Item 4 – Advisory Services

A. Firm Information

Wealthspan Partners, LLC (“Wealthspan” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). Wealthspan was organized as a Limited Liability Company (“LLC”) under the laws of the State of Iowa in July 2018. Wealthspan is owned and operated by Brian J. Ramsay (Senior Wealth Partner and Chief Compliance Officer) and Mark D. Tholl (Senior Wealth Partner).

This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Wealthspan. For information regarding this Disclosure Brochure, please contact Brian J. Ramsay (Chief Compliance Officer) at (309) 269-9188.

Wealthspan serves as a fiduciary to Clients, as defined under applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Our fiduciary commitment is further described in our Code of Ethics. For more information regarding our Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

B. Advisory Services Offered

Wealthspan offers investment advisory services to individuals, families, trusts, charitable organizations, businesses and retirement plans (each referred to as a “Client”). Wealthspan provides individualized services to each Client, which are determined during initial conversations and updated over the course of the relationship as needed or requested by the Client. However, all services offered fall into the Investment Management Services, also known as Asset Management Services, and Financial Planning Services. Customized solutions for Client are achieved through continuous personal contact and interaction while providing discretionary investment management and financial planning services.

Investment Management Services

Wealthspan works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Wealthspan will then construct a portfolio, consisting of primarily of exchange-traded funds (“ETFs”), mutual funds, individual equity securities, individual and fixed income securities. The Advisor may also utilize options and other types of investments, as appropriate, to meet the needs of each Client. Evaluation of legacy investments will include a review of portfolio fit, tax situation and other considerations.

The Client-specific investment objectives will be set forth in a written Investment Policy Statement describing items such as asset allocation, personal circumstances, goals, liquidity needs, etc. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor. Wealthspan will construct, implement and monitor the portfolio on a discretionary basis with respect to the Client’s investment policy statement.

At no time will Wealthspan accept or maintain custody of a Client’s funds or securities. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the Client investment advisory agreement. Please see Item 12 – Brokerage Practices and Item 15 - Custody.

Financial Planning Services

Financial Planning Services are at the core of the Client relationship with Wealthspan. Financial planning is an evaluation of a Client’s current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans while also understanding personal values, goals and objectives. Through the financial planning process, all questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the Client.

Wealthspan will provide financial planning and consulting services to Clients pursuant to a written financial planning agreement. Services are offered in several areas depending on the Client’s goals, objectives and financial situation. Generally, such financial planning services will involve a written report which provides the

Client with a detailed financial plan to assist the Client in achieving his or her financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, financial position, tax considerations, employee benefits, investment analysis, insurance analysis, retirement analysis, death and disability considerations, and estate planning.

Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly by the Client.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. Implementation of financial planning recommendations is entirely at the Client's discretion. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor. Wealthspan will work with Clients to implement recommendations and referrals to other professionals may be made where appropriate to meet the Client's needs.

C. Client Account Management

Prior to engaging Wealthspan to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Wealthspan, in connection with the Client, will develop an investment strategy that seeks to achieve the Client's goals and destinations.
- Portfolio Construction – Wealthspan will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Wealthspan will provide investment management and ongoing oversight of the Client's investment portfolio. Wealthspan will review Client portfolios at least annually.
- Financial Planning – Wealthspan provides initial and ongoing planning services, to assist Clients in meeting the financial goals.

D. Wrap Fee Programs

Wealthspan does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Wealthspan.

E. Assets Under Management

Wealthspan is a newly established advisor. Assets under management shall be reported following the Advisor's December 31, 2018 fiscal year end. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid monthly in arrears, at annual rate ranging from 0.25% to 1.50%, pursuant to the terms of the investment advisory agreement. Investment advisory fees are based on the average daily market value of assets under management during the month. Fees are based on several factors: including the level of assets to be managed, the scope and complexity of the Client engagement and the overall relationship. The investment advisory fee in the first month of service is prorated from the inception date of the account[s] to the end of the first

month. Fees may be negotiable at the sole discretion of the Advisor. The Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Wealthspan will be independently valued by the Custodian. Wealthspan will not have the authority or responsibility to value portfolio securities.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Wealthspan, subject to the usual and customary securities settlement procedures. However, withdrawals from the Client's account[s] may impede the Advisor's ability to implement the investment strategy designed for the Client. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications.

The Advisor's fee is exclusive of, and in addition to, brokerage fees, transaction fees, and other related costs and expenses, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Financial Planning Services

Wealthspan may include financial planning services as part of the overall investment advisory fee or its may be offered separately. Engagements may be offered at an hourly rate of up to \$200 per hour or a fixed engagement fee. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. An estimate for total hours and/or costs will be provided prior to establishing the advisory relationship.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the end of each month. The amount due is calculated by applying the monthly rate to the average daily market value of assets under management during the month. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Wealthspan to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Financial Planning Services

Financial planning fees are invoiced by the Advisor and are due upon completion of the agreed upon deliverable[s].

C. Other Fees and Expenses

All fees paid to Wealthspan for investment advisory or financial planning services are separate and distinct from any and all other fees and expenses charged by broker-dealers/custodians, plan administrators, or any other expense associated with the Client's accounts. Investments in mutual funds and ETFs also have an internal expense ratio charged by the product. These fees are described in each mutual fund or ETF prospectus.

Custodians may charge securities transaction fees on purchases or sales of certain mutual funds, ETFs, individual equity securities, individual fixed income securities or other investment. They may also charge for certain services, e.g. wire transfers. See Brokerage Practices in Item 12.

D. Advance Payment of Fees and Termination

Investment Management Services

Wealthspan is compensated for its services at the end of the month; after investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance written

notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Wealthspan is compensated for its services upon completion of the engagement deliverable[s]. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor. Hourly engagements will be billed the actual hours worked by the Advisor. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Wealthspan does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Item 6 – Performance-Based Fees and Side-By-Side Management

Wealthspan does not charge performance-based fees for its investment advisory services. The fees charged by Wealthspan are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Wealthspan does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Wealthspan offers investment advisory services to individuals, high net worth individuals, trusts, and estates. Wealthspan generally does not impose a minimum size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Investing in securities involves risk of loss that clients should be prepared to bear. Past performance is not a guarantee of future returns. The methods of analysis, tools and strategies utilized by Wealthspan may include any of the following:

Fundamental Analysis involves evaluating a security using real data such as company revenues, earnings, return on equity, and profit margins to determine underlying value and potential growth. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk.

Cyclical Analysis involves analyzing the cycles of the market. Cyclical analysis may involve inflation risk, market risk, and currency risk.

Behavioral Finance proposes psychology-based theories to explain stock market anomalies. It assumes the information structure and the characteristics of market participants systematically influence the investment decisions of individuals as well as the market outcomes.

Asset Allocation is an investment strategy used to balance risk and return according to a client's investment

objective, risk tolerance and investment horizon. It is used to manage portfolio volatility by investment in different asset classes.

Diversification is a risk management strategy used to reduce the volatility of a portfolio by investing in different asset classes, different market sectors, and/or different companies.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Wealthspan will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. **Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.**

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Wealthspan or any of its Supervised Persons. Wealthspan values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD# 297712.

Item 10 – Other Financial Industry Activities and Affiliations

The sole business of Wealthspan and its Advisory Persons is to provide investment advisory services to its Clients. Neither Wealthspan nor its advisory personnel are involved in other business endeavors. Wealthspan does not maintain any affiliations with other firms, other than contracted service providers to assist with the servicing of its Client's accounts.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Wealthspan has implemented a Code of Ethics (the "Code") that defines our fiduciary commitment to each Client. This Code applies to all persons associated with Wealthspan (our "Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client. Wealthspan and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Wealthspan's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact us at (309) 269-9188.

B. Personal Trading with Material Interest

Wealthspan allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Wealthspan does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Wealthspan does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Wealthspan allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Wealthspan requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Wealthspan allows our Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Wealthspan, or any Supervised Person of Wealthspan, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Wealthspan does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Wealthspan to direct trades to the Custodian as agreed in the investment advisory agreement. Further, Wealthspan does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Where Wealthspan does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients. Clients are not obligated to use the recommended Custodian and will not incur any extra fee or cost associated with using a broker not recommended by Wealthspan. However, if the recommended Custodian is not utilized the Advisor may be limited in the services it can provide to the Client comparable to other Clients. Wealthspan may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or location of the Custodian's offices. Wealthspan will generally recommend that Clients establish their account[s] at Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"). Fidelity is a FINRA-registered broker-dealer and member SIPC and will serve as the Client's "qualified custodian". Wealthspan maintains an institutional relationship with Fidelity whereby the Advisor receives economic benefits from Fidelity. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **Wealthspan does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from Fidelity. Please see Item 14.**

2. Brokerage Referrals - Wealthspan does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a “directed brokerage basis”, where Wealthspan will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s], unless separately instructed by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor’s own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client’s account[s]). In selecting the Custodian, Wealthspan will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Wealthspan will execute its transactions through the Custodian authorized by the Client. Wealthspan may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Wealthspan and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client’s request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client’s financial situation, and/or large deposits or withdrawals in the Client’s account[s]. The Client is encouraged to notify Wealthspan if changes occur in the Client’s personal financial situation that might adversely affect the Client’s investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian’s website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client’s account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Wealthspan

Wealthspan is a fee-only advisory firm, that is compensated solely by its Clients and not from any investment product. Wealthspan does not receive commissions from product sponsors or broker-dealers. Wealthspan may refer Clients to various unaffiliated professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Wealthspan may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Wealthspan has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

Additionally, the Advisor has received financial support from Fidelity to assist the Advisor in the launch of its advisory firm. The following benefits are also received from Fidelity: reimbursement to Clients for transfer costs to the platform/custodian; financing services; receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

Wealthspan does not engage paid solicitors for Client referrals.

Item 15 – Custody

All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct Wealthspan to utilize that Custodian for the Client's security transactions. Wealthspan does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees or authorize transfers on the Client's behalf. If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements in these cases, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Clients should review statements provided by the Custodian and compare to any reports provided by Wealthspan to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see “Item 12 - Brokerage Practices”.

Item 16 – Investment Discretion

Wealthspan generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Wealthspan. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Wealthspan will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Wealthspan does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. If the Client elects to direct proxies to the Advisor, such election does not result in the authority for the Advisor to vote such proxies. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Wealthspan, nor its management, have any adverse financial situations that would reasonably impair the ability of Wealthspan to meet all obligations to its Clients. Neither Wealthspan, nor any of its advisory persons,

has been subject to a bankruptcy or financial compromise. Wealthspan is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP® Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP® Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP® Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP® Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
