Item 4: Services, Fees & Compensation

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

Our Wrap Advisory Services

Wrap Comprehensive Portfolio Management:

Our comprehensive portfolio management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds, mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least annually. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

Fee Schedule:

The maximum annual advisory fee to be charged by our firm is 2.50%. Fees are negotiable. The total annual fee assessed to the Client's account(s) will be specified in a signed advisory agreement. Annualized fees are billed on a pro-rata basis quarterly in advance based on the value of the account on the last day of the previous quarter. Fees will be deducted from your managed account. As part of this process, the client is made aware of the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms. We send our invoice directly to the custodian; and
- c) If we send a copy of our invoice to you, it will include a legend urging you to compare information provided in our statement with those from the qualified custodian.

Other Fees:

You may pay fees imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), trade away fees, step-in trade fees, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

Item 5: Account Requirements & Types of Clients

Our clients typically consist of Individuals and High Net Worth Individuals. We do not have requirements for opening and maintaining accounts or otherwise engaging us.

Item 6: Portfolio Manager Selection & Evaluation

Our firm and its related persons act as portfolio manager(s) for the wrap fee program(s) previously described in this Wrap Fee Program Brochure. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our related person portfolio managers are not subject to the same selection and review as outside portfolio managers that participate in the wrap fee program. This is because we have chosen not to utilize outside portfolio managers.

Advisory Business

See Item 4 of this Wrap Fee Program Brochure for information about our wrap fee advisory programs. We offer individualized investment advice to clients utilizing our Wrap Comprehensive Portfolio Management.

We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance that we would allow restrictions, it would be limited to the following services: Wrap Comprehensive Portfolio Management.

Participation in Wrap Fee Programs

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts.

Performance-Based Fees & Side-By-Side Management:

Our firm does not charge performance-based fees.

Methods of Analysis, Investment Strategies & Risk of Loss

We may use the following methods of analysis in formulating our investment advice and/or managing client assets:

- Charting;
- Cyclical;
- Fundamental;
- Technical.

We may use the following strategies in managing client accounts, provided that such strategies are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days);
- Short Sales;
- Margin Transactions;
- Option Writing, including Covered Options, Uncovered Options or Spreading Strategies

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 7: Client Information Provided to Portfolio Manager(s)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly, monthly, etc) to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

Item 8: Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

Item 9: Additional Information

Disciplinary Information

We have determined that our firm and management have no disciplinary information to disclose.

Financial Industry Activities & Affiliations

Representatives of our firm are registered representatives of Purshe Kaplan Sterling Investments, Inc ("PKS"), member FINRA/SIPC, and licensed insurance agents. They may offer products and receive normal and customary commissions as a result of these transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn and may not necessarily be in the best interests of the client.

Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees or their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Review of Accounts

We review accounts on at least an annual basis for our clients subscribing to our Wrap Comprehensive Portfolio Management. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors will conduct reviews.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients who subscribe to our Wrap Comprehensive Portfolio Management service.

Client Referrals & Other Compensation

Fidelity Brokerage Services, LLC:

Except for the arrangements outlined in Item 12 of the Firm Brochure, we have no additional arrangements to disclose.

TD Ameritrade, Inc:

Advisor participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC/NFA. TD Ameritrade is an independent [and unaffiliated] SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance and settlement of transactions. There is no direct link between Advisor's participation in the program and the investment advice it gives to its Clients, although Advisor receives economic benefits through its participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving Advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Advisor by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by Advisor's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit Advisor but may not benefit its Client accounts. These products or services may assist Advisor in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help Advisor manage and further develop its business enterprise. The benefits received by Advisor or its

personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to clients, Advisor endeavors at all times to put the interests of its clients first. Clients should be aware, however, that the receipt of economic benefits by Advisor or its related persons in and of itself creates a potential conflict of interest and may indirectly influence the Advisor's choice of TD Ameritrade for custody and brokerage services.

Referral Fees:

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206 (4)-3 of the Investment Advisers Act of 1940.

Financial Information

We are not required to provide financial information in this Brochure because we do not require the prepayment of more than \$1,200 in fees and six or more months in advance, we do not take custody of client funds or securities, and we do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

Our firm has never been the subject of a bankruptcy proceeding.
