

Merrill Lynch Managed Account Service®

WRAP FEE PROGRAM BROCHURE

Merrill Lynch, Pierce, Fenner & Smith Incorporated
One Bryant Park
New York, NY 10036
(800) 637-7455
www.ml.com

This wrap fee program brochure provides information about the qualifications and business practices of Merrill Lynch, Pierce, Fenner & Smith Incorporated ("Merrill Lynch") relating to the Merrill Lynch Managed Account Service. If you have any questions about the contents of this brochure, please contact us at 800-MERRILL (800-637-7455). The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission ("SEC") or by any state securities authority. Investment adviser registration does not imply a certain level of skill or training.

The advisory services described in this brochure are not insured or otherwise protected by the Federal Deposit Insurance Corporation or any other government agency; are not an obligation of any bank or any affiliate of Merrill Lynch; are not endorsed or guaranteed by Bank of America, N.A., Merrill Lynch, any bank or any affiliate of Merrill Lynch; and involve investment risk, including possible loss of principal.

Additional information about Merrill Lynch also is available on the SEC's website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

MATERIAL CHANGES

On March 16, 2015, Merrill Lynch filed its last annual update for its Merrill Lynch Managed Account Service® brochure ("Brochure" or "Disclosure Statement"). Set forth below is a summary of the material changes to this Brochure since that date. This summary of material changes is designed to make clients aware of information that has changed since the Brochure's last annual update and that may be important to them. The material changes summarized below were also incorporated within this Brochure. Capitalized terms that are not defined in this Brochure have the meanings provided in the Glossary.

No material changes have been made since the last annual update was filed for this Brochure.

SERVICES, FEES AND COMPENSATION

Merrill Lynch, Pierce, Fenner & Smith Incorporated (“Merrill Lynch”) is an indirect wholly-owned subsidiary of Bank of America. Capitalized terms that are not defined in this Brochure have the meanings provided in the Glossary. For purposes of this Brochure, “you” and “your” refer to the client. “We,” “us,” and “our” refer to Merrill Lynch.

DESCRIPTION OF MAS

This Brochure relates to the Merrill Lynch Managed Account Service® (“MAS”), an investment advisory and brokerage service offered by Merrill Lynch. This Brochure also contains important information relating to clients’ responsibilities for their accounts, certain conflicts of interest involved with the services offered, and other matters. You should read this Brochure carefully when deciding whether the services are appropriate for you, and ask your Financial Advisor any questions you may have.

In MAS, you select one or more investment managers (each, an “Investment Manager”). You then instruct us to accept orders from your Investment Manager for one or more of your MAS accounts (each an “Account”). Importantly, we will not have discretionary authority over the assets in your Account.

You have sole discretion in the selection of your Investment Managers and Strategies, and, except as described below, we have not and will not evaluate any Investment Manager or your Investment Manager’s investment style or Strategy for compatibility or suitability with your objectives. Further, we do not and will not conduct any due diligence on, or ongoing monitoring of, any Investment Managers.

To open an Account, you must enter into an investment advisory agreement with us (the “Client Agreement”) and designate your Investment Manager. You must also complete documentation for your underlying Merrill Lynch securities account that provides us with information regarding your overall circumstances, financial goals and risk profile, as well as your Account’s investment objective and other important information with respect to your Account (the “Underlying Account Documentation”). Because we may rely on the information furnished in the Underlying Account Documentation to advise you with respect to your Account, it is important that you understand and represent in the Client Agreement that the information furnished therein is accurate and complete in all material respects and that you will promptly notify your Financial Advisor of any material changes. If you select certain types of Investment Managers, you will be required to execute additional documentation, as described more fully in the section *Investment Managers* below.

We want you to know a few things up front about MAS, including:

- You enter into the Client Agreement with Merrill Lynch;
- As described in greater detail below, you agree to pay Merrill Lynch an annual asset-based fee (“ML MAS Fee”) for your Account that is negotiable depending upon a number of factors;
- You will need to enter into a separate agreement with your selected Investment Manager;
- Your Investment Manager will charge you a separate advisory fee for its services; and
- Your Investment Manager is exclusively responsible for the discretionary management of your assets.

The scope of any investment advisory relationship we have with you is defined in the Client Agreement you sign for MAS. When you are enrolled in MAS, we act as your investment adviser only for your Account and not any other assets or accounts, unless otherwise separately agreed to by us in writing. Our MAS advisory relationship begins when we enter into the Client Agreement with you, which occurs at the later of the date

of acceptance of the signed Client Agreement by us or the date you have contributed assets in the Account. Preliminary discussions or recommendations before we enter into the Client Agreement with you are not intended as investment advice and should not be relied on as such.

In addition to MAS, Merrill Lynch offers a wide variety of investment advisory services. These include but are not limited to, the following: Merrill Lynch Investment Advisory Program, Merrill Lynch Consulting Services, Merrill Lynch Defined Contribution Investment Consulting Services, and Merrill Lynch Strategic Portfolio Advisor® Service. Merrill Lynch also offers the following investment advisory services, however, these are generally closed to new enrollments: Merrill Lynch Consults®, Merrill Lynch Unified Managed Account, Merrill Lynch Personal Investment Advisory® program, and Merrill Lynch Personal Advisor® Program. Other advisory services are offered by our affiliates. Impersonal investment advice (general advice not tailored to the specific needs of any individual) in the form of publications or research may also be available. In addition, we offer financial planning services, including (but not limited to) Wealth Management Analysis Report and Merrill Lynch Private Planning ServicesSM. More information about these programs and services is contained in the applicable Merrill Lynch brochure (or Merrill Lynch Form ADV, Part 2A) and is available upon request or through the SEC's website at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx. For more information about these or other services that are available, please contact your Financial Advisor.

OVERVIEW OF MAS SERVICES

As described more fully below, we execute securities transactions upon the instructions of your Investment Manager. We also provide clearance and settlement of transactions, custody of Account assets, and additional services provided to all our clients with assets held by us as a custodian. These services also include:

- Automatic sweep of cash in your Account (whether held in your Account for temporary reasons or as part of an asset allocation strategy) into an affiliated bank deposit account, money market mutual fund (or other options available at the time), if a sweep option is available with your underlying securities account;
- Margin facilities;
- Periodic performance reports ("Performance Reports"); and
- The ability to receive periodic (as opposed to trade-by-trade) confirmation delivery and the ability to direct your Investment Manager to vote proxies and receive other issuer-related materials such as annual and quarterly reports.

INVESTMENT MANAGERS

We designed MAS to accommodate your selection of an Investment Manager or Strategy of an Investment Manager that is not currently available in a Merrill Lynch investment advisory program to exercise discretion and provide investment advice in a Merrill Lynch securities account. You should understand you assume important responsibilities regarding your Investment Manager. You are solely responsible for negotiating your agreements with your Investment Managers, and neither Merrill Lynch nor our Financial Advisors will participate or advise you regarding the terms of such agreements, the advisability of entering into such agreements, or of continuing the retention of your Investment Manager. We strongly encourage you to contact your Investment Manager on a periodic basis to:

- Discuss your Account and its investment performance;

- Review your Investment Manager's philosophy and style of management (so that you may determine the ongoing compatibility of your Investment Manager to your level of risk tolerance);
- Discuss any restrictions you may wish to impose or modify on your Account;
- Request information regarding conflicts of interest between you and your Investment Manager; and
- Receive a current copy of your Investment Manager's Form ADV filing and/or brochure for review.

We also suggest that you should periodically check the registration status and other information regarding your Investment Manager, including disciplinary events, at the SEC's website:
http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

You assume responsibility for monitoring your Investment Manager's performance. We will not:

- Perform any ongoing due diligence review with respect to your Investment Manager;
- Make any representation concerning your Investment Manager's abilities or qualifications as an investment adviser;
- Bear responsibility for the services rendered, for information provided, or for any recommendations made by your Investment Manager with respect to your Account;
- Endorse, recommend or otherwise suggest that your Investment Manager will make suitable investment decisions for you; nor
- Undertake to investigate or monitor the suitability of your Investment Manager's investment decisions.

Your Investment Manager may have certain conflicts of interest, which we and our affiliates or your Financial Advisor may not be aware of and are under no obligation to investigate. You are encouraged to speak with your Financial Advisor and Investment Manager to discuss any questions that you may have about existing or potential conflicts of interest relating to your Investment Manager. We note that certain Investment Managers may be Related Managers and your ability to use Related Managers as part of MAS presents potential conflicts of interest for the Related Manager and us. We discuss these conflicts in the section entitled *Portfolio Manager Selection and Evaluation - Related Persons*.

MARGIN, UNCOVERED OPTIONS AND SHORT SALES STRATEGIES

In certain circumstances, your Investment Manager may employ margin, write uncovered options and/or sell securities short (collectively, "Options and Margin Strategies"). As disclosed in the securities account documentation you execute allowing the use of margin in your Account, if your Investment Manager uses margin to purchase securities, our collateral for the loan will be the securities purchased for your Account and any other accounts you maintain at Merrill Lynch. You should read this documentation carefully. If the securities in a margin account decline in value, so does the value of the collateral supporting the margin loan, and, as a result we can take actions, such as issuing a margin call or selling securities or other assets maintained at Merrill Lynch in order to maintain the required equity in the account. Overall, margin increases the losses you would sustain, as compared to an unleveraged Account, in declining markets that negatively affect the value of securities bought on margin. You assume full responsibility for your Investment Manager using margin to buy securities. If you determine that you no longer want your Investment Manager to use margin in your Account, you are responsible for notifying your Investment Manager of such determination. We are not responsible for any losses resulting from Investment Manager's failure or delay in implementing such instructions. You may also discontinue use of margin in your Account according to the terms of the Margin Agreement. If you terminate the Margin Agreement, you

are responsible for notifying your Investment Manager of such termination. We are not responsible for notifying your Investment Manager of the termination of the Margin Agreement or for any losses resulting from your failure to so notify your Investment Manager.

In certain circumstances, your Investment Manager may write uncovered options and sell stock short in your Account. If you permit your Investment Manager to write uncovered options, you will be exposed to potentially significant losses. For a call option, if the value of the underlying instrument increases above the exercise price, you can incur large and unlimited losses until the option expires or other contract remedies are pursued. For a put option, you bear the risk of loss if the value of the underlying instrument declines below the exercise price. If your Investment Manager writes combination or straddle options (where your Investment Manager writes both a put and a call option on the same underlying instrument), your potential risk of loss is unlimited. Further, if a secondary market in options were to become unavailable, your Investment Manager could not engage in a closing transaction and you would remain obligated until expiration or assignment. To engage in options transactions, you need to execute an option account agreement and, under the terms of that agreement, if you do not meet applicable margin payment requirements, we may liquidate stock, options or other account positions in your Account, with little or no prior notice to you.

Selling stock short raises similar risks as writing uncovered call options and you will assume similar risks of loss.

The costs, risks and other features and conditions of margin and short sales are more fully described in the brokerage documentation authorizing the use of Options and Margin Strategies in your Account.

REASONABLE INVESTMENT RESTRICTIONS

You may impose reasonable investment restrictions on your Accounts, but you must communicate such restrictions directly to your Investment Manager. It is your responsibility to monitor such investment restrictions, review such investment restrictions with your Investment Manager, and advise the Investment Manager of any discrepancies or modifications to such restrictions. You should understand that your Investment Manager, not Merrill Lynch, will be responsible for complying with your restrictions, if any, and we and your Financial Advisor shall not be responsible for implementing or monitoring your restrictions. For more information on investment restrictions, please see the section *Risk and Tax Disclosure* below. If you have selected to restrict investments in your Account, you accept any effect such restrictions may have on the investment performance and/or diversification of the Account.

RISK AND TAX DISCLOSURE

By enrolling in MAS, you need to be aware of, and be willing to assume, the risks involved with investing in securities and other investment products, and you could lose all or a portion of the amount invested. You also need to understand that all investments involve risk (the amount of which may vary significantly), that investment performance cannot be predicted or guaranteed, and that the value of your Account holdings will fluctuate due to market conditions and other factors.

You should read the prospectus or disclosure document, as applicable, for any security or investment product in which your Investment Manager invests, which contains important information about risk factors relating to the security or investment product.

Any benchmarks referred to in connection with your Account and included in any Performance Report are not assurances or guarantees of the performance of any investments in or of your Account. Market movements, the investment decisions of your Investment Manager, and other factors may result in significant differences between the performance of Account assets and any investment objectives made

known to us. You acknowledge that the investments made and the actions taken for your Account will be subject to various market, liquidity, currency, economic and political risks, and may decline in value. You further acknowledge that we do not assume responsibility for or endorse the investment decisions made by your Investment Manager, which may involve additional and significant risks.

MAS has been designed to accommodate your selection of your Investment Manager. By deciding to allow your Investment Manager to give investment directions to us, you assume the risks associated with your Investment Manager's investment decisions. (See the section *Investment Managers* above.) Accordingly, if your Investment Manager assembles a Concentrated Position in your Account, you assume the risk of a substantial loss in value to the entire Account if there is a decline in the Concentrated Position or industry sector. Similarly, if your Investment Manager effects trades in securities that we do not follow or has a contrary recommendation, you do so at your own risk. Moreover, if your Investment Manager chooses to make use of margin to effect transactions in your Account, you assume the risk associated with margin transactions, including that losses in the value of an asset purchased on margin are magnified as a result of the use of borrowed money. Generally, we believe that these investment styles add risk to a portfolio that you should not assume unless you are prepared to experience significant losses in the value of your Account. Ultimately, as between you and us, you bear the risk of all of these decisions.

If your Investment Manager uses Concentrated Positions, you assume additional risk, including:

- You may incur substantial losses in your Account based upon the loss in value of a single security or industry sector; and
- A large Concentrated Position may substantially impact your Investment Manager's ability to diversify your Account.

If your Investment Manager uses a Margin Strategy, you assume additional risk, including:

- You can lose more funds than amounts deposited in margin accounts;
- We can force the sale of securities or other assets in your Merrill Lynch Account(s);
- We can sell your securities and other assets without contacting you;
- You are not entitled to choose which securities or other assets in the Account are to be liquidated or sold to meet margin calls;
- We can increase our "house" maintenance margin requirements at any time without advance written notice;
- You are not entitled to an extension of time on a margin call; and
- If a margin call cannot be fully satisfied from assets in your Account, you will remain liable for the outstanding debt.

If your Investment Manager writes uncovered options, you assume additional risk, including:

- You will be exposed to potentially significant losses;
- If your Investment Manager writes an uncovered call option, if the value of the underlying instrument increases above the exercise price, you can incur large and unlimited losses until the option expires or other option contract remedies;
- If your Investment Manager writes an uncovered put option, you bear the risk of loss if the value of the underlying instrument declines below the exercise price;

- If your Investment Manager writes combination or straddle options (where a put and a call option are written on the same underlying instrument), the potential risk of loss is unlimited;
- If a secondary market in options were to become unavailable, your Investment Manager could not engage in a closing transaction and you would remain obligated until expiration or assignment; and
- In accordance with the option account agreement, if you do not meet applicable margin payment requirements, we may liquidate stock or options positions in your Account, with little or no prior notice to you.

Please note that short selling stock has similar risks as those described above regarding writing uncovered call options.

You acknowledge that your Investment Manager may sell all or a portion of the securities in your Account, either initially or during the course of your participation in MAS. You are responsible for all tax liabilities arising from these transactions. We and your Financial Advisor will not offer tax advice to you on any such issues. You are strongly encouraged to seek the advice of a qualified tax professional. In addition, if you are not a resident of the United States, you assume the adverse tax consequences.

We will not be responsible for making any tax credit or similar claim or any legal filing (including, but not limited to, proofs of claim) on your behalf.

FUNDING AND OPERATION OF MAS ACCOUNTS

FUNDING, WITHDRAWALS AND ADDITION OF ASSETS IN MAS ACCOUNTS

You are responsible for notifying your Investment Manager of any deposits made into your Account and to instruct your Investment Manager to liquidate positions in the event you wish to withdraw assets from your Account. We have no responsibility to invest cash deposits (other than cash sweeps described below) or liquidate positions for withdrawal, tax purposes or for other situations, nor do we have responsibility for any losses that may result from your failure to notify your Investment Manager. Unless otherwise agreed, your Account will be credited with any dividends, interest and principal paid on assets held in your Account.

FUNDING ACCOUNTS

You may fund your Account with securities and shares of open-ended mutual funds acceptable to us. You should consider all relevant factors before contributing mutual fund shares to your Account, including the fact that:

- Your Investment Manager may not be able to purchase additional shares of that or any mutual fund in your Account (as described below);
- You may have paid a front-end sales charge or may be subject to CDSC or redemption fees; and
- Such sales charges and fees, if applicable, will remain your responsibility and will be in addition to your ML MAS Fee. If you contribute mutual fund shares to your Account, you must have held such mutual fund shares for at least sixty (60) days or purchased such mutual fund shares at net asset value.

Clients should understand that upon their account enrollment in the MAS program, the following services will not be available for that account: Checks, Visa® debit cards, web bill pay, online client orders, and systematic withdrawal services such as Move Money®/funds transfer disbursements. Similarly, the enrollment of an account in AIPS will be suspended during your participation in MAS, except to the extent

that you have authorized the automatic transfer of cash into the Account. Additional assets contributed through AIPS will be invested at your Investment Manager's discretion.

RETIREMENT ACCOUNTS

If you are a Retirement Account client, you should understand that our services described herein are offered in order to assist plan fiduciaries as we carry out their investment-related responsibilities and are not intended to be a basis for your decisions. Moreover, these services should not substitute for or diminish the careful deliberation and determination of your plan fiduciaries, after appropriate consultation with your other professional advisers and the review of relevant plan documentation.

CUSTODIAL ARRANGEMENTS

Generally, we or one of our affiliates will act as the custodian for the assets held in your Account. Assets will be maintained in one or more central asset accounts established at Merrill Lynch through the applicable securities account. Pursuant to the Client Agreement, you have agreed to open any necessary securities accounts and execute the Underlying Account Documentation. If you already have an existing Merrill Lynch securities account and instruct us to open a similar type of account for MAS, the Underlying Account Documentation for your existing Account will apply with full force and effect to your new Account.

In limited circumstances, if we agree, you may use a custodian that is not our affiliate (an "Unrelated Custodian") to maintain custody of your Account assets. If you choose an Unrelated Custodian, you will be responsible for all related custodial fees and expenses that will be in addition to the ML MAS Fee (as described in the section entitled *Services, Fees and Compensation - Account Fees* below). Furthermore, the performance reports we provide for your Account will be based upon information provided by the Unrelated Custodian, which we will use for purposes of calculating the ML MAS Fee. We will not be responsible for verifying the accuracy of such information or any losses or errors by an Unrelated Custodian with respect to your Account. You have agreed to promptly notify your Investment Manager with respect to any additions of assets to your Account maintained at the Unrelated Custodian and have agreed that we will not be responsible or liable for any losses due to your failure to provide such prompt notification.

Any assets held in your Account must be free from any lien, charge or other encumbrance (other than a lien, charge or other encumbrance in favor of us or our affiliates). Such assets must remain so, unless you notify us and we agree. You must notify us in writing prior to effecting loans secured by securities in your Account (including loans by our affiliates) as described below (commonly referred to as "collateralizing"). You understand that we will not provide advice on or oversee any of your collateral arrangements. In the event of any conflict between the terms of the Client Agreement and your collateral arrangements, the terms of the Client Agreement will prevail. You must also disclose to any lender the terms of the Client Agreement. No specific securities in your Account must be held as collateral to secure your loan. You should be aware of the adverse effects of collateralizing Accounts, including, but not limited to, the fact that the lending institution may require additional collateral or liquidation of securities held in your Account to meet a call, as well as the related tax consequences. You must promptly notify us of any default or similar event under your collateral arrangements as defined in the respective collateral arrangements.

Cash balances in Accounts with Unrelated Custodians will not be subject to the same sweep arrangements as securities accounts held at Merrill Lynch (as described in the subsection *Account Fees - Investments of Cash Balances* below). You or your Investment Manager should establish appropriate sweep arrangements with the Unrelated Custodian. Your assets held by Unrelated Custodians may not be protected by the Federal Deposit Insurance Corporation ("FDIC"), SIPC or "excess" SIPC coverage.

**LOANS AND COLLATERAL**

Your Account assets may be “pledged” or used as collateral, with our consent, in connection with loans obtained through certain unaffiliated or affiliated loan programs, such as, but not limited to, the securities based lending Loan Management Account® (“LMA”) and Mortgage 100®/Parent Power® mortgage programs (collectively referred to as “Lending Programs”). Under such Lending Programs, you may receive loan proceeds as a result of an arrangement whereby your Account is pledged to a lender, and in certain circumstances, the lender may be an affiliate of us. If you have elected to participate in a Lending Program, the terms and conditions applicable to that Lending Program are governed by the applicable loan documents and other service agreements and are not included or described further in this Brochure. You should review carefully the terms, conditions and any related risk disclosures for such Lending Program and understand that such risks may be heightened in the event you hold a concentrated position in your pledged Account or if your pledged Account makes up all, or substantially all, of your overall net worth or investable assets. A collateral call could disrupt your selected Investment Manager’s investment strategy for the Account. You, your Financial Advisor or your selected Investment Manager may not be provided with prior notice of a liquidation of the securities in your pledged Account. You, your Financial Advisor and your selected Investment Manager may not be entitled to choose the securities which are to be liquidated by the lender. The costs associated with such a lending arrangement under a Lending Program are not included in the ML MAS Fees and may result in additional compensation to us, our affiliate(s) and our Financial Advisors. You should consult with your own independent tax advisor in order to fully understand the tax implications associated with pledging your Account as loan collateral and the potential liquidation of pledged assets. You are encouraged to speak with your Financial Advisor to the extent you have questions about how your Account may be used in connection with a Lending Program and how such arrangement should be taken into consideration when discussing the management of your Account.

INVESTMENTS OF CASH BALANCES

Cash balances and funds pending investment will automatically be invested or “swept,” temporarily, as part of an asset allocation or for defensive purposes, according to the cash sweep option that you selected in the Underlying Account Documentation for the Account; provided, however, that for newly opened Merrill Lynch securities accounts, no sweep option will take effect (i.e., your cash will not be deposited/invested in such sweep option) until Merrill Lynch receives your signed securities account agreement as part of the Underlying Account Documentation. Your failure to return your signed underlying Merrill Lynch securities account agreement may result in your Account’s termination from MAS, among other things. Depending upon the type of securities account that you have established, cash balances will be swept to one or more Merrill Lynch Banks, Related or Unrelated Money Market Funds, or to another available cash option. Your Investment Manager does not have the discretion to select the sweep investment. With certain account types, a sweep option may not be available. In that case, you will not be invested in one of the above sweep options as part of the Program.

For certain types of securities accounts, as provided in the applicable account agreements with Merrill Lynch, you can choose the particular sweep option and/or direct the investment of cash outside of the sweep. Your Financial Advisor can help you identify the sweep or other cash options, if any, available to you, but neither Merrill Lynch nor your Financial Advisor has the discretion to make the selection for you. Additionally, you may elect a “no sweep” option for the cash balances held in your MAS Account. If you select the no sweep option, your cash balances will remain in your Account until they are needed to satisfy any debits (due to securities purchases or other transactions) in your Account and will not earn interest or dividends. If you elect the no sweep option for your Account, you should understand that Merrill Lynch will continue to charge the MAS Fee on the cash held in your Account even though you are not earning any

interest or dividends on that cash and that may create a conflict between you and us. You should carefully consider whether the no sweep option is right for you.

Cash and assets held in money market funds, deposit accounts or other cash options are included in the value of your Account for the calculation of the ML MAS Fee. Unless otherwise agreed, your Account will be credited with any dividends, interest and principal paid on assets held in your Account.

TRADING IN MAS ACCOUNTS

Your trades are generally placed by, and are the responsibility of, your chosen Investment Manager to whom you have granted the discretionary authority to determine (subject to your investment objectives and constraints) the securities to be bought or sold on your behalf, the amount of such securities, and the brokers or dealers to be used in such transactions.

The Investment Manager you select is obligated, absent your direction to the contrary, to effect transactions with or through those brokers or dealers that, in the Investment Manager's view, are capable of providing best price and execution of orders for your benefit.

If the Investment Manager determines to execute a purchase or sale of any security for your Account through a broker or dealer other than us, any resulting execution charges will be separately charged to that Account. Because of our execution capabilities and because the ML MAS Fees you pay cover transaction charges only when transactions are executed through us, we expect that your transactions will generally be executed through a broker or dealer other than us only when required by applicable law or your Investment Manager placing the transaction reasonably believes, in good faith, that such other broker-dealer will provide better price and execution, net of any additional resulting transaction costs which will be charged to your Account when transactions are effected through a broker or dealer other than us.

However, the Investment Managers are not obligated to solicit competitive bids for each transaction or to seek the lowest available commission cost, so long as they reasonably believe that the broker-dealer selected can be reasonably expected to provide best execution under the circumstances and they determine, in good faith, that the commission cost is reasonable in relation to the value of the brokerage and, where applicable, research services (if any) are provided. The cost advantage associated with using us to execute trades for your Account is expected to alter the way in which each Investment Manager satisfies his or her duty to seek best execution.

We and our affiliates will ordinarily act as agent in executing transactions on behalf of MAS clients. Principal transactions may also be effected for MAS clients under the appropriate circumstances as permitted by law. Principal transactions may be subject to a dealer spread (*i.e.*, the difference between the bid and the offer price), which may result in additional compensation or other benefit to us. Transactions in securities customarily traded in dealer markets (such as fixed-income or over-the-counter securities) that are purchased from or sold to broker-dealers other than us may include markups or markdowns by these firms.

In accordance with the instructions of your Investment Manager and your authorization, our execution services (or those of an affiliated broker-dealer) will generally be used for the purchase and sale of securities for MAS, unless you designate another broker-dealer or applicable law is to the contrary. However, in buying or selling certain securities (particularly those that customarily trade in "dealer markets"), we may, for legal or other reasons, cause such transactions to be effected through a bank, broker or dealer that is not affiliated with us ("Unaffiliated Investment Firm"). When we select an Unaffiliated Investment Firm to execute transactions, we will take into account various factors, such as:

- The nature and quantity of the securities involved;
- The markets involved;
- The importance of speed, efficiency and confidentiality;
- The firm's apparent knowledge of such markets and sources from or to whom particular securities might be purchased or sold;
- The reputation and perceived soundness of the broker-dealer;
- The ability and willingness of the firm to facilitate both purchases and sales of securities for client accounts by participating in such transactions for its own account;
- The firm's clearance and settlement capabilities; and
- Other factors relevant to the selection of a broker-dealer for the execution of your securities transactions.

ML MAS Fees do not cover transaction charges or other charges, including markups and markdowns, resulting from trades effected through or with a broker-dealer other than us or our affiliates. In addition, ML MAS Fees do not cover transaction and other charges incurred by Funds held in MAS Accounts. Purchases of securities from an underwriter or dealer in a distribution will be effected at the public offering price.

Your transactions are effected by us on the instruction of your selected Investment Manager. Accordingly, it should be understood that, for any and all transactions effected by or through us in an MAS Account at the direction of your Investment Manager, we are acting exclusively as a broker-dealer in relation to such transactions.

We and the MAS Investment Managers may, but are not required to, aggregate orders for the sale or purchase of securities for your Account with orders for the same security for our other clients, proprietary accounts or the accounts of our employees and/or related persons, without your prior authorization. In such cases, each account in the aggregated transaction will be charged or credited with the average price and, when applicable, its pro rata share of any fees.

When we execute transactions in foreign ordinary securities outside the United States, we may use the services of foreign Unaffiliated Investment Firms. These foreign Unaffiliated Investment Firms may handle your order as agent and assess a commission charge, or they may transact as principal and receive a dealer spread or markup/down. Additionally, to the extent a foreign currency conversion transaction is required to facilitate trade settlement, the foreign Unaffiliated Investment Firm (or its affiliate) effecting the currency conversion will be remunerated in the form of a dealer spread or markup/down. Although the remuneration received by the foreign Unaffiliated Investment Firm is not disclosed to or by us in net price transactions, we will undertake, upon your written request, to determine or ascertain from the contra-party this remuneration in a given transaction for your Account. The commission charges and/or dealer spreads of foreign Unaffiliated Investment Firms may also accrue when foreign issuers terminate an ADR facility, thereby necessitating conversion of ADRs to foreign ordinary share form. In such circumstances, the prices obtained for the post-conversion security may be less beneficial to you than if the ADR remained intact. These commission charges and/or dealer spreads are in addition to the ML MAS Fee payable under the Client Agreement.

We and our affiliates may effect agency-cross transactions in which we or one of our affiliates acts as broker for the parties on both sides of the transactions involving MAS or other clients in accordance with applicable law. When effecting such crossing transactions, we or our affiliates may receive compensation

(the amount of which may vary) from the other party to such transactions, which compensation from the other party would be in addition to the fees described herein. While such compensation, in theory, could create a potentially conflicting division of loyalties and responsibilities, transactions involving MAS are directed by your Investment Manager, and we will be acting solely as a broker-dealer in connection with such trades.

We seek to effect transactions correctly, promptly and in the best interests of clients. In the event an error occurs in our handling of client transactions, we seek to identify and correct any errors as promptly as possible without disadvantaging the client. Depending on the circumstances, corrective actions may include canceling the trade, adjusting an allocation, and/or reimbursing the client. In general, in instances where we are responsible for effecting the transaction, we may: (i) reimburse clients for any losses directly resulting from trade errors; (ii) credit to the client any profits directly resulting from such trade errors that are corrected after the settlement of the transaction; or (iii) retain any profits directly resulting from such trade errors that are corrected prior to the settlement of the transaction.

PROXY VOTING AND OTHER LEGAL MATTERS

Unless otherwise designated on the MAS Client Agreement or other writing addressed to us (or another custodian you select), you direct your Investment Manager for your Account to vote the proxies and receive other issuer-related material relating to the securities held in your Account, and you represent in the Client Agreement that, under any applicable instruments or governing law, you are authorized to make such direction. To the extent that we are the custodian and voting instructions are not received, we will comply with the rules and policies of the SEC and applicable self-regulatory organizations, consistent with our role as a non-discretionary custodian.

In addition, we do not advise or act for you regarding any legal matters, including bankruptcies and class action, pertaining to the securities held in your Account, nor will we be responsible for making any tax credit or similar claim or any legal filing (including, but not limited to proofs of claim) on your behalf. Unless otherwise agreed, we will send you any documents we receive for client distribution with regard to such matters.

ACCOUNT FEES

You will be charged the ML MAS Fee, payable quarterly in advance on all assets in your Account, including assets held by an Unrelated Custodian and assets purchased on margin or other extensions of credit by us or our affiliates. The ML MAS Fee covers the services we render, including custodial, transaction, execution, quarterly performance reporting, and fees for other account-related services provided by us or our affiliates with respect to your Account. The ML MAS Fee does not cover the services of Investment Managers. The full amount of the ML MAS Fee payable under the Client Agreement will be charged in accordance with the terms of the Client Agreement, regardless of your use of any of the services offered under MAS or the amount of transactions your Investment Manager chooses to effect in your Account. Typically, the ML MAS Fee is charged on the second Tuesday of January, April, July and October.

The ML MAS Fee schedule is generally as follows:

Dollar Value of Assets In Each MAS Account	Annual Equity/ Balanced/Convertible/ REIT Fee Schedule	Annual Fixed- Income Fee Schedule
Up to \$1 million	1.80%	.65%
\$1,000,000 – 1,999,999	1.35%	.65%
\$2,000,000 – 4,999,999	1.35%	.50%
\$5,000,000 – 9,999,999	1.00%	.45%
\$10 million or greater	Determined by Mutual Agreement	Determined by Mutual Agreement

For purposes of determining whether a reduced ML MAS Fee rate applies, we will consider the aggregate value and composition of assets in your Account(s). The ML MAS Fee rate applicable to an Account will not change during a calendar quarter, and any decrease in the ML MAS Fee rate will take effect at the beginning of the next calendar quarter.

You should note that any security purchased prior to enrolling in MAS and subsequently transferred into a MAS Account will be subject to the ML MAS Fee. This means that you may pay both an up-front commission (when the security was purchased prior to enrolling in MAS) as well as a ML MAS Fee (once enrolled in MAS) in connection with the purchase of the same security.

The ML MAS Fee you pay may be negotiable depending on a number of factors. Such factors include, but are not limited to, the:

- Amount of your assets;
- Number and size of your related accounts maintained at Merrill Lynch and our affiliates;
- Range and extent of services provided or to be provided to you; and
- Financial Advisor assisting you.

The ML MAS Fee that is negotiated is subject to change. Upon request, and at no charge, we will provide additional detailed information regarding your ML MAS Fee. Please contact your Financial Advisor if you would like to receive this more detailed ML MAS Fee information.

Other pricing arrangements, typically involving multiple accounts, products or services, may also be available to certain clients. While clients entering into such arrangements may pay higher fees for any particular component being offered, such as fees higher than those shown above for MAS, the pricing arrangement as a whole will generally result either in the same or lower fees in aggregate for all the accounts, products or services provided or for the inclusion of additional products and services.

We may, from time to time, enter into specialized agreements to provide particular or unique services to certain clients, subject to negotiated fees. The fees for certain of the services described in this Brochure may be reduced for our employees or affiliates or clients who may be subject to prior fee schedules. For more information regarding the above programs or any other services we offer, please contact your Financial Advisor.

CALCULATION OF ACCOUNT FEES

The ML MAS Fee is based on the estimated market value of your Account, including the full value of mutual fund shares used to fund your Account and any assets purchased on margin or other extensions of credit by

us or our affiliates, whether in the custody of us or an Unrelated Custodian. Assets in our custody will be valued on a settlement-date basis as of the last business day of the previous calendar quarter, as we determine. For the initial quarter, the ML MAS Fee is calculated proportionally based upon the number of days left in such quarter from the effective date of the Client Agreement. The initial ML MAS Fee is based on the estimated market value of your Account as of the close of business on the day preceding the acceptance of your Account.

As indicated above, the ML MAS Fee will be applied to all assets in your Account, including cash and certain cash equivalents, including assets in your bank deposit accounts(s) and money market fund shares. Cash balances in Accounts with Unrelated Custodians also will be included in the value of your Account for the calculation of the ML MAS Fee. The ML MAS Fee is in addition to other compensation that we will earn in connection with these assets. The ML MAS Fee also is applied to mutual fund shares held in your Account, although additional shares of mutual funds may not be purchased in your Account. (See the section *Participation or Interest in Client Transactions – Funds and Related Investing*.) The ML MAS Fee would not generally be charged on these assets if they were held in a commission-based brokerage account.

Account assets will be valued in a manner determined by us, in our sole discretion, and in some cases may be based on estimates, which are obtained from various sources, and information provided by Unrelated Custodians. Values may vary from prices achieved in actual transactions, especially for thinly traded securities, and are not firm bids or offers or guarantees of any type with respect to the value of assets in your Account. For fixed-income securities, the values assume no unusual market conditions and are generally for transactions of \$1 million or more, which may produce values that are higher than the price that would be achieved in the sale of fewer securities. As a result, the ML MAS Fee may be calculated based on values for some securities that are greater than the amount you would receive if the securities were sold from your Account.

No ML MAS Fee adjustment will be made for contributions or partial withdrawals, or for Account appreciation or depreciation, within a billing period.

The Account value used for the ML MAS Fee calculation may differ from that shown on your securities account statement due to a variety of factors including: trade date or settlement date accounting, treatment of accrued income, round lot valuation and other considerations. It should be noted that the valuation of your securities reported in the Performance Report may be subject to occasional repricing in reasonable and appropriate circumstances, but such repricing will not affect, or result in the adjustment of, the previously calculated ML MAS Fee.

DEDUCTION OF ACCOUNT FEES

As set forth in the Client Agreement, you may authorize us to deduct the ML MAS Fee from your Account. We also may, for your convenience and if so agreed between you and your Investment Manager, deduct from your Account the advisory fee that you have agreed to pay your Investment Manager ("Investment Manager Fee"). We will remit your Investment Manager Fee to your Investment Manager. The Investment Manager Fee will be deducted in addition to, but after, the ML MAS Fee payable to Merrill Lynch. You may also directly remit your Investment Manager Fee to your Investment Manager.

To the extent permitted by law, all assets in your Account or other assets held by Merrill Lynch or any affiliate for you will be subject to a lien for the discharge of your obligation to make timely payment to us, we may sell assets in your Account to satisfy this lien.

ABILITY TO OBTAIN THE MAS SERVICES SEPARATELY

You should be aware that the same or similar services and investments available through MAS, including Funds, may be obtained through other Merrill Lynch programs and/or services, on a separate or combined basis. These other Merrill Lynch programs may provide you with services and investments at rates that may be lower than the ML MAS Fee payable under your Client Agreement.

In addition, a relationship with an Investment Manager also may be maintained in a commission-based brokerage account in which commission-based fees are charged on a per transaction basis. It is your responsibility to review these other account types and programs with your Financial Advisor to determine whether they are more appropriate for you than MAS or should be used in addition to MAS.

In comparing the account types and programs and their relative costs, you should consider various factors, including, but not limited to:

- Your preference for an advisory or brokerage relationship;
- Your preference for a discretionary or a non-discretionary relationship;
- Your preference for a fee-based or commission-based relationship;
- The types of investment products that are available in each program or service;
- Whether a particular investment Strategy as implemented by the Investment Manager in the Account is available through another Merrill Lynch program or service;
- How much trading activity the Investment Manager expects to take place in your Account;
- How much the Investment Manager is expected to allocate to cash;
- Whether the Investment Manager allocates assets to mutual funds and the current restriction on purchasing mutual funds in MAS;
- The frequency and type of client profiling reports, performance reporting and account reviews that are available in each program or service; and
- The scope of ancillary services that may be available to you in a brokerage account, but which are not available in an advisory program.

Further, the ML MAS Fee may be higher or lower than the fees charged by other firms offering comparable services.

OTHER FEES AND EXPENSES

We want you to know that ML MAS Fee does not cover:

- Management fees you pay to your selected Investment Manager (and set by such manager);
- Transaction charges on trades effected through or with an Unaffiliated Investment Firm (including on fixed-income or over-the-counter transactions in which we act as agent);
- Markups or markdowns by other broker-dealers (including on fixed-income or over-the-counter transactions in which we act as agent);
- Transfer taxes;
- Margin interest;

- Fees charged by us or third parties that are not affiliates in connection with short sale transactions;
- Any mutual fund redemption fees and contingent deferred sales charges for mutual fund shares contributed to your Account;
- Exchange or similar fees (such as for ADRs) charged by third parties, including issuers and fees required by the SEC;
- Electronic fund, wire and other account transfer fees; and
- Any other charges imposed by law or otherwise agreed to with regard to your Account.

Among other services provided, we may effect transactions for any Funds, and any compensation paid to us by the Funds, or our affiliates, is in addition to the ML MAS Fees. Due to the additional economic benefit to us when a MAS Account is invested in a Fund, a conflict of interest exists. For more information about other compensation we may receive in connection with MAS and from Investment Managers participating in MAS, see the section below *Client Referrals and Other Compensation - Other Compensation*.

As noted above, on trades effected through or with us, we will not charge a commission on agency transactions. On principal transactions effected with us, as permitted by law, we will not charge a markup or markdown from the prevailing market price on a per-transaction basis for its execution services. However, principal transactions may be subject to a dealer spread (i.e., the difference between the bid and the offer price), which may result in additional compensation or other benefit to us.

Some Investment Managers, particularly fixed-income managers, may batch or aggregate a majority of MAS client transactions with their other clients and place the aggregated order through Unaffiliated Investment Firms for execution. Typically, those Unaffiliated Investment Firms fill orders as dealers and the cost of execution is included in the price of the security as a markup/down. The portion of the aggregated order so executed for MAS clients is then cleared and settled through us in a practice referred to as a “step in.” Clients whose managers place a majority of transactions through Unaffiliated Investment Firms will pay the same (or negotiated) wrap fee to Merrill Lynch as clients whose managers place a majority or all of transactions through us, in addition to the markup/down imposed by the executing broker-dealer. As a result, the portion of the wrap fee payable to us that is attributable, ostensibly, to our execution services is in addition to the imbedded execution costs these clients pay to the Unaffiliated Investment Firm.

Additionally, any security purchased prior to enrolling in MAS and subsequently transferred into a MAS Account will be subject to the ML MAS Fee. This means that you may pay both an up-front commission (when the security was purchased prior to enrolling in MAS) as well as a ML MAS Fee (once enrolled in MAS) in connection with the purchase of the same security.

If your Investment Manager determines to execute a purchase or sale of any security for your Account through a broker or dealer other than us, any resulting execution charges will be separately charged to that Account.

MAS Accounts are generally not permitted to effect margin transactions. However, when so permitted, the margin interest you pay on debit balances is not included in the ML MAS Fee. Financial Advisors may receive additional compensation in such circumstances as well as, in limited cases, from rights or tender offers.

MARGIN, UNCOVERED OPTIONS AND SHORT SALES STRATEGIES

If your Investment Manager uses Options and Margin Strategies, you will incur costs in addition to the ML MAS Fee. Although you will be paid interest on the short market value of any securities sold short in your

Account, Merrill Lynch will also benefit from these short sale positions. The rate of interest paid to you will be determined by Merrill Lynch in our sole discretion and will reflect the retention of compensation by us. In addition, you will be charged fees, as reflected on your Account statements, for any securities that are deemed by us to be “hard-to-borrow” either at the time your Investment Manager sells such securities short or at any time before the short position is “closed out” by your Investment Manager.

Investment Managers that sell securities short will use cash generated from short sales to purchase additional securities, *i.e.*, leverage. If margin is used by your Investment Manager or if adverse market conditions trigger a margin call, you will pay interest pursuant to the Merrill Lynch Margin Lending Program Client Agreement (“Margin Agreement”).

LOANS AND COLLATERAL

If your Account assets are “pledged” or used as collateral, with our consent, in connection with loans obtained through a Lending Program, the costs associated with such a lending arrangement under a Lending Program are not included in the ML MAS Fees and may result in additional compensation to us, our affiliate(s) and our Financial Advisors.

INVESTMENT OF CASH BALANCES

If cash balances are invested in a money market fund, assets held in such money market fund are subject to the Fund’s management, distribution, transfer agent, and other expenses. If cash balances are invested in a Related Money Market Fund, certain of these fees and expenses are payable to us or a Related Company, which may act in a variety of capacities. These fees and expenses are described in the applicable money market fund prospectus and are paid by the money market fund but are ultimately borne proportionately by each investor. These fees and expenses are in addition to, and will not reduce, Account fees, except as required by law.

If cash balances are deposited in the Merrill Lynch Bank Deposit Program, Insured Savings Account Program or Retirement Assets Savings Program, cash will be placed in an account bearing a reasonable rate of interest and the participating depository institution will benefit from its use of the deposits, and we and our affiliate will receive compensation from the participating depository institution, including any Merrill Lynch Bank. Unless waived under applicable law, this compensation will be in addition to, and will not reduce, Account fees. The terms of the Merrill Lynch Bank Deposit Program, Insured Savings Account Program and Retirement Assets Savings Program or any other bank deposit program, as applicable, are described in the disclosures that you received in connection with the underlying Merrill Lynch securities account for your Account, and are also available from your Financial Advisor.

Due to the additional economic benefit that we or a Related Company receive from cash investments, a conflict of interest exists between us and you. However, at times, your Investment Manager (including, where applicable, Merrill Lynch) may believe that it is in your interest to maintain assets in cash, particularly for defensive purposes in volatile markets. Furthermore, there may be a conflict of interest between you and your Financial Advisor where you have elected the “no sweep” option for your cash balances. In such event, your Financial Advisor will continue to earn compensation related to the cash held in your Account even though you are not earning any interest or dividends on that cash. We or your Investment Manager will not be precluded by any of these conflicts from exercising our judgment in your best interest.

COMPENSATION FOR MAS

We, our affiliates and employees benefit from the fees and charges you pay for the services described in this Brochure. You may also use other products or services available from or through us and, in such case,

pay additional compensation. Financial Advisors offering these services and providing ongoing assistance to you will, in turn, receive compensation from us.

Financial Advisors who assist you in enrolling in MAS receive a portion of the ML MAS Fees. Since a Financial Advisor's compensation is based on the total ML MAS Fee charged to you, the Financial Advisor has a disincentive to reduce the ML MAS Fee below a level that will negatively impact the Financial Advisor's revenue on each account. The amount of compensation a Financial Advisor may receive from your enrollment in MAS may also be more or less than the compensation that the Financial Advisor might receive if you had instead participated in other programs offered by us or our affiliates or had purchased the services provided through MAS separately. If there is a difference in compensation, the Financial Advisor may or may not have a financial incentive to recommend you select MAS over other programs or services offered by us or our affiliates.

Further, separate and apart from MAS, Financial Advisors may assist you with your brokerage accounts and recommend the purchase or sale of securities, including stocks, bonds, mutual funds and other investments, as well as other products and services available through us and our affiliates. In such cases, we and our Financial Advisors will receive the compensation that is usually associated with or generated by such products, services and transactions. This compensation may include commissions, markups, or markdowns, asset-based or subscription fees, mutual fund sales loads, Rule 12b-1 fees or other remuneration as may be described in the applicable confirmations, prospectuses, subscription agreements or other offering documents (collectively, "Selling Broker Compensation"). To the extent that a Financial Advisor is a broker of record for the transaction, we and our Financial Advisors may receive Selling Broker Compensation associated for mutual funds that you purchase, including for purchases executed outside of us. You should review all of this material carefully in determining whether to proceed with any such investments. Such compensation will be in addition to the fees charged for MAS. We encourage you to speak with your Financial Advisors at any time about any of these matters, including the extent to which the Selling Broker Compensation varies among share classes.

The MAS program may include Investment Managers that are Related Managers and Unrelated Managers. The selection of Related Managers results in increased compensation to us or an affiliate. Thus, we have a potential conflict of interest when recommending, selecting, monitoring and considering the removal or status change of Related Managers because we and our affiliates have an incentive to favor Related Managers over those whose selection might be expected to result in less total compensation to us and our affiliates.

ACCOUNT REQUIREMENTS AND TYPES OF CLIENTS

CLIENT ELIGIBILITY

Investors eligible to participate in MAS include, but are not limited to, individuals, trust and estates (to the extent allowed by state law), charitable organizations, banks, Retirement Accounts, corporations, or such other participants as we determine in our discretion and in accordance with applicable law.

ACCOUNT MINIMUMS

The minimum account size for a MAS Account generally is \$100,000, but we, in our discretion, may accept accounts less than \$100,000. You may open a MAS Account with cash, readily marketable securities, or a combination of both. When funding an Account with securities, however, you should bear in mind that your Investment Managers may decide to sell all or a substantial portion of such securities and that you will be responsible for any tax or other liabilities (such as CDSC on certain classes of mutual fund shares) resulting from such transactions.

**CLOSING AN ACCOUNT AND/OR TERMINATING THE CLIENT AGREEMENT**

The MAS Client Agreement may be terminated at the direction of you or us as described in that agreement. Upon termination, we will refund any prepaid ML MAS Fees on a pro rata basis as specified in the Client Agreement or as required by law. Termination of the MAS Client Agreement is separate from, and will have no automatic effect on, any agreement entered into between you and each selected Investment Manager, nor will it, in any case, affect or preclude the consummation of any transaction initiated prior to termination. You also have the responsibility to notify your Investment Manager of your decision to terminate the Client Agreement or terminate your agreement with your Investment Manager. You further understand that neither Merrill Lynch nor our Financial Advisors are responsible for notifying your Investment Manager of your decision to terminate the MAS Account or your agreement with your Investment Manager. Neither Merrill Lynch nor your Financial Advisor shall be responsible for any losses incurred by you as a result of your failure to notify the Financial Advisor of the termination of your agreement with the Investment Manager.

Should you desire to begin placing orders with your Financial Advisor for your Account, the Client Agreement may be terminated, and your Account may be converted to a commission-based brokerage account for which transaction-based fees would be charged. You will be responsible for notifying your Investment Manager of the termination of the Client Agreement, as described above. We reserve the right, in our sole discretion, to reject any transaction order from you.

The termination of your Financial Advisor's employment with Merrill Lynch will not automatically terminate the Client Agreement. In the event that your Financial Advisor is no longer able to service your Account, Merrill Lynch may transfer that Account to a different Financial Advisor and you will be notified of any such changes.

PORTFOLIO MANAGER SELECTION AND EVALUATION**SELECTION OF INVESTMENT MANAGERS**

Selection of your Investment Managers is at your sole discretion, and, except as described below, we have not and will not evaluate any Investment Manager or your Investment Manager's Investment Style or Strategy for compatibility or suitability with your objectives. Generally, we do not authorize Investment Managers to make any statements pertaining to us, or any Investment Manager's participation in any Merrill Lynch service or program, including MAS. You represent and warrant that you have independently selected each Investment Manager and Investment Style and believe that each Investment Manager and Investment Style is appropriate for your Accounts. You further represent and warrant that you have not asked for, received or relied upon our advice in making each selection.

We make no representations regarding the qualifications of your Investment Manager. We do not endorse, recommend or otherwise suggest that your Investment Manager will make suitable investment decisions for you. We do not undertake to investigate or monitor the suitability of your Investment Manager's investment decisions. To the extent that you become aware of investment decisions by your Investment Manager that are unsuitable for your Account, you should contact your Financial Advisor or your Investment Manager.

We do not specifically identify or select Investment Managers to participate in MAS, and we do not maintain a roster of approved MAS Investment Managers from which you may select. However, we may have, or may have in the past had, certain relationships or been affiliated with an Investment Manager, as described more fully below.

We do not calculate the performance of Investment Managers, and neither Merrill Lynch nor any third party reviews Investment Manager performance information to verify its accuracy or its compliance with presentation standards. Performance information may not be calculated on a uniform or consistent basis.

You are responsible for the continued review of your Accounts and the performance of your Investment Manager. We are not responsible for the investment decisions your Investment Manager makes. You are responsible for reviewing your Account performance in light of your Account's asset allocation and investment performance, and contacting your Investment Manager if they have questions or concerns. We do not assume responsibility for replacing or recommending the replacement of Investment Managers.

INVESTMENT MANAGERS

Most of your Investment Managers from which we receive investment directions in MAS are Unrelated Managers. However, certain Investment Managers may be, or have been in the past, Related Managers. The status as a Related Manager may create additional conflicts of interest. Unless otherwise noted in this Brochure, the services provided by us and your Financial Advisor to you will not be affected by the type of Investment Manager you have retained, and in MAS, we do not and will not conduct any due diligence on, or ongoing monitoring of, any Investment Managers.

In certain instances your Investment Manager may have referred clients to your Financial Advisor, or Merrill Lynch programs or services, including MAS. In these instances, a conflict of interest may exist between you and your Financial Advisor, Merrill Lynch and/or your Investment Manager. Please ask your Financial Advisor and/or Investment Manager for more information regarding Investment Manager referrals.

Referral-Arrangement Managers

In very limited instances, we have entered into contractual arrangements through which we are compensated for referring you to Referral-Arrangement Managers. If you have been introduced to such a Referral-Arrangement Manager, we will provide a written statement describing the terms of the arrangement and a copy of the Referral-Arrangement Manager's brochure.

You also will be required to sign an acknowledgement of your receipt of these materials. Because we are compensated for referring clients to Referral-Arrangement Managers, certain conflicts of interest exist that you should be aware of and consider before choosing a Referral-Arrangement Manager for MAS.

Legacy Managers

While we may have previously conducted due diligence or ongoing monitoring of Legacy Managers in the Previous Program, we are not responsible for conducting any due diligence or monitoring in MAS beyond that described in this Brochure and the Client Agreement. You should not consider any prior statements that we or your Financial Advisor may have made concerning a Legacy Manager, including any written materials or Legacy Manager information distributed by us, when deciding whether or not to retain the services of a Legacy Manager.

RELATED PERSONS

The MAS program may allow you to use the services of Investment Managers that are Related Managers. The selection of a Related Manager results in increased compensation to us or an affiliate. Again, Merrill Lynch will not recommend and does not provide any due diligence on any Investment Manager, including Related Managers, in MAS.

Merrill Lynch will receive revenue and other economic benefits to the extent that assets in the Account are purchased on margin since the ML MAS Fee is applied to all assets in the Account, including those that have been bought on margin, and also as a result of the imposition of margin interest. Related Managers therefore may have an incentive to use margin to purchase additional Account assets instead of selling an existing Account asset to buy new Account assets. The use of margin to buy additional Account assets keeps the total value of the Account, and the ML MAS Fee imposed, more than it would otherwise be without the use of margin.

A Related Manager may also have an incentive to purchase or hold shares of a Related Fund. A Related Manager or its affiliates may receive investment management fees paid by Related Funds held in your Account. We may be deemed to receive an indirect benefit through the receipt of these fees by a Related Manager.

In addition, other Bank of America affiliates or divisions, such as U.S. Trust, Bank of America Private Wealth Management, may offer their own managed products or wrap programs that may be similar to this or other Merrill Lynch programs. In particular, IMG may also provide advice and/or recommendations to these different affiliates or divisions, including advice related to the recommendation of certain Investment Managers. Importantly, the advice and recommendations provided to us may be different from or conflict with the advice and recommendations provided to other affiliates. This is due to, among other things, the differing nature of the affiliate's investment advisory service and differing processes and criteria upon which determinations are made. For example, IMG may recommend a specific Investment Manager for inclusion in a U.S. Trust program, but not a Merrill Lynch program.

MERRILL LYNCH AND CERTAIN AFFILIATES ACTING AS PORTFOLIO MANAGERS

Advisory Services Provided by Merrill Lynch and Certain Affiliates. Investment Managers, which may include Related Managers, are exclusively responsible for the management of client assets as described in the section *Services, Fees and Compensation*.

Tailored Investment Advice. As described in the section *Services, Fees and Compensation*, you will enter into a separate agreement with your selected Investment Manager, which may be a Related Manager, for the management of your assets. You may impose reasonable investment restrictions on your Account but must communicate such restrictions to your Investment Manager.

Wrap Fee Programs. Merrill Lynch acts as the wrap fee program sponsor and also acts as the portfolio manager in other wrap fee programs sponsored by us. We receive the ML MAS Fee as described in this Brochure. Your Investment Manager, which may be a Related Manager, charges a separate management fee for services. We also act as a portfolio manager in certain investment advisory programs which are not wrap fee programs but are otherwise similar to the program described in this Brochure, such as the Merrill Lynch Mutual Fund Advisor Program.

Performance-Based Fees. The Program does not charge performance-based fees.

Methods of Analysis. As noted in the section *Portfolio Manager Selection and Evaluation*, selection of your Investment Manager is at your sole discretion, and, except as described in such section, we have not and will not evaluate any Investment Manager or your Investment Manager's investment style or strategy. You should understand that all investments involve risk (the amount of which may vary significantly), that investment performance can never be predicted or guaranteed and that the value of your Account will fluctuate due to market conditions and other factors.

Voting Client Securities. As described in the section *Funding and Operation of MAS Accounts - Proxy Voting and Other Legal Matters* unless otherwise designated on the Client Agreement or other writing addressed to us or another custodian you select, you direct your Investment Manager for each MAS Account to vote the proxies relating to the securities held in the MAS Account.

CLIENT INFORMATION PROVIDED TO PORTFOLIO MANAGERS

As part of the enrollment process into MAS, you may need to provide information about your financial circumstances, investment objectives, risk tolerance and other relevant information relating to your Account. With certain exceptions, this information will not be provided to your Investment Manager.

You are obligated to notify your Financial Advisor promptly of any material change in financial circumstances, investment objectives or investment restrictions (if any) that may affect account management. You are notified periodically to emphasize the need for you to report such information. The management of your Account is the responsibility of your selected Investment Manager. Accordingly, you must also provide any such updated information directly to your Investment Manager, and neither Merrill Lynch nor our Financial Advisors have any obligation to communicate such information to your Investment Manager.

CLIENT CONTACT WITH PORTFOLIO MANAGERS

We do not place any restrictions on your ability to contact and consult with your Investment Manager. Under MAS, you enter into an agreement with your Investment Manager and that agreement will discuss your ability to contact your Investment Manager.

ADDITIONAL INFORMATION

DISCIPLINARY INFORMATION

In the past, we have entered into certain settlements with our regulators and other third parties and have been the subject of adverse legal and disciplinary events. Below are summaries of certain events that may be material to your decision of whether to retain us for your investment advisory needs. Please note that certain disclosures discuss disciplinary events associated with Banc of America Investment Services, Inc. ("BAI") and Banc of America Securities LLC ("BAS"). BAI merged with Merrill Lynch on October 23, 2009, and BAS merged with Merrill Lynch on November 1, 2010. In addition to the descriptions below, you can find additional information regarding these settlements in Part 1 of Merrill Lynch's Form ADV at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

On June 16, 2014, Merrill Lynch, without admitting or denying the findings, entered into an AWC with FINRA. The AWC related to Merrill Lynch's failure to have an adequate supervisory system to ensure that certain clients received Class A shares with sales charge waivers when purchasing certain mutual funds. As a result, those clients paid sales loads when purchasing Class A shares, or purchased Class B or C shares with higher expenses, during various periods. The clients included those having two types of retirement accounts and another type of client in brokerage accounts offered by Merrill Lynch. Merrill Lynch reported certain of these issues to FINRA and all impacted clients have been or are in the process of being reimbursed as set forth in the AWC. Merrill Lynch consented to the imposition of a censure and a fine of \$8 million, and agreed to provide additional reimbursement to impacted clients as set forth in the AWC.

On June 21, 2012, Merrill Lynch, without admitting or denying the findings, entered into an AWC with FINRA related to the following five issues: (1) Merrill Lynch failed to have an adequate supervisory system to ensure that clients in certain investment advisory programs were billed in accordance with applicable contract and disclosure statements, and, as a result, overcharged certain client accounts unwarranted fees from April 2003 to December 2011; the client accounts impacted were less than 5% of Merrill Lynch's total advisory accounts, and the fees overcharged represented less than one-half of 1% (\$32,174,369) of the total advisory fees billed during that period; all impacted clients have been reimbursed; (2) between July 2006 and November 2010, Merrill Lynch failed to send contemporaneous and/or periodic trade confirmations to certain client accounts for ten investment advisory programs; (3) between 1992 and June 2011, Merrill Lynch did not include or accurately state whether Merrill Lynch acted as an agent or a principal on trade confirmations and account statements relating to certain mutual fund transactions; (4) between 2007 and 2010, Merrill Lynch, either directly or through third-party vendors, failed to deliver proxy materials to certain clients or to their designated investment advisers, and to have an adequate supervisory system to detect its failure to deliver proxies; the clients impacted constituted less than 1% of Merrill Lynch's clients during that period; and (5) between October 2001 and June 2010, Merrill Lynch failed to send margin risk disclosure statements and/or business continuity plans to certain clients upon the opening of their accounts; the clients impacted constituted less than 1% of Merrill Lynch's clients during that period. In determining the appropriate sanctions, FINRA considered Merrill Lynch's internal review through which it identified the violations, the remedial measures that Merrill Lynch took to correct its systems and procedures, and Merrill Lynch's efforts to provide remediation to affected clients. Merrill Lynch consented to the imposition of a censure and a fine of \$2.8 million.

On October 4, 2011, Merrill Lynch entered into a consent agreement with FINRA regarding the following events. FINRA alleged that Merrill Lynch failed to have a supervisory system to ensure that all accounts in which an employee either had a financial interest or over which the employee had control were monitored and reviewed for potential misconduct. In addition, FINRA found that Merrill Lynch failed to establish, maintain and enforce written procedures to adequately supervise a registered representative who was subsequently found to have used a business account at the firm to implement a fraudulent scheme. Without admitting or denying the findings, Merrill Lynch consented to the entry of findings, a censure, and a fine of \$1,000,000.

On June 6, 2009, the United States District Court for the Southern District of New York entered a judgment enjoining BAI and BAS from violating, directly or indirectly, Section 15(c) of the Exchange Act. The SEC had filed a complaint alleging that BAI and BAS misled customers regarding the fundamental nature and increasing risks associated with auction rate securities ("ARS") underwritten, marketed and sold by BAS and BAI and that by engaging in such conduct, BAI and BAS had violated Section 15(c) of the Exchange Act. Without admitting or denying the allegations, BAI and BAS entered into a consent, whereby they agreed to a series of undertakings designed to provide relief to "individual investors" (as defined in the consent) including: (1) through their affiliate, offering to purchase at par from individual investors certain ARS; (2) agreeing to use reasonable efforts to identify individual investors who sold certain ARS below par, and to pay such investors the difference between par and the price at which they sold the securities; (3) agreeing to participate in a special arbitration process for the purpose of arbitrating any individual investor's consequential damage claim related to its investment in ARS; (4) agreeing to refund certain refinancing securities through the firms; and (5) undertaking to make their best efforts to work with issuers and other interested parties to seek to provide liquidity solutions for institutional investors that are not considered "individual investors." Two similar regulatory actions involving the marketing and sale of ARS occurred on January 10, 2012: (1) Merrill Lynch (as successor by merger to BAS and BAI, the "Respondents") agreed to a settlement with the Illinois Securities Department (the "Department"); and (2) Merrill Lynch agreed to a

settlement with the North Carolina Department of the Secretary of State, Securities Division (the "Division"). In both actions, it was alleged that inappropriate marketing and sales of ARS occurred without adequately informing certain customers of the increased risks of illiquidity associated with ARS. Both the Department and the Division of the respective states alleged that, through the aforementioned conduct, there occurred dishonest and unethical practices in the offer and sale of securities and failure to supervise agents resulted. In the Illinois action, the Respondents agreed, among other things, to repurchase at par certain illiquid ARS held by certain clients of Merrill Lynch. Additionally, the Respondents agreed to pay a total fine of \$1,578,320.87 to the State of Illinois representing Illinois's portion of a total civil penalty of \$50,000,000 that will be distributed among the states and U.S. territories that enter into similar administrative or civil consent orders related to ARS. With respect to the North Carolina action, Merrill Lynch agreed, among other things, to repurchase at par certain illiquid ARS held by certain clients of Merrill Lynch. Additionally, Merrill Lynch agreed to pay a total fine of \$3,193,552.24 to the Division representing its portion of a total civil penalty of \$125,000,000 that will be distributed among the states and U.S. territories that enter into similar administrative or civil consent orders related to ARS.

On March 11, 2009, the SEC issued an order against Merrill Lynch alleging that from 2002 to 2004, several Merrill Lynch retail brokers permitted day traders to hear confidential information regarding Merrill Lynch institutional customers' unexecuted orders as they were transmitted over Merrill Lynch's squawk box system. According to the SEC, Merrill Lynch lacked written policies or procedures to limit access to the equity squawk box, to track which employees had access to the equity squawk box or to monitor employees' use of the equity squawk box in violation of Section 15(f) of the Exchange Act and Section 204A of the Advisers Act. Without admitting or denying the SEC's findings, Merrill Lynch consented to the entry of the order that: (1) found violations of Section 15(f) of the Exchange Act and Section 204A of the Advisers Act for allegedly failing to maintain written policies and procedures reasonably designed to prevent the misuse of customer order information; (2) required that Merrill Lynch cease and desist from committing or causing any future violations of the provisions charged; (3) censured Merrill Lynch; (4) imposed a \$7,000,000 civil money penalty; and (5) required Merrill Lynch to comply with certain undertakings regarding the enhancement of certain policies and procedures.

On January 30, 2009, the SEC issued an order against Merrill Lynch regarding the Merrill Lynch Consulting Services program and the offering of those services through a Florida branch office for a period of several years concluding in 2005. The Order found that material misrepresentations had been made and certain conflicts of interest not disclosed, and that Merrill Lynch had not maintained adequate records or reasonably supervised certain Florida investment advisory representatives. Without admitting or denying the non-jurisdictional findings thereof, Merrill Lynch consented to a censure, to cease and desist from violations of sections 204 and 206(2) of the Advisers Act and Rule 204-2(a) (14) thereunder, and a fine of \$1,000,000. In accepting the settlement, the SEC noted the voluntary and significant remedial acts promptly undertaken by Merrill Lynch.

On May 1, 2008, the SEC issued an administrative order in which it found that BAI had willfully violated Sections 17(a)(2) and 17(a)(3) of the Securities Act, Sections 206(2), 206(4) and 207 of the Advisers Act and Advisers Act Rule 206(4)-1(a)(5) for failing to disclose to clients that in selecting investments for discretionary mutual fund wrap fee accounts, it favored two mutual funds affiliated with BAI. In the Order the SEC also found that Columbia Management Advisors, LLC ("Columbia Management"), as successor in interest to Banc of America Capital Management, LLC willfully aided and abetted and caused BAI's violations of Sections 206(2) and 206(4) of the Advisers Act, and Advisers Act Rule 206(4)-1(a)(5). In the order, BAI and Columbia Management were censured and ordered to cease and desist from committing or causing such violations and future violations. In addition, BAI was ordered to pay disgorgement plus

prejudgment interest in the aggregate amount of \$793,773.00 to certain entities specified in the Order, and a civil monetary penalty of \$2,000,000; and Columbia Management was ordered to pay disgorgement plus prejudgment interest in the aggregate amount of \$516,382 to certain entities specified in the Order, and a civil monetary penalty of \$1,000,000. BAI and Columbia Management consented to the Order without admitting or denying the SEC's findings. BAI also agreed to certain undertakings contained within the Order.

On February 14, 2008, Merrill Lynch consented to an AWC issued by FINRA. FINRA alleged that from at least January 2001 until January 2006, as a result of certain operational and supervisory deficiencies Merrill Lynch failed to timely and consistently update the firm's record system relating to certain investment advisory and fee-based accounts. When clients change investment advisers or terminated enrollment in certain investment advisory or fee-based accounts, Merrill Lynch failed to consistently make changes in account proxy delivery addresses and/or remove traits that suppressed trade confirmation delivery in the firm's record systems. Additionally, Merrill Lynch failed to maintain written supervisory procedures and a reasonable system of follow-up and review with respect to such operational changes. Without admitting or denying the findings, Merrill Lynch consented to a censure and a fine of \$175,000.

On March 4, 2005, Merrill Lynch entered into a consent order with the State of New Jersey Office of the Attorney General Department of Law and Public Safety and the New Jersey Bureau of Securities ("Attorney General"). The Attorney General alleged: (1) market timing conduct by three Merrill Lynch Financial Advisors engaged in market timing on behalf of their principal client, a hedge fund and that despite warnings from supervisors that they were violating Merrill Lynch's policies, the Financial Advisors continued to market time for the client until they were fired in October 2003, using among other things, multiple accounts and undisclosed agreements to conduct and disguise their trading; (2) that Merrill Lynch failed to adequately supervise certain activities in connection with the conduct described above including failure to keep adequate books and records in violation of the Exchange Act and New Jersey law; (3) the client entered into variable annuity contracts and certain other variable life insurance contracts with certain non-proprietary insurance carriers through the Financial Advisors to engage in short term trading in the investment sub-accounts of these products and although the client's reallocation instructions were relayed through the Financial Advisors to the insurance companies, Merrill Lynch gave no specific instruction to the Financial Advisors concerning the reallocation of the underlying sub-accounts of variable products; and (4) that Merrill Lynch failed to adequately enforce its established policy prohibiting market timing. Without admitting or denying the findings in the order, Merrill Lynch agreed to pay a civil monetary penalty of \$10 million and to certain undertakings including implementation of new procedures to maintain, as a required book and record under New Jersey and federal securities laws, records of all client reallocation requests made through a Merrill Lynch employee that involve mutual funds held as sub-accounts of variable annuity products of outside insurance carriers.

On February 9, 2005, pursuant to an offer of settlement by BAS in which it neither admitted nor denied the findings, the SEC issued an administrative order. The SEC found that from July 2000 through July 2003, BAS, Banc of America Capital Management, LLC ("BACAP") and BACAP Distributors, LLC ("BACAP Distributors") facilitated market timing and late trading by some introducing broker-dealers and a hedge fund at the expense of shareholders of Nations Funds and other mutual fund families, provided account management tools and other assistance, and enabled introducing broker-dealers to conceal their client's market timing activities from mutual funds. In the order, BAS was: (1) censured; (2) ordered to cease and desist from committing or causing any present or future violations of 17(a) of the Securities Act, 10(b), 15(c) and 17(a) of the Exchange Act and Rules 10b-5, 15c1-2, and 17a-4 thereunder and Rule 22c-1, as adopted under 22(c) of the Investment Company Act, and from causing any present or future violations of

34(b) of the Investment Company Act and 206(1) and 206(2) of the Advisers Act; and (3) ordered to pay, jointly and severally with BACAP and BACAP Distributors \$250 million in disgorgement plus a civil monetary penalty of \$125 million. BAS also agreed to comply with certain undertakings including: (1) maintaining a compliance and ethics oversight infrastructure having, among other things, a code of ethics oversight committee, an internal compliance controls committee, a senior level compliance officer for conflicts of interest and a corporate ombudsman; (2) retaining an independent compliance consultant to, among other things, review compliance, supervisory and other policies and procedures and adopt such procedures; (3) undergoing third party compliance review every other year; and (4) retaining an independent distribution consultant.

On April 28, 2003, as part of a joint settlement with the SEC, NYSE and NASD arising from a joint investigation by the SEC, NYSE and NASD into research analysts' conflicts of interest, Merrill Lynch, without admitting or denying the allegations of the complaint filed by the SEC, consented to the entry of a final judgment ("Final Judgment"). Pursuant to the settlement, which was entered on October 31, 2003 and modified on March 15, 2010, Merrill Lynch: (1) was permanently enjoined from violating Section 15(c) of the Exchange Act and Rule 15c1-2 thereunder, NASD Conduct Rules 2110, 2210 and 3010, and NYSE Rules 342, 401, 472 and 476; (2) was ordered to pay a penalty of \$100,000,000, which was deemed satisfied by prior payments to the states in a related proceeding; (3) was ordered to pay substantial amounts for third party research and investor education; and (4) was ordered to comply with certain additional undertakings. In a related disciplinary event, Merrill Lynch (as successor by merger to BAS) entered into an amended offer of settlement with the SEC on October 9, 2012. The settlement stems from an SEC Order dated March 14, 2007 against BAS (the "2007 BAS Order") claiming that BAS investment bankers inappropriately influenced equity research analysts, resulting in the publication of materially false and misleading research during the period of January 1999 through December 2001. The 2007 BAS Order censured BAS and ordered BAS to: (i) cease and desist from committing or causing any violations or future violations of Section 15(c) and 15(f) of the Exchange Act, and Rule 15c1-2(a); (ii) pay \$26 million in disgorgement and penalties into a fair fund for distribution to its affected customers; (iii) retain an independent consultant to conduct a comprehensive review of the firm's internal controls to prevent the misuse of material nonpublic information concerning BAS research; (iv) certify to the SEC's staff in the second year following the issue of the 2007 BAS Order that BAS had established and continued to maintain Exchange Act Section 15(f) policies, practices, and procedures consistent with the findings of the 2007 BAS Order; and (v) comply with Addendum A to the 2007 BAS Order, which implemented certain structural changes to the operations of the firm's equity research and investment banking departments. In the Merrill Lynch action, the District Court, on March 15, 2010, modified Addendum A to the October 31, 2003 Final Judgment by, among other things, removing similar provisions that remained in Addendum A to the 2007 BAS Order. The 2007 BAS Order, which remains in effect and binding on Merrill Lynch (as successor by merger to BAS), was modified on October 9, 2012, to strike Addendum A and provide that Merrill Lynch analysts, including ex-BAS analysts, must comply with the Final Judgment.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Merrill Lynch, an indirect wholly-owned subsidiary of Bank of America, is a leading global investment banking firm and a registered broker-dealer, investment adviser and futures commission merchant. In the United States, Merrill Lynch acts as a broker (*i.e.*, agent) for corporate, institutional and governmental and private clients and as a dealer (*i.e.*, principal) in the purchase and sale of corporate securities, primarily equity and debt securities traded on exchanges or in the over-the-counter markets. Merrill Lynch also acts as a broker and/or a dealer in the purchase and sale of mutual funds, money market instruments, government securities, high-yield bonds, municipal securities, financial futures contracts, and options. The futures business and foreign exchange activities are conducted through Merrill Lynch and other affiliates.

Merrill Lynch operates the firm's U.S. retail branch system, and also provides financing to clients, including margin lending and other extensions of credit as well as a wide variety of financial services, such as securities clearing, retirement services, and custodial services. As a registered investment adviser, Merrill Lynch completes a Form ADV, which contains additional information about itself, Bank of America and their affiliates. Information is available through publicly available filings at the SEC or at http://www.adviserinfo.sec.gov/IAPD/Content/Search/iapd_Search.aspx.

For purposes of Form ADV Part 2, certain Merrill Lynch management persons are registered as registered representatives or associated persons of Merrill Lynch. In the future, additional Merrill Lynch personnel may be considered management persons and, as such, may be registered, or have applications pending to register, as registered representatives and associated persons of Merrill Lynch to the extent necessary or appropriate to perform their job responsibilities.

Bank of America, through its subsidiaries and affiliates, provides broker-dealer, investment banking, financing, wealth management, advisory, asset management, insurance, lending and related products and services on a global basis. These products and services include: securities brokerage, trading and underwriting; investment banking, strategic advisory services (including mergers and acquisitions) and other corporate finance activities; wealth management products and services including financial, retirement and generational planning; asset management and investment advisory and related record-keeping services; origination, brokerage, dealer and related activities in swaps, options, forwards, exchange-traded futures, other derivatives, commodities and foreign exchange products; securities clearance, settlement financing services and prime brokerage; private equity and other principal investing activities; proprietary trading of securities, derivatives and loans; banking, trust and lending services, including deposit-taking, consumer and commercial lending, including mortgage loans, and related services; insurance and annuities sales and research across the following disciplines: global equity strategy and economics, global fixed-income and equity-linked research, global fundamental equity research, and global wealth management strategy. Bank of America is subject to the reporting requirements of the Exchange Act and additional information about Bank of America can be found in publicly available filings with the SEC.

We, through our Financial Advisors, may suggest or recommend that clients, including MAS clients, use our securities account, execution and custody or other services, or such services of an affiliate. Similarly, Financial Advisors, who also handle clients' brokerage accounts, may suggest or recommend that clients purchase our products or products of an affiliate. Where Merrill Lynch's or our affiliate's services are used or products are purchased by clients, we and our affiliates will receive fees and compensation. Financial Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary) in connection with these products and services.

The investment adviser(s) for the BofA Funds are Related Companies. In certain instances and subject to the restrictions discussed below in the section entitled *Participation or Interest in Client Transactions – Funds and Related Investing*, your Investment Manager may invest in these Related Funds. We may receive compensation when you invest in shares of these Funds in a program account. We potentially benefit from our economic interest in Related Companies and our relationship with Bank of America whenever such entities or their affiliates receive compensation for providing investment advisory, administrative, transfer agency, distribution or other services to their Related Funds or other investment products. The extent of this benefit may be greater than when we or our affiliates do not have an economic interest in the firm providing such services. As a result, we may benefit from increased sales of Related Funds and other investment products of Related Companies and Bank of America affiliates for you to a greater extent than from increased sales of Funds or investment products sponsored by other firms in which we and our affiliates do not have a similar economic interest or relationship.

Each of the Related Funds pays investment management fees to its investment adviser and, like Unrelated Funds, incurs other expenses. The current annual rates of management fees paid by the BofA Funds to a Bank of America affiliate range from 0.15% to 0.25% of average daily net assets and are described in each Fund's prospectus.

From time to time, Merrill Lynch may enter into distribution agreements with one or more investment managers pursuant to which Merrill Lynch distributes certain products and services sponsored or advised by the investment manager. Some of these agreements include arrangements with investment managers who are former Related Companies such as BlackRock and Columbia Management. A former executive officer of Merrill Lynch serves on the board of directors of BlackRock.

Consistent with applicable laws, management and employees of BlackRock and Bank of America affiliates may be provided a broader level of access and exposure to Merrill Lynch, our management, Financial Advisors and other personnel, marketing events and materials, and client-related and other information. Such access and exposure may not be available to other investment managers and may enhance the ability of BlackRock and Bank of America affiliates to distribute their funds and other investment products through us.

We address these conflicts through disclosure in this Brochure. Moreover, our Financial Advisors are required to recommend investment advisory programs that are suitable for you based upon your investment objectives, risk tolerance and financial situation and needs. In addition, we have established a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among program accounts as well as between program accounts and our business. That said, your Investment Manager, not Merrill Lynch or your Financial Advisor, will recommend individual securities and exercise investment discretion.

RECEIPT OF COMPENSATION FROM INVESTMENT ADVISERS

While we do not recommend or select Investment Managers participating in MAS, we and our affiliates have business relationships with many Investment Managers, including those participating in MAS, separate and apart from MAS. For example, these Investment Managers may direct your transactions to us and receive research, execution, custodial, pricing and other services offered by us in the normal course of our business. We and our Financial Advisor may receive compensation in connection with such transactions and other services. You are encouraged to speak with a Financial Advisor to discuss any questions that you may have about existing or potential conflicts of interest relating to your Account.

CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

CONFLICTS OF INTEREST AND INFORMATION WALLS

Merrill Lynch is an indirect wholly-owned subsidiary of Bank of America. Bank of America engages in a wide range of activities and businesses across a broad spectrum of clients. As a result, we recognize actual, potential and perceived conflicts of interest may develop in the normal course of operations in various parts of the Bank of America organization. To address these potential conflicts, information walls are in place to allow multiple businesses to engage with the same or related clients at the same time while mitigating the conflicts which may arise from such a situation. For example, information walls are designed to prevent the unauthorized disclosure of material nonpublic information and allow public side sales, trading and research activities to continue while other businesses within Bank of America possess material nonpublic information. Additionally, Bank of America maintains a Code of Ethics which provides

guidelines for the business practices and personal conduct all associates and board members are expected to adopt and uphold.

Managing conflicts of interest is an integral part of Bank of America's risk management process. We believe that no organization can totally eliminate conflicts that exist explicitly or implicitly. Bank of America, including Bank of America Merrill Lynch's investment advisory business, evaluates its business activities and the actual and possible conflicts that may emerge from its activities on an ongoing basis. To the extent that existing or new business activities raise an actual conflict of interest, or even the appearance of a conflict, we endeavor to provide you with full and clear disclosure or to take action to avoid them.

CODE OF ETHICS

We have adopted an Investment Adviser Code of Ethics (the "Code of Ethics") covering our personnel who are involved in the operation and offering of investment advisory services. The Code of Ethics is based on the principle that clients' interests come first, and requires employees to meet the high standards that we follow in conducting our business with integrity and professionalism. The Code of Ethics covers such topics as the:

- Requirement that all employees comply with all applicable securities and related laws and regulations;
- Reporting and clearance of employee personal trading;
- Prevention of misuse of material nonpublic information; and
- Obligation to report possible violations of the Code of Ethics to management or other appropriate personnel.

All covered personnel must certify receipt of the Code of Ethics. We will provide a copy of the Code of Ethics to you upon request.

We also have imposed policy restrictions on all personnel regarding transactions for their own accounts and accounts over which they have control or a beneficial interest. In addition, we have special policies requiring certain personnel obtain specific approval of their securities transactions and have implemented procedures for monitoring these transactions as well as those of all employees.

PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS

PRINCIPAL, AGENCY-CROSS AND CROSS TRADES

We will not charge a commission on agency transactions in your Account. There may be instances in which we or an affiliate may act as principal in effecting an investment transaction for your Account, in accordance with applicable law. If we or an affiliate effect a principal transaction for your Account, we will not charge a markup or markdown. However, principal transactions may be subject to a spread, underwriting fee or selling concession, which may result in additional compensation or other benefit to Merrill Lynch or an affiliate. You have authorized transactions for your Account to be effected on a stock exchange by Merrill Lynch or an affiliate, as appropriate.

We or one of our affiliates may, at times, act as agent for both buyer and seller in effecting investment transactions involving MAS clients or other advisory clients ("agency-cross transactions"), in accordance with applicable law. When we act as agent for both parties to an agency-cross transaction, we may receive

compensation from both parties, and will have a potentially conflicting division of loyalty and responsibility. By signing the Client Agreement, you consent to us acting as your agent in effecting agency-cross transactions for the account when we consider them advisable and consistent with applicable law. You may revoke the consent at any time by notifying us in writing.

From time to time, we may cause your account to engage in a transaction for the purchase or sale of a security with another client, subject to applicable law. We would do so only when we determine that the transaction is in the best interest of each party, and we would not receive any compensation in connection with the transaction.

FUNDS AND RELATED INVESTING

With certain exceptions, your Investment Manager may use Funds. You understand that these Funds may be Related Funds. The fees and expenses, if any, of these Funds, are in addition to Account fees. In addition, Merrill Lynch or a Related Company may earn additional compensation for services rendered in connection with such products. For example, Merrill Lynch or a Related Company may execute brokerage transactions for a Fund included in your Account (including on a principal basis), or provide shareholder subaccounting services to a Fund, for which it will be paid. More complete information about any of the Funds, including risks, management fees and other charges and expenses, is contained in the Fund's prospectus or other applicable disclosure document.

Due to the additional economic benefit to Merrill Lynch, our Related Companies, and, potentially, a Financial Advisor, from investments in Funds, a conflict of interest may exist. This conflict may be greater when you select an Investment Manager that is implemented using these products. For Funds advised, sponsored or distributed by Merrill Lynch, a Related Company or their respective affiliates, Merrill Lynch, a Related Company or their respective affiliates, as applicable, will receive investment management fees and/or Rule 12b-1 fees or other service fees from the Funds. For other Funds, Merrill Lynch and our affiliates also may receive Rule 12b-1 fees or other service fees from the Funds. We and our affiliates may also provide other services to Related Funds and other Funds for compensation, such as transfer agency, shareholder servicing, administrative, accounting and printing services. To the extent that the Account fee is intended to cover certain similar services when provided directly to your Account, you may be deemed to be paying additional fees for the same services if you select a Strategy that invests in Funds.

Merrill Lynch or Related Companies also may provide services to, or effect transactions with, Funds and receive compensation in connection with these activities.

Please note that while we allow you to fund your Account with mutual funds, we generally restrict a manager from purchasing mutual fund shares through MAS, including purchasing additional shares of the mutual fund that you used to fund your Account. We may remove this restriction in the future without notice to you.

Each mutual fund, or its adviser, principal underwriter or other agent, has entered into an agreement with us and our affiliates for the performance of subaccounting and related services (including account recordkeeping, transaction processing, reporting and corporate action services) for the mutual fund shares held in a Merrill Lynch account. We and our affiliates receive subaccounting fees for the performance of these services, which are either borne by the mutual fund (like other mutual fund expenses) or by its adviser, principal underwriter or other agent. These subaccounting and related services arrangements generally vary by mutual fund. Depending on the mutual fund's or its adviser's, principal underwriter's or other agent's arrangement with us and our affiliates, we or our affiliate will receive from the mutual fund or a fund service provider or its affiliate, subaccounting fees of either up to 0.15% per annum of the amount

invested in such mutual fund or up to \$21 annually per Merrill Lynch client position in the mutual fund. These subaccounting fee rates are subject to change from time to time. Subaccounting fee rates may be received individually, or may be part of a “bundled” arrangement with a mutual fund that includes other types of fees, such as distribution and marketing support payments. For more information, please refer to the document entitled “Mutual Fund Investing at Merrill Lynch” available at www.ml.com/funds and also available from your Financial Advisor upon request.

In addition to these fees, we and our affiliates receive fees paid by certain ETF or similar product sponsors or their affiliates for licensing or other arrangements. These fees, which are typically calculated as a percentage of the assets of the ETF or similar product, are not generally borne by the fund, but are instead paid directly from the sponsor or its affiliate to us or our affiliates.

You can purchase shares of some (but not all) of the Funds included in a Strategy directly from the Funds, their agents, or through us without enrolling in MAS. If you do so, you would not pay account fees for such assets. However, you may not be eligible to purchase the same share class for each of the Funds available through MAS and the purchase of a different share class may be subject to applicable sales charges.

As a registered broker-dealer, Merrill Lynch may also benefit from the possession or use of any free credit balances in Client accounts, including the Account, subject to restrictions imposed by Rule 15c3-3 under the Exchange Act.

Merrill Lynch, a Related Company, or their respective affiliates may receive investment management fees paid by the Funds held in your Account.

In addition, from time to time a Fund may authorize us to make available to clients participating in an investment advisory program a class of shares of a Fund with a fee structure we believe is more beneficial to you than the class of shares previously made available. In such circumstances, we will effectuate the exchange to the other class of shares of the same Fund.

In addition to Funds, Merrill Lynch or a Related Company, as applicable, may earn additional compensation for services rendered in connection with other types of investment products purchased for your Account.

Bank of America is a diversified financial services company that together with Merrill Lynch and their affiliates generally seeks to provide a wide range of services to retail and institutional clients for which it receives compensation. As a result, Bank of America and Merrill Lynch can be expected to pursue additional business opportunities with the firms whose Funds Merrill Lynch makes available to its clients and their affiliates. Consistent with industry regulations, these services could include (but are not limited to): banking and lending services, sponsorship of deferred compensation and retirement plans, recordkeeping services, investment banking, securities research, institutional trading and prime brokerage services, custody services, investment advisory services, and effecting portfolio securities transactions for Funds and other clients. Merrill Lynch professionals (including your Financial Advisor), involved with the offering of Funds to individual investor clients may introduce Fund distributors, sponsors, service providers or their affiliates to other services that Bank of America, Merrill Lynch and their other affiliates provide. As such, Merrill Lynch and its affiliates may earn additional compensation for the services.

Financial Advisors may, as permitted by applicable law, receive compensation (the amount of which may vary and could be significant) in connection with these introductions and/or services. Revenue paid for, or generated by, such services may not be used by Fund distributors, sponsors or service providers to compensate Merrill Lynch, directly or indirectly, for any of the Fund fees described throughout this Brochure. Information about a particular Fund’s policies regarding selection of brokers may be found in the Fund’s statement of additional information, which you may request from the Fund.

**LOANS AND COLLATERAL**

Where your Account assets are “pledged” or otherwise used as collateral in connection with any Lending Program, the lender may exercise certain rights and powers over the assets in the Account, including the disposition and sale of any and all assets pledged as collateral for the loan, which may be contrary to your interests and the investment objective of your Account. In particular, securities (including concentrated positions) may be liquidated from your Account without prior notice to you, your Financial Advisor or selected Investment Manager, resulting in adverse tax and other consequences. In some instances, you, your Financial Advisor or your selected Investment Manager may not be entitled to choose which securities are to be liquidated. In addition, in any Lending Program for which we or our affiliate serve as the lender, we or our affiliate, as lender, may exercise the same rights and powers as a lender that is not also acting as an investment adviser or fiduciary over the assets held in your Account. Any recommendation to participate in a Lending Program, as well as the related compensation that we or our affiliate may receive in connection with any such loan, could create conflicts of interests between you and us or, if applicable, our affiliate. For instance, such recommendation to participate in a Lending Program could result in a circumstance in which your selected Investment Manager is required to liquidate securities they would otherwise not sell, and which may not otherwise be in your best interests to sell, to satisfy a collateral call in the Account. Your selected Investment Manager will seek to manage your Account as agreed to between you and your Investment Manager, provided that, if a collateral call takes place, your selected Investment Manager may not be able to manage your Account consistent with their overall strategy. Any action taken by us, or an affiliate, against the assets held in your Account pursuant to the loan documents will not constitute a breach of our fiduciary duties as an investment adviser to you under the Client Agreement. Furthermore, the costs associated with such an arrangement are not included in your ML MAS Fees and may result in additional compensation to us, our affiliate and our Financial Advisor. We address these conflicts through disclosure in this Brochure.

ACTING AS GENERAL PARTNER

Certain Merrill Lynch affiliates act as general partners or managing members in a variety of limited partnerships and limited liability companies, as well as in other capacities, for investment vehicles such as hedge funds and other investment funds in which our brokerage clients may invest, or may be solicited to invest by Merrill Lynch acting in our broker-dealer capacity. These clients may also be advisory clients of Merrill Lynch. The investments of these commingled vehicles and other entities may vary but include, without limitation, real estate, futures, hedge funds and other alternative investments.

INVESTMENT IN SECURITIES BY MERRILL LYNCH AND OUR PERSONNEL

We and our affiliates act in a variety of capacities to a wide range of clients. From time to time in the course of those duties, confidential information may be acquired that cannot be divulged or acted upon for advisory or other clients. Similarly, we may give advice or take action with regard to certain clients, including MAS clients, which may differ from that given or taken with regard to other clients. This includes the advice given or actions taken with respect to certain securities, Funds or Investment Managers. In some instances, the actions taken by affiliates with respect to similar services and programs may conflict with the actions taken by us. This is due to, among other things, the differing nature of the affiliate's investment advisory service and differing processes and criteria upon which determinations are made.

We or our affiliates may have investment banking or other relationships with certain publicly traded companies; these relationships may from time to time compel us to forego trading in the securities of these companies. In the course of investment banking and other activities, our affiliates may acquire confidential or material nonpublic information that may prevent us or our affiliates, for a period of time,

from purchasing, selling or recommending particular securities for your account. We and our affiliates are not permitted to divulge or to act upon this information with respect to our advisory or brokerage activities.

Related Managers may provide advisory services with respect to one or more strategies available for your selection. Bank of America is a direct or indirect substantial stockholder, or the ultimate parent company of Related Managers. If a Strategy provided by a Related Manager is selected, we and/or a Related Company will retain the entire ML MAS Fee. For this reason, a potential conflict of interest exists when our Financial Advisor assists you in the selection of a Related Manager.

We or our affiliates may have a position in or enter into “proprietary” transactions in securities purchased or sold for clients, including MAS clients. We or our affiliates may benefit from such securities positions or transactions.

We address these conflicts through disclosure in this Brochure. Moreover, our Financial Advisors are required to recommend investment advisory programs and investment products that are suitable for you based upon your investment objectives, risk tolerance and financial situation and needs. In addition, we have established a variety of restrictions, procedures and disclosures designed to address potential conflicts of interest – both those arising between and among MAS Accounts as well as between MAS Accounts and our business. For example, our personnel also are subject to personal trading restrictions as detailed in its policies and procedures and Code of Ethics. These policies and procedures and the Code of Ethics require our Financial Advisors to obtain pre-approval for certain securities transactions, disclose their investment accounts, provide an annual holdings report, and provide a quarterly transaction report.

REVIEW OF ACCOUNTS

We do not review your Account on a periodic or other basis. Subsequent reviews of your asset allocation strategy will not be performed unless you specifically request otherwise.

CLIENT REPORTS

Performance Reports

As discussed above, we assist you in monitoring and evaluating the performance of your Account by providing periodic performance reports containing returns and other statistical performance analyses.

Client Statements

When we act as custodian, you will receive an account statement in any month in which there is trading or other activity (or in any event quarterly). If you use a custodian other than us, your custodian or trust company must provide periodic custodial or trust reports and settlement instructions to us (or our designee). We are not responsible for the accuracy of these statements and will rely upon the data and other information presented therein or in other reports provided to us by your custodian to prepare performance reports for you. You may also receive reports directly from your selected Investment Manager.

As you direct in the Client Agreement or other writing, you may elect not to receive confirmation of transactions for your Account(s) on a trade-by-trade basis, except as required by rule or regulation, and, in lieu thereof, receive a periodic statement that will be furnished to you not less frequently than quarterly and that will contain the same information that would be included in the trade-by-trade confirmation for each transaction. Your election to receive periodic statements in lieu of trade-by-trade confirmations is entirely optional and:

- Will not affect the calculation of or amount of your ML MAS Fees;
- Is not a condition to entering into or continuing participation in MAS; and
- May be rescinded at any time by written notice to us with respect to your Account.

We will send confirmations for transactions effected in your Account (or information contained therein) to you and your Investment Manager, as applicable.

You may request, and we will provide to you at no additional cost, an interim update and further details concerning any transaction effected between periodic statements either by calling your Financial Advisor or, where you are enrolled in MyMerrill, by checking your account on MyMerrill. If you elect to receive periodic statements in lieu of trade-by-trade confirmations, you may later choose to receive, and we will provide to you at no additional cost, any confirmations for transactions effected for up to a one-year period preceding your last periodic statement and trade-by-trade confirmations for all subsequent transactions.

CLIENT REFERRALS AND OTHER COMPENSATION

OTHER COMPENSATION

We have business relationships with many Investment Managers, including those participating in MAS. For example, these Investment Managers may direct your transactions to us and receive research, execution, custodial pricing and other services offered by us in the normal course of our business. Merrill Lynch and our Financial Advisors (including Financial Advisors providing the MAS service) will ordinarily receive compensation in connection with such transactions and other services. We encourage you to speak with your Financial Advisor and Investment Manager to discuss any questions that you may have about existing or potential conflicts of interest relating to your Investment Managers, including any business relationships that these Investment Managers may have with us or your Financial Advisor.

Investment Managers participating in MAS or their affiliates, including Investment Managers to mutual funds and other pooled vehicles that may be purchased for MAS Accounts, may pay for, or reimburse Merrill Lynch for, various costs arising from client and prospective client meetings, sales and marketing materials, and educational, training and sales meetings held with Financial Advisors and other Merrill Lynch personnel relating to the MAS service and asset management generally. These Investment Managers or their affiliates may also participate with our personnel in other conferences and seminars unrelated to MAS and may reimburse us to cover various costs of these conferences and seminars. In addition, these Investment Managers or their affiliates may make charitable donations or cover the costs of reasonable entertainment in connection with Merrill Lynch-sponsored or client-related events.

We address these conflicts through disclosure in this Brochure.

COMPENSATION FOR CLIENT REFERRALS

We have entered or may enter into marketing arrangements with third parties who, for compensation, will provide certain services to us in connection with the marketing of our various advisory services for referring prospective clients to us. Each such marketing arrangement is or will be governed by a written agreement between us and the third party, and will be disclosed to you, as required by law.

Our employees may refer advisory clients to BANA, including its private bank, U.S. Trust, Bank of America Private Wealth Management, and other affiliates for products and services. Similarly, employees of BANA and its affiliates may refer clients to us for brokerage or advisory services. These referrals may involve the payment of referral fees between Merrill Lynch and BANA or its affiliates.

FINANCIAL INFORMATION

Not applicable.

ADDITIONAL INFORMATION

The Volcker Rule, part of the Dodd-Frank Wall Street Reform and Consumer Protection Act, which was enacted to regulate certain activities and investments of financial institutions, contains a provision known as “Super 23A” that restricts, with certain exemptions, the types of transactions that banks and their affiliates can engage in with certain clients defined as “covered funds.” Under these regulations, banks and their affiliates are prohibited from lending and engaging in other “covered transactions” with entity clients deemed to be covered funds if the bank (either itself or through its affiliates), among other things, acts as an investment advisor or manager to such clients, including through an investment advisory program, like MAS. In general, if an entity client is a covered fund, any outstanding margin or other extension of credit by BANA or its affiliates will need to be repaid and any margin or lending capability removed from the account, or the client must terminate the investment advisory relationship and utilize a brokerage or custody relationship with BANA or its affiliates for its investments. Certain other transactions between BANA or its affiliates and the entity client will also be prohibited.

GLOSSARY

“Account” means each of the client’s securities accounts to which the Client Agreement applies and is managed by a single Investment Manager.

“ADR” means American Depositary Receipt, which is a receipt for shares of a foreign company held by a U.S. financial institution that entitles you to rights and obligations of the underlying shares, including dividends and capital gains and losses.
