B. Advisory Services Offered

E2I offers advisory services to individuals, high net worth individuals, families, trusts, estates, businesses, and retirement plans (each referred to as a “Client”). E2I provides a holistic approach to its wealth advisory services. Client engagements typically include comprehensive financial planning and investment management services as described below. Services are tailored to the unique needs of each Client.

Investment Management Services

E2I provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and planning services. E2I works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. E2I customizes its investment management services for its Clients. E2I will implement the investment strategy with its internal management and/or the use of unaffiliated money managers or investment platforms (as described below).

Internal Investment Management - Portfolios may be constructed using open-end mutual funds, exchange-traded funds (“ETFs”), individual equity securities and or individual fixed income securities. For certain Clients, the Advisor may utilize tax-free municipal bonds and other types of investments. For certain Clients, the Advisor may employed leveraged ETFs and or the short-term use of margin. For mutual funds, the Advisor selects active and passive managers and will seek institutional share classes when available. The Advisor will evaluate legacy positions for inclusion in the Client’s portfolio and will consider the tax implications on changes to the portfolio. The Advisor may also advise upon or utilize other types of investments as appropriate.

E2I generally employs a long-term investment approach for Clients, but may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. E2I will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

E2I will provide investment management and related advisory services. At no time will E2I accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. For additional information, please see Item 12 – Brokerage Practices and Item 15 – Custody.

Use of Independent Managers - E2I may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively “Independent Managers”). Independent Managers may be sourced directly or accessed through an investment

management platform. The Client will be required to enter into a separate agreement with the Independent Manager[s]. E2I serves as the Client's primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. E2I will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. E2I will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties.

The Client, prior to entering into an agreement with an Independent Manager, will be provided with the Form ADV Part 2A (or a brochure that makes the appropriate disclosures) of those parties. E2I does not receive any compensation from these Independent Managers or Investment Platforms, other than E2I's investment advisory fee (described in Item 5).

Financial Planning Services

E2I will typically provide to its Clients a variety of financial planning services. Such services are typically included in the overall advisory services provided by the Advisor. Services may be provided in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, distributions, personal savings, education savings, spending, insurance and other areas of a Client's financial situation. E2I may deliver specific planning modules to the Client or a comprehensive plan, based on the needs of the Client.

In certain circumstances, E2I may also refer Clients to an accountant, attorney or other specialist, as appropriate for the Client's unique situation. For certain financial planning engagements, the Advisor will generally provide a written report that contains observations and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor. Financial planning services may be included in an overall wealth management engagement or provided as a separate service, pursuant to the terms of the agreement with the Client.

Retirement Plan Advisory Services

E2I provides plan advisory services to company retirement plans (each a "Plan") and the sponsor of the Plan (herein the "Plan Sponsor"). Services are tailored to the size and complexity of the Plan and the needs of the Plan Sponsor and/or the participants in the Plan (each a "Plan Participant"), pursuant to the terms of the retirement plan advisory agreement. These services may include:

- Participant Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Management Services (Discretionary or Non-discretionary)
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Vendor Analysis and Benchmarking

E2I may provide retirement plan advisory services on behalf of the Plan and Plan Sponsor on either a non-discretionary (under ERISA 3(21)) or a discretionary basis (under ERISA 3(38)). Further, the Advisor may also be engaged to provide investment management for the accounts of the Plan Participants.

C. Client Account Management

Prior to engaging E2I to provide advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – E2I will work with each Client to develop a custom investment strategy designed in connection with the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – E2I will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – E2I will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – E2I will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

E2I does not sponsor a wrap fee program.

E. Assets Under Management

As of December 31, 2017, the Advisor manages approximately \$149,500,000 in assets, all of which are on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of E2I and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Fees are at an annual rate ranging from 0.10% to 2.00%, depending on the size of the relationship and complexity of the services to be provided. Fees are based on the market value of assets under management with the Advisor at the end of the prior calendar quarter.

The investment advisory fee in the first quarter of service is prorated from the inception date of the Client's account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by E2I will be independently valued by the Custodian (as discussed in Item 12 – Brokerage Practices). E2I will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to E2I's right to terminate an account. Additions may be in cash or securities provided that E2I reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to E2I, subject to the usual and customary securities settlement procedures. However, E2I designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. E2I may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Use of Independent Managers

For Client account[s] implemented through an Independent Manager, the Client's overall fees will often include E2I's investment advisory fee (as noted above) plus advisory fees and/or platform fees charged by the Independent Manager[s], as applicable. The Independent Manager may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s]. In such instances, E2I will not charge its fee separately on those assets.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, generally in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are based on the market value of assets in the Plan at the end of each prior quarter or at a fixed quarterly fee. Fees range from 0.10% to 1.00% annually and may be negotiable depending on the size and complexity of the Plan. Certain Clients may have fee schedules that differ from the schedule above.

B. Fee Billing

Investment Advisory Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with E2I at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients provide written authorization permitting E2I to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. These parties will typically add E2I's investment advisory fee and deduct the overall fee from the Client's account[s].

Retirement Plan Advisory Services

Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than E2I, in connection with investments made on behalf of the Client's account[s]. The Client shall be responsible for all securities transaction fees charged by the Custodian for trading in the Client's account[s].

In addition, all fees paid to E2I for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by E2I to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Advisory Services

E2I is compensated for its investment advisory services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. E2I will assist the Client with the termination and transition as appropriate.

Retirement Plan Advisory Services

E2I may be compensated for its services in advance of the quarter in which retirement plan advisory services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for advisory fees up to and including the effective

date of termination. The Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement[s] with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

E2I does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons of E2I may also be registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of PKS, an Advisory Person may implement securities transactions under PKS and not through E2I. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate from and in addition to E2I's advisory fees. Please see Item 10.

Certain Advisory Persons may also be licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on the Client's needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

E2I does not charge performance-based fees for its investment advisory services. The fees charged by E2I are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

E2I does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

E2I offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, businesses and retirement plans. The amount of each type of Client is available on the Advisor's Form ADV Part 1A. These amounts may change over time and are updated at least annually by the Advisor. E2I generally does not impose a minimum size for establishing a relationship. However, certain investments and strategies may require certain minimums for effective implementation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

E2I primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from E2I is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

As noted above, E2I generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. E2I will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, E2I may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. E2I will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Below are some additional risks that Clients should understand.

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving E2I or its Supervised Persons. E2I values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 285987.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

Advisory Persons of E2I are also registered representatives of PKS. In an Advisory Person's separate capacity as a registered representative, the Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person of E2I. Neither E2I nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative. Under supervision by PKS, PKS may have access to certain confidential information of the Client, including, but not limited to financial information, investment objectives, transactions and holdings information.

Insurance Agency Affiliations

Advisory Persons of E2I may serve as insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with E2I. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending insurance products. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

DBA Names

Advisory Persons of the Advisor may also use a "doing business as" or "dba" name in connection with the advisory services provided under E2I. The Advisor uses the following dba names:

- Weitz Financial Group
- Valda Advisors

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

E2I has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with E2I (our "Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. E2I and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of E2I associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address ethics and conflicts of interest. To request a copy, please contact us at (877) 356-1058.

B. Personal Trading with Material Interest

E2I allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. E2I does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. E2I does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

E2I allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, employees of E2I may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by E2I requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While E2I allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. At no time will any associated person of E2I, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

E2I does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize E2I to direct trades to the Custodian as agreed in the investment advisory agreement. Further, E2I does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where E2I does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by E2I. As its Advisory Persons are also registered representatives of PKS, E2I and its Advisory Persons are limited in the Custodians in which they can recommend to Clients. Typically, E2I will recommend that Clients establish their account[s] with Raymond James Financial Services, Inc. ("RJFS") or Charles Schwab & Co., Inc. ("Schwab"). RJFS and Schwab serve as "qualified custodians" for Client accounts. The Advisor maintains institutional relationships with RJFS and Schwab. please see Item 14 below.

Factors which the Advisor considers in recommending RJFS or Schwab to Clients include their respective financial strength, reputation, execution, pricing, research service, and/or the location of the Custodian's offices. RJFS may enable the Advisor to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. The commissions and/or transaction fees charged by RJFS and Schwab may be higher or lower than those charged by other financial institutions. The Advisor maintains an institutional relationship with RJFS and Schwab, whereby the Advisor receives certain benefits. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. E2I does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian, but does receive economic benefits from the Custodians. Please see Item 14.

2. Brokerage Referrals - E2I does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where E2I will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s] at the Custodian. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). E2I will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required. E2I will execute its transactions through the Custodian. E2I may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Mr. Marquez. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client. Clients are offered an annual financial plan, subject to scope of their agreement with the Advisor.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify E2I if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by E2I

E2I does not receive securities commissions from product sponsors, broker-dealers or any un-related third party. E2I may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, E2I may receive referrals of new Clients from a third-party. However, E2I and certain Supervised Persons do receive compensation and other economic benefits from PKS as detailed below.

Participation in Institutional Advisor Platform (RJFS)

E2I has established institutional relationship with RJFS to assist the Advisor in managing Client account[s]. The Advisor receives access to software and related support as part of its relationship with RJFS. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of the Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor receives the following benefits from RJFS: financial start-up support; reimbursement to Clients for transfer costs to the platform/custodian; financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

Participation in Institutional Advisor Platform (Schwab)

Wealth Bridge has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Wealth Bridge. As a registered investment advisor participating on the Schwab Advisor Services platform, Wealth Bridge receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab’s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client’s funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services support to Wealth Bridge that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Wealth Bridge believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

If a Client is introduced to E2I by an unaffiliated solicitor (herein “Solicitor”), E2I may pay the Solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940 as well as any applicable state securities regulations. Referral fees are paid solely from E2I’s investment advisory fees and do not result in any additional charges or higher fees to the Client. The Solicitor will provide the Client with a copy of E2I’s Disclosure Brochure along with a Solicitor’s Disclosure Statement containing the terms and conditions of the solicitation arrangement including compensation.

Item 15 – Custody

E2I does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor’s fee. All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct E2I to utilize the Custodian for the Client’s security transactions. E2I encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

E2I generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by E2I. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client’s execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by E2I will be in accordance with each Client’s investment objectives and goals. For Clients with account[s] established at an Independent Manager, those account[s] will also be managed by those parties on a discretionary basis.

Item 17 – Voting Client Securities

E2I does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither E2I, nor its management, have any adverse financial situations that would reasonably impair the ability of E2I to meet all obligations to its Clients. Neither E2I, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. E2I is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
