This brochure provides information about the qualifications and business practices of Southwestern Advisory Group, LLC. If clients have any questions about the contents of this brochure, please contact us by at (254) 977-2517. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority. Additional information about our firm is also available on the SEC's website at www.adviserinfo.sec.gov by searching CRD #282950.

Please note that the use of the term "registered investment adviser" and description of our firm and/or our associates as "registered" does not imply a certain level of skill or training. Clients are encouraged to review this Brochure and Brochure Supplements for our firm's associates who advise clients for more information on the qualifications of our firm and our employees.

Item 2: Material Changes

Southwestern Advisory Group, LLC is required to make clients aware of information that has changed since the last annual update to the Wrap Brochure ("Wrap Brochure") and that may be important to them. Clients can then determine whether to review the brochure in its entirety or to contact us with questions about the changes.

As a newly registered investment adviser, our firm does not have any material changes to report.

Item 4: Services, Fees & Compensation

Our firm manages assets for many different types of clients to help meet their financial goals while remaining sensitive to risk tolerance and time horizons. As a fiduciary it is our duty to always act in the client's best interest. This is accomplished in part by knowing the client. Our firm has established a service-oriented advisory practice with open lines of communication. Working with clients to understand their investment objectives while educating them about our process, facilitates the kind of working relationship we value.

Our wrap fee program allows clients to pay a single fee for investment advisory services and associated custodial transaction costs. Because our firm absorbs client transaction fees, an incentive exists to limit trading activities in client accounts. Custodial transaction costs, however, are not included in the advisory fee charged by our firm for non-wrap services, and are to be paid by the client to their chosen custodian. Depending on the client's account or portfolio trading activity, clients may pay more for using our wrap fee services than they would for using our non-wrap services.

Our Wrap Advisory Services

Wrap Asset Management:

As part of our Wrap Asset Management service, a portfolio is created, consisting of individual stocks, bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Portfolios will be designed to meet a particular investment goal, determined to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, portfolios are continuously and regularly monitored, and if necessary, rebalanced based upon the client's individual needs, stated goals and objectives.

The maximum annual fee charged for this service will not exceed 1.25%. In addition, our firm may also charge an initial engagement fee for the first 12 months of the relationship that will range between 1.00% to 2.00%. Fees to be assessed will be outlined in the advisory agreement to be signed by the client.

Annualized fees are billed on a pro-rata basis monthly or quarterly in advance based on the value of the account(s) on the last day of the previous billing period. Fees are negotiable and will be deducted from client account(s). Adjustments will be made for deposits and withdrawals during the quarter.

As part of this process, Clients understand the following:

- a) Clients must provide our firm with written authorization permitting direct payment of advisory fees from their account(s) maintained by a custodian who is independent of our firm;
- b) Our firm sends quarterly statements to the client showing the fee amount, the value of the assets upon which the fee is based, and the specific manner in which the fee is calculated as well as disclosing that it is the client's responsibility to verify the accuracy of fee calculation, and that the custodian does not determine its accuracy; and;
- c) The account custodian sends a statement to the client, at least quarterly, showing all account disbursements, including advisory fees.

Other Types of Fees & Expenses:

The fees not included in the advisory fee for our wrap services are charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions.

Wrap Fee Program Recommendations

Our firm does not recommend or offer the wrap program services of other providers.

Item 5: Account Requirements & Types of Clients

Our firm requires a minimum household balance of \$600,000 for our Wrap Asset Management service. This minimum household balance would be required throughout the course of the client's relationship with our firm and may be negotiable in certain instances.

Our firm has the following types of clients:

- Individuals and High Net Worth Individuals;
- Trusts, Estates or Charitable Organizations;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or Other Business Types.

Item 6: Portfolio Manager Selection & Evaluation

Separately Managed Accounts:

We offer access to actively managed investment portfolios of independent investment managers and/or investment programs (collectively "Independent Managers. For all Programs, Client and Southwestern Advisory Group, LLC compile pertinent financial and demographic information to develop an investment program that will meet the Client's goals and objectives. Utilizing the platform tools, Client assets will be allocated among the different options in the Program and determine the suitability of the asset allocation and investment options for each Client, based on the Client's needs and objectives, investment time horizon, risk tolerance and any other pertinent factors. Unlike a mutual fund, where the funds are commingled, a separately managed account is a portfolio of individually owned securities that can be tailored to fit the Client's investing preferences.

For Clients selecting Independent Managers, Client authorizes us to hire and delegate the active discretionary management of all or part of the Assets to one or more Independent Managers based upon your stated investment objectives without prior consultation with you and without your prior consent. The Independent Managers will have limited power-of-attorney and trading authority over those Assets we direct to them for management. They will be authorized to buy, sell and trade in accordance with your investment needs and to give instructions, related to their authority, to the broker-dealer and the custodian of your Assets. Such Independent Managers shall have authority to

further delegate such discretionary investment authority to additional Investment Managers on terms and conditions deemed appropriate.

Performance returns of wrap portfolios are reviewed at least quarterly. The nature of these reviews is to learn whether client accounts are in line with their investment objectives and appropriately positioned based on market conditions. If these standards fall below the client objectives, our firm will discuss the review with the portfolio manager for proactive action to realign the investment strategy.

Clients in the Programs pay a program fee (each, a "Program Fee") ranging up to 3.00%. The level of the Program Fee will vary with the amount of assets under management and the particular investment styles and investment options chosen or recommended. Program Fees are calculated as an annual percentage of the assets under management based on the market value of the account at the end of each quarter. Unless otherwise agreed to by the Client, Program Fees are charged on a calendar quarter basis in advance and prorated to the end of the quarter upon inception of the account.

Advisory Business:

Information about our wrap fee services can be found in Item 4 of this brochure. Our firm offers individualized investment advice to our Wrap Asset Management clients.

Each Wrap Asset Management client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio. Restrictions on investments in certain securities or types of securities may not be possible due to the level of difficulty this would entail in managing the account.

Participation in Wrap Fee Programs:

Our firm only offers wrap fee accounts to our clients, which are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

Performance-Based Fees & Side-By-Side Management:

Our firm does not charge performance-based fees.

Methods of Analysis, Investment Strategies & Risk of Loss:

Our firm will utilize several disciplines of analysis. On occasion we will use a technical analysis for forecasting the direction of prices through the study of past market data, primarily price and volume by examining what investors fear or think about those developments and whether or not investors have the wherewithal to back up their opinions as opposed to a fundamental analysis which examines earnings, dividends, new products, research and the like. Technical analysis is frequently contrasted with fundamental analysis and each has limitations because of assumptions about the market. We enlist a more rational approach by utilizing both types of analyses. In addition to these we may employ charting which plot the span between the high and low prices of a trading period. Some widen and fill the interval between the open and close prices to emphasize the open/close relationship. The risk of relying on charting would be similar to the weaknesses of the technical approach, where the price reflects the trend as opposed to fundamental which holds that economic factors influence the price. Studying recurring, preferably periodic, movements in prices or other time series or cyclical analysis may also be incorporated in our methods of analysis. Cyclical may too narrowly predict price

without integrating relevant factors. We strive to avoid risks of any one method by incorporating several methods.

Our firm will make long term purchases (securities held at least a year), short term purchases (securities sold within a year), trading (securities sold within 30 days). Generally there is more risk involved with shorter trading. We also use short sales to implement our strategies in which we would hope to make a profit from prices going down. The related risks occur when the price of the assets rises. There may also be costs for shorting such as a fee for borrowing the assets and payment of any dividends on the borrowed assets. Similarly margin transactions, option writing, including covered options, uncovered options or spreading strategies may be used to implement our strategies.

Please Note: Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask any questions you may have.

Voting Client Securities:

Our firm does not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, our firm will forward them to the appropriate client and ask the party who sent them to mail them directly to the client in the future.

Item 7: Client Information Provided to Portfolio Manager(s)

Our firm communicates with your portfolio manager(s) on a regular basis as needed to ensure your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, our firm will communicate such information as part of our regular investment management duties. Nevertheless, our firm will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

Item 8: Client Contact with Portfolio Manager(s)

Any questions or concerns about the management of client portfolios shall be directed to our firm.

Item 9: Additional Information

Disciplinary Information

There are no legal or disciplinary events that are material to the evaluation of our advisory business or the integrity of our management.

Financial Industry Activities & Affiliations

Representatives of our firm are registered representatives of PKS, member FINRA/SIPC, and licensed insurance agents. As a result of these transactions, they receive normal and customary commissions. A conflict of interest exists as these commissionable securities sales create an incentive to recommend products based on the compensation earned. To mitigate this potential conflict, our firm will act in the client's best interest.

Code of Ethics, Participation or Interest in Client Transactions & Personal Trading

As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. Our fiduciary duty is the underlying principle for our firm's Code of Ethics, which includes procedures for personal securities transaction and insider trading. Our firm requires all representatives to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment with our firm, and at least annually thereafter, all representatives of our firm will acknowledge receipt, understanding and compliance with our firm's Code of Ethics. Our firm and representatives must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. If a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

Our firm recognizes that the personal investment transactions of our representatives demands the application of a Code of Ethics with high standards and requires that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, our firm also believes that if investment goals are similar for clients and for our representatives, it is logical, and even desirable, that there be common ownership of some securities.

In order to prevent conflicts of interest, our firm has established procedures for transactions effected by our representatives for their personal accounts¹. In order to monitor compliance with our personal trading policy, our firm has pre-clearance requirements and a quarterly securities transaction reporting system for all of our representatives.

Neither our firm nor a related person recommends, buys or sells for client accounts, securities in which our firm or a related person has a material financial interest without prior disclosure to the client.

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

Likewise, related persons of our firm buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities prior to buying or selling for our clients in the same day. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

Review of Accounts

Our management personnel or financial advisors review accounts on at least a quarterly basis for our Wrap Asset Management clients. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable.

Our firm may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, etc.

Our firm does not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when our Wrap Asset Management clients are contacted.

Other Compensation

TD Ameritrade Institutional

Our firm participates in the institutional advisor program (the "Program") offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member FINRA/SIPC ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions. Advisor receives some benefits from TD Ameritrade through its participation in the Program.

We participate in TD Ameritrade's institutional customer program and we may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our Clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate Client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our firm's participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD

Ameritrade may also have paid for business consulting and professional services received by our firm's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit our firm but may not benefit our Client accounts. These products or services may assist us in managing and administering Client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by our firm or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of our fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. Clients should be aware, however, that the receipt of economic benefits by our firm or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our firm's choice of TD Ameritrade for custody and brokerage services.

Betterment Institutional

We receive a non-economic benefit from Betterment Institutional and Betterment Securities in the form of the support products and services it makes available to us and other independent investment advisors whose clients maintain their accounts at Betterment Securities. The availability to us of Betterment Institutional and Betterment Securities' products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

Client Referrals

Our firm does not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with Rule 206(4)-3 of the Investment Advisers Act of 1940.

Financial Information

Our firm is not required to provide financial information in this Brochure because:

- Our firm does not require the prepayment of more than \$1,200 in fees and six or more months in advance.
- Our firm does not take custody of client funds or securities.
- Our firm does not have a financial condition or commitment that impairs our ability to meet contractual and fiduciary obligations to clients.

Our firm has never been the subject of a bankruptcy proceeding.
