**FORM ADV PART 2
BROCHURE**

This brochure provides information about the qualifications and business practices of Truvestments Capital LLC. If you have any questions about the contents of this brochure, please contact us at 941-753-3814. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Truvestments Capital LLC is also available on the SEC's website at www.adviserinfo.sec.gov. The searchable IARD/CRD number for Truvestments Capital LLC is 291297.

Truvestments Capital LLC is a Registered Investment Adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2 Summary of Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Since the filing of our last annual updating amendment dated March 3, 2016 we have the following material changes to report.

Item 4 New fee schedule

Item 4 Sub-Advisory services

The name of the firm has been changed from Skybox to Truvestments Capital LLC.

Item 4 Advisory Business

Description of Services and Fees

We are a registered investment adviser based in Sarasota, Florida. We are organized as a sub-Chapter S corporation under the laws of the State of Florida. We have been providing investment advisory services since 2008. Ronald Lumley and Gregory Pacitti are our principal owners. Currently, we offer the following investment advisory services, which are personalized to each individual client:

- **Financial Planning Services**
- **Portfolio Management Services**
- **Selection of Other Advisers**
- **Wrap Fee Programs**
- **Sub-Advisory Services**

The following paragraphs describe our services and fees. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your individual needs. As used in this brochure, the words "we", "our," "us," and "Advisor" refer to Truvestments Capital LLC. and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm. Also, you may see the term Associated Person throughout this Brochure. As used in this Brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm.

Financial Planning Services

We offer broad-based financial planning services. Financial planning will typically involve providing a variety of advisory services to clients regarding the management of their financial resources based upon an analysis of their individual needs. If you retain our firm for financial planning services, we will meet with you to gather information about your financial circumstances and objectives. Once we specify those long-term objectives (both financial and non-financial), we will develop shorter-term, targeted objectives. Once we review and analyze the information you provide to our firm, we will deliver a written plan to you, designed to help you achieve your stated financial goals and objectives.

Financial plans are based on your financial situation at the time we present the plan to you, and on the financial information you provide to our firm. You must promptly notify our firm if your financial situation, goals, objectives, or needs change. You are under no obligation to act on our financial planning recommendations. Should you choose to act on any of our recommendations, you are not obligated to implement the financial plan through any of our other investment advisory services. Moreover, you may act on our recommendations by placing securities transactions with any brokerage firm.

We charge a fixed fee for financial planning services, which generally ranges between \$500 and \$10,000. The fee is negotiable depending upon the complexity and scope of the plan, your financial situation, and your objectives. We require that you pay 50% of the fee in advance and the remaining portion upon the completion of the services rendered. We will not require prepayment of a fee more than six months in advance and in excess of \$1,200.

At our discretion, we may waive or offset the financial planning fee should you choose to implement the recommendations through a member of our firm in their capacity as a registered representative of Comprehensive Asset Management and Servicing, Inc., ("Comprehensive") or through one of our other advisory services listed below.

You may terminate the financial planning agreement by providing 30-day written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the agreement. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Portfolio Management Services

We offer discretionary and non-discretionary portfolio management services. Our investment advice is tailored to meet our clients' needs and investment objectives. If you retain our firm for portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information (the "suitability information") at the beginning of our advisory relationship. We will use the suitability information we gather to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. As part of our portfolio management services, we may customize an investment portfolio for you in accordance with your risk tolerance and investing objectives. Once we construct an investment portfolio for you, we will monitor your portfolio's performance on an ongoing basis, and may rebalance the portfolio as required by changes in market conditions and in your financial circumstances.

If you participate in our discretionary portfolio management services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm, a power of attorney, or trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing. If you enter into non-discretionary arrangements with our firm, we must obtain your approval prior to executing any transactions on behalf of your account.

We can charge an annual fee based on the amount of assets we are managing for you.

This fee is negotiable, and it is our most common way of being compensated.

The maximum AUM Fee that can be charged to you is indicated by the table below.

Typically, your fees will be lower;

Assets Under Management		Annual Fee
\$0-	\$1,000,000	2.00%
\$1,000,001 -	\$3,000,000	1.75%
\$3,000,001 -	\$5,000,000	1.50%
\$5,000,001+-		1.25%

At our discretion, we may combine the account values of family members living in the same household to determine the applicable advisory fee. For example, we may combine account values for you and your minor children, joint accounts with your spouse, and other types of related accounts. Combining account values may increase the asset total, which may result in your paying a reduced advisory fee based on the available breakpoints in our fee schedule stated above.

Our annual portfolio management fee is billed and payable quarterly in advance based on the value of your account on the last day of the previous quarter. If the portfolio management agreement is executed at any time other than the first day of a calendar quarter, our fees will apply on a pro rata basis, which means that the advisory fee is payable in proportion to the number of days in the quarter (or month, if applicable) for which you are a client. Our advisory fee is negotiable, depending on individual client circumstances.

We will send you an invoice for the payment of our advisory fee, or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. Further, the qualified custodian will deliver an account statement to you at least quarterly. These account statements will show all disbursements from your account. You should review all statements for accuracy. We will also receive a duplicate copy of your account statements.

You may terminate the portfolio management agreement upon written notice to our firm. You will incur a pro rata charge for services rendered prior to the termination of the portfolio management agreement, which means you will incur advisory fees only in proportion to the number of days in the quarter for which you are a client. If you have pre-paid advisory fees that we have not yet earned, you will receive a prorated refund of those fees.

Selection of Other Advisers

As part of our investment advisory services, we may recommend that you use the services of a third party investment adviser ("TPA") to manage your entire, or a portion of your, investment portfolio. After gathering information about your financial situation and objectives, we will recommend that you engage a specific TPA or investment program. Factors that we take into consideration when making our recommendation(s) include, but are not limited to, the following: the TPA's performance, methods of analysis, fees, your financial needs, investment goals, risk tolerance, and investment objectives. We will periodically monitor the TPA(s)' performance to ensure its management and investment style remains aligned with your investment goals and objectives.

We do not charge you a separate fee for the selection of other advisers. We will share in the advisory fee you pay directly to the TPA. The advisory fee you pay to the TPA is established and payable in accordance with the disclosure brochure provided by each TPA to whom you are referred. These fees may or may not be negotiable. Our compensation may differ depending upon the individual agreement we have with each TPA. As such, a conflict of interest may arise where our firm or our Associated Persons may have an incentive to recommend one TPA over another TPA with whom we have more favorable compensation arrangements or other advisory programs offered by TPAs with whom we have less or no compensation arrangements.

You will be required to sign an agreement directly with the recommended TPA(s). You may terminate your advisory relationship with the TPA according to the terms of your agreement with the TPA. You should review each TPA's disclosure brochure for specific information on how you may terminate your advisory relationship with the TPA and how you may receive a refund, if applicable. You should contact the TPA directly for questions regarding your advisory agreement with the TPA.

Wrap Fee Program(s)

We are a sponsor of a wrap fee program, which is a type of program that provides clients with asset management services for a single fee that includes administrative fees, management fees, and commissions. If you participate in our wrap fee program, you will pay our firm a single fee, which includes our money management fees, certain transaction costs, and custodial and administrative costs. The overall cost you will incur if you participate in our wrap fee program may be higher or lower than you might incur by separately purchasing the types of securities available in the program.

Transactions for your account must be executed by TD Ameritrade Institutional (through the TD Ameritrade Institutional Program), a division of TD Ameritrade, Inc., ("TD Ameritrade") member FINRA/SIPC/NFA. To compare the cost of the wrap fee program with non-wrap fee portfolio management services, you should consider the frequency of trading activity associated with our investment strategies and the brokerage commissions charged by TD Ameritrade or other broker-dealers, and the advisory fees charged by investment advisers.

Sub-Advisory Services

We offer sub-advisory services to other registered investment advisers.

Types of Investments

We offer advice on equity securities, corporate debt securities, certificates of deposit, municipal securities, investment company securities, US Government securities, options contracts on securities, and interest in private placements. Additionally, we may advise you on other types of investments that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship.

You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing.

We do not manage client accounts participating in our wrap fee program differently from accounts not participating in the wrap fee program. If you participate in our wrap fee program, we will provide you with a separate Wrap Fee Program Brochure explaining the program and costs associated with the program.

Assets Under Management

As of December 31, 2016, we provide continuous management services for \$87,587,336 in client assets on a discretionary basis, and \$15,971,500 in client assets on a non-discretionary basis.

Item 5 Fees and Compensation

Please refer to the "Advisory Business" section in this Brochure for information on our advisory fees, fee deduction arrangements, and refund policy according to each service we offer.

Additional Fees and Expenses

As part of our investment advisory services to you, we may invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through which your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the "Brokerage Practices" section of this Disclosure Brochure.

Compensation for the Sale of Securities or Other Investment Products

Persons providing investment advice on behalf of our firm are registered representatives with Comprehensive a securities broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. In their capacity as registered representatives, these persons will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by these persons in their capacities as registered representatives are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on your needs. You are under no obligation, contractually or otherwise, to purchase securities products through any person affiliated with our firm.

Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with our firm.

At our discretion, we may offset our advisory fees to the extent our Associated Persons earn commissions in their separate capacities as registered representatives and/or insurance agents.

Ronald J. Lumley and Gregory T. Pacitti, may also receive referral fees for referring clients to private placements.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Our fees are calculated as described in the *Advisory Business* section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We offer investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies

We may use one or more of the following methods of analysis or investment strategies when providing investment advice to you:

- Charting Analysis - involves the gathering and processing of price and volume information for a particular security. This price and volume information is analyzed using mathematical equations. The resulting data is then applied to graphing charts, which is used to predict future price movements based on price patterns and trends.
- Fundamental Analysis - involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience and expertise of the company's management, and the outlook for the company's industry. The resulting data is used to measure the true value of the company's stock compared to the current market value.
- Technical Analysis - involves studying past price patterns and trends in the financial markets to predict the direction of both the overall market and specific stocks.
- Cyclical Analysis - a type of technical analysis that involves evaluating recurring price patterns and trends.
- Long Term Purchases - securities purchased with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than one year.

- Short Term Purchases - securities purchased with the expectation that they will be sold within a relatively short period of time, generally less than one year, to take advantage of the securities' short-term price fluctuations.
- Option Writing - a securities transaction that involves selling an option. An option is the right, but not the obligation, to buy or sell a particular security at a specified price before the expiration date of the option. When an investor sells an option, he or she must deliver to the buyer a specified number of shares if the buyer exercises the option. The seller pays the buyer a premium (the market price of the option at a particular time) in exchange for writing the option.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

The risk of market timing based on technical analysis is that charts may not accurately predict future price movements. Current prices of securities may reflect all information known about the security and day to day changes in market prices of securities may follow random patterns and may not be predictable with any reliable degree of accuracy. The risk of fundamental analysis is that information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable performance. The risk of cyclical analysis is that economic/business cycles may not be predictable and may have many fluctuations between long term expansions and contractions. The lengths of economic cycles may be difficult to predict with accuracy and therefore the risk of cyclical analysis is the difficulty in predicting economic trends and consequently the changing value of securities that would be affected by these changing trends.

Long term purchases may also be affected by unforeseen long term changes in the company in which you are invested or in the overall market. Short term trading generally involves a greater degree of risk than long term trading due to market volatility over a short period of time.

We may use short-term trading (in general, selling securities within 30 days of purchasing the same securities) as an investment strategy when managing your account(s). Short-term trading is not a fundamental part of our overall investment strategy, but we may use this strategy occasionally when we determine that it is suitable given your stated investment objectives and tolerance for risk.

We may use investment strategies that involve buying and selling securities frequently in an effort to capture significant market gains and avoid significant losses during a volatile market. However, frequent trading can negatively affect investment performance, particularly through increased brokerage and other transactional costs and taxes.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Recommendation of Particular Types of Securities

As disclosed under the "Advisory Business" section in this Brochure, we recommend all types of securities and we do not necessarily recommend one particular type of security over another since each client has different needs and different tolerance for risk. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every

type of investment. Even within the same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it.

Item 9 Disciplinary Information

Neither our firm nor any of our Associated Persons has any reportable disciplinary information.

Item 10 Other Financial Industry Activities and Affiliations

We have not provided information on any of the other financial industry activities and affiliations listed below because we are not affiliated, through control or ownership, with any of the following types of entities.

1. investment company or other pooled investment vehicle (including a mutual fund, closed-end investment company, unit investment trust, private investment company or "hedge fund," and offshore fund)
2. other investment adviser or financial planner
3. futures commission merchant, commodity pool operator, or commodity trading advisor
4. banking or thrift institution
5. accountant or accounting firm
6. lawyer or law firm
7. insurance company or agency
8. pension consultant
9. real estate broker or dealer
10. sponsor or syndicator of limited partnerships

Registrations with Broker-Dealer

Persons providing investment advice on behalf of our firm are registered representatives with Comprehensive, a securities broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation.

Recommendation of Other Advisers

We may recommend that you use a third party adviser ("TPA") based on your needs and suitability. We will receive compensation from the TPA for recommending that you use their services. These compensation arrangements present a conflict of interest because we have a financial incentive to recommend the services of the third party adviser. You are not obligated, contractually or otherwise, to use the services of any TPA we recommend.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Description of Our Code of Ethics

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All of our Associated Persons are expected to adhere strictly to these guidelines. Our Code of Ethics also requires that certain persons associated with our firm submit reports of their personal account holdings and transactions to a qualified representative of our firm who will review these reports on a periodic basis. Persons associated with our firm are also

required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Our Code of Ethics is available to you upon request. You may obtain a copy of our Code of Ethics by contacting Greg Pacitti at 941-753-3814.

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this Brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell securities for you at the same time we or persons associated with our firm buy or sell such securities for our own account. We may also combine our orders to purchase securities with your orders to purchase securities ("block trading"). Please refer to the "Brokerage Practices" section in this Brochure for information on our block trading practices.

A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To eliminate this conflict of interest, it is our policy that neither our Associated Persons nor we shall have priority over your account in the purchase or sale of securities.

Item 12 Brokerage Practices

We will recommend the brokerage and/or custodial services of Comprehensive Asset Management and Servicing, Inc. ("Comprehensive"), or TD Ameritrade Institutional (through the TD Ameritrade Institutional Program), a division of TD Ameritrade, Inc. ("TD Ameritrade") member FINRA/SIPC/NFA. TD Ameritrade is an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade Institutional is a division of TD Ameritrade, Inc., ("TD Ameritrade") a FINRA/SIPC member. TD Ameritrade is an independent and unaffiliated SEC registered broker dealer. TD Ameritrade offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. We receive some benefits from TD Ameritrade through its participation in the program.

We believe that Comprehensive and/or TD Ameritrade provides quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the brokerage services provided by Comprehensive and/or TD Ameritrade including the value of research provided, the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of research services and additional brokerage products and services Comprehensive and/or TD Ameritrade provides, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

Research and Other Benefits

We participate in TD Ameritrade's institutional customer program. There is no direct link between our participation in the program and the investment advice we give to you, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade's retail investors. These benefits include the following products and services (provided without cost or at a discount): receipt of duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving our participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have our fees deducted directly from client accounts; access to an electronic communications network for client order entry and account

information; access to mutual funds with no transaction fees and to certain institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to us by third party vendors. TD Ameritrade may also have paid for business consulting and professional services received by us and may also pay or reimburse expenses (including travel, lodging, meals and entertainment), expenses for our personnel to attend conferences or meetings relating to the program or to TD Ameritrade's advisor custody and brokerage services generally. Some of the products and services made available by TD Ameritrade through the program may benefit us but may not benefit your account(s). These products or services may assist us in managing and administering your accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop its business enterprise.

The benefits received by us or our personnel through our participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. As part of its fiduciary duties to our clients, we endeavor at all times to put the interests of our clients first. You should be aware, however, that the receipt of economic benefits by us or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our choice of TD Ameritrade for custody and brokerage services.

Block Trades

Transactions for each client generally will be effected independently, unless we decide to purchase or sell the same securities for several clients at approximately the same time. We may, but are not obligated to, combine multiple orders for shares of the same securities purchased for advisory accounts we manage (this practice is commonly referred to as "block trading"). We will then distribute a portion of the shares to participating accounts in a fair and equitable manner. The distribution of the shares purchased is typically proportionate to the size of the account, but it is not based on account performance or the amount or structure of management fees. Subject to our discretion regarding factual and market conditions, when we combine orders, each participating account pays an average price per share for all transactions and pays a proportionate share of all transaction costs on any given day. Accounts owned by our firm or persons associated with our firm may participate in block trading with your accounts; however, they will not be given preferential treatment.

Item 13 Review of Accounts

Ronald Lumley, Gregory Pacitti, Kaleb McCarty, Cameron Parsons or the assigned investment adviser representative will monitor your accounts on an ongoing basis and will conduct account reviews at least annually and upon your request to ensure that the advisory services provided to you and/or the portfolio mix are consistent with your current investment needs and objectives. Additional reviews may be conducted based on various circumstances, including, but not limited to:

- contributions and withdrawals,
- year-end tax planning,
- market moving events,
- security specific events, and/or,
- changes in your risk/return objectives.

We will not provide you with additional or regular written reports in conjunction with account reviews, however, you will receive trade confirmations and monthly or quarterly statements from your account custodian(s).

Item 14 Client Referrals and Other Compensation

We may receive succession planning, practice valuation, and equity management services from third-party vendors through Advisor's participation in the TD Ameritrade Institutional Equity Management Program. In addition to meeting the minimum eligibility criteria for participation in the TD Ameritrade Institutional Equity Management Program, we may have been selected to participate in the TD Ameritrade Institutional Equity Management Program based on the amount and potential profitability to TD Ameritrade of the assets in, and trades placed for, client accounts maintained with TD Ameritrade. TD Ameritrade is a discount broker-dealer independent of and unaffiliated with us and there is no employee or agency relationship between TD Ameritrade and us. TD Ameritrade has established the TD Ameritrade Institutional Equity Management Program as a means of assisting independent unaffiliated Advisors to grow and maintain their respective investment advisory business. TD Ameritrade does not supervise us and has no responsibility for our management of client portfolios or our other advice or services to clients. Our participation in the TD Ameritrade Institutional Equity Management Program raises potential conflicts of interest. We may encourage our clients to custody their assets at TD Ameritrade and whose client accounts are profitable to TD Ameritrade. Consequently, in order to participate in the TD Ameritrade Institutional Equity Management Program, we may have an incentive to recommend to clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade. Our participation in the TD Ameritrade Institutional Equity Management Program does not relieve us of the duty to seek best execution of trades for client accounts.

Please refer to the "Brokerage Practices" section above for additional disclosures on research and other benefits we may receive resulting from our relationship with Comprehensive and/or TD Ameritrade.

As disclosed under the "Fees and Compensation" section in this Brochure, persons providing investment advice on behalf of our firm are licensed insurance agents, and are registered representatives with Comprehensive, a securities broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. For information on the conflicts of interest this presents, and how we address these conflicts, please refer to the "Fees and Compensation" section.

We may compensate non-employees, such as CPAs, for client referrals. In order to receive a cash referral fee from our firm, Solicitors must comply with the requirements of the jurisdictions in which they operate. If you were referred to our firm by a Solicitor, you should have received a copy of this brochure along with the Solicitor's disclosure statement at the time of the referral. You will not pay additional fees because of this referral arrangement. Referral fees paid to a Solicitor are contingent upon your entering into an advisory agreement with our firm. Therefore, a Solicitor has a financial incentive to recommend our firm to you for advisory services. This creates a conflict of interest; however, you are not obligated to retain our firm for advisory services. Comparable services and/or lower fees may be available through other firms.

Item 15 Custody

We directly debit your account(s) for the payment of our advisory fees. This ability to deduct our advisory fees from your accounts causes our firm to exercise limited custody over your funds or securities. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. You will receive account statements from the independent, qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy.

Item 16 Investment Discretion

You may grant our firm discretion over the selection and amount of securities to be purchased or sold for your account(s) without obtaining your consent or approval prior to each transaction. You may specify investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security. Please refer to the "Advisory Business" section in this Brochure for more information on our discretionary management services.

If you enter into non-discretionary arrangements with our firm, we will obtain your approval prior to the execution of any transactions for your account(s).

Item 17 Voting Client Securities

We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of common stock or mutual funds, you are responsible for exercising your right to vote as a shareholder.

In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward any electronic solicitation to vote proxies.

Item 18 Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$1,200 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

Item 19 Requirements for State-Registered Advisers

We are a federally registered investment adviser therefore this section is not applicable.

Item 20 Additional Information

Your Privacy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure. We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will never sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact Ronald Lumley at 941-753-3814, if you have any questions regarding this policy.

Trade Errors

In the event a trading error occurs in your account, our policy is to restore your account to the position it should have been in had the trading error not occurred. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the account. If a trade error results in a profit, you will keep the profit.
