Item 4. Advisory Business

Canterbury Consulting Incorporated, (“Canterbury”) is a SEC registered investment adviser and independent consulting firm established in 1988 to provide consulting services to endowments, foundations, pension and profit sharing plans, individuals and family offices, (collectively referred to as “Clients”). Canterbury manages customized investment programs for institutional and taxable investors whereby we are the investment office for our clients. In that role, we provide objective and aligned investment strategies, asset allocation, manager selection, risk management, implementation, and measurement. Our goal is to deliver a program that exceeds the needs and expectations of our clients in terms of performance and service.

The fee range for each particular service is subject to negotiation and could vary depending upon various circumstances, including the scope of the services to be provided (the minimum fees and fee ranges for existing Clients prior to current calendar year may differ from those indicated below).

Principal Owners

For the purpose of this section, Canterbury lists its principal owners as any person directly owning 25% or more of Canterbury as disclosed on Schedule A of Part 1A of Form ADV as of the date of the last update filing.

Canterbury’s principal owner is as follows:

D. Robinson Cluck is a direct owner and Chairman of Canterbury with more than 25% ownership.

Name:	D. Robinson Cluck
Education:	Pepperdine University, Malibu, CA; M.B.A. University of California, Irvine, B.A.
Background:	Canterbury Consulting Incorporated, Chairman (2009-Present) Canterbury Consulting Incorporated, President/CEO (1990-2009) Flint, Krueger, Beimfohr & Cluck, Inc., Managing Director (1988-1990) Kidder, Peabody & Co., Inc., Vice President (1980-1988) Smith, Barney & Co., Inc., Account Executive (1978-1980)

Mr. Cluck is a co-founder of Canterbury Consulting and has over 30 years of investment consulting experience. He serves as the Chair of Canterbury’s Board of Directors and is a member of the firm’s Outsourced Investment Management Committee. He also sits on Canterbury’s Fixed Income and Hedge Fund Manager Research Committees that perform due diligence and make recommendations on specific fixed income managers. Prior to forming Canterbury in 1988, Mr. Cluck was a founder, principal, and Vice President of the Institutional Consulting Services of Kidder Peabody, Newport Beach. From 1978 to 1979, he was with Smith Barney Harris Upham & Company. Mr. Cluck is a co-author of Asset Management for Endowments & Foundations and currently serves on the United Cerebral Palsy Foundation of Orange County as both board member and Treasurer. He also serves as Chair on the Investment Committee of the University of California Irvine Foundation. He holds a degree in Economics from the University of California at Irvine and an MBA from Pepperdine University.

Canterbury is not a publicly held company and no part of Canterbury is owned by an individual or company through any subsidiaries or “intermediate subsidiaries.”

Canterbury focuses on meeting the needs of clients; as a result, our service offerings reflect that focus and have grown to match our clients’ evolving needs. Our clients have differing levels of staffing, resources, and needs as related to portfolio oversight and implementation. Therefore, we provide the following three service platforms to institutional clients: Institutional Advisory Services, Institutional Advisory Plus Administrative Services, and Outsourced Investment Management (OIM) Services. We also provide Wealth Management Services to private clients and family offices.

Institutional Services

Institutional Advisory Services encompass all aspects of a traditional non-discretionary consulting engagement, in which we collaborate with decision makers and staff on all matters related to investment policy development, portfolio construction, and ongoing oversight. Advisory Services are most suitable for those institutions with an investment committee that is highly focused on all aspects of the construction and oversight of a portfolio, and that has staff to support ongoing administration.

Institutional Advisory Plus Administrative Services also encompasses all aspects of a non-discretionary consulting engagement, in which the investment committee retains decision-making authority. However, matters of administration are delegated to Canterbury via a Limited Power of Attorney (LPOA). Advisory Plus Administrative Services are most suitable for institutions that seek to offload back-office and administrative functions to Canterbury.

Outsourced Investment Management (OIM) Services is our discretionary consulting engagement, commonly referred to as Outsourced Chief Investment Officer (OCIO) services. Here, we work with investment committees to set appropriate investment policy constraints, leaving all other aspects of portfolio construction and back-office and administrative functions to Canterbury. OIM is most suitable for institutions that seek to delegate day-to-day activities, allowing decision makers and staff to focus only on high-level portfolio policy decisions.

Institutional Services include:

- Portfolio assessment
- Spending policy analysis
- Investment policy development
- Strategic asset allocation planning
- Portfolio construction and risk management
- Investment manager research
- Implementation of socially responsible investing guidelines
- Performance reporting
- Custodian evaluation
- Client education
- Quarterly meetings
- Implementation of all investment decisions (included under Advisory Plus Administrative Services and OIM)
- Engage or terminate individual investment managers (included under OIM only)
- Make tactical shifts within the parameters of the investment policy statement (included under OIM only)
- Provide audit assistance (included under OIM only)

Wealth Management Services

Canterbury provides Wealth Management Services to our private clients and family offices considering each investor's specific investment goals, cash flow needs, tax situation, gifting and estate planning goals, and philanthropic goals.

Wealth Management Services included:

- Prepare a family strategic plan
- Portfolio assessment
- Investment policy development
- Strategic asset allocation planning
- Portfolio construction and risk management
- Investment manager research
- Implementation of socially responsible investing guidelines

- Performance reporting
- Custodian evaluation
- Client education
- Quarterly meetings
- Implementation of all investment decisions

Assets under Advisement

As of December 31, 2016, the amount of client assets under advisement is calculated as follows:

Discretionary:	\$ 2,407,300,000
<u>Non-discretionary:</u>	<u>\$15,071,000,000</u>
Total:	\$17,478,300,000

The amount disclosed above is rounded to the nearest \$100,000. The date of the calculation above is not more than 90 days before the date Canterbury last updated its brochure.

Item 5. Fees and Compensation

Institutional Advisory Services

Annual fee schedule: 0.20% on first \$50 million
 0.10% on next \$50 million
 0.05% thereafter
 \$50,000 minimum annual fee

Institutional Advisory Plus Administrative Services

Annual fee schedule: 0.25% on first \$50 million
 0.15% on next \$50 million
 0.05% thereafter

Outsourced Investment Management (OIM) Services

Annual fee schedule: 0.30% on first \$100 million
 0.10% thereafter
 \$75,000 minimum annual fee

Wealth Management Services

Annual fee schedule: 0.50% on first \$50 million
 0.40% on the next \$50 million
 0.10% thereafter
 \$75,000 minimum annual fee

Fees charged to clients may be higher or lower than the aforementioned fees depending on the nature of any pre-existing relationship, the complexity of the accounts, or terms and conditions of any outstanding or pre-existing verbal or written agreement to which Canterbury is a party.

In addition, Canterbury may enter into an agreement with a client to perform one or more services on a project or one-time basis. In these instances, a flat fee is typically negotiated. Fees for projects generally start at \$25,000 but can vary considerably depending on the nature of the services required.

Canterbury charges a minimum fee or a fee based on the amount of assets under advisement as listed above. No hourly fees are charged to clients at this time.

Payment Terms: For clients on a retainer service agreement, fees are due and payable on a quarterly basis in arrears. Clients may select fees to be billed directly or deducted from their accounts.

Item 6. Performance-Based Fees and Side-By-Side Management

Neither Canterbury nor any of its supervised persons accepts performance-based fees – that is, fees based on a share of capital gains on or capital appreciation of the assets of a client. Therefore, there are no conflicts of interest that Canterbury or its supervised persons may face by advising these accounts that include any incentive to favor accounts for which Canterbury or its supervised persons receive a performance-based fee.

Item 7. Types of Clients

Canterbury was founded on December 8, 1988 and is a SEC registered investment adviser firm that provides investment related consulting services to endowments, foundations, pension and profit sharing plans, individuals, and family offices, (collectively referred to as “Clients”).

The types of clients we serve include:

- | | |
|--------------------------------------|---------------------------------------|
| — Schools and Universities | — Defined Benefit Plans |
| — Hospitals/Healthcare Organizations | — Defined Contribution Plans |
| — Community Foundations | — Charitable/Non-Profit Organizations |
| — Private Foundations | — Cultural Institutions |
| — Corporations | — Private Clients/Family Offices |

Requirement for Opening Accounts (Minimum Investment Amount)

Canterbury generally does not impose minimum account size requirements; however, we do have minimum annual fee requirements. Those minimums are dependent on the client type and service platform and are outlined in the Fees and Compensation section above.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

Canterbury’s analysis methods may include fundamental analysis of macroeconomic and market factors, technical analysis, and the use of cyclical analysis and monitoring of investment cycles and trends.

As with most investment products, because investment portfolios include securities, investing in securities involves risk of loss that you as our client should be prepared to bear.

Canterbury does not employ a significant investment strategy nor does it recommend any particular type of security as part of its overall consulting services.

Item 9. Disciplinary Information

Disclosure Events

There are no disclosure events involving a criminal action in a domestic, foreign or military court of competent jurisdiction in which Canterbury or its management personnel are involved.

There are no disclosure events involving an administrative *proceeding* before the SEC, any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority in which Canterbury or its management personnel are involved.

There are no disclosure events involving a self-regulatory organization (SRO) proceeding in which Canterbury or its management personnel are involved.

Canterbury provides the following disclosure events involving a civil action in a domestic, foreign or military court of competent jurisdiction in which Canterbury or its management personnel are involved:

In 2002, Canterbury was named in a lawsuit initiated by a client that alleged a violation of fiduciary duty among other allegations. The lawsuit originated as a result of the client telling Canterbury that they wanted certain managers terminated with proceeds wired to a named trust account. The client claimed that Canterbury did not affect those instructions in a timely manner and therefore the client alleged certain losses to their account. In fact, Canterbury did not (and generally does not) hold the assets nor did it have the authority to hire, terminate, or move money. Canterbury does assist in transitions by explaining to clients how to instruct their managers. In this instance, Canterbury drafted an instruction letter for the client to give to their managers. It happened that circumstances worked against our client. The trustee's staff was not vigilant in getting the drafted instruction letters signed and faxed to managers appropriately; over the course of the three days it took to get all accounts liquidated, the market continued to go down (July, 2002).

Canterbury, at the time, did not have a mediation clause in our Agreement, and therefore the client made the claim through the courts. The case was settled through arbitration by our insurance company on our behalf for an amount that equaled the cost of our client's attorney's fees. There have not been any censures or reprimands.

Item 10. Other Financial Industry Activities and Affiliations

Broker/Dealer Affiliation

Neither Canterbury nor any of its management persons are registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer. Neither Canterbury nor any of its management persons are registered, or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or an associated person of the foregoing entities.

Limited Partnerships/Private Funds

Canterbury maintains discretionary authority to advise on a portion of the SALI Multi-Series Fund, L.P. ("Fund") managed by SALI Fund Management, LLC/SALI Fund Services (SEC #801-61702). Canterbury does not solicit clients to invest in the Fund.

Disclosure of Material Conflicts

Certain management persons of Canterbury may be limited partners in certain investment related limited partnerships. Therefore, a potential conflict may exist in that limited partners receive certain economic benefit from investments made in corresponding limited partnerships.

Item 11. Code of Ethics, Participation/Interest in *Client* Transactions and Personal Trading

Code of Ethics

Canterbury has adopted the following Code of Ethics in accordance with SEC rule 204A-1 or similar state rules:

- **Fiduciary Responsibility-** Canterbury and its staff shall exercise the highest standard of care in protecting and promoting the interests of its clients, and will provide a written disclosure containing any conflicts of interest that may compromise their impartiality or independence. As

fiduciary, Canterbury shall not accept any referral fees or compensation that is contingent upon the purchase or sale of any financial product.

- Integrity- All professional services shall be rendered with the highest level of integrity.
- Objectivity- Canterbury and its staff shall provide advice that is objective and in the best interest of the client and without conflicts of interest.
- Competence- Canterbury and its staff shall maintain the necessary knowledge and skills to provide our clients with competent advice and services.
- Fairness- All professional services shall be performed by Canterbury and its staff in a manner that is fair and reasonable to its clients.
- Confidentiality- Canterbury and its staff shall maintain and safeguard all confidential client information in accordance with applicable laws.
- Diligence- Canterbury and its staff shall ensure the accuracy and completeness of records, information, and data collected, used and managed, and will take necessary steps to correct any discrepancies.
- Regulatory Compliance- Canterbury and its staff shall comply fully with appropriate laws and internal regulations.

Canterbury will provide a complete copy of its Code of Ethics to any client or prospective client upon request.

Participation/Interest in Client Transactions

Neither Canterbury nor any of its related persons recommend to clients, or buys or sells for client accounts, securities in which Canterbury or a related person has a material financial interest including but not limited to incidents where Canterbury or a related person, as principal, buys securities from (or sells securities to) Canterbury clients; Canterbury or a related person acts as general partner in a partnership in which Canterbury solicit client investments; or Canterbury or a related person acts as an investment adviser to an investment company that Canterbury recommends to client.

Canterbury or its related persons may invest in the same securities (or related securities, e.g., warrants, options or futures) that Canterbury or its related persons recommend to clients. Canterbury or its related persons may recommend securities to clients, or buys or sells of securities for client accounts, at or about the same time that Canterbury or any of its related persons buy or sell the same securities for a Canterbury related person's own account.

Item 12. Brokerage Practices

Research and Other Soft Dollar Benefits

Canterbury does not receive any research, products, services or soft dollar benefits from investment managers or other third parties.

Brokerage for Client Referrals

In selecting or recommending broker-dealers, Canterbury does not consider whether the firm or a related person receives client referrals from a broker-dealer or third party.

Directed Brokerage

Canterbury does not recommend, request or require that clients direct Canterbury to execute transactions through a specified broker-dealer.

Item 13. Review of Accounts

Accounts are reviewed quarterly on an ongoing basis. Overall investment management performance, market prospects, and individual client situations are considered in the review process. Triggering factors that may affect an account review could be any material change in a client's profile. All account reviews are conducted by the designated investment consultant responsible for each account. Accounts are also periodically reviewed by the Chief Compliance Officer. All clients are encouraged to conduct an annual review of their financial objectives, account performance, as well as other relevant factors.

The nature and frequency of reports are determined by client need and the services offered. Consulting clients receive comprehensive quarterly performance reports produced by Canterbury.

Item 14. Client Referrals and Other Compensation

Economic Benefit from Non-Clients

None of the supervised persons listed above or below as part of this Brochure Supplement receive any "economic benefit" as that term is defined (e.g. *sales awards and other prizes*) from a non-client for providing advisory services.

Direct/Indirect Compensation for Client Referrals

Neither Canterbury nor any of its related persons directly or indirectly compensate any person who is not its associated person for client referrals.

Item 15. Custody

Canterbury does not maintain custody of client funds and/or securities. Therefore, clients will receive their monthly and/or quarterly account statements directly from the designated broker/dealer, bank or other qualified custodian of record and therefore should carefully review those statements for accuracy. In the event that clients also receive reports from Canterbury, it is strongly encouraged that each client compare the account statements they receive from the qualified custodian with those reports received by Canterbury.

Item 16. Investment Discretion

The firm provides services on either a non-discretionary or discretionary basis. In a non-discretionary relationship, the firm leads the investment decision-making process with the client as the final decision-maker; whereas in a discretionary relationship, the firm makes the investment decisions. For both types of relationships, the firm coordinates the construction of investment portfolios, conducts initial and ongoing investment and operational due diligence, and generally receives statements and other communications directly from investment managers.

Discretionary relationships may have the following attributes or limits. In some instances, Canterbury may hold a full power of attorney with respect to a client account, while in other instances Canterbury may hold a limited power of attorney, primarily enabling the firm to meet capital calls, transfer funds to a client's bank account, or otherwise facilitate logistics involved with a client's investments. Generally, these types of authority are documented in writing by a client before they are initially exercised. A client may impose limits different from, or in addition to, those mentioned here.

Please refer to Item 4 Advisory Business above for a more detailed description of Canterbury's service platforms.

Item 17. Voting Client Securities

Canterbury does not have the authority to vote client proxies and therefore is not required to take action or render advice with respect to voting of proxies solicited by or with respect to the issuers of securities in which assets of the clients account(s) may be invested from time to time. Clients will receive their proxies or other solicitations directly from their custodian or a transfer agent. Clients may contact Canterbury directly at (949) 721-9580 if they have any questions regarding a particular solicitation.

Item 18. Financial Information

Pre-Payment of Fees

Canterbury does not require or solicit prepayment of fees, six months or more in advance.

Material Impact of Discretionary Authority

Canterbury may exercise discretionary authority over certain client funds or securities. However, Canterbury does not anticipate any financial condition that may be reasonably likely to impair its ability to meet contractual commitments to clients at this time.

Custody Disclosure

Canterbury does not have custody of client funds or securities. Please see Custody section above for further details.

Bankruptcy Disclosure

Canterbury has never been the subject of a bankruptcy petition.

Use of Professional Designations

Chartered Financial Analyst (CFA). The Chartered Financial Analyst (CFA) designation is a mark of distinction that is globally recognized by employers, investment professionals, and investors.

Since it was first introduced in 1963, the Chartered Financial Analyst® designation, or CFA charter, has become one of the most respected and recognized investment credential in the world. To earn the CFA charter one must have four years of qualified investment work experience; become a member of CFA Institute (the global association of investment professionals that administers the CFA charter), pledge to adhere to the CFA Institute Code of Ethics and Standards of Professional Conduct on an annual basis; apply for membership to a local CFA member society; and complete the CFA Program.

The CFA Program is a globally recognized, graduate level curriculum that provides a strong foundation of the real-world investment analysis and portfolio management skills and practical knowledge needed in today's investment industry. It also emphasizes the highest ethical and professional standards. The Program is organized into three levels, each culminating in a six-hour exam. CFA Program candidates report dedicating in excess of 300 hours of study per level. Completing the entire Program is a

significant challenge that takes most candidates between two and five years. For more information, please visit www.cfainstitutue.org.

Chartered Alternative Investment Analyst (CAIA). The CAIA designation is the standard for professionals within this specialist area of investments, demonstrating an individual's abilities within and understanding of alternative investment vehicles. The Chartered Alternative Investment Analyst program provides a broad-based curriculum in alternative investments. The program covers the main areas of hedge funds, private equity, commodities, real estate and managed futures. The CAIA program is organized into two levels, with Level I using investment analytics to examine the fundamentals of each alternative asset class. Level II applies these analytics within an asset allocation and decision-making framework. Both incorporate segments on ethics and professional conduct - essential components of the CAIA program.
