

One Charles Private Wealth, LLC

SEC File Number: 801 – 106681

Brochure
Dated: April 2016

99 Derby Street
Hingham, Massachusetts 02043

This brochure provides information about the qualifications and business practices of One Charles Private Wealth, LLC (“One Charles”). If you have any questions about the contents of this brochure, please contact us at (617) 337-4206. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about One Charles also is available on the SEC’s website at www.adviserinfo.sec.gov.

References herein to One Charles as a “registered investment adviser” or any reference to being “registered” does not imply a certain level of skill or training.

Item 2 Material Changes

There have been no material changes made to One Charles' Brochure since its initial filing in September 2015.

ANY QUESTIONS: Independence Wealth's Chief Compliance Officer remains available to address any questions that an existing or prospective client may have regarding this Brochure.

Item 4 Advisory Business

- A. One Charles Private Wealth, LLC (“One Charles”) is a limited liability company formed on August 24, 2015 in the State of Delaware. One Charles became an SEC registered Investment Adviser Firm in September 2015.

B.

INVESTMENT ADVISORY SERVICES

One Charles provides discretionary and non-discretionary investment advisory services on a wrap fee basis. (See discussion below). If a client determines to engage One Charles on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody).

ONE CHARLES WRAP PROGRAM

One Charles may provide discretionary or non-discretionary investment management services on a wrap fee basis in accordance with One Charles’ investment management wrap fee program (the “Program”). The services offered under, and the corresponding terms and conditions pertaining to, the Program are discussed in the Wrap Fee Program Brochure, a copy of which is presented to all prospective Program participants. Under the Program, One Charles is able to offer participants discretionary or non-discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, account maintenance, investment management fees. However, clients may be responsible for, but not limited to, trustee fees, mutual fund expenses, ETF expenses, mark-ups, mark-downs, transfer taxes, fees charged by independent managers and/or separately managed accounts, odd lot differentials, exchange fees, interest charges, American Depository Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts (Such fees are in addition to any fees paid by the client to One Charles and are between the client and the account custodian). The current annual Program fee ranges from negotiable to 2.00%, depending upon the complexity of the account, the amount of the client assets in the Program. In limited circumstances, One Charles may choose to offer its investment management services on an annual flat fee basis.

The terms and conditions for client participation in the Program are set forth in detail in the Wrap Fee Program Brochure, which is presented to all prospective Program participants in accordance with disclosure requirements. All prospective Program participants should read both One Charles’ Brochure and the Wrap Fee Program Brochure, and ask any corresponding questions that they may have, prior to participation in the Program.

Please Note: As indicated in the Wrap Fee Program Brochure, participation in the Program may cost more or less than purchasing such services separately. When managing a client’s account on a wrap fee basis, One Charles shall receive as payment for its asset management services, the balance of the wrap fee after all other costs (including account

transaction fees) incorporated into the wrap fee have been deducted. As also indicated in the Wrap Fee Program Brochure, the Program fee charged by One Charles for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Conflict of Interest: Because Program transaction fees and/or commissions are being paid by One Charles to the account custodian/broker-dealer, One Charles could have an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client's account. One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the corresponding conflict of interest a wrap fee arrangement may create.

FINANCIAL PLANNING AND CONSULTING SERVICES

To the extent requested by a client, One Charles may be engaged to provide a client with a onetime financial plan without ongoing investment management services on a stand-alone separate fee basis. One Charles' planning and consulting fees are negotiable, but generally range from \$2,500 to \$25,000 on a fixed fee basis, and from \$500 to \$1,000 on an hourly basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Prior to engaging One Charles to provide planning or consulting services on a stand-alone basis, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with One Charles setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to One Charles commencing services.

If requested by the client, One Charles may recommend the services of other professionals for implementation purposes, including certain of One Charles' representatives in their individual capacities as registered representatives of a broker-dealer and/or their individual capacities as licensed insurance agents of an affiliated insurance agency. (See disclosure at Item 10.C). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from One Charles. Please Note: If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. Please Also Note: It remains the client's responsibility to promptly notify One Charles if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising One Charles' previous recommendations and/or services.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, One Charles may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. One Charles **does not** serve as an attorney or accountant, and no portion of its services should be construed as legal or accounting services. Accordingly, One Charles **does not** prepare estate planning documents or tax returns. To the extent requested by a client, One Charles may recommend the services of other professionals for certain non-investment implementation

purpose (i.e. attorneys, accountants, insurance agents, etc.), including representatives of One Charles in their separate individual capacities as representatives of Purshe Kaplan Sterling Investments, Inc. (“PKS”), a FINRA member broker-dealer, and/or as licensed insurance agents of an affiliated insurance agency. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from One Charles and/or its representatives. **Please Note:** If the client engages any recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note-Conflict of Interest:** The recommendation by One Charles’ representatives that a client purchase a securities or insurance commission product through One Charles’ representative in his/her separate and individual capacity as a registered representative of PKS and/or as an insurance agent, presents a **conflict of interest**, as the receipt of commissions may provide an incentive to recommend investment or insurance products based on commissions to be received, rather than on a particular client’s need. No client is under any obligation to purchase any securities or insurance commission products through such a representative. Clients are reminded that they may purchase securities and insurance products recommended by One Charles through other, non-affiliated registered representatives of a broker-dealer and/or insurance agencies.

Fee Differentials. As indicated below, One Charles shall price its services based upon various objective and subjective factors. As a result, One Charles’ clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, and the level and scope of the overall investment advisory and/or consulting services to be rendered. As a result of these factors, the services to be provided by One Charles to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly.

Private Investment Funds. One Charles may provide investment advice regarding unaffiliated private investment funds. One Charles’ role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a client determines to become a private fund investor, the amount of assets invested in the fund(s) shall be included as part of “assets under management” for purposes of One Charles calculating its investment advisory fee. **One Charles’ clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).**

Please Note: Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund’s offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may maintain, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Please Also Note: Valuation. In the event that One Charles references private investment funds owned by the client on any supplemental account reports prepared by One Charles, the value(s) for all such private investment funds shall reflect either the initial purchase

and/or the most recent valuation provided by the fund sponsor. If the valuation reflects the initial purchase price (and/or a value as of a previous date), the current value(s) (to the extent ascertainable) could be significantly more or less than the original purchase price.

Independent Managers/Separately Managed Accounts. One Charles generally recommends that clients authorize the active discretionary management of all or a portion of their assets by and/or among certain independent investment manager(s) and/or separately managed accounts (“Independent Manager(s)”). To the extent applicable, One Charles shall recommend Independent Managers consistent with the client’s investment objectives. Factors which One Charles shall consider in recommending Independent Managers include the client’s stated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

The specific terms and conditions under which the client engages an Independent Manager may be set forth in a separate contract between the client and the Independent Manager (i.e. Envestnet Asset Management). Also, when required, the client shall receive a copy of the Independent Manager’s disclosure Brochure. As noted above, the Independent Manager’s fee shall be separate from and in addition to fees charged by One Charles.

However, One Charles shall continue to render advisory services to the client relative to the ongoing monitoring and reviewing of account performance, for which One Charles shall receive an annual advisory fee which is based upon a percentage of the market value of the assets being managed by the designated Independent Manager.

Please Note: Non-Discretionary Service Limitations. Clients that determine to engage One Charles on a non-discretionary investment advisory basis must be willing to accept that One Charles cannot effect any account transactions without obtaining prior consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, One Charles will be unable to effect any account transactions (as it would for its discretionary clients) without first obtaining the client’s consent.

Use of Mutual Funds. Most mutual funds are available directly to the public. Thus, a client or prospective client can obtain many of the mutual funds that may be recommended and/or utilized by One Charles independent of engaging One Charles as an investment advisor. However, if a client or prospective client determines to do so, he/she/it will not receive the benefit of One Charles’ initial and ongoing investment advisory services.

eMoney Advisor Platform. One Charles may provide its clients with access to an online platform hosted by “eMoney Advisor” (“eMoney”). The eMoney platform allows a client to view his/her/its complete asset allocation, including those assets that One Charles does not manage (the “Excluded Assets”). One Charles does not provide investment management, monitoring, or implementation services for the Excluded Assets. Therefore, One Charles shall not be responsible for the investment performance of the Excluded Assets. Rather, the client and/or his/her/its advisor(s) that maintain management authority for the Excluded Assets, and not One Charles, shall be exclusively responsible for such investment performance. The client may choose to engage One Charles to manage some or all of the Excluded Assets pursuant to the terms and

conditions of an *Investment Advisory Agreement* between One Charles and the client. The eMoney platform also provides access to other types of information, including financial planning concepts, which should not, in any manner whatsoever, be construed as services, advice, or recommendations provided by One Charles. Finally, One Charles shall not be held responsible for any adverse results a client may experience if the client engages in financial planning or other functions available on the eMoney platform without One Charles' assistance or oversight.

Retirement Rollovers: A client leaving an employer typically has four options (and may engage in a combination of these options): i) leave the money in his former employer's plan, if permitted, ii) roll over the assets to his new employer's plan, if one is available and rollovers are permitted, iii) rollover to an IRA, or iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). One Charles may recommend an investor roll over plan assets to an Individual Retirement Account (IRA) managed by One Charles. As a result, One Charles and its representatives may earn an asset-based fee (*see Please Note* below). In contrast, a recommendation that a client or prospective client leave his or her plan assets with his or her old employer or roll the assets to a plan sponsored by a new employer will generally result in no compensation to One Charles (unless you engage One Charles to monitor and/or manage the account while maintained at your employer). One Charles has an economic incentive to encourage an investor to roll plan assets into an IRA that One Charles will manage or to engage One Charles to monitor and/or manage the account while maintained at your employer. There are various factors that One Charles may consider before recommending a rollover, including but not limited to: i) the investment options available in the plan versus the investment options available in an IRA, ii) fees and expenses in the plan versus the fees and expenses in an IRA, iii) the services and responsiveness of the plan's investment professionals versus One Charles', iv) protection of assets from creditors and legal judgments, v) required minimum distributions and age considerations, and vi) employer stock tax consequences, if any. No client is under any obligation to rollover plan assets to an IRA managed by One Charles or to engage One Charles to monitor and/or manage the account while maintained at your employer. **Please Note:** If One Charles' engagement will include the management of the client's retirement account per the same fee schedule set forth in Item 5 below, regardless of custodian or the client's decision to process a rollover, the above economic incentive to recommend a rollover is moot. One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above and the corresponding conflict of interest presented by such engagement.

Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), One Charles may maintain cash positions for defensive purposes. All cash positions (money markets, etc.) shall be included as part of assets under management for purposes of calculating One Charles' advisory fee.

Please Note: When the account is holding cash positions, those cash positions will be subject to the same fee schedule as set forth below in Item 5. One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above fee billing practice.

Client Obligations. In performing its services, One Charles shall not be required to verify any information received from the client or from the client's other professionals,

and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify One Charles if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising One Charles' previous recommendations and/or services.

Disclosure Statement. A copy of One Charles' written Brochure as set forth on Part 2 of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement* or *Financial Planning and Consulting Agreement*.

- C. One Charles shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, One Charles shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on One Charles' services.
- D. One Charles does not provide investment management services on a non-wrap fee basis. If a client determines to engage One Charles on a wrap fee basis the client will pay a single fee for bundled services (i.e. asset management, brokerage, custody) (See Item 4.B). The services included in a wrap fee agreement will depend upon each client's particular need.

Please Note: When managing a client's account on a wrap fee basis, One Charles shall receive as payment for its asset management services, the balance of the wrap fee after all other costs (including account transaction fees) incorporated into the wrap fee have been deducted.

Conflict of Interest: Because Program transaction fees and/or commissions are being paid by One Charles to the account custodian/broker-dealer, One Charles could have an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client's account. One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the corresponding conflict of interest a wrap fee arrangement may create.

- E. As of December 31, 2015, One Charles had \$98,700,000 in assets under management on a discretionary basis and \$3,500,000 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

A.

ONE CHARLES WRAP PROGRAM

One Charles provides investment management services on a wrap fee basis in accordance with One Charles' investment management wrap fee program (the "Program"). Under the Program, One Charles is able to offer participants discretionary or non-discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting and account maintenance fees. The current annual

Program fee ranges from negotiable to 2.00%, depending upon the amount and type of the Program assets. The services offered under, and the corresponding terms and conditions pertaining to the Program are discussed in the Wrap Fee Program Brochure.

The Wrap Fee Program Brochure is presented to all prospective Program participants in accordance with disclosure requirements. All prospective Program participants should read both One Charles' Brochure and the Wrap Fee Program Brochure, and ask any corresponding questions that they may have, prior to choosing to participate in the Program.

FINANCIAL PLANNING AND CONSULTING SERVICES FEES

To the extent requested by a client, One Charles may determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. One Charles' planning and consulting fees are negotiable, but generally range from \$2,500 to \$25,000 on a fixed fee basis, and from \$500 to \$1,000 on an hourly basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

- B. Clients may elect to have One Charles' advisory fees deducted from their custodial account. Both One Charles' *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of One Charles' investment advisory fee and to directly remit that management fee to One Charles in compliance with regulatory procedures. In the limited event that One Charles bills the client directly, payment is due upon receipt of One Charles' invoice. One Charles shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the client's assets on the last business day of the previous quarter.

As discussed below, unless the client directs otherwise or an individual client's circumstances require, One Charles shall generally recommend a broker-dealer/custodian to the client to custody their investment management assets. Broker-dealers charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). Please Note: Participants in the Program will not incur brokerage commissions and/or transaction fees in addition to the Program fees. However, clients may incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees, IRA and qualified retirement plan fees, surrender charges and other fund expenses).

Tradeaway/Prime Broker Fees. Relative to its discretionary investment management services, when beneficial to the client, individual fixed income transactions may be effected through broker-dealers other than the account custodian, in which event, the executing broker-dealer will charge a fee (commission, mark-up/mark-down) and a separate "tradeaway" and/or prime broker fee will be charged by the account custodian. One Charles' Program fee is inclusive of such fees and client will not incur any additional expense when tradeaway and/or prime broker fees are charged.

Asset-Based Fees versus Transaction-Based Fees: Custodians are compensated for their services which include, but are not limited to execution, custody and reporting. A

custodian can charge a fixed percentage fee for their services based upon the dollar amount of the assets placed in their custody and/or on their platform. This is referred to as an “Asset-Based Fee.” In the alternative, rather than a fixed percentage fee based upon the market value of the assets in its custody, a custodian could charge a separate fee for the execution of each transaction. This is referred to as a “Transaction-Based Fee.” Under a Transaction Based fee, the amount of total fees charged to the client account for trade execution will vary depending upon the number of transactions that are placed for the account. To the extent that a client engages a custodian and agrees to pay an Asset-Based Fee, One Charles will conduct a sampling to confirm that Asset-Based pricing continues to be beneficial for the client. Prior to engaging a custodian, regardless of pricing (Asset-Based versus Transaction-Based), the client will be required to execute a separate agreement with the custodian agreeing to such pricing/fees.

- C. One Charles’ annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the client’s assets on the last business day of the previous quarter. To the extent that aggregate client deposits or withdrawals during a particular billing period meet or exceed \$50,000, a prorated adjustment will be added or subtracted from the following quarter’s calculated fee to compensate for the change in the amount of client assets under management during the previous quarter.

The *Investment Advisory Agreement* between One Charles and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, One Charles shall refund the prorated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.

- E. **Securities Commission Transactions.** In the event that the client desires, the client can engage certain of One Charles’ representatives, in their individual capacities, as registered representatives of *PKS* to implement investment recommendations on a commission basis. In the event the client chooses to purchase investment products through *PKS*, *PKS* will charge brokerage commissions to effect securities transactions, a portion of which commissions *PKS* shall pay to One Charles’ representatives, as applicable. The brokerage commissions charged by *PKS* may be higher or lower than those charged by other broker-dealers. In addition, *PKS*, as well as One Charles’ Representatives, relative to commission mutual fund purchases, may also receive additional ongoing 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment.

1. **Conflict of Interest:** The recommendation that a client purchase a commission product from *PKS* presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client’s need. No client is under any obligation to purchase any commission products from One Charles’ representatives. One Charles’ Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.
2. **Please Note:** Clients may purchase investment products recommended by One Charles through other, non-affiliated broker dealers or agents.
3. One Charles does not receive more than 50% of its revenue from advisory clients

as a result of commissions or other compensation for the sale of investment products One Charles recommends to its clients.

4. When One Charles' representatives sell an investment product on a commission basis, One Charles does not charge an advisory fee in addition to the commissions paid by the client for such product. When providing services on an advisory fee basis, One Charles' representatives do not also receive commission compensation for such advisory services (except for any ongoing 12b-1 trailing commission compensation that may be received as previously discussed). However, a client may engage One Charles to provide investment management services on an advisory fee basis and separate from such advisory services purchase an investment product from One Charles' representatives on a separate commission basis.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither One Charles nor any supervised person of One Charles accepts performance-based fees.

Item 7 Types of Clients

One Charles' clients shall generally include individuals, business entities, trusts, estates, charitable organizations, and pension and profit sharing plans.

One Charles generally requires a minimum asset level of \$500,000 for investment advisory services. One Charles, in its sole discretion, may waive or reduce its minimum asset requirement or charge a lesser investment management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.). Please Note: Certain Independent Managers utilized by One Charles, may impose more restrictive account requirements and billing practices than in place at One Charles. In these instances, One Charles may alter its corresponding account requirements and/or billing practices to accommodate those of the Independent Manager.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. One Charles may utilize the following methods of security analysis:
 - Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Cyclical - (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)
 - Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

One Charles may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)
- Margin Transactions (use of borrowed assets to purchase financial instruments)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by One Charles) will be profitable or equal any specific performance level(s).

- B. One Charles' methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis One Charles must have access to current/new market information. One Charles has no control over the dissemination rate of market information; therefore, unbeknownst to One Charles, certain analyses may be compiled with stale information, severely limiting the value of One Charles' analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

One Charles' primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, One Charles may also implement and/or recommend the use of margin and option strategies. The use of either margin or options has a high level of inherent risk. Accordingly, the decision as to whether to employ these strategies is left totally to the discretion of client.

Margin is an investment strategy with a high level of inherent risk. A margin transaction occurs when an investor uses borrowed assets to purchase financial instruments. The investor generally obtains the borrowed assets by using other securities as collateral for the borrowed sum. The effect of purchasing a security using margin is to magnify any gains or losses sustained by the purchase of the financial instruments on margin. Please note: To the extent that a client authorizes the use of margin, and margin is thereafter employed by One Charles in the management of the client's investment portfolio, the market value of the client's account and corresponding fee payable by the client to One

Charles may be increased. As a result, in addition to understanding and assuming the additional principal risks associated with the use of margin, clients authorizing margin are advised of the potential conflict of interest whereby the client's decision to employ margin may correspondingly increase the management fee payable to One Charles. Accordingly, the decision as to whether to employ margin is left totally to the discretion of client.

Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by One Charles shall be with the intent of offsetting "hedging" a potential market risk in a client's portfolio.

Please Note: Although the intent of the options-related transactions that may be implemented by One Charles is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct One Charles, in writing, not to employ any or all such strategies for their accounts.

- C. Currently, One Charles primarily allocates client investment assets among various independent managers, separately managed accounts, individual equity, fixed income securities, mutual funds and/or exchange traded funds on a discretionary or non-discretionary basis in accordance with the client's designated investment objective(s).

From time to time, and only in those cases where the client is eligible to do so, One Charles may recommend participating in initial and secondary public offerings ("IPOs"). In addition to the risks set forth above, given the nature of such offerings they may have more volatility in price than existing equities that are currently traded and have a trading history. Accordingly, the decision as to whether to participate in initial or secondary offerings is left totally to the discretion of client.

Item 9 Disciplinary Information

One Charles has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. **Registered Representative of Purshe Kaplan Sterling Investments, Inc.** As disclosed above in Item 5.E, certain of One Charles' representatives are also registered representatives of Purshe Kaplan Sterling Investments, Inc., a FINRA member broker-dealer.
- B. Neither One Charles, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.

- C. **Registered Representatives of a Broker Dealer.** As disclosed above in Item 5.E, certain of One Charles' representatives are registered representatives of Purshe Kaplan Sterling Investments, Inc., a FINRA member broker-dealer. Clients can choose to engage One Charles' representatives, in their individual capacities, to effect securities brokerage transactions on a commission basis.

Affiliated Licensed Insurance Agency and Insurance Agents. One Charles is affiliated with One Charles Insurance Services, LLC ("OCIS"), a licensed insurance agency. Certain of One Charles' representatives are also licensed insurance agents of OCIS. These and other related individuals of One Charles may recommend the purchase of insurance-related products on a commission basis.

Conflict of Interest: The recommendation by One Charles' representatives, that a client purchase a securities or insurance commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from One Charles' representatives or affiliates. Clients are reminded that they may purchase securities or insurance products recommended by One Charles through other, non-affiliated registered representatives of a broker-dealer or insurance agencies, respectively. One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above conflicts of interest.

- D. One Charles does not receive, directly or indirectly, compensation from Independent Managers that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. One Charles maintains an investment policy relative to personal securities transactions. This investment policy is part of One Charles' overall Code of Ethics, which serves to establish a standard of business conduct for all of One Charles' representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, One Charles also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by One Charles or any person associated with One Charles.

As disclosed above, One Charles may recommend participation in initial and secondary offerings to eligible clients. In such cases, offerings may be available in limited quantities wherein One Charles may need to allocate shares to clients in a lesser proportion than as requested by the client. These situations create a potential conflict of interest and in such cases One Charles will manage such conflicts through applicable policies and procedures.

- B. Neither One Charles nor any related person of One Charles recommends, buys, or sells for client accounts, securities in which One Charles or any related person of One Charles

has a material financial interest.

- C. One Charles and/or representatives of One Charles may buy or sell securities that are also recommended to clients. This practice may create a situation where One Charles and/or representatives of One Charles are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if One Charles did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of One Charles’ clients) and other potentially abusive practices.

One Charles has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of One Charles’ “Access Persons”. One Charles’ securities transaction policy requires that an Access Person of One Charles must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Each quarter, Access Persons shall provide a summary of their personal transactions to the Chief Compliance Officer or his/her designee. Each Access Person must also provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date One Charles selects.

- D. One Charles and/or representatives of One Charles may buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where One Charles and/or representatives of One Charles are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11.C, One Charles has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of One Charles’ Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that One Charles recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct One Charles to use a specific broker-dealer/custodian), One Charles may recommend Fidelity Investments (“Fidelity”) and/or other broker-dealer/custodians. Prior to engaging One Charles to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with One Charles setting forth the terms and conditions under which One Charles shall manage the client’s assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that One Charles considers in recommending Fidelity and/or other broker-dealer/custodian(s), investment platform and/or mutual fund sponsor include historical relationship with One Charles, financial strength, reputation, execution capabilities, pricing, research, and service. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services,

including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although One Charles will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. One Charles' best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close. As noted above, One Charles does not offer investment management services on a non-wrap fee basis. Accordingly, participants in the Wrap Program will not incur brokerage commissions and/or transaction fees in addition to the Program fees.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, One Charles may receive from broker-dealer/custodian(s), including Fidelity, without cost (and/or at a discount) support services and/or products, certain of which assist One Charles to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by One Charles may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by One Charles in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that may be received may assist One Charles in managing and administering client accounts. Others do not directly provide such assistance, but rather assist One Charles to manage and further develop its business enterprise. Clients should be aware, however, that One Charles' receipt of economic benefits from a broker-dealer/custodian creates a conflict of interest since these benefits may influence One Charles' choice of broker-dealer/custodian over another that does not furnish similar support.

Specifically, One Charles may receive the following from Fidelity:

- A credit of up to \$350,000 to be used toward qualifying start-up and transition costs incurred during the first two years following One Charles' launch;
- Receipt of duplicate client confirmations and bundled duplicate statements;
- Access to a trading desk that exclusively services its institutional traders;
- Access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to client accounts; and
- Access to an electronic communication network for client order entry and account information.

One Charles' clients do not pay more for investment transactions effected and/or assets maintained at Fidelity as result of this arrangement. There is no corresponding

commitment made by One Charles to Fidelity or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

2. One Charles does not receive referrals from broker-dealers.
3. One Charles does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and One Charles will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by One Charles. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs One Charles to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through One Charles.

One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that One Charles provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless One Charles decides to purchase or sell the same securities for several clients at approximately the same time. One Charles may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among One Charles' clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. One Charles shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom One Charles provides investment supervisory services, account reviews are conducted on an ongoing basis by One Charles' Principals and representatives. All investment supervisory clients are advised that it remains their responsibility to advise One Charles of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to

review financial planning issues (to the extent applicable), investment objectives and account performance with One Charles on an annual basis.

- B. One Charles may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. One Charles may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, One Charles may receive an economic benefit from Fidelity, a broker-dealer/custodian it recommends to clients. Additionally, One Charles, without cost (and/or at a discount), may receive support services and/or products from Fidelity and/or another broker-dealer/custodian.

One Charles' clients do not pay more for investment transactions effected and/or assets maintained at Fidelity or any other broker-dealer/custodian as result of these arrangements. There is no corresponding commitment made by One Charles to Fidelity or any other broker-dealer/custodian or entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. If a client is introduced to One Charles by either an unaffiliated or an affiliated solicitor, One Charles may pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from One Charles' investment management fee, and shall not result in any additional charge to the client. If the client is introduced to One Charles by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of One Charles' written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between One Charles and the solicitor, including the compensation to be received by the solicitor from One Charles.

Item 15 Custody

One Charles shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. One

Charles may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that One Charles provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by One Charles with the account statements received from the account custodian. Please Also Note: The account custodian does not verify the accuracy of One Charles' advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage One Charles to provide investment advisory services on a discretionary basis. Prior to One Charles assuming discretionary authority over a client's account, the client shall be required to execute an *Investment Advisory Agreement*, naming One Charles as the client's attorney and agent in fact, granting One Charles full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage One Charles on a discretionary basis may, at anytime, impose restrictions, in writing, on One Charles' discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe One Charles' use of margin, etc.).

Item 17 Voting Client Securities

- A. One Charles does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact One Charles to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. One Charles does not solicit fees of more than \$1,200, per client, six months or more in advance.
- B. One Charles is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. One Charles has not been the subject of a bankruptcy petition.

ANY QUESTIONS: One Charles' Chief Compliance Officer remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
