Item 4 – Advisory Services

A. Firm Information

Hall Private Wealth Advisors, LLC (“HPWA” or the “Advisor”) is a registered investment advisor with the SEC, which is organized as a Limited Liability Company (LLC) under the laws of the State of California. HPWA was founded in 2015, and is operated by Russell Hall (Managing Director and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by HPWA.

B. Advisory Services Offered

HPWA offers investment advisory services to individuals, high net worth individuals, trusts, estates, corporations and other business in the State of California and other states (each referred to as a “Client”).

Wealth Management Services

HPWA may provide Clients with wealth management services, which generally includes a broad range of financial planning and consulting services in connection with discretionary management of investment portfolios, pursuant to the terms of an agreement. HPWA’s comprehensive wealth management services are specifically designed for our Qualified Clients (i.e., those clients who invest at least \$1,000,000 in assets under management (“AUM”) with the firm or who have a net worth of \$2,100,000), where the Client will pay a lower AUM fee in addition to a performance fee. These services are described below. The Advisor may also offer wealth management services to Non-Qualified Clients, where the Advisor will not assess a performance based fee.

Investment Management Services

HPWA provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. HPWA works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. HPWA will then construct a portfolio, consisting of stocks and exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize bonds and other investments to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy portfolio construction.

HPWA’s investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. HPWA will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

HPWA evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. HPWA may recommend, on occasion, redistributing investment allocations to diversify the portfolio. HPWA may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. HPWA may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will HPWA accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated account at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12.

Financial Planning Services

HPWA will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement or as a part of the Advisor’s wealth management services. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

Hall Private Wealth Advisors

Phone: (858) 263-1675 * Fax: (858) 263-1676

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, estate planning, personal savings, tax planning, education savings and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

HPWA may also refer Clients to an accountant, attorney or another specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to execute the transaction through the Advisor.

C. Client Account Management

Prior to engaging HPWA to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – HPWA, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – HPWA may develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – HPWA may develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – HPWA will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

HPWA absorbs securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the HPWA Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 - Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of November 6, 2017, HPWA manages \$106,260,000 in discretionary assets. Clients may request more current information at any time by contacting the Advisor. Clients may request more current information at any

time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services:

As described in item 4 above, comprehensive wealth management services are provided exclusively to our “Qualified Clients”. For Clients engaged for comprehensive wealth management services, the Client may be charged a single combined fee for investment management and a summary financial plan. Investment management fees are based on the market value of assets under management at the end of the calendar quarter based on following schedule:

Assets Under Management (\$)	Annual Rate (%)
\$1,000,000 to \$2,000,000	0.90%
\$2,000,001 to \$5,000,000	0.80%
\$5,000,000 and over	Negotiated

Fees may vary from the above fee schedule depending on the nature and complexity of each Client’s circumstances, or with the inclusion of financial planning or other services, pursuant to the terms of the wealth management agreement. Non-Qualified Client fees are based on the fee schedule below, where a performance fee will not be assessed. The Advisor may choose to charge a separate fee for financial planning services based on the complexity and needs of the client, pursuant to the terms of the agreement. An estimate for the total costs will be determined prior to establishing the advisory relationship.

Investment Management Services

Investment advisory fees are paid quarterly in arrears pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management (\$)	Annual Rate (%)
\$0 to \$250,000	1.50%
\$250,001 to \$500,000	1.25%
\$500,001 to \$1,000,000	1.15%
\$1,000,001 to \$2,000,000	1.00%
\$2,000,001 to \$5,000,000	0.90%
\$5,000,001 and over	Negotiated

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by HPWA will be independently valued by the designated custodian. HPWA will not have the authority or responsibility to value portfolio securities.

The Advisor’s fee is exclusive of, and in addition to other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

HPWA offers financial planning services either on an hourly basis or a fixed engagement fee. Hourly engagements range up to \$350 per hour. Fixed fee engagements range up to \$25,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and total costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with HPWA at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting HPWA to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. HPWA absorbs securities transactions costs as part of its overall investment advisory fee through the HPWA Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to HPWA for investment advisory services or part of the HPWA Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of HPWA, but would not receive the services provided by HPWA which are designed, among other things to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by HPWA to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

HPWA is compensated for its services at the end of the quarter after investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the contractual hourly rate or in the case of a fixed fee engagement, the percentage of the engagement scope completed by the Advisor. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Certain Advisory Persons are also registered representatives of M.S.Howells & Co. ("MHSC"). MSHC is a registered broker-dealer (CRD No. 104100), member FINRA, SIPC. In one's separate capacity as a registered representative of MSHC, the Advisory Persons may implement securities transactions under MSHC and not through HPWA. In such instances, the Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate and in addition to the Advisor's fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client's objectives. Clients are not obligated to implement any recommendation provided by the Advisor nor Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative Please see "Item 10 – Other Financial Industry Activities and Affiliations".

Certain Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional the Advisory Persons may earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because the person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

HPWA may receive a performance fee based upon any gains obtained in the accounts of "Qualified Clients" pursuant to the terms an investment advisory agreement. Only Qualified Clients with either \$1,000,000 under management with the Advisor or a net worth of \$2,100,000 may be charged a performance fee. Qualified Clients that are charged a performance fee are generally offered a lower investment advisory fee.

The performance fee will be calculated, accounting for any deposits or withdrawals, at the close of each calendar year and deducted from Client accounts directly by the Custodian. The performance fee will be equal to 20% of any gains in excess of the agreed upon blended benchmark, as defined in the Client Agreement and below:

- The portfolio return's net outperformance, relative to the benchmark as specified below, subject to a "high-water mark" limitation (as defined below);
- The 20% excess performance fee will be calculated based on a calendar 12-month period (the "Billing Period"), paid annually and assessed as of the close of business on the last day of the calendar year (the "Billing Date"), less any Client deposits and plus any withdrawals during the Billing Period. Our calculation consists of taking 20% of net-of-fee returns over the blended benchmark (e.g., a portfolio earning 5% excess returns relative to the benchmark will be assessed a performance fee of 1% for the Billing Period in addition to the investment management fee). For Client Accounts opened mid-year, the performance fee will be based on the time-weighted return from inception, to the calendar year-end period, and annually thereafter;
- Once a performance fee is paid, HPWA retains the fee regardless of its subsequent performance; however, no additional performance fee will be paid to HPWA until the portfolio recoups any previous losses ("high-water mark"). Thus, after the first Billing Period in which a performance fee is earned, the performance fee for subsequent Billing Periods only applies to the extent that a portfolio's performance exceeds what had been achieved through the close of any prior period. The high water mark is established when the Account is opened with HPWA, and recalculated annually as of the Billing Date by adjusting the value of the portfolio for changes in market value and all deposits and withdrawals from the Client Account, including all fees paid to HPWA. If the Client loses money in a Billing Period, HPWA will get no performance fee for that period, but will not share in that loss; and

- The portfolio's returns and the subsequent impact of any cash inflows and outflows will be calculated using a "time-weighted" return method.

Performance fee in the first year of service is prorated to the inception date of the account to the end of the first year. Performance fee may be negotiable at the discretion of the Advisor.

The receipt of a performance fee by certain Clients results in a potential conflict of interest, where HPWA has the potential for higher compensation from a Client.

Who is a "Qualified Client"?

The Investment Advisers Act of 1940 (the "Advisers Act"), Rule 205-3(d)(1) defines a "Qualified Client" who is financially sophisticated and meets one or more of the following conditions:

- Client is a natural person who, or a company that, immediately after entering into the contract has at least \$1,000,000 under the management of the Advisor;
- Client is a natural person who, or a company that, immediately prior to entering into the contract has a net worth (together, in the case of a natural person, with assets held jointly with a spouse) of more than \$2,100,000 at the time the contract is entered into.

The receipt of a performance fee by certain Clients results in a potential conflict of interest, where HPWA has the potential for higher compensation from a Client. HPWA will charge a lower investment advisory fee to all Clients that are charged a performance Fee.

Item 7 – Types of Clients

HPWA offers investment advisory services to individuals, high net worth individuals, trusts, estates, corporations, and other businesses in State of California and other states. The percentage of each type of Client is available on HPWA's Form ADV Part 1A. These percentages may change over time and are updated at least annually by the Advisor. HPWA generally requires a minimum account size for establishing a relationship of \$500,000 to effectively implement its investment process.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

HPWA employs fundamental analysis in developing investment strategies for its Clients. Research and analysis from HPWA is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

As noted above, HPWA generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. HPWA will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, HPWA

may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. HPWA will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving HPWA or any of its Supervised Persons. HPWA and its Supervised Persons value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov with searching by our firm name or our CRD# 175335.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, certain Advisory Persons are also registered representatives of M.S.Howells & Co. ("MSHC"). MSHC is a registered broker-dealer (CRD No. 104100), member FINRA, SIPC. In one's separate capacity as a registered representative, the Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by the Advisory Person. Neither the Advisor the Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with HPWA. As an insurance professional, the Advisory Person may receive customary commissions and other related revenues from the various insurance companies whose products are sold. The Advisory Person is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisory Persons or the Advisor.

C. Personal Trading in Same Securities as Clients

HPWA allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by HPWA requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate pursuant to Code of Ethics. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While HPWA allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will HPWA, or any Supervised Person of HPWA, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

HPWA does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize HPWA to direct trades to this Custodian as agreed in the investment advisory agreement. Further, HPWA does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where HPWA does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for execution and/or custodial services. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a broker not recommended by HPWA.

HPWA will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". HPWA maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab (Please see Item 14 below.)

The Client will engage Schwab to safeguard the assets and authorize HPWA to access its accounts at Schwab to deliver its investment management services. HPWA will place all securities trades through the Client's

account[s] at Schwab as agreed in the investment advisory agreement. HPWA does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis, but will perform an annual review of Schwab's capital markets performance and their ability to provide the Client with best price execution for trades.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services.

2. Brokerage Referrals - HPWA does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where HPWA will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, HPWA will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. HPWA will execute its transactions through the Custodian selected by the Client. HPWA may aggregate orders in a block trade or trades when securities are purchased or sold through the same Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Russell M. Hall, Chief Compliance Officer of HPWA. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify HPWA if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by HPWA

HPWA will generally recommend that Clients establish their account[s] at Schwab, as described in item 12 above. Schwab will serve as the Client's "qualified custodian". HPWA maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. (Please see Item 12 for additional information).

Participation in Institutional Advisor Platform

HPWA has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like HPWA. As a registered investment advisor participating on the Schwab Advisor Services platform, HPWA receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to HPWA that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. HPWA believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

HPWA is incented to remain affiliated with Schwab and to recommend that Clients establish accounts with Schwab due to financial support received from Schwab. Through the relationship with Schwab, HPWA received initial support payment for technology, marketing and compliance consulting related expenses at the signing of the engagement and will receive additional support based on a specific amount of Client assets to be held in custody with Schwab. The receipt of any such compensation creates a financial incentive for HPWA to recommend Schwab as the Custodian for the assets in your account. This conflict is mitigated through disclosure and that Clients are not obligated to utilize HPWA's recommended Custodian. Additionally, as mentioned above, the Client may directly or indirectly receive other benefits through the engagement with Schwab. We encourage you to discuss any such conflicts of interest with us before making a decision to custody your assets at Schwab.

B. Client Referrals from Solicitors

HPWA may engage and compensate unaffiliated third party referral sources (a "solicitor") for Client referrals. Clients will not pay a higher fee to HPWA as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

HPWA does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct HPWA to utilize the Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by HPWA to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

HPWA generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by HPWA. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by HPWA will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

HPWA does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither HPWA, nor its management, have any adverse financial situations that would reasonably impair the ability of HPWA to meet all obligations to its Clients. Neither HPWA, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. HPWA is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Material Changes

HPWA has changed their firm registration status from a State registered investment advisory to a registered investment advisor with the U.S. Securities and Exchange Commission ("SEC")

Item 4 – Services Fees and Compensation

A. Services

HPWA provides customized wealth management and investment management services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the HPWA Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting HPWA as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, HPWA includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the HPWA Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the HPWA Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on HPWA’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by HPWA are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to HPWA. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are paid quarterly in arrears pursuant to the terms of the agreement. The wrap program is offered and provided to all clients of HPWA, where investment advisory fees are never increased for the services under this wrap fee program. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

Fees may vary from the defined fee schedule in the Disclosure Brochure, depending on the nature and complexity of each Client’s circumstances, or with the inclusion of financial planning or other services, pursuant to the terms of the wealth management agreement.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by HPWA will be independently valued by the designated Custodian. HPWA will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by HPWA. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, HPWA includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to HPWA for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund’s prospectus. These fees and expenses will

generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by HPWA to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

HPWA is the sponsor and portfolio manager of this Wrap Fee Program. HPWA receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

HPWA offers investment advisory services to individuals, high net worth individuals, trusts, estates, corporations, and other businesses. HPWA generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Portfolio Manager Selection

HPWA serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

Related Persons

HPWA personnel serve as portfolio managers for this Wrap Fee Program. HPWA does not serve as a portfolio manager for any third-party wrap fee programs.

Performance-Based Fees

HPWA may receive a performance fee based upon excess gains achieved in the accounts of "Qualified Clients" pursuant to the terms an investment advisory agreement. Only Qualified Clients with either \$1,000,000 under management with the Advisor or a net worth of \$2,100,000 can be charged a performance fee. Qualified Clients that are charged a performance fee will generally be offered a lower investment advisory fee, per the schedule in the HPWA Comprehensive Client Agreement

The performance fee will be calculated as disclosed in Item 6 of the Disclosure Brochure included with the Wrap Fee Brochure.

Who is a "Qualified Client"?

The Investment Advisers Act of 1940 (the "Advisers Act"), Rule 205-3(d)(1) defines a "Qualified Client" who is financially sophisticated and meets one or more of the following conditions:

- Client is a natural person who, or a company that, immediately after entering into the contract has at least \$1,000,000 under the management of the Advisor;
- Client is a natural person who, or a company that, immediately prior to entering into the contract has a net worth (together, in the case of a natural person, with assets held jointly with a spouse) of more than \$2,100,000 at the time the contract is entered into.

The receipt of a performance fee by certain Clients results in a potential conflict of interest, where HPWA has the potential for higher compensation from a Client. HPWA will charge a lower investment advisory fee to all Clients that are charged a performance Fee.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. HPWA will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will generally entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

HPWA does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

HPWA is the sponsor and sole portfolio manager for the Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. Please also see the HPWA Privacy Policy (included after this Wrap Fee Program Brochure).

Other Compensation

Participation in Institutional Advisor Platform

HPWA has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like HPWA. As a registered investment advisor participating on the Schwab Advisor Services platform, HPWA receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services to HPWA that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. HPWA believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

HPWA is incented to remain affiliated with Schwab and to recommend that Clients establish accounts with Schwab due to financial support received from Schwab. Through the relationship with Schwab, HPWA received initial support payment for technology, marketing and compliance consulting related expenses at the signing of the engagement and will receive additional support based on a specific amount of Client assets to be custodied with Schwab. The receipt of any such compensation creates a financial incentive for HPWA to recommend Schwab the Custodian for the assets in your account. This conflict is mitigated through disclosure and that Clients are not obligated to utilize HPWA's recommended Custodian. Additionally, as mentioned above, the

Client may directly or indirectly receive other benefits through the engagement with Schwab. We encourage you to discuss any such conflicts of interest with us before making a decision to custody your assets at Schwab.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Brochure) for details on additional compensation that may be received by HPWA or its Advisory Persons. Each Advisory Person's Brochure Supplement (also included with this Wrap Fee Brochure) provides details on any outside business activities and the associated compensation.

Client Referrals from Solicitors

HPWA may engage and compensate unaffiliated third party referral sources (a "solicitor") for Client referrals. Clients will not pay a higher fee to HPWA as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Financial Information

Neither HPWA, nor its management has any adverse financial situations that would reasonably impair the ability of HPWA to meet all obligations to its Clients. Neither HPWA, nor any of its Advisory Persons, has been subject to a bankruptcy or financial compromise. HPWA is not required to deliver a balance sheet along with this Disclosure Brochure, as the firm does not collect advance fees of \$1,200 or more for services to be performed six months or more in advance. The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.
