Item 4 – Advisory Services

A. Firm Information

Coppertree, LLC (“Coppertree” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a Limited Liability Company (“LLC”) under the laws of Commonwealth of Massachusetts. Coppertree was founded in August 2011 and became a registered investment advisor in March 2015. Coppertree is owned and operated by Adam A. Waitkevich (Managing Principal and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Coppertree.

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As such, each recommendation made as part of the advisory services is based on the belief that the recommendation is in the Client's best interest. Our fiduciary commitment to each Client is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see “Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.”

B. Advisory Services Offered

Coppertree offers investment advisory services to individuals, high net worth individuals, pension plans, profit sharing plans, charitable organizations and businesses in the Commonwealth of Massachusetts and other states (each referred to as a “Client”).

Investment Management Services

Coppertree provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction as part of its investment management and planning services. Coppertree works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Coppertree will then construct a portfolio, consisting of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client's investment goals. The Advisor may also utilize individual stocks, individual bonds and other types of investments, as appropriate, to meet the needs of its Clients. The Advisor typically recommends that Clients establish all or a portion of their accounts using mutual funds from Dimensional Fund Advisors (“DFA”), a low-cost, passive fund provider that is available to only to institutional advisors. Coppertree generally provides its investment management services on a discretionary basis, but may accept Clients for non-discretionary accounts.

Coppertree's investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Coppertree will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. In addition, index may be used in risk management or to provide income for Clients. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Coppertree evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Coppertree may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Coppertree may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Coppertree may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Coppertree accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12.

Financial Planning Services

Coppertree will typically provide a variety of financial planning services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Coppertree may also refer Clients to an accountant, attorney or another specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

Coppertree provides retirement plan advisory services to retirement plans (each a "Plan") and the Plan's responsible party for the Plan (the "Plan Sponsor"). Coppertree provides its services to the Plan and Plan Sponsor on a non-discretionary basis (under ERISA Section 3(21)). Coppertree may provide the following Plan fiduciary services pursuant to the terms of the Advisor's agreement with the Plan and Plan Sponsor:

- Vendor analysis
- Plan Participant enrollment and education tracking
- Investment Policy Statement ("IPS")

- Ongoing investment recommendations
- ERISA 404(c) assistance

Coppertree may also provide non-fiduciary services:

Use of Independent Managers

The Advisor may determine that having a professional third-party money manager assist the Client with their 401(k) Plan is in the Client's best interests. Coppertree has a contract with Q3 Advisors, LLC to provide the Client with the level of assistance you need.

Prior to engaging Q3 Advisors, Coppertree will ensure that the Client receives a copy of the Q3 Advisors' Disclosure Brochure and Brochure Supplement[s]. The Client should carefully review the Disclosure Brochure and Brochure Supplement[s] for important and specific program details.

C. Client Account Management

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees range from 1.50% to 0.50% annually, based on the market value of the account[s] at the end of the prior quarter. Fees are determined based on the size and complexity of the Client relationship and the services to be provided to the Client. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Coppertree will be independently valued by the Custodian. Coppertree will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

Coppertree offers financial planning services at an hourly rate of up to \$300 per hour or on a fixed engagement fee ranging from \$1,500 to \$5,000. Planning services may be for a fixed scope engagement or an ongoing planning engagement.

Fees for financial planning services may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours and/or costs will be provided to the Client prior to engaging for these services.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are based on the market value of assets in the plan on the last day of the prior calendar quarter. Fees are negotiable based on the size and complexity of the services provided to the Plan.

Retirement plan advisory fees are either charged an annual rate of up to 0.60% of plan assets or based on tiered schedule (below).

Assets Under Management	Annual Rate
First to \$1,000,000	0.45%
Next \$1,000,000 (Up to \$2,000,000)	0.40%
Next \$1,000,000 (Up to \$3,000,000)	0.35%
Over \$3,000,000	0.30%

Use of Independent Managers

The Advisor pays a subscription fee to Q3 Advisors, LLC for their advisory services. The Advisor may charge the Client up to \$100 for the services of Q3 Advisors, LLC. The Client will not pay a separate fee to Q3 Advisors, LLC. Fees may be negotiable at the sole discretion of the Advisor.

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor or its delegate shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4 to the total assets under management with Coppertree at the end of the prior calendar quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Coppertree to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are invoiced by the Advisor and are due upon receipt of the agreed upon deliverable[s]. Fees for fixed scope engagements are billed up to 50% upon the execution of the agreement with the Advisor and the balance upon completion of the agreed upon deliverable[s]. Ongoing financial planning fees are invoiced quarterly in advance of each calendar quarter.

Retirement Plan Advisory Services

Fees may be deducted from the accounts of the Plan Participants or paid by the Plan Sponsor.

Use of Independent Managers

The Client will be invoiced upon execution of the agreement with the Advisor.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Coppertree, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by Coppertree is separate and distinct from these custody and execution fees.

In addition, all fees paid to Coppertree for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Coppertree, but would not receive the services provided by Coppertree which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Coppertree to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

Coppertree is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may request to terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. In addition, the Client may also terminate the agreement within five (5) business days of signing the Advisor's investment advisory agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's written approval. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Financial planning fees are typically billed with a portion of the fee in advance. Either party may terminate a planning or consulting agreement at any time by providing written notice to the other party. In addition, the Client may also terminate the agreement within five (5) business days of signing the Advisor's financial planning agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, any un-earned, prepaid fees will be promptly returned to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

Coppertree is compensated for its retirement plan advisory services in advance of the quarter in which services are rendered. Either party may request to terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. In addition, the Client may also terminate the agreement within five (5) business days of signing the Advisor's retirement plan advisory agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for advisory fees up to and including the effective date of termination. The Client's retirement plan advisory services agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with Q3 Advisors, the terms for termination will be set forth in the respective agreements between the Client and Q3 Advisors. Coppertree will assist the Client with the termination and transition as appropriate.

E. Compensation for Sales of Securities

Coppertree does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Coppertree does not charge performance-based fees for its investment advisory services. The fees charged by Coppertree are as described in “Item 5 – Fees and Compensation” above and are not based upon the capital appreciation of the funds or securities held by any Client.

Coppertree does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Coppertree provides investment advisory services to individuals, high net-worth individuals, pension plans, profit sharing plans, charitable organizations and businesses. Coppertree generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Coppertree primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Coppertree is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental Analysis

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in “Item 13 – Review of Accounts”.

As noted above, Coppertree generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Coppertree will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Coppertree may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Coppertree will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided

information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Below are some additional risk considerations:

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Coppertree or any of its Supervised Persons. Coppertree and its advisory personnel value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 175222.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Certain Supervised Persons of Coppertree, also serve as a licensed insurance professionals. Implementations of insurance recommendations are separate and apart from a Supervised Person's role with Coppertree. As an insurance professional, a Supervised Person may receive customary commissions and other related revenues from the various insurance companies whose products are sold. However, Supervised Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisor or its Supervised Persons.

Selection of Other Advisers

The Advisor is not compensated by Q3 Advisors, LLC for providing their services to Clients. Coppertree pays a fee to Q3 Advisors, LLC for such services. Therefore there is no conflict of interest in recommending them since Coppertree does not receive compensation.

Divorce Consulting Services

Mr. Waitkevich is also the Principal of divorce Financial Solutions, LLC, a consultancy focused on assisting married couple with the financial aspects of divorce.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Coppertree has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Coppertree (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Coppertree and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Coppertree Supervised Persons to adhere not only to the specific provisions of the Code, but also to

the general principles that guide the Code. The Code covers a range of topics that address ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (508) 719-8510.

B. Personal Trading with Material Interest

Coppertree allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Coppertree does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Coppertree does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Coppertree allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Coppertree may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Coppertree requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

In addition, the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of Supervised Persons, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

D. Personal Trading at Same Time as Client

While Coppertree allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Coppertree, or any Supervised Person of Coppertree, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Coppertree does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Coppertree to direct trades to the Custodian as agreed in the investment advisory agreement. Further, Coppertree does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Coppertree does not exercise discretion over the selection of the Custodian, the Advisor will typically recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a broker-dealer/custodian not recommended by Coppertree. Coppertree may recommend a Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or the location of the Custodian's offices. Coppertree does not receive research services, other products, or compensation as a result of recommending a particular broker that may result in the Client paying higher commissions than those obtainable through other brokers-dealers/custodians.

Coppertree will generally recommend that Clients establish their account[s] with Fidelity Clearing & Custody Solutions, a division of Fidelity Investments, Inc. (collectively "Fidelity"). Fidelity will serve as the Client's "qualified custodian". Coppertree maintains an institutional relationship with Fidelity, whereby the Advisor receives economic benefits from Fidelity. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Coppertree does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from Fidelity. Please see Item 14.

2. Brokerage Referrals - Coppertree does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Coppertree will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). Coppertree will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian. The Advisor will seek best execution, but does not do so on a trade-by-trade basis. The Advisor evaluates the execution quality of the Custodian as part of its annual review of service providers.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Coppertree will execute its transactions through the Custodian as directed by the Client. Coppertree may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Waitkevich, Managing Principal and Chief Compliance Officer. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client. The Advisor reviews Q3 Advisors, LLC on at least an annual basis to determine if they are effectively managing the Client’s accounts.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Coppertree if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Coppertree

Coppertree, indirectly through its Supervised Persons, may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Coppertree may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Coppertree may receive referrals of new Clients from a third-party. However, Coppertree is not compensated for referrals that they give nor are they compensated for referrals that they receive.

Participation in Institutional Advisor Platform

Coppertree has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity Institutional platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of Fidelity as the Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor may receive the following benefits from Fidelity: receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Selection of Other Advisors

The Advisor may refer prospective clients to directly to Q3 Advisors and receive compensation from Q3 Advisors for such referrals. In such situations, Coppertree will not serve as investment advisor to the prospective clients and solely as a solicitor for Q3 Advisors.

B. Client Referrals from Solicitors

Coppertree does not engage paid solicitors for Client referrals.

Item 15 – Custody

Coppertree does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Coppertree to utilize the Custodian for the Client's security transactions. Coppertree encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Coppertree generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Coppertree. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Coppertree will be in accordance with each Client's investment objectives and goals. Clients may also request that their accounts be non-discretionary, which will require that the Advisor receive specific authorization by the Client for each transaction.

Item 17 – Voting Client Securities

Coppertree does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains

Neither Coppertree, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Coppertree is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

About the CFP® Designation

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.
