Item 4 – Advisory Services

A. Firm Information

Morton Brown Family Wealth LLC (“Morton Brown” or the “Advisor”) is a registered investment advisor with the U. S. Securities and Exchange Commission (“SEC”), which is organized as a limited liability company under the laws of the State of Delaware. Morton Brown was founded in January 2018 and is owned and operated by Kathryn M. Brown and Dennis C. Morton. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Morton Brown.

For questions regarding this Disclosure Brochure, please contact Kathryn Brown at (610) 709-5072 or kbrown@mortonbrownfw.com.

B. Advisory Services Offered

Morton Brown offers advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses (each referred to as a “Client”). Morton Brown provides a comprehensive approach to its wealth advisory services. Client engagements typically include comprehensive financial planning and investment management services as described below. Services are tailored to the unique needs of each Client.

Investment Management Services

Morton Brown provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and planning services. Morton Brown works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. Morton Brown customizes its investment management services for its Clients. Morton Brown will implement the investment strategy with its internal management and/or the use of unaffiliated money managers or investment platforms (as described below).

Internal Investment Management - Portfolios may be constructed using open-end mutual funds, exchange-traded funds (“ETFs”), individual equity securities and or individual fixed income securities. For certain Clients, the Advisor may utilize tax-free municipal bonds and other types of investments. For certain Clients, the Advisor may employ leveraged ETFs and or the short-term use of margin. For mutual funds, the Advisor selects active and passive managers and will seek institutional share classes when available.

Morton Brown generally employs a long-term investment approach for Clients, but may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Morton Brown will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Morton Brown will provide investment management and related advisory services. At no time will Morton Brown accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client Investment Advisory Agreement.

Use of Independent Managers - Morton Brown may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively “Independent Managers”). Independent Managers may be sourced directly or accessed through an investment management platform. The Client will be required to enter into a separate agreement with the Independent Manager[s].

Morton Brown serves as the Client’s primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. Morton Brown will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. Morton Brown will continue to provide oversight of the Client’s account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on

these accounts, subject to the acceptance of these third parties.

Financial Planning Services

Morton Brown will typically provide to its Clients a variety of financial planning services. Such services may be included in the overall advisory services or contracted separately, based on the Client's needs and complexity of the services to be provided. Services may be provided in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, distributions, personal savings, education savings, spending, insurance needs, estate planning, charitable strategies, and other areas of a Client's financial situation. Morton Brown may deliver specific planning modules to the Client or a comprehensive plan, based on the needs of the Client.

In certain circumstances, Morton Brown may also refer Clients to an accountant, attorney or other specialist, as appropriate for the Client's unique situation. For certain financial planning engagements, the Advisor will generally provide a written report that contains observations and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor. Financial planning services may be included in an overall wealth management engagement or provided as a separate service, pursuant to the terms of the agreement with the Client.

C. Client Account Management

Prior to engaging Morton Brown to provide advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Morton Brown will work with each Client to develop a custom investment strategy designed in connection with the Client's investment goals and objectives.
- Asset Allocation – Morton Brown will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction – Morton Brown will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Morton Brown will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Morton Brown does not manage or place Client assets into a wrap fee program.

E. Assets Under Management

Morton Brown is a newly formed advisory firm and does not yet have assets to report. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client shall sign one or more agreements that detail the responsibilities of Morton Brown and the Client.

A. Fees for Advisory Services

Investment Advisory Services

Investment advisory fees are paid monthly, at the end of each month, based on the average daily market value in the Client's account[s]. Fees are charged at an annual rate ranging from 0.50% to 1.50%.

The investment advisory fee in the first month of service is prorated from the inception date of the Client's account[s] to the end of the first month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by Morton Brown will be independently valued by the Custodian (as discussed in Item 12). Morton Brown will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to Morton Brown's right to terminate an account. Additions may be in cash or securities provided that Morton Brown reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Morton Brown, subject to the usual and customary securities settlement procedures. However, Morton Brown designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. Morton Brown may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications.

Use of Independent Managers

For Client account[s] implemented through an Independent Manager, the Client's overall fees may include Morton Brown's investment advisory fee (as noted above) plus advisory fees and/or platform fees charged by the Independent Manager[s], as applicable. The Independent Manager may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s]. In such instances, Morton Brown will not charge its fee separately on those assets.

Financial Planning Services

Morton Brown offers financial planning services on either an hourly basis or a fixed engagement. Hourly engagements are billed at a rate of up to \$300 per hour. Fixed fee engagements are negotiated based on the expected number of hours to complete the engagement at the Advisor's hourly rate. Fees may be negotiable at the sole discretion of the Advisor, depending on the nature and complexity of services to be provided. An estimate for total hours and/or costs will be provided to the Client prior to engaging for these services. The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs. For certain Clients, financial planning services are included in investment advisory fee.

B. Fee Billing

Investment Advisory Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the average daily assets under management during the month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. Clients provide written authorization permitting Morton Brown to be paid directly from their accounts held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

Client account[s] implemented through Independent Manager[s] will be billed in accordance to the separate agreement[s] with the respective parties. These parties will typically add Morton Brown's investment advisory fee and deduct the overall fee from the Client's account[s].

Financial Planning Services

Fees for hourly and fixed fee financial planning engagements may be invoiced up to 50% upon execution of the financial planning agreement with the balance due upon completion of the engagement deliverable[s]. Certain Clients may have their planning fees included with their overall investment advisory fees. The Advisor does not collect advance fees of \$1,200 or more for any services that will be completed six (6) months or more in advance.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Morton Brown, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The fees charged by Morton Brown are separate and distinct from these custody and execution fees.

In addition, all fees paid to Morton Brown for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client should review both the fees charged by the fund[s] and the fees charged by Morton Brown to fully understand the total fees to be paid.

D. Advance Payment of Fees and Termination

Investment Advisory Services

Morton Brown is compensated for its investment advisory services at the end of the month in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. Upon termination, the Client shall be responsible for investment advisory fees up to and including the effective date of termination. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that a Client should wish to terminate their relationship with an Independent Manager, the terms for termination will be set forth in the respective agreements between the Client and those third parties. Morton Brown will assist the Client with the termination and transition as appropriate.

Financial Planning Services

Morton Brown may be partially compensated for its financial planning services in advance the engagement (Please see Item 5.A above.). Either party may terminate the financial planning agreement, at any time, by providing advance written notice to the other party. Upon termination, the Client shall be responsible for planning fees based on the hours incurred or in the event of a fixed fee, the percentage of the engagement completed. Upon termination, the Advisor will refund any unearned, prepaid fees. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Morton Brown does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

However, Advisory Persons may also be licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on the Client's needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

Morton Brown does not charge performance-based fees for its investment advisory services. The fees charged by Morton Brown are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Morton Brown does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Morton Brown offers investment advisory services to individuals, high net worth individuals, families, trusts, estates, and businesses. The relative percentage of each type of Client is available on Morton Brown's Form ADV Part 1. These percentages will change over time. Morton Brown generally does not impose a minimum size for establishing a relationship. However, certain investments and strategies may require certain minimums for effective implementation.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Morton Brown primarily employs fundamental analysis methods in developing investment strategies for its Clients. Research and analysis from Morton Brown is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

As noted above, Morton Brown generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Morton Brown will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Morton Brown may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Morton Brown will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Below are some additional risks that Clients should understand. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Morton Brown or its owners. Morton Brown values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with our firm name or our CRD# 292278.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Advisory Persons of Morton Brown may serve as licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Morton Brown. As insurance professionals, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending insurance products. Clients are under no obligation to implement any recommendations made the Advisor or by its Advisory Persons.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Morton Brown has implemented a Code of Ethics that defines our fiduciary commitment to each Client. This Code of Ethics applies to all persons associated with Morton Brown (our "Supervised Persons"). The Code of Ethics was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Morton Brown and its personnel owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Morton Brown associates to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code of Ethics covers a range of topics that address ethics and conflicts of interest. To request a copy, please contact us at (610) 709-5072.

B. Personal Trading with Material Interest

Morton Brown allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Morton Brown does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Morton Brown does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Morton Brown allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a potential conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted a Code of Ethics, which addresses insider trading (material non-public information controls) and personal securities reporting procedures. When trading for personal accounts, employees of Morton Brown may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Morton Brown requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO") or delegate. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Morton Brown allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. At no time will any associated person of Morton Brown, transact in any security to the detriment of any Client.

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Morton Brown does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Morton Brown to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Morton Brown does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Morton Brown does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by Morton Brown. However, use of a Custodian not recommended by the Advisor could result in a limitation on the services that can be provided. Factors which the Advisor considers in recommending the Custodian to Clients include their respective financial strength, reputation, execution, pricing, research service, its reputation, and/or the location of the Custodian's offices. Morton Brown will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Morton Brown maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab (Please see Item 14 below.). Schwab may enable the Advisor to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. The commissions and/or transaction fees charged by Schwab may be higher or lower than those charged by other financial institutions. The Advisor maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below. Following are additional details regarding the brokerage practices of the Advisor:

- 1. Soft Dollars** - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Morton Brown does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian, but does receive economic benefits from Schwab. Please see Item 14.
- 2. Brokerage Referrals** - Morton Brown does not receive any compensation from any third party in connection with the recommendation for establishing an account.
- 3. Directed Brokerage** - All Clients are serviced on a "directed brokerage basis", where Morton Brown will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Morton Brown will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required. Morton Brown will execute its transactions through the Custodian. Morton Brown may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Principals of the Advisor and periodically by the CCO. The CCO also has oversight of investment advisory processes. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client. Clients are offered an annual financial plan, subject to scope of their agreement with the Advisor.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Morton Brown if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by Morton Brown

Morton Brown does not receive securities commissions from product sponsors, broker-dealers or any un-related third party. Morton Brown may refer Clients to various third parties to provide certain financial services necessary to meet the goals of its Clients. Likewise, Morton Brown may receive referrals of new Clients from a third-party.

Participation in Institutional Advisor Platform

Morton Brown has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Morton Brown. As a registered investment advisor participating on the Schwab Advisor Services platform, Morton Brown receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and financial support to Morton Brown that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Morton Brown believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

The Advisor does not engage paid solicitors.

Item 15 – Custody

Morton Brown does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fee. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Morton Brown to utilize the Custodian for the Client's security transactions. Morton Brown encourages Clients to review statements provided by the Custodian. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Morton Brown generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Morton Brown. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an Investment Advisory Agreement containing all applicable limitations to such authority. All discretionary trades made by Morton Brown will be in accordance with each Client's investment objectives and goals. CERTIFIED FINANCIAL PLANNER™ ("CFP®")

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP® (with flame design) marks (collectively, the "CFP® marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP® Board").

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
