Item 4 – Advisory Services

A. Firm Information

Compass Advisory Group LLC d/b/a Compass Advisors (“Compass Advisors” or the “Advisor”) is a registered investment advisor with the SEC, which is organized as a Limited Liability Company (LLC) under the laws of the State of Delaware. Compass Advisors was founded in March 2017 and is owned and operated by Lauren M. King (Partner) and Michael A. Cuneo (Partner). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Compass Advisors.

B. Advisory Services Offered

Compass Advisors offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, and charitable organizations in the State of New York and other states (each referred to as a “Client”).

Investment Management Services

Compass Advisors provides customized investment advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Compass Advisors works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Compass Advisors will then construct a portfolio utilizing the Sherman Sheet Investment Policy Statement, which consists primarily of low-cost, diversified mutual funds and/or exchange-traded funds (“ETFs”) to achieve the Client’s investment goals. The Advisor may also utilize individual stocks, bonds or options contracts to meet the needs of its Clients. The Advisor may retain certain types of investments based on a Client’s legacy portfolio construction.

Compass Advisors’ investment strategy[ies] is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Compass Advisors will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Compass Advisors evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Compass Advisors may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Compass Advisors may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Compass Advisors may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client’s risk tolerance.

At no time will Compass Advisors accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated n account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12.

Use of Independent Managers

Compass Advisors may recommend that a Client utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio. The Advisor may also assist in the development of the initial policy recommendations and managing the ongoing Client relationship. The Advisor will perform initial and ongoing oversight and due diligence over the selected Independent Manager[s] to ensure the Independent Managers’ strategies and target allocations remain aligned with its clients’ investment objectives and overall best interests.

Retirement Plan Advisory Services

Compass Advisors may provide the following retirement plan advisory services:

- Vendor Analysis
- Employee Enrollment and Education Tracking
- Investment Policy Statement (“IPS”) Support
- Investment Management
- Performance Reports
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

Compass Advisors may provide investment advisory services on behalf of the Plan and Plan Sponsor, which may be in either a 3(21) or 3(38) context depending on whether or not the Advisor is also providing discretionary investment management over the Plan assets. For 3(38) services, the Advisor shall have the discretion to select the investments for the Plan and/or make investment decisions on behalf of Plan Participants.

Financial Planning Services

Compass Advisors will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client’s financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client’s financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client’s financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

Compass Advisors may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client’s financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to execute the transaction through the Advisor.

C. Client Account Management

Prior to engaging Compass Advisors to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Compass Advisors, in connection with the Client, may develop a statement that summarizes the Client’s investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.

- Asset Allocation – Compass Advisors will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Compass Advisors will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Compass Advisors will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Compass Advisors includes securities transaction fees together with its investment advisory fees. Including these fees into a single asset-based fee is considered a "Wrap Fee Program". The Advisor customizes its investment management services for its Clients. The Advisor sponsors the Compass Advisors Wrap Fee Program solely as a supplemental disclosure regarding the combination of fees. Depending on the level of trading required for the Client's account[s] in a particular year, the Client may pay more or less in total fees than if the Client paid its own transaction fees. Please see Appendix 1 –Wrap Fee Program Brochure, which is included as a supplement to this Disclosure Brochure.

E. Assets Under Management

As of August 31, 2017, Compass Advisors manages the following assets:

Assets Under Management	Assets
Discretionary Assets	\$60,000,000
Non-Discretionary Assets	\$20,000,000
Total	\$80,000,000

Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the average daily market value of assets under management during the prior calendar quarter. Investment advisory fees range up to 2.00% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fees in the first quarter of service are prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Compass Advisors will be independently valued by the Custodian. Compass Advisors will not have the authority or responsibility to value portfolio securities.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee will be deducted from the Client's account[s] with the respective Independent Manager and a portion of the fee will be provided to Compass Advisors based on Compass Advisors' agreement with the Client. Compass Advisors does not receive any compensation or fees from the Independent Manager.

Retirement Plan Advisory Services Fees

Retirement plan advisory fees are paid quarterly in advance pursuant to the terms of the 3(21) or 3(38) retirement plan advisory agreement. Fees may also be charged based on an annual fee of up to 1.00%, payable quarterly, in advance of each calendar quarter.

Financial Planning Services

Compass Advisors offers financial planning services either on an hourly basis or a fixed engagement fee. Hourly engagements range from \$200 to \$350 per hour. Fixed fee engagement fee range from \$1,500 to \$15,000. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and total costs will be provided to the Client prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the average daily balance of assets under management with Compass Advisors during the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting the deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Compass Advisors to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Clients referred by the Advisor to an Independent Manager, the Client's fee may be separately billed or deducted from the Client's account[s] with the respective manager and a portion of the investment advisory fee may be provided to Compass Advisors.

Retirement Plan Advisory Services Fees

Compass Advisors is compensated for its services at the beginning of the quarter before advisory services are rendered. Fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the 3(21) or 3(38) retirement plan advisory agreement.

Financial Planning Services

Financial planning fees may be invoiced up to 100 percent (100%) of the expected total fee upon execution of the financial planning. The remaining balance shall be invoiced upon completion of the agreed upon deliverable[s], depending on the nature of the financial planning agreement. The Advisor will not collect fees that are greater than \$1,200 if the services will be for six months or more in the future.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client's account[s]. Compass Advisors includes securities transactions costs as part of its overall investment advisory fee through the Compass Advisors Wrap Fee Program. Securities transaction fees for Client-directed trades may be charged back to the Client. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure.

In addition, all fees paid to Compass Advisors for investment advisory services or part of the Compass Advisors Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Compass Advisors, but would not receive the services provided by Compass Advisors which are designed, among other things, to assist the Client in

determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Compass Advisors to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Compass Advisors is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement by providing advance written notice to the other party. In addition, the Client may terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with the Independent Manager, Compass Advisors will assist the Client with the termination and transition of Client account[s] as appropriate.

Retirement Plan Advisory Services Fees

Either party may request to terminate their services with Compass Advisors in whole or in part, by providing advance written notice to the other party. In addition, the Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid retirement plan advisory fees from the effective date of termination to the end of the quarter. The Client's 3(21) or 3(38) retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Compass Advisors requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. In addition, the Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Compass Advisors does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one's separate capacity as a registered representative of PKS, an Advisory Person may implement securities transactions under PKS and not through Compass Advisors. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in one's capacity as a registered representative is separate and in addition to Compass Advisors' advisory fees. This practice presents a conflict of interest because Advisory Persons who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10.

Certain Advisory Persons are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you.

Phone: (516) 938-2400 Fax: (516) 938-2455

Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with our firm.

Item 6 – Performance-Based Fees and Side-By-Side Management

Compass Advisors does not charge performance-based fees for its investment advisory services. The fees charged by Compass Advisors are as described in “Item 5 – Fees and Compensation” above and are not based upon the capital appreciation of the funds or securities held by any Client.

Compass Advisors does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Compass Advisors offers investment advisory services individuals, high net worth individuals, trusts, estates, businesses, and charitable organizations. The percentage of each type of Client is available on Compass Advisors’ Form ADV Part 1A. These percentages may change over time and are updated at least annually by the Advisor. Compass Advisors generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Compass Advisors employs a fundamental and macro analysis methods in developing investment strategies for its Clients. Research and analysis from Compass Advisors is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor’s review process are included below in “Item 13 – Review of Accounts”.

The Advisor also performs macroeconomic analysis using third-party research. Some factors that are reviewed include general economic growth, unemployment, and other economic statistics. This analysis provides a broader view of the market and is used in conjunction with fundamental and technical analysis.

As noted above, Compass Advisors generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Compass Advisors will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Compass Advisors may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Compass Advisors will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the potential speculative components of the Advisor's strategy:

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Compass Advisors or any of its Supervised Persons. Compass Advisors values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 288256.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, certain Advisory Persons are also registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS"). PKS is a registered broker-dealer (CRD No. 35747), member FINRA, SIPC. In one's separate capacity as a registered representative, Advisory Persons will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by Advisory Persons. Neither the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in Advisory Persons' separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Compass Advisors. As an insurance professional, the Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Use of Independent Managers

As noted in Item 4, the Advisor may select Independent Managers to assist with the implementation of a Client's investment strategy. In such arrangements, the Advisor the investment advisory fees will be deducted by the Independent Manager and a portion of the fee will be provided to Compass Advisors. The Client is charged a single investment advisory fee for assets referred to an Independent Manager, pursuant to the investment advisory agreement.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Compass Advisors has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Compass Advisors (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Compass Advisors and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Compass Advisors' Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (516) 938-2400.

B. Personal Trading with Material Interest

Compass Advisors allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Compass Advisors does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Compass Advisors does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Compass Advisors allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Compass Advisors requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Compass Advisors allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Compass Advisors, or any Supervised Person of Compass Advisors, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Compass Advisors does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will select the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Compass Advisors to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Compass Advisors does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Compass Advisors does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a broker-dealer/custodian not recommended by Compass Advisors.

Compass Advisors may recommend the Custodian based on criteria such as, but not limited to, the reasonableness of commissions charged to the Client, services made available to the Client, reputation and/or location of the Custodian's offices.

Compass Advisors will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Compass Advisors maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab (Please see Item 14 below.)

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Compass Advisors does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor does receive certain economic benefits from Schwab as detailed in Item 14 below.

2. Brokerage Referrals - Compass Advisors does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Compass Advisors will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Compass Advisors will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) the skill required of the broker. Compass Advisors will execute its transactions through an unaffiliated broker-dealer selected by the Client. Compass Advisors may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Michael A. Cueno, Chief Investment Officer and Lauren M. King, Chief Compliance Officer of Compass Advisors. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Compass Advisors if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions, and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Compass Advisors

Participation in Institutional Advisor Platform

Compass Advisors has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Compass Advisors. As a registered investment advisor participating on the Schwab Advisor Services platform, Compass Advisors receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back-office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Compass Advisors that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest.

Compass Advisors believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

Use of Independent Managers

The Advisor may be indirectly compensated by an Independent Manager as described in Item 5 above and does not receive any other forms of compensation with such arrangements.

B. Client Referrals from Solicitors

Compass Advisors may engage and compensate unaffiliated third party referral sources (a "solicitor") for Client referrals. Clients will not pay a higher fee to Compass Advisors as a result of such payments to a solicitor. The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

Item 15 – Custody

Compass Advisors does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Compass Advisors to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Compass Advisors to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Compass Advisors generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Compass Advisors. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Compass Advisors will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Compass Advisors does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Compass Advisors, nor its management, have any adverse financial situations that would reasonably impair the ability of Compass Advisors to meet all obligations to its Clients. Neither Compass Advisors, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Compass Advisors is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Item 4 – Services Fees and Compensation

A. Services

Compass Advisors provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the Compass Advisors Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting Compass Advisors as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, Compass Advisors includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the Compass Advisors Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on Compass Advisors’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by Compass Advisors are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to Compass Advisors. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Investment advisory fees are paid quarterly, in advance, pursuant to the terms of the agreement. Investment advisory fees are based on the average daily market value of assets under management during the prior calendar quarter. Investment advisory fees range up to 2.00% annually based on several factors, including: the complexity of the services to be provided, the level of assets to be managed, and the overall relationship with the Advisor. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the discretion of the Advisor. The Client’s fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Compass Advisors will be independently valued by the designated Custodian. Compass Advisors will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by Compass Advisors. Securities transaction fees for Client-directed trades may be charged back to the Client.

Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, Compass Advisors includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to Compass Advisors for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds, index fund, and exchange-traded funds to their shareholders, if applicable. These fees and expenses (i.e., fund management fees and other fund expenses) are disclosed in each fund’s prospectus. These fees and expenses will generally be used to pay management fees

for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as mark-ups and mark-downs, spreads paid to market makers, wire transfer fees, fees for trades executed away from the Custodian, taxes on brokerage accounts and securities transactions, and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by Compass Advisors to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

Compass Advisors is the sponsor and portfolio manager of this Wrap Fee Program. Compass Advisors receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s]. Compass Advisors also receives compensation for the wrap fee programs sponsored by an outside manager, which is separate from this Wrap Fee Program that is sponsored by Compass Advisors.

Item 5 – Account Requirements and Types of Clients

Compass Advisors offers investment advisory services to [individuals, high net worth individuals, trusts, estates, charitable organizations, business]. Compass Advisors generally does not impose a minimum account size for establishing a relationship. Please see Item 7 – Types of Clients in the Disclosure Brochure for additional information.

Item 6 – Portfolio Manager Selection and Evaluation

Compass Advisors serves as sponsor and as portfolio manager for the services under this Wrap Fee Program.

Related Persons

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Compass Advisors will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account[s]. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the

Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor. Please see Item 8.B. – Risk of Loss in the Disclosure Brochure for details on investment risks.

Proxy Voting

Compass Advisors does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

Compass Advisors is the sponsor and sole portfolio manager for the Program. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab’s institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client’s funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

The Advisor shall enter into an agreement with the solicitor, which requires that full disclosure of the compensation and other conflicts is provided to the prospective client prior to or at the time of entering into the advisory agreement.

This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
