is no ongoing review of your account(s) under such services.

Statements and Reports

For our asset management services, you are provided with transaction confirmation notices and regular quarterly account statements directly from the qualified custodian.

Whether reports by an outside money manager are provided to you will depend upon the outside money manager.

Financial planning clients do not receive any report other than the written plan originally contracted for and provided by Tyler-Stone Wealth Management, LLC.

You are encouraged to always compare any reports or statements provided by us, a sub-adviser or third-party money manager against the account statements delivered from the qualified custodian. When you

have questions about your account statement, you should contact our firm and the qualified custodian preparing the statement.

Item 14 – Client Referrals and Other Compensation

Tyler-Stone Wealth Management may enter into agreements with various referring parties to refer clients to Tyler-Stone Wealth Management. If a referred client enters into an investment advisory agreement with Tyler-Stone Wealth Management, a cash referral fee is paid to the referring party, which is based upon a percentage of the client advisory fees that are generated. The referral agreements between any referring party and Tyler-Stone Wealth Management will not result in any charges to clients in addition to the normal level of advisory fees charged.

When a client is referred to us by a referring party, the referring party provides the client with a copy of our Disclosure Brochure as required by the *Investment Advisers Act of 1940*. The client also will complete a Solicitor's Disclosure Statement document. If the referring party is an unaffiliated registered investment adviser firm, then the client will also receive a copy of the referring party's Form ADV Part 2 Disclosure Brochure. If a referred client enters into an investment advisory agreement with Tyler-Stone Wealth Management, a referral fee is paid to the referring party. The referral relationship will not result in clients being charged any fees over and above the normal advisory fees charged for the advisory services provided.

The referral agreements between Tyler-Stone Wealth Management and referring parties are in compliance with state and federal securities rules regarding paid solicitor arrangements.

Please see Item 5, Fees and Compensation, Item 10, Other Financial Industry Activities and Affiliations and Item 12, Brokerage Practices, for additional discussion concerning other compensation.

We may from time to time receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as client appreciation events, advertising, publishing, and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for which sales have been made or for which it is anticipated sales will be made. This creates a conflict of interest in that there is an incentive to recommend certain products and investments based on the receipt of this compensation instead of what is in the best interest of our clients. We attempt to control for this conflict by always basing investment decisions on the individual needs of our clients.

Broker Dealer Additional Compensation

Tyler-Stone Wealth Management and/or its Dually Registered Persons are incented to join and remain affiliated with LPL Financial and to recommend that clients establish accounts with LPL Financial through the provision of Transition Assistance (discussed in Item 12 above). LPL also provides other compensation to Tyler-Stone Wealth Management and its Dually Registered Persons, including but not limited to, bonus payments, repayable and forgivable loans, stock awards and other benefits.

The receipt of any such compensation creates a financial incentive for your representative to recommend LPL Financial as custodian for the assets in your advisory account. We encourage you to discuss any such conflicts of interest with your representative before making a decision to custody your assets at LPL Financial.

Item 15 – Custody

Custody, as it applies to investment advisors, has been defined by regulators as having access or control over client funds and/or securities. In other words, custody is not limited to physically holding client funds and securities. If an investment adviser has the ability to access or control client funds or securities, the investment adviser is deemed to have custody and must ensure proper procedures are implemented.

Tyler-Stone Wealth Management is deemed to have custody of client funds and securities whenever Tyler-Stone Wealth Management is given the authority to have fees deducted directly from client accounts. However, this is the only form of custody Tyler-Stone Wealth Management will ever maintain. It should be noted that authorization to trade in client accounts is not deemed by regulators to be custody.

For accounts in which Tyler-Stone Wealth Management is deemed to have custody, we have established procedures to ensure all client funds and securities are held at a qualified custodian in a separate account for each client under that client's name. Clients or an independent representative of the client will direct, in writing, the establishment of all accounts and therefore are aware of the qualified custodian's name, address and the manner in which the funds or securities are maintained. Finally, account statements are delivered directly from the qualified custodian to each client, or the client's independent representative, at least quarterly. Clients should carefully review those statements and are urged to compare the statements against reports received from Tyler-Stone Wealth Management. When clients have questions about their account statements, they should contact Tyler-Stone Wealth Management or the qualified custodian preparing the statement.

Item 16 – Investment Discretion

When providing asset management services, Tyler-Stone Wealth Management maintains trading authorization over your Account and can provide management services on a **discretionary** basis. When discretionary authority is granted, we will have the authority to determine the type of securities and the amount of securities that can be bought or sold for your portfolio without obtaining your consent for each transaction.

If you decide to grant trading authorization on a **non-discretionary** basis, we will be required to contact you prior to implementing changes in your account. Therefore, you will be contacted and required to accept or reject our investment recommendations including:

- The security being recommended
- The number of shares or units
- Whether to buy or sell

Once the above factors are agreed upon, we will be responsible for making decisions regarding the timing of buying or selling an investment and the price at which the investment is bought or sold. If your

accounts are managed on a non-discretionary basis, you need to know that if we are not able to reach you or you are slow to respond to our request, it can have an adverse impact on the timing of trade implementations and we may not achieve the optimal trading price.

You will have the ability to place reasonable restrictions on the types of investments that may be purchased in your Account. You may also place reasonable limitations on the discretionary power granted to Tyler-Stone Wealth Management so long as the limitations are specifically set forth or included as an attachment to the client agreement.

Item 17 – Voting Client Securities

Proxy Voting

Tyler-Stone Wealth Management does not vote proxies on behalf of Clients. We have determined that taking on the responsibilities for voting client securities does not add enough value to the services provided to you to justify the additional compliance and regulatory costs associated with voting client securities. Therefore, it is your responsibility to vote all proxies for securities held in Account.

You will receive proxies directly from the qualified custodian or transfer agent; we will not provide you with the proxies. You are encouraged to read through the information provided with the proxy-voting documents and make a determination based on the information provided.

With respect to assets managed by a third-party money manager, we will not vote the proxies associated with these assets. You will need to refer to each third-party money manager's disclosure brochure to determine whether the third-party money manager will vote proxies on your behalf. You may request a complete copy of third-party money manager's proxy voting policies and procedures as well as information on how your proxies were voted by contacting the third-party money manager or by contacting Tyler-Stone Wealth Management at the address or phone number indicated on Page 1 of this disclosure document.

Item 18 – Financial Information

This *Item 18* is not applicable to this brochure. Tyler-Stone Wealth Management does not require or solicit prepayment of more than \$1200 in fees per client, six months or more in advance. Therefore, we are not required to include a balance sheet for the most recent fiscal year. We are not subject to a financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients. Finally, Tyler-Stone Wealth Management has not been the subject of a bankruptcy petition at any time.

Business Continuity Plan

Tyler-Stone Wealth Management has a business continuity and contingency plan in place designed to respond to significant business disruptions. These disruptions can be both internal and external. Internal disruptions will impact our ability to communicate and do business, such as a fire in the office building. External disruptions will prevent the operation of the securities markets or the operations of a number of firms, such as earthquakes, wildfires, hurricanes, terrorist attack or other wide-scale, regional disruptions.

Our continuity and contingency plan has been developed to safeguard employees' lives and firm property, to allow a method of making financial and operational assessments, to quickly recover and resume business operations, to protect books and records, and to allow clients to continue transacting business.

The plan includes the following:

- Alternate locations to conduct business;
- Hard and electronic back-ups of records;
- Alternative means of communications with employees, clients, critical business constituents and regulators; and
- Details on the firms' employee succession plan

Our business continuity and contingency plan is reviewed and updated on a regular basis to ensure that the policies in place are sufficient and operational.

Customer Privacy Policy Notice

In November of 1999, Congress enacted the Gramm-Leach-Bliley Act (GLBA). The GLBA requires certain financial institutions, such as investment advisor firms, to protect the privacy of client information. In situations where a financial institution does disclose client information to nonaffiliated third parties, other than permitted or required by law, clients must be given the opportunity to opt out or prevent such disclosure. Tyler-Stone Wealth Management does not share or disclose client information to nonaffiliated third parties except as permitted or required by law.

Tyler-Stone Wealth Management is committed to safeguarding the confidential information of its clients. Tyler-Stone Wealth Management holds all personal information provided by clients in the strictest confidence and it is the objective of Tyler-Stone Wealth Management to protect the privacy of all clients. Except as permitted or required by law, Tyler-Stone Wealth Management does not share confidential information about clients with nonaffiliated parties. In the event that there were to be a change in this policy, Tyler-Stone Wealth Management will provide clients with written notice and clients will be provided an opportunity to direct Tyler-Stone Wealth Management as to whether such disclosure is permissible.

To conduct regular business, Tyler-Stone Wealth Management may collect personal information from sources such as:

- Information reported by the client on applications or other forms the client provides to Tyler-Stone Wealth Management
- Information about the client's transactions implemented by Tyler-Stone Wealth Management or others
- Information developed as part of financial plans, analyses or investment advisory services

To administer, manage, service, and provide related services for client accounts, it is necessary for Tyler-Stone Wealth Management to provide access to client information within the firm and to nonaffiliated companies with whom Tyler-Stone Wealth Management has entered into agreements with. To provide the utmost service, Tyler-Stone Wealth Management may disclose the information below regarding clients and former clients as necessary, to companies to perform certain services on Tyler-Stone Wealth Management, LLC's behalf and with broker-dealer firms which have regulatory requirements to supervise certain of Tyler-Stone Wealth Management's activities.

- Information Tyler-Stone Wealth Management receives from the client on applications (name, social security number, address, assets, etc.)
- Information about the client's transactions with Tyler-Stone Wealth Management or others (account information, payment history, parties to transactions, etc.)
- Information concerning investment advisory account transactions
- Information about a client's financial products and services transaction with Tyler-Stone Wealth Management

Since Tyler-Stone Wealth Management shares nonpublic information solely to service client accounts, Tyler-Stone Wealth Management does not disclose any nonpublic personal information about Tyler-Stone Wealth Management, LLC's clients or former clients to anyone, except as permitted by law. However, Tyler-Stone Wealth Management may also provide client information outside of the firm as required by law, such as to government entities, consumer reporting agencies or other third parties in response to subpoenas. In the event that Tyler-Stone Wealth Management has a change to its client privacy policy that would allow it to disclose non-public information not covered under applicable law, Tyler-Stone Wealth Management will allow its clients the opportunity to opt out of such disclosure.
