Registered Representative of a Broker-Dealer

John S. The receipt of compensation and other incentive benefits may affect the judgment of John S. Thomas when recommending products to its clients. While John S. Thomas endeavors at all times to put the interest of his clients first as a part of Global Wealth Management Investment Advisory, Inc.'s overall fiduciary duty to clients, clients should be aware that the receipt of commissions and additional compensation itself creates a conflict of interest, and may affect John S. Thomas's decision making process when making recommendations in that he has an incentive to recommend investment products based on compensation received, rather than on the client's needs. We manage this conflict of interest by ensuring our representatives review suitability of advisory clients for

insurance recommendations prior to making any such recommendations and fully disclosing to a client when a particular transaction will result in the receipt of commissions or other associated fees.
