Item 4 – Advisory Services

A. Firm Information

YorkBridge Wealth Partners, LLC (“YorkBridge” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a Limited Liability Company (“LLC”) under the laws of the State of New York. YorkBridge was founded in June 2016, and is owned and operated by Carrie S. Gallaway (Managing Partner and Chief Compliance Officer) and Andrew Stern (Managing Partner). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by YorkBridge.

B. Advisory Services Offered

YorkBridge offers investment advisory services to individuals, high net worth individuals, trusts, estates, small businesses and other types of clients in New York and other states (each referred to as a “Client”).

Investment Management Services

YorkBridge provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. YorkBridge works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. YorkBridge will then design a portfolio with its internal investment strategies and/or the use of unaffiliated money managers (Please see below).

For its internal management, Yorkbridge will construct its portfolios to meet the needs of each Client. Portfolios are customized to each Client and may include mutual funds, exchange-traded funds (“ETFs”), individual stocks, individual bonds and/or alternative investments. The Advisor may also utilize other types of investments, as appropriate, to meet the needs of certain Clients.

YorkBridge’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. YorkBridge will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor. YorkBridge evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. YorkBridge may recommend, on occasion, redistributing investment allocations to diversify the portfolio. The Advisor may recommend employing cash positions as a possible hedge against market movement. YorkBridge may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

YorkBridge will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will YorkBridge accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated brokerage account, pursuant to the investment advisory agreement.

Use of Independent Managers

YorkBridge may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively “Independent Managers”). Independent Managers may be sourced directly or accessed through an investment management platform. The Client will be required to enter into a separate agreement with the Independent Manager[s].

YorkBridge serves as the Client’s primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. YorkBridge will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s].

Phone: (212) 574-4070 * Fax: (212) 320-8845

YorkBridge will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties.

The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties.

The Client, prior to entering into an agreement with an Independent Manager, will be provided with the Form ADV Part 2A (or a brochure that makes the appropriate disclosures) of those parties. **YorkBridge does not receive any compensation from these Independent Managers or Investment Platforms, other than YorkBridge's investment advisory fee (described in Item 5).**

Financial Planning Services

YorkBridge will typically provide a variety of financial planning services to individuals and families, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. YorkBridge may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

Prior to engaging YorkBridge to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Policy – YorkBridge, in connection with the Client, will develop an investment strategy for the Client that is targeted to achieve the Client's objectives.
- Asset Allocation – YorkBridge will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – YorkBridge will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – YorkBridge will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

YorkBridge does not manage a wrap fee program.

E. Assets Under Management

YorkBridge is a newly established advisor. Assets under management shall be reported following the Advisor's December 31, 2016 fiscal year end. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign an Investment Advisory Agreement that details the responsibilities of YorkBridge and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the previous calendar quarter. Investment advisory fees range from 0.30% to 1.00% based on several factors including the types of investments, size of the Client relationship, reporting requirements, portfolio restrictions and other factors.

Investment advisory fees in the first quarter of service are prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by YorkBridge will be independently valued by the Custodian. YorkBridge will not have the authority or responsibility to value portfolio securities.

Use of Independent Managers

For Clients account[s] implemented through an Independent Manager, the Client's overall fees will include YorkBridge's investment advisory fee (as noted above) plus advisory fees and/or platform fees charged by the Independent Manager[s], as applicable. The Independent Manager may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s]. In such instances, YorkBridge will not charge its fee separately on those assets.

Financial Planning Services

YorkBridge offers financial planning services at an hourly rate that ranges from \$250 to \$500 per hour or based on a fixed engagement fee. Fees may be negotiable depending on the nature and complexity of each Client's circumstances and the experience of the personnel providing services. An estimate for total hours and/or costs will be provided to the Client in advance of engaging for these services.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with YorkBridge at the end of the previous quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's statement as the Custodian does not assume this responsibility. Clients provide written

authorization permitting YorkBridge to be paid directly from their accounts held at the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to YorkBridge, subject to the usual and customary securities settlement procedures. However, the Advisor typically designs its investment portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. YorkBridge may consult the Client about certain implications such transactions. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications. If assets in excess of \$50,000 are deposited into or withdrawn from the Client's account[s], The Advisor will be adjusted in the next billing period to reflect the fee difference. The Advisor may negotiate a fee that differs from the schedule above for certain account[s] or holdings.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. These parties will typically add YorkBridge's investment advisory fee and deduct the overall fee from the Client's account[s].

Financial Planning Services

Financial planning fees are invoiced up to fifty percent (50%) upon execution of the financial planning agreement and with the balance due upon receipt of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than YorkBridge, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian and executing broker-dealer (if separate firms). The investment advisory fee charged by YorkBridge is separate and distinct from these custody and execution fees.

In addition, all fees paid to YorkBridge for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by YorkBridge to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

YorkBridge is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement with YorkBridge, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's written approval.

Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. YorkBridge will assist the Client with the termination and transition as appropriate.

Financial Planning Services

YorkBridge may be partially compensated for its financial planning services at the start of the engagement. Either party may terminate the financial planning agreement, at any time, by providing written notice to the other party. In

addition, the Client may terminate the agreement within five (5) business days of signing the agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate or the percentage completion for a fixed fee engagement. Any unearned, prepaid fees will be promptly refunded. The Client's financial planning agreement with the Advisor is non-transferable without the Client's written approval.

E. Compensation for Sales of Securities

Certain Advisory Persons of YorkBridge may also be registered representatives of Purshe Kaplan Sterling Investments, Inc. (PKS"), a Member of FINRA/SIPC. YorkBridge is not affiliated with PKS. In one's separate capacity as registered representative of PKS, an Advisory Person will receive commissions for the implementation of recommendations for commissionable transactions.

Depending on the needs and preferences of each Client, an Advisory Person of YorkBridge may recommend investment implementation directly through the fee-based offerings of YorkBridge or separately through PKS under a commission-based structure. YorkBridge may also offer trading services for certain qualified clients whereby YorkBridge has the ability to execute trades through PKS and deliver those assets to the Client's account at the Custodian (Please see Item 12).

Compensation earned by an Advisory Person in their capacity as a registered representative is separate and in addition to YorkBridge's advisory fees. This practice presents a conflict of interest as an Advisory Person may have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on Client needs. To mitigate this conflict, Clients are under no obligation, contractually or otherwise, to purchase securities products through one of our Advisory Persons. Further, YorkBridge will not charge an ongoing investment advisory fee on any assets implemented in the separate capacity of one of our Advisory Persons. Please see Item 10.

Certain Advisory Persons may also be licensed as independent insurance professionals. Advisory persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by an Advisory Person is separate and in addition to YorkBridge's advisory fees. This practice presents a conflict of interest as an Advisory Person may have an incentive to recommend insurance products for the purpose of generating commissions rather than solely based on Client needs. Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

YorkBridge does not charge performance-based fees for its investment advisory services. The fees charged by YorkBridge are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

YorkBridge does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

YorkBridge offers investment advisory services to individuals, high net worth individuals, trusts, estates, small businesses and other types of clients in New York and other states (each referred to as a "Client"). The relative percentage of each type of Client is available on YorkBridge's Form ADV Part 1. These percentages will change over time. YorkBridge generally does not impose a minimum size for establishing a relationship, but certain investment strategies may require a minimum for effective implementation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

YorkBridge primarily employs fundamental analysis methods in developing investment strategies for its Clients, but may employ other methods. Research and analysis from YorkBridge is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, YorkBridge generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. YorkBridge will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, YorkBridge may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. YorkBridge will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events to disclose. YorkBridge and its advisory personnel value the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any

advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or by our CRD# 283949.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Certain Advisory Persons of YorkBridge may also be registered representatives of PKS. In an Advisory Person's separate capacity as a registered representative, the Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory person of YorkBridge. Neither YorkBridge nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliations

Advisory Persons of YorkBridge may serve as insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with YorkBridge. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

Other Registered Investment Advisor

On a temporary basis, Advisory Persons of YorkBridge may also be investment advisor representatives of Lebenthal Wealth Advisors, LLC (CRD# 169612 / SEC# 801-78930) while Client accounts are transitioning to YorkBridge. During this transitional period, an Advisory Person will be under the supervision of both Lebenthal and YorkBridge.

Dynasty Affiliation

YorkBridge maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"). Dynasty offers operational and back office core service support to independent registered investment advisors either directly or through its network of third-party service providers. Through the Dynasty network of service providers, YorkBridge has access to trading technology, transition support, reporting, custody, brokerage, investments, compliance, marketing support and other related consulting services.

While YorkBridge believes that this open architecture structure for both operational and investment services best serves the interests of its advisory Clients, this relationship presents certain conflicts of interest due to the fact that Dynasty charges a tiered asset based fee that lowers the fee percentage as assets increase. YorkBridge receives the benefit of asset-based breakpoints with Dynasty. The fee for these services is included in the fees paid by the Client (See Item 5. Fees and Compensation).

Dynasty's subsidiary, Dynasty Wealth Management, LLC ("DWM"), a registered investment advisor, also provides access to a range of investment services, including separately managed accounts ("SMAs"), mutual fund and exchange-traded fund ("ETF") asset allocation strategies and unified managed accounts ("UMAs") managed by external third party managers (collectively the "Investment Programs"). The Advisor may receive more advantageous pricing as assets increase, which may pose a potential conflict of interest with the Client.

YorkBridge may recommend one or more of the Investment Programs to its Clients. While YorkBridge believes the Investment Programs are effective to address the needs of its Clients, this relationship creates a potential conflict of interest as Dynasty charges YorkBridge a basis point fee on program assets that decreases as assets increase. As such an advisor may be incentivized to increase the assets utilizing the Dynasty platform of services in order to decrease its overall expenses. In light of the foregoing, YorkBridge seeks at all times to ensure that any such conflicts are addressed on a fully-disclosed basis and handled in a manner that is aligned with its Clients' best interests. YorkBridge does not receive any portion of the fees paid directly to Dynasty or the

service providers made available through its platform, and the YorkBridge reviews all such relationships on an ongoing basis in an effort to ensure Clients are receiving competitive rates in light of the services they receive.

While YorkBridge believes that this open architecture structure for both operational and investment services best serves the interests of its advisory Clients, this relationship presents certain conflicts of interest due to the fact that Dynasty charges a tiered asset based fee and YorkBridge receives the benefit of asset-based breakpoints with Dynasty. The fee for these services is included in the fees paid by the Client (See Item 5. Fees and Compensation).

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

YorkBridge has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with YorkBridge (herein our “Supervised Persons”). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. YorkBridge and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of YorkBridge Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (212) 574-4070 or via email at info@yorkbridgewealth.com.

B. Personal Trading with Material Interest

YorkBridge allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. YorkBridge does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. YorkBridge does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

YorkBridge allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted, consistent with Section 204A of the Investment Advisers Act of 1940, a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of YorkBridge may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by YorkBridge requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer (“CCO”). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While YorkBridge allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will YorkBridge, or any Supervised Person of YorkBridge, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

YorkBridge does not maintain custody of Client assets and does not have discretionary authority to select the custodian for custody and execution services. The Client will select the custodian (herein the “Custodian”) to safeguard Client assets and authorize YorkBridge to trade within its account[s] at the Custodian. YorkBridge will recommend the Custodian and assist with the paperwork for establishing account[s]. Through the investment advisory agreement and Custodian agreements, the Client shall authorize YorkBridge to access the Client’s account[s] and effect securities trades. The Client may also authorize the Advisor to trade securities away from

the Custodian and arrange for deliver of these securities to the Client's account[s] at the Custodian. For such "trade-away" arrangements, the Custodian will charge a separate trade-away fee in addition to the securities commissions. These trade-away fees are in addition to any commissions and other brokerage fees charged by the executing broker-dealer.

Where YorkBridge does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for execution and/or custody services. YorkBridge may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and the Custodian's reputation. YorkBridge does not receive research services, other products, or compensation as a result of recommending a particular Custodian that may result in the Client paying higher commissions than those obtainable through other broker-dealers/custodians. YorkBridge generally recommends that Clients establish accounts at Charles Schwab, Inc. ("Schwab") or Fidelity Investments Inc. ("Fidelity"), where the Advisor maintains institutional relationships. Please see Item 14.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. YorkBridge does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, YorkBridge does receive economic benefits in connection with its institutional relationships. Please see Item 14 below.

2. Brokerage Referrals - YorkBridge does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - Clients are generally serviced on a "directed brokerage basis", where YorkBridge will place trades within the established account[s] at the Custodian designated by the Client. If authorized, the Advisor may trade away from the Custodian for certain investment types or strategies with the objective of obtaining more favorable execution for Clients. In such instances, Advisory Persons of the Advisor may purchase blocks of securities in their separate capacity with PKS and allocate such investments to Clients. These transactions are considered principal transactions (i.e., trade of any security from or to the Advisor's or Advisory Person's own account[s]).

YorkBridge does not engage in cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). YorkBridge will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. YorkBridge will execute its transactions through an unaffiliated broker-dealer selected by the Client. YorkBridge may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by Advisory Persons of YorkBridge and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify YorkBridge if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by YorkBridge

Selection of Other Advisors

YorkBridge may refer Clients to unaffiliated money managers, as detailed in Item 4. In such arrangements, YorkBridge has a potential conflict of interest in that YorkBridge will receive a portion of the unaffiliated money manager's fee collected from the Client for the referral of the Client and the ongoing relationship management support provided by YorkBridge. To mitigate this conflict of interest, YorkBridge will not charge investment advisory fees on assets referred to an unaffiliated manager under such arrangements.

Participation in Institutional Advisor Platform

YorkBridge has established institutional relationships with Schwab and Fidelity (the "Institutional Platforms") through their divisions dedicated to serving registered investment advisors. As a registered investment advisor participating in the Institutional Platforms, YorkBridge receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at the Institutional Platforms. Services provided by the Institutional Platforms benefit the Advisor and many, but not all services provided by the Institutional Platforms will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from the Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – The Institutional Platforms' brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through the Institutional Platforms, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – The Institutional Platforms provide participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with the Institutional Platforms. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – The Institutional Platforms also offer other services and financial support to YorkBridge that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend the Institutional Platform[s], which results in a potential conflict of interest. YorkBridge believes, however, that the selection of one or both of the Institutional Platforms

as the Custodian is in the best interest of its Clients. The Institutional Platform[s] may make financial support payments directly to vendors on behalf of YorkBridge.

Dynasty has assisted YorkBridge in negotiating or facilitating payments from the Institutional Platform[s] in the form of credits to be applied toward qualifying third party service provider expenses incurred in relation to transition costs or the provision of core services. This may include, but is not limited to, support of YorkBridge's research, marketing, technology or software platforms. In some instances, Dynasty may serve in an administrative capacity to support the disbursement of these funds furnished by the Custodian. The receipt of economic benefits from an Institutional Platform creates a conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over another that does not furnish similar software, systems support or services.

B. Client Referrals from Solicitors

If a Client is introduced to YorkBridge by an unaffiliated referrer (herein a "Solicitor"), YorkBridge may pay the Solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Advisers Act as well as any applicable state securities regulations. Referral fees are paid solely from YorkBridge's investment advisory fees and will not result in any additional charges or higher fees to the Client. The Solicitor will provide the Client with a copy of YorkBridge's Disclosure Brochure along with a Solicitor's Disclosure Statement containing the terms and conditions of the solicitation arrangement including compensation.

Item 15 – Custody

YorkBridge does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a qualified custodian. Clients are required to engage the Custodian to retain their funds and securities and direct YorkBridge to utilize the Custodian for the Client's security transactions. YorkBridge encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

YorkBridge generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by YorkBridge. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by YorkBridge will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

YorkBridge does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither YorkBridge, nor its management, have any adverse financial situations that would reasonably impair the ability of YorkBridge to meet all obligations to its Clients. Neither YorkBridge, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. YorkBridge is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Certified Financial Planner ("CFP®")

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

Certified Financial Planner ("CFP®")

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.
