Item 4: Advisory Business

Our firm specializes in Asset Management and Financial Planning & Consulting. Our assets under management are \$132,914,518 as of December 31, 2015. We are dedicated to providing individuals and other types of clients with a wide array of investment advisory services. Our firm is a S-Corporation formed in the State of California. Our firm has been in business as an investment adviser since 2001 and is owned wholly by Mrs. Akemi Dalvi.

Types of Advisory Services We Offer

Asset Management:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

Financial Planning & Consulting:

We provide a variety of financial planning and consulting services to individuals, families and other clients regarding the management of their financial resources based upon an analysis of client's current situation, goals, and objectives. Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation for clients based on the client's financial goals and objectives. This planning or consulting may encompass one or more of the following areas: Investment Planning, Retirement Planning, Estate Planning, Charitable Planning, Education Planning, Personal Tax Planning, Insurance Analysis, Business and Personal Financial Planning.

Our written financial plans or financial consultations rendered to clients usually include general recommendations for a course of activity or specific actions to be taken by the clients. For example, recommendations may be made that the clients begin or revise investment programs, create or revise wills or trusts, obtain or revise insurance coverage, commence or alter retirement savings, or establish education or charitable giving programs. It should also be noted that we refer clients to an accountant, attorney or other specialist, as necessary for non-advisory related services. For written financial planning engagements, we provide our clients with a written summary of their financial situation, observations, and recommendations. For financial consulting engagements, we usually do not provide our clients with a written summary of our observations and recommendations as the process is less formal than our planning service. Plans or consultations are typically completed within 6 months of the client signing a contract with us, assuming that all the information and documents we request from the client are provided to us promptly. Implementation of the recommendations will be at the discretion of the client.

Tailoring of Advisory Services

We offer individualized investment advice to clients subscribing to our Asset Management service. Additionally, we offer general investment advice to clients subscribing to our Financial Planning and Consulting service. Each Asset Management client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account.

Participation in Wrap Fee Programs

We do not offer wrap fee programs.

Regulatory Assets Under Management¹

As of December 31, 2015, we manage \$132,914,518 on a non-discretionary basis.

Item 5: Fees & Compensation

How We Are Compensated for Our Advisory Services

Asset Management:

Assets Under Management	Annual Percentage of Assets Charge
First \$0 - \$250,000	1.50%
Next \$250,001 - \$1,000,000	1.25%
Next \$1,000,001 - \$2,000,000	1.00%
Next \$2,000,001 - \$5,000,000	0.75%
Over \$5,000,000+	0.50%

Our firm's annualized fees are billed on a pro-rata basis quarterly in advance based on the value of your account on the last day of the previous quarter. Fees will be adjusted for deposits and withdrawals made during the quarter and will be deducted from your managed account. As part of this process, clients are made aware of the following:

- a) Your independent custodian sends statements at least quarterly to you showing the market values for each security included in the Assets and all disbursements in your account including the amount of the advisory fees paid to us;
- b) You provide authorization permitting us to be directly paid by these terms. We send our invoice directly to the custodian; and
- c) If we send a copy of our invoice to you, it will include a legend urging you to compare information provided in our statement with those from the qualified custodian.

¹ Please note that our method for computing the amount of "client assets we manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A of Form ADV. However, we have chosen to follow the method outlined for Item 5.F in Part 1A of Form ADV. If we decide to use a different method at a later date to compute "client assets we manage," we must keep documentation describing the method we use and inform you of the change. The amount of assets we manage may be disclosed by rounding to the nearest \$100,000. Our "as of" date must not be more than three months before the date we last updated our Brochure in response to Item 4.E of Form ADV Part 2A.

Financial Planning & Consulting:

We charge on an hourly or flat fee basis for financial planning and consulting services. Our hourly rate will not exceed \$495. Flat fees will not exceed \$20,000. The total estimated fee, as well as the ultimate fee that we charge you, is negotiable and is based on the scope and complexity of our engagement with you. Our annual renewal fee will not exceed \$750. This renewal fee is generally not negotiable. Prior agreed to annual renewal rates have been grandfathered in. Payment of fees will be due following the delivery of a financial plan or consultation. In all cases, we will not require a retainer exceeding \$1,200 when services cannot be rendered within 6 months.

Other Types of Fees & Expenses

Clients will incur transaction charges for trades executed in their accounts. These transaction fees are separate from our firm's advisory fees and will be disclosed by the chosen custodian. Clients may also pay charges imposed directly by a mutual fund, index fund, or exchange traded fund, which shall be disclosed in the fund's prospectus (i.e., fund management fees, initial or deferred sales charges, mutual fund sales loads, 12b-1 fees, surrender charges, variable annuity fees, IRA and qualified retirement plan fees, and other fund expenses). Our firm does not receive a portion of these fees.

As part of our Asset Management service, clients may be invested in SA Funds – Investment Trust ("SA Funds"), a family of ten asset class mutual funds advised by LWI Financial, Inc ("Loring Ward"). KWA and Loring Ward are unaffiliated firms. Loring Ward receives management, administration and shareholder servicing fees from each of the SA Funds described in the SA Funds' prospectus and DF. Clients may also be invested in other mutual funds ("DFA Funds") managed by Dimensional Fund Advisors, Inc. ("DFA"), a third party investment adviser that is unaffiliated with KWA and Loring Ward. DFA acts as a sub-adviser for the SA Funds, from which DFA receives sub-advisory fees. Our firm does not receive a portion of these fees. Clients will be provided with a copy of the applicable SA Fund and/or DFA Funds' documents prior to investing. These factors present a conflict of interest, as it provides incentive for Loring Ward to recommend the purchase of SA Funds and DFA Funds rather than other similarly-situated mutual funds. KWA will always act in the client's best interest when recommending a certain asset allocation. Clients are, however, under no obligation to approve the recommended asset allocations.

Termination & Refunds

We charge our advisory fees quarterly in advance. In the event that you wish to terminate our services, we will refund the unearned portion of our advisory fee to you. You need to contact us in writing and state that you wish to terminate our services. Upon receipt of your letter of termination, we will proceed to close out your account and process a pro-rata refund of unearned advisory fees.

Commissionable Securities Sales

We also sell securities for a commission. In order to sell securities for a commission, our supervised persons are registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), member FINRA/SIPC. Our supervised persons may accept compensation for the sale of securities or other investment products, including distribution or service ("trail") fees from the sale of mutual funds. You should be aware that the practice of accepting commissions for the sale of securities:

- 1) Presents a conflict of interest and gives our firm and/or our supervised persons an incentive to recommend investment products based on the compensation received, rather than on your needs. We generally address commissionable sales conflicts that arise when explaining to clients that commissionable securities sales creates an incentive to recommend products based on the compensation we and/or our supervised persons may earn and may not necessarily be in the best interests of the client; or when recommending commissionable mutual funds, explaining that “no-load” funds are available through our firm if the client wishes to become an investment advisory client.
- 2) In no way prohibits you from purchasing investment products recommended by us through other brokers or agents which are not affiliated with us.

Item 6: Performance-Based Fees & Side-By-Side Management

We do not charge performance fees to our clients.

Item 7: Types of Clients & Account Requirements

We have the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Corporations, limited liability companies and/or other business types

Our requirements for opening and maintaining accounts or otherwise engaging us:

- We require a minimum account balance of \$500,000 for our asset management service. Generally, this minimum account balance requirement is not negotiable and would be required throughout the course of the client’s relationship with our firm.
- We generally charge a minimum fee of \$4,750 for written financial plans.

Item 8: Methods of Analysis, Investment Strategies & Risk of Loss

Methods of Analysis:

- Charting;
- Fundamental;
- Technical;
- Cyclical.

Investment Strategies We Use:

- Long Term Purchases (Securities Held At Least a Year);
- Short Term Purchases (Securities Sold Within a Year);
- Trading (Securities Sold Within 30 Days).

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you

understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Ultimately, we try to achieve the highest return on our client's cash balances through relatively low-risk conservative investments. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to asset management services, as applicable.

Item 9: Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Item 10: Other Financial Industry Activities & Affiliations

Mr. Kondo and Mrs. Dalvi are registered representatives with PKS, a registered broker-dealer and Member FINRA/SIPC. KWA is not affiliated with PKS. In order to comply with FINRA Conduct Rule 3040, PKS as an unaffiliated broker-dealer may periodically review the investment advisory transactions of KWA. This information will be viewed by PKS' compliance department personnel for supervisory purposes only. No information viewed will be utilized for purposes of solicitation or shared with any affiliation outside the scope of regulatory compliance. A conflict of interest may arise as these commissionable securities sales may create an incentive to recommend products incentive to recommend products based on the compensation adviser and/or our supervised persons may earn. Clients are under no obligation to utilize this service.

Our representatives are licensed with several life, disability and other insurance companies. The representatives are therefore able to create a more comprehensive strategy to achieve our clients' long term goals. Representatives may recommend insurance products offered by these companies. If our client purchases these products, we will receive the normal commissions. Thus, a potential conflict of interest exists between the firm's interests and those of the firm's advisory clients. Clients are under no obligation to utilize this service.

Item 11: Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees

for their personal accounts². In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Furthermore, related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours of buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Item 12: Brokerage Practices

Selecting a Brokerage Firm

We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are overall most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others, these:

- Ability to maintain the confidentiality of trading intentions
- Timeliness of execution
- Timeliness and accuracy of trade confirmations
- Research services provided
- Ability to provide investment ideas

² For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

- Execution facilitation services provided
- Record keeping services provided
- Custody services provided
- Frequency and correction of trading errors
- Ability to access a variety of market venues
- Expertise as it relates to specific securities
- Financial condition
- Business reputation

With this in consideration, our firm has an arrangement with Charles Schwab & Co., Inc. ("Schwab"), and Purshe Kaplan Sterling Investments, Inc. ("PKS") registered broker-dealers, Members SIPC. Our firm also utilizes the services of Loring Ward an independent third-party account administrator. Collectively Schwab, PKS and Loring Ward shall be referred to as "Service Providers". The Service Providers offer independent investment advisers non-soft dollar services which include custody of securities, trade execution, clearance and settlement of transactions. We receive some non-soft dollar benefits from the Service Providers through our participation in the program. (Please see the disclosure under Item 14 of this Brochure.)

The Service Providers may make certain research and brokerage services available at no additional cost to our firm. These services may be directly from independent research companies, as selected by our firm (within specific parameters). Research products and services provided by the Service Providers may include research reports on recommendations or other information about, particular companies or industries; economic surveys, data and analyses; financial publications; portfolio evaluation services; financial database software and services; computerized news and pricing services; quotation equipment for use in running software used in investment decision-making; and other products or services that provide lawful and appropriate assistance by the Service Providers to our firm in the performance of our investment decision-making responsibilities.

The aforementioned research and brokerage services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, our firm might be compelled to purchase the same or similar services at our own expense.

As a result of receiving the services discussed, we may have an incentive to continue to use or expand the use of the Service Providers' services. Our firm examined this potential conflict of interest when we chose to enter into the relationship with the Service Providers and we have determined that the relationship is in the best interest of our firm's clients and satisfies our client obligations, including our duty to seek best execution.

The Service Providers charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Schwab enables us to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. the Service Providers' commission rates are generally discounted from customary retail commission rates. However, the commission and transaction fees charged by the Service Providers may be higher or lower than those charged by other custodians and broker-dealers.

Our clients may pay a commission to the Service Providers that is higher than another qualified broker dealer might charge to effect the same transaction where we determine in good faith that

the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although we will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions.

Soft Dollars

Although the investment research products and services that may be obtained by our firm will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account. Our firm does not accept products or services that do not qualify for Safe Harbor outlined in Section 28(e) of the Securities Exchange Act of 1934, such as those services that do not aid in investment decision-making or trade execution.

Client Brokerage Commissions

Our firm does not receive brokerage commissions for client referrals.

Procedures to Direct Client Transactions in Return for Soft Dollars

We do not direct client transactions to a particular broker-dealer in return for soft dollar benefits.

Brokerage for Client Referrals

Neither we nor any of our firm's related persons have discretionary authority in making the determination of the brokers with whom orders for the purchase or sale of securities are placed for execution, and the commission rates at which such securities transactions are effected.

Special Considerations for ERISA Clients:

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan. Consequently, we will request that plan sponsors who direct plan brokerage provide us with a letter documenting that this arrangement will be for the exclusive benefit of the plan.

Aggregation of Purchase or Sale

We perform investment management services for various clients. There are occasions on which portfolio transactions may be executed as part of concurrent authorizations to purchase or sell the same security for numerous accounts served by our firm, which involve accounts with similar investment objectives. Although such concurrent authorizations potentially could be either advantageous or disadvantageous to any one or more particular accounts, they are affected only when

we believe that to do so will be in the best interest of the effected accounts. When such concurrent authorizations occur, the objective is to allocate the executions in a manner which is deemed equitable to the accounts involved. In any given situation, we attempt to allocate trade executions in the most equitable manner possible, taking into consideration client objectives, current asset allocation and availability of funds using price averaging, proration and consistently non-arbitrary methods of allocation.

Item 13: Review of Accounts or Financial Plans

We review accounts on at least a quarterly basis for our clients subscribing to our Asset Management service. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with Asset Management clients.

Reviews will be conducted by KWA's Chief Compliance Officer or investment adviser representatives. We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Financial Planning clients do not receive reviews of their written plans unless they take action to schedule a financial consultation with us. We do not provide ongoing services to financial planning clients, but are willing to meet with such clients upon their request to discuss updates to their plans, changes in their circumstances, etc. Financial Planning clients do not receive written or verbal updated reports regarding their financial plans unless they separately contract with us for a post-financial plan meeting or update to their initial written financial plan.

Item 14: Client Referrals & Other Compensation

Except for the arrangements outlined in Item 12 of this brochure, we have no additional arrangements to disclose.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with State statutes and rules.

Item 15: Custody

All of our clients receive at least quarterly account statements directly from their custodians. Upon opening an account with a qualified custodian on a client's behalf, we promptly notify the client in writing of the qualified custodian's contact information. If we decide to also send account statements to clients, such notice and account statements include a legend that recommends that the client compare the account statements received from the qualified custodian with those received from our firm.

We encourage our clients to raise any questions with us about the custody, safety or security of their assets. The custodians we do business with will send you independent account statements listing your account balance(s), transaction history and any fee debits or other fees taken out of your account.

Item 16: Investment Discretion

Our clients only sign a non-discretionary investment advisory agreement with our firm for the management of their account. This type of agreement only applies to our Asset Management clients. We do not take or exercise discretion with respect to our clients.

Item 17: Voting Client Securities

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

Item 18: Financial Information

We are not required to provide financial information in this Brochure because:

- We do not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- We do not take custody of client funds or securities.
- We do not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

Our firm has never been the subject of a bankruptcy proceeding.
