Item 4 – Advisory Services

A. Firm Information

Bluesphere Advisors LLC (“Bluesphere” or the “Advisor”) is a registered investment advisor located in the Commonwealth of Pennsylvania, which is organized as a Limited Liability Company (“LLC”) under the laws of Pennsylvania. Bluesphere was founded in May 2016, and is owned and operated by Sanjay K. Pawar (President and Chief Executive Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Bluesphere.

B. Advisory Services Offered

Bluesphere offers investment advisory services to individuals, high net worth individuals, trusts, estates and institutional clients in the Commonwealth of Pennsylvania and other states (each referred to as a “Client”).

Investment Management Services

Bluesphere provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Bluesphere works with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a customized investment strategy. Bluesphere will then construct a portfolio, consisting primarily of institutional mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, individual bonds, options and other types of investments, as appropriate, to meet the needs of certain Clients.

Bluesphere’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Bluesphere will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Bluesphere evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Bluesphere may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Bluesphere may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Bluesphere may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Bluesphere will provide investment advisory services and portfolio management services and will not provide securities custodial or other administrative services. At no time will Bluesphere accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the investment advisory agreement.

Financial Planning Services

Bluesphere will typically provide a variety of financial planning services to individuals and families, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client’s financial goals and objectives. Planning engagements may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, insurance personal savings, education savings and other areas of a Client’s financial situation.

Bluesphere may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

Prior to engaging Bluesphere to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Bluesphere, in connection with the Client, will develop an investment strategy that seeks to achieve the Client's investment goals and objectives.
- Asset Allocation – Bluesphere will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Bluesphere will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Bluesphere will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Bluesphere includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Bluesphere Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 –Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

Bluesphere is a newly established advisor. Assets under management shall be reported following the Advisor's December 31, 2016 fiscal year end. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Bluesphere and the Client.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid either monthly or quarterly in advance (the "billing period"), pursuant to the terms of the investment advisory agreement. Investment advisory fees range from 0.75% to 1.50% annually, depending on the size and complexity of the Client relationship. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

Investment advisory fees in the first billing period of service are prorated from the inception date of the account[s] to the end of the first billing period. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Bluesphere will be independently valued by the Custodian. Bluesphere will not have the authority or responsibility to value portfolio securities.

Financial Planning Services

Bluesphere offers financial planning services at an hourly rate of up to \$300 per hour or on a fixed engagement fee ranging from \$2,000 to \$40,000. Fees may be negotiable depending on the nature and complexity of each Client's circumstances. An estimate for total hours and/or costs will be determined prior to engaging Bluesphere for these services.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

B. Fee Billing

Investment Management Services

Investment advisory fees will be calculated by the Advisor and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] for the billing period. The amount due is calculated by applying the monthly or quarterly rate to the total assets under management with Bluesphere at the end of the prior period end. The Client acknowledges and agrees that if there is a shortfall in liquid cash or equivalents in your Account[s], the Advisor will instruct the Custodian to liquidate the necessary positions in such Account[s] to cover the amount of the fees under this Agreement.

Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Bluesphere to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning and consulting fees are invoiced up to fifty percent (50%) of the expected fee upon execution of the financial planning agreement and the balance upon completion of the engagement deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Bluesphere may include securities transactions costs as part of its overall investment advisory fee through the Bluesphere Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Bluesphere for investment advisory services or part of the Bluesphere Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, trade away fees and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Bluesphere to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Management Services

Bluesphere is compensated for its investment advisory services in advance of the period, prior to rendering its services. Either party may terminate the investment advisory agreement with Bluesphere, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination and any unearned, prepaid fees will be promptly refunded. The investment advisory agreement is not transferrable without the consent of the other party.

Financial Planning Services

Bluesphere may be partially compensated for its financial planning services in advance. Either party may terminate the planning agreement, at any time, by providing written notice to the other party. In addition, the Client may terminate the agreement within five (5) business days of signing the Advisor's financial planning agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for actual hours logged on the planning project times the agreed upon hourly rate or the percentage completed for a fixed fee engagement. Refunds will be given on a pro rata basis. The investment advisory agreement is not transferrable without the consent of the other party.

E. Compensation for Sales of Securities

Bluesphere does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Bluesphere does not charge performance-based fees for its investment advisory services. The fees charged by Bluesphere are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Bluesphere does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Bluesphere offers investment advisory services to individuals, high net worth individuals, trusts, estates and institutional clients. The relative percentage of each type of Client is available on Bluesphere's Form ADV Part 1. These percentages will change over time. Bluesphere generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Bluesphere may employ fundamental analysis and other methods in developing investment strategies for its Clients. Research and analysis from Bluesphere is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Bluesphere generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Bluesphere will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Bluesphere may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Bluesphere will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Bluesphere may use margin with Client accounts to manage the timing of purchases and sales, as appropriate. Bluesphere may also employ options strategies to hedge or gain additional exposure.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Bluesphere or any of its Supervised Persons. Bluesphere values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching for our firm name or by our CRD# 283972.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Recommendations

Advisory Persons of Bluesphere may serve as licensed insurance professionals. Bluesphere and its Advisory Persons maintain insurance licensing to assist Clients, but do not seek to earn additional compensation in the

form of commissions. Bluesphere may implement no-commission insurance products, support existing insurance products and/or refer Clients to unaffiliated insurance professionals or firms, which will receive a commission for the implementation of recommendations. If Bluesphere implements an insurance product for a Client, they will first seek products that do not pay a commission. If a commissionable product is deemed the best option for the Client and is implemented directly by Bluesphere or its Advisory Persons, Bluesphere will seek to have commissions waived or rebated to the Client. If the commission cannot be waived or rebated, Bluesphere will coordinate with the Client to donate the commission to a charity, as allowable by law. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Bluesphere has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Bluesphere (our "Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Bluesphere and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Bluesphere associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (610) 277-1515.

B. Personal Trading with Material Interest

Bluesphere allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Bluesphere does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Bluesphere does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Bluesphere allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Bluesphere may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Bluesphere requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Bluesphere allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Bluesphere, or any Supervised Person of Bluesphere, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Bluesphere does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Bluesphere to direct trades to the Custodian as agreed in the investment advisory agreement. Further, Bluesphere does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Bluesphere does not exercise discretion over the selection of the Custodian, it does generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-

dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Bluesphere maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab (Please see Item 14 below.). Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **Bluesphere does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, Bluesphere does receive economic benefits from its relationship with Schwab. Please see Item 14 below.**

2. Brokerage Referrals - Bluesphere does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Bluesphere will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Bluesphere will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Bluesphere will execute its transactions through an unaffiliated broker-dealer selected by the Client. Bluesphere may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by the Advisory Person designated to the Client's account[s] as well as Mr. Pawar, the CCO of Bluesphere. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Bluesphere if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the custodian to the Client. The Client may also establish electronic access to the custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Bluesphere

Participation in Institutional Advisor Platform

Bluesphere has established an institutional relationship with Schwab through its “Schwab Advisor Services” unit, a division of Schwab dedicated to serving independent advisory firms like Bluesphere. As a registered investment advisor participating on the Schwab Advisor Services platform, Bluesphere receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Bluesphere that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Bluesphere believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Bluesphere does not engage paid solicitors for Client referrals.

Item 15 – Custody

Bluesphere does not accept or maintain custody of any Client accounts, except for the authorized deduction of its fee. All Clients must place their assets with a qualified custodian. Clients are required to execute agreements with the Custodian to retain their funds and securities and direct Bluesphere to utilize the Custodian for the Client's security transactions. Bluesphere encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see “Item 12 - Brokerage Practices”.

Item 16 – Investment Discretion

Bluesphere generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Bluesphere. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by Bluesphere will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Bluesphere does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Bluesphere, nor its management, have any adverse financial situations that would reasonably impair the ability of Bluesphere to meet all obligations to its Clients. Neither Bluesphere, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Bluesphere is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 19 – Requirements for State Registered Advisors

A. Educational Background and Business Experience of Principal Officer

The Principal of Bluesphere is Sanjay K. Pawar. Information regarding the formal education and background of Mr. Pawar is included in Item 2 of Part 2B below.

B. Other Business Activities of Principal Officer

Insurance Recommendations

Mr. Pawar is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from his role with Bluesphere. As an insurance professional, Mr. Pawar may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Pawar is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Pawar or the Advisor.

Pawar Consulting LLC

Mr. Pawar is also President and Owner of Pawar Consulting LLC of East Norriton, Pennsylvania. Pawar Consulting LLC is a business sales consulting firm. In this capacity, Mr. Pawar works with business owners to sell their entities by assisting with valuation and deal making while working to finalize the sale with attorneys. Item 4 – Services Fees and Compensation

Services

Bluesphere Advisors LLC (“Bluesphere” or the “Advisor”) provides customized investment management services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Bluesphere Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Bluesphere as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Bluesphere may include normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Bluesphere Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Bluesphere’s investment philosophy and related services.**

Program Costs

Advisory services provided by Bluesphere may be offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Bluesphere. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided be to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

Fees

Investment advisory fees are paid either monthly or quarterly in advance (the “billing period”), pursuant to the terms of the investment advisory agreement. Investment advisory fees range from 0.75% to 1.50% annually, depending on the size and complexity of the Client relationship. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

Investment advisory fees in the first billing period of service are prorated from the inception date of the account[s] to the end of the first billing period. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Bluesphere will be independently valued by the Custodian. Bluesphere will not have the authority or responsibility to value portfolio securities.

Investment advisory fees will be calculated by the Advisor and deducted from the Client’s account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client’s account[s] for the billing period. The amount due is calculated by applying the monthly or quarterly rate to the total assets under management with Bluesphere at the end of the prior period end. The Client acknowledges and agrees that if there is a shortfall in liquid cash or equivalents in your Account[s], the Advisor will instruct the Custodian to liquidate the necessary positions in such Account[s] to cover the amount of the fees under this Agreement.

Investment advisory fees in the first billing period of service are prorated from the inception date of the account[s] to the end of the first billing period. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Bluesphere will be independently valued by the Custodian. Bluesphere will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Bluesphere. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Under this Wrap Fee Program, Bluesphere includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Bluesphere for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, trade away fees and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Bluesphere to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Please refer to the complete Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the services provided by Bluesphere and the Brochure Supplement for the background of the Supervised Persons of Bluesphere.

Performance-Based Fees

Bluesphere does not charge performance-based fees for its investment advisory services. The fees charged by Bluesphere are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Bluesphere does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Bluesphere will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Voting Client Securities

Bluesphere does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Bluesphere is the sponsor and sole portfolio manager for the Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. Please also see the Bluesphere Privacy Policy (included after this Wrap Fee Program Brochure).

Item 9 – Additional Information

Disciplinary Information and Other Financial Industry Activities and Affiliations

Disciplinary Information

Bluesphere values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching for our firm name or by our CRD# **283972**. Please see Item 9 of the Bluesphere Disclosure Brochure as well as Item 3 of each Advisory Person's Brochure Supplement (included with this Wrap Fee Program Brochure) for additional information on how to research the background of the Advisor and its Advisory Persons.

Other Financial Activities and Affiliations

Please see Items 10 and 14 of the Bluesphere Disclosure Brochure as well as Items 4 and 5 of each Advisory Person's Brochure Supplement (included with this Wrap Fee Program Brochure).

Code of Ethics, Review of Accounts, Client Referrals, and Financial Information

Bluesphere has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons subject to Bluesphere's compliance program (our "Supervised Persons"). Complete details on the Bluesphere Code of Ethics can be found under Item 11 – Code of Ethics, Participation in Client Transactions and Personal Trading in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Review of Accounts

Investments in Client accounts are monitored on a regular basis by Sanjay K. Pawar, Principal and Chief Compliance Officer of Bluesphere. Please see Item 13 of the Disclosure Brochure (included with this Wrap Fee Program Brochure).

Other Compensation

Participation in Institutional Advisor Platform

Where Bluesphere does not exercise discretion over the selection of the Custodian, it does generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Bluesphere maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Bluesphere has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Bluesphere. As a registered investment advisor participating on the Schwab Advisor Services platform, Bluesphere receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Bluesphere that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Bluesphere believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Please see Item 14 – Other Compensation in the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on additional compensation that may be received by Bluesphere. The Brochure Supplements for each Advisory Person (also included with this Wrap Fee Program Brochure) provide details on outside business activities and the associated compensation, for all Supervised Person[s] with Bluesphere.

Client Referrals from Solicitors

Bluesphere does not engage paid solicitors for Client referrals.

Financial Information

Neither Bluesphere, nor its management has any adverse financial situations that would reasonably impair the ability of Bluesphere to meet all obligations to its Clients. Neither Bluesphere, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Bluesphere is not required to deliver a balance sheet along with this Disclosure Brochure, as the firm does not collect advance fees of \$500 or more for services to be performed six months or more in advance.

Certified Financial Planner ("CFP®")

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- **Education** – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- **Examination** – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- **Experience** – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- **Ethics** – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- **Continuing Education** – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- **Ethics** – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
