This wrap fee program brochure provides information about the qualifications and business practices of Managed Account Advisors LLC ("MAA") and Merrill Lynch, Pierce, Fenner & Smith Incorporated ("MLPF&S"). If you have any questions about the contents of this brochure, please contact us at 800-MERRILL (800-637-7455). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission ("SEC") or by any state securities authority. Investment adviser registration does not imply a certain level of skill or training.

The advisory services described in this brochure are not insured or otherwise protected by the Federal Deposit Insurance Corporation or any other government agency; are not an obligation of any bank or any affiliate of MAA or MLPF&S; are not endorsed or guaranteed by Bank of America, N.A., MLPF&S, MAA, any bank or any affiliate of MAA or MLPF&S; and involve investment risk, including possible loss of principal.

Additional information about MAA and MLPF&S also is available on the SEC's website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

Disclosures for International Jurisdictions

For Hong Kong clients, neither MLPFS nor MAA is licensed by or registered with the SFC in Hong Kong. This Brochure is for informational purposes only and does not constitute investment advice or an offer or solicitations to acquire or dispose of any financial or other investment.

For Malaysian clients: (i) the relevant Merrill Lynch entities do not hold any license pursuant to the Capital Markets & Services Act 2007, to carry on, nor do they purport to carry on, any regulated activity in Malaysia, and (ii) all activities relating to the client are conducted outside of Malaysia.

For Taiwan clients, the UMA program may be made available from outside of Taiwan to investors residing in Taiwan, but may not be offered or sold in Taiwan.

Material Changes

On March 26, 2018, Merrill Lynch filed its last annual update for its Merrill Lynch Unified Managed Account brochure ("Brochure" or "Disclosure Statement"). Set forth below is a summary of the material changes to this Brochure since that date. This summary of material changes is designed to make clients aware of information that has changed since the Brochure's last annual update and that may be important to them. The material changes summarized below were also incorporated within this Brochure. Capitalized terms that are not defined in this Brochure have the meanings provided in the Glossary.

The following was added to "Additional Information - Disciplinary Information."

On August 20, 2018, the SEC announced that MLPF&S, without admitting or denying the findings, entered into a settlement related to willful violations of Sections 206(2) and 206(4) of the Advisers Act and Advisers Act Rule 206(4)-7. Specifically, the SEC's administrative order found: (1) a failure to disclose that the portfolio manager process employed in connection with a January 2013 termination recommendation was exposed to a conflict of interest (less than one-seventh (1/7) of 1% of total advisory accounts (approximately 1,500) were invested in the products subject to the termination recommendation); and (2) a failure to adopt and implement written policies and procedures reasonably designed to prevent violations of the Advisers Act. In determining the appropriate sanctions, the SEC considered Merrill Lynch's remedial acts promptly undertaken and cooperation afforded the SEC staff. Merrill Lynch consented to the imposition of a cease-and-desist order, a censure, and disgorgement and a financial penalty totaling approximately \$8.8 million.

Services, Fees and Compensation

Merrill Lynch, Pierce, Fenner & Smith Incorporated (“MLPF&S”) and Managed Account Advisors LLC (“MAA”) are indirect wholly-owned subsidiaries of Bank of America. Capitalized terms that are not defined in this Brochure have the meanings provided in the Glossary. For purposes of this Brochure, “Merrill Lynch” means either MAA or MLPF&S or both, depending on the service provided. As used in this Brochure, “you” and “your” refer to the client. “We,” “us,” and “our” refer to Merrill Lynch.

DESCRIPTION OF UMA

This Brochure relates to Merrill Lynch Unified Managed Account (“UMA”), an investment advisory program offered by MLPF&S and MAA. UMA is an investment advisory platform designed to help clients meet their investment objectives. To participate in UMA, the client enters into the Client Agreement with MAA and MLPF&S. Each of the client's Accounts covered under the same UMA relationship will be reflected in the Client Summary section of the Client Agreement, as updated from time to time. The client may have one or more Accounts with different levels of discretion, features and services, all covered by a single UMA relationship. Each Account will consist of a single Portfolio (which may include one or more Strategies) selected by the client.

Depending on the client's selection, the client's assets will be invested in all or a combination of equities, fixed-income securities, Funds and other securities and investment products made available through UMA now or in the future. Each of MAA and MLPF&S will provide different services with respect to UMA, as described below.

After the initial Client Summary, the terms of the Client Agreement do not require that an updated Client Summary be sent to you, including in the following circumstances:

- You will not be sent an updated Client Summary to reflect changes in the Merrill Lynch Fee rate or Style Manager Expense rate comprising your Account fee schedule (including if you are no longer eligible for a reduced fee);
- You will not be sent an updated Client Summary to reflect a change to a Portfolio or Strategy; and
- If you furnish us with new information, elections or restrictions with respect to the management of your Account that change in any respect the information reflected in your current Client Summary, you will not be sent an updated Client Summary.

Although the terms of the Client Agreement do not require an updated Client Summary to be sent to you, certain changes to information included in your initial Client Summary may, from time to time, be provided to you in an updated Client Summary or in another document provided or made available by us or our affiliates.

The scope of any investment advisory relationship we have with you is defined in the Client Agreement you sign for UMA. When you are enrolled in UMA, we act as your investment adviser only for your Account and not any other assets or accounts, unless otherwise separately agreed to by us in writing. Our UMA advisory relationship begins when we enter into a Client Agreement with you, which occurs at the later of the date of acceptance of the signed Client Agreement by MAA and MLPF&S or the date on which you have contributed the required minimum level of assets to your Account for the Portfolio you select. Preliminary discussions or recommendations before we enter into a Client Agreement with you are not intended as investment advice and should not be relied on as such.

In addition to UMA, MLPF&S offers a wide variety of investment advisory services. These include, but are not limited to, the following: Merrill Lynch Investment Advisory Program, Merrill Lynch Defined Contribution Investment Consulting Services, Merrill Lynch Institutional Investment Consulting Program, Merrill Lynch Strategic Portfolio Advisor® Service, Merrill Edge Guided Investing Program and Merrill Edge Advisory Account program. MLPF&S also offers the following investment advisory services, however, like UMA, these are generally closed to new enrollments: Merrill Lynch Consults®, Merrill Lynch Personal Investment Advisory® program, and Merrill Lynch Personal Advisor® Program (see the section entitled Ability to Obtain the UMA Services Separately for more information). Other advisory services are offered by our affiliates. Impersonal investment advice (general advice not tailored to the specific needs of the individual) in the form of publications and research may also be available. In addition, MLPF&S offers financial planning services, including Wealth Management Analysis Report. More information about these programs and services is contained in the applicable Merrill Lynch brochure (or Merrill Lynch Form ADV, Part 2A) and is available upon request or through the SEC's website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx. For more information about these or other services that are available, please contact your Financial Advisor.

Investment Selections

You may select a diversified Portfolio or single-asset class Portfolio designed to complete your long-term investment strategy, in each case, consisting of one or more Strategies. A Portfolio may be referred to as a "Unified Diversified Portfolio," "Institutional Discretionary Portfolio" or other type of portfolio as indicated in the Profile. You may select a Unified Diversified Portfolio or Institutional Discretionary Portfolio that is constructed based on recommendations of MLPF&S. Alternatively you may construct a Unified Diversified Portfolio by selecting from among certain identified Strategies (referred to as a "Unified Diversified Portfolio Selects"). The Strategies available for selection within a Unified Diversified Portfolio Selects are based on recommendations of MLPF&S; you may not select a Strategy for a Unified Diversified Portfolio Selects that is not available through UMA. You may also select a Portfolio consisting of an individual Strategy provided by a particular Style Manager.

You will generally be provided with a Profile for each Portfolio and Strategy that you select, as well as a prospectus or other disclosure document for a Fund purchased for your Account as required by law. You should read these documents carefully to understand the relevant objectives, styles and risks and, in the case of the Profile, the role of MAA and, if applicable, the Style Manager in implementing each Strategy, and any related Account requirements for the Portfolio. You should confirm that the Client

Summary, or other documents provided or made available by us or our affiliates, accurately represents each of the Portfolios that you have selected for your Account.

MAA has entered into investment manager advisory agreements with a variety of Style Managers, which may or may not be Related Style Managers. A list of the Style Managers available through UMA appears in the Style Manager Expense Rate Supplement to this Brochure. In general, Style Managers provide advisory services through UMA by furnishing investment recommendations to MAA for one or more Strategies based on model portfolios in accordance with the applicable Profiles. MAA is responsible for implementing each Strategy based on the advice provided by the Style Manager, except when the Style Manager acts as an Implementing Manager. (Please see the section entitled *Funding and Operation of UMA Accounts – Transactions in UMA Accounts* for a discussion about the Style Manager's trading discretion for certain types of transactions.) MAA will generally implement the Style Manager's recommendations for a Strategy without change, subject to client-imposed restrictions, cash flow and other considerations reflected in the Client Agreement.

Certain of the Style Managers are Discretionary Managers that provide discretionary investment advisory services to clients that have selected the relevant Portfolio. A Discretionary Manager is responsible for making and implementing investment decisions for your Account in accordance with the applicable Profile. MAA does not have responsibility for implementing investment decisions for any portion of the assets in your Account that is managed by a Discretionary Manager. However, MAA is responsible for enforcing any client-imposed restrictions for your Account.

MLPF&S is the Style Manager for certain Fund Strategies. MLPF&S may also be a Style Manager for other Portfolios or Strategies. MLPF&S Portfolios may include, or be limited to, specific asset classes or types of investments, such as exchange-traded notes.

MLPF&S will generally determine the manner and extent to which Portfolios, Strategies, Style Managers, asset classes and investment products will be made available to clients through UMA, including when a Portfolio or Strategy will no longer be offered or will be restricted or restructured in its offering under UMA. For information regarding selection and evaluation of Style Managers and Funds, please see the section entitled *Portfolio Manager Selection and Evaluation*.

Strategies offered by Related Style Managers and Fund Strategies that include Related Funds are among the choices made available to you through UMA. If you are a Retirement Account client, you acknowledge that, for any Strategy that you select that is offered by a Related Style Manager or for any Fund Strategy that includes a Related Fund, you have reviewed one or more alternative Portfolios or Strategies in each investment category offered by a Style Manager that is not a Related Style Manager or one or more other Funds with comparable investment objectives and strategies that are not Related Funds, as applicable, after careful consideration without relying on any recommendations by us as a primary basis for the selection. If you wish to select a Fund Strategy that includes a Related Fund, you may do so only as a Unified Diversified Portfolio Selects.

Any securities issued by us or our Related Companies (other than Related Funds) will generally not be eligible for investment through UMA. In addition, the overall investment activities in which we and our affiliates engage in may limit the investment activities for your Account in certain markets in which limitations are imposed by regulators, such as limitations on the amount of investment by affiliated investors, in the aggregate or in individual issuers. In addition, any securities issued by a Style Manager or its affiliates (other than Style Manager Related Funds) will generally not be eligible for investment through UMA. Please see the section entitled *Description of UMA – Risk and Tax Disclosure*.

Any services provided to your Account by a Style Manager will be pursuant to an investment manager advisory agreement between MAA and the Style Manager. You will not enter into a separate investment advisory agreement with any Style Manager, and the Style Manager will not ordinarily know your identity. However, you have authorized and directed MAA to provide any necessary client information to an Implementing Manager as needed to provide services to you in UMA and, in accordance with the Client Agreement, any potential replacement to the Implementing Manager, which may be provided in advance of any necessary client consent to such replacement.

Reasonable Investment Restrictions

You may impose reasonable investment restrictions on the management of your Account, which will be reflected in the Client Summary. There are two types of investment restrictions that you may impose: individual security restrictions and sector restrictions. Restrictions will be reviewed by MAA to determine whether they are reasonable. MAA will implement any sector restrictions in a manner it determines in its sole discretion from time to time. If an individual security restriction is reasonable, MAA will generally allocate the assets that would have been invested in the restricted security to cash. From time to time MAA or a Discretionary Manager may also allocate pro rata across other investments held in the Portfolio or Strategy or to one or more substitute securities, which may include ETFs. If one or more restrictions are determined to be unreasonable, the Account will not be opened and you should consider other more appropriate Portfolios in UMA, or other more appropriate products or services. We reserve the right to modify our practices regarding client-imposed restrictions in our sole discretion at any time without notice.

If you impose reasonable investment restrictions on the management of your Account, including restrictions on investments, you accept any effect such restrictions may have on the investment performance and diversification of the securities in your Account. Such restrictions will not apply to any portion of your Account invested through Funds. Consequently, to the extent there are Funds in an Account that you select, your ability to restrict investments in the Account will be limited.

Rebalancing Service

Certain Portfolios are subject to automatic rebalancing by MAA on a periodic basis, as indicated in the Profile. In general, MAA will rebalance such Portfolios at least once every 12 to 18 months to maintain the Portfolio's target asset allocation. In addition, investment performance may cause the Portfolio to drift away from the original targets. When appropriate, your Account may be rebalanced back to the target allocations prior to the scheduled rebalancing. Rebalancing will be accomplished by selling securities in any overweighted investment categories and purchasing a corresponding dollar amount of securities in the appropriate underweighted investment categories. In general, any contributions and withdrawals of assets to and from your Account will be applied to the target asset allocations.

Delays in the processing of any rebalancing may be caused by market conditions, or illiquid securities or those with limited redemption schedules, as well as the availability of funds and other factors. In the event of a rebalancing, liquidations, redemptions, and other portfolio changes may cause you to incur taxable gains or losses (or pay redemption fees or CDSCs in the case of Funds), payment of which will be your responsibility. Please see the section entitled *Description of UMA – Risk and Tax Disclosure* for tax-related risk factors and disclosure.

Other Portfolios are dynamically managed and are not subject to rebalancing. Changes to these Portfolios, including changing the allocations of the underlying Style Managers and/or Funds that the Portfolios comprise, can be made at any time as described in the Profile.

Investor Profile

You will be required to respond to an Investor Profile Questionnaire that will identify your investor profile, as reflected on the Client Summary, based upon your investment goals and risk tolerance for all of your investment assets. You may also select one of the five investor profiles in lieu of responding to the Investor Profile Questionnaire. We have identified five investor profiles that generally coincide with the ways in which investors characterize themselves. Each investor profile has an associated asset allocation based on your overall risk tolerance. The asset allocation of the Portfolios you select in UMA generally should be consistent with your investor profile. If you select Portfolios that, together with your other assets, result in a total asset allocation (as reflected in "Your Total Asset Allocation" in the Client Summary) that differs from the target allocations indicated in "Your Investor Profile" in the Client Summary, then you acknowledge that you have considered this difference and understand the additional risks that may arise from your selection, including that your selection may affect the achievement of your investment objective, and you fully assume this risk. You should discuss any questions with your Financial Advisor.

Risk And Tax Disclosure

You should understand that all investments involve risk (the amount of which may vary significantly), that investment performance can never be predicted or guaranteed and that the value of your Account will fluctuate due to market conditions and other factors. We make no representations or warranties with respect to the present or future level of risk or volatility in your Account, or any Style Manager's or Fund's future performance or activities. You are assuming the risks involved with investing in securities and other investment products, and should understand that you could lose all or a portion of the amount held in your Account. You should read the prospectus or disclosure document, as applicable, for each asset purchased for your Account. For those Portfolios which involve the short sale of securities and/or use margin, there are additional risks that are discussed below in the section entitled *Other Fees and Expenses – Long/Short Strategies and Margin*. Any target asset allocations or benchmarks, as applicable, referred to in connection with your Account are not intended to be an assurance or guarantee of the performance of any investments in or of your Account. There is no assurance that the performance results of any benchmark or index used in connection with the Portfolio, including those shown in a Profile, if applicable, can be attained. Market movements and other factors may result in significant differences between the performance of your Account and any investment objectives set forth in the Investor Profile Questionnaire. Investments made, and the actions taken, for your Account will be subject to various market, liquidity, currency, economic and political risks, and will not necessarily be profitable.

The overall investment activities in which we and our affiliates engage in may limit the investment opportunities for your Account in certain markets in which limitations are imposed by regulators upon the amount of investment by affiliated investors, in the aggregate or in individual issuers. From time to time, your Account's activities also may be restricted because of regulatory restrictions applicable to us and our affiliates, and/or our internal policies. Because of the regulatory restrictions we and our affiliates impose, it is possible that purchases and sales of certain securities may be prohibited for an extended period of time. This may have several consequences for your Account, including:

- Rebalancing may be precluded, which may result in the actual allocation of your Account differing significantly from your selected Portfolio or Strategy, if your Account is subject to rebalancing;
- Any contributions made during the period of restriction would not be invested in the restricted security, resulting in an allocation of Account assets that would differ from the Portfolio or Strategy selected;

- MAA may be unable to buy or sell any portion of the specific security included in the Portfolio or Strategy; and
- MAA may have to select a substitute security with different characteristics than the restricted security for the investment of contributions and for new Accounts that select an affected Portfolio or Strategy. This may impact your Account's performance.

We (or an Implementing Manager) may sell, or a Style Manager may recommend the sale of, all or a portion of the securities in your Account, either initially or during the course of your participation in UMA. You are responsible for all tax liabilities arising from these transactions. In addition, if you are not a resident of the United States, you will be subject to all of the adverse tax consequences and assume other risks involved in investing in U.S. securities or any other securities. Furthermore, you acknowledge that dividends (including distributions of short-term capital gain) paid by Registered Funds to you will be subject to United States withholding tax under certain provisions of the Internal Revenue Code of 1986 applicable to foreign individuals and entities, unless a withholding exemption is provided under applicable law or an applicable tax treaty.

We do not, and will not, offer tax advice to you on any such issues and you are strongly encouraged to seek the advice of a qualified tax professional. You should also understand that we are not responsible for making any tax credit or similar claim or any legal filing (including but not limited to proofs of claim) on your behalf.

You may instruct us to effect tax-selling requests in your Account. In connection with such requests:

- MAA will seek to comply with your instructions on a best efforts basis;
- MAA, in its discretion, may limit the amount of losses or gains that can be realized from the Account at any time;
- Account performance may be adversely affected and may result in increased volatility;
- New taxable gains or losses could be generated and/or the same or similar securities may be repurchased through your normal trading activity;
- Sales of securities to realize capital losses may be subject to the wash sale rules set forth in the Internal Revenue Code, and those rules may extend to your accounts beyond the Account; and
- Tax loss sales may result in your Account having a higher-than-normal cash position for a period of time.

If you are a "U.S. person" as defined in section 7701(a)(30) of the Internal Revenue Code ("Code") and are considering whether to make an investment in a non-U.S. security, we strongly urge you to consult with your U.S. tax advisor before making such an investment. Shares or other equity interests in a non-U.S. issuer may constitute an interest in a "passive foreign investment company" ("PFIC") as defined in section 1297 of the Code. If the issuer of such security is a PFIC, then you may be subject to adverse U.S. federal income tax consequences arising from the ownership and disposition of such security. Under certain circumstances, an election can be made to reduce the impact of those adverse tax consequences, but you should discuss with your U.S. tax advisor whether you would be able to make such an election.

We do not provide tax, accounting or legal advice, and you are encouraged to seek the advice of your own tax advisors regarding your tax-selling requests.

The Strategies you select may invest in shares of, or interests in, ETFs. As an ETF shareholder, you, along with other shareholders of the ETF, will bear a proportionate share of the ETF's expenses, including, as permitted by applicable law, certain management and other fees, which may be payable to us or a Related Company. An ETF's prospectus contains a description of its fees and expenses. When you invest in an ETF, you will

indirectly pay a proportionate share of the ETF's costs for services that may be similar to, or duplicative of, Services rendered as part of the Program and paid for directly through the UMA Fees. Additionally, to the extent a Style Manager includes ETFs in its Strategy, any fees payable to a Style Manager may be reduced by the amount of your proportionate share of any expenses or fees of relevant Style Manager Related Funds or such other amount as indicated in the applicable Profile.

Among other services provided, we or our Related Companies may effect transactions for any of the ETFs offered through the Program, and any compensation paid to us or our Related Companies by the ETF, or its Affiliates, is in addition to the UMA Fee. Due to the additional economic benefit to us or our Related Companies when assets in your Account are invested in an ETF that pays compensation to us or our Related Companies, a conflict of interest exists. We attempt to address this conflict by selecting ETFs based on the investment merits of the particular investment products and not based on the compensation that we and our Related Companies earn and through the disclosure in this Brochure.

You may be able to purchase shares of the ETFs offer through the Program in the secondary market or from an ETF through an authorized participant (in creation unit aggregations only), or through us without enrolling in the Program. If you do so, you would not pay the UMA Fee for such assets, however, you will not receive the investment advice and other Services offered through the Program.

Below is a summary of certain risks relating to investing in ETFs that may apply to all or certain types of ETFs that may be utilized in a Strategy in the Program. Please refer to the particular ETF prospectus for more information about the risks applicable for a particular ETF.

ETFs are subject to risks relating to market trading that include the potential lack of an active market for ETF shares and disruptions in the creation and redemption process. Although ETF shares are listed on a national securities exchange, it is possible that an active trading market in the shares of a particular ETF may not develop or be maintained, particularly during times of severe market disruption. If ETF shares need to be sold when trading markets are not properly functioning, the ETF shares may be sold at a significant discount to their Net Asset Value ("NAV"). In some cases, it may not be possible to sell ETF shares in the secondary market. For example, an unanticipated closing of the national securities exchange on which an ETF's shares are listed or one or more markets on which either the ETF's shares trade or the ETF's portfolio holdings trade or the inability of such markets to open for trading during normal business hours, such as in response to a natural disaster or other event causing severe market disruption, could result in the inability to buy or sell shares of the ETF and the ETF's inability to buy and sell exchange-traded portfolio securities during that period, or in a disruption of the ETF's creation and redemption process, and may make it difficult for the ETF to accurately price its investments, thereby potentially affecting the price at which ETF shares trade in the secondary market. All of these events could adversely affect the performance of the ETF.

Trading in ETF shares also may be halted by an exchange or other markets because of market conditions or other reasons. If a trading halt occurs, an investor may temporarily be unable to purchase or sell shares of the ETF. Similarly, an exchange or other markets may issue trading halts on specific securities or derivatives, which will affect the ability of the ETF to buy or sell certain securities or derivatives. In such circumstances, the ETF may be unable to rebalance its portfolio or accurately price its investments and may incur substantial trading losses.

ETF shares also may trade on an exchange or on other markets at prices below their NAV. The NAV of ETF shares will fluctuate with changes in the market value of the ETF's holdings and the exchange-traded prices of the ETF's shares may not reflect these market values.

Only an authorized participant may engage in creation or redemption transactions directly with an ETF. To the extent that these institutions exit the business or are unable to proceed with creation and/or redemption orders with respect to an ETF and no other authorized participant is able to step forward to create or redeem, ETF shares may trade at a discount to NAV and possibly face delisting. This risk is exacerbated if an ETF has a limited number of institutions that serve as authorized participants.

Certain ETFs may effect creations and redemptions for cash, rather than in-kind. As a result, an investment in such an ETF may be less tax-efficient than an investment in a more conventional ETF. ETFs generally are able to make in-kind redemptions and avoid being taxed on gain on the distributed portfolio securities at the ETF level. An ETF that effects redemptions for cash, rather than in-kind distributions, may be required to sell portfolio securities in order to obtain the cash needed to distribute redemption proceeds. If the ETF recognizes gain on these sales, this generally will cause the ETF to recognize gain it might not otherwise have recognized, or to recognize such gain sooner than would otherwise be required if it were to distribute portfolio securities in-kind. ETFs generally intend to distribute these gains to shareholders to avoid being taxed on the gain at the ETF level and otherwise comply with the special tax rules that apply to it. This strategy may cause shareholders to be subject to tax on gains they would not otherwise be subject to, or at an earlier date than, if they had made an investment in a different ETF. Moreover, cash transactions may have to be carried out over several days if the securities market is relatively illiquid and may involve considerable brokerage fees and taxes. These brokerage fees and taxes, which will be higher than if the ETF sold and redeemed its shares principally in-kind, will be passed on to purchasers and redeemers of creation units in the form of creation and redemption transaction fees. In addition, cash transactions may result in wider bid-ask spreads in shares trading in the secondary market as compared to ETFs that transact exclusively in-kind. ETFs that seek to track the performance of a specified underlying index ("Index ETFs") are not actively managed and the investment advisers of such ETFs do not attempt to take defensive positions in declining markets. Therefore, Index ETFs may be subject to greater losses in a declining market than a fund that is actively managed.

A number of factors may affect an Index ETF's ability to achieve a high degree of correlation with its underlying index, and there can be no guarantee that an ETF will achieve a high degree of correlation with its underlying index either on a single trading day or for a longer time period. Factors such as ETF expenses, imperfect correlation between the ETF's investments and the components of the underlying index, rounding of share prices, changes to the composition of the underlying index, regulatory policies, a high portfolio turnover rate, and the use of leverage all contribute to tracking error and correlation risk. Failure to achieve a high degree of correlation may prevent an ETF from achieving its investment objective and cause the ETF's performance to be less than you expect.

Funding and Operation of UMA Accounts

Overview Of UMA Services

Each of MAA and MLPF&S will provide different services in UMA, which are covered by the Merrill Lynch Fee. MLPF&S will be responsible for custody, client profiling, initial and ongoing Portfolio diligence, identification of Portfolios, Style Managers and Funds available for your selection, performance reporting, advice and guidance of the Financial Advisor and trade execution for your Account (except as otherwise discussed in the sections entitled *Funding and Operation of UMA Accounts – Transactions in UMA Accounts and Account Fees*). MLPF&S is the Style Manager for certain Fund Strategies, as well as other MLPF&S Portfolios or Strategies. MLPF&S will not select the Funds included in a Third Party Strategy. MAA will be responsible for the discretionary management of certain Portfolios, which will include:

- Implementing, as applicable, the Style Manager's recommendations for each Strategy;
- Investing the initial cash and securities deposited in the Account;
- Monitoring available cash, contributions and distributions in the Account;
- Processing all contributions, withdrawal requests and Account terminations;
- Periodically reviewing the Account for rebalancing if applicable;
- Preventing the purchase of any securities that you have restricted from your Account; and
- Implementing your tax-selling instructions, if any.

FUNDING, WITHDRAWALS, AND ADDITIONS OF ASSETS IN UMA ACCOUNTS

You may fund your Account by depositing cash and/or securities acceptable to us. If any of the securities deposited to fund your Account cannot be held as part of the Portfolio or Strategy that you have selected or are otherwise ineligible to be held in UMA, then your Account will not be invested in accordance with such Portfolio or Strategy until such time as the securities can be liquidated and the proceeds so invested. You authorize and direct MLPF&S to liquidate all such securities on your behalf as promptly as practicable, including by redeeming any Fund shares, if applicable. MLPF&S will not act as a fiduciary or an investment adviser in connection with any such transactions, but is entitled to charge a commission for the sale of such securities and/or execute a principal trade for such sale, and, in doing so, may retain any related compensation.

Depending on the type of security involved, these liquidations may cause you to incur taxable gains or losses or to pay applicable fees or charges. You should review the potential tax consequences of these liquidations with your tax advisor before funding an Account with securities.

You should consider all relevant factors before contributing Fund shares to your Account, including the fact that you may have paid a front-end sales charge and that any applicable CDSCs or redemption fees will remain your responsibility and will be payable by you in addition to your Account fees. You should consult with your Financial Advisor as to whether you paid a front-end sales charge on your Fund shares or whether you may be subject to a CDSC before transferring such shares into your Account.

The discussion in this section regarding funding applies to both initial and any subsequent contributions of securities and/or Fund shares to your Account.

Under the terms of the Client Agreement, you have agreed to notify MLPF&S at least five business days prior to withdrawing funds or securities from an Account. In connection with withdrawal requests, you understand that:

- MAA or Style Managers, as applicable, require time to make decisions regarding the securities to liquidate in order to accommodate withdrawal requests;
- For certain Strategies and/or securities, such as foreign ordinary securities, convertibles, fixed-income, and/or securities that trade on a when-issued basis or as odd-lots, it may take longer than five business days before you can access your requested funds;
- You must withdraw funds from the Account as soon as practicable after settlement date, and if you do not withdraw the requested funds from the Account within fifteen (15) calendar days after settlement, the funds may be subject to reinvestment without notification to you by Merrill Lynch;
- UMA fees you pay may increase and taxable gains and losses may be realized as a result of your withdrawal instructions;

- Withdrawal requests must not be used as vehicles to increase the cash allocation in the Account, liquidate the entire Account, or effect tax-selling requests;
- Frequent withdrawals from your Account may affect the achievement of investment objectives for the applicable Portfolio or Strategy you select; and
- We reserve the right to terminate any Account that falls below the required minimum asset size as reflected in the applicable Profile.

Additions of funds and securities to your Account do not require advance notice, except as specifically provided in the section entitled *Custodial Arrangements*. At the discretion of MAA, there may be a delay between the date that funds or securities are contributed to an Account and the date that MAA invests such funds (or to the extent applicable, MLPF&S liquidates securities added to the Account) according to the Profile for a Strategy. Neither MLPF&S nor MAA will be liable for any lost opportunity profits that may result from a delay in investing your funds or securities.

Clients should understand that upon their account enrollment in the UMA program, the following services will not be available for that account: Checks, Visa® debit cards, web bill pay, online client orders, and systematic withdrawal services such as Move Money®/funds transfer disbursements. Similarly, the enrollment of an Account in AIPS will be suspended during your participation in UMA, except to the extent that you have authorized the automatic transfer of cash into the Account. Additional assets contributed through AIPS will be invested at our discretion, but generally on a pro rata basis among the investments in the Account.

Custodial Arrangements

Generally, MLPF&S or one of our affiliates will act as the custodian for the assets held in an Account. Your assets will be maintained in one or more central asset accounts established at MLPF&S through the applicable securities account. Pursuant to the Client Agreement, you have agreed to open any necessary securities accounts and execute the applicable MLPF&S securities account agreements. If you already have an existing MLPF&S securities account and instruct MLPF&S to open a similar type of account for UMA, the agreement and related documentation for your existing MLPF&S securities account will apply with full force and effect to your new account.

In limited circumstances, if we agree, you may use an Unrelated Custodian to maintain custody of assets in an Account. If you choose an Unrelated Custodian, you will be responsible for all related custodial fees and expenses, which are in addition to the Account fee. Furthermore, the performance reports provided by MLPF&S for your Account will be based on information provided by the Unrelated Custodian, which MLPF&S will use for purposes of calculating the Account fee. Merrill Lynch will not be responsible for verifying the accuracy of such information or any losses or errors by an Unrelated Custodian in your Account. You have agreed to promptly notify your Financial Advisor about any additions of assets to the Account maintained at the Unrelated Custodian and have agreed that we will not be responsible or liable for any losses due to your failure to provide such prompt notification.

Any assets held in your Account must be free from any lien, charge or other encumbrance (other than a lien, charge or other encumbrance in favor of us or our affiliates). Such assets must remain so, unless you notify MLPF&S and MLPF&S agrees. You must notify MLPF&S in writing prior to effecting loans (including loans by our affiliates) (as described below) secured by securities in your Account (commonly referred to as “collateralizing”). You understand that we will not provide advice on or oversee any of your collateral arrangements. In the event of any conflict between the terms of the Client Agreement and your collateral arrangements, the terms of the Client Agreement will prevail. You must

also disclose to any lender the terms of the Client Agreement. Specific securities in your Account may not be held as collateral to secure your loan. You should understand and be aware of the adverse effects of collateralizing Accounts, including, but not limited to, the fact that the lending institution may require additional collateral or liquidation of securities held in your Account to meet a call, as well as the related tax consequences. You must promptly notify MLPF&S of any default or similar event under your collateral arrangements as defined in the respective collateral arrangements.

Cash balances in Accounts with Unrelated Custodians will not be subject to the same sweep arrangements as securities accounts held at MLPF&S (as described below), but will be included in the value of your Account for the calculation of the Account fees. You should establish appropriate sweep arrangements with your Unrelated Custodian. Your assets held by Unrelated Custodians may not be protected by the Federal Deposit Insurance Corporation, SIPC or “excess” SIPC coverage.

Loans and Collateral

Your Account assets may be “pledged” or used as collateral, with our consent, in connection with loans obtained through certain unaffiliated or affiliated loan programs, such as, but not limited to, the securities based lending Loan Management Account® (“LMA”) and Mortgage 100®/Parent Power® mortgage programs (collectively referred to as “Lending Programs”). Under such Lending Programs, you may receive loan proceeds as a result of an arrangement whereby your Account is pledged to a lender, and in certain circumstances, the lender may be an affiliate of us. If you have elected to participate in a Lending Program, the terms and conditions applicable to that Lending Program are governed by the applicable loan documents and other service agreements and are not included or described further in this Brochure. You should review carefully the terms, conditions and any related risk disclosures for such Lending Program and understand that such risks may be heightened in the event you hold a concentrated position in your pledged Account or if your pledged Account makes up all, or substantially all, of your overall net worth or investable assets. A collateral call could disrupt your selected Style Manager’s investment strategy for the Account. You, your Financial Advisor, MAA, or (if applicable) your Discretionary Manager may not be provided with prior notice of a liquidation of the securities in your pledged Account. You, your Financial Advisor, MAA, or (if applicable) your Discretionary Manager may not be entitled to choose the securities which are to be liquidated by the lender. The costs associated with such a lending arrangement under a Lending Program are not included in the UMA fees and may result in additional compensation to us, our affiliate(s) and our Financial Advisors. You should consult with your own independent tax advisor in order to fully understand the tax implications associated with pledging your Account as loan collateral and the potential liquidation of pledged assets. You are encouraged to speak with your Financial Advisor to the extent you have questions about how your Account may be used in connection with a Lending Program and how such arrangement should be taken into consideration when discussing the management of your Account.

Investment of Cash Balances

Cash balances and funds pending investment will automatically be invested or “swept,” temporarily, as part of an asset allocation or for defensive purposes, according to the cash sweep option that you selected in the underlying MLPF&S securities account agreement for the Account; provided, however, that for newly opened MLPF&S securities accounts, no sweep option will take effect (i.e., your cash will not be deposited/invested in such sweep option) until Merrill Lynch receives your signed securities account agreement. Your failure to return your signed underlying MLPF&S securities account agreement may result in your Account’s termination from UMA, among other things. Depending upon the type of securities account you established, cash balances will be swept to one or more

Merrill Lynch Banks, Related or Unrelated Money Market Funds, or to another available cash option. With certain account types, a sweep option may not be available. In that case, you will not be invested in one of the above sweep options as part of UMA.

For certain types of securities accounts, as provided in the applicable account agreements with MLPF&S, you can choose the particular sweep option and/or direct the investment of cash outside of the sweep. Your Financial Advisor can help you identify the sweep or other cash options, if any, available to you, but none of MAA, MLPF&S or the Financial Advisor has the discretion to make the selection for you. Additionally, you may elect a “no sweep” option for the cash balances held in your UMA Account. If you select the no sweep option, your cash balances will remain in your Account until they are needed to satisfy any debits (due to securities purchases or other transactions) in your Account and will not earn interest or dividends. If you elect the no sweep option for your Account, you should understand that Merrill Lynch will continue to charge the UMA Account fee on the cash held in your Account even though you are not earning any interest or dividends on that cash and that may create a conflict between you and us. You should carefully consider whether the no sweep option is right for you.

Unless otherwise agreed, your Account will be credited with any dividends, interest and principal paid on assets held in your Account.

Transactions in UMA Accounts

The Account fee covers execution services for all transactions effected for an Account, except as indicated in the section entitled *Account Fees*.

Under the terms of the Client Agreement, you have authorized and directed that all transactions in the Account, except as provided below, be effected by or through MLPF&S and its affiliates, acting as agent or, to the extent permitted by law, as principal. Notwithstanding this direction, if MLPF&S and its affiliates cannot effect a transaction on your behalf, you authorize and direct MAA to effect the transaction through an Unaffiliated Investment Firm. Your direction to use MLPF&S and its affiliates to effect transactions in an Account may result in less advantageous execution, including greater spreads (the difference between the bid and the offer price) or less favorable net prices, than if an Unaffiliated Investment Firm were to execute the transaction.

For a Portfolio with a Discretionary Manager as indicated in the Profile, the Discretionary Manager has authority to place all orders for transactions in the Account with a broker-dealer selected by the Discretionary Manager, including an Unaffiliated Investment Firm, when consistent with the Discretionary Manager's obligation to obtain best price and execution, provided that in the Client Agreement you direct the Discretionary Manager to place all trades in foreign ordinary securities through MLPF&S. For certain such Discretionary Managers, MAA personnel may provide administrative services to the Discretionary Manager to assist with the placement of orders at the direction of the Discretionary Manager. In selecting a firm to execute transactions for the Account, and selecting the markets on or in which the transactions will be executed, the Discretionary Manager is not obligated to solicit competitive bids for each transaction or seek the lowest available commission cost to your Account, so long as the Discretionary Manager reasonably believes that the firm it selects can be expected to obtain a “best execution” market price on the particular transaction.

Other Style Managers that are not Discretionary Managers, as described on the applicable Profile, are authorized to place orders for particular trades with MLPF&S and its affiliates or an Unaffiliated Investment Firm if the Style Manager determines that, after consultation with MAA, (i) the Style Manager is able to aggregate a particular trade for UMA client accounts in a block trade, and (ii) such aggregation is expected by the

Style Manager to be for the overall benefit of UMA clients. Each time a Style Manager has the responsibility to place a trade for an Account, it will be considered an “Implementing Manager.”

By signing the Client Agreement, you appoint MAA and/or an Implementing Manager you select to act as your agent and attorney-in-fact with such discretionary power and authority, as described above, to buy, sell or otherwise effect transactions in stocks, options, bonds and any other securities or other property, in whole or in part, on margin if contemplated by your Portfolio, for your Account and in your name. Under the terms of the Client Agreement, you have authorized MAA or an Implementing Manager to establish accounts with Unaffiliated Investment Firms, as necessary, for the purpose of effecting transactions in your Account, according to applicable law.

When a Discretionary Manager selects a firm to execute transactions, or when MAA selects an Unaffiliated Investment Firm to execute transactions because MLPF&S and its affiliates cannot effect a transaction, the Discretionary Manager or MAA, as applicable, will take into account various factors, such as:

- The nature and quantity of the securities involved;
- The markets involved;
- The importance of speed, efficiency and confidentiality;
- The firm's apparent knowledge of such markets and sources from or to whom particular securities might be purchased or sold;
- The reputation and perceived soundness of the firm;
- The ability and willingness of the firm to facilitate both purchases and sales of securities for client accounts by participating in such transactions for its own account;
- The firm's clearance and settlement capabilities; and
- Other factors relevant to the selection of a broker-dealer for the execution of client securities transactions.

The cost of brokerage commissions for any trades placed by an Implementing Manager and executed by an Unaffiliated Investment Firm, except for those in foreign ordinary and ADR securities, will be deducted from the Style Manager Expense that would otherwise be paid to the Implementing Manager. However, for some Implementing Managers, the Style Manager Expense will be higher than that for other Style Managers with the same or similar Strategies, and, as a result, you will indirectly bear the cost of trades executed with Unaffiliated Investment Firms. Since you will pay the same Style Manager Expense regardless of whether or not an Implementing Manager trades for your Account through an Unaffiliated Investment Firm, this may create a material conflict of interest, or the appearance of a material conflict of interest, between the Implementing Manager and you.

Markups or markdowns that are not treated as commissions and that are payable to Unaffiliated Investment Firms (including on fixed-income or over-the-counter transactions in which MLPF&S and its affiliates act as agent) are not covered by Account fees and you, rather than us or the Implementing Manager, will bear the cost.

In effecting transactions for your Account, MLPF&S and its affiliates will be acting exclusively as a broker-dealer.

MAA or the Implementing Manager may, but is not required to, aggregate orders for the sale or purchase of securities for your Account with orders for the same security for our other clients, proprietary accounts or the accounts of our employees and/or related persons, without your prior authorization. In such cases, each account in the aggregated transaction will be charged or credited with the average price and, when applicable, its pro rata share of any fees. To the extent Style Managers provide similar investment recommendations for a particular Strategy or Strategies to

MAA for implementation, MAA's ability to implement those recommendations may be affected by the liquidity of the security, market volatility and any price limits that may be imposed by the Style Managers. This may in turn have a negative impact on the performance of your Account in that particular Strategy or Strategies.

When MLPF&S executes transactions in foreign ordinary securities outside the United States, it may use the services of foreign Unaffiliated Investment Firms. These foreign Unaffiliated Investment Firms may handle your order as agent and assess a commission charge, or they may transact as principal and receive a dealer spread or markup/down. Additionally, to the extent a foreign currency conversion transaction is required to facilitate trade settlement, the foreign Unaffiliated Investment Firm (or its affiliate) effecting the currency conversion will be remunerated in the form of a dealer spread or markup/down. Although the remuneration received by the foreign Unaffiliated Investment Firm is not disclosed to or by MLPF&S in net price transactions, MLPF&S will undertake, at your written request, to determine or ascertain from the counterparty this remuneration in a given transaction for your Account. The commission charges and/or dealer spreads of foreign Unaffiliated Investment Firms may also accrue when foreign issuers terminate an ADR facility, thereby necessitating conversion of ADRs to foreign ordinary share form. In such circumstances, the prices obtained for the post-ADR security may be less beneficial to you than if the ADR remained intact. These commission charges and/or dealer spreads are in addition to the Account fee payable under the Client Agreement.

As required by law, you will be sent a copy of the prospectus or disclosure document for each applicable asset purchased for your Account.

We seek to effect transactions correctly, promptly and in the best interests of clients. In the event an error occurs in our handling of client transactions, we seek to identify and correct any errors as promptly as possible without disadvantaging the client. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the client. In general, in instances where we are responsible for effecting the transaction, we may: (i) reimburse clients for any losses directly resulting from trade errors; (ii) credit to the client any profits directly resulting from such trade errors that are corrected after the settlement of the transaction; or (iii) retain any profits directly resulting from such trade errors that are corrected prior to the settlement of the transaction.

Client's Selection Changes or Additions

You may change or add a Portfolio or Strategy, subject to our approval, by contacting your Financial Advisor. MAA will implement any approved change or addition to the Portfolio or Strategy that you select as soon as reasonably practicable.

In the case where you have selected a Unified Diversified Portfolio, Institutional Discretionary Portfolio, or other similar type of Portfolio or Strategy (other than a Unified Diversified Portfolio Selects), then if the Portfolio or a Strategy is no longer offered in UMA, you have in the Client Agreement granted MAA the authority to select a replacement that MAA believes to be appropriate based on advice from MLPF&S.

If you have selected a Unified Diversified Portfolio Selects, and the Portfolio or a Strategy is no longer offered in UMA, you have in the Client Agreement authorized MAA, based on the recommendation of MLPF&S, to propose a replacement Portfolio or Strategy. We will send you written notification of such proposed replacement and if you do not instruct us to select a different Portfolio or Strategy but continue to participate in UMA after the Portfolio or Strategy is terminated, you will be deemed to have consented to such replacement Portfolio or Strategy.

Notwithstanding the above, in the case of a Unified Diversified Portfolio Selects, if we are required to terminate the offering of a Portfolio or Strategy in UMA due to unusual circumstances, you have authorized MAA to select immediately a replacement Portfolio or Strategy that MAA believes to be in your best interest, based on advice from MLPF&S.

Notwithstanding any instructions to the contrary, certain Funds or other securities held in a Third Party Strategy will be automatically liquidated or redeemed if your selected Third Party Strategy is replaced with another Strategy and may be liquidated or redeemed if your Account is terminated.

It is important that you understand that the replacement Portfolio or Strategy that you or we may select, or we may propose, as applicable, may be subject to a higher Style Manager Expense than the previously selected Portfolio or Strategy. You will be responsible for paying this higher Style Manager Expense as part of the Account fee. The Merrill Lynch Fee, however, will generally not change as a result of a change in the Portfolio or Strategy (unless you are no longer eligible for a reduced fee). There is no guarantee that any replacement Portfolio or Strategy will be available for a Style Manager Expense similar to the Style Manager Expense applicable to the original Portfolio or Strategy selected, or that we will select or be able to offer you replacement choices that are substantially similar to the Portfolio or Strategy that is no longer being offered.

Proxy Voting and Other Legal Matters

You direct MAA to respond to corporate actions, including reorganizations, with respect to securities held in your Account, and, unless you otherwise designate in the Client Summary or other notice, you direct MAA to vote proxies and receive other issuer-related material solely with respect to Specified Investments held in your Account with certain exceptions as noted below. Your initial direction in the Client Summary regarding proxy voting will apply to your Account in UMA, including any changes to and additional Portfolios you select, until such direction is changed by written notice to us with respect to your Account. You also direct MLPF&S to vote proxies, respond to corporate actions and receive other issuer-related material with respect to Specified Investments that you hold through a MLPF&S Portfolio or Strategy with certain exceptions as noted below.

Unless you have notified us otherwise, you authorize the delegation, on your behalf, of proxy voting authority with respect to all securities that are not Specified Investments, including shares of Registered Funds, held in your Account, to ISS or a successor proxy voting service selected by us and deemed satisfactory by us, provided that we provide you with notice of a change in the proxy voting service to which proxy voting authority has been delegated. ISS or such successor proxy voting service is authorized and instructed to vote all proxies for such securities held in your Account according to ISS Voting Policies that are updated annually and available on the Proxy Website and to receive other issuer-related material with respect to such securities held in your Account on your behalf.

To the extent that ISS or a successor proxy voting service, as the case may be, begins to offer proxy voting services with respect to any security that was previously a Specified Investment, such security will cease to be a Specified Investment, ISS' authority to vote proxies will extend to such security and MAA's and MLPF&S' respective authority to vote proxies with respect to such security will terminate. In the event that a conflict arises with a Specified Investment and MAA and MLPF&S is unable to render a vote, then MAA's and MLPF&S' respective authority to vote proxies with respect to such security will terminate, and authority to vote proxies with respect to such security will revert to you. In such event, we will use our best efforts to send to you all issuer-related materials for such security held in your Account. In instances where we have determined it is not possible given timing or other circumstances, such proxies will not be voted. Delivery of such issuer-related materials to you will constitute notice that proxy voting authority with respect to such security has

reverted to you. If the securities in your Account are held by an Unrelated Custodian, unless otherwise agreed, you retain the right to vote and have agreed that none of MAA, MLPF&S or ISS or a successor proxy voting service, as the case may be, will vote proxies with respect to any such securities and any related proxy materials received will be forwarded to you. In addition, unless otherwise agreed, if you are a Retirement Account client with securities held by an Unrelated Custodian, you acknowledge and agree that you retain the right to vote, and none of MAA, MLPF&S or ISS or a successor proxy voting service, as the case may be, will vote proxies with respect to any such securities and any related proxy materials received will be forwarded to you.

None of MAA, MLPF&S or ISS or a successor proxy voting service, as the case may be, will vote in the following circumstances:

- The proxy or other relevant materials are not received a sufficient time in advance to allow an appropriate analysis or to allow a vote to be cast by the voting deadline; or
- MAA, MLPF&S or ISS or a successor proxy voting service, as the case may be, concludes that the cost of voting the proxy will exceed the potential benefit to you.

None of MAA, MLPF&S or ISS or a successor proxy voting service, as the case may be, will vote proxies in respect of foreign ordinary securities if voting may cause the sale of the security to be prohibited under foreign law for a period of time, usually the time between the record and meeting dates. Neither MAA nor MLPF&S will vote proxies for any Specified Investments held in your Account in any instance where MAA or MLPF&S, as the case may be, is unable to obtain supplemental information that it deems necessary to make an informed decision regarding the manner in which to vote.

We will not advise or act for you with respect to any legal matters (other than proxies) for securities held in your Account, including bankruptcies or class actions, and we will use our best efforts to send you any documents received with respect to such matters. You may, however, enroll in the Merrill Lynch Class Action Settlement Service, which is a separate administrative service and not part of the services provided in UMA. For more information on this additional service, contact your Financial Advisor.

To the extent that instructions regarding the voting of proxies for securities, including Registered Funds, are not received and as permitted by law, MLPF&S will comply with the rules of the SEC and applicable self-regulatory organizations relating to such matters.

You should understand that the Client Agreement contains a representation that you are authorized to give all proxy voting directions under any applicable instruments or governing law. You may choose to rescind the proxy voting authority that you granted to MAA, MLPF&S and ISS or a successor proxy voting service, as applicable, as indicated in the Client Summary or other notice or by contacting your Financial Advisor.

If you direct MAA, MLPF&S and ISS or a successor proxy voting service, as the case may be, to vote proxies, then MAA, MLPF&S and ISS or the successor proxy voting service, as the case may be, will each exercise the applicable voting authority in its sole discretion without any reservation of authority by you to direct voting with respect to a specific proxy. MAA, MLPF&S and ISS or a successor proxy voting service, as the case may be, will each vote proxies according to its respective proxy voting policies and procedures, which are or will be available on the Proxy Website, and, in the case of MAA's and MLPF&S's respective policies and procedures, are summarized in the section entitled *Summary of Proxy Voting Policies*.

ISS Voting Policies and Proxy Voting Guidelines (ISS Voting Policies) and Other Matters. ISS will vote proxies in accordance with the ISS Voting Policies - Benchmark Policy Recommendations unless you elect another

available ISS Voting Policy. ISS Voting Policies are updated annually by ISS and are available via the Proxy Website or upon request. ISS represents to us that the ISS Voting Policies are consistent with ERISA standards.

ISS has significant relationships with companies on which ISS also furnishes proxy voting advice to its clients who are shareholders of those companies. Information relating to ISS' significant relationships with companies whose securities are held in your Account is available by contacting us at dg.msg-proxy@ml.com. Additional information about ISS is available on ISS' website at www.issgovernance.com (currently under "Compliance" then "Due Diligence") or by contacting us at dg.msg-proxy@ml.com. ISS' ADV 2A firm brochure is also available at the SEC's website at www.adviserinfo.sec.gov.

On May 23, 2013, ISS consented to the entry of an administrative order issued by the SEC (the "SEC Order") on matters relating to policies and procedures to prevent the misuse of material, nonpublic proxy voting information of ISS' shareholder advisory clients. A copy of the SEC Order is available on the SEC's website at www.sec.gov. In the SEC Order, ISS was censured and ordered: (1) to pay a civil money penalty in the amount of \$300,000; (2) to cease and desist from committing or causing any violations and any future violations of Section 204(A) of the Advisers Act; and (3) to comply with the undertakings enumerated in the SEC Order. These ISS undertakings in the SEC Order were, among other things: (1) to retain, at ISS' expense, an independent consultant not unacceptable to the SEC staff (the "Consultant") to conduct a comprehensive review of ISS' supervisory and compliance policies and procedures reasonably designed to ensure that its proxy voting services business complies with the Advisers Act in connection with the treatment of confidential information, communications with proxy solicitors and gifts and entertainment; (2) to require the Consultant to submit a report that includes recommendations for any changes in or improvements to ISS' supervisory and compliance policies and procedures (the "Report"); and (3) to adopt and implement all recommendations included in the Report. In determining to accept ISS' settlement offer, the SEC considered remedial acts promptly undertaken by ISS and cooperation afforded the SEC staff.

In connection with the SEC Order against ISS, Merrill Lynch conducted supplemental reviews of ISS and its policies and procedures and presented the results of such reviews to the Proxy Committees of MLPF&S and MAA. Based upon these reviews and Merrill Lynch's continued ongoing monitoring and evaluation of ISS, the Proxy Committees of MLPF&S and MAA determined to continue to make ISS available as the proxy voting service provider in UMA and other relevant Merrill Lynch programs for those clients who have elected, and who will elect, the delegation of their proxy voting authority to ISS.

Summary of Proxy Voting Policies

MAA and MLPF&S each has written policies and procedures regarding the voting of securities in UMA accounts where it has proxy voting responsibility. You do not delegate to MAA or MLPF&S and MAA and MLPF&S do not assume proxy voting authority from you for securities except with respect to Specified Investments as described above. These policies and procedures are designed to ensure that proxy voting decisions are made in the best interests of UMA clients. In fulfilling our obligations to clients, MAA and MLPF&S, as applicable, will seek to act in a manner that we believe is most likely to enhance the economic value of the underlying securities held in client accounts.

Given the complexity of the issues that may be raised in connection with proxy votes, MAA has established a proxy voting committee to address proxy voting issues on behalf of clients that have delegated proxy voting authority to MAA. Similarly, MLPF&S has established a proxy voting committee to address proxy voting issues on behalf of MLPF&S with respect to MLPF&S Portfolios in which clients have delegated proxy voting authority to MLPF&S. In each case, each respective proxy voting

committee determines how to vote the proxies of UMA clients for which MAA or MLPF&S, as applicable, has proxy voting responsibility, and it seeks to ensure that all votes are consistent with the best interests of those clients and are free from unwarranted or inappropriate influences. Each respective proxy voting committee established general proxy voting guidelines and is responsible for determining how those guidelines are applied to specific proxy votes in light of each issuer's unique structure, management, strategic options and, in certain circumstances, the probable economic and other anticipated consequences of alternate actions.

While it is expected that MAA or MLPF&S, as applicable, generally will seek to vote proxies in a uniform manner for all UMA client Accounts, each respective proxy voting committee may determine that the specific circumstances of such Account require that the Account's proxies be voted differently.

To assist in voting proxies, each respective proxy voting committee has retained ISS, an independent adviser that specializes in providing a variety of fiduciary-level proxy-related services to institutional investment managers, plan sponsors, custodians, consultants, and other institutional investors. In addition to the services described above as provided specifically by ISS, the respective committees may also engage ISS for vote execution and recordkeeping.

Each of MAA and MLPF&S has adopted specific proxy voting procedures to address potential conflicts of interest such as when proxies relate either to the parent or an affiliate of MAA or MLPF&S, as applicable, or to money management or other clients of MAA or MLPF&S, as applicable. When a potential conflict is identified, the proxy voting procedures require that the respective proxy voting committee document and consider all relevant facts and circumstances, including the nature of the conflict and the expected economic significance to clients of the items subject to vote. After consideration of such facts and circumstances, the respective proxy voting committee may choose to manage the potential conflict by:

- Determining that the potential conflict does not apply to MAA or MLPF&S, as applicable, and proceeding to vote according to its proxy voting guidelines;
- Retaining an independent fiduciary to advise the respective proxy voting committee on how to vote;
- Passing the vote to a subcommittee solely consisting of members appointed by the chair of the respective proxy voting committee;
- Making a best efforts attempt to revert proxy voting authority to the client; or
- Not voting in instances where the committee determines that reversion of proxy voting authority and delivery of issuer-related material to the client is not possible due to timing or other circumstances.

As noted above, each of MAA and MLPF&S has adopted proxy voting guidelines, which represent their respective proxy voting committee's usual voting position on certain recurring proxy issues that are not expected to involve unusual circumstances. These issues include proposals related to:

- The composition of an issuer's board of directors;
- The selection of an issuer's auditors;
- Management compensation and employee benefits;
- Requests, principally from management, for approval of amendments that would alter an issuer's capital structure;
- Requests for approval of amendments to an issuer's charter or by-laws;
- Requests regarding the formalities of corporate meetings;
- Proxy issues associated solely with holdings of investment company shares; and

- Limiting corporate conduct in some manner that relates to the shareholder's environmental or social concerns.

The respective proxy voting committee may elect to vote a particular proxy in a manner contrary to its generally stated guidelines if the committee determines that doing so is, in the committee's judgment, in the best interest of MAA's or MLPF&S's clients, as applicable.

A copy of each of MAA's and MLPF&S's proxy voting policies and procedures is available upon request. If you would like a copy, or if you have an account for which you have delegated proxy voting responsibility to MAA or MLPF&S, as applicable, and would like information about how MAA or MLPF&S, as applicable, voted with respect to securities held in that account, please refer to the Proxy Website or contact your Financial Advisor.

ACCOUNT FEES

For the services provided under the Client Agreement, you agree to pay an annual asset-based Account fee to MLPF&S, at the rates set forth in the Account fee schedule below. The rates initially applicable to your Account will be set out in your initial Client Summary. Although the terms of the Client Agreement do not require an updated Client Summary to be sent to you, certain changes to rates may, from time to time, be provided to you in an updated Client Summary or in another document we or our affiliates provide or make available to you. The Account fee is payable quarterly in advance on all of the assets in all of your Accounts covered in the UMA relationship, calculated as discussed in the subsection below entitled *Calculation of Account Fees*.

The Account fee consists of: (i) a fee for the services of MLPF&S and MAA (referred to as the "Merrill Lynch Fee"), and if applicable, (ii) a fee for the Style Manager's services with respect to each Strategy in your Account (referred to as the "Style Manager Expense"). Because the Account fee paid in advance will be based on an estimate as discussed below, there will be a quarterly adjustment that could result in you paying a higher amount or receiving a credit because of changes in your Account during the relevant quarter due to market movements, contributions, withdrawals or the selection of different Portfolios or Strategies. If you are a Retirement Account client, you may be entitled to certain credits with respect to any Funds held in the Retirement Account, as discussed below under the section entitled *Code of Ethics, Participation or Interest in Client Transactions and Personal Trading – Retirement Accounts*.

THE ACCOUNT FEE SCHEDULE IS GENERALLY AS FOLLOWS:

UMA FEE ASSETS	MERRILL LYNCH FEE RATE	STYLE MANAGER EXPENSE RATE
Less than \$1 million	2.70%	*
\$1 million – \$1.999 million	2.15%	*
\$2 million – \$4.999 million	1.80%	*
\$5 million – \$24.999 million	1.50%	*
\$25 million +	Custom	*

* The applicable Style Manager Expense rate ranges from 0.14% to 0.40%, depending upon the Portfolio or Strategy that you have selected. If you are a Retirement Account and have selected a Related Style Manager, the applicable Style Manager Expense rate is 0% rather than the Style Manager Expense rate for that Related Style Manager. (See the Style Manager Expense Rate Supplement to this Brochure.)

The Merrill Lynch Fee rate that will apply is based on the aggregate value of the assets in all of your Accounts and such other accounts held at MLPF&S that Merrill Lynch determines, in its sole discretion, to include for this purpose (referred to as the "UMA Fee Assets"). The Merrill Lynch Fee

rate schedule initially applicable to your Account will be set out in your initial Client Summary. The Merrill Lynch Fee rate applicable to your Account may vary from quarter to quarter based on the value of your UMA Fee Assets or the asset composition of your Account, or as you may otherwise agree with us.

You should note that any security purchased prior to enrolling in UMA and subsequently transferred into an Account may be subject to the Merrill Lynch Fee and Style Manager Expense rate immediately upon its transfer to UMA. This means that you may pay both an up-front commission (when the security was purchased prior to enrolling in UMA) as well as the Merrill Lynch Fee and Style Manager Expense rate (once enrolled in UMA) in connection with the purchase of the same security.

The Account fee you pay may be negotiable depending on a number of factors. Such factors include, but are not limited to the:

- Amount of your assets;
- Number and size of your related accounts maintained at MLPF&S and its affiliates;
- Range and extent of services provided or to be provided to you; and
- Financial Advisor assisting you.

The Account fee for assets \$25 million and greater will be determined by agreement between you and

Merrill Lynch. The Account fees that are negotiated are subject to change. Upon request, and at no charge, we will provide additional detailed information regarding your Account fees. Please contact your Financial Advisor if you would like to receive this more detailed Account fee information.

Other pricing arrangements, typically involving multiple accounts, products or services, may also be available to you. While clients entering into such arrangements may pay higher fees for any particular component being offered, such as fees higher than those shown above, the pricing arrangement as a whole will generally result either in the same or lower fees in the aggregate for all the accounts, products or services provided or for the inclusion of additional products and services.

From time to time, we may establish a maximum Merrill Lynch Fee rate for certain asset types or asset compositions, such as a UMA relationship consisting substantially of Funds or fixed-income securities, which may reduce the Merrill Lynch Fee rate set out in the Account fee schedule above. For purposes of determining whether this reduced Merrill Lynch Fee rate applies, we will only consider the aggregate value and composition of assets in your Account.

If your eligibility for a reduced Merrill Lynch Fee rate changes during a quarter because of fluctuations in the value of your UMA Fee Assets or the asset composition of your Account, the Merrill Lynch Fee rate applicable to your Account may change mid-quarter. Under certain circumstances, you may pay a higher Merrill Lynch Fee rate during the quarter than you would otherwise have to pay if a reduced Merrill Lynch Fee rate were applied as of the date of the change. If the change in eligibility would result in a fee decrease, such decrease in your Merrill Lynch Fee rate will automatically take effect as of the beginning of the next quarter. If the change in eligibility would result in an increase in your Merrill Lynch Fee rate, such increase may take effect as of the beginning of the next quarter, provided that any increase in the Merrill Lynch Fee rate will not exceed the highest rate shown in the Account fee schedule above.

If we agree to any other discount to the Merrill Lynch Fee rate or other Account fees applicable to your Account, then you agree that we may reduce the discount any time, subject to the maximum Merrill Lynch Fee rate in the Account fee schedule above.

The Style Manager Expense rate applicable to your Account will vary depending on the Strategy that you select and does not change based upon the value of assets in your Account. The Style Manager Expense rate initially applicable to your Account will be set out in your initial Client Summary. If the Portfolio that you have selected includes a Style Manager, in combination with other Style Managers or Strategies, each Style Manager Expense rate will be applied pro rata to the value of your Account. The pro rata percentage will not be determined based on the actual asset allocation of your Portfolio, but on the aggregate allocation of assets to each Style Manager in all of the client accounts that have selected the Portfolio. As a result, in certain circumstances, you may pay higher Style Manager Expenses than you would otherwise have to pay if the Style Manager Expenses were based on the actual asset allocations in your Account. There is no Style Manager Expense applicable to any Fund Strategy, provided, however, that a Style Manager Expense will be applicable to the portion of any Fund Strategy that is not invested in Funds, except as otherwise provided in the Profile. See the section entitled *Other Fees and Expenses - Funds and Related Investing*. For example, a Style Manager Expense will also apply to the portion of Strategies, Fund Strategies or Third Party Strategies where a Style Manager includes Funds that are not its Style Manager Related Funds.

The Account fee schedule is subject to change from time to time. As noted above, the terms of the Client Agreement do not require that an updated Client Summary be sent. This includes circumstances that result in you not being given notice of any changes to your Account fee schedule, including, for example, changes as a result of a change of Strategy in the case of a Unified Diversified Portfolio or Institutional Discretionary Portfolio, the termination of a Portfolio or Strategy due to unusual circumstances in the case of a Unified Diversified Portfolio Selects, or other circumstances described in this Section. You agree that any changes in your Merrill Lynch Fee rate or Style Manager Expense rate as described in this section will not be considered an amendment of the Client Agreement so long as the Merrill Lynch Fee rate does not exceed the highest rate shown on the Account Fee schedule above.

MLPF&S and MAA may, from time to time, enter into specialized agreements to provide particular or unique services to certain clients, subject to negotiated fees. In addition, UMA may be offered through other lines of business of Bank of America. Clients from these lines of business may be provided with a limited or different selection of Portfolios, Style Managers, Strategies, and/or Funds. Certain additional services may also be provided to such clients. The fees for certain of the services described in this Brochure may be reduced for our employees or our affiliates or such employees and affiliates may be subject to prior fee schedules. For more information regarding the above programs or any other services MLPF&S or MAA offers, please contact your Financial Advisor.

Style Manager Expense Fee Schedule

The range of the Style Manager Expense rates payable to each Style Manager for a Strategy in UMA is listed above. The Style Manager Expense rate payable to each Style Manager and additional information, including available styles and rates, are listed in the Style Manager Expense Rate Supplement to this Brochure. The fee paid to a Style Manager will vary depending on particular investment styles, the type of securities involved, the nature of the services provided, the ability of an Implementing Manager or Discretionary Manager to effect trades for your Account with an Unaffiliated Investment Firm or other factors. Unless otherwise noted, MAA is responsible for placing orders for transactions in your Account. MLPF&S is the Style Manager for certain Fund Strategies for which there is no separate Style Manager Expense. There is no Style Manager Expense applicable to the portion of any Fund Strategy that is invested in Funds, except as otherwise provided in the Profile. For example, a Style Manager

Expense will also apply to the portion of Strategies, Fund Strategies or Third Party Strategies where a Style Manager includes Funds that are not its Style Manager Related Funds.

Calculation of Account Fees

The Account fee is payable quarterly in advance and is calculated as follows. An estimated fee (referred to as the "Estimated Fee") will be calculated based on the market value of your Account as of the last Friday of the quarter, as determined by and payable to MLPF&S. The Estimated Fee is typically charged on the Tuesday following such Friday calculation. Please note, the last Friday of a quarter, and the following Tuesday, may or may not occur during the same calendar quarter, thereby creating a year-end billing event which may be charged either before or after the end of the calendar year.

Throughout the quarter, a weekly fee will be calculated based on the market value of your Account, as determined by MLPF&S (as described more fully below). On the last Friday of the quarter, the actual fee (referred to as the "Actual Fee") for such quarter will be calculated based on the sum of the accrual of the weekly fees calculated for such quarter. If the Actual Fee is less than the Estimated Fee that was paid for the respective quarter, your Account will be credited the applicable amount; if the Actual Fee is greater than the Estimated Fee that was paid for respective quarter, your Account will be charged the applicable amount. The difference between the Actual Fee and the Estimated Fee for a quarter is typically charged or credited to your Account at the same time that the Estimated Fee is charged for the next quarter.

In connection with the opening of each Account, an initial Estimated Fee will be assessed on the first Friday after the effective date of the Client Agreement for the Account and will be prorated based on the number of days remaining in the quarter. The initial Estimated Fee is typically charged on the Tuesday following the enrollment of the respective Account. Throughout the remainder of the quarter, a weekly fee will be calculated based on the market value of your Account, as determined by MLPF&S. On the last Friday of the quarter, the Actual Fee for the initial quarter will be calculated based on the sum of the accrual of the weekly fees calculated for the quarter from the date of the opening of the Account. If the Actual Fee is less than the initial Estimated Fee paid for the initial quarter, your Account will be credited the applicable amount; if the Actual Fee is greater than the initial Estimated Fee paid for the initial quarter, your Account will be charged the applicable amount.

The account value used for the calculation of fees may differ from that shown on your monthly securities account statement and the performance report due to a variety of factors, including trade date or settlement date accounting, the treatment of accrued income, round lot valuation and other considerations. Further, it should be noted that the valuation of client securities reported in the performance report may also be subject to occasional repricing in reasonable and appropriate circumstances, but such repricing will not affect, or result in the adjustment of, previously calculated Account fees.

At such time as you terminate an Account, your Actual Fee for that quarter will be calculated by accruing the weekly fees from the beginning of the quarter through the day the Account was terminated. You will be charged or rebated the difference between the Estimated Fee you pay for that quarter and the Actual Fee.

If a new or different Portfolio or Strategy is selected for your Account, the change in Portfolio or Strategy will be processed as if it occurred on the Friday of the week of such change. The Account fee rate applicable to the old Portfolio or Strategy will apply through such Friday, after which the new Style Manager Expense rate(s) for the new Portfolio or Strategy will automatically be applied. As described in Account Fees, the Merrill Lynch Fee rate may also change at the same time.

Each of the Estimated Fee and the Actual Fee will be based on the value of assets in your Account, including the full value of any assets purchased on margin or other extensions of credit by MLPF&S and its affiliates at such time as the fee is calculated. The assets will be valued in a manner determined by MLPF&S, in its sole discretion, and in some cases may be based on estimates, which are obtained from various sources. Values may vary from prices achieved in actual transactions, especially for thinly traded securities, and are not firm bids or offers or guarantees of any type about the value of assets in your Account. For fixed-income securities, the values assume no unusual market conditions and are generally for transactions of \$1 million or more, which may produce values that are higher than the prices that would be achieved in the sale of fewer securities. As a result, the Estimated Fee and/or the Actual Fee may be calculated based on values for some securities that are greater than the amount you would receive if the securities were sold from your Account.

If you maintain the assets in your Account with an Unrelated Custodian, MLPF&S will calculate the Account fee based on information provided by the Unrelated Custodian, which may use a different method to value the securities in the Account than that described above, and generally will calculate Account fees based on monthly values. MLPF&S will not be responsible for verifying the accuracy of such information or any losses or errors by the Unrelated Custodian in your Account.

The Account fee will be applied to cash and cash equivalents held within your Account, including assets in your bank deposit programs and money market fund shares. The Account fee is in addition to other compensation that MLPF&S and its affiliates will earn in connection with these assets.

Deduction of Account Fees

You have agreed in the Client Agreement as follows:

- Unless otherwise agreed to between you and MLPF&S, the Account fee (and any other fees payable under the Client Agreement) will be deducted directly from your Account;
- MLPF&S is authorized to deduct the Account fee from the assets held in your Account, to the extent permitted by law, if full payment of the Account fee has not been timely received or, if earlier, at the time the Client Agreement is terminated;
- The Account fee for your Account will be payable, unless otherwise indicated, first from the liquidation or withdrawal by MLPF&S of your shares of any money market funds or balances in any money market or bank deposit account, as you authorize in the Client Agreement, and second from free credit or cash balances, if any, in your Account, and to the extent that such assets are insufficient to satisfy payment of such fees, you may be billed by MLPF&S;
- You will make timely payment of all amounts due to MLPF&S under the Client Agreement; and
- To the extent permitted by law, all assets in your Account or otherwise held by MLPF&S or its affiliates for you will be subject to a lien for the discharge of your obligation to make timely payment to MLPF&S of the Account fee (and any other fees you pay under the Client Agreement), and MLPF&S may sell assets in your Account to satisfy this lien.

You may be able to pay the Account fees from assets held outside of your UMA Account. You should contact your Financial Advisor for additional information.

ABILITY TO OBTAIN THE UMA SERVICES SEPARATELY

You may be able to obtain some or all of the types of services available through UMA separately from Merrill Lynch and its affiliates on a separate or combined basis. Depending upon the factors below, UMA may cost you more or less than purchasing the services separately. You may also be

able to obtain some or all of the types of services available through UMA from other firms and Account fees may be higher or lower than the fees charged by other firms for comparable services, assuming such services are available. It is your responsibility to review the other services or investments available through Merrill Lynch and its affiliates with your Financial Advisor to determine whether they may be more appropriate for you than UMA.

In comparing the account types and programs and their relative costs, you should consider various factors, including, but not limited to:

- Your preference for an advisory or brokerage relationship;
- Your preference for a discretionary or a non-discretionary relationship;
- Your preference for a fee-based or commission-based relationship;
- The types of investment products that are available in each program or service;
- Whether a particular investment strategy offered in one program or service is available through another Merrill Lynch program or service;
- How much trading activity you expect to take place in your Account;
- How much of your assets you expect to be allocated to cash;
- Whether you wish to invest in mutual funds, and which mutual funds (if any) are available in particular programs;
- The frequency and type of client profiling reports, performance reporting and account reviews that are available in each program or service; and
- The scope of ancillary services that may be available to you in a brokerage account, but which are not available in an advisory program.

You should also understand that we are offering the Merrill Lynch Investment Advisory Program (“MLIAP”), an investment advisory program with certain similar features to UMA, to clients and prospective clients with Financial Advisors and that UMA generally is closed to new account enrollments subject to exceptions in our sole discretion. We anticipate that existing clients in UMA may remain enrolled until such time, in our discretion, that UMA is closed.

You should carefully consider if and when you will enroll in MLIAP. While MLIAP and UMA have certain similar features, there are important differences that should be discussed with your Financial Advisor. For example, UMA does not offer clients the ability to group assets held in multiple accounts in a portfolio and allow each portfolio and each account within a portfolio to be managed in accordance with a different objective or strategy type. Likewise, UMA does not have the same fee schedule as MLIAP. Some existing clients may find that the MLIAP fee schedule will result in a reduced advisory fee, while others may find that their advisory fee will increase. Fee rates that you negotiated with your Financial Advisor in UMA will not automatically be applied to any account that you enroll in MLIAP, and it is important that, in addition to the factors listed above, you discuss with your Financial Advisor how enrollment in MLIAP will affect these fees and the services that will be available to you.

OTHER FEES AND EXPENSES

You are responsible for paying the full amount of the Account fee, regardless of whether you use all of the services provided under the Client Agreement. The Account fee includes execution services for all transactions effected in your Account, except:

- Markups or markdowns by executing broker-dealers (including those on fixed-income securities, foreign ordinary securities, ADRs or other over-the-counter transactions in which MLPF&S and its affiliates act as agent) or spreads, underwriting fees or selling concessions for any principal transaction effected by MLPF&S and its affiliates;

- Transfer taxes;
- Margin interest and fees for any securities that are deemed hard to borrow in connection with long/short strategies;
- Fees charged by MLPF&S, our affiliates or unaffiliated third parties in connection with short sale transactions;
- Exchange or similar fees (such as for ADRs) charged by third parties, including issuers, and fees required by the SEC;
- Electronic fund, wire and other account transfer fees;
- Fees and expenses incurred by any Fund purchased for your Account, including commissions and other transaction related charges incurred by a Fund, even if MLPF&S or a Related Company effects these transactions for the Fund;
- Fund redemption fees and contingent deferred sales charges;
- Commission charges for transactions in foreign ordinary securities and dealer spreads or markups in connection with a foreign currency conversion, including in connection with ADRs; and
- Any other charges imposed by law or otherwise agreed to by you and Merrill Lynch with regard to your Account.

Markups or markdowns that are not treated as commissions and that are payable to Unaffiliated Investment Firms (including on fixed-income or over-the-counter transactions in which MLPF&S and its affiliates act as agent) are not covered by Account fees and you, rather than us or the Implementing Manager, will bear the cost.

An Implementing Manager may, subject to its obligation to implement trades for clients, batch or aggregate some or most of UMA client transactions with other clients of the Implementing Manager and place the aggregated order through Unaffiliated Investment Firms for execution. Typically, those Unaffiliated Investment Firms fill orders as dealers and the cost of execution is included in the price of the security as a markup/down. The portion of the aggregated order so executed for UMA clients is then cleared and settled through MLPF&S in a practice referred to as a “step in.” Clients for which the Implementing Manager places some or most transactions through Unaffiliated Investment Firms will not receive a discount from, or credit against, the Account fees and the markup/down imposed by the executing Unaffiliated Investment Firm could be deemed to be a duplicative payment for transaction execution services. You should contact your Financial Advisor for more information regarding step-in transactions.

You will pay the public offering price on securities purchased for your Account from an underwriter or dealer involved in a distribution. Please see the section entitled *Funding and Operation of UMA Accounts – Transactions in UMA Accounts* for information about additional compensation we or our affiliates may receive in connection with agency or principal transactions effected for client Accounts. The cost of brokerage commissions for any trades placed by an Implementing Manager and executed by an Unaffiliated Investment Firm, except for those in foreign ordinary and ADR securities, will be deducted from the Style Manager Expense that would otherwise be paid to an Implementing Manager. However, for some Implementing Managers, the Style Manager Expense will be higher than that for other Style Managers with the same or similar Strategies, and, as a result, you will indirectly bear the cost of trades executed with Unaffiliated Investment Firms. Since you will pay the same Style Manager Expense regardless of whether or not an Implementing Manager trades for your Account through an Unaffiliated Investment Firm, this may create a material conflict of interest, or the appearance of a material conflict of interest, between you and the Implementing Manager.

Important Information About Step Out Trades

A transaction that the Discretionary Manager or Implementing Manager has placed through an Unaffiliated Investment Firm for a particular Style Manager Strategy is commonly referred to as a “step out” or “step out trade.” In selecting a firm to execute transactions and the markets in which the transactions will be executed, the Discretionary Manager or Implementing Manager is not obligated to solicit competitive bids for each transaction or seek the lowest available commission cost so long as it reasonably believes that the firm it selects can be expected to obtain a “best execution” market price on the particular step out trade. Each Discretionary Manager or Implementing Manager is responsible for ensuring that it complies with its own best execution obligations.

Certain Discretionary Managers or Implementing Managers have historically executed all or a portion of their trades as “step outs.” Frequently, these trades have been for fixed income or other securities for which a markup or markdown is charged by the executing broker-dealer (generally referred to as “dealer spread”). You, rather than us or the Discretionary Manager or Implementing Manager, will bear the cost of this dealer spread amount and the Program Fee does not cover this expense or cost. See information in Item 4 in the section “What Is Not Covered by Your Program Fee.”

The Discretionary Manager or Implementing Manager may also execute step out transactions for certain equities and other securities for which the executing broker-dealer may charge a brokerage commission. These trades have historically been for foreign securities for which a brokerage commission had been charged by the executing Unaffiliated Investment Firm. Under the Program, other than as noted below as to Foreign Ordinary Shares and American Depositary Receipts (“ADRs”), you will not have to pay this Unaffiliated Investment Firm brokerage commission.

The Style Manager Expense Rates vary among Style Managers (including Discretionary Managers and Implementing Managers) and it is possible that the Style Manager Expense Rate for a Discretionary Manager or Implementing Manager may be higher than that for other Style Managers with the same or similar Strategies. You could be deemed to be indirectly bearing the cost of the step out trades by virtue of any such higher Style Manager Expense Rate. Because you will pay the same Style Manager Expense Rate regardless of whether or not a Discretionary Manager or Implementing Manager has a step out trade, this may create a material conflict of interest, or the appearance of a material conflict of interest, between the Discretionary Manager or Implementing Manager and you.

The Discretionary Managers or Implementing Managers that we have identified as trading through Unaffiliated Investment Firms, either on a regular or a limited basis, are designated in the document entitled “Style Manager Strategy Step Out Information Document” available at ml.com/SMA. You can also obtain a copy of this document upon request from your Advisor. Information in this document is based solely on the historical information that has been provided by the Discretionary Managers or Implementing Managers. We do not make any representation regarding the future trading practices of any Discretionary Manager or Implementing Manager for any Style Manager Strategy. We recommend that before making a selection of a Style Manager Strategy, you review the Manager’s Form ADV, Part 2A brochure, which contains more detailed information about its brokerage practices. Funds and Related Investing.

Funds and Related Investing

Your Account may invest in shares of, or interests in, Funds, including Related Funds and Style Manager Related Funds. As a Fund shareholder, you, along with other shareholders of the Fund, will bear a proportionate share of the Fund’s expenses, including, as permitted by applicable law, certain management and other fees which may be payable to

Merrill Lynch, a Related Company, the Style Manager or their respective affiliates. The Fund’s prospectus or other disclosure document contains a description of its fees and expenses. If your Account invests in a Fund, unless fees and expenses borne by the Fund are credited against the Account fees, you will indirectly pay, through the Fund’s net asset value, a proportionate share of the Fund’s costs for services that may be similar to, or duplicative of, services rendered as part of UMA and paid for directly through the Account fees.

To the extent that Funds are held in your Account, the fees and expenses incurred by any Fund purchased for your Account may be in addition to certain of the expenses covered by the Account fee. Among other services provided, MLPF&S and its Related Companies may effect transactions for any of these Funds, and any compensation paid to MLPF&S or its Related Companies by the Funds, or their affiliates, is in addition to the Account fee. Due to the additional economic benefit to MLPF&S or its Related Companies when your Account is invested in a Fund, a conflict of interest exists. For more information about other compensation MLPF&S or our Related Companies may receive in connection with UMA and from Style Managers participating in UMA, see the section entitled *Other Financial Industry Activities and Affiliations - Receipt of Compensation from Investment Advisers*, the section entitled *Code of Ethics, Participation or Interest in Client Transactions and Personal Trading – Funds and Related Investing* and the section entitled *Client Referrals and Other Compensation* for related information. The Style Manager of a Third Party Strategy may receive compensation from a Fund included in the Strategy. No Style Manager Expense will apply to assets invested in Funds in a Third Party Strategy, except as otherwise provided in the Profile. For example, a Style Manager Expense will also apply to the portion of Strategies, Fund Strategies or Third Party Strategies where a Style Manager includes Funds that are not its Style Manager Related Funds.

You can purchase shares of some (but not all) of the Funds included in a Strategy directly from the Funds, their agents, or through MLPF&S without enrolling in UMA. If you do so, you would not pay Account fees for such assets. However, you may not be eligible to purchase the same share class for each of the Funds available through UMA and the purchase of a different share class may be subject to applicable sales charges.

Long/Short Strategies and Margin

With the exception of Retirement Accounts, certain Portfolios that you select may involve a Margin Strategy. Selecting a Portfolio using a Margin Strategy will incur costs in addition to Account fees, as discussed below. Although you will be paid interest on the short market value of any securities sold short in your Account, MLPF&S will also benefit from these short sale positions. The rate of interest paid to you will be determined by MLPF&S in its sole discretion and will reflect the retention of compensation by MLPF&S. MAA or an Implementing Manager that sells securities short may use cash generated from short sales to purchase additional securities, i.e., leverage.

If margin is used by MAA or an Implementing Manager or if adverse market conditions trigger a margin call, you will be charged a margin interest rate (in addition to the Account fees), which will be at least as favorable as the lowest rate charged pursuant to the Merrill Lynch Margin Lending Program Client Agreement. In addition, you will be charged fees (in addition to the Account fees) for any securities that are deemed by MLPF&S to be “hard to borrow”, either at the time MAA or the Implementing Manager sells such securities short or at any time before the short position is “closed out” by MAA or the Implementing Manager.

A Margin Strategy also may create risks in addition to those of other Portfolios that do not involve a Margin Strategy. Some of the risks of a Margin Strategy that you should consider include:

- Increased potential losses because short sales theoretically can create limitless losses;
- In using margin, MAA or the Implementing Manager may leverage the Account, thereby increasing the possible magnitude of potential losses;
- MAA or the Implementing Manager will borrow money or securities on your behalf, and any indebtedness created will be secured by all of your Account and by any other assets you hold at MLPF&S;
- If additional collateral is required to satisfy a margin call, the call will be met from assets in your Account and MAA may liquidate assets held in your Account without contacting you;
- You are not entitled to choose which securities or other assets in the Account are to be liquidated or sold to meet margin calls;
- MLPF&S can increase its “house” maintenance margin requirements at any time and is not required to provide you with advance written notice; and
- In the event that a margin call cannot be fully satisfied from the liquidation of assets in your Account, you will remain liable for the outstanding debt. To satisfy this obligation, and, as permitted by law, we may liquidate assets held in other MLPF&S accounts you own.

Costs, risks and other features and conditions of margin and short sales are more fully described in the Merrill Lynch Margin Lending Program Client Agreement you execute. You should read this document carefully.

Rules for Cash Accounts and Margin Transactions

As a broker-dealer, Merrill Lynch is responsible for compliance with federal margin rules. Except where margin has been specifically permitted, Accounts in the Program are set up as cash Accounts. This account notation means that margin is not permitted and purchases of securities must be fully paid for on the date of the trade.

With a cash Account, if securities are sold before the payment for their purchase has settled, an event known as a “free-riding violation” has occurred. Free-riding is prohibited under margin rules and our Program guidelines. Having a “free-riding” violation may result in your Account being restricted for 90 days or “frozen.” The imposition of such a freeze could have a negative effect on your Account and performance. The risk of engaging in an inadvertent “free riding” violation and therefore freezing of your Account is enhanced (1) when you use multiple Style Managers as they operate independently and are unaware of purchase or sale activity by the other Style Managers; (2) when you change Style Managers and reconstitute your investments; (3) when you engage in periodic rebalancing (which results in purchases and sales of securities over a short period of time); or (4) when you withdraw cash from your Account when there is a pending order to purchase a security.

Loans and Collateral

If your Account assets are “pledged” or used as collateral, with our consent, in connection with loans obtained through a Lending Program, the costs associated with such a lending arrangement under a Lending Program are not included in the UMA Account fees and may result in additional compensation to us, our affiliate and our Financial Advisors.

Investment of Cash Balances

If cash balances are invested in a money market fund, assets held in such money market fund are subject to the Fund’s management, distribution, transfer agent, and other expenses. If cash balances are invested in a Related Money Market Fund, certain of these fees and expenses are payable to MLPF&S or a Related Company, which may act in a variety of capacities. These fees and expenses are described in the applicable money market fund prospectus and are paid by the money market fund but are ultimately borne proportionately by each investor. These fees and expenses are in addition to, and will not reduce, Account fees, except as required by law.

If cash balances are deposited in the Merrill Lynch Bank Deposit Program, Insured Savings Account Program or Retirement Assets Savings Program, cash will be placed in an account bearing a reasonable rate of interest and the participating depository institution will benefit from its use of the deposits, and MLPF&S and its affiliate will receive compensation from the participating depository institution, including any Merrill Lynch Bank. Unless waived under applicable law, this compensation will be in addition to, and will not reduce, Account fees. The terms of the Merrill Lynch Bank Deposit Program, Insured Savings Account Program and Retirement Assets Savings Program or any other bank deposit program, as applicable, are described in the disclosures that you received in connection with the underlying MLPF&S securities account for your Account, and are also available from your Financial Advisor.

Due to the additional economic benefit that we or a Related Company receive from cash investments, a conflict of interest exists between Merrill Lynch and you. However, at times, the relevant Style Manager (including, where applicable, Merrill Lynch or a Related Style Manager) may believe that it is in your interest to maintain assets in cash, particularly for defensive purposes in volatile markets. Furthermore, there may be a conflict of interest between you and your Financial Advisor where you have elected the “no sweep” option for your cash balances. In such event, your Financial Advisor will continue to earn compensation related to the cash held in your Account even though you are not earning any interest or dividends on that cash. Merrill Lynch or a Style Manager will not be precluded by any of these conflicts from exercising its judgment in your best interest.

COMPENSATION FOR RECOMMENDING THE WRAP FEE PROGRAM

MLPF&S, MAA, Related Companies and their affiliates and employees benefit from the fees and charges you pay for the services described in this Brochure. You, as a client participating in UMA, may also use other products or services available from or through us and our affiliates and, in such case, pay additional compensation. Financial Advisors offering these services and providing ongoing assistance to you generally receive compensation from MLPF&S.

Financial Advisors who introduce clients to UMA and provide ongoing services to such clients receive compensation from MLPF&S. The amount of this compensation is based upon, and will vary depending on, the Merrill Lynch Fee, which could vary depending on the concentration of your aggregate assets in certain Account types or asset compositions, such as Accounts consisting substantially of Funds or fixed-income securities. To the extent that we establish a maximum Merrill Lynch Fee rate for clients with aggregate assets concentrated in such asset classes or asset types, the Financial Advisor may have an incentive to not allocate, or recommend an allocation of, assets among asset categories that would be subject to the lower Merrill Lynch Fee rate.

The amount of compensation a Financial Advisor may receive from your enrollment in UMA may also be more or less than the compensation than the Financial Advisor might receive if you had instead participated in other programs offered by MLPF&S or its affiliates or had purchased the services provided through UMA separately. If there is a difference in compensation, the Financial Advisor may or may not have a financial incentive to recommend that you select UMA over other programs or services offered by MLPF&S (or its affiliates).

In addition to providing advisory services to UMA accounts, Financial Advisors also may service other advisory or brokerage accounts for clients who do not participate in UMA and may offer and provide other services to clients who, in addition to participating in UMA, have other relationships or dealings with us or our affiliates.

Further, separate and apart from UMA, Financial Advisors may assist you with your brokerage accounts and recommend the purchase or sale of securities, including stocks, bonds, mutual funds and other investments, as well as other products and services available through MLPF&S and its affiliates. In such cases, MLPF&S or its affiliates and these Financial Advisors will receive the compensation that is usually associated with or generated by such products, services and transactions. This compensation may include commissions, markups or markdowns, asset-based or subscription fees, mutual fund sales loads, Rule 12b-1 fees or other remuneration as may be described in the applicable confirmations, prospectuses, subscription agreements or other offering documents. You should, of course, review all of this material carefully in determining whether to proceed with any such investments. Such compensation will be in addition to the fees charged for UMA. You are encouraged to speak with your Financial Advisors at any time about any of these matters.

Account Requirements and Types of Clients

CLIENT ELIGIBILITY

Investors eligible to participate in UMA include, but are not limited to, individuals, trust and estates (to the extent allowed by state law), charitable organizations, banks, Retirement Accounts, corporations, or such other participants as we determine in our discretion and in accordance with applicable law. UMA is generally closed to new account enrollments subject to exceptions in our sole discretion.

As indicated in the Profile for each Portfolio, not all types of investors are eligible for each Portfolio or Strategy. Portfolios and Strategies that include Offshore Funds are only available to people or entities that do not qualify as “U.S. persons” under Regulation S of the Securities Act.

ACCOUNT MINIMUMS

The minimum initial investment in UMA varies depending on the Portfolio or Strategy you select. The minimum initial investment for a particular Portfolio or Strategy is generally included in the applicable Profile.

To be covered under a single Client Agreement, all Accounts must be owned by the same person, whether individually or with another person. You may be required to sign more than one Client Agreement depending on the type of securities account that you intend to include in UMA. The effective date of the Client Agreement with respect to each Account will be the later of the date of its acceptance by MAA and MLPF&S or the date on which you have contributed the required minimum level of assets to the Account for the Portfolio or Strategy you select.

CLOSING AN ACCOUNT AND/OR TERMINATING THE CLIENT AGREEMENT

The Client Agreement may be terminated at any time by any of MLPF&S, MAA or you, upon written notice to the other parties, which notice will be effective when received. You may also terminate your Account subject to the Client Agreement by giving us notice of such termination. Upon termination of an Account or the Client Agreement, a pro rata adjustment to your fees for the remainder of the billing period will be made, which may result in a refund or require you to pay MLPF&S and MAA any remaining fees due for the partial billing period. See the section entitled *Account Fees – Calculation of Account Fees*. Termination of an Account will not affect the management of any other Accounts you may have that you are not also terminating. Upon termination of the Client Agreement or your Account, you (or the legal representative of your estate) will have the sole responsibility for the investment of assets in your Account.

Notwithstanding your instructions to the contrary, certain Funds and other securities held in your Account pursuant to a certain Strategy will be automatically liquidated or redeemed upon termination of an Account that holds such Funds and other securities, as described in the applicable prospectus or disclosure document or the Client Agreement. Such liquidation or redemption will generally be effected by the close of the next business day following termination, although for certain securities, such as those traded on a when-issued basis or as odd lots, the liquidation or redemption process may take longer.

The termination of your Financial Advisor’s employment with us will not automatically terminate the Client Agreement. In the event that your Financial Advisor is no longer able to service your Account, we may transfer that Account to a different Financial Advisor and you will be notified of any such changes.

Portfolio Manager Selection and Evaluation

SELECTION AND REVIEW OF STYLE MANAGERS AND FUNDS

We seek to provide clients with access to professional investment advice and to make available a choice of various investment styles and corresponding risk levels. As a general matter, we identify the rationale for a particular investment management style in UMA based on a variety of factors, including client needs, investment styles available in the marketplace, platform capacity, client demand and the outcome of reviews conducted by or under the auspices of Merrill Lynch, including through the Merrill Lynch GWIM Chief Investment Office (“GWIM CIO”) and certain third-party reviewers that we have engaged for this purpose. Please note that not all Funds offered through the Program or that may be held in an Account are subject to the same process for review and selection described in this section and certain Funds may not be available for your Account or may not be recommended by your Financial Advisor. You should discuss with your Financial Advisor which investment options are offered by your Advisor.

Initial Review and Selection of Style Managers and Funds; Periodic Reviews.

The initial and periodic reviews of Style Managers and Funds available for investment in the Program are performed by us, through our business reviews and, for Style Managers and a significant number of Funds, through an investment review conducted by or under the auspices of personnel of the GWIM CIO. The GWIM CIO is a Merrill Lynch business group providing investment solutions, portfolio construction advice and wealth management guidance to Financial Advisors and clients, and it is separate from the Merrill Lynch business group that administers the Program and from MAA.

The initial and periodic review of Style Managers and Funds is conducted through our proprietary processes, including those conducted by the GWIM CIO, or through those provided by third-party reviewers, which we have engaged for this purpose (such review processes, including those provided by a third-party reviewers are referred to as the “GWIM CIO Review Process”). The services provided by third parties as part of the GWIM CIO Review Process are generally consistent with the multi-factor processes described below, but they are not identical. The third parties may use different factors in evaluating Style Managers and Funds, or may assign different weightings to the same factors. However, we, through the GWIM CIO, have reviewed such third party reviewers’ processes and believe they are reasonable and appropriate in light of the objectives of the Program.

Merrill Lynch retains the decision-making authority to add or remove a Style Manager or Fund from the Program, regardless of or in light of the results of any review conducted, including the GWIM CIO Review Process.

Once we identify a need for a particular investment management style, a multi-factor process is used to review and select appropriate Style Managers and Funds to meet this need. These factors may include, but are not limited to:

- Organizational structure and stability of a Style Manager or Fund;
- Adherence to investment style;
- Evaluation of risk and volatility;
- Investment professional and strategy resources;
- Investment philosophy and process;
- Portfolio construction
- Performance; and
- Operating and administrative capability.

Based on these factors and using the information collected, both quantitative and qualitative analytical methods may be used in the context of the GWIM CIO Review Process to review and select Style Managers and Funds. Some of the analytical methods may be subjective. Different weightings may be assigned to each of the factors considered and generally no single factor will be determinative as to whether a particular Style Manager or Fund is offered. Further, we may replace one or more factors with a different factor that we reasonably believe is suitable and appropriate.

These reviews, including those conducted through the GWIM CIO Review Process, may be accomplished through various means, including, but not limited to, in-person visits, telephone conference calls, reviews of performance, and updates of certain Style Manager or Fund documents and information. We may also conduct periodic analysis of composite performance to determine whether that performance generally appears to be consistent with the strategy. We do not perform audits of Style Managers or Funds to verify past performance information that the Style Managers or Funds provide to us.

For each Style Manager and Fund in UMA, we will periodically, but no less frequently than annually, evaluate factors related to the Style Manager and Fund investment, that we deem appropriate, including those factors listed above (excepting certain mutual Funds not subject to the GWIM CIO Review Process). These reviews may occur as part of the GWIM CIO Review Process or otherwise. In addition, we will evaluate on as as needed basis as determined by the GWIM CIO or by use, any material change related to such Style Manager or Fund and the impact of any such changes including on the investment advisers managing Fund assets.

We may, in our discretion, conduct additional or more frequent reviews of select Style Managers and Funds that we believe warrant such additional or more frequent review. These reviews can be initiated based on any number of factors determined by us and the GWIM CIO to be appropriate, including the level of assets of the Style Manager or Fund in client accounts at Merrill Lynch or an Affiliate, the number or percentage of Merrill Lynch or an Affiliate clients in the Style Manager or Fund, the asset class involved, or whether the Style Manager or Fund is used in a Strategy.

Information Available to Financial Advisors regarding Style Managers and Funds. We make available guidance to Financial Advisors through regular or ad hoc internal publications, including those from the GWIM CIO, that reflect our internal opinions and views with respect to a Style Manager or Fund. In addition, we will communicate information to Financial Advisors regarding determinations to stop offering certain Style Managers and Funds in the Program or to terminate such investments from the Program. All such information is available to your Financial Advisor in considering whether a particular Style Manager or Fund is appropriate for investment.

UMA2A-1018

Your Financial Advisor is not obligated in all circumstances to take action with respect to any Style Manager or Fund determination and has the ability to decide not to use or follow this additional guidance and to make independent recommendations with respect to Style Managers and Funds. You should discuss with your Financial Advisor any questions you may have about our views with respect to a particular Style Managers or Funds.

Status Change or Termination of Style Managers and Funds.

If, as a result of our review, we identify material concerns regarding a Style Manager or Fund, we may choose not to accept any new investments in a Style Manager or Fund. At times, the style of management of a particular Style Manager or Fund will vary or drift from the stated style. We will allow a Style Manager or Fund to vary investment styles without removing the strategy or style from UMA if we determine that the changes to the style are reasonable under the the circumstances.

Our review of Style Managers or Funds does not substitute for your ongoing monitoring of your Account and the performance of your investments.

Special Information about Related Person and Other Investment Managers – Selection and Review

Level of Review

The inclusion of Related Strategies and Funds in UMA is subject to internal governance processes and any applicable legal restrictions. These Strategies include those constructed and implemented by the GWIM CIO and those that are the subject of BofAML Research. In addition, certain Strategies will also not be subject to the same review process as described above and as further described in the Profile(s).

Use of Related Funds in Strategies.

UMA does not currently offer any Related Funds. However, Related Funds to the extent any such funds may be available, may be part of a Strategy. You acknowledge that, in such case, MAA and Style Managers may purchase certain Related Funds, which may become available in UMA. The Related Funds would include those funds that are advised by our Affiliates.

We would benefit from our economic interest in Related Companies and our relationship with Bank of America whenever such entities or their Affiliates receive compensation for providing investment advisory, administrative, transfer agency, distribution or other services to Related Funds or other investment products. The extent of this benefit will be greater than when we or our Affiliates have an economic interest in the firm providing such services. As a result, we will benefit from increased sales of Funds and other investment products of Related Companies and Bank of America Affiliates to a greater extent than from increased sales of funds or investment products of other firms in which we and our Affiliates do not have a similar economic interest or relationship.

The use of Related Style Managers and Related Funds (to the extent any become available)_in your Account in certain cases will result in more overall compensation to us and our Affiliates than if third party managers and funds were used. MLPF&S and MAA address these conflicts by disclosing them in this Brochure.

Our Relationships with Certain Style Managers.

From time to time, Merrill Lynch may enter into distribution agreements with one or more asset managers pursuant to which Merrill Lynch distributes certain products and services sponsored or advised by the asset manager.

Consistent with applicable laws, management and employees of Bank of America and its Affiliates may be provided a broader level of access and exposure to Merrill Lynch, our management, Advisors and other personnel, marketing events and materials, and client-related and other information. Such access and exposure may not be available to other

asset managers and may enhance the ability of Bank of America Affiliates to distribute their funds and other investment products through us.

Relationship of the Program with other Affiliate Programs at Merrill Lynch

In addition, other Bank of America Affiliates or divisions, such as U.S.Trust, Bank of America Private Wealth Management, offer their own managed products or wrap programs that are similar to this or other Merrill Lynch programs. Advice and/or recommendations provided to accounts in these programs will be different from or even conflict with the advice and guidance provided in connection with UMA, including as to the Style Manager recommendations and review determinations. This is due to, among other things, the differing nature of the Affiliate's investment advisory services and differing processes and criteria upon which determinations are made. For example, GWIM CIO may recommend a specific investment manager for inclusion in a U.S. Trust program, but not in a Merrill Lynch program.

Further, although the GWIM CIO releases information and analyses about a Style Manager or a Fund to all Affiliates simultaneously and BofAML Global Research may make its research opinions and research reports available regarding securities and research strategies at the same time, it is possible that such Affiliates will act on that information before Merrill Lynch or MAA has had the chance to evaluate and act on those changes. Accounts participating in a Merrill Lynch program that commences trading after those of other Affiliates may be subject to price movements, particularly with large orders or where securities are thinly traded, that would cause them to receive prices that are less favorable than those obtained by Affiliates.

Portfolio Construction

Third Party Strategies. With respect to Third Party Strategies, we evaluate and select the Style Manager based on the criteria described above in Initial Review and Selection of Style Managers and Funds. We evaluate the overall investment strategy, but do not evaluate the investment allocation among asset classes, securities or Funds within the Third Party Strategy nor do we evaluate the Funds included by the Style Manager in a Third Party Strategy (unless the particular Fund is otherwise included in a Fund Strategy that is an MLPF&S Strategy). Funds that are included in a Third Party Strategy may: (i) have never been considered for inclusion in an MLPF&S Strategy; (ii) have been considered by us but determined to be inappropriate for inclusion in an MLPF&S Strategy; or (iii) have been included in an MLPF&S Strategy but subsequently removed. If we identify material concerns regarding a Style Manager or a Third Party Strategy, we follow the approach described above in Status Change or Termination of Strategies of Style Managers and Funds.

MLPF&S Strategies. In addition, for Unified Diversified Portfolios and Institutional Discretionary Portfolios, we select the Style Managers and Funds and the allocations or allocation ranges for each portfolio. Unified Diversified Portfolios and Institutional Discretionary Portfolios can consist of one or more types of investment vehicles, including Style Managers and Funds. These Portfolios are organized according to a shared characteristic, such as asset class or manager style or sub-style and are designed to seek to deliver returns that exceed a benchmark consistent with a particular risk tolerance. We combine disciplined fundamental research with quantitative analysis to select Style Managers and Funds for these Portfolios. We typically consider each Style Manager's or Fund's firm, resources, methodology and historical investment results to seek to determine which Style Managers and Funds are most likely to deliver appropriate products and services. The process of constructing these Portfolios includes, but is not limited to:

- Defining and evaluating the macroeconomic environment;
- Developing a candidate list of Style Managers and/or Funds, including a risk analysis of individual Style Managers and/or Funds;

- Assembling multi-manager portfolios with desired risk characteristics; and
- Monitoring, managing and rebalancing, if applicable, portfolios for risk/return.

MLPF&S Strategies are subject to internal governance processes that consider certain of the factors included in the section entitled *Selection and Review of Style Managers and Funds* above. New or significant changes to Portfolios, including evaluation of the Style Managers and Funds, are reported to an internal governance committee, which has decision-making authority with respect to portfolio construction.

Replacing a Style Manager Strategy or Fund

Occasionally, we may decide to discontinue offering a Style Manager Strategy or Fund, to close a Style Manager Strategy or Fund to new investments or additional contributions from existing participants in the strategy, or to require any existing holdings of a particular Style Manager Strategy or Fund to be replaced. Our actions may include: (1) replacing the Style Manager Strategy or Fund with another such Strategy or Fund; (2) investing new contributions from, or the sale or redemption proceeds held by, existing investors in the Strategy or Fund in a replacement Style Manager Strategy, a mutual fund or ETF selected by us; or (3) leaving any such contributions or sale or redemption proceeds in cash in the Account until a replacement is chosen by us or we are directed to invest in an alternative Style Manager Strategy or Fund by you. MAA is responsible for implementing our decisions and related actions.

If you hold the particular Style Manager Strategy or Fund subject to the events described in the preceding paragraph in your Account with a Program Strategy with Client Discretion, we generally will provide you with prior notice of any discontinuation, closing or replacement event but, depending on circumstances and our view of the nature of the event, we may provide you with notice after we have already taken action. This flexibility to act quickly helps enable us to take action where we believe the replacement and its timing are in clients' best interest. If we determine to replace a Style Manager Strategy or Fund with another Style Manager Strategy or Fund, we will endeavor to replace it with one that has an investment objective consistent with that of the Style Manager Strategy or Fund being replaced. This replacement Style Manager Strategy or Fund may be subject to a higher Style Manager Expense Rate or higher Fund expenses than you had been paying. If you do not instruct us to the contrary, your continued participation in the Program after any such replacement or other action will be your consent to the action. We will take this outlined action regardless of the Authority that you have chosen for your Program Strategy Profiles.

PROFILES

You will generally be provided with a Profile for each Portfolio and Style Manager made available to you through UMA. You should carefully read the Profiles provided and understand the relevant objectives, styles and risks. While the Profile provides general information regarding the relevant Portfolio or Style Manager, any past performance shown on the Profile is not indicative of future results and the performance of that portion of your assets invested pursuant to a particular Portfolio or with a particular Style Manager may differ from the information presented in the Profile. For additional information concerning the Style Manager of your Strategy, you may consult the Style Manager's Form ADV Part 2A brochure or equivalent document, which is provided when you enroll your account and is available upon request from your Financial Advisor. A Style Manager's Form ADV Part 2A brochure is also available on the SEC website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

Once a Style Manager's Portfolio or Strategy has been approved for inclusion in UMA, a Profile is prepared for that Portfolio, which includes information about the Style Manager, the Style Manager's investment

style and certain performance results, if available. Each Profile is prepared based on certain information provided by the Style Manager, and each Style Manager is responsible for notifying us of any material event or occurrence which would require the Profile to be revised or that would render the Profile inaccurate or incomplete.

Each Style Manager is required, upon our request, to review the Profile and to confirm to us following each such review that all of the information reviewed continues to be accurate and complete. It is the obligation of each Style Manager to establish and maintain each Portfolio or Strategy in the manner generally described in the then-current Profile. In the case of Style Managers that are not Discretionary Managers, this means that they are obligated to provide us on a timely basis notice as to whether any changes have been made to the Portfolio or Strategy and the proper application of a buy, sell or hold decision for each such change. MAA will implement the recommendations for that Portfolio or Strategy on a timely basis, subject to reasonable client-imposed restrictions or other factors. It is similarly the obligation of each Discretionary Manager to manage your Account assets allocated to such Portfolio or Strategy in the manner generally described in the then-current Profile, subject to reasonable client-imposed restrictions or other appropriate factors.

Profiles generally are prepared with information provided by the Style Managers, who are responsible for the accuracy and completeness of the information they provide, as well as information obtained from other sources believed to be reliable. We believe that we take reasonable steps to verify the accuracy of this information including, as considered appropriate, reviewing representative account statements or obtaining third-party performance reports. Nonetheless, we cannot guarantee the accuracy or consistency of this information. Furthermore, the methodology used by each Style Manager to select and aggregate accounts for performance reporting purposes (i.e., the development of the Portfolio or Strategy composite), as well as the calculation of performance results provided by each Style Manager for its composite, may not have been created or calculated on a uniform or consistent basis from investment adviser to investment adviser.

No claim is made that the performance information contained in the Profiles has been calculated according to any industry standards, including the Global Investment Performance Standards (GIPS) or Performance Presentation Standards established by the CFA Institute. Performance information relating to non-UMA accounts may also include data pertaining to types of accounts such as mutual funds and tax-exempt or institutional accounts, that are different from UMA accounts, and may include model results or results of portions of multiple style accounts (such as the equity results of a balanced, equity/fixed-income style), which may generally be described as hypothetical performance.

The performance information included in a Profile is accompanied by important disclosures about the types of accounts included as well as other relevant topics. You should carefully consider all of this information when deciding whether to select the particular Portfolio or Strategy. Profiles are updated at least annually and are typically updated quarterly to include performance information as of the most recent quarter-end. You are encouraged to ask your Financial Advisor for the most current Profiles of your selected Portfolios.

The performance information included in a Profile is based on the Style Manager implementing its investment decisions directly. For Portfolios or Strategies not managed by a Discretionary Manager, the investment decisions will generally be implemented by MAA based on investment recommendations from Style Managers through model portfolios. MAA's implementation of investment advice from Style Managers could result in performance that is materially different from the results that the Style

Manager would achieve if it managed your Account directly. Account performance also may differ from the prior results for a variety of other reasons, including:

- Differences in the types, availability and diversity of securities that can be purchased;
- Regulatory restrictions on the purchase of certain securities;
- Economies of scale and other factors applicable to investment in large accounts; and
- Gains or losses caused by currency transactions.

Accordingly, MAA cannot assure that the performance of actual Accounts will be similar to the Style Manager's past performance. However, after considering, among other factors, information and representations provided by the Style Manager, MAA believes that the Style Manager's past performance is reasonably representative of the investment style as it will be implemented in UMA by MAA and is sufficiently relevant for consideration by a potential or existing UMA client.

The performance information included in a Profile is accompanied by important disclosures about the types of accounts included as well as other relevant topics. You should carefully consider all of this information when deciding whether to select the particular Style Manager. Profiles are updated at least annually and are typically updated quarterly to include performance information as of the most recent quarter-end. You are encouraged to ask your Advisor for the most current Profiles of your selected Style Manager. You should read carefully the Profile, prospectus and/or disclosure documents and discuss any questions you may have with your Advisor.

RELATED PERSON PORTFOLIO MANAGERS – SELECTION AND REVIEW

We make available Related Style Managers other than MLPF&S and Related Funds subject to the same review process as described above in the section *Selection and Review of Style Managers and Funds*. The process for MLPF&S Strategies is described in the section *Portfolio Construction – MLPF&S Strategies*. We will, therefore, include these Related Style Managers and Related Funds in the Portfolios and Strategies (and Related Funds in the Fund Strategies) available to you as we deem appropriate and subject to internal governance processes and any applicable legal restrictions. For certain UMA Portfolios (Unified Diversified Portfolios and Institutional Discretionary Portfolios), or such other Portfolios as may be indicated in the applicable Profiles, we generally do not include Related Style Managers and Related Funds in such Portfolios.

MAA and Style Managers may purchase certain Related Funds. The Related Funds include those funds that are advised by Merrill Lynch's affiliates. We potentially benefit from our economic interest in Related Companies and our relationship with Bank of America whenever such entities or their affiliates receive compensation for providing investment advisory, administrative, transfer agency, distribution or other services to their Related Funds or other investment products. The extent of this benefit may be greater than when we or our affiliates do not have an economic interest in the firm providing such services. As a result, we may benefit from increased sales of Funds and other investment products of Related Companies and Bank of America affiliates to you to a greater extent than from increased sales of funds or investment products sponsored by other firms in which we and our affiliates do not have a similar economic interest or relationship.

From time to time, Merrill Lynch may enter into distribution agreements with one or more asset managers pursuant to which Merrill Lynch distributes certain products and services sponsored or advised by the asset manager.

Consistent with applicable laws, management and employees of Bank of America and its Affiliates may be provided a broader level of access and exposure to Merrill Lynch, our management, Advisors and other personnel, marketing events and materials, and client-related and other information. Such access and exposure may not be available to other asset managers and may enhance the ability of Bank of America Affiliates to distribute their funds and other investment products through us.

In addition, other Bank of America affiliates or divisions, such as U.S. Trust, Bank of America Private Wealth Management, may offer their own managed products or wrap programs that may be similar to this or other Merrill Lynch programs. In particular, the Merrill Lynch Chief Investment Office (“GWIM CIO”) may also provide advice and/or recommendations to these different affiliates or divisions, including advice related to the recommendation of certain investment managers. Importantly, the advice and recommendations provided to Merrill Lynch may be different from or conflict with the advice and recommendations provided to other affiliates or other programs. This is due to, among other things, the differing nature of the affiliate’s investment advisory service and differing processes and criteria upon which determinations are made. For example, GWIM CIO may recommend a specific investment manager for inclusion in a U.S. Trust program, but not a Merrill Lynch program.

The use of Related Style Managers and Related Funds in your Account will result in more overall compensation to us and our affiliates than if unaffiliated third-party managers and funds were used. We address these conflicts by disclosing them in this Brochure. Please also see the section *Code of Ethics, Participation or Interest in Client Transactions and Personal Trading - Retirement Accounts* for information regarding the offering of Related Style Managers or Related Funds with respect to Retirement Accounts.

MERRILL LYNCH AND CERTAIN AFFILIATES ACTING AS PORTFOLIO MANAGERS

Advisory Services Provided by Merrill Lynch and Certain Affiliates. MAA generally acts as the portfolio manager as described in the sections *Description of UMA - Investment Selections and Funding and Operation of UMA Accounts*. In addition, if you select a Related Style Manager, such Related Style Manager may act as a portfolio manager as described in the applicable Profile for the Related Style Manager Strategy.

Tailored Investment Advice. As described in the section *Services, Fees and Compensation*, you are able to select one or more Strategies and impose reasonable investment restrictions. Your Financial Advisor will help you select Strategies based on the information you provide to us.

Wrap Fee Programs. We act as both the wrap fee program sponsor and, as described above, the portfolio manager in Strategies described in this Brochure. We also act as the portfolio manager in other wrap fee programs sponsored by us. We receive the entire Account fee as described in this Brochure, and which consists of the Merrill Lynch Fee and, if applicable, the Style Manager Expense. As explained in the section *Account Fees, the Style Manager Expenses* are separate from (and in addition to) the Merrill Lynch Fee. We do not retain any portion of the Style Manager Expense, if applicable, unless we or an Affiliate serves as the Related Style Manager.

We also act as a portfolio manager in certain investment advisory programs which are not wrap fee programs but are otherwise similar to the program described in this Brochure, such as the Merrill Lynch Mutual Fund Advisor program.

Performance-Based Fees. The Program does not charge performance-based fees.

Methods of Analysis. As described in the section *Portfolio Manager Selection and Evaluation*, we use certain methods of analysis and investment strategies to provide clients with access to professional investment advice and make available a choice of various investment styles and corresponding risk levels. You should understand that all investments involve risk (the amount of which may vary significantly), that investment performance can never be predicted or guaranteed and that the value of your Account will fluctuate due to market conditions and other factors.

Voting Client Securities. As described in the section *Funding and Operation of UMA Accounts - Proxy Voting and Other Legal Matters*, you have the right to vote proxies for securities held in your Account(s) or to select a third-party agent to vote on your behalf.

Client Information Provided to Portfolio Managers

As part of the UMA enrollment process, we ask you to complete an Investor Profile Questionnaire that elicits information about your financial circumstances, investment objectives, risk tolerance and other relevant information relating to your Account. The information in the Investor Profile Questionnaire is provided to MAA. We may provide this information to Implementing Managers as necessary and pursuant to the Client Agreement. We do not generally provide this information to Funds.

The target asset allocation associated with your overall risk tolerance, as indicated in “Your Investor Profile” in the Client Summary, is designed to assist you in selecting Portfolios. You may select Portfolios that, together with your other assets, result in a total asset allocation with an overall risk tolerance different from the target allocations reflected in “Your Investor Profile” in the Client Summary. In such case, you acknowledge and understand that your selection may affect the achievement of your investment objective and additional risks may arise from making such investment decisions, which you have fully assumed.

We rely on information you provide in managing your Account, and it is your responsibility to notify promptly the Financial Advisor of any updates to such information. The answers to any questions, including those relating to investment returns, do not constitute a promise or guarantee. You have represented that the information that you provide us in the Client Summary is accurate and complete in all material respects. If you have an investment policy statement or other investment guidelines, it is your responsibility to ensure that the investment policy statement or guidelines are properly reflected in your responses to the Investor Profile Questionnaire, including any client-imposed restrictions. We do not have any responsibility to review, monitor or adhere to any investment policy statement, investment guidelines or similar document relating to your Account, and adherence to such investment policy statement, guidelines or similar document is solely your responsibility. It is your responsibility to notify promptly your Financial Advisor of any material changes to the information you furnish to us, since failure to do so could affect the suitability of the services being provided. You are notified periodically to emphasize the need for you to report such information. We will not be required to verify the accuracy of any such information. When MLPF&S receives from you any material changes to the information you furnish, MLPF&S will provide this information to MAA and, in certain instances, to Implementing Managers.

Client Contact with Portfolio Managers

MAA has agreed to make one or more of its advisory or investment personnel reasonably available for a joint consultation with you and your Financial Advisor regarding a Strategy or Portfolio, if you request. Upon request, Discretionary Managers periodically will make one or more of their advisory or investment personnel reasonably available for consultation with MAA, with Financial Advisors or with you for a joint consultation with your Financial Advisors regarding a Strategy, the composition and performance of a Portfolio, and the factors underlying the selection of the securities included in a Portfolio. You should contact your Financial Advisor to arrange for a consultation with a Discretionary Manager or MAA.

Additional Information

DISCIPLINARY INFORMATION

The following is a summary of certain adverse legal and disciplinary events and regulatory settlements that may be material to your decision of whether to retain us for your investment advisory needs. Certain disclosures below relate to disciplinary events that occurred with predecessor firms, Banc of America Investment Services, Inc. ("BAI") and Banc of America Securities LLC ("BAS"), which each merged with MLPF&S in the 2009-2010 time period. You can find additional information regarding these settlements in Part 1 of Merrill Lynch's Form ADV at: adviserinfo.sec.gov/IAPD.

On August 20, 2018, the SEC announced that MLPF&S, without admitting or denying the findings, entered into a settlement related to willful violations of Sections 206(2) and 206(4) of the Advisers Act and Advisers Act Rule 206(4)-7. Specifically, the SEC's administrative order found: (1) a failure to disclose that the portfolio manager process employed in connection with a January 2013 termination recommendation was exposed to a conflict of interest (less than one-seventh (1/7) of 1% of total advisory accounts (approximately 1,500) were invested in the products subject to the termination recommendation); and (2) a failure to adopt and implement written policies and procedures reasonably designed to prevent violations of the Advisers Act. In determining the appropriate sanctions, the SEC considered Merrill Lynch's remedial acts promptly undertaken and cooperation afforded the SEC staff. Merrill Lynch consented to the imposition of a cease-and-desist order, a censure, and disgorgement and a financial penalty totaling approximately \$8.8 million.

On June 16, 2014, MLPF&S, without admitting or denying the findings, entered into a FINRA settlement relating to its failure to have an adequate supervisory system to ensure that certain clients received sales charge waivers for purchases of certain mutual funds' Class A shares, which affected certain retirement accounts and certain clients with a particular type of brokerage account. This settlement resulted from MLPF&S self-identifying certain of these issues. MLPF&S consented to the imposition of a censure and a fine of \$8 million and agreed to provide additional reimbursement to the agreed upon impacted clients. It has reimbursed all such impacted clients.

On June 21, 2012, MLPF&S, without admitting or denying the findings, entered into a FINRA settlement related to the following: (1) failure to have an adequate supervisory system around billing processes for certain investment advisory programs and, as a result, overcharging certain client accounts during the 2003-2011 time period (client accounts impacted were less than 5% of its total advisory accounts and the aggregate fee overcharge amount was less than one-half (1/2) of 1% (approximately \$32 million) of the total advisory fees billed during that period); (2) failure to

send contemporaneous or periodic trade confirmations to certain client accounts for ten investment advisory programs; (3) having inaccurate or incomplete trade confirmations for certain mutual fund transactions by failing to state the trade capacity as agent or a principal on trade confirmations and account statements; (4) failure to deliver (directly or through a vendor) proxy materials to certain clients or to their designated investment advisers and failure to have an adequate supervisory system to detect this failure (clients impacted constituted less than 1% of its clients during the relevant period); and (5) failure to send margin risk disclosure statements and/or business continuity plans to certain clients upon the opening of their accounts (clients impacted were less than 1% of its clients during the relevant period). In determining the appropriate sanctions, FINRA considered MLPF&S' internal review through which it identified the violations, the remedial measures that it took to correct its systems and procedures, and its efforts to provide remediation to affected clients. MLPF&S consented to the imposition of a censure and a fine of \$2.8 million. All overcharged accounts were reimbursed.

On October 4, 2011, MLPF&S entered into a consent agreement with FINRA regarding its alleged failure to have a supervisory system to ensure that all accounts in which an employee either had a financial interest or over which the employee had control were monitored and reviewed for potential misconduct. In addition, FINRA found that MLPF&S failed to establish, maintain and enforce written procedures to adequately supervise a registered representative who was subsequently found to have used a business account at the firm to implement a fraudulent scheme. Without admitting or denying the findings, MLPF&S consented to the entry of findings, a censure, and a fine of \$1 million.

On June 6, 2009, BAI and BAS, two of our predecessor firms, were enjoined by the United States District Court for the Southern District of New York from violating, directly or indirectly, Section 15(c) of the Exchange Act. The injunction was the result of an SEC complaint alleging that BAI and BAS had violated Section 15(c) by allegedly misleading customers about the nature and risks associated with auction rate securities ("ARS"). Without admitting or denying the allegations, BAI and BAS entered into a consent decree and agreed to a series of undertakings designed to provide relief to certain individual investors. On January 10, 2012, MLPF&S agreed to settlements with the Illinois Securities Department (for alleged activities of BAS and BAI) and the North Carolina Department of the Secretary of State, Securities Division (for ARS activities of MLPF&S) involving the marketing and sale of ARS. In both actions, it was alleged that the inappropriate marketing and sales of ARS occurred without adequately informing certain customers of the increased risks of illiquidity associated with ARS that constituted an occurrence of dishonest and unethical practices in the offer and sale of securities and failure to supervise. In the Illinois action, MLPF&S agreed, among other things, to repurchase at par certain illiquid ARS and to pay a total fine of \$1,578,321 to the State of Illinois out of a total civil penalty of \$50 million that was to be distributed among the other state regulator parties to an ARS-related consent order. With respect to the North Carolina action, MLPF&S agreed, among other things, to repurchase at par certain illiquid ARS held by certain of its clients and to pay a total fine of \$3,193,552 to the North Carolina regulator representing its portion of a total civil penalty of \$125 million that was to be distributed among the other state regulator parties to an ARS-related consent order.

On March 11, 2009, the SEC issued an order against MLPF&S alleging that, from 2002 to 2004, several of its financial advisors permitted day traders to hear confidential information regarding MLPF&S institutional customers' unexecuted orders as they were transmitted over the internal squawk box system. According to the SEC, MLPF&S lacked written policies or procedures to limit access to the equity squawk box, to track which employees had access to the equity squawk box or to monitor employees' use of the equity squawk box in violation of Section 15(f) of the Exchange

Act and Section 204A of the Advisers Act. Without admitting or denying the SEC's findings, MLPF&S consented to the entry of a cease and desist order as to violations of these provisions, a censure and the payment of a \$7 million civil money penalty. It was obligated to comply with certain undertakings regarding the enhancement of certain policies and procedures.

On January 30, 2009, the SEC issued an order against MLPF&S regarding the Merrill Lynch Consulting Services program and the offering of those services through a Florida branch office for a period of several years concluding in 2005. The Order found that material misrepresentations had been made and certain conflicts of interest not disclosed, and that MLPF&S had not maintained adequate records or reasonably supervised certain Florida investment advisory representatives. Without admitting or denying the non-jurisdictional findings, MLPF&S consented to a censure, to cease and desist from violations of Sections 204 and 206(2) of the Advisers Act and its Rule 204-2(a)(14), and a fine of \$1 million. In accepting the settlement, the SEC noted the voluntary and significant remedial acts promptly undertaken by MLPF&S.

On May 1, 2008, BAI and Columbia Management Advisors, LLC, an Affiliate of BAI at the time ("Columbia"), without admitting or denying the findings, consented to an SEC administrative order relating to (1) BAI's alleged failure to disclose to clients that in selecting investments for discretionary mutual fund wrap fee accounts, it favored two mutual funds managed by Columbia and (2) Columbia's allegedly willful acts to aid and abet and cause such acts. BAI and Columbia consented to a censure and to cease and desist from committing or causing violations and future violations of Sections 17(a)(2) and 17(a)(3) of the Securities Act, Sections 206(2), 206(4) and 207 of the Advisers Act and Advisers Act Rule 206(4)-1(a)(5). In addition, BAI was ordered to pay an aggregate amount of \$793,773 to certain entities specified in the Order and a penalty of \$2 million to the SEC. Columbia was ordered to pay an aggregate amount of \$516,382 to certain entities specified in the Order and a fine of \$1 million. BAI also agreed to certain undertakings contained within the Order.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

MLPF&S, an indirect wholly-owned subsidiary of Bank of America, is a leading global investment banking firm and a registered broker-dealer, investment adviser and futures commission merchant. In the United States, MLPF&S acts as a broker (i.e., agent) for corporate, institutional and governmental and private clients and as a dealer (i.e., principal) in the purchase and sale of corporate securities, primarily equity and debt securities traded on exchanges or in the over-the-counter markets. MLPF&S also acts as a broker and/or a dealer in the purchase and sale of mutual funds, money market instruments, government securities, high-yield bonds, municipal securities, financial futures contracts, and options. The futures business and foreign exchange activities are conducted through MLPF&S and other affiliates. MLPF&S operates the firm's U.S. retail branch system, and also provides financing to clients, including margin lending and other extensions of credit as well as a wide variety of financial services, such as securities clearing, retirement services, and custodial services.

In July 2015, Bank of America announced a decision to separate the retail and institutional broker-dealer activities currently operating through MLPF&S into two distinct legal entities. Retail customers will continue to be serviced through MLPF&S, while institutional clients currently transacting through MLPF&S will move to a new broker-dealer entity, BofAML Securities, Inc., which is also a wholly-owned indirect subsidiary of Bank of America. This separation and migration of institutional broker-dealer activities to BofAML Securities, Inc. is subject to regulatory approvals and is intended to conclude in 2018.

MAA, an indirect wholly-owned subsidiary of Bank of America, is a registered investment adviser that provides investment advisory services to clients that establish accounts under UMA and other investment advisory programs. As registered investment advisers, MLPF&S and MAA complete Form ADVs, which contain additional information about such entities, Bank of America and their affiliates. Information is available through publicly available filings at the SEC or at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx. For purposes of Form ADV Part 2, certain MLPF&S and MAA management persons are registered as registered representatives or associated persons of MLPF&S. In the future, additional MLPF&S and MAA personnel may be considered management persons and, as such, may be registered, or have applications pending to register, as registered representatives and associated persons of MLPF&S to the extent necessary or appropriate to perform their job responsibilities.

Bank of America, through its subsidiaries and affiliates, provides broker-dealer, investment banking, financing, wealth management, advisory, asset management, insurance, lending and related products and services on a global basis. These products and services include securities brokerage, trading and underwriting; investment banking, strategic advisory services (including mergers and acquisitions) and other corporate finance activities; wealth management products and services including financial, retirement and generational planning; asset management and investment advisory and related record-keeping services; origination, brokerage, dealer and related activities in swaps, options, forwards, exchange-traded futures, other derivatives, commodities and foreign exchange products; securities clearance, settlement financing services and prime brokerage; private equity and other principal investing activities; proprietary trading of securities, derivatives and loans; banking, trust and lending services, including deposit-taking, consumer and commercial lending, including mortgage loans, and related services; insurance and annuities sales and research across the following disciplines: global equity strategy and economics, global fixed-income and equity-linked research, global fundamental equity research, and global wealth management strategy. Bank of America is subject to the reporting requirements of the Exchange Act and additional information about Bank of America can be found in publicly available filings with the SEC.

We, through our Financial Advisors, may suggest or recommend that clients, including UMA clients, use our securities account, execution and custody or other services, or such services of an affiliate. Similarly, Financial Advisors, who also handle clients' brokerage accounts, may suggest or recommend that you purchase our products or our affiliates' products. Where you use or purchase Merrill Lynch's or our affiliate's services or products, we and our affiliates will receive fees and compensation. Financial Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary) in connection with these products and services.

Accounts may be invested in Related Funds which are advised by Merrill Lynch's affiliates. We may receive compensation with respect to shares of these funds in which an Account may be invested.

We address these conflicts through disclosure in this Brochure. Our Financial Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for each client based upon the client's investment objectives, risk tolerance and financial situation and needs. In addition, we have established a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among Accounts as well as between Accounts and our business.

Receipt of Compensation from Investment Advisers

Style Managers and investment advisers of Funds may pay for, or

reimburse MLPF&S or its affiliates for, various costs arising from client and prospective client meetings, sales and marketing materials, and educational, training and sales meetings held with Financial Advisors and other personnel of MLPF&S, MAA or their affiliates relating to UMA and asset management generally. The Style Managers and investment advisers of Funds may also make charitable donations or cover the costs of reasonable entertainment in connection with events sponsored by MLPF&S or our affiliates or related to clients. Certain Style Managers are Related Style Managers, as indicated on the respective Profiles, and certain Funds are Related Funds.

In addition, your Account may invest in Funds, including Related Funds. Merrill Lynch and its affiliates receive compensation from the Funds, their respective advisers and their affiliates for certain services relating to your Account and may have business relationships with the Funds, their respective advisers and their affiliates separate and apart from UMA. Please see the section entitled *Code of Ethics, Participation or Interest in Client Transactions and Personal Trading - Funds and Related Investing* and the section entitled *Client Referrals and Compensation* for related information.

Referral Arrangements. We have entered into agreements pursuant to which unaffiliated third party advisers compensate us for referring clients to such advisers. Any arrangement you enter into with an unaffiliated third party adviser is separate and distinct from your relationship with your Financial Advisor with respect to your Account and neither we nor your Financial Advisor is providing you with investment advice in connection with the arrangement. Any recommendation to participate in such an arrangement with an unaffiliated third party adviser, as well as the related compensation that we or our affiliates may receive in connection with any such arrangement, creates potential conflicts of interests between you and us, including your Financial Advisor. The costs associated with the services provided by such adviser to you, including any management fees paid to the unaffiliated third-party advisers or commissions paid to us in connection with the transactions executed in an account outside UMA, are generally not included in the UMA fees and will result in additional compensation to us and your Financial Advisor.

Merrill Lynch addresses these conflicts through disclosure to clients in this Brochure.

CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

Conflicts of Interest and Information Walls

Merrill Lynch is an indirect wholly-owned subsidiary of Bank of America. Bank of America engages in a wide range of activities and businesses across a broad spectrum of clients. As a result, we recognize actual, potential and perceived conflicts of interest may develop in the normal course of operations in various parts of the Bank of America organization. To address these potential conflicts, information walls are in place to allow multiple businesses to engage with the same or related clients at the same time while mitigating the conflicts which may arise from such a situation. For example, information walls are designed to prevent the unauthorized disclosure of material nonpublic information and allow public side sales, trading and research activities to continue while other businesses within Bank of America possess material nonpublic information. Additionally, Bank of America maintains a Code of Ethics which provides guidelines for the business practices and personal conduct all associates and board members are expected to adopt and uphold.

Managing conflicts of interest is an integral part of Bank of America's risk management process. We believe that no organization can totally eliminate conflicts that exist explicitly or implicitly. Bank of America, including Merrill Lynch's investment advisory business, evaluates its

business activities and the actual and possible conflicts that may emerge from its activities on an ongoing basis. To the extent that existing or new business activities raise an actual conflict of interest, or even the appearance of a conflict, we endeavor to provide you with full and clear disclosure or to take action to avoid them.

Code of Ethics

Each of MLPF&S and MAA has adopted an Investment Adviser Code of Ethics (the "Code of Ethics") covering our personnel who are involved in the operation and offering of investment advisory services. Each Code of Ethics is based on the principle that clients' interests come first, and it is intended to assist employees in meeting the high standards that each of MLPF&S and MAA, as applicable, follows in conducting our business with integrity and professionalism. Each Code of Ethics covers such topics as the:

- Requirement that all employees comply with all applicable securities and related laws and regulations;
- Reporting and clearance of employee personal trading;
- Prevention of misuse of material nonpublic information; and
- Obligation to report possible violations of the Code of Ethics to management or other appropriate personnel.

All covered personnel must certify receipt of the Code of Ethics. We will provide a copy of each of the Code of Ethics to you upon request.

MLPF&S and MAA have each imposed policy restrictions on all personnel for transactions for its own accounts and accounts over which it has control or a beneficial interest. In addition, we have special policies requiring that certain personnel obtain specific approval of our securities transactions and have implemented procedures for monitoring these transactions, as well as those of all our employees.

MLPF&S and MAA both acknowledge that they are subject to fiduciary responsibilities under the Advisers Act when they provide the investment advisory services pursuant to the Client Agreement. MAA also acknowledges that it is a fiduciary, as defined by ERISA, for a client that is an ERISA Plan, but only to the extent that MAA has the power to manage, acquire or dispose of the assets of such ERISA Plan. Notwithstanding the foregoing, in the case of an ERISA Plan that selects a Related Style Manager or Related Fund, the ERISA Plan acknowledges that nothing in the Client Agreement shall confer ERISA fiduciary responsibility on MAA in connection with that selection.

Participation or Interest In Client Transactions

Principal, Agency Cross and Cross Trades

MLPF&S will not charge a commission on agency transactions in your Account. There may be instances in which MLPF&S or its affiliate may act as principal in effecting an investment transaction for your Account, according to applicable law. If MLPF&S or its affiliate effects a principal transaction for your Account, MLPF&S will not charge a markup or markdown. However, principal transactions may be subject to a spread, underwriting fee or selling concession, which may result in additional compensation or other benefit to MLPF&S or its affiliate. You have authorized transactions for your Account to be effected on a stock exchange by us or an affiliate, as appropriate.

There may be instances in which MLPF&S or its affiliates will have the opportunity to act as agent for both buyer and seller in a transaction for your Account, according to applicable law. This is called an "agency cross." Since MLPF&S or its affiliate generally will receive compensation from each party to an agency cross transaction, there is a potential conflict between the responsibilities and loyalties to you and to the other party to the transaction. Compensation received by MLPF&S or its affiliate from the other party in an agency cross transaction would be in addition to the fees described in this Brochure. Except where prohibited by law, by

signing the Client Agreement, you have given us permission to engage in agency cross transactions for your Account. You may revoke your consent at any time by notifying your Financial Advisor and MAA in writing.

From time to time Merrill Lynch, an Implementing Manager and their respective affiliates, if applicable, may cause your Account to engage in a transaction for the purchase or sale of a security with another client, subject to applicable law. We and our affiliates or an Implementing Manager or its affiliate, if applicable, would do so only when we and our affiliates or an Implementing Manager or its affiliate, if applicable, determine that the transaction is in the best interest of each party, and neither we or our affiliate nor an Implementing Manager or its affiliate, if applicable, would receive any compensation in connection with the transaction.

Funds and Related Investing

MAA and the Style Managers may purchase, or recommend for purchase, as applicable, Funds, including Related Funds and Style Manager Related Funds, for your Account. Funds purchased in your Account will generally consist only of classes of shares with no CDSC or front-end sales charges (or with such charges waived). In addition, from time to time a Registered Fund that is a U.S. open end mutual fund may authorize us to make available to clients participating in UMA a class of shares of such Registered Fund with a lower fee structure than the share class that was previously made available in UMA. Where such conversion is available, we will effectuate an exchange to the class of shares of the same Registered Fund with the lower fee structure.

Each Fund, or its respective principal underwriter or other agent, has entered into an agreement with MLPF&S and its affiliates for the performance of sub-accounting and related services including recordkeeping, processing, reporting and dividend reinvestment services for shareholders of such Funds who maintain their shares in a MLPF&S securities account including participants in UMA. MLPF&S and its affiliates receive sub-accounting fees for the performance of these services, which are either borne by the Fund (like other mutual fund expenses) or by its adviser, principal underwriter or other agent. These sub-accounting and related services arrangements vary by Fund and vary between Offshore Funds and U.S. Funds, depending on the Fund's or its adviser's, principal underwriter's or other agent's arrangement with MLPF&S and its affiliates. MLPF&S or its affiliate will receive from the Fund or the Fund's service provider or its affiliate, sub-accounting fees of either up to 0.15% per annum of the amount invested in such Fund or up to \$21 annually per Merrill Lynch client position in the Fund. These sub-accounting fee rates are subject to change from time to time. Sub-accounting fee rates may be received individually, or may be part of a "bundled" arrangement with a Fund that includes other types of fees, such as distribution and marketing support payments. For more information, please refer to the document entitled "Mutual Fund Investing at Merrill Lynch" available at www.ml.com/funds and also available from your Financial Advisor upon request. The fees are not paid directly out of your Account but are either borne by the Fund, like other Fund expenses, or by the Fund's principal underwriter or other agent.

For Offshore Funds, MLPF&S and its affiliates perform similar distribution, marketing, shareholder servicing, sub-accounting and related services as described above for which MLPF&S and its affiliates receive asset based compensation from the Offshore Fund's distributor or other service provider.

In addition to these fees, we and our affiliates receive fees paid by certain ETF or similar product sponsors or their affiliates for licensing or other arrangements. These fees, which are typically calculated as a percentage of the assets of the ETF or similar product, are not generally borne by the Fund, but are instead paid directly from the sponsor or its affiliate to us or our affiliates.

Certain of the Funds that may be recommended or purchased for your Account include Related Funds. Due to the additional economic benefit to Merrill Lynch, our Related Companies or their respective affiliates, as applicable, and, potentially, your Financial Advisor, from investments in Funds, a conflict of interest may exist. For Funds advised, sponsored or distributed by Merrill Lynch, a Related Company or their respective affiliates, Merrill Lynch, a Related Company or their respective affiliates, as applicable, will receive investment management fees and, if applicable, Rule 12b-1 fees or other service fees from the Funds. For other Funds, Merrill Lynch and its affiliates also may receive Rule 12b-1 fees or other service fees from the Funds. Rule 12b-1 fees generally cover shareholder servicing and distribution services relating to the Funds. We potentially benefit from our economic interest in Related Companies and our relationship with Bank of America whenever such entity or its affiliates receive compensation for providing investment advisory, administrative, transfer agency, distribution, shareholder servicing or other services to its affiliated Funds or other investment products. The extent of this benefit may be greater than when we or our affiliates do not have an economic interest in the firm providing such services. As a result, we may benefit from increased sales of Funds and other investment products of Related Companies and Bank of America affiliates to a greater extent than from increased sales of Funds or investment products sponsored by other firms in which we or our affiliates do not have a similar economic interest or relationship.

Each of the Related Funds pays investment management fees to an affiliate and, like other unrelated Funds, incurs other expenses. We and our affiliates may also provide other services to Related Funds for which they receive compensation, such as transfer agency, administrative, shareholder servicing, administrative and printing services, as described in the Funds' prospectuses and statements of additional information.

Any fees or compensation we and our affiliates receive from a Fund or a Fund's principal underwriter, agent or sponsor in connection with your investment in the Fund ("Fund-Related Compensation") will be in addition to the Account fee and, except to the extent required by applicable law, we and our affiliates do not offset any fees and expenses you may owe to us (including, but not limited to, the Account fee) by the amount of such Fund-Related Compensation we receive. You should consider this Fund-Related Compensation when evaluating the amount and appropriateness of the fees we earn in connection with your Account and UMA.

As a result of such Fund-Related Compensation, we may have a conflict of interest in selecting certain Funds for inclusion in UMA over others. You should be aware that the amount of fees paid by the different Funds and/or Fund sponsors varies and that Funds that would otherwise meet our criteria for inclusion in UMA but whose principal underwriters, agents or sponsors do not agree to pay such fees may not be selected, thereby limiting the available universe of Funds. The presence of Fund-Related Compensation which may vary with respect to different Funds may also create an incentive for us to recommend that you invest in Funds that pay higher fees to us or our affiliates. The presence of these compensation arrangements may also cause us and our affiliates to forego opportunities to negotiate more favorable financial terms for client investments in Funds or to recapture all or a portion of the amount of such Fund-Related Compensation for your benefit.

We address the conflicts of interests associated with the payment of Fund-Related Compensation by calculating the compensation paid to our Financial Advisors on the same basis for all UMA assets without regard to the amount of Fund-Related Compensation we or our affiliates receive in connection with the investments. Additionally, we and our affiliates select Funds that are available on our brokerage and advisory platforms and offered through UMA based on qualitative and quantitative evaluation of such factors as performance, risk management policies and procedures, and consistency of the execution of their strategy. We have adopted

various policies and procedures reasonably designed to prevent the receipt of Fund-Related Compensation and other business arrangements from affecting the nature of the advice we and our Financial Advisors provide, although such policies and procedures do not eliminate such conflicts of interest.

Bank of America is a diversified financial services company that together with Merrill Lynch and their affiliates generally seeks to provide a wide range of services to retail and institutional clients for which it receives compensation. As a result, Bank of America and Merrill Lynch can be expected to pursue additional business opportunities with the firms whose Funds Merrill Lynch makes available to its clients, and their affiliates through UMA. Consistent with industry regulations, these services could include (but are not limited to): banking and lending services, sponsorship of deferred compensation and retirement plans, recordkeeping services, investment banking, securities research, institutional trading and prime brokerage services, custody services, investment advisory services, and effecting portfolio securities transactions for Funds and other clients. Merrill Lynch professionals (including your Financial Advisor), involved with the offering of Funds to individual investor clients may introduce Fund distributors, sponsors, service providers or their affiliates to other services that Bank of America, Merrill Lynch and their other affiliates provide. As such, Merrill Lynch and its affiliates may earn additional compensation for these services.

Financial Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary and could be significant) in connection with these introductions and/or services. Revenue paid for, or generated by, such services may not be used by Fund distributors, sponsors or service providers to compensate Merrill Lynch, directly or indirectly, for any of the Fund fees described throughout this Brochure. Information about a particular Fund's policies regarding selection of brokers may be found in the Fund's statement of additional information, which you may request from the Fund. Please see the section *Other Financial Industry Activities and Affiliations - Receipt of Compensation* from Investment Advisers and the section *Client Referrals and Other Compensation* for related information.

Style Managers may purchase, or recommend for purchase, as applicable, Funds, including Style Manager Related Funds. The Style Managers or their respective affiliates, as applicable, may earn additional compensation for services rendered in connection with Funds and may receive investment management fees paid by the Funds held in your Account. The Style Manager of a Third Party Strategy may receive compensation from a Fund included in the Strategy. Style Managers or their respective affiliates also may provide services to, or effect transactions with, Funds and receive compensation in connection with these activities. The fees are not paid directly out of your Account but are either borne by the Fund, like other Fund expenses, or by the Fund's principal underwriter or other agent. Information about the Funds is contained in the Funds' prospectuses and statements of additional information. In addition, the Style Manager or their respective affiliates, as applicable, may earn additional compensation for services rendered in connection with other types of investment products purchased for your Account, such as exchange-traded notes. Due to any additional economic benefit to a Style Manager or its affiliate, a conflict of interest may exist.

If you hold shares of a Style Manager Related Mutual Fund (other than through a Fund Strategy), the pro rata share of any advisory fees paid by the Style Manager Related Mutual Fund to the Style Manager or its affiliate will be used to offset the Style Manager Expense payable to the Style Manager. No Style Manager Expense will apply to assets invested in Funds in a Third Party Strategy, except as otherwise provided in the Profile. For example, a Style Manager Expense will also apply to the portion of Strategies, Fund Strategies or Third Party Strategies where a Style

Manager includes Funds that are not its Style Manager Related Funds. Please see the section *Services, Fees and Compensation - Other Fees and Expenses - Funds and Related Investing* for related information.

Retirement Accounts

If the client's Retirement Account is invested in shares of a Related Fund that is not a Related Money Market Fund, then the client's Retirement Account's pro rata share of the advisory fees paid by such Related Fund to a Merrill Lynch affiliate will be used to offset the Account Fees payable to Merrill Lynch, as required by applicable law. A Retirement Account will also be credited, on a monthly basis, with the Account's pro rata share of any Rule 12b-1 fees (calculated daily) and subaccounting fees paid by a Fund to Merrill Lynch or its affiliate. If a Retirement Account holds Fund shares, we will credit to the Retirement Account the pro rata share of any Rule 12b-1 fees under the Investment Company Act of 1940 the Fund pays us on a periodic basis, as required by applicable law. Furthermore, if cash balances in a Retirement Account are swept to one or more Related Money Market Funds, then any advisory fees paid by each Related Money Market Fund to its adviser will be credited to the Retirement Account on a periodic basis, as required by applicable law. Please note that ETFs advised or sponsored by Related Companies may be considered Related Funds. Where required by applicable law, we will rebate the operating expenses for such ETFs in certain account types enrolled in UMA.

If you are a Retirement Account client, you:

- Acknowledge receipt of the prospectus or other required disclosure document for any Style Manager Related Mutual Fund included in a Strategy you select and for any Related Money Market Fund;
- Represent that you are independent of and unrelated to us, the Style Manager and our affiliates; and
- Approve the investment management and other fees paid by any Style Manager Related Mutual Fund and Related Money Market Fund held in your Retirement Account in relation to the Account fees payable pursuant to the Client Agreement.

You may revoke or modify the approval reflected in the prior sentence at any time by notifying your Financial Advisor. Such notice should include instructions regarding the disposition of the proceeds of the sale of Style Manager Related Mutual Fund and Related Money Market Fund shares then held in the Retirement Account.

If you are a Retirement Account and have selected a Related Style Manager, the Style Manager Expense rate is 0% rather than the Style Manager Expense rate for that Related Style Manager.

Loans and Collateral

Where your Account assets are "pledged" or otherwise used as collateral in connection with any Lending Program, the lender may exercise certain rights and powers over the assets in the Account, including the disposition and sale of any and all assets pledged as collateral for the loan, which may be contrary to your interests and the investment objective of your Account. In particular, securities (including concentrated positions) may be liquidated from your Account without prior notice to you, your Financial Advisor, MAA, or (if applicable) your Discretionary Manager, resulting in adverse tax and other consequences. In some instances, you, your Financial Advisor, MAA, or (if applicable) your Discretionary Manager may not be entitled to choose which securities are to be liquidated. In addition, in any Lending Program for which we or our affiliate serve as the lender, we or our affiliate, as lender, may exercise the same rights and powers as a lender that is not also acting as an investment adviser or fiduciary over the assets held in your Account. Any recommendation to participate in a Lending Program, as well as the related compensation that we or our affiliate may receive in connection with any such loan, could create conflicts of interests between you and us or, if applicable, our affiliate. For instance, such recommendation to participate in a Lending Program could

result in a circumstance in which your Financial Advisor, MAA, or (if applicable) your Discretionary Manager are required to liquidate securities they would otherwise not sell, and which may not otherwise be in your best interests to sell, to satisfy a collateral call in the Account. MAA, or (if applicable) your Discretionary Manager will seek to manage your Account as agreed to between you and MAA, and/or your Discretionary Manager (if any), provided that, if a collateral call takes place, MAA and/or your Discretionary Manager (if any) may not be able to manage your Account consistent with their overall strategy. Any action taken by us, or an affiliate, against the assets held in your Account pursuant to the loan documents will not constitute a breach of our fiduciary duties as an investment adviser to you under the Client Agreement. Furthermore, the costs associated with such an arrangement are not included in your UMA fees and may result in additional compensation to us, our affiliate and our Financial Advisor. We address these conflicts through disclosure in this Brochure.

Acting as General Partner

Certain affiliates of Merrill Lynch act as general partners in a variety of limited partnerships as well as in other capacities for investment vehicles such as hedge funds and other investment funds in which brokerage clients of MLPF&S may invest or may be solicited to invest by MLPF&S acting in our broker-dealer capacity. These clients may also be advisory clients of MLPF&S or MAA. The investments of the limited partnerships and other entities may vary but include, without limitation, real estate, futures, hedge funds and other alternative investments.

Other Financial Interests

As described above, certain Portfolios may involve the use of a Margin Strategy. MLPF&S will receive compensation in connection with any assets purchased in your Account on margin or other extensions of credit by MLPF&S, which is in addition to, and does not reduce, the Account fee. Margin interest you pay on debit balances is not included in the Account fee. Financial Advisors may receive additional compensation in such circumstances as well as in limited cases, from rights or tender offers. Due to the additional economic benefit to MLPF&S from the Portfolios that involve the use of a Margin Strategy, a conflict of interest may exist. Please see the section *Other Fees and Expenses - Long/Short Strategies and Margin*.

We and our affiliates may have business relationships with the officers, directors or employees of a variety of clients, including corporations, pension and retirement plans, and other entities. These business arrangements may create a conflict of interest to the extent that these individuals have any role or influence in the hiring or retention of Merrill Lynch and our Financial Advisors or with respect to their compensation.

Merrill Lynch, a Related Company or their respective affiliates will receive additional economic benefits from cash investments held in your Account. This conflict may be greater when higher cash balances are maintained in your Account or where you have elected the “no sweep” option for your cash balances. At times, however, the relevant Style Manager (including, where applicable, Merrill Lynch or a Related Style Manager) may believe that it is in your interest to maintain assets in cash, particularly for defensive purposes in volatile markets. Merrill Lynch or a Style Manager will not be precluded by any of these conflicts from exercising its judgment in your best interest.

As a registered broker-dealer, MLPF&S may also benefit from the possession or use of any free credit balances in client accounts, including your Accounts, subject to restrictions imposed by Rule 15c3-3 under the Exchange Act.

Investment In Securities by Merrill Lynch and Our Personnel

We and our affiliates act in a variety of capacities to a wide range of

clients. From time to time in the course of those duties, confidential information may be acquired that cannot be divulged or acted upon for advisory or other clients. Similarly, we may give advice or take action with regard to certain clients, including UMA clients, which may differ from that given or taken with regard to other clients. This includes the advice given or actions taken for certain securities, Funds or investment managers or Style Managers. In some instances, the actions taken by affiliates for similar services and programs may conflict with the actions taken by us. This is due to, among other things, the differing nature of the affiliate's investment advisory service and differing processes and criteria upon which determinations are made.

Related Style Managers may provide advisory services for one or more Strategies available for selection by you. Bank of America is a substantial stockholder in and/or the ultimate parent company of Related Style Manager(s), as indicated in the relevant Profile. If a Related Style Manager is selected, we and/or a Related Company may retain both the Merrill Lynch Fee and the Style Manager Expense attributable to the portion of assets in your Account advised by the Related Style Manager. For this reason, a potential conflict of interest exists when we or the Financial Advisor selects or assists you in the selection of, as applicable, a Portfolio or Strategy (or replacement Portfolio or Strategy, if applicable).

MLPF&S, MAA and their respective affiliates may provide some or all of the same services offered in UMA through other financial firms, affiliated or unaffiliated with us, which offer programs similar to UMA at fee rates that may differ from the Account fees charged in UMA.

Please see the section *Funding and Operation of UMA Accounts - Transactions in UMA Accounts* for information about how the Style Manager Expense for Implementing Managers may be higher than for other Style Managers with the same or similar Strategies.

MLPF&S or one of its affiliates may have a position in or enter into “proprietary” transactions in securities purchased or sold for clients, including clients participating in UMA. MLPF&S or its affiliates may benefit from such securities positions or transactions.

We address these conflicts through disclosure in this Brochure. Moreover, our Financial Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for each client based upon your investment objectives, risk tolerance and financial situation and needs. In addition, we have established a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among UMA Accounts as well as between UMA Accounts and our business. For example, our personnel also are subject to personal trading restrictions as detailed in our policies and procedures and Code of Ethics. These policies and procedures and the Code of Ethics require our Financial Advisors to obtain preapproval for certain securities transactions, disclose their investment accounts, provide an annual holdings report, and provide a quarterly transaction report.

REVIEW OF ACCOUNTS

Account Reviews

An important part of the UMA relationship involves providing you with the opportunity to engage in semi-annual Account reviews in which your Financial Advisor reviews your Account's progress toward goals. Because these reviews provide you with important and necessary information relating to your Account, you are strongly encouraged to take advantage of these opportunities to participate in these Account reviews with your Financial Advisor.

In addition, on a periodic basis, you are instructed, in writing, to provide us with current information regarding the management of your Account. This would include changes in your financial situation or investment objectives,

or if you would like to impose any reasonable restrictions or reasonably modify any existing restrictions. If the changes provided are material in nature, a review of your Account may be in order.

Client Reports

As part of UMA, MLPF&S provides periodic performance reports to help you monitor and assess the performance of your Account. These reports contain information regarding investment return, risk and selected benchmark comparisons for your Account. These reports may also contain important information about the Style Managers' participation in UMA and changes to any Portfolio or Strategy. The first report will be sent to you after your Account has been managed for one full quarter.

When we act as custodian, you will receive an account statement in any month in which there is trading or other activity (or in any event quarterly). If you use an Unrelated Custodian, your Unrelated Custodian or trust company will provide periodic custodial or trust statements. We are not responsible for the accuracy of these statements and will rely upon the data and other information presented therein or in other reports provided to us by your Unrelated Custodian to prepare performance reports for you.

Trade Confirmations

As you direct in the Client Summary or other writing, you may elect not to receive confirmation of transactions for an Account on a trade-by-trade basis, except as required by applicable rules or regulations, and, in lieu thereof, receive a periodic statement that will be furnished to you not less frequently than quarterly and that will contain the same information that would be included in the trade-by-trade confirmation for each transaction. Your initial direction in the Client Summary regarding receipt of trade-by-trade confirmations will apply to your Account in UMA, including any changes you make and additional Portfolios you select, until such direction is changed. Your election to receive periodic statements in lieu of trade-by-trade confirmations is entirely optional and:

- Will not affect the calculation or amount of your Account fee;
- Is not a condition to entering into or continuing participation in UMA; and
- May be rescinded at any time by written notice to us for your Account.

MLPF&S will send confirmations for transactions effected in your Account (or information contained therein) to you, MAA or the Implementing Manager, as applicable and according to applicable law.

You may request, and we will provide to you at no additional cost, an interim update and further details concerning any transaction effected between periodic statements either by calling your Financial Advisor or, where you are enrolled in MyMerrill by checking your Account on MyMerrill. If you elect to receive periodic statements in lieu of trade-by-trade confirmations, you may later choose to receive, and MLPF&S will provide to you at no additional cost, any confirmations for transactions effected for up to a one-year period preceding your last periodic statement and trade-by-trade confirmations for all subsequent transactions.

CLIENT REFERRALS AND OTHER COMPENSATION

Other Compensation

Merrill Lynch and its affiliates have business relationships with many investment managers, including those participating in UMA, separate and apart from UMA. For example, these investment managers may direct clients' transactions to MLPF&S and receive research, execution, custodial, pricing and other services offered by MLPF&S in the normal course of our business. MLPF&S and its Financial Advisor may receive compensation in connection with such transactions and other services. You are encouraged to speak with your Financial Advisor to discuss any questions that you may have about existing or potential conflicts of interest relating to your selected Portfolios or Strategies, including any business relationships that the relevant Funds or Style Managers may

have with Merrill Lynch, Bank of America, their affiliates or Financial Advisors.

Fund and Style Managers may pay for, or reimburse Merrill Lynch and its affiliates for, various costs arising from client and prospective client meetings, sales and marketing materials, and educational, training and sales meetings held with Financial Advisors and other personnel of Merrill Lynch and their affiliates relating to UMA and asset management generally. Certain Funds are Related Funds, as indicated on the respective Profile, and certain Style Managers are Related Managers. Please see the section *Other Financial Industry Activities and Affiliations - Receipt of Compensation from Investment Advisers* and the section *Code of Ethics, Participation or Interest in Client Transactions and Personal Trading - Funds and Related Investing* for related information.

Some third-party vendors, including third party managers, distributors, and insurance companies, will periodically participate in MLPF&S or Affiliate-hosted internal training and education conferences, as well as conferences that MLPF&S or Affiliate may host for clients. The amount paid for participation is used to offset the expenses incurred for these events and cannot be reasonably allocated to any particular client. The amount paid by any third party vendor may vary. Based on our historical experience, the aggregate value of these payments to MLPF&S (and its Affiliates) in any particular year has represented less than ½ of one basis point (0.005%) of total customer assets that may be used to procure such vendors' products and services. Note that the level of vendor support is not dependent or related to the level of assets invested by you or any other of our clients in or with the products or services of the particular vendor. Neither MLPF&S nor its Affiliates incentivize Financial Advisors to recommend one vendor's product over another vendor.

Gifts and other Non-Monetary Compensation. From time to time, third-party vendors, including third party managers, distributors, and insurance companies, may provide MLPF&S with non-monetary gifts and gratuities, such as promotional items (e.g., coffee mugs, golf balls, or gift baskets), meals and access to certain industry related conferences (collectively, "gifts"). Third-party vendors may also make charitable donations or cover the costs of reasonable entertainment in connection with events sponsored by MLPF&S or its Affiliates or related to clients. MLPF&S has implemented policies and procedures intended to identify, quantify and track gifts that MLPF&S receives. MLPF&S will report gifts received by it or its employees to the extent such amounts exceed the thresholds imposed by applicable regulations.

We address these conflicts through disclosure in this Brochure.

Compensation For Client Referrals

MLPF&S and MAA have entered or may enter into marketing arrangements with third parties who, for compensation, will provide consulting or other services to MLPF&S and MAA in connection with the marketing of MLPF&S's and MAA's various advisory programs, or otherwise refer prospective clients to MLPF&S and MAA. Each such marketing arrangement is or will be governed by a written agreement between MLPF&S or MAA, as applicable, and the third-party, and will be disclosed to clients, as required by law.

We have entered into solicitation arrangements with certain third-party entities to refer prospective clients to us ("Solicitors"). Generally, the fees paid to Solicitors will be paid from investment advisory fees received and retained by us relating to your Account. This fee will generally be a percentage of the investment advisory fee ordinarily credited to your Financial Advisor for the applicable account. We will pay this fee to the Solicitor from the date you establish an account in the applicable program for as long as your Account remains enrolled in UMA and the agreement between us and the Solicitor is effective. If we terminate the agreement with the Solicitor for certain reasons, we may continue to pay the Solicitor

for a period of time after termination. We will not increase the fees you pay as a result of our payments to the Solicitor. The fees we charge will not be higher than our usual fees because of the payments to the Solicitor.

Our employees may refer advisory clients to BANA, including its private bank, U.S. Trust, Bank of America Private Wealth Management, and other affiliates for products and services. Similarly, employees of the BANA and its affiliates may refer clients to us for brokerage or advisory services. These referrals may involve the payment of referral fees between us and BANA or its affiliates.

Financial Information

Not applicable.

Glossary

“Account” means each of the client’s securities accounts to which the Client Agreement applies for a single Portfolio that the client selects. To be covered under one single Client Agreement, all securities accounts must be owned by the same person, whether individually or with another person.

“Actual Fee” means the actual fee for the calendar quarter calculated based on the accrual of the weekly fees calculated for such quarter.

“ADR” means American Depositary Receipts, which is a receipt for shares of a foreign company held by a U.S. financial institution that entitles you to rights and obligations of the underlying shares, including dividends and capital gains and losses.

“Advisers Act” means the Investment Advisers Act of 1940, as amended.

“Affiliate Company” means a company that is controlled by, in control of, or under common control with, MLPF&S; an Affiliate Company includes BANA.

“AIPS” means the Merrill Lynch Automated Investment Program.

“AWC” means a FINRA letter of acceptance, waiver and consent.

“BANA” means Bank of America, N.A.

“Bank of America” means Bank of America Corporation.

“BAI” means Banc of America Investment Services, Inc.

“BAS” means Banc of America Securities LLC.

“BlackRock” means BlackRock, Inc. and its affiliates.

“Brochure” or “Disclosure Statement” means the wrap fee program brochure (including any amendments or supplements) of MLPF&S and MAA relating to UMA, as updated from time to time.

“CDSC” means a contingent deferred sales charge.

“Client Agreement” means the agreement relating to UMA among the client, MAA and MLPF&S, as it may be amended from time to time.

“Client Summary” means Section 1 of the Client Agreement, as it may be updated from time to time.

“Code of Ethics” means Investment Adviser Code of Ethics.

“Columbia Management” means Columbia Management Advisors, LLC.

“Consent” means a letter of acceptance, waiver and consent issued by FINRA.

“Discretionary Manager” means a Style Manager that has full discretion to determine which securities to buy, sell or hold for the client’s Account, and which broker-dealer should be selected to effect transactions for the client’s Account, subject to any direction to trade with MLPF&S or its affiliates in the Client Agreement.

“ERISA” means the Employee Retirement Income Security Act of 1974, as amended.

“ERISA Plan” means a plan subject to the fiduciary responsibility provisions of ERISA or any other entity deemed to hold assets of such a plan, including SIMPLE, SEP and other IRAs subject to ERISA’s fiduciary responsibility provisions.

“Estimated Fee” means an estimated fee calculated and paid to MLPF&S at the beginning of each calendar quarter based on the market value of the client’s Account on settlement date as of the last Friday of the previous calendar quarter, as determined by MLPF&S.

“ETF” means a Fund that is an exchange-traded fund.

“Exchange Act” means the Securities Exchange Act of 1934, as amended.

“Financial Advisor” means the client’s MLPF&S Financial Advisor.

“FINRA” means the Financial Industry Regulatory Authority, Inc..

“Fund Strategy” means any MLPF&S Strategy that includes one or more Funds or any Third Party Strategy that includes one or more Funds.

“Funds” means registered and unregistered investment companies, including mutual funds, closed-end funds, exchange-traded funds (ETFs), hedge funds, real estate investment trusts and other pooled investment vehicles and, to the extent applicable, Offshore Funds. As used herein, the term “Funds” shall also include exchange-traded notes.

“GWIM CIO” means the Global Wealth and Investment Management Chief Investment Office.

“IDP” means an Institutional Discretionary Portfolio.

“Implementing Manager” means a Style Manager, including a Discretionary Manager, that has the authority to place orders for the purchase and sale of some or all securities or other property with respect to a Strategy.

“Investor Profile Questionnaire” means the questionnaire completed by the client at the time of the client’s enrollment into UMA, as may be amended from time to time.

“ISS” means Institutional Shareholder Services, Inc.

“ISS Voting Policies” means ISS’ or a successor proxy voting service’s proxy voting policies and guidelines and related procedures applicable to UMA Accounts.

“MAA” means Managed Account Advisors LLC.

“Margin Strategy” means a strategy involving short sales and/or margin.

“Merrill Lynch,” “us,” “we” or “our” means either MAA or MLPF&S or both, depending on the service provided.

“Merrill Lynch Bank” means a bank depository institution affiliated with Merrill Lynch.

“Merrill Lynch Fee” means the portion of the client’s Account fee for the services of MLPF&S and MAA. A portion of the Merrill Lynch Fee is paid by Merrill Lynch to the Financial Advisor.

“MLPF&S” means Merrill Lynch, Pierce, Fenner & Smith Incorporated.

“MLPF&S Portfolio or Strategy” means a Portfolio or Strategy in which MLPF&S acts as the Style Manager.

“NASD” means the National Association of Securities Dealers.

“NYSE” means the New York Stock Exchange LLC.

“Offshore Funds” means investment companies organized in jurisdictions not within the United States or its territories or possessions, not registered under the Investment Company Act of 1940 and whose securities are not registered under the Securities Act of 1933.

“Order” means an order issued by the SEC.

“Portfolio” means one or more Strategies within a single Account.

“Profile” means a written document entitled “Profile” that contains a description of a Portfolio or Style Manager offered in UMA and may contain other information relating to the Portfolio or Style Manager.

“Program” means the Merrill Lynch Unified Managed Account (“UMA”) program

“Proxy Website” means <http://vds.issproxy.com/3584> upon which the proxy voting policies and procedures of the the proxy voting service, MAA, and MLPF&S will be available. The Proxy Website also includes a description of Specified Investments and information on how MAA, MLPF&S, or the proxy voting service, as applicable, voted specific proxies.

“Registered Fund” means any Fund that is registered under the Investment Company Act of 1940, including mutual funds, closed-end funds, ETFs and registered money market funds or, if applicable, if a Fund is an Offshore Fund, it is qualified for offer and sale to the public in at least one jurisdiction.

“Related Company” means a company that is an affiliate of Merrill Lynch or in which Merrill Lynch or an affiliate of Merrill Lynch has a material ownership interest. BlackRock is not considered a Related Company.

“Related Fund” means a Fund sponsored or advised by Merrill Lynch or a Related Company.

“Related Money Market Fund” means a registered money market fund managed by a Related Company.

“Related Style Manager” means a Style Manager that is Merrill Lynch or a Related Company, as specified in the Profile for the Portfolio or Style Manager. U.S. Trust is considered a Related Style Manager.

“Retirement Account” means an ERISA Plan, a U.S. tax-qualified plan of self-employed persons, a U.S. individual retirement account, or any other plan, arrangement or entity subject to Section 4975 of the U.S. Internal Revenue Code of 1986, as amended.

“Rule 12b-1 fees” means fees paid for distribution of mutual funds pursuant to a plan made under Rule 12b-1 under the Investment Company Act of 1940.

“SEC” means the U.S. Securities and Exchange Commission.

“Securities Act” means the Securities Act of 1933, as amended.

“SIPC” means Securities Investor Protection Corporation.

“Solicitors” means third-party entities that Merrill Lynch has entered into solicitation arrangements with to refer prospective investment advisory clients to Merrill Lynch.

“Specified Investments” means securities for which ISS or a successor proxy voting service, as the case may be, does not provide proxy voting services and that are described in the respective MAA and MLPF&S’ proxy voting policies and procedures included on the Proxy Website. A list of Specified Investments will be made available upon request.

“Strategy” means one or more investment styles or disciplines in each case, as determined by Merrill Lynch from time to time, that a client may select either individually or in combination with other Strategies, and that may include specific asset classes or asset types such as Funds, exchange-traded notes or, where applicable, Offshore Funds.

“Style Manager” means an investment adviser, which may be Merrill Lynch or a Related Company that provides MAA or a client’s Account with advice regarding the securities or other property to be purchased or sold in a Portfolio. Style Managers may be registered investment advisers or investment advisers exempt from registration with the SEC.

“Style Manager Expense” means the portion of the client’s Account fees for the Style Manager’s services that is based on assets in a Portfolio allocated to the Style Manager’s Strategy. The Style Manager Expense rate varies depending on the Style Manager.

“Style Manager Related Fund” means a Fund sponsored or advised by a Style Manager (including a Related Style Manager) or its affiliates.

“Style Manager Related Mutual Fund” means a mutual fund sponsored or advised by a Style Manager (including a Related Style Manager) or its affiliates.

“Third Party Strategy” means a Strategy for which a Style Manager (other than Merrill Lynch) selects and determines the target asset allocation of the Funds and/or other securities, asset classes or Style Managers included in the Strategy. The Style Manager for a Third Party Strategy will not be an Implementing Manager unless so indicated in the Profile.

“UDP” means a Unified Diversified Portfolio.

“UITs” means unit investment trusts.

“UMA” means the Merrill Lynch Unified Managed Account, an investment advisory program offered by MLPF&S and MAA.

“UMA Fee Assets” means the assets in all of the client’s Accounts and such other accounts held at MLPF&S that Merrill Lynch determines, in its sole discretion, to include for the purpose of setting the Merrill Lynch Fee rate.

“Unaffiliated Investment Firm” means a bank, broker or dealer other than Merrill Lynch or a Related Company.

“Unrelated Custodian” means a custodian that is not Merrill Lynch or a Related Company.

“Unrelated Money Market Fund” means a registered money market fund that is not managed by Merrill Lynch or a Related Company.

“U.S. Trust” means U.S. Trust, Bank of America Private Wealth Management, a division of Bank of America, N.A.
