Appendix A: Disclosures Regarding Proprietary/Affiliated Money Market Fund	
and Mutual Funds.....	28

Item 4: Services, Fees and Compensation

Introduction

Edward Jones is a registered broker-dealer and investment adviser. Through the investment adviser, Edward Jones offers several advisory programs. This wrap fee program brochure (the “Brochure”) provides clients (“Client,” “you” or “your”) with information about the Edward Jones Advisory Solutions® Unified Managed Account (UMA) Models (“Advisory Solutions UMA Models”) sponsored by Edward Jones, fees charged for Advisory Solutions UMA Models, and Edward Jones’ services and business practices. You should read this Brochure carefully and consult with your tax professional before you decide to invest in Advisory Solutions UMA Models.

Other advisory programs offered through Edward Jones are not described in this Brochure. These programs offer different services and investments and have different fees and minimum investment requirements. To learn more about other advisory programs offered by us, please ask your financial advisor or go to www.edwardjones.com/advisorybrochures to review the brochures for the available advisory programs.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.P., a holding company registered as a partnership with the State of Missouri. Edward Jones registered with the SEC as a broker-dealer in 1941 and as an investment adviser in 1993.

As of December 31, 2017, Edward Jones managed: \$171,874,622,857 in discretionary assets and \$140,111,875,210 in non-discretionary assets across all our advisory programs.

The decision to invest in Advisory Solutions UMA Models is yours. Before making this decision, you and your financial advisor should discuss whether other programs or investments

may be more appropriate for your investment goals or needs. If you decide to invest in Advisory Solutions UMA Models, our advisory relationship does not begin until (i) Edward Jones and the Overlay Manager (as described below) accept and approve the written Client Services Agreement with you, which occurs on the later date of the approval of Edward Jones or the Overlay Manager and (ii) funding of the account at the initial minimum investment as determined by Edward Jones.

Before investing in Advisory Solutions UMA Models, you should decide if you are comfortable forgoing the day-to-day management of your account. Investors in Advisory Solutions UMA Models typically:

- need advice and guidance when making investment decisions;
- are at ease with a financial professional making their day-to-day investment decisions;
- are willing to follow a disciplined investment strategy; and
- are comfortable paying monthly, asset-based (percentage) fees for investments and advice rather than individual commissions or sales charges.

In evaluating wrap fee programs, you should consider a number of factors. You may be able to obtain some or all the same or similar investments and/or services available through this and other wrap fee programs separately through Edward Jones or another broker-dealer or investment adviser. You should consider that, depending on the circumstances, the aggregate fees you will pay for investing in Advisory Solutions UMA Models may be lower or higher than if you purchased the investments or services separately or through another broker-dealer or investment adviser. An important factor to consider is the amount of trading activity you have in your accounts and the corresponding brokerage commissions that would be charged if you bought and sold individual securities in a

brokerage account. You also may experience different performance results or tax consequences from what you would by purchasing the investment separately or through another broker-dealer or investment adviser. Additionally, some of the investments available in Advisory Solutions are not available to be held or purchased outside of Advisory Solutions.

Advisory Solutions UMA Models Overview.

Advisory Solutions UMA Models is a wrap fee program in which you can combine multiple investments in a single advisory account. Advisory Solutions UMA Models offers multi-style investment services implemented by an investment adviser (“Overlay Manager”). Investments available in Advisory Solutions UMA Models include separately managed allocations (“SMAs”) managed or recommended by one or more investment advisers (“SMA Managers”), mutual funds managed by an affiliate of Edward Jones (“affiliated mutual funds”), unaffiliated mutual funds, and exchange-traded funds (“ETFs”) approved by Edward Jones (collectively referred to as “Program Investments”).

Edward Jones selects the Program Investments that are available in Advisory Solutions UMA Models (“Program List”). Edward Jones categorizes these Program Investments by investment style (*e.g.*, Growth, Income, International, etc.), which we refer to as “Asset Allocation Categories.” Taking into account risk tolerances, time horizons, the purpose of investing in Advisory Solutions UMA Models, and other financial considerations, Edward Jones has created “Account Portfolio Objectives” by combining various Asset Allocation Categories and assigning target weightings or weighting ranges to each, as appropriate for each Account Portfolio Objective.

Investment recommendations are provided to the Overlay Manager by SMA Managers either through (i) providing a Model Portfolio to the Overlay Manager or (ii) investing the Client’s

assets with an SMA Manager (the “Executing SMA Manager”). Edward Jones may, at its discretion, restrict the Overlay Manager and Executing SMA Managers from purchasing certain securities. Conversely, the Overlay Manager and Executing SMA Managers may invest in investments that are not otherwise available at Edward Jones. The Overlay Manager and/or Executing SMA Manager may, in its sole discretion, reject an account for any reason.

Your account may invest in one or more affiliated mutual funds. Please read this Brochure carefully to understand the differences between affiliated mutual funds and unaffiliated mutual funds, including additional conflicts of interest that Edward Jones is subject to in connection with recommending affiliated mutual funds and how such conflicts are addressed.

The Edward Jones Money Market Fund is affiliated with Edward Jones but is not an available Program Investment for Advisory Solutions UMA Models. However, cash in your account may be invested in the Edward Jones Money Market Fund. The portion of your Advisory Solutions account that is invested in the Edward Jones Money Market Fund will be included in the calculation of your Advisory Solutions UMA Models Fee (defined below). Please refer to Appendix A for more information about the Edward Jones Money Market Fund.

We can make changes to the Program List at any time and can change the amount of your money that is invested in the different Asset Allocation Categories as well as add and remove Asset Allocation Categories at any time without prior notice. These additions or removals could result in the purchase or liquidation of a Program Investment in your account. Liquidations may cause a taxable event as well as additional fees and expenses.

There is no guarantee that the Program Investments will perform in any particular manner. Past performance is not a guarantee of

future results. It is important that you read the prospectus of each Program Investment and the Overlay Manager's and any applicable Executing SMA Manager's Form ADV Part 2A Brochure, including any supplements, before investing.

Services Provided

(A) Account Portfolio Objective, Investment Model Construction and Ongoing Asset Allocation Guidance

In order to invest in Advisory Solutions UMA Models, you will complete a Client Profile that contains important information about your account, which generally includes your time horizon, risk tolerance and other financial information. Your time horizon will reflect the time frame over which you will be accumulating and/or distributing your investments. Time horizon is expressed as either your life stage or the number of years accumulating and/or distributing. Based upon the level of investment risk you are willing to take (your risk tolerance or comfort with risk) and the expected time horizon for your financial goals, we will recommend an Account Portfolio Objective for your account.

Depending on several factors, which may include your risk tolerance, time horizon, account size compared to net worth and other investments associated with your applicable goal(s) established at Edward Jones, you may be able to choose an alternative Account Portfolio Objective if you are willing to take more or less risk than the recommended Account Portfolio Objective. An alternative Account Portfolio Objective is not always available. You ultimately decide whether you want to select a recommended Account Portfolio Objective or an alternative Account Portfolio Objective, if available.

Account Portfolio Objectives in Advisory Solutions UMA Models include:

All-Equity Focus: This portfolio objective offers the highest growth potential. The majority of investments in the portfolio are equity-based, which are likely to carry the highest level of risk. This portfolio objective seeks long-term capital appreciation and provides very little or no current income.

Growth Focus: This portfolio objective emphasizes higher growth potential while providing modest current income. Over the long term, it should have higher risk than portfolios with a more income-oriented objective.

Balanced toward Growth: This portfolio objective emphasizes growth potential with a secondary goal of current income. Over the long term, it should have moderate to higher risk.

Balanced Growth & Income: This portfolio objective blends current income with long-term growth potential. Over the long term, it should have moderate risk.

Balanced toward Income: This portfolio objective emphasizes current income with a secondary goal of growth potential. Over the long term, it should have lower to moderate risk.

Income Focus: This portfolio objective emphasizes current income with little growth potential or inflation protection. Over the long term, it should have lower risk than portfolios with a more growth-oriented objective.

Edward Jones constructs each Account Portfolio Objective using different Asset Allocation Category targets and different Program Investment weightings within each Asset Allocation Category, taking into account risk tolerance, time horizon and the purpose of investing funds into Advisory Solutions UMA Models. Edward Jones is solely responsible for determining, and periodically reviewing, the Asset Allocation Category targets and ranges, and Program Investment offerings and

weightings appropriate for each Account Portfolio Objective.

Once you have selected your Account Portfolio Objective, you select either a Research Model or construct a Custom Model that is consistent with your chosen Account Portfolio Objective. If you select a Research Model, we determine the specific Asset Allocation Category weighting targets and select the Program Investments appropriate for your account. If you select a Custom Model, we determine the Asset Allocation Category ranges based on your Account Portfolio Objective, and you select the Asset Allocation Category targets within the allowable ranges. In a Custom Model, you also select the Program Investments you would like to invest in from the Program List for each Asset Allocation Category.

Research Model: Research Models are based on the Asset Allocation Category and Program Investment weightings determined by Edward Jones to be appropriate for each Account Portfolio Objective. Unlike in a Custom Model, you cannot change the Asset Allocation Category or Program Investment weightings designed for a particular Research Model. These weightings are set at target percentages appropriate for each Research Model's corresponding Account Portfolio Objective.

If you select a Research Model, Edward Jones also has ongoing discretion over the selection of Program Investments within your account. Due to various influences, such as changing market conditions or a reclassification of a Program Investment to a different Asset Allocation Category, we may change the Asset Allocation Category or Program Investment weighting within an Account Portfolio Objective. We may remove and/or add a Program Investment to your Research Model at any time without notifying you. If you want the ability to restrict purchases of specific Program Investments, you must invest in a Custom Model. If your account is taxable, changes to asset allocation will cause transactions

in the account and these transactions may have tax consequences.

Custom Model: Custom Models provide our clients with more flexibility to choose investments consistent with their Account Portfolio Objective. If you select a Custom Model, you are responsible for choosing Program Investments from the Program List and setting your Asset Allocation Category target percentages within the range that Edward Jones has deemed acceptable for your Account Portfolio Objective. Program Investments within a Custom Model may be subject to certain investment minimums, as may be determined by Edward Jones and/or an SMA Manager. In addition, Edward Jones may, in its sole discretion, implement guidelines and/or restrictions as to the minimum and maximum number of Program Investments that can be held in an account at any one time and the minimum and maximum percentage allocations to those Program Investments held in a Custom Model.

Where Edward Jones, in its sole discretion, deems appropriate, it may deviate from the weighting ranges within a particular Account Portfolio Objective and create a Custom Model with different weighting ranges that is appropriate for a specific subset of clients within that Account Portfolio Objective. If you elect such a Custom Model, you will be expected to set Asset Allocation Category targets within the range that Edward Jones designates for that model, rather than the ranges designated under the Account Portfolio Objective.

Due to various influences, such as changing market conditions or a reclassification of a Program Investment to a different Asset Allocation Category, we may change the Asset Allocation Category or Program Investment weighting within an Account Portfolio Objective. If such changes conflict with your current Program Investment selections, or your chosen Asset Allocation Category targets, when possible, we will give you at least 30 days' notice

to modify your selection. If you do not update your selections within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice, we may trade Program Investments within your account, or change your Asset Allocation Category targets, to bring your account back into alignment with your chosen Account Portfolio Objective. If your account is taxable, such changes will cause transactions in the account and these transactions may have tax consequences.

If a Program Investment is removed from the Program List for any reason, the Program Investment can no longer be held in your account. If we remove a Program Investment, when possible, we will give you at least 30 days' notice. If you do not select an alternative Program Investment from the Program List within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice, we will select a replacement investment from the Program List for your account (which may include affiliated mutual funds).

Until such Program Investment designated for removal is actually removed from your account, there is a possibility additional shares of that Program Investment may be purchased. Such purchase(s) may occur in certain instances including, but not limited to, when dividend reinvestments occur. The purchase of additional shares of such Program Investment and the eventual mandatory removal of such shares may result in a taxable event.

The replacement Program Investment may be subject to a higher SMA Manager Fee or, in the case of mutual funds and ETFs, higher internal expenses than the prior investment and you will be responsible for paying the higher fees. The fee for the Advisory Solutions UMA Models program ("Program Fee") paid to Edward Jones will not change as a result of the replacement Program Investment.

In your account, you can restrict the purchase of certain equity securities, including a specific equity security or social category. For example, you may restrict the Overlay Manager or Executing SMA Manager(s) from buying specific securities or a category of securities (e.g., tobacco or alcohol companies) that you consider objectionable for personal reasons or that you wish to avoid due to potential overconcentration in a specific security. When a security or social category is restricted from purchase, your account performance will differ from other accounts investing in the same Account Portfolio Objective and may be adversely impacted. You may restrict which mutual funds or ETFs to invest in through a Custom Model, but not the actual securities in which the underlying mutual fund or ETF invests. You cannot restrict the purchase of a fixed-income security.

Client Agreement and Rebalancing: Once you have selected your Account Portfolio Objective, you will complete a Client Agreement that must be accepted and approved by Edward Jones and the Overlay Manager. Trading of your account will not begin until the Client Agreement is accepted and approved, which can take several business days. Upon approval, the Overlay Manager is authorized to buy, sell or trade securities in your account in a manner consistent with the Asset Allocation Category established by us, the Model Portfolio provided by the applicable SMA Manager and any restrictions you have placed on the account. With certain Program Investments in Research Models or Custom Models, certain Executing SMA Managers have discretion to buy, sell or trade securities directly in your account.

If, pursuant to parameters determined at the sole discretion of Edward Jones, the percentage of an Asset Allocation Category in your account has drifted too far from its target, your account will generally be rebalanced back toward the target of one or more Asset Allocation Categories in your account at the discretion of the Overlay Manager or Edward Jones. Rebalancing is achieved by

buying, redeeming or selling Program Investments, which may include affiliated mutual funds, until the Asset Allocation Category is in line with the targets for your account. We may also rebalance your account if a Program Investment is removed from the Program List; if you are invested in a Research Model, a Program Investment is added to the Research Model; or, if you are invested in a Custom Model, you direct a change in your Program Investments. As a result, the portion of your account invested in mutual funds and/or ETFs may be reallocated, in whole or in part, from unaffiliated mutual funds and/or ETFs into affiliated mutual funds. Rebalancing trades are subject to certain dollar minimums as determined by Edward Jones in its sole discretion. You will not be notified before a rebalancing occurs. Neither Asset Allocation Category nor rebalancing is guaranteed to produce a profit or protect against loss. Rebalancing trades in a taxable account may result in a taxable event to you. Consult with your tax professional before you invest in Advisory Solutions UMA Models.

(B) Overlay Management

Pursuant to a contractual agreement between Edward Jones and NGAM Advisors, L.P. (NGAM Advisors), NGAM Advisors currently serves as the Overlay Manager. In this role, NGAM Advisors performs the following services:

- implementing instructions by SMA Managers and Edward Jones in regard to the securities to be bought, sold or held for your account, including determining the amount of securities to be bought or sold;
- placing orders for the purchase and/or sale of securities in accordance with the Model Portfolio recommendations of the SMA Managers and Edward Jones and/or communicating the orders for the purchase and/or sale of securities through other broker-dealers selected by SMA Managers (Please note: A taxable account funded with

securities will result in purchase and/or sale orders in your account which may have tax consequences.);

- placing orders for the purchase, sale or redemption of shares of mutual funds and/or ETFs in accordance with instructions received from Edward Jones or you;
- rebalancing one or more Asset Allocation Categories within your account back toward their respective targets if, pursuant to parameters determined in the sole discretion of Edward Jones, the weighting of the Asset Allocation Category has deviated too far from its target;
- adding and removing an Asset Allocation Category, which could result in the purchase of Program Investments to fill the newly added Asset Allocation Category, or sale of a Program Investment to support the removal of an Asset Allocation Category;
- implementing any restrictions that you have placed on the purchase of certain equity securities or social category of equity securities in a Custom Model; and
- managing your taxable account in a tax-efficient manner with the objective to minimize your tax liability while maintaining the desired investment allocation. Tax-efficient management of your taxable account may conflict with Model Portfolio recommendations from an SMA Manager; in these instances, tax-efficient management may take precedence over the Model Portfolio recommendations of an SMA Manager.

Edward Jones is solely responsible for the selection of the Overlay Manager for Advisory Solutions UMA Models. We reserve the right to change the Overlay Manager at any time in our sole discretion to an unaffiliated investment manager or an affiliated investment manager or to assume the responsibilities of the Overlay Manager.

(C) Execution Services

In Advisory Solutions UMA Models, the Overlay Manager and Executing SMA Managers have discretion over your account. Edward Jones executes trades at the direction of the Overlay Manager and Executing SMA Managers. In these cases, Edward Jones acts solely as a broker-dealer, not as an investment adviser. When we act as executing broker, there may be times when we engage in “principal transactions.” This means that we will fill your purchase orders from our own inventory of securities. We will not charge you a markup or markdown on these principal transactions. However, if the Overlay Manager or Executing SMA Manager buys from or sells to our inventory, we may earn revenue or incur losses depending on market or price fluctuation in the security. Edward Jones will only engage in principal transactions where permitted under applicable law.

Edward Jones may also engage in “cross transactions” in Advisory Solutions UMA Models. This means that we act as a broker-dealer for advisory clients on both the sell side and the buy side of the same transaction. When this occurs, the Overlay Manager or Executing SMA Manager will direct all trades and will instruct either Edward Jones or another broker-dealer to execute those trades. Edward Jones will only engage in cross transactions where permitted under applicable law.

The Overlay Manager and Executing SMA Managers are required to seek best execution for all trades, which means the Overlay Manager and Executing SMA Managers have full authority to execute trades with those broker-dealers that they believe are capable of providing the best qualitative execution under the circumstances. In Advisory Solutions UMA Models, you will not pay additional trading costs when Edward Jones executes a trade order in your account as broker-dealer. For this reason, the Overlay Manager and Executing SMA Managers may determine that Edward Jones’ execution capabilities as broker-

dealer provide the most favorable option for placing trade orders in your account. However, the Overlay Manager and Executing SMA Managers may choose to execute trades with another broker-dealer if they reasonably believe another broker-dealer can obtain a more favorable execution under the circumstances. This practice is frequently referred to as “trading away,” and these types of trades are frequently called “step-out” trades. Step-out trades are executed at another broker-dealer and cleared and settled at Edward Jones.

If the Overlay Manager or Executing SMA Manager executes trade orders with another broker-dealer, you may incur trading costs in addition to the Advisory Solutions UMA Models Fee. The trading costs for step-out trades to another broker-dealer may include commissions, markups, markdowns or “spreads” paid to market makers in addition to the Advisory Solutions UMA Models Fee. Additionally, if a foreign currency transaction is required, a foreign broker-dealer firm may receive compensation in the form of a dealer spread, markup or markdown. There may be other exchange or similar fees, including but not limited to foreign ordinary conversion and creation of American Depositary Receipts, charged by third parties as well as foreign tax charges. All of these charges are in addition to the Advisory Solutions UMA Models Fee.

In complying with its best execution obligation, the Overlay Manager or Executing SMA Manager will review several factors that reflect on the quality of the trade execution of the broker-dealer. These additional trading costs may be one of several factors the Overlay Manager or Executing SMA Manager assesses when deciding to trade away. The Overlay Manager or Executing SMA Manager may also consider other factors such as: the nature of the security; the size and type of transaction; the nature and character of the markets involved; the executing broker’s execution, clearance and settlement capabilities as well as its reputation; soft-dollar

arrangements, as described below; the importance of speed, knowledge, efficiency, consistency, and anonymity provided by the executing broker; and additional investment opportunities. The Overlay Manager and each Executing SMA Manager may consider different factors or may place different weight on the factors it uses to meet its best execution obligation. The Overlay Manager's and Executing SMA Managers' best execution obligations do not require the Overlay Manager or the Executing SMA Manager to obtain the best price or the lowest available cost of trade orders.

Edward Jones does not engage in soft-dollar arrangements; however, the Overlay Manager or Executing SMA Managers participating in Advisory Solutions UMA Models may direct transactions to brokers in return for brokerage or research services. In certain instances, the Overlay Manager or Executing SMA Managers engaged in soft-dollar arrangements may pay a broker-dealer (other than Edward Jones) higher commissions than another broker-dealer adequately qualified to effect such transactions would have charged where the Overlay Manager or Executing SMA Manager determines in good faith that the commission is reasonable in relation to the value of the soft-dollar benefits received. Soft-dollar arrangements may be considered as a factor in best execution determinations, but will not replace the duty of the Overlay Manager and Executing SMA Managers to seek best execution for trades in your accounts.

The Overlay Manager and Executing SMA Managers may participate in other wrap fee programs sponsored by firms other than Edward Jones. In addition, the Overlay Manager or Executing SMA Managers may manage institutional and other accounts that are not part of a wrap fee program. In order to avoid buying or selling the same security for all client accounts through multiple broker-dealers, the Overlay Manager or Executing SMA Managers may decide to aggregate all such client transactions into a block trade that is executed through one

broker-dealer. This practice may enable the Overlay Manager or Executing SMA Managers to obtain more favorable execution, including more favorable pricing, than would otherwise be available if orders were not aggregated. Using block transactions may also assist the Overlay Manager or Executing SMA Managers in potentially avoiding an adverse effect on the price of a security that could result from simultaneously placing a number of separate successive or competing client orders. This practice generally results in "trading away" from Edward Jones, as described above.

Alternatively, the Overlay Manager or Executing SMA Managers may also use a trade rotation process where one group of clients may have a transaction effected before or after another group of clients. The Overlay Manager or Executing SMA Managers implement their trades with certain clients, custodians or sponsors using a trade rotation process in order to minimize the impact of their trading on the securities or markets in which they trade. These trade rotation practices may result in a transaction being effected for your account near or at the end of the Overlay Manager or Executing SMA Managers' rotation, resulting in your account bearing the market price impact, if any, of those trades executed earlier in the rotation. This may result in your receiving a less favorable net price for the trade. However, the Overlay Manager and Executing SMA Managers' trade rotation policies are typically designed to ensure that clients are treated equitably and fairly over time.

Clients should be aware that some Executing SMA Managers have historically placed all or substantially all of their client trades as step-out trades with another broker-dealer for execution. Frequently, these trades have been for fixed-income, foreign and small-cap equity securities. As a result, these types of Executing SMA Managers and their strategies could be more costly to a client than Executing SMA Managers that primarily place trades with Edward Jones for execution. Additionally, the

Overlay Manager has at times engaged in trading away. Please see Edward Jones' website at www.edwardjones.com/advisorybrochures for more information regarding when the Overlay Manager chose to step-out as well as a list of Executing SMA Managers who informed Edward Jones that they traded away from Edward Jones during 2017 and general information about the additional cost (if any) of those trades.

The Overlay Manager and Executing SMA Managers are solely responsible for ensuring they comply with their best execution obligations to you. You should review the Overlay Manager's and each Executing SMA Manager's Form ADV Part 2A Brochure for more information about the Overlay Manager's or Executing SMA Managers' soft-dollar, trade aggregation and trade rotation practices, and any related conflicts of interest. You should also inquire about the Overlay Manager's or Executing SMA Managers' trading practices and consider that information carefully, before choosing to invest in Advisory Solutions UMA Models. In particular, you should carefully consider any additional trading costs you may incur.

In certain circumstances, trade errors may occur in your account. It is Edward Jones' policy to use an error account to correct trades. The correction process may result in trades between your account and an Edward Jones error account. If trade errors are caused by the actions of Edward Jones, the Overlay Manager or an SMA Manager, it is Edward Jones' policy to correct the error and/or, if applicable, ensure your account is made whole. If the process of resolving trade errors results in a net gain in the error account, as accrued and calculated on a periodic basis, we will donate the amount of such gain to charities chosen by Edward Jones.

(D) Trade Confirmations, Account Statements and Quarterly Performance Reports

Assets in your account are typically held at Edward Jones, as a broker-dealer. However, if

you have entered into an IRA Custodial Agreement with Edward Jones Trust Company ("EJTC"), assets in your account will be held at EJTC. EJTC has delegated its duties and responsibilities as a custodian to Edward Jones, as a broker-dealer.

As custodians, Edward Jones and EJTC are responsible for:

- safekeeping your funds and securities;
- collecting dividends, interest and proceeds from any sales; and
- disbursing funds from your account.

Edward Jones (as broker-dealer) will provide all accounts with written trade confirmations of securities transactions and account statements for each month there is activity in the account. If you have selected a Research Model, you can waive the right to receive certain trade confirmations; however, you will still receive mutual fund and ETF prospectuses, when applicable. If EJTC is the custodian, the account statement will be sent by Edward Jones on behalf of EJTC.

Please review your account statements carefully and notify us immediately if you detect an error or a discrepancy.

You will receive a performance report after the end of each calendar quarter, beginning after your account has been invested for a full quarter. In addition to market commentary, the performance report will show your account's:

- diversification among equities, fixed income and cash equivalents, as applicable;
- actual Asset Allocation Category weighting compared to the target weighting;
- asset class diversification and performance, as applicable;
- performance compared to various financial benchmarks;
- portfolio value, gains and losses, and additions and withdrawals; and
- holdings at the Program Investment level.

(E) Termination of Your Account

The total value of your account is monitored by Edward Jones. If the value of your account falls below the initial investment minimum, we may, in our discretion, remove your account from Advisory Solutions UMA Models.

You or Edward Jones may terminate your participation in Advisory Solutions UMA Models at any time without any advisory termination fee. While oral instructions to terminate your participation in Advisory Solutions UMA Models are generally acceptable, Edward Jones in its sole discretion may require written notice in order to terminate Advisory Solutions UMA Models advisory services for your account.

Upon notice of termination of your Advisory Solutions UMA Models account, Edward Jones will not be obligated to recommend any action with regard to the assets in your account, but you may instruct Edward Jones to sell the securities or transfer the securities to another Edward Jones account or third-party account. Some mutual funds and/or fund share classes may not be held outside of your Advisory Solutions UMA Models account. In these cases, Edward Jones is authorized to redeem those shares for you or to convert the mutual fund share class into a different share class.

Affiliated mutual funds may not be held outside of Advisory Solutions. Accordingly, any positions in affiliated mutual funds will be liquidated if you terminate your Advisory Solutions UMA Models account or request to transfer positions in an affiliated mutual fund out of your Advisory Solutions UMA Models account. In addition, SMA Managers may invest in mutual funds that have been developed for use solely with their respective SMA strategy. Accordingly, any positions in such mutual funds may be liquidated if you terminate your participation in such SMA strategy or terminate your Advisory Solutions UMA Models account. Trades as a result of a liquidation of an

unaffiliated or affiliated mutual fund in a taxable account may result in a taxable event.

If you request the assets in your account be liquidated, proceeds from the sale of your securities will be available upon settlement of the trades generated to complete the liquidation. Although settlement typically occurs within two business days following the placement of each trade, the SMA Manager(s) or Overlay Manager may use multiple trading days following the date after Edward Jones receives your liquidation request to fully liquidate your securities if the SMA Manager(s) or Overlay Manager believes it is in your best interest to have a longer liquidation period. Because bond markets may be less liquid, these investments may be more difficult to liquidate, especially during periods of extreme market volatility. Therefore, you may experience delays or adverse price fluctuations when liquidating these securities. Account liquidation may cause a taxable event as well as additional fees and expenses.

If you have a tax-qualified retirement account and, upon notice of termination, fail to instruct Edward Jones as to the disposition of assets in your account within a time period determined by Edward Jones, Edward Jones may liquidate and distribute the assets in your account. Such distribution may cause a taxable event and be subject to tax withholdings and penalties.

If you have a taxable account and, upon notice of termination, fail to instruct Edward Jones as to the disposition of assets in your account, your account will revert to a brokerage account and any transactions will be subject to commissions and sales charges.

Fees

Every Advisory Solutions UMA Models account pays asset-based fees for investment advisory services, execution of transactions through Edward Jones and related services provided to the account pursuant to this Brochure. The total

amount of asset-based fees in Advisory Solutions UMA Models includes a Program Fee, an Administrative-UMA Fee and SMA Manager Fees, less any applicable fee reduction and/or fee offset (as discussed more fully below), the total amount of which is referred to as your Advisory Solutions UMA Models Fee. Program Investments, including ETFs, affiliated mutual funds and unaffiliated mutual funds in your account, have internal fees and expenses that are described in the prospectus of each fund. These fees are in addition to the Advisory Solutions UMA Models Fee described above. The internal fees and expenses vary depending on the particular Program Investment.

The fees assessed by Edward Jones, any internal expenses of affiliated and unaffiliated mutual funds and ETFs held in the account, and other applicable costs will reduce the account's overall returns and performance. The Advisory Solutions UMA Models Fee comprises the following:

Program Fee Schedule

<u>Value of Assets in Account</u>	<u>Annual Fee Rate</u>
First \$250,000	1.35%
Next \$250,000	1.30%
Next \$500,000	1.25%
Next \$1,500,000	1.00%
Next \$2,500,000	0.80%
Next \$5,000,000	0.60%
Over \$10,000,000	0.50%

The Program Fee is based on the market value of all assets held in your account, including cash, cash equivalents, shares of third-party money market funds and shares of the Edward Jones Money Market Fund. However, all Advisory Solutions UMA Models accounts are subject to a \$10 minimum monthly Program Fee. The Program Fee is assessed at an annual fee rate (shown above), payable monthly in arrears. As the value of the assets in your account increases or decreases, you are charged according to the tiered fee schedule set forth above.

To determine your Program Fee, your account may be grouped with your other Edward Jones advisory accounts or the Edward Jones advisory accounts of people related to or close to you who meet the criteria below that are held in the same Edward Jones branch into what we refer to as a Pricing Group. Each account can only be in one Pricing Group and we will disclose to you the accounts making up your Pricing Group upon request. Other members of the Pricing Group will receive the same disclosure upon request.

Your Pricing Group is based on the following criteria:

1. Your single, joint, custodial, owner-only 401(k) plan, and IRA accounts are grouped together if they are registered at the same address and share one or more of the following: (i) the same last name, (ii) the same Social Security number, or (iii) the same Edward Jones Relationship Group. (If you have worked with your financial advisor to group your account with other accounts for the purpose of planning and establishing financial goals, that is a Relationship Group. Your Relationship Group may be the same as your Pricing Group. Please contact your financial advisor if you have any questions about your Relationship Group.)
2. Your revocable trust accounts are grouped with your single, joint, custodial, owner-only 401(k) plan, IRA, or other revocable trust accounts if they are registered at the same address and use the same tax ID number for tax reporting.
3. Your association, church, corporation, estate, irrevocable trust, LLC, partnership, and sole proprietorship accounts are grouped with other accounts of the same type if they are registered at the same address and use the same tax ID number for tax reporting. These types of accounts will be grouped with each other, but not with other account types.

Additionally, accounts that do not meet the above criteria with your account, but which meet the above criteria with another person's account in your Pricing Group, will be added to your Pricing Group. Please contact your financial advisor if you have questions about your Pricing Group.

In addition, the Program Fee may be lower than the above schedule in the following circumstances:

- Either Edward Jones or your financial advisor may negotiate a lower Program Fee.
- You are an active or retired associate of Edward Jones.
- You are a member of an active or retired associate's Pricing Group.

Reducing the Program Fee is at the sole discretion of Edward Jones.

Administrative-UMA Fee: An Administrative-UMA Fee is assessed at an annual fee rate of 0.30%, payable monthly in arrears, based on the market value of all assets held in your account, including cash, cash equivalents, shares of third-party money market funds, and shares of the Edward Jones Money Market Fund. The Administrative-UMA Fee covers the costs of providing services by the Overlay Manager and certain trade execution, record keeping, accounting and other account services. You are responsible for the cost of commissions or transaction charges for securities trades directed by the Overlay Manager or SMA Managers that are not executed through Edward Jones. Edward Jones may reduce the Administrative-UMA Fee at its sole discretion.

SMA Manager Fees: SMA Manager annual fee rates generally range from 0.20% to 0.40%, payable monthly in arrears, based on the target allocation of assets associated with SMA Managers in your account. The exact SMA Manager Fee rates depend on the Program Investment of the SMA Manager(s) included in your account. There is no SMA Manager Fee

assessed on investments in mutual funds and ETFs held outside an SMA. You pay SMA Manager Fees to Edward Jones, and Edward Jones remits those fees directly to the SMA Manager.

Potential Fee Offsets or Reductions to the Program Fee

Depending on certain factors, you may be eligible to receive fee offsets or reductions to your Program Fee, as described below.

(i) Fee Reductions

If your Advisory Solutions UMA Models account is funded from an Edward Jones account that incurred commissions or redemption fees within a preceding period, as established by Edward Jones, the Program Fee may be reduced for up to twenty-four (24) full months in which the account is active in Advisory Solutions UMA Models. The amount of the fee reduction will depend on the type of security held, the timing of trade activity for the security, or other characteristics of the account activity in the previous Edward Jones account. Ask your financial advisor for additional information about potential fee reductions. Any fee reductions will be applied in accordance with policies established by Edward Jones, which may be amended from time to time. If you close your account in Advisory Solutions UMA Models before receiving the entire fee reduction, you may not receive any of the remaining fee reduction that may have been available for your account. If you are selling securities to invest in Advisory Solutions UMA Models but did not purchase them through Edward Jones, you may not receive a fee reduction.

(ii) Fee Offsets

Rule 12b-1 Fees. Mutual fund companies or their affiliates may pay Edward Jones Rule 12b-1 fees for distribution and marketing expenses. If we receive Rule 12b-1 fees for the shares in your

account, we will credit the amount received to your account.

Shareholder Accounting Revenue. Mutual fund companies may pay Edward Jones for account record keeping and administrative services provided by Edward Jones for the mutual fund companies. If we receive shareholder accounting fees for the shares in your account, we will credit the amount received to your account.

Affiliated Mutual Funds. Affiliated mutual funds (other than the Edward Jones Money Market Fund) are Program Investments and are only available through Edward Jones Advisory Solutions® Fund Models and Advisory Solutions Unified Managed Account (UMA) Models. If your account invests in affiliated mutual funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones. Affiliated mutual funds (other than the Edward Jones Money Market Fund) will be sub-advised by multiple sub-advisers who are unaffiliated with Edward Jones. If your account invests in an affiliated mutual fund that pays Edward Jones or its affiliate a management or other fee with respect to the investment, the amounts received by Edward Jones and its affiliate will first be used to compensate the affiliated mutual fund's sub-advisers and certain other service providers. Remaining amounts, if any, that are not otherwise waived by Edward Jones or its affiliate will be credited to your account. Please note that Edward Jones or its affiliate has entered or intends to enter into an agreement with each affiliated mutual fund, which can be terminated at any time, to waive any such remaining amounts in order to avoid the need to credit or offset fees.

Edward Jones Money Market Fund. Edward Jones is the direct or indirect owner of 100% of the adviser of the Edward Jones Money Market Fund, and Edward Jones receives various revenues related to assets in the money market fund (collectively, "Money Market Revenue"). For any client account investing in the Edward

Jones Money Market Fund, we will apply a fee offset against the Advisory Solutions UMA Models Fee equal to the amount of such Money Market Revenue received by Edward Jones with respect to such account.

Calculation of Advisory Solutions UMA Models Fee

The Advisory Solutions UMA Models Fee is charged to your account each month in arrears. If your account is opened for part of a month, then your Advisory Solutions UMA Models Fee will be based on the number of days your account was open and invested in the market. The amount you pay is determined by the average daily value of the assets held in your account for the previous month.

Payment of Advisory Solutions UMA Models Fee

The Advisory Solutions UMA Models Fee is deducted directly from your account and paid using the cash portion of your account or assets that may be invested in a money market fund. If there is not sufficient cash or assets in a money market fund, Edward Jones or the Overlay Manager is authorized to sell a sufficient amount of assets to pay the Advisory Solutions UMA Models Fee. If Edward Jones sells assets, this may trigger a rebalance of your account. Such transactions would be effected without regard to tax consequences. You may have to pay redemption fees to the fund company if those shares were held for only for a short time. (See below for more information on redemption fees.) Trades as a result of a liquidation of a Program Investment in a taxable account may result in a taxable event. At the sole discretion of Edward Jones, you may be allowed to pay your Advisory Solutions UMA Models Fee from an alternate Edward Jones account.

Internal Fees and Expenses of Mutual Funds and ETFs

Each mutual fund (including affiliated mutual funds, if any) and ETF has internal management fees and ongoing expenses that are deducted from the mutual fund's or ETF's assets, which has the effect of reducing the NAV of the mutual fund or ETF. The prospectus for each mutual fund and ETF will describe the internal fees and expenses. Please refer to Item 6 below for more information regarding the selection of mutual funds and ETFs for Advisory Solutions UMA Models.

Internal fees and expenses are in addition to the Advisory Solutions UMA Models Fee described above and vary depending on the particular mutual fund. You will not see a separate entry on your account statement showing this fee.

Certain mutual funds may also impose redemption fees if the mutual fund was held for only a short time (typically anywhere from 30 days to 12 months). The prospectus and statement of additional information ("SAI") will describe whether the fund company has a redemption charge and whether there are instances when the redemption fees will be waived.

Additional Fees

In addition to the Advisory Solutions UMA Models Fee described above, a client in Advisory Solutions UMA Models may incur other fees and expenses. The Advisory Solutions UMA Models Fee covers portfolio management and investment advice provided by Edward Jones. You may pay for other services, including but not limited to, fees to distribute an account pursuant to a transfer on death agreement, estate service fees, an account transfer fee and/or an account termination fee.

Also, the Advisory Solutions UMA Models Fee does not cover transfer taxes; electronic fund,

wire and other account transfer fees; fees and expenses incurred by mutual funds (including affiliated mutual funds) or ETFs purchased for any client account, including commissions and other transaction-related charges incurred by any such fund, even if Edward Jones or an affiliate thereof effects these transactions for the fund; mutual fund redemption fees and contingent deferred sales charges; and any other charges imposed by law or otherwise agreed to by Edward Jones and you with regard to your account.

Compensation

Your financial advisor receives a portion of the Program Fee. As a result, your financial advisor has a financial incentive not to negotiate the Program Fee. The portion of the Program Fee paid to your financial advisor is at the discretion of Edward Jones. The fee rate paid to your financial advisor will be the same regardless of the UMA Models you select. As a result, the financial advisor does not have a financial incentive to recommend one Model over another.

The amount of your financial advisor's compensation may be more or less than what he or she would receive if you participated in another advisory program or if you paid separately for investment advice, brokerage services, and administrative services. As a result, your financial advisor may have a financial incentive and potential conflict of interest to recommend Advisory Solutions UMA Models to you instead of other programs or services.

Item 5: Account Requirements and Types of Clients

Advisory Solutions UMA Models generally requires a minimum initial investment of \$500,000. For certain Research Models, the minimum initial investment is \$1,000,000. You can fund your Advisory Solutions UMA Models account with cash or securities. If you establish your Advisory Solutions UMA Models account

or later add to your account with securities that are not Program Investments, you authorize and direct Edward Jones to liquidate or redeem those securities as promptly as practicable without regard to tax consequences or redemption fees that may be assessed on the liquidation or redemption of those securities. Edward Jones will act in its capacity as a broker-dealer, not as a fiduciary or investment adviser, in connection with such transactions and will sell those securities at no commission. The proceeds will be invested in the Account Portfolio Objective you selected. We will not provide advice or guidance regarding the securities being sold to fund the Advisory Solutions UMA Models account. Trades that occur in a taxable account will result in a taxable event to you. Please consult with your tax professional.

Generally, Advisory Solutions UMA Models is available only to residents or entities of the United States and certain U.S. territories with the following types of accounts: individual; joint; trusts; charitable organizations; corporations and other business structures; traditional IRAs and Roth IRAs; and Benefit Plans (defined below).

Edward Jones can prohibit any person or entity from investing or remaining in Advisory Solutions UMA Models for any reason, including if we do not believe it is an appropriate investment strategy for that person or entity. As a general rule, you should not invest in Advisory Solutions UMA Models if you want to actively trade in mutual funds and/or ETFs or have a time horizon shorter than three years.

At present affiliated mutual funds are not currently available in Benefit Plan accounts. Benefit Plans include an owner-only 401(k) plan, a Savings Incentive Match Plan for Employees ("SIMPLE") IRA, a Simplified Employee Pension ("SEP") IRA, a traditional IRA linked to an Edward Jones SEP IRA, and other eligible plans.

If you transfer shares of mutual funds to open an Advisory Solutions UMA Models account and those shares are of current Program Investments but in a different share class from those held for Advisory Solutions UMA Models, you authorize and direct Edward Jones to convert some or all of those shares into a different share class in order to be held in your account. Although Edward Jones will try to make this a nontaxable event, it cannot guarantee that you will not owe taxes as a result of the conversion.

Mutual fund shares held in your Advisory Solutions UMA Models account(s) may accumulate and be used to satisfy a letter of intent ("LOI") associated with multiple Edward Jones brokerage accounts. However, if a brokerage account transferring into Advisory Solutions UMA Models is the only account where the LOI can be met, Edward Jones can terminate your LOI and sell a portion of your position to adjust the commission paid in your brokerage account, before the transfer of your assets into your Advisory Solutions UMA Models account(s). Assets in your Advisory Solutions UMA Models account(s) will not be used to pay any adjustment(s) that apply in the event you fail to satisfy the LOI.

You may add or withdraw funds from your account upon request. Additions and withdrawals from your account may result in Edward Jones selling or purchasing assets in your account in accordance with the Asset Allocation Category weighting target set for your Account Portfolio Objective and in a manner that attempts to minimize variations in the Asset Allocation Category weighting within your account.

Deposits, including interest and dividends, received into your account but not yet invested into Advisory Solutions UMA Models may earn interest that will be retained by Edward Jones. Edward Jones may also earn and retain interest on distributions requested from your account until the time the check is cashed or another payment method is completed. The average

overnight interest rate on these deposits may fluctuate daily and is tied to changes in widely referenced interbank lending rates, such as Fed Funds Effective Rate, Fed Funds Target Rate and London Interbank Offered Rates. Under these arrangements, banks may pay interest based on a spread to one of these rates or may pay a fixed interest rate.

Item 6: SMA Manager Selection and Evaluation

All Program Investments are selected by Edward Jones based on a process tailored to the type of investment (SMA Managers, affiliated mutual funds, unaffiliated mutual funds and ETFs). Only certain strategies offered by SMA Managers are available in Advisory Solutions UMA Models.

SMA Managers. SMA Managers selected for Advisory Solutions UMA Models undergo a due diligence process by Edward Jones, which determines whether each SMA Manager meets our objective and subjective criteria to be included as a Program Investment. Our evaluation criteria include, but are not limited to, the following:

- the amount of assets under management;
- an established history of investment performance;
- an assessment of the risk taken to achieve returns;
- an assessment of the organizational strength and stability; and
- an understanding and acceptance of the Edward Jones investment philosophy and mission.

Before we include an SMA Manager or a strategy of the SMA Manager as a Program Investment in Advisory Solutions UMA Models, we review several aspects of their business. We study their investment philosophies, history and performance, and maintain up-to-date information on their investment performance results. Edward Jones tracks SMA Managers'

returns on a quarterly basis. Additionally, SMA Managers will provide us with information on their background, performance results and investment practices.

Edward Jones may remove an SMA Manager from Advisory Solutions UMA Models for any reason, including but not limited to the following reasons:

- key personnel changes at the SMA Manager;
- the SMA Manager deviates from its investment philosophy;
- legal or regulatory concerns with the SMA Manager;
- poor performance by an SMA Manager when compared to that of other SMA Managers during a market cycle; and
- the SMA Manager is no longer appropriate for your investment goals and objectives.

If Edward Jones removes an SMA Manager and you are invested in a Research Model, we will select an appropriate replacement SMA Manager without giving you any prior notice. If you are invested in a Custom Model, we will give you at least 30 days' notice, when possible, and will recommend a replacement SMA Manager. If you do not want to accept the replacement SMA Manager, you must notify Edward Jones within 30 days (or such shorter time as may be determined at the discretion of Edward Jones) of such notice; otherwise, we will select the replacement SMA Manager for your account.

Mutual Funds and ETFs. Edward Jones starts with the universe of applicable investments and uses numerous quantitative (investment history, past performance, portfolio analysis of the individual holdings in the mutual fund, etc.) and qualitative (investment strategy, process, personnel, etc.) factors in selecting and monitoring Program Investments. The selection and monitoring processes take into consideration a variety of factors, each of which may be given different weight in the decision-making process,

and generally no one factor determines the outcome of any selection.

The processes we use to select and monitor affiliated mutual funds are different from the processes we apply to unaffiliated mutual funds and other Program Investments.

The affiliated mutual funds were created specifically for Edward Jones Advisory Solutions. In selecting and monitoring sub-advisers for our affiliated mutual funds, the investment adviser, who is affiliated with Edward Jones, follows a process that is similar, but not identical, to the process that Edward Jones uses to evaluate unaffiliated mutual funds and other Program Investments. This process includes quantitative and qualitative analysis, including (but not limited to) an evaluation of the investment process, consistency, portfolio composition, strategies employed, risk management, team depth, quality and experience, operations and compliance of the sub-adviser. The evaluation process includes a review of literature and documents, a quantitative historical performance evaluation and discussions with members of the investment team and Edward Jones management. None of the sub-advisers are affiliated with Edward Jones.

Edward Jones continually reviews Program Investments (other than affiliated mutual funds) to ensure they remain suitable for the Program List. A Program Investment can be removed from the Program List for a variety of reasons, including, but not limited to, the following:

- a significant change to a fund's investment team;
- a major shift in the fund's investment process;
- a drift away from a fund's stated investment style;
- an alternate Program Investment that has been identified within the same Asset Allocation Category;

- a change in Edward Jones' guidance and/or outlook; and
- a decision by Edward Jones to reduce its ownership level of a fund.

Edward Jones-affiliated mutual funds generally will not be removed from the Program List. However, because they are multi-manager funds, the above events would likely cause the affiliated investment adviser to select a replacement sub-adviser, subject to the terms and conditions of the prospectus. The affiliated investment adviser may also reallocate the fund's assets or change the weightings among the remaining sub-advisers at its discretion. The affiliated investment adviser and the affiliated mutual funds have received an exemptive order from the SEC that allows sub-advisers to be appointed without a vote of the shareholders of the affiliated mutual fund.

Unaffiliated mutual funds used in Advisory Solutions UMA Models can have different share classes. While each share class invests in the same pool of investments and has the same investment objective, each has different internal fees and expenses. Mutual funds often permit the conversion of shares from one class to another, subject to certain conditions as determined by the mutual fund. Edward Jones may convert your shares to another available share class when it believes the fee structure of the new class of shares will be more beneficial to you.

Edward Jones considers several factors when selecting a mutual fund share class for Advisory Solutions UMA Models, including, but not limited to, the eligibility criteria set by mutual fund companies and the overall cost structure of the share class. Clients should not assume they will be invested in the share class with the lowest expense ratio.

Edward Jones generally attempts to select institutional, advisory, and/or fee-based share classes for Advisory Solutions UMA Models, when available. Institutional, advisory, and/or fee-based shares generally do not impose a sales

charge or ongoing Rule 12b-1 fees and, as a result, are usually less expensive than Class A shares.

Other share classes, including Class A, may be utilized when no institutional, advisory or fee-based share classes are available. Class A shares are typically purchased in brokerage accounts and usually carry an up-front sales charge and ongoing Rule 12b-1 fees. If Class A shares are selected in Advisory Solutions UMA Models, the up-front sales charges are generally waived but the Class A shares are still charged the ongoing Rule 12b-1 fee. As described in Item 4 above, if we receive Rule 12b-1 fees for shares held in your account, we will credit the amount received to your account as a fee offset.

Please refer to the appropriate prospectus and the SAI for more information regarding the available share classes of mutual funds used in Advisory Solutions UMA Models. In its sole discretion, Edward Jones can change the share class of any Program Investment at any time without prior notice to you.

Update Pending Status. Edward Jones can also place a Program Investment (other than an affiliated mutual fund) on “Update Pending” status. Update Pending is an interim status indicating there is some type of important news or issue involving the Program Investment. Once the significance of the news or issue is assessed, we will remove the Update Pending status and either: (1) keep the investment on the Program List, or (2) remove the investment from the Program List. You will not be notified that a Program Investment is in Update Pending status, and your account will continue to hold the Program Investment through the Update Pending period. This process will not apply to affiliated mutual funds.

Redemptions from Program Investments. Edward Jones clients collectively own a large percentage of certain mutual funds which are Program Investments. Due to the significant

ownership, there may be adverse consequences in the event that Edward Jones, as the investment adviser, removes a mutual fund from the Program List. If the volume or size of redemptions required to be effected as a result of the removal of a mutual fund from the Program List exceeds limits set forth in the mutual fund’s trading policies and procedures, the resulting delay in effecting redemptions may result in accounts experiencing increased risk of loss. A mutual fund company can also decide to redeem shares “in-kind” instead of cash. In that event, you may receive the actual underlying securities of the fund. Brokerage and other transaction costs will apply to the sale of the underlying securities. We will work with the mutual fund company to reduce the likelihood of an in-kind redemption and will take steps to minimize potential adverse consequences to you, but there is no assurance that you will be able to avoid the risk of loss and other adverse consequences. As always, clients should read the fund’s prospectus to understand the mutual fund’s investment objectives, strategies, principal risks, fees and expenses, and past performance when deciding whether to invest in a mutual fund. Further details about a fund can also be found in the fund’s SAI and shareholder reports.

Trade Allocation. From time to time, the volume and/or number of trades that have to be executed for Advisory Solutions UMA accounts may exceed Edward Jones’ operational and technological capacities if these trades are made on a single day. This may occur if Edward Jones is removing a Program Investment from the Program List, if a large number of accounts need to be rebalanced or by request of a Program Investment. In order to maintain the orderly processing of trades and to minimize the incidence of errors, Edward Jones may decide to allocate trades on a fair and equitable basis over time, typically through a random allocation process, over a period of more than one day. In certain circumstances this process may take several weeks. Although designed to be fair and equitable over time, this may result in clients

receiving different prices. In addition, if the volume or size of redemptions required to be effected as a result of the removal of a Program Investment from the Program List or the rebalancing of a larger number of accounts exceeds the limits set forth in the Program Investment's trading policies and procedures, the Program Investment may take up to seven days to process redemptions or may redeem positions in kind. In such circumstances, client assets may not be fully invested and may be subject to market risk between the redemption date and the reinvestment of the assets. Alternatively, Edward Jones may rely on the random allocation process described above to affect the redemptions over time in a manner consistent with the limits set forth in the Program Investment's trading policies and procedures.

Proxy Voting. In Advisory Solutions UMA Models, the Overlay Manager or Executing SMA Manager will vote any proxies received. The Overlay Manager will vote any proxies for the securities in your account in accordance with the recommendations of a third-party proxy voting service selected by the Overlay Manager. Edward Jones will not provide advice or take action with regard to any legal matter impacting the securities in your account. The Overlay Manager or Executing SMA Manager is also authorized to receive all proxy-related materials, annual and semi-annual reports, and other shareholder materials, including corporate actions, arising from any Program Investments or other securities in the account. You can receive a copy of these materials, the Overlay Manager's and/or Executing SMA Manager's proxy voting policy and procedures, voting guidelines and/or proxy voting record by submitting a written request to: Edward Jones, Attention: Investment Advisory, 12555 Manchester Road, St. Louis, MO 63131.

Item 7: Client Information Provided to Portfolio Managers (Overlay Manager and SMA Managers)

Edward Jones does not provide client information to SMA Managers who are not authorized to execute transactions for the account. We will provide client information to the Overlay Manager and to Executing SMA Managers who are authorized to execute transactions to the extent necessary for the Overlay Manager or Executing SMA Manager to manage the account (or any portion thereof).

Over time, your financial goals and objectives may change. Consequently, it is your responsibility to inform Edward Jones of any changes to your investment objectives, financial circumstances or investment restrictions. We will provide updated investment objective information to the Overlay Manager and/or applicable Executing SMA Manager(s) as necessary to continue managing your account.

Item 8: Client Contact with Portfolio Managers (Overlay Manager and SMA Managers)

You may contact your Edward Jones financial advisor during normal business hours with questions regarding your account, including questions regarding an SMA. You cannot directly contact the Overlay Manager or SMA Managers or the sub-advisers of the affiliated mutual funds. If you have a complex or non-routine question, Edward Jones will communicate with the Overlay Manager or SMA Manager on your behalf. At least annually, you should discuss with your financial advisor the management of your account, your financial situation and your investment objectives.

Item 9: Additional Information

A. Disciplinary Information and Other Financial Industry Activities and Affiliations

Disciplinary Information

Edward Jones is a registered broker-dealer and investment adviser. This section contains information about certain legal and regulatory matters that Edward Jones believes are material to a client's evaluation of its advisory business or the integrity of its management. Edward Jones has also been subject to various legal and regulatory proceedings relating to its brokerage business that are disclosed in Part 1 of its Form ADV.

State of California – Revenue Sharing. In the early 1990s, Edward Jones negotiated revenue sharing plans with seven fund families, which had been designated as “preferred funds.” On December 20, 2004, the State of California alleged that Edward Jones violated Corporations Code Section 25401 by failing to adequately disclose its revenue sharing arrangements with these certain designated preferred funds; and Section 25216(a) by omitting to disclose a material fact or facts with respect to its revenue sharing arrangements with these certain designated preferred funds, which may have been misleading. On September 2, 2008, Edward Jones reached an agreement with the California Attorney General in which the case was dismissed with prejudice. Without admitting or denying the allegations, Edward Jones agreed to pay \$2.7 million to the Attorney General as fees and costs and \$4.8 million to the State of California as civil penalties.

Financial Industry Regulatory Authority (“FINRA”) – Official Statements Delivery. On November 2, 2006, FINRA alleged Edward Jones violated MSRB Rule G-32 by failing to timely deliver official statements to certain clients in various transactions when Edward Jones was not

an underwriter or member of the syndicate and violated MSRB Rules G-8, G-27 and G-17 regarding certain record-keeping requirements. Without admitting or denying the findings, on April 9, 2009, Edward Jones consented to the described sanctions and entry of findings, and was censured and fined \$900,000. Edward Jones adopted and implemented systems and procedures reasonably designed to ensure compliance with MSRB Rules G-32 and G-8.

FINRA – Exchange-Traded Funds (“ETFs”). In violation of FINRA Rule 2010 and National Association of Securities Dealers (“NASD”) Rules 2110, 2310 and 3010, FINRA alleged that Edward Jones (1) failed to establish and maintain a supervisory system, including written supervisory procedures, reasonably designed to achieve compliance with applicable NASD or FINRA rules in connection with the sale of non-traditional ETFs; (2) failed to establish and maintain an adequate supervisory system to monitor transactions in non-traditional ETFs involving retail clients; (3) did not exercise due diligence in investigating non-traditional ETFs; (4) did not ensure that its registered representatives obtained adequate information and instruction regarding traditional ETFs before recommending those products to clients; and (5) did not provide such information directly to registered representatives or require that they obtain it from other sources. FINRA also alleged that Edward Jones’ supervisory system was inadequate with respect to its oversight of non-traditional ETF transactions and until the time when FINRA issued Regulatory Notice 09-31, relied on its general supervisory procedures to oversee transactions in non-traditional ETFs. FINRA alleged that those procedures did not address the products’ unique features and risks, e.g., Edward Jones’ sales exception reports and other supervisory tools did not differentiate between exchange-traded equity securities, traditional ETFs and non-traditional ETFs. FINRA alleged that Edward Jones’ general supervisory procedures did not require it to monitor either the length of time clients held

open positions in non-traditional ETFs or the effect of long holding periods on those positions. On January 9, 2014, without admitting or denying the findings, Edward Jones entered into a letter of acceptance, waiver and consent in which Edward Jones was censured, fined \$200,000, and ordered to pay \$51,581.25 in restitution to clients.

State of New Hampshire – Solicitation Calls. In April 2013, the State of New Hampshire brought an action against Edward Jones, in which the allegations included solicitations calls being made in violation of applicable telephone solicitation rules, failure to properly train and supervise registered representatives in the area of telephone solicitation, and failure to establish a system and procedures reasonably designed to ensure compliance with applicable telephone solicitation rules. On February 25, 2014, Edward Jones and the State of New Hampshire entered into a Consent Agreement in which Edward Jones agreed to pay the State \$175,000 in costs, \$175,000 in contribution to New Hampshire investor education, and \$400,000 in an administrative fine, without any admission of fault or wrongdoing.

SEC – Municipal Bond Pricing. On August 13, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement in public administrative and cease-and-desist proceedings with the SEC regarding certain of the firm’s municipal securities activities. Pursuant to the settlement, the SEC alleged that Edward Jones violated Sections 17(a)(2) and (3) of the Securities Act of 1933 (“Securities Act”), Sections 15B(c)(1) and 15(b)(4)(E) of the Securities Exchange Act of 1934 (“Exchange Act”), and Municipal Securities Rulemaking Board (“MSRB”) Rules G-17, G-11(b) and (d), G-27 and G-30(a), was censured and was ordered to cease and desist from violating or causing any current and future violations of Sections 17(a)(2) and (3) of the Securities Act, Section 15B(c)(1) of the Exchange Act and MSRB Rules G-17, G-11, G-30 and G-27. The settlement requires

Edward Jones to pay \$5,194,401.37 to current and former customers of Edward Jones and to pay a civil money penalty in the amount of \$15,000,000. In entering into the settlement, the SEC considered remedial acts undertaken by Edward Jones related to this matter.

FINRA – Mutual Fund Sales Charge Waivers. On May 5, 2015, FINRA’s Enforcement Division advised Edward Jones that it was investigating whether any violations of the federal securities laws or rules had occurred with respect to mutual fund purchases and sales charge waivers for certain retirement plan and charitable organization accounts. Prior to being advised of the investigation, Edward Jones had commenced a review of this issue and self-reported to FINRA. On October 26, 2015, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA to resolve this matter. Pursuant to the settlement, Edward Jones agreed to provide remediation to certain customers, estimated at the time of the settlement agreement to be approximately \$13.5 million. A monetary penalty was not imposed by FINRA. In reaching the settlement, FINRA recognized the extraordinary cooperation of Edward Jones, including its self-reporting of the issue to FINRA.

FINRA – Municipal Securities Transactions Below Minimum Denominations. On June 2, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA’s Department of Market Regulation in connection with its investigation of possible violations of Municipal Securities Rulemaking Board rules regarding transactions in certain municipal securities in amounts lower than the applicable minimum denominations. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$210,000.

FINRA – Supervision of Tools-Generated Reports. On July 13, 2017, Edward Jones, without admitting or denying the findings, entered into a settlement agreement with FINRA

in connection with its investigation of the supervision of the use and dissemination of reports generated through Edward Jones' systems by financial advisors. FINRA expressly stated that its review of 65,000 reports did not reveal any instances of reports that were misleading. FINRA also stated that Edward Jones has made changes to enhance its supervisory processes. As part of the settlement, Edward Jones agreed to pay a monetary fine of \$725,000.

Other Financial Industry Activities and Affiliations

You should be aware that Edward Jones, its affiliates and its financial advisors perform services for you and other clients outside Advisory Solutions UMA Models, including execution of brokerage transactions (e.g., the purchase or sale of securities or insurance products), research, the retail distribution of securities (e.g., mutual funds), the participation in principal transactions and certain underwritings and other investment advisory services. Edward Jones and its affiliates may receive compensation, including fees and commissions, associated with these services. We have a financial interest in our clients' transactions and the recommendations we make to clients to buy or sell securities or investment products.

A potential conflict of interest exists where Edward Jones has an existing business relationship with the mutual fund families or sub-advisers that are available through Advisory Solutions. Edward Jones receives revenue sharing from certain unaffiliated mutual fund families outside of advisory programs. Edward Jones' receipt of revenue sharing creates a potential conflict of interest in the form of additional financial incentives. We believe that this potential conflict of interest is addressed through a policy under which Edward Jones does not consider such business relationships in selecting the mutual funds that are designated as Program Investments. Similarly, the affiliated investment adviser does not consider such

business relationships in recommending to the board of trustees of an affiliated mutual fund that a sub-adviser be selected to manage the affiliated mutual funds.

Edward Jones has additional policies and procedures, including client disclosures, to address this conflict. For more information regarding revenue sharing, please visit www.edwardjones.com/disclosures or request a revenue sharing disclosure document from your Edward Jones financial advisor. Edward Jones does not receive revenue sharing on assets held in Advisory Solutions UMA Models accounts. Edward Jones and its financial advisors may also receive compensation for services and recommendations that may differ from advice given to you while participating in Advisory Solutions.

In its capacity as a broker-dealer, Edward Jones performs research and distributes recommendations to buy, sell or hold the equity securities of asset management companies or financial institutions with asset management affiliates that participate in Advisory Solutions UMA Models. In order to preserve the independence of this process and to address any conflicts of interest, we have adopted a policy under which we do not consider our opinion on equity securities of asset management companies or financial institutions in selecting the SMAs or mutual funds that are designated as Program Investments. Similarly, the affiliated investment adviser does not consider Edward Jones' opinion on equity securities of asset management companies or financial institutions when recommending sub-advisers to the board of trustees of an affiliated mutual fund.

The following summarizes Edward Jones' material relationships or arrangements with other entities that participate in the financial industry.

Edward Jones is the primary operating subsidiary of The Jones Financial Companies, L.L.L.P. ("JFC"), and is dually registered as an investment

adviser and broker-dealer with the SEC and a member of FINRA.

Olive Street Investment Advisers, LLC, a subsidiary of JFC, is registered as an investment adviser with the SEC and serves as the investment adviser of the affiliated mutual funds that are Program Investments. Certain current or former associates of Edward Jones may serve as officers or directors/trustees of the affiliated investment adviser and/or the affiliated mutual funds.

Edward Jones' Canadian operating subsidiary, an Ontario, Canada, limited partnership (Edward Jones in Canada), is a broker-dealer registered with the Investment Industry Regulatory Organization of Canada.

EJTC, a wholly owned subsidiary of JFC, is a federally chartered savings and loan association that offers personal trust and investment management services. EJTC also acts as custodian for certain traditional IRAs and Roth IRAs that are participating, or have participated, in Advisory Solutions UMA Models and other Edward Jones programs. For additional information about this arrangement, please see Item 4.

Edward Jones owns directly or indirectly 100% of three insurance agencies that perform insurance-related activities in the U.S.: Edward Jones Insurance Agency of New Mexico, L.L.C., a New Mexico limited liability company; Edward Jones Insurance Agency of Massachusetts, L.L.C., a Massachusetts limited liability company, and Edward Jones Insurance Agency of California, L.L.C., a California limited liability company.

Edward Jones indirectly owns 100% of two insurance agencies that conduct general insurance-producing activities in Canada: Edward Jones Insurance Agency (Quebec) Inc., a Canadian corporation, and Edward Jones

Insurance Agency, an Ontario Canada limited partnership.

Edward Jones owns 7% of Customer Account Protection Company Holdings, Inc. (CAPCO), a captive insurance group.

Edward Jones is the direct or indirect owner of 100% of Passport Research, Ltd. ("Passport Research"), a Pennsylvania limited partnership that acts as the investment adviser to the Edward Jones Money Market Fund. Appendix A contains a detailed discussion of our affiliation with the Edward Jones Money Market Fund.

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading; Review of Accounts; Client Referrals and Other Compensation; and Financial Information

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Edward Jones has established a Code of Ethics to ensure that our associates:

- (1) act with integrity and in an ethical manner with you and all of our clients;
- (2) place your and all of our clients' interests first;
- (3) conduct personal trading in compliance with our Code of Ethics, avoid potential conflicts of interest and make sure they do not abuse the faith and trust you have placed in them;
- (4) comply with all applicable rules, regulations and laws; and
- (5) do not use any material nonpublic information they may receive as a result of their employment with Edward Jones.

Some Edward Jones associates are deemed "access persons" under our Code of Ethics because they may have access to nonpublic information regarding either the securities in a client's accounts or changes to the Program

Investments, including Asset Allocation Category weightings. Under our Code of Ethics, access persons must receive prior approval before acquiring a beneficial ownership interest in any security in an initial public offering, limited offering, or hedge fund transaction. Additionally, access persons are required to submit to the chief compliance officer or his or her delegate a list of any securities they own and securities transactions they made for any account they control at Edward Jones or another financial institution. You may request a copy of the Edward Jones Code of Ethics from your financial advisor.

Edward Jones has internal supervisory reviews and procedures to review accounts held by our associates and certain family members and their personal trading practices. The reviews look for improper trading activities, including trading that may be in conflict with the best interests of a client. In addition to the Code of Ethics and the supervisory reviews, we prohibit financial advisors from placing trades for their personal accounts before trades for our clients in the same security. In the event a financial advisor's personal order fills at a better price than a client's order placed close in time, we will adjust the trade so the client receives the better price.

As a broker-dealer, there may be times when Edward Jones will buy, sell or recommend that our brokerage clients who are not participating in Advisory Solutions UMA Models buy securities that are also available in Advisory Solutions UMA Models. These brokerage activities are done in the regular course of our business as a broker-dealer and are separate from our investment advisory services. There are times when we act as principal, which means that we participate in client transactions by buying securities for our own inventory and selling those securities to our clients.

You should know that financial advisors, Edward Jones associates (including those directly involved with Advisory Solutions UMA Models)

and/or their family members are permitted to and do invest in the Program. This practice could create a conflict of interest if associates placing trades for their own accounts were to place a trade before our clients and receive a better price on a security. To address this potential conflict, trades for financial advisors, Edward Jones associates (including those directly involved with Advisory Solutions UMA Models) and/or their family members are aggregated along with other trades, which may include trades for your account.

Review of Accounts

At the time your Advisory Solutions UMA Models account is opened, Edward Jones supervisory associates will review the selected Account Portfolio Objective to confirm it is appropriate for your net worth, risk tolerance, and time horizon. The funding of your Advisory Solutions UMA Models account will also be reviewed. If you have sold investments purchased at Edward Jones in order to fund the account, the holding period of those investments will be reviewed for appropriateness. Supervisory personnel may also call you directly to discuss your understanding of Advisory Solutions UMA Models, including the fees and expenses you are or will be paying.

While you are invested in Advisory Solutions UMA Models, the Asset Allocation Category weightings established for your Account Portfolio Objective are regularly monitored and rebalanced according to Edward Jones' guidelines. (For more information, please refer to the previous applicable sections.)

Our supervision and monitoring does not substitute for your own continued review and monitoring of your account(s) and performance of your investments. You should review performance reports, trade confirmations (as applicable), account statements and other information we send to you. Current and timely information about your account will be available

in Edward Jones' online client access system. If you have any questions, please discuss them with your financial advisor.

At least annually, you and your financial advisor should discuss any changes to your financial situation, investment objectives and/or risk tolerance, and whether you would like to impose any reasonable investment restrictions on your account. The review will help determine if your Asset Allocation Category weightings and/or SMA Manager selections need to be modified. If you decide to pursue a different Account Portfolio Objective or engage a different SMA Manager, you will need to complete a new questionnaire and sign a new client agreement.

Client Referrals and Other Compensation

Edward Jones does not enter into arrangements with unaffiliated third parties to refer or solicit clients to any advisory program offered by Edward Jones.

Edward Jones has contracted with Broadridge Investor Communications Solutions, Inc. ("Broadridge"), an unaffiliated third-party vendor, to distribute proxies, periodic reports and voting instruction information to our clients. Pursuant to the agreement between Edward Jones and Broadridge and in accordance with regulations, Broadridge charges the issuing company on behalf of Edward Jones for these services. Edward Jones may receive from Broadridge a portion of the fees paid by the issuing company.

Certain unaffiliated mutual fund companies, ETF sponsors and/or SMA Managers on the Program List (or their investment advisers) may pay certain expenses on behalf of financial advisors,

including training and educational expenses, and in some instances may make payments directly to Edward Jones to subsidize training and educational costs for financial advisors. They may also participate in conferences or other marketing activities with Edward Jones and may be asked to share in the cost of those activities. Edward Jones has not entered into any agreement with any SMA Manager, ETF, mutual fund, or its investment adviser or its distributors or affiliates providing for payment of such expenses as a condition of inclusion on the Program List or the selection of a sub-adviser for affiliated mutual funds. Our financial advisors are not allowed to consider an advisory product partner's sponsorship of a marketing activity when choosing which Program Investment to suggest to you.

The Program Fee, as well as assets under care, will impact your financial advisor's eligibility for a bonus and bonus amount.

Financial advisors are eligible to participate in the Edward Jones Travel Award Program ("Travel Award Program"), which includes domestic and international travel, or a cash award in lieu of a trip. Eligibility for a Travel Award Program is based upon the amount of new and existing assets under care for a financial advisor.

Financial Information

This section does not apply to Edward Jones.

Item 10: Requirements for State-Registered Advisers

This section does not apply to Edward Jones.

Appendix A

Disclosures Regarding Proprietary/Affiliated Money Market Fund and Mutual Funds

Your Advisory Solutions UMA Models account may from time to time be invested in shares of the Fund, which is advised by Passport Research (the “Adviser”). Edward Jones is the direct or indirect owner of 100% of the Adviser. As such, the Fund is advised by an affiliate of Edward Jones. The Adviser receives a management fee of 0.20% of average net assets of the Fund, less any fees paid to its sub-adviser(s).

The Fund pays a Rule 12b-1 fee of 0.25% of average net assets to Edward Jones for the sale, distribution, administration and customer servicing of the Fund’s Investment Shares and Retirement Shares, and a Service Fee up to 0.15% of average net assets to Edward Jones for providing services to shareholders and maintaining shareholder accounts. Edward Jones provides shareholder services, transfer agent services and marketing services to the Fund and the accounts that its clients maintain in the Fund. For any Advisory Solutions UMA Models account investing in the Fund, Edward Jones will apply a fee offset equal to the amount of the Money Market Revenue received by Edward Jones with respect to such account.

Edward Jones has provided you with the current summary prospectus for the Fund. The summary prospectus describes the investment characteristics of the Fund and the fees paid to the Adviser or its affiliates by the Fund. The prospectus also describes certain revenue received by Edward Jones in connection with the Fund.

Your Advisory Solutions UMA Models account may from time to time be invested in shares of the Bridge Builder mutual funds (“Bridge Builder Funds”), which are only available through Edward Jones Advisory Solutions. If your account invests in Bridge Builder Funds, the investment adviser to the mutual funds will be an affiliate of Edward Jones, Olive Street Investment Advisers, LLC. Bridge Builder Funds will be sub-advised by multiple sub-advisers who are unaffiliated with us. If your account invests in a Bridge Builder Fund and the fund pays Edward Jones or its affiliate a management or other fee with respect to the investment, the amounts received by Edward Jones and its affiliates will first be used to compensate the fund’s sub-advisers and certain other service providers. Remaining amounts, if any, that are not otherwise waived by Edward Jones or its affiliate will be credited back to your account. Please note that Edward Jones or its affiliate has entered or intends to enter into an agreement with each Bridge Builder Fund, which can be terminated at any time, to waive any such remaining amounts in order to avoid the need to credit or offset fees.

Edward Jones has provided you with the current summary prospectus for the Bridge Builder Funds. The summary prospectus describes the investment characteristics of the funds and the fees paid to the adviser or its affiliates by the funds.

ANNUAL SUMMARY OF MATERIAL BROCHURE CHANGES

ADVISORY SOLUTIONS UNIFIED MANAGED ACCOUNT (UMA) MODELS

Below is a summary of material changes made to this brochure after the 2017 annual brochure update filed on March 10, 2017 and prior to the 2018 annual brochure update filed on March 29, 2018.

June 9, 2017

- Item 4: Services, Fees and Compensation. We updated language regarding how an Advisory Solutions UMA Models account may be terminated.

July 1, 2017

- Item 9A: Disciplinary Information and Other Financial Industry Activities and Affiliations. We provided information regarding a recent settlement agreement with FINRA.

August 4, 2017

- Item 4: Services, Fees and Compensation. We included target ranges for our Asset Allocation Categories within the Custom Models, which permits clients to select a target weighting within a designated range. We also reserved the right, in certain circumstances, to deviate from the weighting ranges within a particular Portfolio Objective and create a Custom Model with different weighting ranges.

August 11, 2017

- Item 9A: Disciplinary Information and Other Financial Industry Activities and Affiliations. We provided information regarding a recent settlement agreement with FINRA.
