Item 4 Advisory Business

- A. Radnor Financial Advisors, LLC (the “Registrant”) is a limited liability company formed on October 30, 2015 in the State of Delaware. The Registrant is principally owned by Michael Mattise and Carl Rosenfeld.

B.

WEALTH MANAGEMENT SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee-only* basis. Before engaging the Registrant to provide wealth management services, clients are required to enter into a Wealth Management Agreement with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the fee that is due from the client. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of client assets placed under Registrant’s management.

Registrant’s annual investment advisory fee shall include investment advisory services, and, to the extent specifically requested by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of the Registrant), the Registrant may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client, or according to the terms and conditions of a stand-alone Financial Planning and Consulting Agreement as described below.

The Registrant offers wealth management services tailored to the needs of each client. Before providing wealth management services, an investment adviser representative will ascertain each client’s investment objectives. Then, the Registrant will allocate and/or recommend that the client allocate investment assets consistent with the designated investment objectives. Once allocated, the Registrant provides ongoing monitoring and review of account performance and asset allocation as compared to client investment objectives, and may periodically rebalance and execute transactions for the account based upon such reviews.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant may determine to provide financial planning and/or consulting services on a stand-alone separate fee basis. Registrant’s financial planning advice may include, among other things, oral advice, written analyses and reports, and computer generated analyses and reports on the types of investments which are compatible with the client’s personal investment constraints and objectives, and personal and family circumstances and obligations; on specific investments and investment products, including financial assets and real assets; on income taxes and tax planning; on personal and business insurance; on qualified benefit plans and non-qualified benefit plans; on estate taxes and estate planning; on personal and business cash flow management and budgeting; the acquisition and disposition of business interests; and on other personal and business financial planning and tax issues.

Before engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a Financial Planning and Consulting Agreement with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee

that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. Please Note: If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. Please Also Note: It remains the client's responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating, or revising Registrant's previous recommendations and/or services.

FINANCIAL PLANNING FOR CORPORATE EXECUTIVES

Financial planning is also offered as "packaged" consulting service for corporate executives. Under this arrangement, a fixed fee for specific consulting projections within specific time parameters is established. Registrant's financial planning and consulting fees are negotiable.

COMPREHENSIVE REPORTING

Registrant may also provide comprehensive reporting services which can incorporate all of the client's investment assets, including those investment assets that are not part of the assets managed by Registrant (the "Excluded Assets"). Should the client receive such reporting services, the client acknowledges and understands that with respect to the Excluded Assets, Registrant's service is limited to reporting services only and does not include investment management, review, or monitoring services, nor investment recommendations or advice. As such, the client, and not Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets. In the event the client desires that Registrant provide investment management services with respect to the Excluded Assets, the client may engage Registrant to do so for a separate and additional fee pursuant to the terms and conditions of a Wealth Management Agreement between Registrant and the client.

TAX PREPARATION SERVICES

To the extent requested by the client, the Registrant may determine to provide tax preparation services on a stand-alone separate fee basis. Registrant's tax preparation fee generally ranges from \$500 - \$5,000 depending upon the level and scope of the tax return.

MISCELLANEOUS

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant will generally provide financial planning and related consulting services regarding non-investment related matters, such as tax planning, insurance, etc. The Registrant will generally provide such consulting services inclusive of its advisory fee set forth at Item 5 below (exceptions may occur based upon assets under management, special projects, etc. for which Registrant may charge a separate fee).

Please Note: The Registrant does not serve as an attorney, accountant or insurance agent, and no portion of our services should be construed as legal, accounting or insurance

services. Accordingly, the Registrant does not prepare estate planning documents, nor does it sell insurance products. Although Registrant may provide tax preparation services for certain of its clients and certain of Registrant's Principals, in their separate individual capacities, may be (may have been) licensed as certified public accountants, no corresponding CPA-client relationship is established. To the extent requested by a client, we may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant and/or its representatives. Please Also Note: If the client engages any recommended unaffiliated professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. Conflict of Interest: The recommendation that a client engage a Firm representative in his/her individual capacity as a certified public accountant presents a conflict of interest, since the Registrant and/or its representative(s) will derive an economic benefit from such engagement.

Retirement Rollovers-Potential for Conflict of Interest: A client or prospective client leaving an employer typically has four options regarding an existing retirement plan (and may engage in a combination of these options): (i) leave the money in the former employer's plan, if permitted, (ii) roll over the assets to the new employer's plan, if one is available and rollovers are permitted, (iii) roll over to an Individual Retirement Account ("IRA"), or (iv) cash out the account value (which could, depending upon the client's age, result in adverse tax consequences). If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by Registrant, such a recommendation creates a conflict of interest if Registrant will earn new (or increase its current) compensation as a result of the rollover. When acting in such capacity, Registrant serves as a fiduciary under the Employee Retirement Income Security Act (ERISA), or the Internal Revenue Code, or both. **No client is under any obligation to rollover retirement plan assets to an account managed by Registrant. Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions that a client or prospective client may have regarding the potential for conflict of interest presented by such rollover recommendation.**

ERISA / IRC Fiduciary Acknowledgment. If the client is: (i) a retirement plan ("Plan") organized under ERISA; (ii) a participant or beneficiary of a Plan subject to Title I of ERISA or described in section 4975(e)(1)(A) of the Internal Revenue Code, with authority to direct the investment of assets in his or her Plan account or to take a distribution; (iii) the beneficial owner of an IRA acting on behalf of the IRA; or (iv) a Retail Fiduciary with respect to a plan subject to Title I of ERISA or described in section 4975(e)(1)(A) of the Internal Revenue Code: then the Registrant represents that it and its representatives are fiduciaries under ERISA or the Internal Revenue Code, or both, with respect to any investment advice provided by the Registrant or its representatives or with respect to any investment recommendations regarding an ERISA Plan or participant or beneficiary account.

Affiliated Private Investment Funds. The Registrant previously recommended (but does not currently recommend), on a non-discretionary basis, that qualified clients allocate a portion of their investment assets among private investment partnerships formed by the Registrant (collectively, the "Partnerships"). The Partnerships have been closed to new investors since 2000, 2001, and 2008 respectively. The purpose of the Partnerships is to

pool funds for the purpose of gaining access to investment opportunities that might otherwise be unavailable to the Registrant's clients. The Registrant provides due diligence and administrative services to the Partnerships. The terms and conditions for participation in the Partnerships, including management fees, conflicts of interest, and risk factors, are set forth in each Partnership's offering documents. Registrant's clients are under absolutely no obligation to consider or make an investment in private investment fund(s).

Conflict Of Interest: Because Registrant and/or its affiliates can potentially, in limited situations, earn compensation from the Partnerships that may exceed the fee that Registrant would earn under its standard asset based fee schedule referenced in Item 5 below, the recommendation that a client become a Partnerships investor presents a conflict of interest. No client is under any obligation to become a Partnerships investor. **Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions regarding this conflict of interest.**

Unaffiliated Private Investment Funds. The Registrant may also provide investment advice regarding unaffiliated private investment funds. Registrant, on a non-discretionary basis, may recommend that certain qualified clients consider an investment in unaffiliated private investment funds. Registrant's role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a client determines to become a private fund investor, the amount of assets invested in the fund(s) shall be included as part of "assets under management" for purposes of Registrant calculating its investment advisory fee. Registrant's clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).

Valuation. In the event that Registrant references private investment funds owned by the client on any supplemental account reports prepared by Registrant, the value(s) for all private investment funds owned by the client shall reflect the most recent valuation provided by the fund sponsor. However, if subsequent to purchase, the fund has not provided an updated valuation, the valuation shall reflect the initial purchase price. If subsequent to purchase, the fund provides an updated valuation, then the statement will reflect that updated value. The updated value will continue to be reflected on the report until the fund provides a further updated value. **Please Also Note:** As result of the valuation process, if the valuation reflects initial purchase price or an updated value subsequent to purchase price, the current value(s) of an investor's fund holding(s) could be significantly more or less than the value reflected on the report. Unless otherwise indicated, the client's advisory fee shall be based upon the value reflected on the report.

Private Investment Fund Risk Factors: Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund's offering documents, which will be provided to each client for review and consideration. Unlike liquid investments that a client may maintain, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Structured Notes. The Registrant may purchase structured notes for client accounts. A structured note is a financial instrument that combines two elements, a debt security and exposure to an underlying asset or assets. It is essentially a note, carrying counter party risk of the issuer. However, the return on the note is linked to the return of an underlying asset or assets (such as the S&P 500 Index or commodities). It is this latter feature that makes structured products unique, as the payout can be used to provide some degree of principal protection, leveraged returns (but usually with some cap on the maximum return), and be tailored to a specific market or economic view. In addition, investors may receive long-term capital gains tax treatment if certain underlying conditions are met and the note is held for more than one year. In the event that a client has any questions regarding the purchase of structured notes for their account the Registrant's Chief Investment Officer, Stephanie R. Vermillion, remains available to address them.

Independent Managers. Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers ("Independent Manager(s)") in accordance with the client's designated investment objective(s). In such situations, the Independent Manager(s) will have day-to-day responsibility for the active discretionary management of the allocated assets according to the terms and conditions of a separate agreement executed between the client and the Independent Manager(s). Registrant will continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. The Registrant generally considers the following factors when recommending Independent Manager(s): the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research. The investment advisory fees charged by the designated Independent Manager(s), together with the fees charged by the corresponding designated broker-dealer/custodian of the client's assets, are exclusive of, and in addition to, Registrant's ongoing investment advisory fee, which will be disclosed to the client at the point of entering into the Independent Manager engagement.

Use of Mutual and Exchange Traded Funds: Most mutual funds and exchange traded funds are available directly to the public. Thus, a prospective client can obtain many of the funds that may be utilized by Registrant independent of engaging Registrant as an investment advisor. However, if a prospective client determines to do so, they will not receive the Registrant's initial and ongoing investment advisory services.

Use of DFA Mutual Funds: The Registrant utilizes mutual funds issued by Dimensional Fund Advisors ("DFA"). DFA funds are generally only available through registered investment advisers. Thus, if the client was to terminate Registrant's services, and not transition to another adviser who utilizes DFA funds, restrictions regarding additional purchases of, or reallocation among other, DFA funds will generally apply. **Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions that a client or prospective client may have regarding the above.**

ByAllAccounts. The Registrant, in conjunction with the services provided by ByAllAccounts, Inc., may also provide periodic comprehensive reporting services (*See* Item 4.A above) which can incorporate all of the client's investment assets, including those investment assets that are not part of the assets managed by Registrant (the "Excluded Assets"). The client and/or their other advisors that maintain trading authority, and not Registrant, shall be exclusively responsible for the investment performance of the Excluded Assets. Unless otherwise specifically agreed to, in writing, Registrant's service

relative to the Excluded Assets is limited to reporting only. The sole exception to the above shall be if Registrant is specifically engaged to monitor and/or allocate the assets within the client's 401(k) account maintained away at the custodian directed by the client's employer. As such, except with respect to the client's 401(k) account (if applicable), Registrant does not maintain any trading authority for the Excluded Assets. Rather, the client and/or the client's designated other investment professional(s) maintain supervision, monitoring and trading authority for the Excluded Assets. If Registrant is asked to make a recommendation as to any Excluded Assets, the client is under absolutely no obligation to accept the recommendation, and Registrant shall not be responsible for any implementation error (timing, trading, etc.) relative to the Excluded Assets. In the event the client desires that Registrant provide investment management services for the Excluded Assets, the client may engage CP to do so pursuant to the terms and conditions of the *Investment Advisory Agreement* between Registrant and the client.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating, or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2 of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the Wealth Management Agreement or Financial Planning and Consulting Agreement.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objectives. Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objectives. The client may, at any time, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2017, the Registrant had \$1,699,959,816 in assets under management on a discretionary basis.

Item 5 Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide discretionary investment advisory services on a *fee-only* basis, the Registrant's annual investment advisory fee is negotiable, but is generally based upon a percentage (%) of the market value and type of assets placed under the Registrant's management as follows:

<u>Market Value of Portfolio</u>	<u>% of Assets</u>
First \$2,000,000	1.00%
Next \$1,000,000	0.80%
Next \$1,000,000	0.70%
Next \$1,000,000	0.60%
Next \$5,000,000	0.50%
Next \$5,000,000	0.40%
Over \$15,000,000	Negotiable

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant may determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$200 to \$600 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

FINANCIAL PLANNING FOR CORPORATE EXECUTIVES

Financial planning is also offered as "packaged" consulting service for corporate executives. Under this arrangement, a fixed fee for specific consulting projections within specific time parameters is established. Registrant's financial planning and consulting fees are negotiable, but generally range from \$7,500 to \$50,000 on a fixed fee basis, depending upon the level and scope of the services(s) required and the professional(s) rendering the service(s).

Please Note: The Registrant uses the above fee schedule as a guideline as all fees are negotiable. The basis for negotiation may include several factors, such as: the relationship with the corporate organization, the complexity of the compensation package, the complexity of the client's financial affairs, other professional advisors such as Certified Public Accountants and attorneys within the client's team of advisors; the degree of sophistication of the client and prior experience with financial planning principles in practice.

TAX PREPARATION SERVICES

Registrant's tax preparation fee generally ranges from \$500 - \$5,000 depending upon the level and scope of the tax return.

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's Wealth Management Agreement and the custodial/clearing

agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients semi-annually in advance, based upon the market value of the assets on the last business day of the previous half-year.

- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that Charles Schwab and Co., Inc. an SEC-registered and FINRA/SIPC member broker-dealer ("Schwab"), TD Ameritrade Institutional, a division of TD Ameritrade, Inc., an SEC-registered and FINRA/SIPC member broker-dealer ("Ameritrade"), Fidelity Investments, an SEC-registered and FINRA/SIPC member broker-dealer ("Fidelity"), TIAA Individual and Institutional Services, LLC, an SEC-registered and FINRA member broker-dealer ("TIAA") and/or Vanguard Marketing Corporation, an SEC-registered and FINRA member broker-dealer ("Vanguard") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as Schwab, Ameritrade, Fidelity, TIAA and Vanguard charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).
- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter.

The Registrant's investment advisory fee is negotiable at Registrant's discretion, depending upon objective and subjective factors including but not limited to: the amount of assets to be managed; portfolio composition; the scope and complexity of the engagement; the anticipated number of meetings and servicing needs; related accounts; future earning capacity; anticipated future additional assets; the professional(s) rendering the service(s); prior relationships with the Registrant and/or its representatives, and negotiations with the client. As a result of these factors, similarly situated clients could pay different fees, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees, and certain clients may have fees different than those specifically set forth above in Item 5A.

The Wealth Management Agreement between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the Wealth Management Agreement. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing period.

- E. Neither the Registrant, nor its representatives accept compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients currently include individuals, high net worth individuals, trusts and estates. The Registrant generally requires an annual minimum fee of \$10,000 for investment advisory services. If a client maintains less than \$1 million of assets under Registrant's management, and is subject to the \$10,000 annual minimum fee, the client will pay a higher percentage annual fee than the 1.00% referenced in the above fee schedule. As discussed above, the Registrant, in its sole discretion, may reduce its investment advisory fee and/or reduce or waive its minimum fee requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant blends a client's personal investment philosophy with the Registrant's investment approach to design a portfolio with which the client will be comfortable, but which also will achieve the client's goals and objectives. The Registrant's approach is a multi-asset, multi-manager investment process. It is based on asset allocation, diversification within asset classes, selection of individual managers (and their benchmarks), and continuous portfolio monitoring and management.

Investment implementation is enacted through a variety of vehicles, but primarily mutual funds and exchange traded funds. Each client receives a written Investment Policy Statement, which sets forth a recommended target allocation and acceptable allocation range.

Modern Portfolio Theory suggests that the overwhelming determinant of an investment strategy's variability (risk) over time is how assets are divided among the major asset classes. The major asset classes are cash, bonds, stocks, and real estate. A well designed portfolio can include each of these asset classes, depending upon goals and objectives. Since each asset class has different risk and return characteristics, combining them in a portfolio provides greater stability. Because diversification can lower risk, it allows for the inclusion of asset classes that alone would be more volatile (such as small-cap stocks) but that as part of a diversified portfolio can provide the potential for higher returns.

The Investment Policy Statement provides for investment in asset classes which the Registrant believes will provide an attractive combination of risk, return and correlation over the long-term (based on fundamental analysis of historical data using software such as Dimensional Returns, Morningstar, and Zephyr). The investment advice is based on long-term investment strategies which incorporate the principles of Modern Portfolio Theory.

Please Note: Investment Risk. Investing in securities involves risk of loss that clients should be prepared to bear, including the complete loss of principal. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks. The Registrant's investment strategy is primarily based on establishing a long-term target asset allocation and slightly overweighting or underweighting assets to reflect intermediate-term market expectations (based primarily on fundamental mean-reversion expectations).

While stocks should outperform cash and bonds over the long-term, the return from stocks is more volatile. To moderate this volatility, investors can include lower-risk investments such as bonds. Bonds have historically tended to experience less market fluctuation than stocks, but with lower returns.

The Registrant believes portfolio management is a continuous process, requiring ongoing monitoring and reevaluation. The most important aspect of the continuity is the rebalancing and repositioning of the investment portfolio. The Registrant believes periodic rebalancing provides the discipline of selling a portion of the investments that have performed well and adding to the investments that have not performed as well, with the long-term expectation that each asset class will go through cycles where they over perform and underperform.

- C. The Registrant primarily allocates client investment assets among open end stock and bond mutual funds and exchange traded funds on a discretionary basis in accordance with the client's designated investment objectives and Investment Policy Statement. All investments have the potential to realize loss or principal.

Client portfolios can also include individual bonds via a separate account. While there are advantages to holding individual bonds (primarily the ability to hold until maturity), it also entails greater individual security risk and greater liquidity risk.

Client portfolios can also include structured notes (buffered return enhanced notes), with returns generally based upon broad indices such as the S&P 500 Index or the Russell 2000 Index. The intent is to provide attractive return potential with some buffer providing downside protection. However, in addition to the underlying index investment risk, structured notes also have counterparty risk through the issuing bank and are generally less liquid than traditional investments.

For accredited clients, portfolios can include limited partnerships or registered funds that invest in hedge funds. While the object of utilizing hedge funds is to generate attractive returns with more moderate volatility than traditional equities, hedge funds have the potential to lose principal and have less liquidity than traditional stock and bond investments.

For qualified clients, portfolios can include limited partnerships that invest in real estate. Investment in real estate has the potential to lose principal and is generally illiquid.

For qualified clients, portfolios can include limited partnerships that invest in private equity. Private equity investments can exhibit volatility greater than public equity markets, and also have illiquidity risk.

For qualified clients, portfolios can include limited partnerships that invest in private debt.

The Registrant recognizes that all investments pose certain risks in exchange for potential return, such as the following:

Interest Rate Risk: fluctuations in interest rates may cause investment prices to fluctuate. For example, if interest rates rise, the value of bonds generally decline in value.

Market Risk: The price of a security (stock, bond, mutual fund, ETF) may decline in reaction to external factors, independent of a security's particular circumstances.

Inflation Risk: The risk of a decline in purchasing power of an asset due to rising prices.

Currency Risk: The risk of fluctuations in the value of the dollar versus foreign currencies (and thus indirectly vs. commodities and other assets).

Reinvestment Risk: The risk that future proceeds and/or income from an investment may have to be reinvested at a potentially lower rate of return.

Liquidity Risk: The risk that an investment cannot readily be converted to cash.

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. **Advisory Board Relationships.** Registrant's Managing Partner, President, and Chief Investment Officer Michael N. Mattise, currently serves on the PIMCO RIA Advisory Board and previously served on the TIAA Advisor Board. Further, as discussed in response to Item 12.A.1. below, Mr. Mattise currently serves on the Schwab Advisor Services Advisory Board ("Schwab Advisory Board"). Mr. Mattise is not compensated by Schwab for this service. Through service on these boards, Mr. Mattise received or receives gratis or discounted travel, lodging, meals and other incidental expenses incurred in attending board events.

Conflicts of Interest. The advisory board relationships described above present **conflicts of interest** because they may incentivize Registrant or its representatives to recommend

that clients utilize the services of Schwab, or TIAA; or invest in PIMCO. However, none of the advisory board relationships is or were material when determining whether to recommend that a client utilize the services of Schwab, or TIAA; or invest in PIMCO. **The Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions that a client or prospective client may have regarding the above arrangements and any corresponding conflict of interest such arrangements may create.**

- D. The Registrant does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. As disclosed above, Registrant has a financial interest in the Partnerships. Registrant, on a non-discretionary basis, has recommended that qualified clients consider allocating a portion of their investment assets to the Partnerships. The terms and conditions for participation in the Partnerships, including management fees, conflicts of interest, and risk factors, are set forth in the Partnerships' offering documents. **Registrant's clients are under absolutely no obligation to consider or make an investment in a private investment fund(s). Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions regarding this conflict of interest.**
- C. The Registrant and/or representatives of the Registrant may buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices. The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's employees. The Registrant's securities transaction policy requires that an employee of the Registrant must provide the Chief Compliance Officer with a written report of their current securities holdings within ten (10) days after becoming an employee. Additionally, each employee must provide the Chief Compliance Officer with a written report of the employee's current securities holdings at least once each twelve (12) month period thereafter on a date the

Registrant selects; provided, however that at any time that the Registrant has only one employee, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant may buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a conflict of interest. As indicated above in Item 11 C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal Wealth Management Agreement with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment advisory fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant can receive from Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard (or another broker-dealer/custodian investment platform, unaffiliated investment manager, vendor, unaffiliated product/fund sponsor, or vendor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related

research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis travel and attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that may be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard as a result of this arrangement. There is no corresponding commitment made by the Registrant to Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

Schwab Advisory Board

As indicated in Item 10.C. above, Registrant's Managing Partner, President, and Chief Investment Officer Michael N. Mattise is currently a member of the Schwab Advisory Board, which is comprised of approximately twenty representatives of independent investment advisory firms who have been invited by Schwab to participate in meetings and discussions about Schwab's services. Schwab Advisory Board members serve two or three-year terms, and enter into nondisclosure agreements with Schwab under which they agree not to disclose confidential information. This information generally does not include material nonpublic information about the Charles Schwab Corporation, whose common stock is listed for trading on the New York Stock Exchange and the NASDAQ stock market (symbol: SCHW). The Schwab Advisory Board meets in person approximately twice per year and has periodic conference calls scheduled as needed. Mr. Mattise is not compensated by Schwab for this service. However, Schwab pays for Mr. Mattise's travel, lodging, meals and other incidental expenses incurred in attending Schwab Advisory Board meetings. This relationship therefore presents a **conflict of interest** because it may incentivize Registrant to recommend that clients engage Schwab as broker-dealer/custodian based on Mr. Mattise's receipt of the above-described benefits for his service to the Schwab Advisory Board. **Clients are therefore reminded that they are not required to engage Schwab as broker-dealer/custodian. The Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest such arrangement may create.**

2. The Registrant does not receive referrals from broker-dealers.
3. Directed Brokerage.
The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's

transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, the client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant. Higher transaction costs adversely impact account performance. **Please Also Note:** Transactions for directed accounts will generally be executed following the execution of portfolio transactions for non-directed accounts.

The Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.
- B. The Registrant **may** conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Item 14 Client Referrals and Other Compensation

- A. As referenced in Item 12.A.1 above, the Registrant can receive economic benefits from Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard including support services and/or products without cost or at a discount. Registrant's clients do not pay more for investment transactions effected and/or assets maintained at Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard as a result of this arrangement. There is no corresponding commitment made by the Registrant to Schwab, Ameritrade, Fidelity, TIAA and/or Vanguard or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Stephanie R. Vermillion, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding conflict of interest.

- B. The Registrant does not compensate, directly or indirectly, any person, other than its representatives, for client referrals.

Item 15 Custody

The Registrant shall have the ability to have its advisory fee for each client debited by the custodian on a semi-annual basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that the Registrant provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by the Registrant with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of the Registrant's advisory fee calculation.

The Registrant engages in practices and/or services (affiliated private funds) on behalf of its clients that require disclosure at ADV Part 1 Item 9, which practices and/or services are subject to an annual surprise examination and/or annual financial audit conducted by an unaffiliated CPA. The Registrant's Chief Compliance Officer, Stephanie Vermillion, remains available to address any questions that a client or prospective client may have regarding custody-related issues.

Item 16 Investment Discretion

The client can determine to engage the Registrant to provide investment advisory services on a discretionary basis. Prior to the Registrant assuming discretionary authority over a client's account, the client shall be required to execute an Wealth Management Agreement, naming the Registrant as the client's attorney and agent in fact, granting the Registrant full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage the Registrant on a discretionary basis may, at anytime, impose restrictions, **in writing**, on the Registrant's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe the Registrant's use of margin, etc.).

Item 17 Voting Client Securities

- A. Unless the client directs otherwise in writing, the Registrant is responsible for voting client proxies for mutual funds only (It is the responsibility of clients to vote proxies for stocks.) (However, the client shall maintain exclusive responsibility for all legal proceedings or other type events pertaining to the account assets, including, but not limited to, class action lawsuits.). The Registrant shall vote proxies in accordance with its Proxy Voting Policy, a copy of which is available upon request. The Registrant shall monitor corporate actions of individual issuers and investment companies consistent with the Registrant's fiduciary duty to vote proxies in the best interests of its clients. Although the factors which Registrant will consider when determining how it will vote differ on a case by case basis, they may, but are not be limited to, include a review of recommendations from issuer management, shareholder proposals, cost effects of such proposals, effect on employees and executive and director compensation. With respect to individual issuers, the Registrant may be solicited to vote on matters including corporate governance, adoption or amendments to compensation plans (including stock options), and matters involving social issues and corporate responsibility. With respect to investment companies (e.g., mutual funds), the Registrant may be solicited to vote on matters including the approval of advisory contracts, distribution plans, and mergers. The Registrant shall maintain records pertaining to proxy voting as required pursuant to Rule 204-2 (c)(2) under the Advisers Act. Copies of Rules 206(4)-6 and 204-2(c)(2) are available upon written request. In addition, information pertaining to how the Registrant voted on any specific proxy issue is also available upon written request. Requests should be made by contacting the Registrant's Chief Compliance Officer, Stephanie R. Vermillion.
- B. As set forth in Item 17.A above, the Registrant (with the exception of individual stock) is responsible for voting client proxies. For those clients that the Registrant does not vote client proxies, clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. The Registrant does not require or solicits fees of more than \$1,200, per client, six months or more in advance.
- B. The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, Stephanie R. Vermillion , remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements.
