This brochure provides information about the qualifications and business practices of Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch") relating to the Merrill Lynch Private Planning ServicesSM. If you have any questions about the contents of this brochure, please contact us at 800-MERRILL (800-637-7455). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission ("SEC") or by any state securities authority. Investment adviser registration does not imply a certain level of skill or training.

The advisory services described in this brochure are not insured or otherwise protected by the Federal Deposit Insurance Corporation or any other government agency; are not an obligation of any bank or any affiliate of Merrill Lynch; are not endorsed or guaranteed by Bank of America, N.A., Merrill Lynch, or any bank or any affiliate of Merrill Lynch; and involve investment risk, including possible loss of principal.

Additional information about Merrill Lynch also is available on the SEC's website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

March 16, 2015

MATERIAL CHANGES

On March 21, 2014, Merrill Lynch filed its last annual update for its Private Planning Services brochure (“Brochure” or “Disclosure Statement”). Set forth below is a summary of the material changes to this Brochure since that date. This summary of material changes is designed to make clients aware of information that has changed since the Brochure’s last annual update and that may be important to them. The material changes summarized below were also incorporated within this Brochure. Capitalized terms that are not defined in this Brochure have the meanings provided in the Glossary.

FINRA Settlement

On June 16, 2014, Merrill Lynch, Pierce, Fenner & Smith Incorporated (“MLPF&S”), without admitting or denying the findings, entered into an AWC with FINRA. The AWC related to MLPF&S’ failure to have an adequate supervisory system to ensure that certain clients received Class A shares with sales charge waivers when purchasing certain mutual funds. As a result, those clients paid sales loads when purchasing Class A shares, or purchased Class B or C shares with higher expenses, during various periods. The clients included those having two types of retirement accounts and another type of client in brokerage accounts offered by MLPF&S. MLPF&S reported certain of these issues to FINRA and all impacted clients have been or are in the process of being reimbursed as set forth in the AWC. MLPF&S consented to the imposition of a censure and a fine of \$8 million, and agreed to provide additional reimbursement to impacted clients as set forth in the AWC.

ADVISORY BUSINESS

Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill Lynch,” “we,” “us,” or “our”), an indirect wholly-owned subsidiary of Bank of America, is a global investment banking firm and a registered broker-dealer, investment adviser and futures commission merchant. Merrill Lynch offers a broad range of brokerage, investment advisory, retail and other services and has been registered with the Securities and Exchange Commission (“SEC”) as an investment adviser since 1978. This brochure relates to the Merrill Lynch Private Planning ServicesSM (“Planning Services”) offered by Merrill Lynch. Clients are referred to as “Client” or “you.” Capitalized terms that are not defined in this Brochure have the meanings provided in the Glossary.

PLANNING SERVICES

Merrill Lynch’s Private Planning Group offers individually customized financial planning services referred to as the Planning Services. The Planning Services are designed to assist clients who have complex personal financial needs.

Depending upon the complexity of your situation, the scope of the Planning Services report typically includes, as appropriate, analyzing net worth; stock option strategies; asset allocation strategies; insurance (including group and individual policies); retirement planning; disability planning; survivor planning; and estate planning (including estimating gross estate, estate tax issues, impact of establishing a foundation or trust and forecasting assets available to surviving heirs) in conjunction with your own attorney. Services can also include assistance with data gathering, review of various complex legal and financial documents, and presentation of written reports by a Merrill Lynch Strategist and/or a Private Planning Advisor.

Planning Services generally does not include making specific investment recommendations or analyzing particular securities. However, Planning Services may include analysis of concentrated positions and working with your Financial Advisor to manage and/or monetize a concentrated position. Planning Services typically contains a proposed asset allocation model based upon your stated risk tolerance, objectives, age, current asset allocation and value of the assets. Through Planning Services, we provide you with historical statistical data, derived from the performance of various indices, to give you more information about the relative historical risks and returns of broad asset classes and the suggested general asset allocation models. We change our allocation models periodically and may change these models in the future, based on research and investment strategy analysis. We have no obligation to revise any financial planning report previously prepared if an allocation model changes in the future. Planning Services does not provide ongoing financial planning advice. The financial planning advice provided as part of this service is contained in the report itself, is current as of the date of the report, and is completed upon the delivery of the report. Preliminary discussions or recommendations that occur before we deliver the report are not intended as investment advice and should not be relied on as such. Your Financial Advisor – acting in a brokerage capacity – is available to discuss the report. However, it is your responsibility to determine whether any further action with respect to the report should be taken, and we will only act upon your instruction. If you desire to engage us for additional services, whether brokerage, investment advisory or otherwise, you should carefully consider the differences among these types of services before using them.

In addition to Planning Services, Merrill Lynch offers a wide variety of investment advisory services. These include, but are not limited to, the following: Merrill Lynch Investment Advisory Program, Merrill Lynch Consults[®], Merrill Lynch Consulting Services, Merrill Lynch Mutual Fund Advisor[®] Program, Merrill Lynch Personal Advisor[®] Program, Merrill Lynch Personal Investment Advisory[®] program, Merrill Lynch Strategic Portfolio Advisor[®] Service, and Merrill Lynch Unified Managed Account. Other advisory services are offered by Merrill Lynch affiliates. Impersonal investment advice (general advice not tailored to the specific needs of any individual) in the form of publications or research may also be available. In addition, Merrill Lynch offers

financial planning services, including the Merrill Lynch Financial Foundation® Report. More information about these programs and services is contained in the applicable Merrill Lynch brochure (or Merrill Lynch Form ADV, Part 2A) which is available upon request from your Financial Advisor at no cost to you or through the SEC's website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx. Special arrangements with certain clients to provide particular or unique services for clients of a specific Financial Advisor or branch office may also be established.

WRAP FEE PROGRAMS

Merrill Lynch does not make the Planning Services report available through wrap fee programs.

ASSETS UNDER MANAGEMENT

As of December 26, 2014, Merrill Lynch had assets under management of \$560 billion, of which \$215 billion was managed on a discretionary basis and \$345 billion was managed on a non-discretionary basis. This amount does not include financial planning services.

FEES AND COMPENSATION

The fee for the Planning Services report is based on the scope of the engagement and depends on factors such as the:

- Complexity of the issues presented;
- Range and extent of services provided or to be provided to you in the aggregate by us;
- Time required for the completion of the report;
- Frequency and extent of contact with you; and
- Travel requirements.

The depth and combination of services is customized for each client engagement and the fees for each are independently negotiated for each client. Typically, fees range from \$15,000 to \$75,000. Moreover, fees may vary as a result of prior policies and the date of service.

We may, from time to time, enter into specialized agreements to provide particular or unique services to certain clients, subject to negotiated fees. In addition, the fees for certain of the services described above may be reduced for our employees or our affiliates or for clients who may be subject to prior fee schedules. Other discounts, such as for clients purchasing multiple financial planning products or in connection with sales promotions or marketing campaigns, may apply. Furthermore, financial planning products can be included in a grouping of products and services which may be offered to clients for a combined or asset-based fee.

CALCULATION AND DEDUCTION OF ADVISORY FEES

The fee for Planning Services is payable and nonrefundable, as described in the contract.

You may either pay by check or have the fee debited from your Cash Management Account® or other eligible Merrill Lynch securities account.

OTHER FEES AND EXPENSES

You are neither required to implement any of the recommendations made in Planning Services, nor are you required to transact business with us if you choose to implement any aspects of a report. Similarly, there is no obligation for you to open a securities account with us, to purchase any insurance products through a

Financial Advisor (some of whom are also insurance salespersons) or to use any of the products or services offered by us or our affiliates (such as credit, mortgage, employee benefits or trust services) either before or after receiving Planning Services. Should you decide to use or purchase our products or services or those of an affiliate, we, our affiliates and employees (including Financial Advisors) will receive fees and compensation for such products and services. Such fees and compensation may include commissions, spreads, markups or markdowns, investment advisory fees and mutual fund advisory and distribution fees.

In addition, where Planning Services is offered to employers, trade associations or other groups and additional financial planning support services are provided, other fees that are in addition to the Planning Services fee may be charged.

COMPENSATION FOR THE SALE OF SECURITIES

We and our employees, including your Financial Advisor, benefit from the compensation paid to us, and may directly or indirectly receive a portion of the fees and other compensation paid by Planning Services clients. Such clients may also use other products or services available from or through us and in such case pay additional compensation. Financial Advisors offering these services receive compensation from Merrill Lynch. This practice creates a potential conflict of interest that may give us and our Financial Advisors an incentive to recommend advisory services based on the compensation received. Fees and commissions may also be higher for some products or services, and the remuneration and profitability to us and our Financial Advisors resulting from transactions on behalf of or management of certain accounts may be greater than the remuneration and profitability resulting from other advisory accounts, products or services. (See the section entitled *Code of Ethics, Participation or Interesting in Client Transactions and Personal Trading - Participation or Interest in Client Transactions* for more information about the receipt by us of compensation for the sale of securities and other investment products.)

We address these conflicts through disclosure in this Brochure. Moreover, our Financial Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for you based upon your investment objectives, risk tolerance and financial situation and needs. In addition, we have adopted policies and procedures to address the suitability of products, services and programs offered to clients.

CONDUCTING BUSINESS THROUGH MERRILL LYNCH

It is your responsibility to determine if, and how, the suggestions contained in Planning Services should be implemented or otherwise followed. You are neither required to implement any of the recommendations made in Planning Services, nor are you required to transact business with us if you choose to implement any aspects of a report.

As noted above, Planning Services is an investment advisory service that is completed upon the delivery of the report. Thereafter, if you choose to implement any of the suggestions made in the report through your Merrill Lynch securities account, we will be acting solely as a broker-dealer, not as an investment adviser (unless otherwise agreed in writing in connection with an investment advisory program). In executing transactions for your accounts in accordance with your instructions, we, acting as a broker-dealer, may act as agent or as principal for our own account.

We are both a broker-dealer and an investment adviser, and we offer both brokerage and investment advisory services. There are important differences between brokerage and investment advisory services, including the types of advice and assistance provided, the fees charged, and the rights and obligations of the parties. Brokerage services are also regulated under different laws and rules than advisory services. Among our many obligations as a broker-dealer, we will execute transactions upon your instruction, deal fairly with you, and make recommendations that are suitable in light of your stated risk tolerance, financial needs and investment objectives. As an investment adviser, we must act solely in your best interest, provide certain

specific disclosures and generally act in accordance with the standards of a fiduciary as that term is interpreted under applicable law. Of course, the above is an exceedingly brief summary, and numerous laws and regulations apply to each capacity as well as to the specific products or services being provided. It is important for you to understand these differences, particularly when determining which service or services you might select. You should carefully read all the applicable agreements and disclosures for the services you are considering. For additional information, you should contact your Financial Advisor.

In our capacity as a broker-dealer, we, through our Financial Advisors, may provide you with additional analyses, reports and proposals at various times, including during the course of discussing possible implementation steps. These analyses, reports and proposals are not part of Planning Services. In addition, our employees or an affiliate may review client data, including your responses to the Planning Services client questionnaire, to assist you and your Financial Advisor with implementation issues or in connection with offering other Merrill Lynch products or services.

SOURCES OF REVENUE

As a broker-dealer, we offer a wide variety of securities and brokerage services. Our principal sources of income, which include commissions and other compensation for the sale of investment products, are derived from our business as a broker-dealer. Less than 1% of our revenues are expected to be generated from Planning Services on an annual basis.

NO FEE OFFSET FOR EXECUTION CHARGES

We do not reduce our fees for Planning Services to offset commissions or markups you may bear, or other investment advisory services you may choose, in connection with your implementation of the recommendations made in the report.

PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Neither we nor our Financial Advisors receive performance-based fees for Planning Services. As described above, Planning Services generally does not make specific investment recommendations or analyze particular securities. However, Planning Services may analyze concentrated positions and work with your Financial Advisor to manage and/or monetize a concentrated position. The asset allocation recommendations and other services provided in connection with Planning Services do not raise the conflicts associated with the side-by-side management of accounts.

TYPES OF CLIENTS

Planning Services is designed to assist individual clients with household assets in excess of \$25 million. You are not required to open or maintain an account with Merrill Lynch in order to obtain Planning Services.

METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

The principal sources of information used to prepare the report include a client questionnaire, as well as government reports and publications, tax and financial planning publications, and material prepared by us. You are responsible for providing us with information that is accurate and complete, and any failure to do so is likely to affect the analyses and recommendations contained in the report. Any change in your financial circumstances would also impact the conclusions and suggestions provided through the report.

Planning Services generally does not include specific investment recommendations or analysis of particular securities. However, Planning Services may include analysis of concentrated positions and working with your Financial Advisor to manage and/or monetize a concentrated position. A written report typically suggests a general asset allocation model based upon your stated risk tolerance, objectives, age, current asset

allocation and value of the assets. Through Planning Services, we provide you with historical statistical data, derived from the performance of various indices, to give you more information about the relative historical risks and returns of broad asset classes and the suggested general asset allocation models. We change our allocation models periodically and may change these models in the future, based on research and investment strategy analysis. We have no obligation to revise any financial planning analyses previously prepared if an allocation model is changed in the future.

CLIENT RESPONSIBILITIES

It is important for you to understand that it is your responsibility to determine if, and how, the suggestions contained in the report should be implemented or otherwise followed. You should carefully consider all relevant factors in making these decisions, and you are encouraged to consult any of your outside professional advisers. Any information presented about tax considerations affecting your financial transactions or arrangements is not intended as tax advice and should not be relied upon for the purpose of avoiding any tax penalties. Neither we nor our Financial Advisors provide tax, accounting or legal advice. You should review any planned financial transactions or arrangements that may have tax, accounting, or legal implications with your personal professional advisers.

RISK DISCLOSURE

Planning Services generally does not make specific investment recommendations or analyze particular securities. If you decide to implement any of these proposed asset allocation models through a brokerage or investment advisory account, your account will be subject to investment risk and you may lose money. Brokerage or investment advisory accounts are not bank accounts. They are not insured or otherwise protected by the Federal Deposit Insurance Corporation, are not an obligation of any bank or any affiliate of Merrill Lynch; and are not endorsed or guaranteed by BANA, Merrill Lynch, or any bank or any affiliate of Merrill Lynch. You should further understand that all investments involve risk (the amount of which may vary significantly), that performance of any kind can never be predicted or guaranteed and that the value of your portfolios will fluctuate due to market conditions and other factors.

MATERIAL RISKS

The following are the material risks associated with Planning Services:

- Planning Services reports typically contains a proposed asset allocation model based upon your stated risk tolerance, objectives, age, current asset allocation and value of the assets. We have changed the allocation models in the past and may change these models in the future depending on research and investment strategy analysis. We have no obligation to revise the report or otherwise advise you if an allocation model or any of our assumptions change in the future;
- The analyses and suggested asset allocations contained in the report are based on historical financial data, assumptions about future financial trends (including market appreciation or decline, rates of return and risks for various asset classes), assumptions about applicable laws and regulations, and appropriate financial planning strategies;
- Any projections, analyses or other information contained in or with the report regarding various investment outcomes are hypothetical in nature, do not reflect actual investment results and are not guarantees of future results;
- The report does not provide ongoing advice regarding your specific securities investments. Therefore, it is important for you to monitor current events, such as changes in tax laws or in the financial markets, which may affect your plans and circumstances. You should reconsider your

financial planning strategy and decisions from time to time to determine the impact that these events or changes may have on your circumstances;

- We apply certain assumptions to your particular circumstances. The analyses and recommendations provided in or with the report can be significantly affected by even small changes in our assumptions or your individual circumstances. It is imperative that you inform us of any changes in your financial position and objectives; and
- The return rates and dollar figures contained in the report do not include investment expenses; thus, any results shown will be reduced by such costs. Also, where applicable (and only as indicated) assumptions as to federal income tax rates, state income tax rates, and estate taxes reflected in the report would only be general estimates and are subject to change.

DISCIPLINARY INFORMATION

In the past, we have entered into certain settlements with our regulators and other third parties and have been the subject of adverse legal and disciplinary events. Below are summaries of certain events that may be material to your decision of whether to retain us for your investment advisory needs. Please note that certain disclosures discuss disciplinary events associated with Banc of America Investment Services, Inc. ("BAI") and Banc of America Securities LLC ("BAS"). BAI merged with Merrill Lynch on October 23, 2009, and BAS merged with Merrill Lynch on November 1, 2010. In addition to the descriptions below, you can find additional information regarding these settlements in Part 1 of Merrill Lynch's Form ADV at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

On June 16, 2014, Merrill Lynch, without admitting or denying the findings, entered into an AWC with FINRA. The AWC related to Merrill Lynch's failure to have an adequate supervisory system to ensure that certain clients received Class A shares with sales charge waivers when purchasing certain mutual funds. As a result, those clients paid sales loads when purchasing Class A shares, or purchased Class B or C shares with higher expenses, during various periods. The clients included those having two types of retirement accounts and another type of client in brokerage accounts offered by Merrill Lynch. Merrill Lynch reported certain of these issues to FINRA and all impacted clients have been or are in the process of being reimbursed as set forth in the AWC. Merrill Lynch consented to the imposition of a censure and a fine of \$8 million, and agreed to provide additional reimbursement to impacted clients as set forth in the AWC.

On June 21, 2012, Merrill Lynch, without admitting or denying the findings, entered into an AWC with FINRA related to the following five issues: (1) Merrill Lynch failed to have an adequate supervisory system to ensure that clients in certain investment advisory programs were billed in accordance with applicable contract and disclosure statements, and, as a result, overcharged certain client accounts unwarranted fees from April 2003 to December 2011; the client accounts impacted were less than 5% of Merrill Lynch's total advisory accounts, and the fees overcharged represented less than one-half of 1% (\$32,174,369) of the total advisory fees billed during that period; all impacted clients have been reimbursed; (2) between July 2006 and November 2010, Merrill Lynch failed to send contemporaneous and/or periodic trade confirmations to certain client accounts for ten investment advisory programs; (3) between 1992 and June 2011, Merrill Lynch did not include or accurately state whether Merrill Lynch acted as an agent or a principal on trade confirmations and account statements relating to certain mutual fund transactions; (4) between 2007 and 2010, Merrill Lynch, either directly or through third-party vendors, failed to deliver proxy materials to certain clients or to their designated investment advisers, and to have an adequate supervisory system to detect its failure to deliver proxies; the clients impacted constituted less than 1% of Merrill Lynch's clients during that period; and (5) between October 2001 and June 2010, Merrill Lynch failed to send margin risk disclosure statements and/or business continuity plans to certain clients upon the opening of their accounts; the clients

impacted constituted less than 1% of Merrill Lynch's clients during that period. In determining the appropriate sanctions, FINRA considered Merrill Lynch's internal review through which it identified the violations, the remedial measures that Merrill Lynch took to correct its systems and procedures, and Merrill Lynch's efforts to provide remediation to affected clients. Merrill Lynch consented to the imposition of a censure and a fine of \$2.8 million.

On October 4, 2011, Merrill Lynch entered into a consent agreement with FINRA regarding the following events. FINRA alleged that Merrill Lynch failed to have a supervisory system to ensure that all accounts in which an employee either had a financial interest or over which the employee had control were monitored and reviewed for potential misconduct. In addition, FINRA found that Merrill Lynch failed to establish, maintain and enforce written procedures to adequately supervise a registered representative who was subsequently found to have used a business account at the firm to implement a fraudulent scheme. Without admitting or denying the findings, Merrill Lynch consented to the entry of findings, a censure, and a fine of \$1,000,000.

On June 6, 2009, the United States District Court for the Southern District of New York entered a judgment enjoining BAI and BAS from violating, directly or indirectly, Section 15(c) of the Exchange Act. The SEC had filed a complaint alleging that BAI and BAS misled customers regarding the fundamental nature and increasing risks associated with auction rate securities ("ARS") underwritten, marketed and sold by BAS and BAI and that by engaging in such conduct, BAI and BAS had violated Section 15(c) of the Exchange Act. Without admitting or denying the allegations, BAI and BAS entered into a consent, whereby they agreed to a series of undertakings designed to provide relief to "individual investors" (as defined in the consent) including: (1) through their affiliate, offering to purchase at par from individual investors certain ARS; (2) agreeing to use reasonable efforts to identify individual investors who sold certain ARS below par, and to pay such investors the difference between par and the price at which they sold the securities; (3) agreeing to participate in a special arbitration process for the purpose of arbitrating any individual investor's consequential damage claim related to its investment in ARS; (4) agreeing to refund certain refinancing securities through the firms; and (5) undertaking to make their best efforts to work with issuers and other interested parties to seek to provide liquidity solutions for institutional investors that are not considered "individual investors." Two similar regulatory actions involving the marketing and sale of ARS occurred on January 10, 2012: (1) Merrill Lynch (as successor by merger to BAS and BAI, the "Respondents") agreed to a settlement with the Illinois Securities Department (the "Department"); and (2) Merrill Lynch agreed to a settlement with the North Carolina Department of the Secretary of State, Securities Division (the "Division"). In both actions, it was alleged that inappropriate marketing and sales of ARS occurred without adequately informing certain customers of the increased risks of illiquidity associated with ARS. Both the Department and the Division of the respective states alleged that, through the aforementioned conduct, there occurred dishonest and unethical practices in the offer and sale of securities and failure to supervise agents resulted. In the Illinois action, the Respondents agreed, among other things, to repurchase at par certain illiquid ARS held by certain clients of Merrill Lynch. Additionally, the Respondents agreed to pay a total fine of \$1,578,320.87 to the State of Illinois representing Illinois's portion of a total civil penalty of \$50,000,000 that will be distributed among the states and U.S. territories that enter into similar administrative or civil consent orders related to ARS. With respect to the North Carolina action, Merrill Lynch agreed, among other things, to repurchase at par certain illiquid ARS held by certain clients of Merrill Lynch. Additionally, Merrill Lynch agreed to pay a total fine of \$3,193,552.24 to the Division representing its portion of a total civil penalty of \$125,000,000 that will be distributed among the states and U.S. territories that enter into similar administrative or civil consent orders related to ARS.

On March 11, 2009, the SEC issued an order against Merrill Lynch alleging that from 2002 to 2004, several Merrill Lynch retail brokers permitted day traders to hear confidential information regarding Merrill Lynch

institutional customers' unexecuted orders as they were transmitted over Merrill Lynch's squawk box system. According to the SEC, Merrill Lynch lacked written policies or procedures to limit access to the equity squawk box, to track which employees had access to the equity squawk box or to monitor employees' use of the equity squawk box in violation of Section 15(f) of the Exchange Act and Section 204A of the Advisers Act. Without admitting or denying the SEC's findings, Merrill Lynch consented to the entry of the order that: (1) found violations of Section 15(f) of the Exchange Act and Section 204A of the Advisers Act for allegedly failing to maintain written policies and procedures reasonably designed to prevent the misuse of customer order information; (2) required that Merrill Lynch cease and desist from committing or causing any future violations of the provisions charged; (3) censured Merrill Lynch; (4) imposed a \$7,000,000 civil money penalty; and (5) required Merrill Lynch to comply with certain undertakings regarding the enhancement of certain policies and procedures.

On January 30, 2009, the SEC issued an order against Merrill Lynch regarding the Merrill Lynch Consulting Services program and the offering of those services through a Florida branch office for a period of several years concluding in 2005. The Order found that material misrepresentations had been made and certain conflicts of interest not disclosed, and that Merrill Lynch had not maintained adequate records or reasonably supervised certain Florida investment advisory representatives. Without admitting or denying the non-jurisdictional findings thereof, Merrill Lynch consented to a censure, to cease and desist from violations of sections 204 and 206(2) of the Advisers Act and Rule 204-2(a) (14) thereunder, and a fine of \$1,000,000. In accepting the settlement, the SEC noted the voluntary and significant remedial acts promptly undertaken by Merrill Lynch.

On May 1, 2008, the SEC issued an administrative order in which it found that BAI had willfully violated Sections 17(a)(2) and 17(a)(3) of the Securities Act, Sections 206(2), 206(4) and 207 of the Advisers Act and Advisers Act Rule 206(4)-1(a)(5) for failing to disclose to clients that in selecting investments for discretionary mutual fund wrap fee accounts, it favored two mutual funds affiliated with BAI. In the Order the SEC also found that Columbia Management Advisors, LLC ("Columbia Management"), as successor in interest to Banc of America Capital Management, LLC willfully aided and abetted and caused BAI's violations of Sections 206(2) and 206(4) of the Advisers Act, and Advisers Act Rule 206(4)-1(a)(5). In the order, BAI and Columbia Management were censured and ordered to cease and desist from committing or causing such violations and future violations. In addition, BAI was ordered to pay disgorgement plus prejudgment interest in the aggregate amount of \$793,773.00 to certain entities specified in the Order, and a civil monetary penalty of \$2,000,000; and Columbia Management was ordered to pay disgorgement plus prejudgment interest in the aggregate amount of \$516,382 to certain entities specified in the Order, and a civil monetary penalty of \$1,000,000. BAI and Columbia Management consented to the Order without admitting or denying the SEC's findings. BAI also agreed to certain undertakings contained within the Order.

On February 14, 2008, Merrill Lynch consented to an AWC issued by FINRA. FINRA alleged that from at least January 2001 until January 2006, as a result of certain operational and supervisory deficiencies Merrill Lynch failed to timely and consistently update the firm's record system relating to certain investment advisory and fee-based accounts. When clients change investment advisers or terminated enrollment in certain investment advisory or fee-based accounts, Merrill Lynch failed to consistently make changes in account proxy delivery addresses and/or remove traits that suppressed trade confirmation delivery in the firm's record systems. Additionally, Merrill Lynch failed to maintain written supervisory procedures and a reasonable system of follow-up and review with respect to such operational changes. Without admitting or denying the findings, Merrill Lynch consented to a censure and a fine of \$175,000.

On March 4, 2005, Merrill Lynch entered into a consent order with the State of New Jersey Office of the Attorney General Department of Law and Public Safety and the New Jersey Bureau of Securities ("Attorney General"). The Attorney General alleged: (1) market timing conduct by three Merrill Lynch Financial Advisors engaged in market timing on behalf of their principal client, a hedge fund and that despite warnings from supervisors that they were violating Merrill Lynch's policies, the Financial Advisors continued to market time for the client until they were fired in October 2003, using among other things, multiple accounts and undisclosed agreements to conduct and disguise their trading; (2) that Merrill Lynch failed to adequately supervise certain activities in connection with the conduct described above including failure to keep adequate books and records in violation of the Exchange Act and New Jersey law; (3) the client entered into variable annuity contracts and certain other variable life insurance contracts with certain non-proprietary insurance carriers through the Financial Advisors to engage in short term trading in the investment sub-accounts of these products and although the client's reallocation instructions were relayed through the Financial Advisors to the insurance companies, Merrill Lynch gave no specific instruction to the Financial Advisors concerning the reallocation of the underlying sub-accounts of variable products; and (4) that Merrill Lynch failed to adequately enforce its established policy prohibiting market timing. Without admitting or denying the findings in the order, Merrill Lynch agreed to pay a civil monetary penalty of \$10 million and to certain undertakings including implementation of new procedures to maintain, as a required book and record under New Jersey and federal securities laws, records of all client reallocation requests made through a Merrill Lynch employee that involve mutual funds held as sub-accounts of variable annuity products of outside insurance carriers.

On February 9, 2005, pursuant to an offer of settlement by BAS in which it neither admitted nor denied the findings, the SEC issued an administrative order. The SEC found that from July 2000 through July 2003, BAS, Banc of America Capital Management, LLC ("BACAP") and BACAP Distributors, LLC ("BACAP Distributors") facilitated market timing and late trading by some introducing broker-dealers and a hedge fund at the expense of shareholders of Nations Funds and other mutual fund families, provided account management tools and other assistance, and enabled introducing broker-dealers to conceal their client's market timing activities from mutual funds. In the order, BAS was: (1) censured; (2) ordered to cease and desist from committing or causing any present or future violations of 17(a) of the Securities Act, 10(b), 15(c) and 17(a) of the Exchange Act and Rules 10b-5, 15c1-2, and 17a-4 thereunder and Rule 22c-1, as adopted under 22(c) of the Investment Company Act, and from causing any present or future violations of 34(b) of the Investment Company Act and 206(1) and 206(2) of the Advisers Act; and (3) ordered to pay, jointly and severally with BACAP and BACAP Distributors \$250 million in disgorgement plus a civil monetary penalty of \$125 million. BAS also agreed to comply with certain undertakings including: (1) maintaining a compliance and ethics oversight infrastructure having, among other things, a code of ethics oversight committee, an internal compliance controls committee, a senior level compliance officer for conflicts of interest and a corporate ombudsman; (2) retaining an independent compliance consultant to, among other things, review compliance, supervisory and other policies and procedures and adopt such procedures; (3) undergoing third party compliance review every other year; and (4) retaining an independent distribution consultant.

On April 28, 2003, as part of a joint settlement with the SEC, NYSE and NASD arising from a joint investigation by the SEC, NYSE and NASD into research analysts' conflicts of interest, Merrill Lynch, without admitting or denying the allegations of the complaint filed by the SEC, consented to the entry of a final judgment ("Final Judgment"). Pursuant to the settlement, which was entered on October 31, 2003 and modified on March 15, 2010, Merrill Lynch: (1) was permanently enjoined from violating Section 15(c) of the Exchange Act and Rule 15c1-2 thereunder, NASD Conduct Rules 2110, 2210 and 3010, and NYSE Rules 342, 401, 472 and 476; (2) was ordered to pay a penalty of \$100,000,000, which was deemed satisfied by prior payments to the states in a related proceeding; (3) was ordered to pay substantial amounts for third

party research and investor education; and (4) was ordered to comply with certain additional undertakings. In a related disciplinary event, Merrill Lynch (as successor by merger to BAS) entered into an amended offer of settlement with the SEC on October 9, 2012. The settlement stems from an SEC Order dated March 14, 2007 against BAS (the “2007 BAS Order”) claiming that BAS investment bankers inappropriately influenced equity research analysts, resulting in the publication of materially false and misleading research during the period of January 1999 through December 2001. The 2007 BAS Order censured BAS and ordered BAS to: (i) cease and desist from committing or causing any violations or future violations of Section 15(c) and 15(f) of the Exchange Act, and Rule 15c1-2(a); (ii) pay \$26 million in disgorgement and penalties into a fair fund for distribution to its affected customers; (iii) retain an independent consultant to conduct a comprehensive review of the firm’s internal controls to prevent the misuse of material nonpublic information concerning BAS research; (iv) certify to the SEC’s staff in the second year following the issue of the 2007 BAS Order that BAS had established and continued to maintain Exchange Act Section 15(f) policies, practices, and procedures consistent with the findings of the 2007 BAS Order; and (v) comply with Addendum A to the 2007 BAS Order, which implemented certain structural changes to the operations of the firm’s equity research and investment banking departments. In the Merrill Lynch action, the District Court, on March 15, 2010, modified Addendum A to the October 31, 2003 Final Judgment by, among other things, removing similar provisions that remained in Addendum A to the 2007 BAS Order. The 2007 BAS Order, which remains in effect and binding on Merrill Lynch (as successor by merger to BAS), was modified on October 9, 2012, to strike Addendum A and provide that Merrill Lynch analysts, including ex-BAS analysts, must comply with the Final Judgment.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Merrill Lynch, an indirect wholly-owned subsidiary of Bank of America, is a leading global investment banking firm and a registered broker-dealer, investment adviser and futures commission merchant. In the United States, Merrill Lynch acts as a broker (*i.e.*, agent) for corporate, institutional and governmental and private clients and as a dealer (*i.e.*, principal) in the purchase and sale of corporate securities, primarily equity and debt securities traded on exchanges or in the over-the-counter markets. Merrill Lynch also acts as a broker and/or a dealer in the purchase and sale of mutual funds, money market instruments, government securities, high-yield bonds, municipal securities, financial futures contracts, and options. The futures business and foreign exchange activities are conducted through Merrill Lynch and other affiliates. Merrill Lynch operates the firm’s U.S. retail branch system, and also provides financing to clients, including margin lending and other extensions of credit as well as a wide variety of financial services, such as securities clearing, retirement services, and custodial services. As a registered investment adviser, Merrill Lynch completes a Form ADV, which contains additional information about itself, Bank of America and their affiliates. Information is available through publicly available filings at the SEC or at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

For purposes of Form ADV Part 2, certain Merrill Lynch management persons are registered as registered representatives or associated persons of Merrill Lynch. In the future, additional Merrill Lynch personnel may be considered management persons and, as such, may be registered, or have applications pending to register, as registered representatives and associated persons of Merrill Lynch to the extent necessary or appropriate to perform their job responsibilities.

Bank of America, through its subsidiaries and affiliates, provides broker-dealer, investment banking, financing, wealth management, advisory, asset management, insurance, lending and related products and services on a global basis. These products and services include securities brokerage, trading and underwriting; investment banking, strategic advisory services (including mergers and acquisitions) and other corporate finance activities; wealth management products and services including financial, retirement and generational planning; asset management and investment advisory and related recordkeeping services;

origination, brokerage, dealer and related activities in swaps, options, forwards, exchange-traded futures, other derivatives, commodities and foreign exchange products; securities clearance, settlement financing services and prime brokerage; private equity and other principal investing activities; proprietary trading of securities, derivatives and loans; banking, trust and lending services, including deposit-taking, consumer and commercial lending, including mortgage loans, and related services; insurance and annuities sales and research across the following disciplines: global equity strategy and economics, global fixed-income and equity-linked research, global fundamental equity research, and global wealth management strategy. Bank of America is subject to the reporting requirements of the Exchange Act and additional information about Bank of America can be found in publicly available filings with the SEC.

We, through our Financial Advisors, may suggest or recommend that clients, including clients receiving Planning Services, use our securities account, execution and custody or other services, or such services of an affiliate. Similarly, Financial Advisors, who also handle clients' securities accounts, may suggest or recommend that clients purchase our products or products of an affiliate. Where Merrill Lynch's or our affiliate's services are used or products are purchased by clients, we and our affiliates will receive fees and compensation. Financial Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary) in connection with these products and services.

We address these conflicts through disclosure in this Brochure. Moreover, our Financial Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for each client based upon the client's investment objectives, risk tolerance and financial situation and needs. In addition, we have established a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among client accounts as well as between client accounts and our business.

We generally do not recommend or select other investment advisers in connection with Planning Services.

CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

CONFLICTS OF INTEREST AND INFORMATION WALLS

Merrill Lynch is an indirect wholly owned subsidiary of Bank of America. Bank of America engages in a wide range of activities and businesses across a broad spectrum of clients. As a result, we recognize actual, potential and perceived conflicts of interest may develop in the normal course of operations in various parts of the Bank of America organization. To address these potential conflicts, information walls are in place to allow multiple businesses to engage with the same or related clients at the same time while mitigating the conflicts which may arise from such a situation. For example, information walls are designed to prevent the unauthorized disclosure of material nonpublic information and allow public side sales, trading and research activities to continue while other businesses within Bank of America possess material nonpublic information. Additionally, Bank of America maintains a Code of Ethics which provides guidelines for the business practices and personal conduct all associates and board members are expected to adopt and uphold.

Managing conflicts of interest is an integral part of Bank of America's risk management process. We believe that no organization can totally eliminate conflicts that exist explicitly or implicitly. Bank of America, including Bank of America Merrill Lynch's investment advisory business, evaluates its business activities and the actual and possible conflicts that may emerge from its activities on an ongoing basis. To the extent that existing or new business activities raise an actual conflict of interest, or even the appearance of a conflict, we endeavor to provide you with full and clear disclosure or to take action to avoid them.

**CODE OF ETHICS**

We have adopted an Investment Adviser Code of Ethics (the “Code of Ethics”) covering our personnel who are involved in the operation and offering of investment advisory services. The Code of Ethics is based on the principle that clients’ interests come first, and requires employees to meet the high standards that we follow in conducting our business with integrity and professionalism. The Code of Ethics covers such topics as the:

- Requirement that all employees comply with all applicable securities and related laws and regulations;
- Reporting and clearance of employee personal trading;
- Prevention of misuse of material nonpublic information; and
- Obligation to report possible violations of the Code of Ethics to management or other appropriate personnel.

All covered personnel must certify receipt of the Code of Ethics. We will provide a copy of the Code of Ethics to you upon request.

We also have imposed policy restrictions on all personnel regarding transactions for their own accounts and accounts over which they have control or a beneficial interest. In addition, we have special policies requiring that certain personnel obtain specific approval of their securities transactions and have implemented procedures for monitoring these transactions as well as those of all employees.

PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS

In the United States, Merrill Lynch acts as a broker (*i.e.*, agent) for corporate, institutional and governmental and private clients and as a dealer (*i.e.*, principal) in the purchase and sale of corporate securities, primarily equity and debt securities traded on exchanges or in the over-the-counter markets. We also act as a broker and/or dealer in the purchase and sale of mutual funds, money market instruments, government securities, high-yield bonds, municipal securities, financial futures contracts and options. We and other affiliates also conduct the futures business and foreign exchange activities. We operate the firm’s U.S. retail branch system, and also provide financing to clients, including margin lending and other extensions of credit as well as a wide variety of financial services, such as securities clearing, retirement services and custodial services. As a result of the involvement in multiple business activities, we and our employees may have interests unrelated to Planning Services clients which may give rise to potential conflicts of interest, including those discussed below. This discussion does not seek to identify all actual or potential conflicts. Information about certain additional conflicts is described throughout this Brochure and in many of the contracts and offering documents that govern the specific products and services we offer.

We and our affiliates and employees benefit from the compensation paid to us by you and other Planning Services clients. Our Financial Advisors or other employees who introduce clients to Planning Services and provide services to these clients receive compensation in connection with Planning Services.

We, through our Financial Advisors, may suggest or recommend that clients receiving Planning Services also use Merrill Lynch securities accounts, execution and custody or other services, or such services of an affiliate. Similarly, Financial Advisors, who also handle clients’ securities accounts, may suggest or recommend that clients purchase our products or products of an affiliate. Where Merrill Lynch’s or our affiliate’s services are used or products are purchased by clients, we and our affiliates will receive fees and compensation. Financial Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary) in connection with these products and services. Compensation received in connection with clients’

purchase or sale of stocks, bonds, mutual funds, other securities or insurance products through us or our affiliates may include commissions, spreads, markups and markdowns, and distribution or other fees. We will also benefit from the possession or use of free credit balances in client accounts, subject to the restrictions imposed by Rule 15c3-3 under the Exchange Act.

As a broker-dealer effecting transactions on behalf of clients, including those clients who have purchased financial planning products, we or an affiliate may act as agent or as principal for our own account, as permitted by applicable law. Similarly, we or an affiliate may, in transactions involving such clients' securities, act as agent while also representing another client on the other side of the transaction. In addition, we or our affiliates may have a position in, or enter purchase or sale orders for, securities recommended to clients in the normal course of our business as a broker-dealer. We and/or our affiliates may profit from these positions or transactions in securities.

We, acting in our broker-dealer capacity, may recommend that financial planning clients invest in a variety of limited partnerships and limited liability companies, for which certain of our affiliates may act as general partners or managing members. The investments of the limited partnerships may vary but include, without limitation, securities, real estate and futures. We and/or our affiliates may profit from such investments.

INVESTMENTS IN SECURITIES BY MERRILL LYNCH AND OUR PERSONNEL

We and our affiliates act in a variety of capacities to a wide range of clients. From time to time in the course of those duties, confidential information may be acquired that cannot be divulged or acted upon for advisory or other clients. Similarly, we may give advice or take action with regard to certain clients, including Planning Services clients, which may differ from that given or taken with regard to other clients. This includes the advice given or actions taken with respect to certain securities or investment managers. In some instances, the actions taken by affiliates with respect to similar services and programs may conflict with the actions taken by us. This is due to, among other things, the differing nature of the affiliate's investment advisory service and differing processes and criteria upon which determinations are made.

We may share our analyses of securities with Financial Advisors and others within Merrill Lynch or our affiliates. In certain cases, this may precede the implementation of investment management decisions in investment advisory accounts. Financial Advisors may consider such analyses in connection with services provided to brokerage and other customers who are not clients participating in any investment advisory program.

Many of the conflicts related to participation or interest in client transactions and personal trading are less pronounced in the context of financial planning products, such as Planning Services, because the report does not make specific investment recommendations or analyze particular securities. Rather, the report typically contains a proposed asset allocation model based upon your stated risk tolerance, age, current asset allocation and value of the assets. We nevertheless attempt to address conflicts of interest through disclosure in this Brochure and other disclosure documents. Merrill Lynch Financial Advisors are required to recommend investment advisory programs, investment products and securities that are suitable for you based upon your investment objectives, risk tolerance and financial situation and needs. In addition, we have established a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among client accounts as well as between client accounts and our business. For example, our personnel also are subject to personal trading restrictions as detailed in our policies and procedures and Code of Ethics. These policies and procedures and the Code of Ethics require our Financial Advisors to obtain preapproval for certain securities transactions, disclose their investment accounts, and provide or cause Merrill Lynch to receive annual holdings reports and quarterly transaction reports.

BROKERAGE PRACTICES

As described above, Planning Services is an investment advisory service that is completed upon the delivery of the report. You are neither required to implement any of the recommendations made in Planning Services, nor are you required to transact business with us if you choose to implement any aspects of a report. If you choose to implement any or all of the recommendations made in the report through us, we will be acting solely as a broker-dealer, not as an investment adviser (unless otherwise agreed in writing).

REVIEW OF ACCOUNTS

Planning Services results in a one-time report and does not provide ongoing advice. Accordingly, there are no account reviews. We do not provide Planning Services clients with regular reports. However, you will receive a Planning Services report that includes a proposed asset allocation model for you to consider.

CLIENT REFERRALS AND OTHER COMPENSATION

We have entered or may enter into marketing arrangements with third parties who, for compensation, will provide certain services to us in connection with the marketing of our various advisory services for referring prospective clients to us. Each such marketing arrangement is or will be governed by a written agreement between us and the third party, and will be disclosed to you, as required by law.

Our employees may refer advisory clients to BANA, including its private bank, U.S. Trust, Bank of America Private Wealth Management, and other affiliates for products and services. Similarly, employees of BANA and its affiliates may refer clients to us for brokerage or advisory services. These referrals may involve the payment of referral fees between Merrill Lynch and BANA or its affiliates.

CUSTODY

We do not have custody of client funds and securities in connection with Planning Services.

INVESTMENT DISCRETION

We do not accept discretionary authority in connection with Planning Services.

VOTING CLIENT SECURITIES

Planning Services generally does not make specific investment recommendations or analyze particular securities. Accordingly, Planning Services does not involve the voting of client securities.

FINANCIAL INFORMATION

Not applicable.

GLOSSARY

“Advisers Act” means the Investment Advisers Act of 1940, as amended.
