A. Firm Information

Arch Global Advisors, LLC (“Arch Global Advisors” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”), which is organized as a Limited Liability Company (“LLC”) under the laws of the State of New York. Arch Global Advisors was founded in March 2011 and became a registered investment advisor in June 2018. Arch Global Advisors is owned and operated by Sardar S. Iftikhar (Managing Partner) and Akhil Kumar (Partner and Chief Compliance Officer). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Arch Global Advisors.

B. Advisory Services Offered

Arch Global Advisors offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, and retirement plans in the State of New York and other states (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Arch Global Advisors provides customized advisory solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and financial planning services. Arch Global Advisors works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create an investment strategy. Arch Global Advisors customizes its investment management services for its Clients. Arch Global Advisors will implement the investment strategy with its internal management and/or the use of unaffiliated money managers or investment platforms (as described below).

Internal Investment Management - Portfolios are typically constructed using exchange-traded funds (“ETFs”), individual equity securities, and/or open-end mutual funds. The Advisor may utilize other types of investments, as appropriate, to meet the needs of certain Clients. The Advisor may also retain certain legacy securities, if appropriate for the investment strategy, asset allocation and portfolio construction.

Arch Global Advisors generally employs a long-term investment approach for Clients, but may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Arch Global Advisors will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Arch Global Advisors will provide investment management and related advisory services. At no time will Arch Global Advisors accept or maintain custody of a Client’s funds or securities, except for authorized deduction of the Advisor’s fees. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client Investment Advisory Agreement.

Use of Independent Managers - Arch Global Advisors may recommend to Clients that all or a portion of their investment portfolio be implemented by utilizing one or more unaffiliated money managers or investment platforms (collectively “Independent Managers”). Independent Managers may be sourced directly or accessed through an investment management platform. The Client will be required to enter into a separate agreement with the Independent Manager[s].

Phone: (718) 937-8797 * Fax: (718) 937-8799

www.archglobaladvisors.com

Arch Global Advisors serves as the Client's primary advisor and relationship manager. However, the Independent Manager[s] will assume discretionary authority for the day-to-day investment management of those assets placed in their control. Arch Global Advisors will assist and advise the Client in establishing investment objectives for their account[s], the selection of the Independent Manager[s], and defining any restrictions on the account[s]. Arch Global Advisors will continue to provide oversight of the Client's account[s] and ongoing monitoring of the activities of these unaffiliated parties. The Independent Manager[s] will implement the selected investment strategies based on their investment mandates. The Client may be able to impose reasonable investment restrictions on these accounts, subject to the acceptance of these third parties.

Financial Planning Services

Arch Global Advisors will typically provide to its Clients a variety of financial planning services. Such services may be included in the overall advisory services or contracted separately, based on the Client's needs and complexity of the services to be provided. Services may be provided in several areas of a Client's financial situation, depending on their goals, objectives and financial situation. Planning or consulting may encompass one or more areas of need, including, but not limited to investment planning, retirement planning, distributions, personal savings, education savings, spending, insurance needs, estate planning, charitable strategies, and other areas of a Client's financial situation. Arch Global Advisors may deliver specific planning modules to the Client or a comprehensive plan, based on the needs of the Client.

In certain circumstances, Arch Global Advisors may also refer Clients to an accountant, attorney or other specialist, as appropriate for the Client's unique situation. For certain financial planning engagements, the Advisor will generally provide a written report that contains observations and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning recommendations may pose a potential conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor. Financial planning services may be included in an overall wealth management engagement or provided as a separate service, pursuant to the terms of the agreement with the Client.

C. Client Account Management

Prior to engaging Arch Global Advisors to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Arch Global Advisors, in connection with the Client, may a strategy that seeks to achieve the Client's goals and destinations. The strategy is designed to address the Client's personal goals, investment goals, and both long-term and short-term objectives.
- Asset Allocation – Arch Global Advisors will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance of risk for each Client.
- Portfolio Construction – Arch Global Advisors will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Arch Global Advisors will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

Arch Global Advisors does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Arch Global Advisors.

E. Assets Under Management

As of November 9, 2018, the Advisor manages approximately \$32,140,000 in discretionary assets. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the market value of assets under management at the end of the prior calendar quarter. Investment advisory fees are based on the following schedule:

Assets Under Management (\$)	Standard Annual Rate (%)
Up to \$500,000	2.50%
\$500,001 to \$1,000,000	2.00%
\$1,000,001 to \$2,500,000	1.50%
\$2,500,001 to \$5,000,000	1.25%
\$5,000,001 to \$10,000,000	1.00%
Over \$10,000,000	0.85%

The investment advisory fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Arch Global Advisors will be independently valued by the Custodian. Arch Global Advisors will not have the authority or responsibility to value portfolio securities.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

Arch Global Advisors offers financial planning services for a fixed fee engagement fee ranging from \$750 to \$1,500. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total costs will be determined prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the beginning of the respective quarter. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with Arch Global Advisors at the end of the prior quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Arch Global Advisors to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees may be invoiced up to fifty percent (50%) of the expected total fee upon execution of the financial planning agreement. The balance shall be invoiced upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Arch Global Advisors, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custody and securities execution fees charged by the Custodian. The fees charged by Arch Global Advisors are separate and distinct from these custody and execution fees.

In addition, all fees paid to Arch Global Advisors for investment advisory services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the services of Arch Global Advisors, but would not receive the services provided by Arch Global Advisors which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Arch Global Advisors to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

Arch Global Advisors is compensated for its services in advance of the quarter in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the quarter. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior approval.

Financial Planning Services

Arch Global Advisors requires an advance deposit as described above. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. The Advisor will refund any unearned, prepaid planning fees from the effective date of termination. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior approval.

E. Compensation for Sales of Securities

Arch Global Advisors does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons are also registered representatives of Cambridge Investment Research Inc. ("Cambridge"), a registered broker-dealer and member of FINRA, SIPC. In one's separate capacity as a registered representative Cambridge, an Advisory Person may implement securities transactions under Cambridge and not through Arch Global Advisors. In such instances, the Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities. Compensation earned by the Advisory Person in one's capacity as a registered representative is separate from the Advisor's fees. This practice presents a conflict of interest because the Advisory Person who is a registered representative has an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on the Client's needs. Clients are not obligated to implement any recommendation provided by the Advisor nor its Advisory Persons. Neither

the Advisor nor Advisory Persons will earn ongoing investment advisory fees in connection with any products or services implemented in the Advisory Person's separate capacity as a registered representative. Please see Item 10.

Advisory Persons are also licensed as independent insurance professionals. As an independent insurance professional, Advisory Person may earn commission-based compensation for selling insurance products. Insurance commissions earned are separate and in addition to the Advisor's advisory fees. This practice presents a conflict of interest because the Advisory Person providing investment advice on behalf of the Advisor who is also an insurance agent has an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any Advisory Person affiliated with the Advisor.

Item 6 – Performance-Based Fees and Side-By-Side Management

Arch Global Advisors does not charge performance-based fees for its investment advisory services. The fees charged by Arch Global Advisors are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Arch Global Advisors does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Arch Global Advisors offers investment advisory services to individuals, high net worth individuals, trusts, estates, businesses, and retirement plans. Arch Global Advisors generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Arch Global Advisors primarily employs fundamental, technical, and other analysis methods in developing investment strategies for its Clients. Research and analysis from Arch Global Advisors is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Arch Global Advisors will be able to accurately predict such a reoccurrence.

As noted above, Arch Global Advisors generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Arch Global Advisors will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs

of Clients. At times, Arch Global Advisors may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Arch Global Advisors will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks Clients should consider:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Arch Global Advisors or any of its Supervised Persons. Arch Global Advisors values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 297397.

Item 10 – Other Financial Industry Activities and Affiliations

Broker-Dealer Affiliation

As noted in Item 5, Advisory Persons are also registered representatives of Cambridge. In one's separate capacity as a registered representative, an Advisory Person will typically receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person. Neither the Advisor nor its Advisory Persons will earn ongoing investment advisory fees in connection with any services implemented in an Advisory Person's separate capacity as a registered representative.

Insurance Agency Affiliations

As noted in Item 5, Advisory Persons are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from one's role with Arch Global Advisors. As an insurance professional, an Advisory Person may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons are not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Arch Global Advisors has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Arch Global Advisors (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Arch Global Advisors and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Arch Global Advisors' Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (718) 937-8797 or via email at info@archga.com.

B. Personal Trading with Material Interest

Arch Global Advisors allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Arch Global Advisors does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Arch Global Advisors does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Arch Global Advisors allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Arch Global Advisors requiring reporting of personal securities trades by its

Supervised Persons for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Arch Global Advisors allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Arch Global Advisors, or any Supervised Person of Arch Global Advisors, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Arch Global Advisors does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will select the broker-dealer/custodian (herein collectively the "Custodian") to safeguard Client assets and authorize Arch Global Advisors to direct trades to this Custodian as agreed in the investment advisory agreement. Further, Arch Global Advisors does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Arch Global Advisors does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a Custodian not recommended by Arch Global Advisors. Due to the affiliation that registered representatives have with Cambridge, the Advisor may be limited in using other broker-dealers/custodians as Cambridge must approve the use of any outside broker-dealer/custodian. Arch Global Advisors will generally recommend that Clients establish their account[s] at Charles Schwab & Co., Inc. ("Schwab"), a FINRA-registered broker-dealer and member SIPC. Schwab will serve as the Client's "qualified custodian". Arch Global Advisors maintains an institutional relationship with Schwab, whereby the Advisor receives economic benefits from Schwab. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. Arch Global Advisors does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from Schwab. Please see Item 14.

2. Brokerage Referrals - Arch Global Advisors does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Arch Global Advisors will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). Arch Global Advisors will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Arch Global Advisors will execute its transactions through the Custodian as authorized by the Client. Arch Global Advisors may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually

purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Principals of the Advisor. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Arch Global Advisors if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Arch Global Advisors

Arch Global Advisors may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Arch Global Advisors may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Arch Global Advisors has established an institutional relationship with Schwab through its "Schwab Advisor Services" unit, a division of Schwab dedicated to serving independent advisory firms like Arch Global Advisors. As a registered investment advisor participating on the Schwab Advisor Services platform, Arch Global Advisors receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Schwab. Services provided by Schwab Advisor Services benefit the Advisor and many, but not all services provided by Schwab will benefit Clients. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this custodian over one that does not furnish similar software, systems support, or services.

Services that Benefit the Client – Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of Client's funds and securities. Through Schwab, the Advisor may be able to access certain investments and asset classes that the Client would not be able to obtain directly or through other sources. Further, the Advisor may be able to invest in certain mutual funds and other investments without having to adhere to investment minimums that might be required if the Client were to directly access the investments.

Services that May Indirectly Benefit the Client – Schwab provides participating advisors with access to technology, research, discounts and other services. In addition, the Advisor receives duplicate statements for

Client accounts, the ability to deduct advisory fees, trading tools, and back office support services as part of its relationship with Schwab. These services are intended to assist the Advisor in effectively managing accounts for its Clients, but may not directly benefit all Clients.

Services that May Only Benefit the Advisor – Schwab also offers other services and support to Arch Global Advisors that may not benefit the Client, including: educational conferences and events, financial start-up support, consulting services and discounts for various service providers. Access to these services creates a financial incentive for the Advisor to recommend Schwab, which results in a potential conflict of interest. Arch Global Advisors believes, however, that the selection of Schwab as Custodian is in the best interests of its Clients.

B. Client Referrals from Solicitors

Arch Global Advisors does not engage paid solicitors for Client referrals.

Item 15 – Custody

Arch Global Advisors does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct Arch Global Advisors to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by Arch Global Advisors to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Arch Global Advisors generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Arch Global Advisors. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Arch Global Advisors will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Arch Global Advisors does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Arch Global Advisors, nor its management, have any adverse financial situations that would reasonably impair the ability of Arch Global Advisors to meet all obligations to its Clients. Neither Arch Global Advisors, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Arch Global Advisors is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
