4. ADVISORY BUSINESS

A. Our Company & Principals

Allen & Company of Florida, Inc. (Allen & Company or ALCO) is a federally registered investment adviser (IARD #25) and has been as a broker/dealer offering investment advice registered with the Securities and Exchange Commission since 1932. The regulatory reforms in the 1990's began to make a distinction between broker/dealers that offered investment advice, and Investment Advisers, whose primary business was that of giving investment advice for a fee. Allen & Company submitted and became separately registered under the Investment Advisers Act of 1940 in 2000. In all, Allen & Company has been providing its clients with investment advice since 1932.

Allen & Company of Florida, Inc. is wholly owned by Allen & Company Financial Corporation, Mr. Ralph Carter Allen is currently the majority owner and Chairman.

B. Type of Services we offer.

At Allen & Company of Florida, Inc we offer investment supervisory services primarily on a non-discretionary basis, although a Portfolio Investment Management (PIM) account can be established for you if you desire or need discretionary management. Through our Financial Planning services we will help you develop a plan to obtain your financial goals; you may then implement that plan with the assistance of the advisory programs we offer (see 5A below.)

C. Customization of Accounts & Restrictions on Investments

Our services are offered on a customized based and tailored to each client(s) stated investment objectives and needs. After a personal evaluation of your financial situation and objectives, we will work with you to identify your risk tolerance and present the various investment products that will help you obtain your investment goal(s). If needed, and as mutually agreed to by us, you may restrict certain type of investments in your account.

D. Wrap Fee Programs

We offer asset management through several wrap fee programs sponsored by Wells Fargo Advisors a division of Wells Fargo Bank. After your Financial adviser works with you to evaluate your personal financial situation, he or she will help you select the program that will meet your individual investment objectives. The assets in your wrap program account may be exclusively invested in Mutual Funds, equities, ETF's (Exchange-traded funds) or any

combination of those, or other investments that are allowed in the wrap program, which will depend upon the program selected by you. You will receive a detailed brochure from the Sponsor outlining additional specifics of your chosen program.

Note that the universe of allowable investments in each wrap program is limited by the plan's sponsor; in accordance with the parameters and objectives of the particular program portfolio selected. We offer the Private Investment Program and Networks Programs (also wrap programs) for those clients that wish to be able to select from a wider range of products.

When you participate in a wrap program, your net fees generally include management fees, performance reporting, and transaction fees and may also include custody fees. Non-wrap programs charge these fees separately, and the net cost of a non-wrap program could be higher or lower than the cost of the combined services you receive under a wrap program. Additionally, Allen & Company and your financial adviser will share in a portion of the management fees that are charged to you.

E. Client Assets Managed by Us.

As of February 25, 2011 our non-discretionary assets under management totaled \$1,647,004,560.00

5. FEES AND COMPENSATION

A. Compensation

Our fees are calculated based upon your assets (i.e. the total value of securities, money market funds and cash) under management. The following are programs we offer, and fees you will pay. One program (The Network Portfolio) has an option to separate execution costs (i.e. commissions/ mark-downs and mark-ups) from investment advisory fees.

With the exception of the alternatives offered by the Network Portfolio, your fees will include investment management, which includes portfolio monitoring and reporting, clearance, and purchase and sales transaction costs. Fees will not include things such as transaction fees (e.g. wires and transfers) other charges (e.g. FedEx.) Commissions and other fees will be charged on assets held outside of your wrap account (see "C" below.) Fees for accounts may be adjusted for multiple accounts. You should refer to the fee schedule noted in your contract to confirm the schedule applicable to your account.

B. Deduction of our fees.

You will pay fees for your account on a quarterly basis, unless we agree otherwise. The fees are calculated and billed based upon the date the account agreement is accepted, based upon the initial value of the account, and covers the remainder of the calendar quarter. Client agreements allow the Clearing Agent to deduct fees on

a quarterly basis, in advance, according to the fee schedule in your contract, unless you have made other arrangements.

C. Other Fees and Expenses

In addition to the management fees described above in “A”, your account may incur the following charges: Custody, transfer fees, wire fees, priority mail or postage, mutual fund fees (management & administrative), brokerage fees and commissions, mark-ups/down (if not in a wrap program) and margin interest (if margin account.)

See Item 12 for additional information about these fees.

D. Payment of Fees In advance.

Fees are charged in advance. If for any reason you decide to terminate your account, we require a written five (5) day advance notice to terminate your account. Upon receipt of your written termination notice we will pro-rate the fees charged in your account for the actual days managed and refund any unearned fees to you. Some accounts may also be charged a small start up fee.

E. Other compensation we may receive

In addition to our receipt of advisory fees, we also receive additional compensation from the activity in your account in the form of marketing service fees for mutual funds (i.e. 12b-1 fees) purchased in your account. In the event your account is a qualified ERISA account, those fees will be credited to the Plan. Our advisors may also receive compensation for transactions (brokerage fees/commissions) executed in your account IF those assets are held outside of one of the wrap accounts described above.

If we are managing a Network account on your behalf we may recommend both load and no-load mutual funds. In the event these funds are recommended, we may receive sales compensation via their execution through our affiliated broker dealer. Receipt of these forms of additional compensation may be a conflict of interest in that it could be an incentive for your portfolio manager to recommend products for your account based upon the amount of additional compensation they receive. We will supervise your account to assure that any recommendations made are in accordance with your investment objectives and goals. On occasion you may receive communications from us to confirm that the activity in your account is in accordance with your instructions and that you are aware of the additional compensation being paid. We do not reduce our advisory fees in ratio to our other compensation received from commissions and/or markups or markdowns. You are not required to direct the transactions in your account to our affiliate; you may direct the transactions in your account through a broker/dealer of your choice.”

For additional information please see Item 14, "Client Referrals and Other Compensation."

6. PERFORMANCE BASED FEES and SIDE-BY-SIDE MANAGEMENT

Allen & Company does not manage accounts for a performance based fee, or share of capital gains.

7. TYPES OF CLIENTS

We manage assets for the following types of clients; individuals, banks, pension and profit sharing plans, trusts and estates, charitable organizations, and corporations. We do not have any special fees or requirements for our accounts in addition to the fee schedule or minimum account size noted in item 5, above.

8. METHODS OF ANALYSIS, INVESTMENT STRATEGIES and RISK OF LOSS

We may use various methods to assist us in managing your account, including long and short term trading, the use of margin and options.

We use several methods of analysis to help us manage your account. Charting will help us evaluate the movement (i.e. trend lines) of your positions in bull (up) and bear (down) markets, along with support levels and sector analysis, which are a part of the technical analysis of a particular stock. Although this assists us with evaluating market risk and profitability it is not a definitive predictor of a stocks value.

We may also use fundamental analysis, which is when we are looking at the financial and product strength of a company and considering its competitors. We may also include as part of this analysis the position a particular company has on a global economic scale. Both fundamental and technical analysis often includes these fundamental factors. Fundamental will focus on the long(er) term behavior of stocks, while technical will try to forecast shorter (less than 6 month) market trends.

Another method we use is cyclical analysis, which looks at the growth of a stock, versus various events that might affect the price of stock at a given point in time. This evaluates the growth cycle (i.e. life cycle of a product or company) on a long, intermediate and short term.

If your objectives include frequent or short term trading strategies it can affect your investment results, have tax consequences and add to your overall cost of managing your portfolio.

There is no one method or combination of methods of evaluating a stock that is fool proof. In spite of the best analysis and strategies, a stock can move in the wrong direction, resulting in a loss of your investment.

9. DISCIPLINARY INFORMATION

We are required to disclose any legal or disciplinary events that might be material to your evaluation of us, our integrity or that you might find important in your evaluation of us. Neither Allen and Company nor any of its managing principals have any events or disclosure to make.

10. OTHER FINANCIAL INDUSTRY ACTIVITIES and AFFILIATIONS

A. Pending and Current Registrations with broker/dealers.

The majority of our employees and all of our management personnel are dually registered with our both our investment adviser and our broker dealer. We do not allow our employees to register with an outside firm.

B. Registrations or applications of our Firm or associated person(s) with futures commission, or commodity pool operators.

We are not registered with the Commodities and Futures Trading Commission, nor do we advise clients on commodities markets.

C. Material Relationships and Conflicts of Interest

From time-to-time we may accept investment advisory clients as referrals from other registered investment advisers. Fees may be split between us and the other registered investment adviser. We do not pay a referral fee or share investment adviser fees with anyone who is not registered as an investment adviser. At the present time we have no current arrangements in effect

D. Recommendation and selection of other investment advisers for your account(s.)

We do not recommend other investment advisers, outside of the advisers that we work with in the wrap programs sponsored by Wachovia.

11. OUR CODE OF ETHICS

Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Our Code of Ethics covers our Firm's policies with regard to the conduct of the employees of our Firm. It requires their compliance with regulations, fiduciary duties and standards of conduct. It addresses areas such as their obligations to you, our client(s), personal securities transactions, trading and holdings, our review of the activity of access persons, and privacy and non-public information. If you would like a copy of this document please request it from the contact person shown on the top of this brochure.

B. Participation or Interest In Client Transactions

Our related broker/dealer may buy, as principal, securities from your account; they in turn may sell those securities to their brokerage clients. We will only do so with your written acknowledgement, and at the prevailing market price. Our preference is to conduct trades on a non-principal basis.

C. Personal Trading

Although our Firm allows employees to trade in the same securities as for your account, at no time may they receive a better price than you receive for your account, nor may they trade for their own accounts in amounts that could affect the price of a security. Their personal trading is closely monitored to assure that they are placing your interest ahead of their own.

12. BROKERAGE PRACTICES

A. Factors in recommending or selecting brokers to execute trades

1. Research or Soft Dollar Benefits

We do not receive research or soft dollar benefits for the execution of trades in your accounts.

2. Brokerage for Client Referrals.

In our selection or recommendation of broker/dealers for your account we do not consider any referrals from any broker/dealer or third parties.

3. Directed Brokerage.

Not all advisers require clients to direct brokerage. With your permission we only direct your business to our affiliate, based upon best execution. When our affiliate cannot provide best execution we will direct your trade elsewhere for execution services. Occasionally, a client will direct us to a certain broker dealer as they have a situation where they receive rebates from that broker dealer, in that event we do not monitor those execution costs unless directed to by the client.

B. Aggregation of Trades

We aggregate trades whenever possible, as aggregated trades normally result in the best execution.

13. REVIEW OF ACCOUNTS

On a quarterly basis you will receive a written report that will show your investments, your rate of return and profits/losses on your position. This will be compared to the indices that best represent your stated investment objective. Your financial adviser will review this material and be available to discuss it with you if you have any questions.

Additionally, accounts are selected on a random basis and receive a review from your financial advisers supervisor at least once a year. We also have personnel from our supervisory staff randomly select accounts and review accounts based upon exception reports (factors which note activity or performance that was unexpected.) This is done on a routine basis.

14. CLIENT REFERRALS and OTHER COMPENSATION

Neither our Firm nor Financial Advisers receive any items of value, in the form of prizes, awards or items of economic benefit from non-clients.

15. CUSTODY

The qualified custodian for your account is First Clearing Corporation. They will be sending you quarterly account statements, unless you have monthly purchases, sales, deposits, withdrawals, or other activity that will generate a monthly statement. Our Firm will send you quarterly statements of your activities, and your performance; you should compare our statements to the custodians' statements and report any error immediately, preferably in writing to us, as well as the custodian.

16. INVESTMENT DISCRETION

The majority of our accounts are supervisory, although we have accounts that we may manage on a discretionary basis as requested. Our discretion must be granted to us by you in writing and is limited to the purchase or sale of securities, we do not have the authority to make withdrawals or deposits to your account. If you have limitations on the type of investments we have discretion for, you must provide us those instructions in writing. If you would like us to make periodic withdrawals or payments from your account, that must also be done in writing.

17. VOTING CLIENT SECURITIES

We do not vote proxies on behalf of our clients. You will receive all proxies from your custodian, directly from the company, or the transfer agent. You may receive these electronically as well. If you wish to discuss the matters contained in the proxy please call your financial adviser.

18. FINANCIAL INFORMATION

A. Custody

We do not have custody of your assets or cash. We do however collect management fees in advance and deduct them from your account with your written permission. (See item 5D, above.)

B. Our Financial Condition

We do not have any financial condition that could reasonably be expected to impair our financial commitment to our clients.
