Item 4 Services, Fees and Compensation

A.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary and/or non-discretionary investment advisory services on a wrap or non-wrap *fee* basis. (*See* discussion below). If a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (*i.e.* investment advisory, brokerage, custody). The services included in a wrap fee agreement will depend upon each client's particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (*i.e.* investment advisory, brokerage, custody).

PARISI GRAY WRAP PROGRAM

The Registrant may provide discretionary or non-discretionary investment management services on a wrap fee basis in accordance with the Registrant's investment management wrap fee program (the "Program"). Under the Program, the Registrant is able to offer participants discretionary or non-discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, account maintenance, investment management fees, and in some instances, fees charged by independent managers and/or separately managed accounts. However, clients may be responsible for amounts including, but not limited to, trustee fees, mutual fund expenses, ETF expenses, mark-ups, mark-downs, transfer taxes, fees charged by certain independent managers and/or separately managed accounts (when such managers require the client to enter into a dual contract relationship) odd lot differentials, exchange fees, interest charges, American Depository Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts. (Such fees are in addition to any fees paid by the client to the Registrant and are between the client and the account custodian.)

The current annual Program fee ranges from negotiable up to 2.5%, based upon various objective and subjective factors. As a result, Registrant's clients could pay diverse fees based upon the market value of their assets, the complexity of the engagement, and the level and scope of the overall investment advisory services to be rendered. As a result of these factors, the services to be provided by the Registrant to any particular client could be available from other advisers at lower fees. All clients and prospective clients should be guided accordingly.

The terms and conditions for client participation in the Program are set forth in detail in this Wrap Fee Program Brochure, which is presented to all prospective Program participants in accordance with disclosure requirements. All prospective Program participants should read both the Brochure and the Wrap Fee Program Brochure, and ask any corresponding questions that they may have, prior to participation in the Program.

Please Note: Participation in the Program may cost more or less than purchasing such services separately. When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its asset management services, the balance of the wrap fee

after all other costs (including account Transaction Based Fees or Asset Based Fees) incorporated into the wrap fee have been deducted. The Program fee charged by the Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Conflict of Interest: Because Program transaction fees and/or commissions are being paid by the Registrant to the account custodian/broker-dealer, to the extent that a client has elected to pay Transaction Based Fees (see discussion below) the Registrant has an economic incentive to maximize its compensation by seeking to minimize the number of trades in the client's account. The Registrant's Compliance Officer remains available to address any questions that a client or prospective client may have regarding the corresponding conflict of interest a wrap fee arrangement may create.

Under the Program, the Registrant shall be provided with written authority to determine which securities and the amounts of securities that are bought or sold. Any limitations on this authority shall be included in the written agreement between each client and the Registrant. Clients may change/amend these limitations, in writing, at any time. The client shall have reasonable access to one of the Registrant's investment professionals to discuss their account.

Pershing, LLC ("Pershing") a wholly owned subsidiary of the Bank of New York Mellon Corporation, shall serve as the custodian for Program accounts.

Wrap Program Trading Costs: Asset-Based Fees versus Transaction-Based Fees:

Custodians such as Pershing are compensated for their services which include, but are not limited to, execution, custody and reporting. Pershing can charge a fixed percentage fee for their services based upon the dollar amount of the assets placed in their custody and/or on their platform. This is referred to as an "Asset-Based Fee." In the alternative, rather than a fixed percentage fee based upon the market value of the assets in its custody, Pershing could charge a separate fee for the execution of each transaction. This is referred to as a "Transaction-Based Fee." Under a Transaction Based fee, the amount of total fees charged to the client account for trade execution will vary depending upon the number of transactions that are placed for the account.

Because Registrant cannot predict the markets and the amount of trading that will occur in a client account, Registrant generally favors Asset-Based pricing because it will fix the amount of the fee paid from the account for trade execution, regardless of the number of transactions that are placed for the account. However, Registrant, on an annual basis, will conduct a sampling to confirm its belief (given the inability to predict the markets and the corresponding amount of trading that will occur) that Asset-Based pricing continues to be beneficial for its clients. Prior to engaging Pershing regardless of pricing (Asset-Based versus Transaction-Based), the client will be required to execute a separate agreement with Pershing agreeing to such pricing/fees.

Registrant's Chief Compliance Officer, David P. Gray, remains available to address any questions that a client or prospective client may have regarding Asset-Based versus Transaction- Based pricing

Fee Calculation: The fee charged is calculated as described above and is not charged on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client, pursuant to Section 205(a)(1) of the Investment Advisers Act of 1940, as amended (hereinafter the “Act”).

Fee Payment: Clients will be charged in advance at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value, plus any credit balance or minus any debit balance), of the client's account at the end of the previous quarter. Clients authorize the Registrant to directly debit its advisory fee by executing an *Investment Management Agreement*. The Registrant shall send to the client's Custodian written notice of the amount of the Registrant's advisory fee to be deducted, on a quarterly basis, from the client's account.

Termination of Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of prior written notice. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable.

Please Note: Investment Performance: As a condition to participating in the Program, the participant must accept that past performance may not be indicative of future results, and understand that the future performance of any specific investment or investment strategy (including the investments and/or investment strategies purchased and/or undertaken by the Registrant) may not: (1) achieve their intended objective; (2) be profitable; or, (3) equal historical performance level(s) or any other performance level(s).

Client Responsibilities: In performing any of its services, the Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Furthermore, unless the client indicates to the contrary, the Registrant shall assume that there are no restrictions on its services, other than to manage the account in accordance with the client's designated investment objective. Moreover, it remains each client's responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising the Registrant's previous recommendations and/or services.

- B. Participation in the Program may cost more or less than purchasing such services separately. Also the Program fee charged by the Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Depending upon the percentage wrap-fee charged by the Registrant, the amount of portfolio activity in the client's account, and the value of custodial and other services provided, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately.

- C. The Program's wrap fee does not include certain charges and administrative fees, including, but not limited to, fees charged by certain independent managers and/or separately managed accounts (when such managers require the client to enter into a dual contract relationship), transaction charges (including mark-ups and mark-downs) resulting from trades effected through or with a broker-dealer other than Pershing, transfer taxes, odd lot differentials, exchange fees, interest charges, American Depository

Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts. Such fees and expenses are in addition to the Program's wrap fee.

- D. The Registrant's related persons who recommend the Program to clients do not receive compensation as a result of a client's participation in the wrap fee program.

Item 5 Account Requirements and Types of Clients

The Registrant's clients shall generally include individuals, business entities, pension and profit sharing plans, trusts, estates and charitable organizations. The Registrant does not generally require an account minimum for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee based upon certain criteria (*i.e.* anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 6 Portfolio Manager Selection and Evaluation

- A. The Registrant generally recommends that clients authorize the active discretionary management of all or a portion of their assets by and/or among certain independent investment manager(s) and/or separately managed accounts ("Independent Manager(s)"). To the extent applicable, the Registrant shall recommend/select Independent Managers consistent with the client's investment objectives. Factors which the Registrant shall consider in recommending/selecting Independent Managers include the client's stated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

The specific terms and conditions under which the client engages an Independent Manager may be set forth in a separate contract between the client and the Independent Manager (dual contract relationship). Also, when required, the client shall receive a copy of the Independent Manager's disclosure Brochure. As noted above, when an Independent Manager requires the client to enter into a dual contract relationship, the Independent Manager's fee shall be separate from and in addition to the Program fee charged by the Registrant.

However, the Registrant shall continue to render advisory services to the client relative to the ongoing monitoring and reviewing of account performance, for which the Registrant shall receive an annual advisory fee which is based upon a percentage of the market value of the assets being managed by the designated Independent Manager.

- B. The Registrant acts as the portfolio manager for the Program. Inasmuch as the execution costs for transactions effected in the client account will be paid by the Registrant, a potential conflict of interest arises in that the Registrant would have a disincentive to trade securities in the client account. In addition, the amount of compensation received by the Registrant as a result of the client's participation in the Program may be more than what the Registrant would receive if the client paid separately for investment advice, brokerage and other services.

OTHER ADVISORY SERVICES

As discussed below, the Registrant also offers to its clients discretionary and non-discretionary investment advisory services on a non-wrap fee basis, and, to the extent specifically requested by a client, financial planning and related consulting services.

NON-WRAP FEE BASIS

If the client determines to engage the Registrant on a non-wrap *fee* basis the client will select individual services on an unbundled basis, paying for each service separately (*i.e.* investment advisory, brokerage, custody). The Registrant's non-wrap investment advisory services are provided on a discretionary or non-discretionary basis. The Registrant's annual fee for advisory services on a non-wrap fee basis is based upon a percentage (%) of the market value of the assets placed under the Registrant's management, generally from negotiable up to 1.85%.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

The Registrant provides financial planning and consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$500 up to \$25,000 on a fixed fee basis, depending upon the level, complexity, and scope of the service(s) required and the professional(s) rendering the service(s).

RETIREMENT CONSULTING

The Registrant's pension consulting services are provided for a fee calculated based upon a percentage of the plan's assets. The Registrant's percentage fee is based upon the scope and the complexity of the services to be rendered. The terms and conditions of the engagement shall be set forth in a *Retirement Plan Consulting Agreement* between the Registrant and the plan sponsor.

MISCELLANEOUS DISCLOSURES

Limitations of Financial Planning and Non-Investment Consulting/Implementation Services. As indicated above, to the extent requested by a client, Registrant may provide financial planning and related consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Registrant does not serve as an attorney or accountant, and no portion of its services should be construed as legal or accounting services. Accordingly, Registrant does not prepare estate planning documents or tax returns. To the extent requested by a client, Registrant may recommend the services of other professionals for certain non-investment implementation purpose (*i.e.* attorneys, accountants, insurance agents, etc.), including representatives of Registrant in their separate individual capacities as representatives of PKS or as licensed insurance agents.

Please Note-Conflict of Interest: The recommendation by Registrant's representative that a client purchase a securities or insurance commission product through Registrant's representative in their separate and individual capacities as registered representatives of

PKS and/or as an insurance agents, presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment or insurance products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any securities or insurance commission products through any such representative. Clients are reminded that they may purchase securities and insurance products recommended by Registrant through other, non-affiliated broker-dealers and/or insurance agencies. **Registrant's Chief Compliance Officer, David P. Gray, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Please Note: Non-Discretionary Service Limitations. Clients that determine to engage the Registrant on a non-discretionary investment advisory basis must be willing to accept that the Registrant cannot effect any account transactions without obtaining prior consent to any such transaction(s) from the client. Thus, in the event of a market correction during which the client is unavailable, the Registrant will be unable to effect any account transactions (as it would for its discretionary clients) without first obtaining the client's consent.

Please Note: Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being no guarantee that such anticipated market conditions/events will occur), the Registrant maintains cash positions for defensive purposes. All cash positions (money markets, etc.) shall be included as part of assets under management for purposes of calculating the Registrant's advisory fee. When the account is holding cash positions, those cash positions will be subject to the same advisory fee as non-cash positions.

Please Note: Retirement Rollovers-Potential for Conflict of Interest: If the Registrant recommends that a client roll over their retirement plan assets into an account to be managed by the Registrant, such a recommendation creates a conflict of interest since the Registrant has an economic incentive to recommend that clients rollover assets from their existing plan because the Registrant will earn an advisory fee on the additional assets. The client has options other than rolling over the assets to an account managed by the Registrant, including managing the assets without the assistance of the Registrant as part of their current employer sponsored retirement plan or by rolling over the assets to an IRA. In both cases, the client would not be required to pay additional fees to the Registrant and the client would be responsible for managing the assets on their own. **No client is under any obligation to rollover retirement plan assets to an account managed by the Registrant.**

Use of Mutual Funds. While the Registrant may recommend allocating investment assets to mutual funds that are not available directly to the public, the Registrant may also recommend that clients allocate investment assets to publically-available mutual funds that the client could obtain without engaging Registrant as an investment advisor. However, if a client or prospective client determines to allocate investment assets to publically-available mutual funds without engaging Registrant as an investment adviser, the client or prospective client would not receive the benefit of Registrant's initial and ongoing investment advisory services.

Independent Managers. The Registrant may allocate (and/or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers in accordance with the client's designated investment objective(s).

In such situations, the *Independent Manager(s)* shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant shall continue to render investment advisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending *Independent Manager(s)* include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement* or *Financial Planning and Consulting Agreement*.

The Registrant shall provide investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will discuss with each client, their particular investment objective(s). The Registrant shall allocate each client's investment assets consistent with their designated investment objective(s). Clients may, at any time, impose restrictions, in writing, on the Registrant's services.

There is no material difference between how the Registrant manages wrap fee accounts and non-wrap fee accounts. However, as stated above, if a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (*i.e.* investment advisory, brokerage, custody) (*See* Item 4.A). The services included in a wrap fee agreement will depend upon each client's particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (*i.e.* investment advisory, brokerage, custody). **Please Note:** When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted.

Performance Based Fees and Side-By-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Methods of Analysis, Investment Strategies and Risk of Loss

- **Fundamental** - (analysis performed on historical and present data, with the goal of making financial forecasts)
- **Technical** – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s). Investing in securities involves risk of loss that clients should be prepared to bear.

- B. The Registrant's method of analysis and investment strategy does not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, the Registrant may also utilize certain options transactions. (*See discussion below*).

Covered Call Writing. Covered call writing is the sale of in-, at-, or out-of- the money call option against a long security position held in a client portfolio. This type of transaction is used to generate income. It also serves to create downside protection in the event the security position declines in value. Income is received from the proceeds of the option sale. Such income may be reduced to the extent it is necessary to buy back the option position prior to its expiration. This strategy may involve a degree of trading velocity, transaction costs and significant losses if the underlying security has volatile price movement. Covered call strategies are generally suited for companies with little price volatility.

Currently, the Registrant primarily allocates client investment assets among various exchange traded funds and mutual funds and individual equities (stocks) on a discretionary basis in accordance with the client's designated investment objective(s).

Voting Client Securities

Unless the client directs otherwise in writing, the Registrant is responsible for voting client proxies (however, the client shall maintain exclusive responsibility for all legal proceedings or other type events pertaining to the account assets, including, but not limited to, class action lawsuits). The Registrant shall vote proxies in accordance with its Proxy Voting Policy, a copy of which is available upon request. The Registrant shall monitor corporate actions of individual issuers and investment companies consistent with the Registrant's fiduciary duty to vote proxies in the best interests of its clients. Although the factors that Registrant will consider when determining how it will vote differ on a case by case basis, they may include, but are not limited to, the following: a review of recommendations from issuer management, shareholder proposals, cost effects of such proposals, effect on employees and executive and director compensation. With respect to individual issuers, the Registrant may be solicited to vote on matters including corporate governance, adoption or amendments to compensation plans (including stock options), and matters involving social issues and corporate responsibility. With respect to investment companies (*e.g.*, mutual funds), the Registrant may be solicited to vote on matters including the approval of advisory contracts, distribution plans, and mergers. The Registrant shall maintain records pertaining to proxy voting as required pursuant to Rule 204-2 (c)(2) under the Advisers Act. Copies of Rules 206(4)-6 and 204-2(c)(2) are available upon written request. In addition, information pertaining to how the Registrant voted on any specific proxy issue is also available upon written request. Requests should be made by contacting the Registrant's Chief Compliance Officer.

Item 7 Client Information Provided to Portfolio Managers

The Registrant shall be the Program's portfolio manager. The Registrant shall provide investment advisory services specific to needs of each client. Prior to providing investment advisory services, an investment adviser representative will discuss with each client, their particular investment objective(s). The Registrant shall allocate each client's investment assets consistent with their designated investment objective(s). Clients may, at any time, impose restrictions, in writing, on Registrant's services.

As indicated above, each client is advised that it remains their responsibility to promptly notify the Registrant if there is ever any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Registrant's previous recommendations and/or services.

To the extent the Program utilizes *Independent Manager(s)*, Registrant shall provide the *Independent Manager(s)* with each client's particular investment objective(s). Any changes in the client's financial situation or investment objectives reported by the client to the Registrant shall be communicated to the *Independent Manager(s)* within a reasonable period of time.

Item 8 Client Contact with Portfolio Managers

The client shall have, without restriction, reasonable access to the Program's portfolio manager.

Item 9 Additional Information

- A. The Registrant has not been the subject of any disciplinary actions.

Other Financial Industry Activities and Affiliations

- B. **Registered Representative of PKS.** As disclosed above in Item 5.E, certain of Registrant's representatives are also registered representatives of PKS, a FINRA member broker-dealer.

Licensed Insurance Agents. Certain of the Registrant's representatives are, in their separate individual capacities, licensed insurance agents. As discussed above, clients can choose to engage these representatives, in their individual capacities to affect the purchase of insurance products on a commission basis

Conflict of Interest: The recommendation by Registrant's representatives, that a client purchase a securities or insurance commission product presents a conflict of interest, as the receipt of commissions may provide an incentive to recommend investment or insurance products based on commissions received, rather than on a particular client's need. No client is under any obligation to purchase any investment or insurance products from Registrant's representatives. Clients are reminded that they may purchase securities products recommended by Registrant through other, non-affiliated registered representatives or insurance agents. **The Registrant's Chief Compliance Officer, David P. Gray, remains available to address any questions that a client or prospective client may have regarding the above conflicts of interest.**

- C. **Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant

Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant

and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as “scalping” (*i.e.*, a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (*i.e.*, personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons.” The Registrant’s securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Review of Accounts

For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on a periodic basis by the Registrant’s investment adviser representatives, at least annually. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

The Registrant may conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.

Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.

Client Referrals and Other Compensation

Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from Pershing (or another broker-dealer/custodian, investment platform and/or mutual fund sponsor) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at Pershing as a result of this arrangement. There is no corresponding commitment made by the Registrant to Pershing or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement

Pershing Support Service Agreement. Without limiting the above, the Registrant has entered into a Support Services Agreement (the "Agreement") with Pershing, whereby Pershing has agreed, to directly pay third party vendors rendering appropriate transition services transition-related expenses relative to the Registrant's transition to an SEC registered investment adviser. The value of the benefits offered under the Agreement will not exceed \$125,000. Pershing may terminate the Agreement at any time. Although the Registrant has not committed to maintain a certain dollar value or percentage of its client's assets held with Pershing, the receipt of the benefits offered through the Agreement creates an incentive for the Registrant to recommend that clients maintain their assets with Pershing, as the Agreement may be terminated by Pershing at any time. Should Pershing determine that this Agreement is no longer in their best interest; the Agreement may be terminated before the Registrant receives any portion of the benefits it makes available to the Registrant.

The Registrant's Chief Compliance Officer, David P. Gray, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

If a client is introduced to the Registrant by either an unaffiliated or an affiliated solicitor, Registrant *may* pay that solicitor a referral fee in accordance with the

requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from the Registrant's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to the Registrant by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of the Registrant's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between the Registrant and the solicitor, including the compensation to be received by the solicitor from the Registrant.

Financial Information

The Registrant does not solicit fees of more than \$1,200, per client, six months or more in advance.

The Registrant is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.

The Registrant has not been the subject of a bankruptcy petition.

ANY QUESTIONS: The Registrant's Chief Compliance Officer, David P. Gray, remains available to address any questions that a client or prospective client may have regarding the above disclosures and arrangements
