

BROCHURE / PROSPECTUS

Porcupine Multifire LP ("the Fund") is a limited partnership company registered in Delaware. Porcupine LLC D/B/A Porcupine Capital Management, a Florida limited liability company, serves as the Fund's investment adviser

The Fund's investment objective is to seek maximized risk corrected, market cycle independent, return. In order to achieve its object, the Fund invests in portfolio of non-correlated internal sub-funds. A sub-fund can invest in equity markets, bond market or so called crypto currencies depending on the market conditions. The fund can invest in financial products or crypto-currencies issued outside of United States.

An investment in the Fund contains substantial risk, including but not limited to:

Complete or Partial loss of Capital

The tokenized interest in the Fund ("Tokens" perhaps will not be listed on any crypto currency exchange, because of the nature of profit sharing agreement that is classified as a security in accordance with Securities Act of 1933 Sec.2 "Definitions".

At this point of time crypto currency exchanges are not accepting securities, however units are redeemable at an investor's sole option and token holder's can sell tokens to other token holders if the parties agree to do so and the transaction will be reported the Fund's investment adviser.

None of the SEC, any state securities commission nor the Commodity Future Trading Commission have approved or disapproved of these tokens.

NOT FDIC insured may lose value.

The fund does follow as rigid investment policy as possible in term of certain sub strategy, but it is not restricted from participating in nay market, strategy or investment.

FEES

Management fee 2% per year

Performance fee 30% per year – after deduction of the Management Fee

There are not benchmark indexes in use. Performance fee is calculated from net positive return.

The Management fee is calculated at least quarterly from the assets under management.

The Performance fee is calculated at least quarterly from the assets under management.

If there is a subscription management fee will be the calculation both the management fee and Performance fee.

The Fund

Porcupine Multifire LP (the “Fund”) is a Delaware limited liability company. Porcupine LLC (the “Advisor”) serves as the Fund’s investment adviser.

The Offering

Units are continuously offered at a price equal to their current net assets value (“NAV”). The minimum initial subscription for Tokens is \$10,000 and minimum subsequent subscriptions is \$5,000. The units are sold only to “accredited investors” as defined in Regulation D under the 1933.

Investment objective

The Fund’s investment objective is maximizing risk corrected return. The Fund can’t guarantee that its investment objective will be achieved, or that its portfolio design and risk monitoring strategies will be successful and investors may lose the entire value of their investment in the Fund.

If the Fund Manager determines that the Fund’s investment objective should be change, the existing investors will be given a notice before the implementing of the new objective on manner time.

Investment strategies

To be able to achieve its investment objective as well as possible, the Funds invest in a portfolio of sub-funds driven by sub-strategies that are correlating to each other as less as possible. The advisor can depart from such policy from time to time by investing in only one or few sub-strategies.

1. Coin ownership/appreciation.
2. Arbitrage (*)
3. Meta-controlled GPU-Mining rigs, ASICs and parallel mining (machinery)
4. ICO's (both long and short term) (*)
5. Compound interest and dividend wallets
6. Third party trading vehicles through standardized API. See chapter 7.2 and 18.3.3 and attachment of Three-layers segregated architecture.
7. Lending (*)

8. Algorithmic trading based on predictive modeling (*)
9. Master node investing.
10. Market making (*)
11. Pricing anomalies based on the difference between perceived and intrinsic values (*)
12. Cash holding
13. New sub-strategy (after a testing process)

(*) strategies have been tested on the pilot project preceding this private placement.

RISKS

The Fund's investment program entail risks. There is not guarantee nor assurance that the investment objective of the Fund or those sub-strategy funds in which the Funds invest will be successful in the future. There are numerous unspecified third party risks that are out of the control of Management.

Board of Director(s)

The Board has overall responsibility for monitoring and overseeing the Fund's investment program and its management and operations. Any vacancy on the Board may be filled by the Board's remaining director if any.

Distributions

Distributions will be paid quarterly in by issuing more tokens to the investors.

REDEMPTIONS

Tokenized Units are redeemable at an investor's sole option and token holder's can sell tokens to other token holders if the parties agree to do so and the transaction will be reported the Fund's investment adviser. However there is valuation risk. The sale price the Fund can receive from liquidation may differ from the last known Fund's valuation, particularly for items that trade in low volume.
