Item 4 – Advisory Services

A. Firm Information

TWPTX, LLC (“Total Wealth Partners” or the “Advisor”) is a registered investment advisor located in the State of Texas, which is organized as a limited liability company (LLC) under the laws of the State of Texas. Total Wealth Partners was founded in March 2017, and is owned and operated by Joseph W. Teagarden (Principal and Chief Compliance Officer) and William Klinke (Principal) (collectively the “Principal Officers”). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Total Wealth Partners.

B. Advisory Services Offered

Total Wealth Partners offers advisory services to individuals, high net worth individuals, trusts, estates, businesses and retirement plans in the State of Texas and other states (each referred to as a “Client”).

Wealth Management Services

Total Wealth Partners may provide Clients with wealth management services, which generally includes a broad range of comprehensive financial planning and consulting services in connection with discretionary management of investment portfolios. These services are described below.

Investment Management Services

Total Wealth Partners provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Total Wealth Partners works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy based on asset bands created by the Advisor. Total Wealth Partners will then construct a portfolio from one or more of the assets bands, in order to achieve the Client’s investment goals. Each assets band consist primarily of low-cost, exchange-traded funds (“ETFs”) representing a class of assets. The Advisor may also utilize individual stocks or bonds in an asset band as appropriate. The Advisor may recommend variable annuities in order to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy portfolio construction.

Total Wealth Partners’s investment strategies are either short-term or long-term focused, based on what is appropriate to meet the objectives of the asset band or due to market conditions. Most Clients will hold investments in an asset band that is short-term focused as well as a band that is long term focused. Total Wealth Partners will construct, implement and monitor the asset bands that make up the Client’s portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Total Wealth Partners evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Total Wealth Partners may recommend, on occasion, redistributing investment allocations to diversify the portfolio. The Advisor may recommend employing cash positions as a possible hedge against market movement. Total Wealth Partners may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Total Wealth Partners accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client wealth management agreement. Please see Item 12.

Financial Planning Services

Total Wealth Partners will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written wealth management agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Total Wealth Partners may also refer Clients to an accountant, attorney or another specialists, as appropriate for their unique situation. The Advisor will also consult with these specialists in order to provide a comprehensive approach to the wealth management services. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the fee paid to the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

Retirement Plan Advisory Services

Total Wealth Partners provides 3(21) and 3(38) retirement plan advisory services on behalf of the retirement plans (each a "Plan") and the company (the "Plan Sponsor"). Each engagement is customized to the needs of the Plan and Plan Sponsor. Total Wealth Partners may provide the following retirement plan advisory services:

- Vendor Analysis
- Employee Enrollment and Education Tracking
- Investment Policy Statement ("IPS") Support
- Investment Management
- Performance Reports
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

Total Wealth Partners may provide investment advisory services on behalf of the Plan and Plan Sponsor, which may be in either a 3(21) or 3(38) context depending on whether or not the Advisor is also providing discretionary investment management over the Plan assets. For 3(38) services, the Advisor shall have the discretion to select the investments for the Plan and/or make investment decisions on behalf of Plan Participants.

C. Client Account Management

Prior to engaging Total WealthPartners to provide wealth management services, each Client is required to enter into a wealth management agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Total Wealth Partners, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Portfolio Construction – Total Wealth Partners will develop a portfolio based on the asset bands for the Client that is intended to meet the stated goals and objectives of the Client.

- Investment Management and Supervision – Total Wealth Partners will provide investment management and ongoing oversight of the Client's relationship's investment portfolio.

D. Wrap Fee Programs

Total Wealth Partners includes securities transaction fees together with its wealth management fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Total Wealth Partners Wrap Fee Program as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 –Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

Total Wealth Partners is a newly established advisor. Assets under management shall be reported following the Advisor's December 31, 2017 fiscal year end. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid monthly, in advance, pursuant to the terms of the agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar month. Wealth management fees range from 2.00% to 1.00% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The wealth management fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Total Wealth Partners will be independently valued by the designated Custodian. Total Wealth Partners will not have the authority or responsibility to value portfolio securities.

Retirement Plan Advisory Services Fees

Fees for retirement plan advisory services are billed monthly, in advance, pursuant to the terms of the agreement. The fee is an annual asset-based fee of up to 2%. Fees may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective month. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with Total Wealth Partners at the end of the prior month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. Clients provide written authorization permitting Total Wealth Partners to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Retirement Plan Advisory Services Fees

Total Wealth Partners is compensated for its services at the beginning of the month before advisory services are rendered. Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Total Wealth Partners includes securities transactions costs as part of its overall wealth management fee through the Total Wealth Partners Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Total Wealth Partners for wealth management services or part of the Total Wealth Partners Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Total Wealth Partners, but would not receive the services provided by Total Wealth Partners which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Total Wealth Partners to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Total Wealth Partners is compensated for its services in advance of the month in which wealth management services are rendered. Either party may terminate the wealth management agreement by providing advance written notice to the other party. In addition, the Client may terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the month. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior approval.

Retirement Plan Advisory Services Fees

Total Wealth Partners is compensated for its services in advance of the month in which retirement plan advisory services are rendered. Either party may request to terminate their services with Total Wealth Partners in whole or in part, by providing advance written notice to the other party. In addition, the Client may terminate the retirement plan advisory services agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the month. The Client's retirement plan services agreement with the Advisor is non-transferable without the Client's written approval.

E. Compensation for Sales of Securities

Total Wealth Partners does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the wealth management fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Total Wealth Partners does not charge performance-based fees for its advisory services. The fees charged by Total Wealth Partners are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Total Wealth Partners does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Total Wealth Partners offers advisory services to individuals, high net worth individuals, trusts, estates, businesses and retirement plans. The percentage of each type of Client is available on Total Wealth Partners' Form ADV Part 1A. These percentages may change over time and are updated at least annually by the Advisor. Total Wealth Partners generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Total Wealth Partners primarily employs fundamental and technical analysis methods in developing investment strategies for its Clients. However, the Advisor may also utilize cyclical and charting analysis methods as appropriate. Research and analysis from Total Wealth Partners is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Total Wealth Partners will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that Total Wealth Partners is recommending. The risks with cyclical analysis are similar to those of technical analysis.

Charting analysis utilizes various market indicators as investment selection criteria. These criteria are generally pricing trends that may indicate movement in the markets. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the technical and charting analysis may lose value and may have negative investment performance. The Advisor monitors these market indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Total Wealth Partners generally employs investment strategies for its Clients with both short-term and long-term holdings included, as consistent with their financial goals. Total Wealth Partners may hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Total Wealth Partners may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Total Wealth Partners will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the potential speculative components of the Advisor's strategy:

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Frequent Trading

Frequent trading in securities can result in higher transaction costs in the Client's account[s]. For taxable accounts, frequent trading can also result in taxable transactions each year that would not be present in a buy-and-hold strategy. There are no guarantees that a frequent trading strategy will correctly time purchases and sales of any particular security.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Total Wealth Partners or any of its Supervised Persons. Total Wealth Partners values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 287725.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Mr. Klinke is also a licensed insurance professional. Implementations of insurance recommendations are separate and apart Mr. Klinke's role with Total Wealth Partners. As an insurance professional, Mr. Klinke may

receive customary commissions and other related revenues from the various insurance companies whose products are sold. Mr. Klinke is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Mr. Klinke or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Total Wealth Partners has implemented a Code of Ethics (the “Code”) that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Total Wealth Partners (our “Supervised Persons”). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Total Wealth Partners and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Total Wealth Partners’s Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (832) 423-3428.

B. Personal Trading with Material Interest

Total Wealth Partners allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Total Wealth Partners does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Total Wealth Partners does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Total Wealth Partners allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Total Wealth Partners requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer (“CCO”) or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Total Wealth Partners allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards.

At no time will Total Wealth Partners, or any Supervised Person of Total Wealth Partners, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Total Wealth Partners does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the “Custodian”) to safeguard Client assets and authorize Total Wealth Partners to direct trades to this Custodian as agreed in the wealth management agreement. Further, Total Wealth Partners does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Total Wealth Partners does not exercise discretion over the selection of the Custodian, Total Wealth Partners will generally recommend that Clients establish their account[s] at Interactive Brokers LLC ("Interactive Brokers"), a FINRA-registered broker-dealer and member SIPC. Interactive Brokers will serve as the Client's "qualified custodian". Total Wealth Partners maintains an institutional relationship with Interactive Brokers, whereby the Advisor receives economic benefits from Interactive Brokers (Please see Item 14 below.).

Total Wealth Partners may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and location of the Custodian's offices.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. Total Wealth Partners does not participate in soft dollar programs sponsored or offered by any broker-dealer. However, the Advisor does receive certain benefits from Interactive Brokers, as detailed in Item 14 below.

2. Brokerage Referrals - Total Wealth Partners does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Total Wealth Partners will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Total Wealth Partners will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Total Wealth Partners will execute its transactions through an unaffiliated broker-dealer selected by the Client. Total Wealth Partners may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by the Principal Officers of Total Wealth Partners. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Total Wealth Partners if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Total Wealth Partners

Total Wealth Partners is a fee-based advisory firm that is compensated solely by its Clients and not from any investment product. Total Wealth Partners does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Total Wealth Partners may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Total Wealth Partners may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Total Wealth Partners has established an institutional relationship with Interactive Brokers ("Custodian") to assist the Advisor in managing Client account[s]. Access to the Interactive Brokers platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Interactive Brokers. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

B. Client Referrals from Solicitors

Total Wealth Partners does not engage paid solicitors for Client referrals.

Item 15 – Custody

Total Wealth Partners does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a qualified Custodian. Clients are required to engage the Custodian to retain their funds and securities and direct Total Wealth Partners to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Total Wealth Partners to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 4 – Services Fees and Compensation

A. Services

Total Wealth Partners provides customized advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Total Wealth Partners Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Total Wealth Partners as your investment advisor.

As part of the wealth management fees noted in Item 5 of the Disclosure Brochure, Total Wealth Partners includes normal securities transaction fees as part of the overall wealth management fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” wealth management fee. This Wrap Fee Program Brochure references back to the Total Wealth Partners Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Total Wealth Partners’ investment philosophy and related services.**

B. Program Costs

Advisory services provided by Total Wealth Partners are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall wealth management fee paid to Total Wealth Partners. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Wealth management fees are paid monthly, in advance, pursuant to the terms of the agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar month. Wealth management fees range from 2.00% to 1.00% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The wealth management fee in the first month of service is prorated from the inception date of the account[s] to the end of the first month. Fees may be negotiable at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Total Wealth Partners will be independently valued by the designated Custodian. Total Wealth Partners will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Total Wealth Partners. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, Total Wealth Partners includes securities transactions costs as part of its overall wealth management fee.

In addition, all fees paid to Total Wealth Partners for wealth management services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund’s prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also

incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, trade away fees and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Total Wealth Partners to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Total Wealth Partners is the sponsor and portfolio manager of this Wrap Fee Program. Total Wealth Partners receives wealth management fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Total Wealth Partners will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Total Wealth Partners has established an institutional relationship with Interactive Brokers ("Custodian") to assist the Advisor in managing Client account[s]. Access to the Interactive Brokers platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Interactive Brokers. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor

endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Please see Item 14 – Other Compensation in the Form ADV Part 2A – Disclosure Brochure (included with this Wrap Fee Brochure) for details on additional compensation that may be received by Total Wealth Partners or its Advisory Persons.
