

Part 2A Appendix 1 of Form ADV: *Wrap Fee Program Brochure*

ING Financial Partners, Inc.

909 Locust Street
Des Moines, IA 50309

Telephone: 800-356-2906
Email: ingfp.compliance@us.ing.com
Web Address: www.ingfinancialpartners.com

April 30, 2014

This wrap fee program brochure provides information about the qualifications and business practices of ING Financial Partners, Inc.. If you have any questions about the contents of this brochure, please contact us at 800-356-2906 or ingfp.compliance@us.ing.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about ING Financial Partners, Inc. also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 2882.

Item 2 Material Changes

The SEC adopted "Amendments to Form ADV" in July, 2010. This Wrap Fee Program Brochure ("Wrap Brochure"), dated March 31, 2014 is our disclosure document prepared according to the SEC's new requirements and rules.

After our initial filing of this Wrap Brochure, IFP will periodically provide clients with a summary of new and/or updated information. IFP will inform clients of specific changes based on the content of the updated information.

Consistent with the rule, IFP will provide clients a summary of any material changes to this and subsequent Wrap Brochures within 120 days of the close of IFP's fiscal year, which ends December 31st. Furthermore, IFP will provide clients with other interim disclosures about material changes as necessary. IFP's Wrap Brochure may be requested by email sent to ingfp.compliance@us.ing.com or by calling 800-356-2906.

The following summarizes the material changes make to IFP's brochures since March, 2014:

1) Item 4 Services, Fees and Compensation

As of March 25, 2014 ING Groep, N.V., is a 25-50% Shareholder of ING U.S., Inc. Also, ING U.S. changed its name to Voya Financial, Inc. on April 7, 2014.

Item 4 Services Fees and Compensation

Introduction

IFP is dually registered as an SEC-registered investment adviser and broker dealer with its principal place of business located in Des Moines, Iowa. IFP began conducting business in 1994.

IFP sponsors the Select Adviser Series Program (the "SASP Program") and the Unified Managed Account Program (the "UMA Program"), separate wrap fee programs. A wrap fee program is an advisory program under which a specified fee or fees, not based directly on transactions in the client's account, is charged for advisory services. Services may include portfolio management or advice concerning the selection of other investment advisers, and the execution of client transactions and custody of program assets.

This Wrap Brochure is limited to describing the services, fees, and other necessary information clients should consider prior to becoming a client within the SASP Program. For purposes of the Wrap Brochure, "our", "us" and "we" refer to IFP, and "you" and "your" refer to prospective and existing investment advisory clients of IFP.

For a complete description of the other services and fees offered by IFP, clients should refer to our Form ADV Part 2: Firm Brochure ("Firm Brochure"). You may obtain a copy of our Firm Brochure by contacting us at ingfp.compliance@us.ing.com or by calling 800-356-2906.

SASP Program Services

Description

The IAR and the client discuss a client's particular circumstances. The IAR helps the client determine his or her goals and objectives, time horizon, risk tolerance and liquidity needs. The IAR then helps the client to develop an Investment Policy Statement ("IPS") that results in the recommendation of an investment portfolio that consists of Model Portfolios managed by one or more of the Strategists. An account (the "Account") is opened for each Model Portfolio. Generally, the Model Portfolios are managed by the Strategists based on the Model Portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors, provided, however, that IFP may refuse to accept or to continue to provide investment advisory services with respect to such program assets, as the case may be, if it determines such restrictions are unreasonable or impracticable. Clients retain individual ownership of all securities.

The IAR will monitor the client's Account to ensure that the investment style, Strategists and the Model Portfolios selected by the client continue to adhere to the client's IPS. The IAR must meet with the client at least annually to determine whether there has been any change in the client's financial circumstances. In response to changing economic and/or market conditions, or the investment performance of various sectors of the markets, but not in response to market timing considerations, the IAR may recommend changes in the asset allocation and/or Model Portfolios that are part of the client's investment portfolio. The client is responsible for deciding whether or not to invest in any Model Portfolio. Clients are responsible for notifying their IAR of any changes to their financial situation.

Clients in the SASP Program are provided investment advisory services using model asset allocation portfolios or separately managed account portfolios which offer single investment disciplines or may combine multiple investment disciplines and investment options in a single portfolio. Investment portfolio options include, but are not limited to, mutual funds, exchange-traded funds (ETFs), stocks and bonds. IFP, through your investment adviser representative ("IAR") provides you with advice, custodial, trade execution and related services for a single asset-based fee. The SASP Program is designed to coordinate the client's overall investment management process.

IFP has selected certain affiliated and unaffiliated asset managers to participate in the SASP Program (the "Strategists"). An affiliate of IFP, Voya Investment Management ("Voya IM"), is the affiliated Strategist (the "Affiliated Strategist"). Additionally, IFP has selected unaffiliated Strategists (each an "Unaffiliated Strategist"). IFP has authorized the Strategists to develop and manage model portfolios ("Model Portfolios"). The Model Portfolios are administered by IFP using a third party technology platform. Each Model Portfolio is designed to meet a particular investment goal.

Decisions to move between Model Portfolios managed by the Affiliated Strategist in the SASP Program will be executed only with the client's prior authorization. Decisions to move between Model Portfolios managed by Unaffiliated Strategists in the SASP Program will be executed only with the client's prior authorization unless the client elects to give, and IFP approves, prior written approval for limited discretionary trading authority by the client through a power of attorney. The terms of any such limited discretionary authority shall be set forth in a separate document, and shall be signed by the client and approved by IFP. The limited discretionary authority will only extend to transactions in Unaffiliated Strategists.

Within the SASP Program, Affiliated Strategists, the only program currently utilizing mutual fund portfolios is the ING Investments' Global Perspectives Market Models Series ("GPMM Models"). In making their fund selections, the Voya IM Strategist chooses from the ING family of mutual funds (the "ING Funds") that are housed on the FundVest Mutual Fund Program platform ("FundVest Program") that is established and maintained by Pershing, LLC, IFP's clearing firm ("Pershing"). The GPMM Models contain ING Funds that utilize a "W" share class, which carry no fees pursuant to Rule 12b-1 under the Investment Company Act of 1940, as amended (referred to as "12b-1 fees"). The FundVest Program transaction charges are waived for purchases of program-qualified funds that would normally carry transaction charges.

An ETF version of GPMM is also available and follows the same investment management process as the Mutual Fund version.

Within the SASP Program, Affiliated Strategists, the Voya Investment Management Intermediate Bond Separately Managed Account Portfolio is a separately managed account (the "Separately Managed Model Portfolio") that invests in a selection of fixed income investments in order to achieve the Model Portfolio's investment objective. In making their fixed income selections, the Voya IM Strategist chooses fixed income investments that are not issued by any affiliate of Voya IM.

UMA Program Services

Description

IFP sponsors the UMA Program ("UMA Program"), a wrap fee program. A wrap fee program is an advisory program under which a specified fee or fees, not based directly on transactions in the client's account, is charged for advisory services. Services may include portfolio management or advice concerning the selection of other investment advisers, and the execution of client transactions and custody of program assets. Through the UMA Program, IFP provides clients with advice, custodial, trade execution and related services for a single asset-based fee.

The UMA Program combines multiple investment disciplines and investment options in a single account. Investment options include, but are not limited to, mutual funds, fixed income securities, exchange-traded funds (ETFs), separately managed accounts, model portfolios, stocks and bonds. Through the UMA Program, clients are provided with investment services from the IAR and/or affiliated or unaffiliated Independent Investment Strategists ("IIS" or "Strategist").

Your UMA Program relationship begins with completing a Risk Tolerance Questionnaire. The purpose of this questionnaire is to assist your IAR in understanding your investment objectives, financial situation, risk tolerance, investment time horizon and other pertinent information. The information we gathered will also be used to recommend an appropriate IIS(s). Based on the answers provided, an Investment Policy Statement ("IPS") will be generated. The IPS will present to you one or more investment styles for consideration.

Your IAR may manage a sleeve ("Adviser Sleeve") and/or may recommend investment portfolios designed by one or more affiliated or unaffiliated IIS(s) who independently select the securities or fixed income securities for the investment portfolio selected (each, an "IIS Sleeve"). Trades will be executed by our overlay manager, FolioDynamix, Inc. ("Folio") and cleared through Pershing LLC.

Your IAR will assist you in determining an appropriate investment strategy to follow. By completing the account opening documentation you authorize us to execute transactions in accordance with the Model Portfolios on a discretionary basis for unaffiliated IIS Sleeves. Decisions to move to/from IIS Sleeves managed by an affiliated IIS in the UMA Program will be executed only with the client's prior authorization. Decisions to move between unaffiliated IISs and or the Adviser Sleeve in the UMA Program will be executed only with the client's prior authorization unless the client elects to give an IAR,

prior written approval for limited discretionary trading authority through a power of attorney, subject to IFP approval. The limited discretionary authority will only extend to transactions in unaffiliated IIS(s) or Adviser Sleeves and will not apply to affiliated IIS(s).

The GPMM Model Portfolios are available within the UMA Program. Additional information regarding the GPMM models may be found in the description of the SASP Program above.

No Discretion or Fiduciary Role by IFP or its Affiliates

In certain cases, the client may elect to grant discretion to an Unaffiliated Strategist. In all other cases, the client decides whether or not to invest in a portfolio managed by a Strategist, and therefore, neither IFP nor its affiliates have discretion over the client's investment decision. In addition, unless the client grants discretion to an Unaffiliated Strategist, while IFP and/or its affiliates will provide relevant information, the final decision to select and invest in a Model Portfolio is made by the client. As such, with respect to a Model Portfolio, neither IFP nor its affiliates is acting as a fiduciary within the meaning of the Employee Retirement Income Security Act of 1974 ("ERISA") or the Internal Revenue Code of 1986.

Strategist's Authority to Rebalance the Model Portfolios

Strategists may rebalance a client's account in the event that client's portfolio and/or investments within client's account fall outside of acceptable allocation ranges determined by the Strategist for the Model Portfolio Client has selected.

GPMM Models

Voya IM relies on a set of pre-determined rules to rebalance the GPMM Models. With respect to the GPMM Models, Voya IM will apply a mathematical process to rebalance the portfolio automatically on a quarterly basis so that the percentages invested in each fund approximate the percentages invested in each fund initially; this may entail reducing investments in certain funds and increasing the investment in others. Rebalancing occurs quarterly when a position increases or decreases by 5% or more, subject to a \$250 trade minimum. For example, in general, if year-over-year earnings growth of companies in the Standard & Poor's 500 Index changes from positive to negative, half of the equities in GPMM are sold and reinvested in fixed income; if earnings growth changes from negative to positive, the portfolios are restored to their original allocation.

Changes to the Mutual Fund Line-Up

In certain situations, such as where a mutual fund closes or where a mutual fund's portfolio manager departs, a Strategist may replace the fund with another appropriate fund provided the management fee and other compensation paid to the Strategist from the new fund is no greater than that paid from the fund being replaced.

Modifications may have Tax Ramifications

The Strategists do not possess knowledge of the client's individual information or investment information or provide personalized investment advice. From time to time, the Strategists will add and remove investments from their respective Model Portfolios, and will modify the allocation within and/or rebalance the Model Portfolios. Such modifications in the Model Portfolios will then be effected through the sale of investments in client accounts which may have tax ramifications for clients based on the transactions that result in the client's account.

Risk of Loss

All investments have risks, including the risk of loss of the client's principal investment. While IFP, the IAR and respective Strategists seek to balance potential for investment gain against the risk of loss, there is risk in these investments as outlined in the Firm Brochure and in the prospectus and offering documents of the underlying investments. While the use of the SASP Program and Model Portfolios developed by the Strategists can help manage this risk, there have been periods in the past where markets in general and individual investments have lost value and there will be similar periods in the future. Investment returns, particularly over shorter time horizons, are highly dependent on trends in the various investment markets. Thus, IFP's respective investment advisory services are generally suitable for long-term investment

objectives or strategies, rather than for short-term trading purposes. There is no guarantee that client investment objectives will be achieved.

Termination of the Advisory Relationship

A client agreement may be terminated at any time, by either party, for any reason. Termination by the client is effective upon receipt of written notice by IFP unless a later date is requested in the client's notice and agreed to by IFP. Termination by IFP is effective 30 days from the date of written notice to the client, unless a later date is stated in the notice. Client may terminate without penalty within five business days of entering into an investment advisory agreement. As disclosed above, fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. In calculating a client's reimbursement of fees, IFP will pro rate the reimbursement according to the number of days remaining in the billing period.

SASP and UMA Program Fees

General Information

In general, fees for IFP investment advisory services are based upon a percentage of assets under management and are charged quarterly in advance by debiting advisory fees from client accounts, except as otherwise specified below. If management of the assets begins after the start of a quarter, Wrap Program fees will be prorated accordingly. You authorize IFP to debit fees from your account in accordance with the terms set forth in the SASP or UMA Program Account Agreement, Exhibits and Addenda ("Agreement").

Although IFP has established the fee schedules described in this Wrap Brochure, IFP may negotiate alternative fees on a client-by-client basis. For Retirement Readiness, the fees may be fixed or negotiable. Client facts, circumstances and needs are considered in determining the fee schedule. These facts include the complexity of the client's situation, assets to be managed, anticipated additional assets, related accounts, portfolio style and account composition, among other factors. The specific annual fee schedule is identified in the client's contract.

Advisory services fees charged by other investment advisers may be similar to or lower than the fees that IFP charges.

SASP Fee Description

The total annual client fee for services under the SASP Program consists of the Management Fee and the Custody Fee. The Management Fee is composed of the Strategist Fee(s) and an Adviser Fee. The maximum total annual fee will not exceed 2.75%. The Management Fee is assessed based on the total market value of the SASP account and applied by asset tier per account, as stated on the Fee Schedule in the SASP account agreement. On the client's behalf, IFP pays a portion of the asset-based fee to the Strategist for services. Any transfer of assets from one Strategist to a different Strategist may result in a higher or lower Management Fee, as a result of the difference in the Management Fees that each Strategist charges. No portion of any affiliated product's advisory, administrative, service, or other fees will be offset against the asset-based fee.

Maximum Annual Total Client Fee

Portfolio Value	From	To	Annual Total Client Fee
First	\$ 0	- \$ 250,000	2.75%
Next	\$ 250,001	- \$ 500,000	2.75%
Next	\$ 500,001	- \$ 1,000,000	2.50%
Next	\$ 1,000,001	- \$ 2,000,000	2.35%
Next	\$ 2,000,001	- \$ 5,000,000	2.10%
Next	\$ 5,000,001	- \$ 10,000,000	2.05%

Next	\$10,000,001 and over	2.00%
------	-----------------------	-------

Details regarding the Management Fee and the Custody Fee charged to your account are contained in your Agreement.

In addition, clients may incur charges for other account services provided not directly related to the execution and clearing of transactions, including, but not limited to, safekeeping fees, wire transfer fees, exchange fees, and fees for transfers of securities. Details regarding the Miscellaneous Fees that may be charged to your account are contained in your Agreement.

UMA Program Fee Description

The total annual client fee for services under the UMA Program consists of the Management Fee and the Custody Fee. The Management Fee is composed of the Strategist Fee(s) and an Adviser Fee. As shown in the table below, the maximum total annual fee for the IIS Sleeve(s) will not exceed 2.75% or 2.25% for the Adviser Directed Sleeve(s). The Management Fee is assessed based on the total market value of the UMA account and applied by asset tier per account, as stated on the Fee Schedule in the UMA account agreement. On the client's behalf, IFP pays a portion of the asset-based fee to the IIS for services. Any transfer of assets from one IIS to a different IIS may result in a higher or lower Management Fee, as a result of the difference in the Management Fees that each IIS charges. No portion of any affiliated product's advisory, administrative, service, or other fees will be offset against the asset-based fee.

The UMA Program incorporates fees that would otherwise be assessed to the client account including, among other things, transaction costs, paper surcharges and the annual IRA custodial fee.

Maximum Annual Total Client Fee

Portfolio Value	From	To	Annual Total Client Fee of IIS Sleeve(s)	Annual Total Client Fee of Adviser Directed Sleeve(s)
First	\$ 0	- \$ 250,000	2.75%	2.25%
Next	\$ 250,001	- \$ 500,000	2.75%	2.00%
Next	\$ 500,001	- \$ 1,000,000	2.50%	1.50%
Next	\$ 1,000,001	- \$ 2,000,000	2.35%	1.25%
Next	\$ 2,000,001	- \$ 5,000,000	2.10%	1.25%
Next	\$ 5,000,001	- \$ 10,000,000	2.05%	1.00%
Next	\$10,000,001	and over	2.00%	1.00%

A minimum account value of \$100,000 for a portfolio that consists of individual equities and \$250,000 for a portfolio that consists of fixed income securities is generally required for the Unified Managed Account Program.

The information gathered will be used to propose an appropriate asset allocation strategy. Once you receive your proposal and meet with your IAR, you will determine whether to adopt, modify or reject the recommended asset allocation strategy.

Payments to Strategists and IARs

On the client's behalf, IFP pays a portion of the fee we receive from the client to the selected account managed by that particular Strategist. Voya IM has waived charging a management fee for the GPMM - Mutual Fund Models. Voya IM has not waived charging a management fee for the GPMM - ETF Series or the Separately Managed Model Portfolio. Your total fee will vary depending on the fees charged by the Strategist you choose.

The IAR that recommends the SASP Program or UMA Program to you receives compensation as a result of your participation in the such Program. Since the compensation paid to your IAR may be more than what the IAR would receive if you participated in other investment advisory programs or paid separately for investment advice, brokerage and other services, the IAR may have a financial incentive to recommend the SASP Program over other investment advisory programs or services.

Consider Fees Carefully

Under the Program, the client receives investment advisory services, the execution of securities brokerage transactions, custody and reporting services for a single specified Wrap Program Fee. The value of the services provided under this Program may exceed the total cost of such services had they been provided separately. The Program Fee may be higher or lower than that charged by other sponsors of comparable wrap fee programs. In addition, a disparity in wrap fees may exist between the wrap fees charged to other clients.

All fees paid to IFP for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible 12b-1 fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge.

A client could invest in a mutual fund directly, without our services, which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Item 5 Account Requirements and Types of Clients

Minimum Account Requirements

SASP

Participation in the SASP Program is subject to certain minimum account requirements. Minimum account sizes are set by each Strategist and start at \$10,000. As a condition for program participation, clients are required to direct IFP to custody their assets with and to place trades through Pershing. As such, we reserve the right to decline acceptance of any client account for which the client directs the use of a broker dealer or custodian other than Pershing.

UMA Program

Participation in the UMA Program is subject to certain minimum account requirements. A minimum account value of \$100,000 for a portfolio that consists of individual equities and \$250,000 for a portfolio that consists of fixed income securities is generally required for the Unified Managed Account Program. The minimum deposit may consist of both cash and securities. In the event that a deposit for less than the required minimum opening balance is received, the assets will not be managed until the minimum opening balance is met, although the fee will be charged. Any cash deposited during this interim period will be deposited into a money market fund. IISs may have different account minimums and restrictions on the types of investments they manage.

Types of Clients

IFP provides investment advisory services in the SASP Program and the UMA Program, where appropriate, to:

- Individuals, including high net worth individuals

- Pension & Profit Sharing Plans (other than plan participants)
- Charitable Organizations
- Corporations or other business not listed above

Item 6 Portfolio Manager Selection and Evaluation

Strategist Selection

As previously disclosed, IFP has selected certain Affiliated Strategists and Unaffiliated Strategists to participate in the SASP Program and the UMA Program. In its role as sponsor and investment adviser of the Program, IFP is responsible for conducting due diligence and selecting the Strategists and Model Portfolios to be offered through the SASP Program and the UMA Program. We evaluate Strategists based on extensive information provided by that Strategist, including descriptions of its investment process, asset allocation strategies, sample portfolios, financials and the Strategist's disclosure brochure(s). We also analyze performance, risk characteristics and management style. In addition to selecting the Strategists, IFP will provide ongoing monitoring of the Model Portfolios to ensure the Strategists are managing them consistent with stated investment policies and strategies. IFP may terminate the relationship, at our sole discretion, with any Strategist and may retain one or more new or existing Strategists to participate in the Program. Circumstances under which a Strategist might be removed include (but are not limited to) performance, departure from the Strategist's stated investment discipline, or material changes in the organization.

See Item 4 for additional information about how the IAR recommends Strategists for each client and the IAR's process for reviewing Strategists.

Selection of Affiliated Strategists

Our processes for evaluating Affiliated Strategists are the same as those used for Unaffiliated Strategists. We recognize the inherent conflicts of interest when assessing Affiliated Strategists and assisting clients in selecting investment managers, because IFP and/or our affiliates may receive more aggregate fees if clients select an investment manager that is affiliated with our firm. We seek to mitigate some of the associated conflicts of interest by applying these uniform standards to ensure that clients' assets are managed in a fair and equitable manner.

Portfolio Performance Reporting

Clients have access to quarterly performance reports summarizing account performance, balances and holdings.

Item 7 Client Information Provided to Portfolio Managers

Although the Strategists remain responsible for managing the Model Portfolios, they do not possess knowledge of your individual information or investment goals and objectives, and do not have a direct relationship with you.

Item 8 Client Contact With Portfolio Managers

Clients utilizing the Model Portfolios generally do not have contact with the Strategists. Clients should contact their IAR or IFP with any questions they may have regarding their Accounts.

Item 9 Additional Information

Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

The following are disciplinary events relating to our firm and/or our management personnel:

1) The Financial Industry Regulatory Authority (FINRA) alleged that ING Financial Partners, Inc. and four control affiliates (Directed Services, LLC, ING America Equities, Inc., ING Financial Advisers, LLC, and ING Investment Advisors, LLC) collectively known as ("Respondent Firms"), were involved in violations of the supervision and email retention requirements of FINRA rules and federal securities laws over an extended period of time. Without admitting or denying FINRA's findings, the Respondent Firms consented to the described sanctions and to the entry of findings by agreeing to a Letter of Acceptance, Waiver and Consent with FINRA. The Respondent Firms were censured and fined in the aggregate amount of \$1.2 million, of which ING Financial Partners, Inc. was responsible for \$347,394.96. In the Acceptance, Waiver and Consent, FINRA acknowledged that the Respondent Firms self-reported the email issues described herein and undertook an internal review of their supervisory policies, procedures and systems relating to these issues. FINRA stated that the sanctions reflect the credit that the Respondent Firms have been given for self-reporting these issues, and for the substantial assistance they provided to FINRA during its investigation by, among other things, providing information obtained as a result of their internal investigation. The Respondent Firms further agreed to comply with the following undertakings: the Respondent Firms will each conduct a comprehensive review of their systems and procedures for the capture, retention and review of email to determine that those systems and procedures are reasonably designed to achieve compliance with the recordkeeping and supervisory requirements of FINRA rules and the federal securities laws.

2) New Jersey Bureau of Securities ("Bureau") alleges that the ING Financial Partners, Inc. ("Firm") failed to follow its procedures, or that its procedures were inadequate, with respect to detecting prior undisclosed employment disciplinary issues, customer fund disbursement procedures, and trade review procedures. Without admitting or denying the Bureau's findings of fact and conclusions of law, the Firm entered into a consent order with the Bureau pursuant to which the Firm agreed to cease and desist from future violations of New Jersey Uniform Securities Laws and to the payment of a \$50,000 civil monetary penalty with \$30,000 of this amount suspended based upon the Firm voluntarily and on its own initiative: 1. Promptly terminating the two subject registered representatives upon discovering their misconduct, and placing their supervisor on suspension; 2. Promptly paying restitution to certain affected customers, and; 3. Revising its supervisory procedures with respect to authorization of third party checks. The remaining civil monetary penalty in the amount of \$20,000 is due and payable within 10 days of the entry of the consent order. This matter was resolved on December 13, 2011.

3) IFP entered into a Consent Order with the New Jersey Bureau of Securities on December 13, 2011 that it failed to follow its procedures, or that its procedures were inadequate, with respect to detecting prior undisclosed employment disciplinary issues, customer fund disbursement procedures, and trade review procedures. As a result of this New Jersey matter, the Minnesota Department of Commerce stated that such conduct in New Jersey would be a violation of Minnesota Statutes 80A.67 (d)(9) and subject to disciplinary action. The Firm agreed to resolve this matter with the Minnesota Department of Commerce by payment of a \$5,000 civil penalty and acknowledgment of the findings of fact and conclusions of law as set forth in the Consent Order issued by the New Jersey Bureau of Securities. This matter was resolved on April 18, 2012.

4) The State of Nevada Securities Division alleged that a designated supervisor of the firm failed to take action over a period of time to ensure that a registered representative under his supervision submitted correspondence logs for review. The Division alleged a violation of firm policy and unspecified FINRA rules and state law. Without admitting or denying the Division's findings and conclusions, IFP entered into an administrative consent order with the Division requiring payment of a \$3,000 civil penalty and an inspection fee in the amount of \$1,000. This matter was resolved on April 7, 2010.

5) The State of Illinois Securities Department alleged that two former IFP registered representatives procured funds from certain investors by telling such investors that they would invest such funds in so called guaranteed investment contracts and other instruments and so called mutual bond trusts or other instruments when in fact neither representative made such investments but rather converted investors' funds to their own use and benefit. The Department also alleged the firm did not engage in oversight that uncovered the representatives' misconduct. Without admitting the Department's findings and conclusions IFP entered into a consent order with the Department requiring the firm to pay \$110,000 to the Secretary of State and Securities Investor Education Fund and, pursuant to the agreement, IFP made settlement offers to certain former customers of the representatives in the amount of \$336,788.22. This matter was resolved on September 12, 2008.

6) The State of Utah Securities Division alleged that an IFP registered representative conducted several seminars in April 2006 that utilized unapproved materials and included misrepresentations and omissions of material facts relating to variable annuities. The Division also alleged that IFP failed to supervise the representative in connection with the seminars and associated materials and the representative's business entity held itself out as an unlicensed investment adviser.

Without admitting or denying the Division's findings and conclusions, IFP entered into a stipulation and consent order with the Division requiring the firm to pay a fine of \$75,000 within 30 days of the entry of the order and to comply with certain undertakings related to its representatives conducting seminars in Utah and to its sale of variable annuities in Utah. This matter was resolved on March 12, 2008.

7) The Commonwealth of Massachusetts Securities Division alleged that during the period of at least December 1, 2004 through September 22, 2006, an IFP registered representative defrauded investors in the Eastern Massachusetts Greek community by inducing those investors to transfer funds to him under the auspices of high interest rate loans, when in fact the registered representative converted those funds to his own use and benefit. The Division also alleged that IFP failed to reasonably and properly supervise the representative. IFP consented to cease and desist from further violations of the Massachusetts Uniform Securities Act, a censure, a \$100,000 administrative fine, agreed to provide the Division an accounting of all IFP customers known by IFP to have provided money to the representative and agreed to an order to pay restitution to customers. This matter was resolved on October 22, 2007.

8) NASD alleged that from December 1, 2005 through January 21, 2006 IFP failed to promptly forward checks submitted with direct way business to issuers or to return checks to customers. Therefore, IFP did not comply with the requirements of the exemption set forth in SEC Rule 15C3-3(K)(2)(II). Thus, IFP became fully subject to the requirements of SEC Rule 15C3-3. Because IFP was operating under an exemption to SEC Rule 15C3-3, it did not meet all of the requirements of the Rule, including the requirement to maintain a special reserve account for the exclusive benefit of customers pursuant to SEC Rule 15C3-3(E). Without admitting or denying the allegations, IFP entered into an Acceptance, Waiver and Consent with the NASD, consenting to the imposition of a \$10,000 fine and censure. This matter was resolved on April 27, 2007.

9) The NASD found that IFP and its control affiliates (Primevest Financial Services, Financial Network Investment Corporation and Multi-Financial Securities Corporation) maintained a Strategic Partner Program whereby IFP and its control affiliates received directed brokerage commissions from mutual funds to pay for participation in the program. The total monetary fine was \$7,000,000, of which IFP paid \$1,291,000. IFP and its control affiliates were also censured. This matter was resolved on July 27, 2006.

10) The NASD found that IFP violated NASD Conduct Rule 2110. A review of forty settlement agreements executed by IFP from January 2003 to June 2003 revealed that eleven of the agreements contained confidentiality clauses that appeared to curtail the customers' ability to cooperate with self-regulatory organizations such as the NASD. IFP consented to the imposition of a censure and a fine in the amount of \$7,500. This matter was resolved on September 16, 2005.

11) The NASD found that IFP violated NASD Conduct Rules by failing to file in a timely manner certain Form U4 and U5 amendments. From January 2002 through March 2004, 160 amendments were late, representing 77% of the required amendments relating to customer complaints, regulatory actions and criminal disclosures. The firm's supervisory procedures and systems were not reasonably designed to achieve compliance with its reporting requirements. IFP was censured, fined \$200,000 and required to comply with certain undertakings. This matter was resolved on November 30, 2004.

12) The NASD found that IFP, acting through its agents, effected purchase of large positions of Class B mutual fund shares in seven customer accounts between May 1999 and June 2001. The customers were deprived of the benefits of breakpoints and lower 12b-1 fees than they would have received had they purchased Class A shares. IFP failed to establish and enforce a supervisory system reasonably designed to scrutinize Class B share purchases in order to detect and prevent unsuitably large Class B share purchases. Without admitting or denying the allegations, IFP consented to the described sanctions of the AWC. IFP was censured, fined \$50,000 and ordered to pay \$48,955.35 in partial restitution to public customers who purchased B shares. This matter was resolved on April 2, 2004.

Other Financial Industry Activities and Affiliations

IFP is indirectly owned by ING Groep NV (ING) and is under common control with the following insurance companies: Security Life of Denver Insurance Company, ING Life Insurance and Annuity Company, ING USA Annuity and Insurance Company, ReliaStar Life Insurance Company and ReliaStar Life Insurance Company of New York. Additionally, IFP is under common control with various other ING broker/dealers that may conduct business similar to IFP.

In addition to being a registered investment adviser, IFP is registered as a FINRA member broker-dealer. A list of affiliated broker-dealers is specifically disclosed in Section 7.A. on Schedule D of Form ADV, Part 1, which can be accessed by following the directions provided on the Cover Page of this Firm Brochure.

IARs of IFP are separately licensed as registered representatives of IFP and may be independent insurance agents appointed with various insurance companies. As such, IARs are able to receive separate, yet customary, commission compensation resulting from implementing (non-investment advisory) brokerage and insurance product transactions on behalf of investment advisory clients.

Custodian

As previously disclosed, clients are required to direct us to custody their assets with and to place trades through Pershing as a condition for participation in SASP Program. Pershing is an unaffiliated, FINRA broker-dealer and IFP's clearing firm and custodian.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

IFP has adopted a Code of Ethics which sets forth high ethical standards of business conduct required of our employees and IARs, including compliance with applicable federal securities laws. A copy of IFP's Code of Ethics is available to advisory clients and prospective clients. A copy may be requested by email sent to ingfp.compliance@us.ing.com, or by calling 800-356-2906.

IFP's Code of Ethics is designed to ensure that the personal securities transactions, activities and interests of IFP's employees and IARs will not interfere with (i) making decisions in the best interests of investment advisory clients, and (ii) implementing such decisions while, at the same time, allowing employees and IARs to invest for their own accounts. IFP's Code of Ethics requires the review of quarterly securities transactions reports of its IARs, including initial and annual securities holdings reports. These reports must be submitted to IFP by IARs quarterly and annually. IARs may buy or sell for their personal accounts securities identical to or different from those recommended to clients.

IFP's Code of Ethics includes the firm's policy prohibiting the use of material non-public information. All registered representatives, employees and IARs are reminded that such non-public information may not be used in a personal or professional capacity. Among other things, IFP's Code of Ethics requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering ("IPO"). The Code also provides for oversight, enforcement and record keeping provisions. IFP and its IARs may buy securities for the firm or for themselves from IFP investment advisory clients, or sell securities owned by the firm or the individual(s) to investment advisory clients. We will ensure, however, that such transactions are conducted in compliance with all the provisions under Section 206(3) of the Advisers Act governing principal transactions to investment advisory clients.

IFP may, at times, effect an agency cross transaction for an investment advisory client, provided that the transaction is consistent with the firm's fiduciary obligation to the client and that all requirements are met. An agency cross transaction is a transaction where IFP acts as an investment adviser in relation to a transaction in which IFP or any person controlled by or under common control with IFP, acts as broker for both the investment advisory client and for another person on the other side of the transaction.

Client funds may be invested in shares of mutual funds for which an affiliate of IFP serves as an investment adviser ("Affiliated Funds"). The affiliate will receive a management fee, outlined in the prospectus, from the Affiliated Fund. Assets invested in Affiliated Funds are included in the asset-based fee charged to the client. In addition, IARs are required to report all personal securities transactions conducted in Affiliated Funds.

IFP and its IARs may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in certain securities which may also be recommended to a client. It is the expressed policy of IFP that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As previously disclosed, IARs are separately registered as securities representatives of IFP, and/or licensed as an insurance agent/broker of various insurance companies. Please refer to the preceding section for a detailed explanation of these relationships and important conflict of interest disclosures.

Review of Accounts

Client accounts are reviewed by the IAR at least quarterly. More frequent reviews may be conducted in the event of changes in management style or fund closures. Account reviews are conducted by IARs and by designated investment advisory supervisors. We also review the investment results of client portfolios on a regular basis and, where appropriate, we may change or recommend a change in a Strategist for the client's account.

At least annually, IARs contact the client to review performance, changes in the client's net worth, income, goals and investment objectives and to determine if there are material changes to the client's financial condition. However, should there be a material change in the client's personal and/or financial situation, we should be notified immediately to determine whether revision of the client's investment profile is warranted.

Reports: Clients have access to monthly statements (when trading activity occurs) and confirmations of transactions from Pershing and also have access to quarterly statements and quarterly performance reports summarizing account performance, balances and holdings to clients in the SASP Program and the UMA Program.

Client Referrals and Other Compensation

IFP and its IARs are eligible to receive incentive awards (including prizes such as trips or bonuses) for recommending certain types of insurance policies or other investment products that IARs recommend. All incentive awards are pre-approved by IFP and are based on total production for all products and services. While IFP and its IARs endeavor at all times to put the interests of our clients first as part of our fiduciary obligation, the possibility of receiving incentive awards creates a conflict of interest.

Financial Information

As an advisory firm that maintains discretionary authority for client accounts we are also required to disclose any financial condition that is reasonably likely to impair our ability to meet our contractual obligations. To the best of IFP's knowledge and belief, IFP has no financial circumstance that is reasonably likely to materially adversely affect our ability to provide investment advisory services to our clients, and has not been the subject of a bankruptcy proceeding.
