Item 4 – Advisory Services

A. Firm Information

Sightline Wealth Advisors LLC (“Sightline” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commissions (“SEC”), which is organized as a Limited Liability Company (“LLC”) under the laws of the State of Connecticut. Sightline became a registered investment advisor in April 2015. Sightline is owned and operated by Stefan “Alex” Pellish (Principal and Chief Compliance Officer) and Mark J. Steffen (Principal). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Sightline.

B. Advisory Services Offered

Sightline offers investment advisory services to individuals, high net worth individuals, and businesses in the State of Connecticut and other states (each referred to as a “Client”).

Sightline provides unbiased investment advice to help Clients achieve their financial goals. At Sightline, we believe in a long-term approach to building Client wealth through a combination of passive and active management, asset allocation, diversification, and risk management. We further believe that investment management must be aligned with proper, ongoing financial planning to fully understand a Client’s needs and to help them achieve and maintain their financial independence.

Sightline’s typically begins each Client engagement with a financial planning process to identify the Client’s goals and time-based needs. Sightline will assist the Client in defining their financial goals and formulating an investment policy statement that based on these goals and the Client’s financial situation, time horizon and tolerance to take investment risk.

Details of these services are described below.

Financial Planning Services

As noted above, Sightline generally conducts a formal financial planning process at the start of its relationship each Client. Sightline will also provide a variety of financial planning services to individuals, families and businesses separate from this process. The services are tailored to the specific needs of each Client. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Sightline may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or to maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

Investment Management Services

Sightline provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and advisory services. Sightline works with each Client to identify their investment goals, objectives, risk tolerance and financial situation in order to create a long-term portfolio strategy. Sightline will then construct a portfolio primarily comprised of exchange-traded funds ("ETFs") and institutional or no-load mutual funds to achieve the Client's investment goals. The Advisor may also utilize individual stocks, individual bonds, covered options, and certificates of deposit to meet the needs of its Clients. In certain circumstances the Advisor may also recommend alternative investments to meet the needs of a particular Client.

Sightline's investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Sightline will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Sightline evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Sightline may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Sightline may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Sightline may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

Sightline will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will Sightline accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client investment advisory agreement.

C. Client Account Management

Prior to engaging Sightline to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Policy Statement – Sightline, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – Sightline will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Sightline will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Sightline will provide investment management and ongoing oversight of the Client's portfolio and overall account.

D. Wrap Fee Programs

Sightline does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Sightline.

Assets Under Management	Assets
Discretionary Assets	\$37,612,491
Non-Discretionary Assets	78,958,867
Total	\$116,571,358

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more advisory agreements that detail the responsibilities of Sightline and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, at the end of each quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of each quarter. Investment advisory fees are based on the following schedule:

Assets Under Management	Annual Rate-%
Up to \$1,000,000*	0.95%
Next \$1,000,000 (Up to \$2,000,000)	0.85%
Next \$1,000,000 (Up to \$3,000,000)	0.75%
Next \$2,000,000 (Up to \$5,000,000)	0.60%
Over \$5,000,000	0.40%

* Minimum annual fee of \$2,500.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. Certain Clients may be offered a fee schedule that differs the schedule above. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Sightline will be independently valued by the designated Custodian. Sightline will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

Sightline offers financial planning services on an hourly basis at a rate of up to \$350 per hour or on a fixed fee per engagement at the rate of \$1,000 to \$7,500. Financial planning fees may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours and/or costs will be determined prior to establishing the advisory relationship.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Sightline at the end of each calendar quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting

deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Sightline to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are generally invoiced up to fifty percent (50%) upon execution of the financial planning agreement and the balance upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Sightline, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the Custodian and executing broker-dealer. The investment advisory fee charged by Sightline is separate and distinct from these custody and execution fees.

In addition, all fees paid to Sightline for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Sightline, but would not receive the services provided by Sightline which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Sightline to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

Sightline is compensated for its investment management services at the end of the quarter, after investment advisory services are rendered. Either party may terminate the investment advisory agreement with Sightline, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination.

Financial Planning Services

Sightline may be partially compensated for its financial planning services prior to starting the engagement. Either party may terminate a financial planning agreement at any time by providing written notice to the other party. In addition, the Client may terminate the agreement within five (5) business days of signing the Advisor's financial planning agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Refunds will be given on a pro rata basis. Upon termination, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate or percentage completion of any fixed fee engagement. Any unearned, prepaid fees will be promptly refunded.

E. Compensation for Sales of Securities

Sightline does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the Investment Advisory Fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Sightline does not charge performance-based fees for its investment advisory services. The fees charged by Sightline are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Sightline Wealth Advisors LLC

Phone: (860) 448-0611 * Fax: (860) 445-0269

www.sightlinewa.com

Sightline does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Sightline offers investment advisory services to individuals, high net worth individuals, and businesses. The relative percentage of each type of Client is available on Sightline's Form ADV Part 1. These percentages will change over time. Sightline generally does not impose a minimum account size for establishing a relationship, but does have a minimum annual fee of \$2,500, which may be lowered at the sole discretion of the Advisor.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Sightline primarily employs fundamental analysis methods in developing investment strategies for its Clients, but may also employ technical analysis and other methods. Research and analysis from Sightline is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Sightline generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Sightline will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Sightline may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Sightline will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Sightline or any of its employees. Sightline and its advisory personnel value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov.

To review the firm information contained in Form ADV Part 1, select the option for "Investment Adviser Search", then selecting "Firm" and enter **176520** in the field labeled "Firm Name or CRD# or SEC#". This will provide access to Form ADV Parts 1 and 2. Item 11 of the Form ADV Part 1 lists legal and disciplinary disclosure questions.

Item 10 – Other Financial Industry Activities and Affiliations

Sightline is required to disclose any relationship or arrangement that is material to its advisory business or to its clients with certain related persons. Sightline has described such relationships and arrangements below.

Receipt of Insurance Commissions

Certain of Sightline's Supervised Persons are also licensed insurance professionals, but are not actively engaged in this business. Neither Sightline nor any of its Supervised Persons will receive compensation for any insurance recommendations or implementations. As a fee-only advisory firm, Sightline and its Supervised Persons are only compensated through the investment advisory fees paid by Clients to the Advisor. In some instances, Supervised Persons receive commissions from prior implementations of insurance products for Clients. As a fee-only Advisor, neither Sightline nor its Supervised Persons retain these commissions. 100% of the commissions received are either rebated to the respective Client accounts (if possible) or donated to an approved 501(c) charity.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Sightline has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Sightline (our "Supervised Persons"). The Code of Ethics was

developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Sightline and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Sightline Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (860) 448-0611 or by email at info@sightlinewa.com.

B. Personal Trading with Material Interest

Sightline allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Sightline does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Sightline does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Sightline allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Sightline may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Sightline requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

In addition, the Code of Ethics governs Gifts and Entertainment given by and provided to the Advisor, outside employment activities of employees, Employee reporting, sanctions for violations of the Code of Ethics, and records retention requirements for various aspects of the Code of Ethics.

D. Personal Trading at Same Time as Client

While Sightline allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Sightline, or any Supervised Person of Sightline, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Sightline does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Sightline to direct trades to the Custodian as agreed in the investment advisory agreement. Further, Sightline does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Sightline does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for execution and/or custodial services. Clients are not obligated to use the recommended custodian and will not incur any extra fee or cost associated with using a custodian not recommended by Sightline. Sightline may recommend a custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the Custodian's offices. Sightline does not receive research services, other products, or compensation as a result of recommending a particular custodian that may result in the Client paying higher commissions than those obtainable through other custodians. Sightline will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's

“qualified custodian”. Sightline maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab (Please see Item 14 below.).

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **Sightline does not participate in soft dollar programs sponsored or offered by any broker-dealer.**

2. Brokerage Referrals - Sightline does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Sightline will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). In selecting the Custodian, Sightline will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Sightline will execute its transactions through an unaffiliated broker-dealer selected by the Client. Sightline may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by a Principal of Sightline. Formal account reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account. The Client is encouraged to notify Sightline if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Sightline

Sightline does not receive commissions or other compensation from product sponsors, broker-dealers or any unrelated third party. Sightline may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Sightline may receive referrals of new Clients from a third-party.

Participation in Institutional Advisor Platform

Sightline has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Sightline. As a registered investment advisor participating on the Schwab Advisor Services platform, Sightline receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Sightline that may not benefit the Client, including: educational conferences and events, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Sightline believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Sightline does not engage paid solicitors for Client referrals.

Item 15 – Custody

Sightline does not accept or maintain custody of any Client accounts, except for the authorized deduction of the advisor's fee. All Clients must place their assets with a qualified custodian. Clients are required to select their own custodian to retain their funds and securities and direct Sightline to utilize that custodian for the Client's security transactions. Sightline encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Sightline generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Sightline. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such

authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Sightline will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Sightline does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Sightline, nor its management, has any adverse financial situations that would reasonably impair the ability of Sightline to meet all obligations to its Clients. Neither Sightline, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Sightline is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;

Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;

Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and

Ethics – Agree to be bound by CFP® Board’s Standards of Professional Conduct, a set of documents outlining the ethical and practice standards for CFP® professionals.

This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
