Item 4 – Advisory Services

A. Firm Information

Procyon Private Wealth Partners, LLC (“Procyon” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a limited liability company under the laws of the State of Delaware. Procyon was founded in April 2017 and owned by Procyon Partners, LLC. Phil J. Fiore, Jr. is the primary owner and control person of Procyon Partners. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Procyon.

B. Advisory Services Offered

Procyon offers investment advisory services to high net worth individuals, families, trusts, estates, businesses and institutional investors (each referred to as a “Client”). Procyon provides comprehensive investment management, planning and consulting services tailored to the individual needs of each Client.

Investment Advisory Services

Procyon provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management, planning and related advisory services. Procyon typically offers these as a bundled advisory engagement, but may, in certain circumstances, offer as individual services. Procyon works closely with each Client to develop an investment strategy that seeks to achieve the goals of the Client.

Internal Investment Management - Procyon customizes its investment management services for its Clients. Portfolios are primarily constructed using mutual funds, exchange-traded funds (“ETFs”), individual stocks and fixed income securities. The Advisor may also utilize other types of investments, as appropriate, to meet the needs of each particular Client. The Advisor generally constructs portfolios in alignment with its internal strategies, but may retain legacy securities due to portfolio fit and tax considerations.

Procyon evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Procyon’s investment strategy is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. If it is consistent with the Client’s goals, the Advisor may also engage in an investment strategy that utilizes frequent trading in securities, please see Item 8 for more information. Procyon will construct, implement and monitor the Client’s portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Procyon, in its discretion, may redistribute investment allocations to diversify the portfolio. Procyon may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Procyon may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

Procyon will provide investment management and related advisory services. At no time will Procyon accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the investment advisory agreement.

Use of Independent Managers - Procyon may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively “Independent Managers”). Independent Managers may be sourced directly or accessed through an investment management platform or directly engaged by the Advisor. The Client will be required to enter into a separate agreement with the Independent Manager[s]. Please see Item 10 for additional information.

Procyon serves as the Client's primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. Procyon will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. Procyon will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties. Procyon does not receive any compensation from these Independent Managers or Investment Platforms, other than its investment advisory fee (described in Item 5).

Financial Planning and Consulting Services

Procyon will typically provide a variety of financial planning services to Clients as part of the investment advisory engagement or as a separate engagement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services will involve preparing a financial plan or rendering a financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, estate planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Procyon may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Procyon to provide investment advisory services, each Client is required to enter into one or more advisory agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Procyon, in connection with the Client, will develop an investment strategy targeted to achieve the Client's investment goals and objectives.
- Asset Allocation – Procyon will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Procyon will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Procyon will provide investment management and ongoing oversight of the Client's portfolio.

- Financial Planning and Consulting – For Clients engaging for investment advisory services, the Advisor provides ongoing financial planning and related services regarding the Client's overall financial situation.

D. Wrap Fee Programs

Procyon does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Procyon.

E. Assets Under Management

Procyon is a newly established advisor. As of the date of this filing, Procyon does not have any assets under management; however, the Advisor reasonably expects to be eligible for registration with the SEC within 120 days of approval as an investment advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Procyon and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are typically based on the market value of assets under management at the end of the prior calendar quarter, but may be offered as a fixed fee. Investment advisory fees are based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$1,000,000	1.25%
\$1,000,001 to \$5,000,000	1.00%
Over \$5,000,000	0.75%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. Certain Clients may have a fixed annual fee or fixed rate fee or a fee schedule that differs from above. The Client's fees will take into consideration the aggregate assets under management with Advisor. Investment advisory fees include financial planning and consulting services, unless separately engaged for those services. All securities held in accounts managed by Procyon will be independently valued by the Custodian. Procyon will not have the authority or responsibility to value portfolio securities.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Procyon, subject to the usual and customary securities settlement procedures. However, the Advisor typically designs its investment portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Procyon may consult the Client about the implications of such transactions. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications. If assets in excess of \$10,000 are deposited into or withdrawn from the Client's account[s], an adjustment will be made in the next billing period to reflect the fee difference. The Advisor may negotiate a fee that differs from the schedule above for certain account[s] or holdings.

Use of Independent Managers

For Client account[s] implemented through an Independent Manager, the Client's overall fees will sometimes include Procyon's investment advisory fee (as noted above) plus advisory fees and/or platform fees charged by the Independent Manager[s], as applicable. The Independent Manager may assume responsibility for calculating the

Client's fees and deduct all fees from the Client's account[s]. In such instances, Procyon will not charge its fee separately on those assets.

Financial Planning and Consulting Services

Financial planning and consulting services may be included as part of an overall wealth management engagement or provided as a stand-alone engagement. For separate engagements, financial planning and consulting services are offered at an hourly rate or for a fixed engagement. Fees are based on the experience of the person performing the services, the complexity and duration the services to be provided. The hourly rates are as follows.

Managing Director	\$450/hr
Certified Financial Planners	\$350/hr
Non-CFP Analysts	\$250/hr

Fixed fee engagements generally range between \$2,500 and \$25,000. An estimate for total hours and/or costs will be determined prior to engaging for these services. The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

B. Fee Billing

Investment Advisory Services

Investment advisory fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter-end date. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Procyon at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Procyon to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. These parties will typically add Procyon's investment advisory fee and deduct the overall fee from the Client's account[s].

Financial Planning and Consulting Services

Financial planning and consulting fees are invoiced up to 50% upon the execution of the financial planning or consulting agreement with the balance due upon completion of the engagement deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Procyon, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The investment advisory fee charged by Procyon is separate and distinct from these custody and execution fees.

In addition, all fees paid to Procyon for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by Procyon to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Advisory Services

Procyon is compensated for its investment advisory services in advance of the quarter in which services are rendered. Either party may request to terminate the investment advisory agreement with Procyon, at any time, by providing advance written notice to the other party. The Client shall be responsible for investment advisory fees up to and including the effective date of termination. Upon termination, the Advisor will promptly refund any unearned, prepaid fees to the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's written approval.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Procyon will assist the Client with the termination and transition as appropriate.

Financial Planning and Consulting Services

The Advisor is partially compensated for its financial planning and consulting services upon execution of the engagement agreement. Either party may terminate a planning agreement, at any time, by providing written notice to the other party. Upon termination, the Client shall be responsible for fees based on the hours worked by the Advisor or the percentage of the engagement completed. Upon termination, any unearned prepaid fees will be promptly refunded to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's written approval.

E. Compensation for Sales of Securities

Procyon does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above. Certain Advisory Persons of Procyon may also be registered representatives of Purshe Kaplan Sterling Investments, Inc. (PKS").

In one's separate capacity as registered representative, an Advisory Person may implement securities transactions on a commission basis through PKS. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in their capacity as a registered representative is separate and in addition to Procyon's advisory fees. This practice presents a conflict of interest as an Advisory Person may have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on Client needs. To mitigate this conflict, Clients are under no obligation, contractually or otherwise, to purchase securities products through one of our Advisory Persons. Further, Procyon will not charge an ongoing investment advisory fee on any assets implemented in the separate capacity of one of our Advisory Persons. Please see Item 10.

Certain Advisory Persons may also be licensed as independent insurance professionals. Advisory persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by an Advisory Person is separate and in addition to Procyon's advisory fees. This practice presents a conflict of interest as an Advisory Person may have an incentive to recommend insurance products for the purpose of generating commissions rather than solely based on Client needs. Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

Procyon does not charge performance-based fees for its investment advisory services. The fees charged by Procyon are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Procyon does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Procyon offers investment advisory services to high net worth individuals, families, trusts, estates, businesses and institutional investors. The relative percentage of each type of Client is available on Procyon's Form ADV Part 1. These percentages will change over time. Procyon does not impose a size for establishing a relationship, but does tailor its services to high net worth Clients.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Procyon primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Procyon is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Procyon generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Procyon will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Procyon may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Procyon will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Procyon. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 288239. On or about May 11, 2015, Phil J. Fiore, Jr. was subject to a regulatory action by the Financial Industry

Procyon Private Wealth Partners, LLC

Regulatory Authority ("FINRA") for engaging in an outside business activity without notifying his then current employer. Without admitting nor denying the allegations against him, Mr. Fiore consented to entry of the finding of facts against him, was fined \$5,000 and suspending from associating with any FINRA member for a period of 30 days. Mr. Fiore has since satisfied the terms of this Order.

Item 10 – Other Financial Industry Activities and Affiliations

Neither the Advisor nor its Supervised Persons has any registrations or affiliations with a broker-dealer, futures commission merchant, commodity pool operator, or commodity-trading advisor.

Affiliated Registered Investment Advisor

The Advisor is under common control with Procyon Institutional Partners, LLC ("Procyon Institutional"), a registered investment advisor with the SEC (CRD# 288244). Procyon Institutional provides advisory services to institutional clients and retirement plans. Procyon Institutional generally will not have the same Clients as Procyon, however, individual clients associated with these institutional clients may be separately offered the private wealth services of the Advisor.

Broker-Dealer Affiliation

As noted in Item 5.E., certain Advisory Persons of Procyon are also registered representatives of PKS. In one's separate capacity as a registered representative, an Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person. Neither the Advisor nor its Advisory Person will earn ongoing investment advisory fees in connection with any products or services implemented in one's separate capacity as a registered representative.

Insurance Agency Affiliations

Certain Advisory persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart an Advisory Person's role with Procyon. As an insurance professional, one may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by the Advisor or any of its Advisory Persons.

Affiliation with Dynasty Financial Partners

The Advisor maintains a business relationship with Dynasty Financial Partners, LLC ("Dynasty"). Dynasty offers operational and back office core service support including access to a network of service providers. Through the Dynasty network of service providers, Advisor has access to discounts on trading technology, transition support, reporting, custody, brokerage, compliance, and other related consulting services.

While the Advisor believes this open architecture structure for operational services best serves the interests of its advisory Clients, this relationship may potentially present certain conflicts of interest due to the fact that Dynasty retains a portion of the platform or other third-party fees paid by the Advisor or Clients for the services referenced herein.

Dynasty's subsidiary, Dynasty Wealth Management, LLC ("DWM"), a registered investment advisor, also provides access to a range of investment services, including separately managed accounts ("SMAs"), mutual fund and exchange-traded fund ("ETF") asset allocation strategies and unified managed accounts ("UMAs") managed by external third party managers (collectively the "Investment Programs"). The Advisor may receive more advantageous pricing as assets increase, which may pose a potential conflict of interest with the Client.

The Advisor seeks, at all times, to ensure that any such conflicts are addressed on a fully-disclosed basis and investment decisions are handled in a manner that is aligned with its Clients' best interests. The Advisor does not receive any portion of the fees paid directly to Dynasty or the service providers made available through its

platform, and the Advisor reviews all such relationships on an ongoing basis in an effort to ensure Clients are receiving competitive rates in relation to the quality and scope of the services provided.

The Advisor has entered into an agreement with a Dynasty affiliate to sell, via a note, an agreed percentage of the revenue generated by Advisor and in return receives a fixed amount of funds payable over an agreed time frame. Such funds may be used for business transition expenses and other costs associated with launching operations and for business expansion. Advisor is not obligated to enter into such a note in order to obtain other services from Dynasty, however, such notes are only made available for advisors who remain members of the Dynasty network of registered investment advisors. The notes are subject to standard underwriting practices by Dynasty and are based on commercially reasonable terms.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Procyon has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Procyon (our “Supervised Persons”). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Procyon and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Procyon Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code of Ethics, please contact us at (844) PROCYON.

B. Personal Trading with Material Interest

Procyon allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Procyon does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Procyon does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Procyon allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, Supervised Persons of Procyon may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Procyon requiring reporting of personal securities trades by its employees for review by the Chief Compliance Officer (“CCO”). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Procyon allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Procyon transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Procyon does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will select the broker-dealer/custodian (herein the “Custodian”) to safeguard Client assets and authorize Procyon to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Procyon does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Procyon does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Procyon. Procyon may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, and its overall reputation. Procyon does not receive research services, other products, or compensation as a result of recommending a particular broker-dealer/custodian that may result in the Client paying higher commissions than those obtainable through other broker-dealer/custodians. Procyon will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Procyon maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with such parties in exchange for research and other services. Procyon does not participate in soft dollar programs sponsored or offered by any broker-dealer-custodian. However, the Advisor does receive certain economic benefit from the Custodian as described in Item 14 below.

2. Brokerage Referrals - Procyon does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Procyon will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s], unless instructed otherwise by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Procyon will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Procyon will execute its transactions through the Custodian as designated by the Client, unless otherwise instructed. Procyon may aggregate orders in a block trade or trades when securities are purchased or sold through the same Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Investments in Client accounts are monitored on a regular and continuous basis by Principals of Procyon and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or

large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Procyon if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Procyon

Participation in Institutional Advisor Platform

Procyon has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Procyon. As a registered investment advisor participating on the Schwab Advisor Services platform, Procyon receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Procyon that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Procyon believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Dynasty has assisted Advisor in negotiating or facilitating payments from Schwab in the form of credits to be applied toward qualifying third-party service provider expenses incurred in relation to transition costs or the provision of core services. This may include, but is not limited to, support of the Advisor's research, marketing, technology or software platforms. In some instances, Dynasty may serve in an administrative capacity to support the disbursement of these funds furnished by the Custodian.

B. Client Referrals from Solicitors

Procyon does not engage paid solicitors for Client referrals.

Item 15 – Custody

Procyon does not accept or maintain custody of any Client accounts, except for the authorized deduction of the advisor's fee. All Clients must place their assets with a "qualified custodian" as detailed in item 12. Clients are required to engage the Custodian to retain their funds and securities and direct Procyon to utilize the Custodian for the Client's security transactions. Procyon encourages Clients to review statements provided by the Custodian. For more information about Custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Procyon generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Procyon. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Procyon will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Procyon may accept the authority to vote a Client's securities (i.e., proxies) on their behalf. When the Advisor accepts such responsibility, it will cast proxy votes only in a manner it believes consistent with the best interest of its Clients. At any time Clients may contact the Advisor to request information about how proxies were voted for that Client's securities.

A brief summary of the Advisor's proxy voting policies and procedures is as follows:

The Advisor has engaged Broadbridge, a third-party, independent proxy advisory firm, to provide it with ProxyEdge which provides research, analysis, and recommendations on the various proxy proposals for the securities that the Advisor manages with the aim of maximizing shareholder value. In engaging ProxyEdge for that purpose, the Advisor has reviewed ProxyEdge's Proxy Paper Guidelines for the current proxy voting season and has approved the summary of ProxyEdge's positions on the voting positions it recommends for the types of proposals most frequently presented, including: election and composition of directors; financial reporting; compensation of management and directors; corporate governance structure and anti-takeover measures; and environmental and social risks to operations. The Advisor is in agreement with the approach ProxyEdge has set forth in its current Proxy Paper Guidelines for voting proxies. Although the Advisor, based on its approval of the positions in the Proxy Paper Guidelines, expects to vote proxies according to ProxyEdge's recommendations, certain issues may need to be considered on a case-by-case basis due to the diverse and continually evolving nature of corporate governance issues. If such cases should arise, then the Advisor will devote appropriate time and resources to consider those issues.

Where Procyon is responsible for voting proxies on behalf of a Client, the Client cannot direct the Advisor's vote on a particular solicitation. The Client, however, can revoke Procyon's authority to vote proxies. In situations where there may be a conflict of interest in the voting of proxies due to business or personal relationships that Procyon maintains with persons having an interest in the outcome of certain votes, the Advisor will take appropriate steps, whether by following ProxyEdge's third-party recommendation or otherwise, to ensure that proxy voting decisions are made in what it believes is the best interest of its Clients and are not the product of any such conflict.

Item 18 – Financial Information

Neither Procyon, nor its management, have any adverse financial situations that would reasonably impair the ability of Procyon to meet all obligations to its Clients. Neither Procyon, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Procyon is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
