They include Separately Managed Account Programs, Mutual Fund Advisory Programs, Financial Advisor-Directed Programs and Non-Discretionary Advisory Programs ("Programs"). We also offer Consulting and Financial Planning advisory services. This Disclosure Document is being provided pursuant to Section 204 of the Investment Advisers Act of 1940 and deals solely with our Retirement Plan Consulting Program. Descriptions of the services and fees for the other Programs and services we offer can be found in separate disclosure documents, copies of which are available upon request.

### **Retirement Plan Consulting**

The Retirement Plan Consulting Program is a service in which Financial Advisors ("FAs") provide a la carte consulting services to retirement plan sponsors for a fee.

This service is a non-discretionary service which means your FA cannot choose and will not take any actions without your direction. The final decisions are yours. You may choose to act upon any or all of the information provided to you. We are not an ERISA fiduciary with respect to these services. We do not provide security specific investment recommendations or advice. Your FA offering this service will not act as broker of record for the plan. Our compensation from the plan is limited to the fees contracted for these services.

The Program offers one or more of the following services:

#### **Investment Policy Statement**

We will assist you in preparing an Investment Policy Statement ("Statement") reflecting your investment objectives, policies and constraints and risk tolerance. We do not give you any guarantee or assurance that you will achieve the investment objectives reflected in the Statement. Our policy work services do not involve the management of your assets or making recommendations regarding specific securities or other investment vehicles.

#### **Diversification Review**

We will provide a Diversification Review designed to identify particular asset classes that are typically included in similar plans. This information is based on modern portfolio theory and other general diversification philosophies. You are solely responsible for determining whether the information that we've used in formulating the Diversification Review is accurate and whether particular asset classes should be added to the plan.

#### **Vendor Investment Option Review**

We will provide you with a Vendor Investment Option Review report which will give you a list of investment options offered by the vendor (s) that you have chosen. These investment options will be analyzed based on their investment philosophies, policies, risk level, and performance as they relate to the Plan's investment and diversification objectives, policies, constraints and risk tolerance, as specified by you. Investment options reviewed may include money market, fixed income, mutual funds, or group annuity contracts. We will not recommend a specific investment option; you shall be solely responsible for determining which option to select and whether the option selected complies with applicable laws and regulations.

### **Vendor Search and Review**

We will provide a Vendor Search Review report which will give you a group of vendors that meet the goals identified by you, as the plan sponsor, to meet the demographics of your organization. These vendors will be analyzed based on the investment options available, services as they compare to the plan's objectives, policies, performance reporting, and fees. The decision to utilize any particular vendor rests with you. We do not assume responsibility for your decision to choose any particular vendor, the matters within the vendor's control, such as vendor's investment decisions, or performance or compliance with applicable laws or regulations.

### **Participant Education**

We will provide investment education to and for the benefit of participants in the plan(s) that are subject to ERISA. These services are designed to provide investment education as outlined in the Department of Labor Interpretive Bulletin 96-1 of ERISA, and are not intended to include personal investment advice to participants.

### **Participation or Interest in Client Transactions**

Under the Programs, we are generally appointed as sole and exclusive broker by you with respect to the referenced Account for the execution of transactions. Our Program Fee covers transaction costs when transactions are executed through us. On occasion, you may designate, or the law may require, the use of other brokers. Investment advisers may also elect to execute transactions with other firms as they deem appropriate, taking into account a number of factors such as best execution, research services and other qualitative factors. When transactions are executed with other firms, including transactions executed through our affiliates, the cost of execution is imbedded in the price of the security. Any imbedded execution costs on trades done away from us are in addition to our Program Fee.

In connection with these transactions, we may act as agent or, where permitted by law, principal (including instances wherein we are acting as underwriter or selling group members). You authorize that we may effect and execute brokerage transactions, including on a national exchange, as permitted by current provisions of Section 11(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and rules promulgated thereunder including any future amendments or changes to such statutes and rules.

With respect to money market sweep vehicles investments, you receive disclosures about our affiliates and the advisory and other fees paid to affiliates by the Funds in the Fund's prospectuses and our Disclosure Documents, and Client Agreements, as applicable.

We or our affiliates may have investment banking or other relationships with certain publicly traded companies. These relationships may from time to time require us to restrict trading in the securities of these companies. As a result of these investment banking or other activities, our affiliates may acquire confidential or material non-public information that may prevent us or our affiliates, for a period of time, from purchasing, selling or recommending particular securities for your Account. We and our affiliates are not permitted to divulge or to act upon this information with respect to our advisory or brokerage activities.

We have certain restrictions, internal procedures and Client disclosures regarding conflicts of interest that we may have with respect to our participation or interest in Client transactions. We communicate our policies and procedures related to participation in Client transactions to our Associates through our compliance policies and procedure manuals and Program-specific policy guidelines.

## **Personal Trading**

We maintain policies and procedures to mitigate conflicts of interest between transactions in our Associates' personal investment Accounts, including Accounts of their immediate family members and transactions in our Clients' Accounts. To ensure Associate trading requirements are observed, certain Associate trading activity is subject to pre-approval. All Associates are subject to regular review by their supervisors, independent oversight by our Compliance Department, and systemic controls that automatically restrict entry of certain orders and generate related surveillance reporting.

## **Brokerage Practices**

---

We do not provide any brokerage services as part of this Program. Assets are all held away from us with a qualified custodian.

## **Review of Accounts**

---

The FA provides the services agreed to in the contract. This may include periodic reviews of the plan.

## **Client Referrals and Other Compensation**

---

We and our affiliates and your Financial Advisor may perform, among other things, investment banking, research, brokerage and investment advisory or management services for other Clients, and may earn transactional compensation, investment advisory or management fees and other consideration for such activities.

From time to time, we initiate incentive programs for Associates including Financial Advisors. These programs may compensate them for attracting new assets and Clients, referring business to our affiliates (such as referrals for mortgages, trusts, or insurance services) and promoting investment advisory services. We may also initiate programs that reward Financial Advisors who meet total production criteria, prepare Envision investment plans, participate in advanced training and improve Client service.

Financial Advisors who participate in these incentive programs may be rewarded with cash and/or non-cash compensation, such as deferred compensation, bonuses, training symposiums and recognition trips. Portions of these programs may be subsidized by external vendors and/or our affiliates, such as mutual fund companies, insurance carriers, or investment advisers. Therefore, Financial Advisors and other Associates may have a financial incentive to recommend the programs and services included in these incentive programs over other available products and services we offer.

We may also enter into arrangements with other persons to whom we pay compensation for referrals to our advisory Programs. This compensation is generally in the form of a percentage of the fees described in the Program contracts. The details of such arrangements and the amount of compensation will be described in a separate disclosure provided at the time of such referrals.

From time to time, we compensate Associates other than Financial Advisors for referrals of possible Clients to the Programs. Our Financial Advisors, not the referring Associate, will make the actual presentation and solicitation of these services. The referral compensation takes the form of a payment to the Associate of a percentage of the fees described in the Programs contracts and results in no additional fees to you or other Clients.

We may use our affiliates to effect certain securities transactions. We and our Financial Advisors may affect brokerage transactions and receive commissions from the advisors for Accounts other than those of Program Clients; such commissions may be for other brokerage Account relationships that you maintain with us, as directed by the particular advisor in connection with its responsibilities and obligations to such other Clients.

We do not pre-condition the recommendation of mutual funds for inclusion in our advisory Programs based on any compensation we may receive, with the exception of certain mutual fund clearance and administration fees. In addition, Wells Fargo & Company is a full-service financial services firm with many affiliates. Wells Fargo & Company encourages its subsidiaries to use the products and services offered by affiliated firms, when appropriate. During the course of annual business planning, business with our affiliates is included in establishing our sales goals. As a result, we may have an incentive to hire affiliate service providers for our advisory Programs. We may recommend affiliated mutual funds to Program Clients, and may hire other affiliates to provide trade execution, clearing, and platform administration services for the Programs. We intend, however, to make all recommendations independent of any such goals and based solely on our obligations to consider your objectives and needs.

We may receive contributions and/or reimbursements from Program managers and their affiliates for Financial Advisor training and Client presentations that have an informational or educational component. Managers that make payments in connection with Financial Advisor training sessions and Client presentations generally have increased access to our Financial Advisors and heightened visibility for their products at such meetings. Consequently our Financial Advisors might focus on products offered by such firms when recommending or selecting a money manager and/or mutual fund to you. We intend, however, to make all recommendations independent of such fee considerations and based solely on our obligations to consider your objectives and needs. These managers are under no obligation to make such contributions with respect to these Programs.

## **Custody**

---

We do not have custody of your funds or securities for this advisory Program. Once the vendor is chosen for the retirement plan, you will receive quarterly, or more frequent, Account statements directly from the vendor's qualified custodian, which may or may not include a WFA affiliate. You should carefully review these statements for accuracy.

## **Investment Discretion**

---

We do not have discretion for this advisory Program.

## **Voting Client Securities**

---

We do not accept authority to vote Client securities for this Program.

## **Financial Information**

---

We have no financial condition that is likely to impair our ability to meet our contractual commitments to you.
