WFA's investment advisory disciplinary history is available by going to:

<http://www.adviserinfo.sec.gov/>

- In 2009 and 2010, Wachovia Securities agreed to settlements with the SEC and multiple state regulatory agencies regarding allegations that the Firm misrepresented the liquidity risks of auction rate securities sold to customers. Without admitting or denying the allegations, the Firm agreed to pay \$50,000,000 in fines to state regulatory agencies. The Firm also agreed to offer to repurchase auction rate securities, not subject to current calls or redemptions in the relevant class, that were the subject of unsuccessful auctions. The Firm complied with all terms of these settlements as of June 30, 2010.
- In May 2009, WFA agreed to a settlement with FINRA regarding allegations the Firm failed to deliver prospectuses and product descriptions to certain customers who purchased investment products, failed to have adequate supervisory systems and appropriate written supervisory procedures in place to ensure that offering documents were being sent to customers in connection with transactions, and failed to adequately supervise the submission of information to FINRA staff and ensure that its submissions were accurate, complete and timely submitted. Without admitting or denying the allegations, the Firm agreed to a censure and a \$1,400,000 fine. In addition, the Firm completed a subsequent review and certification that it had adopted and implemented

supervisory systems and procedures reasonably designed to achieve compliance with the federal securities laws and FINRA rules applicable to the delivery of prospectuses and product descriptions.

- In February 2009, Wachovia Securities agreed to a settlement with FINRA regarding allegations that it failed to accurately make certain customer mailings. FINRA noted that the Firm failed to send customers confirmation of changes to: investment objectives, customer addresses and certain asset movements. In addition, customer profile information verification forms were not delivered to customers. Without admitting or denying the allegations, the Firm consented to a fine of \$1,100,000 and agreed to hire an outside consultant to conduct a review of the Firm's policies, procedures, testing and systems related to these issues, which was completed on or about August 2009.
- In February 2009, Wachovia Securities agreed to a settlement with FINRA regarding allegations that the Firm (1) made recommendations through its registered representatives to customers to purchase Class B and Class C mutual fund shares where an equal investment in Class A shares would have been more advantageous for certain clients, (2) did not provide certain eligible customers with the benefit of net asset value ("NAV") transfer programs in connection with mutual fund purchases and sales discounts in connection with purchases of Unit Investment Trusts ("UIT") and (3) failed to establish, maintain and enforce supervisory systems and procedures reasonably designed (a) to provide consideration, on a consistent basis, of the benefits of various mutual fund classes as they applied to individual customers, (b) to identify opportunities for investors to purchase mutual funds at NAV and (c) to ensure that sales charge discounts were applied to eligible UIT purchases by customers. Without admitting or denying the findings, the firm consented to a censure, a fine of \$4,410,000 and undertakings that included remediation to certain customers. In determining appropriate sanctions, FINRA considered the Firm's proactive remedial actions taken upon its discovery of, and before FINRA's inquiry into, certain conduct. After identifying failures to provide certain customers with NAV pricing and UIT sales discounts, the Firm acted promptly and in good faith to repay customers approximately \$5.4 million and correct its systems and procedures.
- In October 2008, Wachovia Securities entered into a settlement with FINRA, regarding allegations that it permitted an individual to function as a principal without being properly licensed as a General Securities Principal ("GP"), permitted an individual to supervise its equity research analysts without being properly licensed as a Research Principal ("RP") and failed to ensure that a GP or RP manage and supervise the Firm's Advisory Services Group. Without admitting or denying the allegations, the Firm consented to a censure and a \$75,000 fine.
- In September 2007, Wachovia Securities entered into a settlement with the SEC regarding allegations that the Firm entered into an agreement to allow a registered representative to market time in an affiliate mutual fund in excess of trading limits set forth in the fund's prospectus. Without admitting or denying the allegations, the Firm agreed to a censure, to pay disgorgement of \$1 and a civil penalty of \$500,000, and to cease and desist any further violations of this kind.
- In June 2007, Wachovia Securities entered into a settlement with the NASD regarding alleged supervisory failures in connection with its fee in lieu of commission account program based on low activity, opening accounts below stated minimums and distributing a piece of sales literature that inaccurately stated that the fee in lieu account was a fee based advisory account. Without admitting or denying the findings, the Firm agreed to a censure, a \$2,000,000 fine and paid restitution to specified clients.
- In October 2006, Wachovia Securities consented to a finding by a NYSE hearing panel that the Firm violated NYSE Rules by failing to provide for, establish and maintain adequate procedures and controls for certain activities at its bank affiliate related to Command Asset Program Accounts, including a system of follow-up and review of its business activities relating to changes of customer address. Without admitting or denying the findings, the Firm consented to a censure and fine of \$300,000.
- In February 2004, Wachovia Securities entered into settlements with the SEC and the NASD regarding allegations that it failed to adequately disclose to clients their eligibility for receiving mutual fund breakpoint discounts. Without admitting or denying the allegations, the Firm consented to a censure, a \$4,844,465 fine and an undertaking to complete a review and reconciliation of certain fund and mutual fund sales from January 1999 through November 2003.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics

WFA associates are subject to a *Code of Ethics* that is designed to ensure our business activities are performed with the highest possible standards of ethics and business conduct, and to comply with all applicable laws, rules, and regulations that govern our businesses. Key requirements of WFA's *Code of Ethics* are summarized below, and Clients and prospective Clients may obtain a complete copy through your Financial Advisor.

- Conduct all aspects of Wells Fargo's business activities in an honest, ethical, and legal manner, and in accordance with all applicable laws, rules, and regulations and our policies and procedures.
- Provide accurate and complete information in dealings with Clients and others, including disclosure of conflicts of interest when they exist.
- Prepare and maintain accurate business records
- Refrain from improper disclosure or misuse of confidential Client information and material, non-public information. Wells Fargo protects the private, personal, and proprietary information of Clients and others.
- Avoid conflicts of interest in personal and business activities.
- Rules specific to personal trading.

Participation or Interest in Client Transactions

As a general matter, we consider it appropriate for our execution services to be used for the purchase and sale of securities involved in the advisory programs. On occasion, customers may designate, or the law may require, the use of other brokers, or investment advisers may elect to execute transactions with other firms as they deem appropriate, as a part of their best execution responsibilities. Costs and transaction fees for trades effected by entities other than WFA, including transactions executed through our affiliates or attributable to dealer mark-ups, markdowns or "spreads" (in transactions where WFA or another entity acts as principal for its own Account) will be charged to you.

In connection with these transactions, we may act as agent or, where permitted by law, principal (including instances wherein we are acting as underwriter or selling group members). Clients authorize that we may effect and execute brokerage transactions, including on a national exchange, as permitted by current provisions of Section 11(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and rules promulgated thereunder including any future amendments or changes to such statutes and rules.

With respect to money market sweep vehicles investments, Clients receive disclosures about WFA's affiliates and the advisory and other fees paid to affiliates by the Funds in the Fund's prospectuses and WFA's Disclosure Documents, and Client agreements, as applicable.

WFA has certain restrictions, internal procedures and Client disclosures regarding conflicts of interest that we may have with respect to our participation or interest in Client transactions. WFA communicates its policies and procedures related to participation in Client transactions to its associates through its compliance policies and procedure manuals and program-specific policy guidelines.

Personal Trading

WFA maintains policies and procedures to mitigate conflicts of interest between transactions in our associates' personal investment Accounts, including Accounts of their immediate family members and transactions in our Clients' Accounts. To ensure associate trading requirements are observed, certain associate trading activity is subject to pre-approval. All associates are subject to regular review by their supervisors, independent oversight by WFA's Compliance Department, and systemic controls that automatically restrict entry of certain orders and generate related surveillance reporting.

Brokerage Practices

WFA does not provide any brokerage services to Retirement Plan Consulting Clients. Assets are all held away from WFA with a qualified custodian.

Review of Accounts

The FA provides the services agreed to in the contract. This may include periodic reviews of the plan.

Client Referrals and Other Compensation

We and our affiliates and your Financial Advisor may perform, among other things, investment banking, research, brokerage and investment advisory or management services for other Clients, and may earn transactional compensation, investment advisory or management fees and other consideration for such activities.

From time to time, we initiate incentive programs for Associates including Financial Advisors. These programs may compensate them for attracting new assets and Clients, referring business to our affiliates (such as referrals for mortgages, trusts, or insurance services) and promoting investment advisory services. We may also initiate programs that reward Financial Advisors who meet total production criteria, prepare Envision investment plans, participate in advanced training and improve Client service.

Financial Advisors who participate in these incentive programs may be rewarded with cash and/or non-cash compensation, such as deferred compensation, bonuses, training symposiums and recognition trips. Portions of these programs may be subsidized by external vendors and/or our affiliates, such as mutual fund companies, insurance carriers, or investment advisers. Therefore, Financial Advisors and other associates may have a financial incentive to recommend the programs and services included in these incentive programs over other available products and services we offer.

We may also enter into arrangements with other persons to whom we pay compensation for referrals to our advisory Programs. This compensation is generally in the form of a percentage of the fees described in the Program contracts. The details of such arrangements and the amount of compensation will be described in a separate disclosure provided at the time of such referrals.

From time to time, we compensate employees other than Financial Advisors for referrals of possible Clients to the Programs. Our Financial Advisors, not the referring employee, will make the actual presentation and solicitation of these services. The referral compensation takes the form of a payment to the employee of a percentage of the fees described in the Programs contracts and results in no additional fees to you or other Clients.

We may use our affiliates to effect certain securities transactions. We and our Financial Advisors may affect brokerage transactions and receive commissions from the advisors for Accounts other than those of Program Clients; such commissions may be for other brokerage Account relationships that Clients maintain with us, as directed by the particular advisor in connection with its responsibilities and obligations to such other Clients.

We do not pre-condition the recommendation of mutual funds for inclusion in our advisory Programs based on any compensation we may receive, with the exception of certain mutual fund clearance and administration fees. In addition, Wells Fargo & Company is a full-service financial services firm with many affiliates. Wells Fargo & Company encourages its subsidiaries to use the products and services offered by affiliated firms, when appropriate. During the course of annual business planning, business with our affiliates is included in establishing our sales goals. As a result, we may have an incentive to hire affiliate service providers for our advisory Programs. We may recommend affiliated mutual funds to Program Clients, and may hire other affiliates to provide trade execution, clearing, and

platform administration services for the Programs. We intend, however, to make all recommendations independent of any such goals and based solely on our obligations to consider your objectives and needs.

We may receive contributions and/or reimbursements from Program managers and their affiliates for Financial Advisor training and Client presentations that have an informational or educational component. Managers that make payments in connection with Financial Advisor training sessions and Client presentations generally have increased access to our Financial Advisors and heightened visibility for their products at such meetings. Consequently our Financial Advisors might focus on products offered by such firms when recommending or selecting a money manager and/or mutual fund to Client. We intend, however, to make all recommendations independent of such fee considerations and based solely on our obligations to consider the Clients' objectives and needs. These managers are under no obligation to make such contributions with respect to these Programs.

Custody

WFA does not have custody of client funds or securities for this advisory Program. Once the vendor is chosen for the retirement plan, you will receive quarterly, or more frequent, account statements directly from the vendor's qualified custodian, which may or may not include a WFA affiliate. You should carefully review these statements for accuracy.

Investment Discretion

WFA does not have discretion for this advisory Program.

Voting Client Securities

WFA does not accept authority to vote Client securities for this Program.

Financial Information

WFA has no financial condition that is likely to impair our ability to meet our contractual commitments to Clients.
