This Brochure provides information about the qualifications and business practices of Mariner Wealth Advisors – St. Louis, LLC dba Mariner Wealth Advisors (“MWA”). If you have any questions about the contents of this Brochure, please contact us at (913) 647-9700. The information in this Brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority. MWA is a registered investment adviser. Registration of an investment adviser does not imply any level of skill or training. The oral and written communications of an Adviser provide you with information through which you determine to hire or retain an Adviser.

Additional information about MWA is also available via the SEC’s web site at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. The CRD number for MWA is 207512.

Item 2 – Material Changes

Material changes from MWA's March 24, 2016 ADV Part 2 filing include changes to advisory business (Item 4), fees and compensation (Item 5), methods of analysis, investment strategies and risk of loss (Item 8), other financial industry activities and affiliations and conflicts of interest (Item 10), brokerage practices (Item 12) client referrals and other compensation (Item 14) and custody (Item 15).

Pursuant to SEC Rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business's fiscal year. We may provide other ongoing disclosure information about material changes as necessary.

We will provide you with a new Brochure if requested based on changes or new information, at any time, without charge. Currently, our Brochure may be requested by contacting us at (913) 647-9700 or compliance@mariner-holdings.com.

Item 4 – Advisory Business

Mariner Wealth Advisors–St. Louis, LLC dba Mariner Wealth Advisors (“MWA,” “we,” or “us”) is an SEC-registered investment adviser. We are a limited liability company organized under the laws of Delaware since March 2015. Our majority owner and member is Mariner Wealth Advisors, LLC. Our minority owners are Patrick Howley, Betsy Dow and Matthew Fisher. Mariner Wealth Advisors is wholly owned by Mariner Holdings, LLC, an independent financial services firm. The Bicknell Family Holding Company, LLC is the majority owner and manager of Mariner Holdings. Martin Bicknell is the elected manager of the Bicknell Family Holding Company.

We provide personal financial planning, consulting, and investment management services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations and business entities. We typically provide personal financial planning and investment management services, which require an investment management agreement with a fee based on assets under management. Depending upon the engagement, services may be provided for a percentage of assets under advisement, a percentage of net worth, a flat rate or an hourly rate.

We provide retirement plan investment advisory or management services on an ongoing basis. Generally, such investment advisory or management services consist of selecting, monitoring, removing, and/or replacing the investment options under the Plan, or otherwise assisting and advising employer plan sponsors in performing such actions.

We emphasize continuous and regular account supervision. Once the appropriate plan investments have been determined, we review the plan investments at least annually and if necessary, replace investments based upon the plan sponsor’s objectives, written guidelines and/or investment objectives.

Prior to engaging us, the client will be required to enter into one or more written agreements setting forth the terms, conditions, and objectives under which we shall render our services (the “Agreement”). Additionally, we may only implement our investment recommendations after a client has arranged for and furnished all information and authorization regarding accounts with appropriate financial institutions. Our clients are advised to promptly notify us if there are ever any changes in their financial situation or investment objectives or if they wish to impose any reasonable restrictions upon our advisory services.

All retirement plan investment advisory or asset management services shall be in compliance with the applicable state law(s) regulating retirement plan services. This applies to client accounts that are retirement plans or other employee benefit plans (“Plan”) governed by the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). If the client accounts are part of the Plan, and we accept appointments to provide our services to such accounts, we acknowledge that we are a fiduciary within the meaning of section 3(21) or 3(38), of ERISA (but only with respect to the provision of services described in the Agreement).

The Firm had \$16,573,825 in discretionary assets under management and \$369,695,532 in non-discretionary assets under management for a total of \$386,269,357 in assets under management as of December 31, 2015.

Item 5 – Fees and Compensation

Our fees are subject to negotiation and all fee arrangements will comply with Section 205 of the Advisers Act.

The specific manner in which our fees are charged is established in the Agreement. We will generally bill our fees in advance or in arrears on a quarterly basis based upon the value of assets under management, and as more fully described in the Agreement. The Agreement and/or the separate agreement with any financial institution(s) authorizes us to invoice the custodian for the advisory fee. The Agreement further authorizes the custodian to deduct the amount stated in the fee statement from one or more of the client's accounts in accordance with applicable custody rules. The financial institution(s) recommended by us have agreed to send a statement to the client, at least quarterly, indicating all amounts disbursed from the account including the amount of management fees paid directly to us.

For Advance Billing: A client may make additions to and withdrawals from the account at any time, subject to our right to terminate an account. If assets are deposited into an account after the inception of a quarter that exceed \$100,000, the fee payable with respect to such assets will be prorated based on the number of days remaining in the quarter. A client may withdraw account assets on notice to us, subject to the usual and customary securities settlement procedures. For partial withdrawals in excess of \$100,000 within a billing period, we shall credit our unearned fee towards the next quarter's fee. However, we design our portfolios as long-term investments and asset withdrawals may impair the achievement of a client's investment objectives.

For the initial quarter of investment management services, the first quarter's fees shall be calculated on a *pro rata* basis. The Agreement between us and a client will continue in effect until terminated by either party pursuant to the terms of the Agreement. Our annual fee shall be prorated through the date of termination and any remaining balance shall be charged or refunded to the client, as appropriate, in a timely manner.

Additions may be in cash or securities, provided that we reserve the right to liquidate any transferred securities, or decline to accept particular securities into a client's account. We may consult with our clients about the options and ramifications of transferring securities. However, clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Our fees are generally exclusive of any brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by a client. Clients may incur certain charges imposed by custodians, brokers, third party investment managers and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees and other fees, which are disclosed in a fund's prospectus. Such charges, fees and commissions are generally exclusive of and in addition to our fee. Advisory clients should

note that they always have the option to purchase investment products recommended by us through other brokers or agents that are not affiliated with us, but should an advisory client choose to purchase investment products through Montage Securities, both Montage Securities and our advisors may receive certain commissions, fees and costs outlined above.

The recommendation to purchase commission products from Montage Securities presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received. No client is under any obligation to purchase any commission products from Montage Securities. In addition, clients may always purchase investment products recommended by MWA through other non-affiliated broker-dealers.

Item 12 further describes the factors that we consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

Due to common ownership through Mariner Holdings, a conflict of interest exists to the extent that we recommend that clients utilize the separately managed account services of and invest in products, including publicly traded funds and private funds, managed by affiliates. These managers and products charge fees in addition to the fees charged by MWA. MWA has an indirect financial incentive to recommend products managed by affiliates because revenues earned by the affiliated adviser from such products ultimately flow to MWA's parent company.

Retirement Assets in Proprietary Mutual Funds

"ERISA" shall mean the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the applicable "ERISA-mirror provisions" of Section 4975 of the Internal Revenue Code of 1986, as amended; "Fiduciary" shall be defined as that term is defined under ERISA; and "Qualified Accounts" shall mean accounts that constitute a retirement plan (including a 401(k) plan) or other employee benefit plan subject to ERISA, an account for a tax-qualified retirement plan (including a Keogh plan), or an individual retirement account under the Internal Revenue Code.

With respect to mutual funds managed by affiliates, to the extent MWA is acting as a Fiduciary with respect to Qualified Accounts MWA must comply with the requirements of ERISA Prohibited Transaction Exemption 77-4 ("PTE 77-4"). These requirements include disclosure, consent and avoiding double fees for Qualified Accounts. MWA will rebate the client's investment advisory fee by an amount equal to the affiliated mutual fund fee associated with the total Qualified Account assets invested in the affiliated fund. This fee rebate is calculated in arrears and applied to the next quarter's investment advisory fees. If the account is not charged an investment advisory fee by MWA, it will not receive a rebate of the affiliated mutual fund fee. Clients who leave during a quarter will not receive the fee rebate for the quarter in which they terminated, as these fee rebates are calculated in arrears.

Certain representatives, in their individual capacities, are licensed insurance agents and are compensated for the sale of insurance-related products.

Item 6 – Performance-Based Fees and Side-By-Side Management

We do not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client). If deemed appropriate for a particular client, we may recommend investments that charge performance-based fees.

Item 7 – Types of Clients

We generally provide investment advice to the following types of clients:

- Individuals (including high net worth individuals)
- Pension and profit sharing plans
- Trusts, estates, or charitable organizations
- Corporations or business entities other than those listed above

We do not impose a minimum portfolio size or minimum annual fee. Certain Independent or Affiliated Investment Managers (hereafter referred to as “Managers”) may, however, impose more restrictive account requirements and varying billing practices than us. In such instances, we may alter our corresponding account requirements and/or billing practices to accommodate those of the Manager(s).

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

We utilize a long term strategy when providing and implementing our advice. However, should a client's situation change or the basis for making an investment change, there may be occasions where we may utilize a short term strategy and securities are held less than one year.

We recommend that clients authorize the active discretionary management of a portion of their assets by and/or among certain Manager(s), including Managers who are Advisory Affiliates of the Firm, where appropriate based upon the stated investment objectives of the client. When recommending or selecting a Manager for a client, we shall review information about the Manager(s) such as its disclosure statement and/or material supplied by the Manager(s) or independent third parties for a description of the Manager's investment strategies, past performance and risk results to the extent available. MWA has an indirect financial incentive to recommend Advisory Affiliates because revenues earned by the Advisory Affiliate ultimately flow to MWA's parent company.

Investing in securities involves a risk of loss that you should be prepared to bear, including loss of your original principal. Past performance is not indicative of future results, therefore, you should not assume that future performance of any specific investment or investment strategy will be profitable. We do not provide any representation or guarantee that your goals will be achieved. Depending on the different types of investments, there may be varying degrees of risk:

- **Market Risk** – Either the market as a whole, or the value of an individual company, goes down, resulting in a decrease in the value of client investments.
- **Equity Risk** – Stocks are susceptible to fluctuations and to the volatile increases and decreases in value as their issuer's confidence in or perceptions of the market change. Investors holding common stock of any issuer are generally exposed to greater risk than if they hold preferred stock or debt obligations of the issuer.
- **Company Risk** – There is always a level of company or industry risk when investing in stock positions. This is referred to as unsystematic risk and can be reduced through appropriate diversification. There is the risk that a company may perform poorly or that its value may be reduced based on factors specific to it or its industry.
- **Options Risk** – Options on securities may be subject to greater fluctuations in value than investing in the underlying securities. Purchasing and writing put or call options are highly specialized activities and involve greater investment risk. Puts and calls are the right to sell or buy a specified amount of an underlying asset at a set price within a set time.
- **Fixed Income Risk** – Investing in bonds involves the risk that the issuer will default on the bond and be unable to make payments. In addition, individuals depending on set amounts of periodically paid income face the risk that inflation will erode their spending

power. Fixed-income investors receive set, regular payments that face the same inflation risk.

- **ETF and Mutual Fund Risk** – ETF and mutual fund investments bear additional expenses based on a pro-rata share of operating expenses, including potential duplication of management fees. The risk of owning an ETF or mutual fund generally reflects the risks of owning the underlying securities held by the ETF or mutual fund. Clients also incur brokerage costs when purchasing ETFs.
- **International Investing Risk** – International investing, especially in emerging markets, involves special risks, such as currency exchange and price fluctuations, as well as political and economic risks.
- **Alternative Investment Risk** – Alternative investments encompass a broad array of strategies, each with its own unique return and risk characteristics that must be considered on a case-specific basis.
- **Management Risk** – Investments also vary with the success and failure of the investment strategies, research, analysis and determination of portfolio securities. If our strategies do not produce the expected returns, the value of your investments will decrease.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of us or the integrity of our management. We have no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

We have relationships and arrangements that are material to our advisory business or to our clients with related persons that are either an investment adviser, broker-dealer, investment company, trust company, tax consulting firm, investment banking firm, insurance company or agency, or real estate broker or dealer. We use and/or recommend the services or products of our related persons when appropriate for a client. This is a conflict of interest because MWA has an indirect financial incentive because revenues earned by the related persons ultimately flow to MWA's parent company.

Other Investment Advisers

We are affiliated, and under common control, with other SEC registered investment advisers:

- Vantage Investment Advisors, LLC (“VIA”) (CRD No. 174099), respectively.

We are affiliated, and under common control, with an exempt reporting investment adviser:

- Flyover Capital Partners, LLC (“Flyover”) (CRD No. 173709).

Broker-Dealer

We are affiliated, and under common control, with Montage Securities, LLC (“Montage Securities”) (CRD No. 154327), a broker/dealer registered with the SEC and various state jurisdictions, member of the Financial Industry Regulatory Authority (FINRA), Securities Investment Protection Corporation (SIPC), and Municipal Securities Rulemaking Board (MSRB). Certain MWA advisors may also be licensed as Registered Representatives of Montage Securities and will from time to time place transactions through Montage Securities for specific products. This is a conflict of interest because MWA has a financial incentive due to commissions received from financial products.

Investment Company or Other Pooled Investment Vehicles

Mariner Wealth Advisors recommends that certain clients invest in mutual funds, private funds and/or separately managed accounts managed by one or more Advisory Affiliates (“Affiliated Products”) should a client’s advisor determine such investments are in the client’s best interest and in accordance with the client’s investment objectives. There is a conflict of interest due to an indirect financial incentive to recommend that clients invest in Affiliated Products as a result of common ownership interest of Mariner Holdings. The Advisory Affiliate shall receive management fees from the product, as disclosed in the offering documents provided to the client or separate agreement executed with the Advisory Affiliate by the client, as applicable. MWA has implemented policies and procedures to ensure that a recommendation to invest in an Affiliated Product is in the best interest of the client regardless of the conflict of interest. Specifically, individuals that would benefit from an investment in the Affiliated Products are not involved in MWA’s determination to recommend for clients to invest in such product. See Item 5 for more information specific to ERISA policies and procedures.

Trust Company

We are under common control with and in certain situations refer clients to Mariner Trust Company, LLC. Mariner Trust Company, LLC, is a state-chartered public trust company organized under the laws of South Dakota and serves to provide its customers with administrative trust services and other related services. MWA has an indirect financial incentive

to recommend Mariner Trust Company because revenues earned by affiliates ultimately flow to MWA's parent company.

Tax Consulting Firm

We are under common control with and in certain situations refer clients to Mariner Consulting, a tax consulting, compliance and booking firm. MWA does not render bookkeeping or tax preparation services to our clients; however Mariner Consulting does offer accounting advice and tax preparation services. To the extent that a client requires bookkeeping and/or tax preparation services, we recommend the services of Mariner Consulting, all of which services shall be rendered independent of MWA pursuant to a separate agreement between the client and Mariner Consulting, referral or otherwise. MWA receives compensation for past referrals to Mariner Consulting in addition to the indirect financial incentive to recommend Mariner Consulting due to common ownership.

Investment Banking Firm

We are under common control with Allied Business Group, LLC, which provides investment banking, valuation advisory and forensic accounting services. To the extent that a client requires these services, we recommend Allied Business Group, all of which services shall be rendered independent of MWA pursuant to a separate agreement between the client and Allied Business Group, referral or otherwise. MWA receives compensation for referrals to Allied Business Group in addition to the indirect financial incentive to recommend it due to common ownership.

Insurance Company or Agency

We are under common control with Mariner Insurance Resources, LLC; ERS Insurance, Inc.; and ERS Securas, LLC; duly licensed insurance agencies. Certain of our representatives are licensed insurance agents with these companies and in such capacity recommend on a fully disclosed basis the purchase of certain insurance-related products. These individuals are compensated for the sale of these insurance-related products.

The recommendation by a representative of MWA that a client purchase an insurance commission product presents a conflict of interest, as the receipt of commission provides an incentive to recommend investment products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from a representative of MWA. Clients are reminded that they may purchase insurance products recommended by MWA through other, non-affiliated insurance agents.

Real Estate Broker or Dealer

We are under common control with Mariner Real Estate Management, LLC. One of our affiliates, Ryan Anderson, is a licensed real estate broker and an indirect owner of Mariner Real Estate Management, LLC.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

We have adopted a code of ethics that sets forth the standards of conduct expected of our associated persons and requires compliance with applicable securities laws (“Code of Ethics”). In accordance with Section 204A of the Advisers Act, the Code of Ethics contains written policies reasonably designed to prevent the unlawful use of material non-public information by us or any of our associated persons. The Code of Ethics also requires that certain of our personnel (“access persons”) report their personal securities holdings and transactions and obtain pre-approval of certain investments such as initial public offerings and limited offerings. No access person may themselves purchase or sell, directly or indirectly, any security in which the access person or an affiliate account has, or by reason of the transaction acquires, any direct or indirect beneficial ownership if the access person knows or reasonably should know that the security, at the time of the purchase or sale (i) is being considered for purchase or sale on behalf of any client account; or (ii) is being actively purchased or sold on behalf any client account.

If an access person is aware that the Firm is purchasing/selling or considering for purchase/sale any security on behalf of a client, the access person may themselves effect a transaction in that security prior to the completion of the purchase/sale or until a decision has been made not to purchase/sell such security on behalf of a client account. This does not include transactions for accounts that are executed as part of a block trade within a managed strategy or for accounts over which the access person has no direct influence or control. These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers’ acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by money market funds; (iv) shares issued by other mutual funds that are not advised or sub-advised by the firm or its affiliates; and (v) shares issued by unit investment trusts that are invested exclusively in one or more mutual funds, none of which are funds advised or sub-advised by the firm or its affiliates.

MWA, from time to time, recommends to clients that they buy or sell securities in which employees or other related persons have a financial interest. These types of transactions present a conflict of interest in that employees or related persons might benefit from market activity by a client in a security held by an employee. In order to reasonably prevent conflicts of interest between MWA and its clients, employee trading is monitored under the Code of Ethics.

We do not execute any principal or agency cross securities transactions for client accounts, nor do we execute cross trades between client accounts. Principal transactions are generally defined as transactions where an adviser, acting as principal for its own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated hedge fund and another client account. An agency cross transaction is generally defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlled by or under common control with the investment adviser, acts as broker for both the advisory client and for another person on the other side of the

transaction. Agency cross transactions may arise where an adviser is dually registered as a broker-dealer or has an affiliated broker-dealer.

No supervised person may trade, either personally or on behalf of others, while in the possession of material, nonpublic information, nor may any personnel of MWA communicate material, nonpublic information to others in violation of the law. Furthermore, all access persons are required to submit information to the Chief Compliance Officer detailing all outside business activities. The Chief Compliance Officer will review and approve these activities on a case by case basis.

Our clients or prospective clients may request a copy of our Code of Ethics by contacting us at (913) 647-9700 or compliance@mariner-holdings.com.

Item 12 – Brokerage Practices

If the client requests us to arrange for the execution of securities brokerage transactions for the client's account, we shall direct such transactions through broker-dealers that we reasonably believe will provide best execution. Transactions may be cleared through other broker-dealers with whom MWA and the Financial Institution(s) have entered into agreements for prime brokerage clearing services. We shall periodically and systematically review our policies and procedures regarding recommending broker-dealers to our clients in light of our duty to obtain best execution. As previously stated, certain MWA advisors are also Registered Representatives of Montage Securities. These Registered Representatives are restricted by certain FINRA rules and policies from maintaining client accounts at or executing client transactions in such client accounts through any broker/dealer or custodian that is not approved by their broker dealer. Therefore, trading platforms utilized by Registered Representatives must be approved not only by MWA, but also by Montage Securities. You should discuss these potential limitations with your advisor. Generally our advisors are restricted to those broker-dealers, as mentioned above, which have been approved by Montage Securities and with whom MWA has entered into a prime brokerage relationship. It should be noted that not all Investment Advisers require their clients to use specific or particular broker-dealers or other custodians required by the Investment Adviser and/or affiliated broker dealer. The fees charged by other broker-dealers may be higher or lower than those charged by those broker/dealers or custodians that have been approved by the MWA.

The client may direct us in writing to use a particular broker-dealer to execute some or all transactions for the client. In that case, the client will negotiate terms and arrangements for the account with that broker-dealer, and we will not seek better execution services or prices from other broker-dealers or be able to "batch" client transactions for execution through other broker-dealers with orders for other accounts managed by us (as described below). As a result, the client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case. Subject to our duty of best execution, we may decline a client's request to direct brokerage if, in our sole discretion, such directed brokerage arrangements would result in additional operational difficulties or violate restrictions imposed by other broker-dealers (as further discussed below).

Transactions for each client generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may (but are not obligated to) combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates, or to allocate equitably among our clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will generally be averaged as to price and allocated among our clients pro rata to the purchase and sale orders placed for each client on any given day. To the extent that we determine to aggregate client orders for the purchase or sale of securities, including securities in which our Advisory Affiliate(s) may invest, we shall generally do so in accordance with applicable rules promulgated under the Advisers Act and no-action guidance provided by the staff of the SEC. We shall not receive any additional compensation or remuneration as a result of the aggregation. In the event that we determine that

a prorated allocation is not appropriate under the particular circumstances, the allocation will be made based upon other relevant factors, which may include: (i) when only a small percentage of the order is executed, shares may be allocated to the account with the smallest order or the smallest position or to an account that is out of line with respect to security or sector weightings relative to other portfolios, with similar mandates; (ii) allocations may be given to one account when one account has limitations in its investment guidelines which prohibit it from purchasing other securities which are expected to produce similar investment results and can be purchased by other accounts; (iii) if an account reaches an investment guideline limit and cannot participate in an allocation, shares may be reallocated to other accounts (this may be due to unforeseen changes in an account's assets after an order is placed); (iv) with respect to sale allocations, allocations may be given to accounts low in cash; (v) in cases when a pro rata allocation of a potential execution would result in a *de minimis* allocation in one or more accounts, we may exclude the account(s) from the allocation; the transactions may be executed on a pro rata basis among the remaining accounts; or (vi) in cases where a small proportion of an order is executed in all accounts, shares may be allocated to one or more accounts on a random basis.

Consistent with obtaining best execution, brokerage transactions may be directed to certain broker-dealers in return for investment research products and/or services which assist us in our investment decision-making process. Such research generally will be used to service all of our clients, but brokerage commissions paid by one client may be used to pay for research that is not used in managing that client's portfolio. The receipt of investment research products and/or services as well as the allocation of the benefit of such investment research products and/or services poses a conflict of interest.

A retirement or ERISA plan client may direct all or part of portfolio transactions for its account through a specific broker or dealer in order to obtain goods or services on behalf of the plan. Such direction is permitted provided that the goods and services provided are reasonable expenses of the plan incurred in the ordinary course of its business for which it otherwise would be obligated and empowered to pay. ERISA prohibits directed brokerage arrangements when the goods or services purchased are not for the exclusive benefit of the plan.

Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, the Firm may receive from Schwab and/or Fidelity (or another broker-dealer/custodian, investment platform and/or mutual fund sponsor) without cost (and/or at a discount) support services and/or products, certain of which assist us to better monitor and service client accounts maintained at such institutions. Possible support services the firm receives includes: investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by the Firm in furtherance of its investment advisory business operations.

The Firm's majority owner, Mariner Wealth Advisors, LLC ("MWA"), has entered into a custodial support services agreement with Fidelity Institutional Wealth Services ("Fidelity"), which, through Fidelity Brokerage Services LLC or National Financial Services LLC, provides execution, custodial and other services for some or all of the client accounts managed by certain MWA affiliates, including us ("Client Accounts"). Under this agreement, MWA, through us, provides Fidelity with certain back office, administrative, custodial support and clerical services with respect to Client Accounts ("Support Services"). Fidelity pays MWA a fee for the provision of these Support Services. The fee is calculated based on the average daily balance of eligible client assets in Client Accounts. Eligible client assets consist primarily of client investments in non-transaction fee mutual funds other than Fidelity sponsored funds. MWA's, and subsequently the Firm's, receipt of this compensation may create conflicts of interest in our recommending investments in eligible assets and in our choosing Fidelity to maintain Clients' Accounts.

To the extent the Firm is acting as a "Fiduciary" with respect to "Qualified Accounts" subject to "ERISA," The Firm will seek to avoid or remedy any situation where its receipt of compensation that was paid to MWA by Fidelity for Support Services would be a prohibited transaction under "ERISA." This may entail the Firm disclaiming entitlement to such compensation or reducing its management fee by the amount of compensation received. For purposes of the foregoing, "ERISA" shall mean the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the applicable "ERISA-mirror provisions" of Section 4975 of the Internal Revenue Code of 1986, as amended; "Fiduciary" shall be defined as that term is defined under ERISA; and "Qualified Accounts" shall mean accounts that constitute a retirement plan (including a 401(k) plan) or other employee benefit plan subject to ERISA, an account for a tax-qualified retirement plan (including a Keogh plan), or an individual retirement account under the Internal Revenue Code.

Trade Error Policy

The Firm has a policy to minimize the occurrence of trade errors and, should they occur, detect such trade errors and take steps to resolve the error in the best interest of the Firm's clients. Upon the timely discovery of a trade error, the Firm will reimburse accounts for losses resulting from trade errors caused by the Firm. If such a trade error creates a gain for the client's account, the Firm shall follow the dictates of the account custodian's trade error policy which typically provides that any gains shall be donated to charity. The Firm will not retain the net gains on a trade error correction.

Item 13 – Review of Accounts

For investment advisory clients, we monitor portfolios as part of an ongoing process while regular account reviews are generally conducted at least annually. For those clients to whom we provide financial planning and/or consulting services, reviews are conducted on an “as needed” basis. Such reviews are conducted by one of our wealth advisors. All investment advisory clients are encouraged to discuss their needs, goals, and objectives with us and to keep us informed of any changes thereto. We shall contact ongoing investment advisory clients at least annually to review our previous services and/or recommendations and to discuss the impact resulting from any changes in the client’s financial situation and/or investment objectives.

Item 14 – Client Referrals and Other Compensation

We have entered into certain referral agreements whereby we pay a referral fee to solicitors/introducers and/or receive payment for referring clients to another business or related party, in accordance with the requirements of Rule 206(4)-3 of the Advisers Act and any corresponding state securities law requirements. Any such referral fee shall be paid solely from our investment management fee, and shall not result in any additional charge to the client. If the client is introduced to us by an unaffiliated solicitor, the client will be given, prior to or at the time of entering into any advisory contract with the client, (1) a copy of our written disclosure statement which meets the requirements of Rule 204-3 of the Advisers Act, and (2) a copy of the solicitor's disclosure statement containing the terms and conditions of the solicitation arrangement including compensation. Any affiliated solicitor of ours shall disclose the nature of his/her relationship to prospective clients at the time of the solicitation and will provide all prospective clients with a copy of our written disclosure statement at the time of the solicitation.

If we determine that it is appropriate based on the client's investment objectives, we will recommend affiliate investment advisers' services to manage a portion of a client's assets. These affiliate investment advisers charge fees in addition to and separate from the fees charged by MWA. Clients are advised that a conflict of interest exists to the extent we recommend affiliate investment adviser services.

If we determine that it is appropriate based on the client's investment objectives and investor status, clients are solicited to invest in investment-related limited partnerships or limited liability companies for which one of our related persons serves as the general partner or manager. These limited partnerships or limited liability companies charge fees in addition to and separate from the fees charged by MWA. Clients are advised that a conflict of interest exists to the extent we recommend these investments.

We receive client referrals from our Affiliates, for which we pay a referral fee. We also provide client referrals to our Affiliates, for which we are paid a referral fee.

Item 15 – Custody

MWA is deemed to have custody of client funds and securities under Rule 206(4)-2 due to its ability to debit fees directly from client accounts. Clients should receive at least quarterly statements from the broker dealer, bank or other qualified custodian that holds and maintains client's investment assets. We urge clients to carefully review such statements and compare such official custodial records to the account statements that we may provide to clients. Our statements may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

MWA has custody through its affiliates under common control. MWA has custody of the funds and securities within advisory accounts for which Mariner Trust Company serves as trustee. MWA has custody of the funds within advisory accounts that are invested in affiliated private funds.

Item 16 – Investment Discretion

We may manage client accounts on a discretionary or non-discretionary basis in accordance with the client's investment management agreement. In non-discretionary relationships, each client must approve the recommendation before a specific trade may be placed. In the event we enter into a discretionary agreement with a client, we usually receive discretionary authority from the client at the outset of the advisory relationship to select the identity and amount of securities to be bought or sold.

In all cases, however, such discretion is to be exercised in a manner consistent with the stated investment objectives for the particular client account. When selecting securities and determining amounts, we observe the investment policies, limitations and restrictions of the clients for which we advise.

Investment guidelines and restrictions must be provided to us in writing.

Item 17 – Voting Client Securities

We vote proxies on behalf of our clients, unless otherwise agreed in writing. We cast proxy votes in a manner consistent with the best interest of our clients. Absent special circumstances, which are fully described in our Proxy Voting Policies and Procedures, all proxies will be voted consistent with guidelines established and described in our Proxy Voting Policies and Procedures, as they may be amended from time-to-time. At any time, clients may contact us to request information about how we voted proxies for that client's securities or to get a copy of our Proxy Voting Policies and Procedures.

A brief summary of our Proxy Voting Policies and Procedures is as follows:

- According to its Proxy Voting Procedures, MWA's policy is to vote client shares primarily in conformity with Glass Lewis & Co. recommendations, in order to limit conflict of interest issues between MWA and its clients. Glass Lewis & Co. is a neutral third party that issues recommendations based upon its own internal guidelines.
- MWA may vote client shares inconsistent with Glass Lewis & Co. recommendations if MWA believes it is in the best interest of its clients. In such a case, MWA will have to file a written disclosure detailing why it believes Glass Lewis & Co.'s recommendation was not in the client's best interest.
- MWA votes client shares via ProxyEdge, an electronic voting platform provided by Broadridge Financial Solutions, Inc. ProxyEdge retains a record of proxy votes for each client.
- MWA's Compliance Department will periodically review proxy votes to ensure consistency with its procedures.
- In situations where there is a conflict of interest in the voting of proxies due to business or personal relationships that MWA maintains with persons having an interest in the outcome of certain votes, MWA will take appropriate steps to ensure that our proxy voting decisions are made in the best interest of our clients.

Item 18 – Financial Information

Registered investment advisers are required in this Item to provide you with certain financial information or disclosures about our financial condition. We have no financial commitment that impairs our ability to meet contractual and fiduciary commitments to clients, and have not been the subject of a bankruptcy proceeding.
