Item 4: Advisory Business

We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a limited liability company formed in the State of Texas. Our firm has been in business as an investment adviser since 2015 and Kale Hanson is the sole owner of our firm.

Description of the Types of Advisory Services We Offer

Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives.

We may utilize Independent Money Managers, where we design an investment portfolio on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered. Independent Money Managers are typically compensated twenty-five (25) to fifty-percent (50%) of the assets under management for services rendered and in addition to the fees paid to us. The advisory fee paid to Independent Money Managers shall be negotiable in certain circumstances and determined on a case-by-case basis. These Independent Money Managers establish and maintain their own separate billing processes.

Comprehensive Portfolio Management:

Our Comprehensive Portfolio Management service encompasses asset management as well as providing financial planning/financial consulting to clients. It is designed to assist clients in meeting their financial goals through the use of financial investments. We conduct at least one, but sometimes more than one meeting (in person if possible, otherwise via telephone conference) with clients in order to understand their current financial situation, existing resources, financial goals, and tolerance for risk. Based on what we learn, we propose an investment approach to the client. We may propose an investment portfolio, consisting of exchange traded funds ("ETFs"), mutual funds, individual stocks or bonds, or other securities. Upon the client's agreement to the proposed investment plan, we work with the client to establish or transfer investment accounts so that we can manage the client's portfolio. Once the relevant accounts are under our management, we review such accounts on a regular basis and at least quarterly. We may periodically rebalance or adjust client accounts under our management. If the client experiences any significant changes to his/her financial or personal circumstances, the client must notify us so that we can consider such information in managing the client's investments.

We may utilize Independent Money Managers, where we design an investment portfolio on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

Independent Money Managers are typically compensated twenty-five (25) to fifty-percent (50%) of the assets under management for services rendered and in addition to the fees paid to us. The advisory fee paid to Independent Money Managers shall be negotiable in certain circumstances and determined on a case-by-case basis. These Independent Money Managers establish and maintain their own separate billing processes.

Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of the client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Corporate and Personal Tax Planning, Cost Segregation Study, Corporate Structure, Real Estate Analysis, Mortgage/Debt Analysis, Insurance Analysis, Lines of Credit Evaluation, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within six (6) months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Pension Consulting:

We provide pension consulting services to employer plan sponsors on an ongoing basis. Generally, such pension consulting services consist of assisting employer plan sponsors in establishing, monitoring and reviewing their company's participant-directed retirement plan. As the needs of the plan sponsor dictate, areas of advising could include: investment options, plan structure and participant education.

All pension consulting services shall be in compliance with the applicable state law(s) regulating pension consulting services. This applies to client accounts that are pension or other employee benefit plans ("Plan") governed by the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If the client accounts are part of a Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of Section 3(21) of ERISA (but only with respect to the provision of services described in section 1 of the Pension Consulting Agreement).

Tailoring of Advisory Services

We offer individualized investment advice to clients utilizing our Asset Management and Comprehensive Portfolio Management services. Additionally, we offer general investment advice to clients utilizing our Financial Planning & Consulting and Pension Consulting, services.

Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account. Restrictions would be limited to our Asset Management and Comprehensive Portfolio Management services. We do not manage assets through our other services.

Participation in Wrap Fee Programs

We do not offer wrap fee programs.

Regulatory Assets Under Management

We are a newly registered adviser and as such do not have initial assets to report.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Asset Management:

Assets Under Management	Annual Percentage of Assets Charge
Under \$499,000	1.40%
\$500,000 to \$999,999	1.35%
\$1,000,000 to \$1,499,999	1.25%
\$1,500,000 to \$2,499,999	1.00%
\$2,500,000 to \$4,999,999	0.90%
\$5,000,000 to \$10,000,000	0.60%
Over \$10,000,000	0.40%

Our firm's annualized fees are billed on a pro-rata basis quarterly in advance based on an average daily balance of your account. Fees may be negotiable and will be deducted from your account. As part of this process, the client is made aware of the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms. We send our invoice directly to the custodian;
- c) It is the client's responsibility to verify the calculation of advisory fees deducted from the account; and
- d) We send a copy of our invoice to you, which includes a legend urging you to compare information provided in our statement with those from the qualified custodian.

Comprehensive Portfolio Management:

Assets Under Management	Annual Percentage of Assets Charge
Under \$499,000	1.70%
\$500,000 to \$999,999	1.60%
\$1,000,000 to \$1,499,999	1.50%
\$1,500,000 to \$2,499,999	1.25%
\$2,500,000 to \$4,999,999	1.20%
\$5,000,000 to \$10,000,000	0.90%
Over \$10,000,000	0.70%

Our firm's annualized fees are billed on a pro-rata basis quarterly in advance based on an average daily balance of your account. Fees may be negotiable and will be deducted from your account. As part of this process, the client is made aware of the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms. We send our invoice directly to the custodian;
- c) It is the client's responsibility to verify the calculation of advisory fees deducted from the account; and
- d) We send a copy of our invoice to you, which includes a legend urging you to compare information provided in our statement with those from the qualified custodian

Financial Planning & Consulting:

We charge on a flat fee basis for financial planning and consulting services. The total estimated fee, as well as the ultimate fee that we charge you, is based on the scope and complexity of our engagement with you. Our flat fees generally range from \$1,500 to \$25,000.

We require a retainer of fifty-percent (50%) of the ultimate financial planning or consulting fee with the remainder of the fee directly billed to you and due to us within thirty (30) days of your financial plan being delivered or consultation rendered to you. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 (six) months.

Pension Consulting:

Assets Under Management	Annual Percentage of Assets Charge
Under \$1,000,000	1.00%
\$1,000,000 to \$1,499,999	0.90%
\$1,500,000 to \$2,499,999	0.75%
\$2,500,000 to \$4,999,999	0.55%
\$5,000,000 to \$10,000,000	0.30%
Over \$10,000,000	0.25%

Our firm's fees are billed on a pro-rata basis annualized quarterly in arrears based on the value of your account on the last day of the previous quarter. Fees may be negotiable and will be deducted from your account.

The fee-paying arrangements for pension consulting service will be determined on a case-by-case basis and will be detailed in the signed Pension Consulting Agreement.

Other Types of Fees & Expenses

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our fees and will be disclosed by the firm that the trades are executed through. Also, clients will pay the following separately incurred expenses, which we do not receive any part of: charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses).

Termination & Refunds

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Commissionable Securities Sales

We do not sell securities for a commission in our advisory accounts.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not accept performance-based fees.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$500,000 for our Comprehensive Portfolio Management and Asset Management service. This minimum account balance requirement may be negotiable and would be required throughout the course of the client's relationship with our firm.
- We generally charge a minimum fee of \$1,500 for written financial plans.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Our firm will utilize several disciplines of analysis. On occasion we will use a technical analysis for forecasting the direction of prices through the study of past market data, primarily price and volume by examining what investors fear or think about those developments and whether or not investors have the wherewithal to back up their opinions as opposed to a fundamental analysis which examines earnings, dividends, new products, research and the like. Technical analysis is frequently contrasted with fundamental analysis and each has limitations because of assumptions about the market. We enlist a more rational approach by utilizing both types of analyses. In addition to these we may employ charting which plot the span between the high and low prices of a trading period. Some widen and fill the interval between the open and close prices to emphasize the open/close relationship. The risk of relying on charting would be similar to the weaknesses of the technical approach, where the price reflects the trend as opposed to fundamental which holds that economic factors influence the price. Studying recurring, preferably periodic, movements in prices or other time series or cyclical analysis may also be incorporated in our methods of analysis. Cyclical may too narrowly predict price without integrating relevant factors. We strive to avoid risks of any one method by incorporating several methods.

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

Our firm will make long term purchases (securities held at least a year), short term purchases (securities sold within a year), trading (securities sold within 30 days). Generally there is more risk involved with shorter trading. We also use short sales to implement our strategies in which we would hope to make a profit from prices going down. The related risks occur when the price of the assets rises. There may also be costs for shorting such as a fee for borrowing the assets and payment of any dividends on the borrowed assets. Similarly margin transactions, option writing, including covered options, uncovered options or spreading strategies may be used to implement our strategies.

Risk of Loss

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to Asset Management and Comprehensive Portfolio Management, as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Representatives of our firm are licensed insurance agents. They may offer products and receive normal and customary commissions as a result of these transactions. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products based on the compensation they may earn.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

An investment adviser is considered a fiduciary and our firm has a fiduciary duty to all clients. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics.

Neither our firm nor a related person recommends to clients, or buys or sells for client accounts, securities in which our firm or a related person has a material financial interest. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons accounts will be traded in the same manner every time.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics.

Item 12: Brokerage Practices

Selecting a Brokerage Firm

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas
- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation
- Quality of services

With this in consideration, our firm participates in the TD Ameritrade Institutional program. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC/NFA. TD Ameritrade is an independent and unaffiliated SEC-registered broker-dealer. TD Ameritrade offers to independent investment Advisors services which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the program. (Please see the disclosure under Item 14 below.)

TD Ameritrade may make certain research and brokerage services available at no additional cost to our firm all of which qualify for the safe harbor exemption defined in Section 28(e) of the Securities Exchange Act of 1934. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by TD Ameritrade may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by TD Ameritrade to our firm in the performance of our investment decision-making responsibilities.

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As a result of receiving these services, we may have an incentive to continue to use or expand the use of TD Ameritrade services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with TD Ameritrade and we have determined that the relationship is in the best interest of our firm's clients and satisfies our fiduciary obligations, including our duty to seek best execution.

TD Ameritrade charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). TD Ameritrade enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. TD Ameritrade commission rates are generally discounted from customary retail commission rates. The commission and transaction fees charged by TD Ameritrade may be higher or lower than those charged by other custodians and broker-dealers.

Our clients may pay a commission to TD Ameritrade that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Although the investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account.

Our firm does not accept products or services that do not qualify for Safe Harbor outlined in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution.

Client Brokerage Commissions

We do not use client brokerage commissions to obtain research or other products or services. The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

Procedures to Direct Client Transactions in Return for Soft Dollars

We do not direct client transactions to a particular broker-dealer in return for soft dollar benefits.

Brokerage for Client Referrals

Our firm does not receive brokerage for client referrals.

Directed Brokerage

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected. We routinely recommend that a client directs us to execute through a specified broker-dealer. Our firm recommends the use of TD Ameritrade. Each client will be required to establish their account(s) with TD Ameritrade if not already done. Please note that not all advisers have this requirement.

Permissibility of Client-Directed Brokerage

We allow clients to direct brokerage outside our recommendation. We may be unable to achieve the most favorable execution of client transactions. Client directed brokerage may cost clients more money. For example, in a directed brokerage account, you may pay higher brokerage commissions because we may not be able to aggregate orders to reduce transaction costs, or you may receive less favorable prices.

Special Considerations for ERISA Clients

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients subscribing to our Asset Management and Comprehensive Portfolio Management services. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews. We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc. We will provide quarterly performance reports to clients detailing the performance of their advisory accounts. Verbal reports to clients take place on at least an annual basis when we contact clients who subscribe to these services.

Pension Consulting clients receive reviews of their pension plans for the duration of the pension consulting service. This is an ongoing service where we meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Pension Consulting clients do not receive written reports and verbal reports will take place on at least an annual basis.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14: Client Referrals & Other Compensation

TD Ameritrade

As disclosed under Item 12 of this Brochure, we participate in TD Ameritrade's institutional customer program and we may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our Clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and

further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

Referral Fees

We may pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with relevant state statutes and rules. Such referral fee represents a share of our investment advisory fee charged to our clients. This arrangement will not result in higher costs to you. In this regard, we maintain Solicitors Agreements in compliance with relevant state statutes and rules and applicable state and federal laws. All clients referred by Solicitors to our firm will be given full written disclosure describing the terms and fee arrangements between our firm and Solicitor(s). In cases where state law requires licensure of solicitors, we ensure that no solicitation fees are paid unless the solicitor is registered as an investment adviser representative of our firm. If we are paying solicitation fees to another registered investment adviser, the licensure of individuals is the other firm's responsibility.

Item 15: Custody

We do not have custody of client funds or securities. State Securities Bureaus, or their equivalents, generally take the position that any arrangement under which a registered investment adviser is authorized or permitted to withdraw client funds or securities maintained with a custodian upon the adviser's instruction to the custodian is deemed to have custody of client funds and securities. As such, we have adopted the following safeguarding procedures:

1. Our clients must provide us with written authorization permitting direct payment to us of our advisory fees from their account(s) maintained by a custodian who is independent of our firm;
2. We must send a statement to our clients showing the amount of our fee, the value of your assets upon which our fee was based, and the specific manner in which our fee was calculated;
3. We must disclose to you that it is your responsibility to verify the accuracy of our fee calculation, and that the custodian will not determine whether the fee is properly calculated; and
4. Your account custodian must agree to send you a statement, at least quarterly, showing all disbursements from your account, including advisory fees.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

Clients have the option of providing our firm with investment discretion on their behalf, pursuant to an executed investment advisory client agreement. By granting investment discretion, we are authorized to execute securities transactions, which securities are bought and sold, and the total amount to be bought and sold. Limitations may be imposed by the client in the form of specific constraints on any of these areas of discretion with our firm's written acknowledgement.

Item 17: Voting Client Securities

We do not accept proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

We have never been the subject of a bankruptcy proceeding.
