Financial Planning Services

This brochure provides information about the qualifications and business practices of UBS Financial Services Inc. and our financial planning services that you should consider before becoming a client of this program.

If you have any questions about the content of this brochure, please contact us at 888-526-7454. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about UBS Financial Services Inc. is also available on the SEC's website at www.adviserinfo.sec.gov.

Please note that registration as an investment adviser does not imply a certain level of skill or training.

Please retain this document for future reference as it contains important information.

We will not provide another copy of the Form ADV Disclosure Brochure during your Financial Planning engagement unless there are material changes to the document we originally provided to you. Annually we will provide you with a copy of our updated Form ADV Disclosure Brochure or a summary of material changes from the brochure previously provided to you.

You may obtain a copy of the current Form ADV Disclosure at any time by contacting your Financial Advisor.

Item 2. Material Changes

This section describes the material changes to our Financial Planning Services since the last annual amendment of our Form ADV Disclosure Brochure on March 31, 2011.

Financial Planning Services Offered

- We have changed our Financial Planning offering:
 - Going forward, only fee-based financial planning arrangements will be deemed to be an advisory service subject to the rules and regulations of the Investment Advisers Act of 1940. You have access to the same financial planning services free of charge; but those services will be provided in our capacity as a broker-dealer.
 - Fee-based financial planning services will be covered by a written agreement which will describe the length of the investment advisory relationship.
 - Delivery of a financial plan will not terminate the financial planning relationship unless the parties have agreed to do so under their written agreement.

See “Financial Planning Services Offered” for additional details.

Fees and Billing Practices

- The fee schedules for our Financial Planning services have changed. The maximum fee for Financial Planning Services is \$50,000. The fee is negotiable. Please see *“Fees and Compensation”* for details.

Disciplinary History

- Please see Section 9 of this Brochure for updates to the disciplinary events reported for UBS Financial Services and its management personnel (previously updated May 25, 2011).

About UBS Financial Services Inc.

UBS Financial Services Inc. ("UBS") is one of the nation's leading securities firms, serving the investment and capital needs of individual, corporate and institutional clients. We are a member of all principal securities and commodities exchanges in the United States including the New York Stock Exchange ("NYSE"). Our parent company, UBS AG is a global, integrated investment services firm and one of the world's leading banks. We are registered to act as a broker-dealer, investment adviser, and futures commission merchant.

As a registered investment adviser, we complete a Part I of Form ADV, which contains additional information about our business and our affiliates. This information is publicly available through our filings with the U.S. Securities and Exchange Commission (SEC) at www.adviserinfo.sec.gov.

This information is current as of the date of this document and is subject to change at our discretion.

Conducting Business with UBS: Investment Advisory and Broker Dealer Services

As a wealth management firm providing services to clients in the United States, we are registered with the U.S. Securities and Exchange Commission (SEC) as a broker-dealer and an investment adviser, offering both investment advisory and brokerage services.¹

Our clients work with their Financial Advisors to determine the services that are most appropriate given their goals and circumstances. Based on the services you request, we can fulfill your wealth management needs in our capacity as an investment adviser, as a broker-dealer, or as both. For example, we offer fee-based financial planning as an advisory service. Once we deliver a financial plan to you, you can decide whether to implement the financial plan via brokerage accounts, advisory programs or a combination, depending on your needs and preferences. Most of our Financial Advisors are qualified and licensed to provide both brokerage as well as advisory services depending on the services you have requested.

In addition, some of our Financial Advisors hold educational credentials, such as the CERTIFIED FINANCIAL PLANNER™ (CFP®)² designation. Holding a professional designation typically indicates that the Financial Advisor has completed certain courses or continuing education. However, use of a designation does not change UBS' or the Financial Advisor's obligation with respect to the advisory or brokerage products and services that may be offered to you.

It is important to understand that investment advisory and brokerage services are separate and distinct and each is governed by different laws and separate contracts with you. While there are similarities among the brokerage and advisory services we provide, depending on the capacity in which we act, our contractual relationship and legal duties to you are subject to a number of important differences.

Our services as an investment adviser and our relationship with you

We offer a number of investment advisory programs to clients, acting in our capacity as an investment adviser, including fee-based financial planning, discretionary account management, non-discretionary investment advisory programs, and advice on the selection of investment managers, mutual funds, exchange traded funds and other securities offered through our investment advisory programs.

Generally, when we act as your investment adviser, we will enter into a written agreement with you expressly acknowledging our investment advisory relationship with you and describing our obligations to you. At the beginning of our advisory relationship, we will give you our Form ADV brochure(s) for our advisory program(s) which provides detailed information about, among other things, the advisory services we provide, our fees, our personnel, our other business activities and financial industry affiliations and conflicts between our interests and your interests.

¹ Examples of our advisory programs and services include our fee-based financial planning services and our ACCESS, Portfolio Management Program, Managed Accounts Consulting, UBS Institutional Consulting, UBS Strategic Advisor, UBS Strategic Wealth Portfolio, UBS Managed Portfolio Program, Mutual Fund Discretionary Program and PACE programs. Examples of our brokerage accounts include our Resource Management Account® and the International Resource Management Account.

² Certified Financial Planner Board of Standards Inc. owns the certification marks CFP®, CERTIFIED FINANCIAL PLANNER™ and federally registered CFP (with flame design) in the U.S., which it awards to individuals who successfully complete CFP Board's initial and ongoing certification requirements.

How We Charge for Investment Advisory Services

We may charge for our investment advisory services in any of the following ways:

- A percentage of the amount of assets held in your advisory account
- A flat annual fee
- A combination of asset based fee and commissions
- Periodic fees
- Financial planning services are available for a fee

Generally, your Financial Advisor will receive a portion of the fees you pay us.

Our Fiduciary Responsibilities as an Investment Adviser

When you participate in one of our investment advisory programs, we are considered to have a fiduciary relationship with you.³ The fiduciary standards are established under the Investment Advisers Act of 1940 and state laws, where applicable, and include:

- Obligations to disclose to you all material conflicts between our interests and your interests.
- If we or our affiliates receive additional compensation from you or a third-party as a result of our relationship with you, we must disclose that to you.
- We must obtain your informed consent before engaging in transactions with you for our own account or that of an affiliate or another client when we act in an advisory capacity.
- We must treat you and our other advisory clients fairly and equitably and cannot unfairly advantage one client to the disadvantage of another.
- The investment decisions or recommendations we make for you must be suitable and appropriate for you and consistent with your investment objectives and goals and any restrictions you have placed on us.
- We must act in what we reasonably believe to be your best interests and in the event of a conflict of interest, we must place your interests before our own.

Termination of your advisory account or agreement will end our investment advisory fiduciary relationship with you as it pertains to that

account or those services and, depending on the terms of your specific investment advisory agreement with us, will cause your account to be converted to, and designated as, a brokerage account only.

Our Services as a Broker-Dealer and Our Relationship With You

As a full-service broker-dealer, our services are not limited to taking customer orders and executing securities transactions. As a broker-dealer, we provide a variety of services relating to investments in securities, including providing investment research, executing trades and providing custody services. We also make recommendations to our brokerage clients about whether to buy, sell or hold securities. We consider these recommendations to be part of our brokerage account services and do not charge a separate fee for this advice. Our recommendations must be suitable for each client, in light of the client's particular financial circumstances, goals and tolerance for risk.

Our Financial Advisors can assist clients in identifying overall investment needs and goals and creating investment strategies that are designed to pursue those investment goals. The advice and services we provide to our clients with respect to their brokerage accounts is an integral part of our services offered as a broker-dealer.

In our capacity as broker-dealer, we do not make investment decisions for clients or manage their accounts on a discretionary basis. Instead, we will only buy or sell securities for brokerage clients based on specific directions from you.

How We Charge for Brokerage Services

If you choose to establish a brokerage account with us, you may elect to:

- Pay us for our brokerage services each time we execute a transaction for your account in a Resource Management Account (RMA). If you choose to pay on a transaction-by-transaction basis, we can act as either your agent or "broker," or as a "dealer."
- When acting as your agent or broker, we will charge a commission to you each time we buy or sell a security for you.
- When acting as a "dealer," we act as a principal for our own account on the other side of a transaction from you. Using our own inventory, we will buy a security from or sell a security to you, and

³ Fiduciary status under the Investment Advisers Act is different from fiduciary status under ERISA or the Internal Revenue Code. While in our investment advisory programs we act as a fiduciary under the Investment Advisers Act, we do not act as a fiduciary under ERISA or the Internal Revenue Code unless we expressly agree to do so in writing.

seek to make a profit on the trade by charging you a “mark up,” “mark-down” or “spread” on the price of the security in addition to the commissions you pay on these transactions.

We pay our Financial Advisors a portion of commissions, profits on principal trades, and other charges.

Our Responsibilities to You as a Broker-Dealer

As a broker-dealer we are subject to the following:

- The Securities Exchange Act of 1934
- The Securities Act of 1933
- The rules of the Financial Industry Regulatory authority (FINRA)
- The rules of the New York Stock Exchange
- State laws, where applicable

These laws and regulatory agencies have established certain standards for broker-dealers which include:

- As your broker-dealer, we have a duty to deal fairly with you. Consistent with our duty of fairness, we must ensure that the prices you receive when we execute transactions for you are reasonable and fair in light of prevailing market conditions and that the commissions and other fees we charge you are not excessive.
- We must have a reasonable basis for believing that any securities recommendations we make to you are suitable and appropriate for you, given your individual financial circumstances, needs and goals.
- We are permitted to trade with you for our own account or for an affiliate or another client and may earn a profit on those trades. When we engage in these trades, we disclose the capacity in which we acted on your confirmation, though we are not required to communicate this or obtain your consent in advance, or to inform you of the profit earned on the trades.
- **It is important to note that when we act as your broker-dealer, we do not enter into a fiduciary relationship with you. Absent special circumstances, we are not held to the same legal standards that apply when we have a fiduciary relationship with you, as we do when providing investment advisory services.** Our legal obligations to disclose detailed information to you about the nature and scope of our business, personnel, fees, conflicts between our interests and your interests and other matters are more limited than when we have a fiduciary relationship with you.

Item 4. Advisory Business

This brochure describes our fee-based financial planning services (Financial Planning Services). The same services (as well as certain aspects of these services, such as an asset allocation analysis, a review and evaluation of certain financial goals and an assessment of progress toward reaching certain goals) are also available free of charge in our capacity as a broker-dealer. In deciding whether to obtain the Financial Planning Services for a fee, you should consider whether you prefer to enter into a fiduciary relationship with us that is governed by a written services agreement outlining the services you will receive and the duration of the engagement, the scope and complexity of your planning needs and whether you want the engagement to extend beyond the delivery of the financial plan. Throughout this document, references to Financial Planning Services mean those services subject to a fee and provided to you as an investment adviser.

A. Our Firm and Corporate Structure

UBS Financial Services Inc. was organized as a Delaware corporation on June 30, 1969. It is a wholly owned subsidiary of UBS Americas Inc., which in turn is a wholly owned subsidiary of UBS AG. UBS AG is a publicly held company. UBS Financial Services became a registered investment adviser on January 22, 1971.

B. Our Advisory Services

UBS Financial Planning Services

We offer customized Financial Planning Services designed to help you assess your financial situation and pursue your long term objectives. Our Financial Planning Services are designed to be a collaborative experience tailored to your personal goals and customized to the complexity of your financial circumstances.

Our Approach

The following steps are the cornerstone of our client experience process. These steps are geared towards developing a long-term relationship and are the process through which our Financial Advisors deliver services to our clients, including Financial Planning Services.

1. *Understand Your Goals.* We will begin by understanding your financial needs and goals, and ensure we have a clear vision of your current financial position and your objectives.
2. *Gather Information.* We will gather information about your financial situation such as bank and brokerage statements, employee benefits statements, living expenses and income sources, and insurance information.
3. *Analyze Your Situation.* We will review the information you have provided and prepare an analysis that, depending on the complexity of your situation, may integrate multiple financial planning topics.
4. *Develop and Propose.* We will provide financial planning recommendations and guidance based on your personal goals, such as strategies to help fund retirement goals, liability management techniques, wealth protection strategies, and preparing to pass wealth to beneficiaries in an efficient manner.
5. *Ongoing Review.* If included as part of the services agreement, during the engagement, we can continue to assess your financial planning needs; update your financial plan as necessary; assess your progress to your goals; and identify changes to your financial situation and objectives that may impact your financial goals.
2. Insurance planning—An inventory your life, disability or long term care insurance policies. We may also analyze your needs in the event of death, long term illness or disability, as applicable.
3. Employee benefits planning—An assessment of your employer-sponsored benefit plans.
4. Evaluate tax considerations—A review of general tax considerations, including identification of tax planning strategies.
5. Estate and legacy planning—An inventory of your basic estate planning documents. We can also review asset ownership and beneficiary designations, and identify ideas for improving your estate plan situation, which you can address with your legal advisors.
6. Asset allocation, illustration of concentrated positions—A review of the current asset allocation for assets included in the plan and suggest alternative allocations to help you pursue your financial goals. We may also illustrate strategies to optimize portfolio performance, including stock option analysis and exercise strategies. Our Financial Planning Services do not provide market timing or other product transfer timing advice, or advice regarding particular securities or investments.

Financial Planning Topics

Depending on your personal situation, your financial plan may provide general guidance around one or more of the following financial goals.

1. Retirement planning—strategies for funding your retirement or transitioning into retirement with adequate income
2. Education funding—strategies for funding education of children, grandchildren or others
3. Planning to meet other goals—strategies for funding a particular goal or future purchase

In addition to reviewing specific financial goals, we will also address other subjects applicable to your personal situation, such as one or more of the following:

1. Net worth review—A high level compilation of your assets, liabilities, income and expenses. We may also provide recommendations on optimizing your resources to help you reach your financial goals, including liability management techniques and savings strategies.

Financial Planning Resources

In working with you to develop a financial plan, your Financial Advisor will analyze your situation using one of the financial planning resources described below. All of these resources provide a personalized report to help you assess your financial situation and your ability to pursue specific financial goals.

1. *Financial Goal Analysis*—Financial Goal Analysis is a goal based report available directly from your Financial Advisor and may include one or more of the following areas: Current Plan (a summary of current assets and their assignment to specific goals), Net Worth, Investment Profile, Asset Allocation Results, What If Comparison (a summary comparison of the Current Plan to an Alternative Plan), Life Insurance Needs Analysis, Disability Needs Analysis, Long Term Care Needs Analysis, Estate Analysis (a summary of the current estate predicated upon information provided by the client), and Stock Options Summary (calculations based on Client's selection of potential future price and exercise strategy—up to 3 scenarios can be provided).

2. *Preferred Planning*—The Preferred Plan is a cash flow based analysis designed to provide a detailed review of your financial planning objectives and is available directly from your Financial Advisor or may be prepared by the UBS Financial Planning Department or other UBS specialist, and delivered by your Financial Advisor or other specialist. Using information that you provide, a Preferred Planning report consists of various sections predetermined by you and your Financial Advisor based on your specific needs. The Preferred Planning report may include an analysis of one or more of the following areas: Financial Goals, Current Net Worth and Income Statement, Current Cash Flow, Education Planning, Major Purchase Planning, Risk Management Planning (can include disability and long term care needs), Asset Allocation, Estate Planning, Survivor Needs Analysis and an Alternative Plan and Recommendations.
3. *Private Planning*—This service provides individuals with a customized Private Plan. The service is intended for individuals with complex planning needs and a net worth in excess of \$25,000,000. The Private Plan report is prepared and delivered by members of the Private Planning Group or member of the Advanced Planning team. A current cash flow based analysis is provided to illustrate your present financial condition and an alternative cash flow is provided to illustrate the hypothetical impact that may result from the adoption of certain strategies. The Private Planning report can provide a combination of short term and long term analysis based upon your immediate and longer range financial situation.

We believe it is valuable that our UBS planning professionals coordinate with your legal and tax advisors during the development of your Private Plan report so that they may assess any legal and tax issues relating to the planning strategies we discuss. As we do not provide legal or tax advice, you are encouraged to include your legal and tax advisors in all discussions and meetings.

Financial Planning Services for Corporate Employees

UBS may provide the Financial Planning Services described in the brochure to individuals directly or through employer sponsored programs governed by written agreement between UBS and the corporation/ employer. The fees for employer sponsored programs may vary by agreement based on a variety of factors, and may be more or less than the fees assessed to an individual client receiving the same service.

See “Fees and Compensation” for a description of the fees for our Financial Planning Services.

Financial Planning as an Investment Advisory Service

We offer fee-based financial planning services as an investment advisory service that creates a fiduciary relationship under the Investment Advisers Act of 1940, which regulates the activities of registered investment advisers. As an investment adviser fiduciary, we must place your interests above our own.⁴ This Disclosure Brochure explains your rights and our obligations in providing you with fee-based financial planning services. Please read it carefully and keep it for your records.

Please note that although we act as your investment adviser in providing fee-based financial planning services to you, this does not affect any other relationship you may have with your Financial Advisor or UBS. The nature of existing UBS accounts or accounts you may open in the future, your rights and obligations relating to these accounts, and the terms and conditions of any UBS account agreement in effect now or in the future do not change in any way.

Financial Planning Services Free of Charge

The financial planning services described in this brochure are also available to you free of charge. When no fee is charged for the service, we will act as your broker and not as your investment advisor.

Financial Planning & Securities Recommendations

Our Financial Planning Services do not include initial or on-going advice regarding specific securities or other investments. You are not required to establish accounts, purchase products that UBS distributes, or otherwise transact business with UBS Financial Services Inc. or any of our affiliates in order to put into action any aspect of your financial plan. If you would like UBS to be involved with helping you develop an investment strategy, we would welcome the opportunity to assist you. The capacity in which we act when helping you implement an investment strategy will depend on, and vary by, the nature of your accounts (i.e., brokerage or advisory accounts) used for such implementation, and it is not impacted by the Financial Planning Services we provide to you.

⁴ Fiduciary status under the Investment Advisers Act is different from fiduciary status under ERISA or the Internal Revenue Code. While in our investment advisory programs we act as a fiduciary under the Investment Advisers Act, we do not act as a fiduciary under ERISA or the Internal Revenue Code unless we expressly agree to do so in writing.

Tax Strategies

Any information presented in a financial planning report regarding potential tax considerations is not intended as tax advice and should not be relied upon for the purpose of avoiding any tax penalties. Neither UBS Financial Services nor any of its employees provide tax or legal advice and our Financial Planning Services are not intended to provide, and should not be construed as providing, such advice. You must consult with your legal or tax advisors regarding your personal circumstances. In addition, our Financial Planning Services assume that you are a U.S. citizen or resident and subject to U.S. taxes. Our Financial Planning Services may therefore not be applicable to or appropriate for non-US citizens or those persons subject to other tax jurisdictions and requirements.

Scope of Financial Planning Services

Financial Planning Services do not address every aspect of a client's financial life (e.g., areas not covered include analysis of property and casualty, homeowners, medical and excess liability coverage, etc.). In addition a topic may not be included in your financial plan for a variety of reasons (e.g., insufficient data provided, separate analysis to be provided, etc.) and that such omission does not indicate that the topic is not applicable to your financial situation. Please consult with your Financial Advisor regarding the specific topics you would like to include in your Financial Planning Services. Also, unless otherwise noted, our Financial Planning Services do not analyze your estate planning documents and, accordingly, the current estate and death tax liabilities illustrated are estimates. You are advised to seek the counsel of your legal and tax advisors for a complete analysis of your estate and death tax liabilities.

Other Investment Advisory Services

We offer other advisory services not described in this brochure. If you would like more information please ask your Financial Advisor for the Form ADV Disclosure Brochure for those programs and services.

We do not hold ourselves out as specializing in a particular type of advisory service or strategy. Instead, our advisory programs and services offer a broad variety of strategies, investment options and asset allocations and features.

– Wrap Fee Programs:

Program type	Programs included
Discretionary Programs	UBS Managed Portfolio Programs, Portfolio Management Program and Mutual Fund Discretionary Program
Separately Managed Accounts (SMA) Programs	ACCESS and Managed Accounts Consulting
Unified Managed Accounts Program	UBS Strategic Wealth Portfolio Program
Non-discretionary Advisory Programs	PACE and UBS Strategic Advisor Program

- Financial education program: an employer or other sponsoring entity can contract with UBS to have a UBS Financial Advisor provide one or more of a series of financial education seminars to their employees or members (generally, but not always, at no charge to the employee or member) or to the public for a fee.
- Consulting Services: available to retirement plans, institutions and corporate clients for an asset-based fee, a fixed fee, mutual fund distribution and finder's fees or brokerage commissions, as well as a combination of a consulting fee with a brokerage offset or transaction fee.

There are important differences among these Programs in terms of services, structure and administration, the depth of research conducted on the managers available in the programs, Fees and the compensation that Financial Advisors receive. Please review the details of each service and program carefully as you decide which program is appropriate for your investment needs.

While we offer an extensive list of investment options, strategies and a variety of asset allocation models and investment strategies, our offerings are limited to those approved for sale or recommendation at the firm. We do not offer or recommend every investment strategy, asset allocation model, financial planning strategy or investment available in the industry.

Qualifications of Financial Advisors and Specialists Who Provide Financial Planning Services

Most of our Financial Advisors are registered as broker-dealer and investment adviser representatives. We do not impose special requirements such as length of service, education or qualification requirements (other than the required registrations) for Financial Advisors who participate in our Financial Planning Services. Some advisory programs require that Financial Advisors fulfill certain internal training requirements in order to undertake certain activities.

Generally, our Financial Advisors and professional personnel who provide financial planning services to clients have a college degree and/or securities industry experience. In addition, certain Financial Advisors and other UBS Financial Services Inc. employees participating in financial planning services may possess a professional designation (e.g., CERTIFIED FINANCIAL PLANNER™ (CFP®), Chartered Financial Consultant (ChFC), etc.) or an internal certification. Holding a professional designation typically indicates that the Financial Advisor or UBS Financial Services Inc. employee has completed certain courses or continuing education. However, use of such designations does not change the nature of UBS' or the Financial Advisor's obligation with respect to the advisory or brokerage products and services that may be offered to you.

Financial Planning Services using a Private Plan report are developed and delivered by "Private Planning Specialists". Private Planning Specialists may hold advanced professional designations such as a JD, CPA, Masters Degree in Taxation, CERTIFIED FINANCIAL PLANNER™ (CFP®) and Chartered Financial Consultant (ChFC), Certified Life Underwriter (CLU), Chartered Advisor in Philanthropy (CAP) and Accredited Estate Planner (AEP).

In connection with our fee-based Financial Planning Services, we will provide to you a Brochure Supplement for your Financial Advisor and, if applicable, any specialist involved in providing the Financial Planning Service to you. The Brochure Supplement includes information regarding your Financial Advisor's education, business experience, disciplinary history, outside business activities, their compensation and supervision. You may also obtain information about your Financial Advisor, their licenses, educational background, employment history, and if they have had any problems with regulators or received serious complaints from investors through the FINRA BrokerCheck service available from FINRA at <http://www.finra.org> or from the Securities and Exchange Commission at www.adviserinfo.sec.gov.

You can also contact your state securities regulator through the North American Securities Administrators Association's website at <http://www.nasaa.org> and request information about our firm and your Financial Advisor.

C. How We Tailor Our Advisory Services

All of our Financial Planning Services are based on information you provide regarding your particular goals and circumstances. Financial Planning Services using Financial Goal Analysis and Preferred Planning resources are tailored to your specific investment objectives, risk tolerance and goals in various ways, including the following:

- *Reports.* The reports we provide can be tailored to meet your particular needs and goals. You and your Financial Advisor can determine which types of analysis to include in your reports.
- *Asset Allocations and Strategies.* If a report includes a target allocation for you, the asset allocation will be based on a proprietary process which offers several possible asset allocation models. Investment strategies are assigned a risk category rating. Your responses to certain risk tolerance questions are scored in order to determine an appropriate strategy that is within your stated risk profile.

The risk category ratings were developed to approximate investor expectations of risk and reward, and to reflect the preferences of a range of investors from conservative to aggressive. Investment strategies within a particular risk category may employ a variety of investment approaches, but are expected to share similar return and volatility characteristics over the long term. There can be no assurance that the stated investment objectives of the investment strategies will be realized.

With the advice of your Financial Advisor, you can select an investment strategy or asset allocation within your risk profile. You may tailor your allocations to your needs from the recommended asset allocation by certain levels not to exceed internally determined risk bands. In certain situations, you may select an investment strategy one category higher or any category lower as compared to your profile. We may change this option in the future. We may also change, in our sole discretion, the number and types of asset allocation models offered in our programs.

Financial Planning Services using the Private Plan resource are tailored to your needs by providing a phased approach to data collection and analysis. We provide a customized report to illustrate your entire current situation, include any tax and estate planning implemented to date. We also identify opportunities based on your current situation and model alternate strategies for consideration. The Private Plan report will include the appropriate sections based on your needs and the information you provided.

D. Participation in Wrap Fee Programs

Our Financial Planning Services do not include the participation in, or offering of those services in wrap fee programs.

We provide our own portfolio management services, and in some programs, those of our Financial Advisors as discretionary portfolio managers in the wrap fee programs we sponsor. We receive a wrap fee for those services and share a portion of that fee with Financial Advisors who participate in the wrap programs. Details of the programs are available in our Wrap Fee Disclosure Brochure which is available from your Financial Advisor.

Financial Advisors who participate in wrap fee programs may also have clients with accounts in brokerage or other advisory programs. The services and management of those accounts differ. For example, when acting in a discretionary capacity, PMP Financial Advisors should place transactions for their PMP clients' accounts prior to soliciting the same securities in their non-discretionary advisory and brokerage clients' accounts. PMP Financial Advisors are also subject to an internal personal trading policy.

Our activities as portfolio manager and sponsor of wrap fee programs are separate from our Financial Planning Services.

E. Assets Under Management

Our Financial Planning Services do not include our management of client assets on a discretionary or non-discretionary basis.

Our assets under management in wrap fee programs as of January 31, 2012 are listed below. Values for DVP accounts are as of 12/31/11.

Although this information does not apply to our Financial Planning Services, it provides you additional background regarding our activities as an investment adviser.

– Non-discretionary Programs:	126,824,638,942
– Discretionary Programs:	58,475,033,261
– Total:	185,299,672,203

Item 5. Fees and Compensation

The maximum fee for Financial Planning Services is \$50,000.

A. Financial Planning Fees

Fees for our Financial Planning Services are negotiable, are at our sole discretion and may differ from client to client based on a number of factors. These factors include, but are not limited to:

- the range of Financial Planning Services selected,
- the scope of the engagement,
- the complexity of the services provided, and
- the nature and amount of client assets involved.

Our ability to negotiate the fee may result in one client paying for the same set of Financial Planning Services provided to another client at a lower fee. We may also discount fees for clients in certain circumstances or in connection with sales promotions or marketing campaigns.

Your Financial Advisor receives a percentage of the Financial Planning Fees you pay to us.

Fees as well as other account requirements may vary as a result of the application of prior policies depending upon when you received Financial Planning Services from us. From time to time, the fees for Financial Planning Services or certain Advisory services available through UBS may be reduced for our employees, certain other family members or employees of our affiliates.

Other types of fee arrangements—such as a wrap fee arrangements, fee plus commission, or a fixed fee arrangement—are available in other advisory programs and services. We may enter into special agreements to provide other services involving specific clients, Financial Advisors or any of our branch offices. For more information regarding the above, contact your Financial Advisor.

In addition, the following services are available to you free of charge and in our capacity as broker-dealer:

- the same financial planning services that are available to you for a fee
- certain aspects of these services
- a review of your progress towards the goals outlined in your plan
- goal-based reports that analyze your ability to reach certain goals
- asset allocation reviews

You should consider these factors carefully before engaging in the Financial Planning Services for a fee.

B. Billing Practices

Fees associated with the Financial Planning Services are disclosed, in advance, in a separate services agreement. The engagement begins and these fees are generally payable at the time you enter into the services agreement, rather than after delivery of the financial planning report. However, other fee arrangements may be offered at our sole discretion. Payment is made by check or by debit from a UBS account you designate. Clients may cancel the agreement for the services and receive a full refund of fees paid by contacting their Financial Advisor within 5 business days from the date we enter into the services agreement. After that period, the fee is refundable at our discretion.

C. Fees/Other Charges Not Covered by Your Financial Planning Fee

The fee you pay covers only the Financial Planning Services selected in the agreement you enter into with us. The fee does not cover any other services, accounts or products. If you maintain accounts with us, or if we assist you in implementing your financial plan, you will pay other

charges in addition to the Financial Planning Services fee. This will add to the overall compensation that we receive. Fees for Financial Planning Services will not be reduced or offset by these other fees. Notably, these additional fees will reduce the overall return of accounts you maintain with us. Examples of additional fees you may incur that are not part of the Financial Planning Services fees include:

- **Implementation of your Financial Plan:** Our fees for Financial Planning Services do not include the asset-based fees, transaction based charges or commissions, account maintenance fees or other charges you may incur in implementing your financial plan. You will incur such fees whether you implement your financial plan at UBS or at other financial institutions.
- custody fees imposed by other financial institutions if you choose to custody your assets at other financial institutions;
- precious metals custody fees imposed by affiliates, or other financial institutions;
- mark-ups/mark-downs on principal transactions with us or other broker-dealers;
- internal trust fees;
- costs relating to trading in foreign securities (other than commissions otherwise payable to us);
- internal administrative, management, redemption and performance fees that may be imposed by collective investment vehicles such as open-end and closed-end mutual funds, UITs, hedge funds and other alternative investments, exchange-traded funds or real estate investment trusts;
- and other specialized charges, such as transfer taxes, and fees we charge to customers to off-set fees we pay to exchanges and/or regulatory agencies on certain transactions.

Either UBS Financial Services or UBS Credit Corp. will also charge interest on any outstanding loan balances (including margin loans) to clients who borrow money from us or UBS Credit Corp. Clients also may be charged additional fees for specific account services, such as:

- ACAT transfers
- Wire transfer charges
- Annual and termination fees for retirement accounts
- Annual and termination fees for RMAs or Business Services Accounts (BSAs)

D. Compensation to Financial Advisors Who Recommend Advisory Programs

UBS Financial Services Inc. is one of the nation's leading securities firms, serving the investment and capital needs of individual, corporate and institutional clients. We are a member of all principal securities and commodities exchanges in the United States including the New York Stock Exchange ("NYSE"). Our parent company, UBS AG is a global, integrated investment services firm and one of the world's leading banks. We are registered to act as a broker-dealer, investment adviser, and futures commission merchant. Currently, our principal business, in terms of its revenues and personnel, is that of a broker-dealer in securities.

In general, we pay our Financial Advisors a percentage of the commissions and fees (called a payout or grid rate), that each Financial Advisor generates from the clients he or she serves minus certain adjustments that are requested by our Financial Advisors, according to an established schedule.

The percentage of firm revenues credited to Financial Advisors in asset-based programs is higher than the percentage of firm revenues credited on most other products and services, including the compensation they would receive if you paid separately for advice, brokerage and other services. The differences in compensation create an incentive for Financial Advisors to recommend products for which they receive higher compensation.

For transactions-based accounts, which hold products such as stocks, bonds, options and mutual funds, the payout rate ranges from 20% to 45% of the commissions or sales charges credited to the Financial Advisory by the Firm. Generally, for stock and option transactions, the payout is adjusted downward to account for a \$12 per transaction fee. For asset-based fee programs and Financial Planning Services fees, the payout ranges from 20% to 48% of the commissions or sales charges credited to the Financial Advisor by the Firm.

We may reduce or terminate the above payouts to Financial Advisors in connection with accounts they service that do not meet certain prescribed asset levels on a household basis.

Under certain circumstances (e.g., acquisitions and recruitment), some Financial Advisors or producing Branch Office Managers may be compensated differently. Financial Advisors also receive certain awards based on their production amount, business mix and net new assets. We reserve the right, at our discretion and without prior notice, to change the methods by which we compensate our Financial Advisors.

Item 6. Performance Based Fees and Side by Side Management

Our advisory services do not impose performance fees. UBS Financial Services does not serve as investment manager to hedge funds private equity or similar types of investment vehicles. However, as a distributor of alternative investments, including hedge funds and fund of funds, UBS receives a portion of the performance fees charged by the investment adviser to those funds. Financial Advisors who sell those alternative investments, including those investments held in Advisory accounts receive a portion of those fees.

Item 7. Types of Clients

A. Type of Clients

We provide investment advisory services to individuals, banks, thrift institutions, mutual funds and other investment companies, pension and employee benefit plans, trusts, estates, charities, corporations and other business and government entities. Generally, the majority of our clients in the Advisory programs and those receiving Financial Planning Services are individuals.

B. Requirements for Financial Planning Services

You are not required to maintain accounts at UBS to receive Financial Planning Services. The Financial Planning Services available may differ depending on the client's personal goals, net worth and the complexity of each client's financial situation.

Profiling Questionnaires: To receive a financial plan, your Financial Advisor will collect various information and documentation from you, including your responses to certain risk profiling questions, to determine your investment needs, objectives, risk tolerances and financial goals. These objectives, risk tolerance and goals form the basis of your selection of an investment strategy or asset allocations for your financial plan.

To make the most of your Financial Planning Services, we recommend that you work with your Financial Advisor to establish clear and measurable financial goals. The more specific and accurate you can be regarding your financial goals, the better equipped your Financial Advisor will be to help you develop a financial plan.

It is important that you provide complete and timely information to your Financial Advisor as he/she will base the financial planning analysis and recommendations on the information that you provide. You are responsible for the accuracy of the information you provide to us. If you experience significant life events or material changes in your financial situation, inform your Financial Advisor promptly so that we may assess how these changes may impact your financial objectives and your financial plan.

Financial Planning Services and Your Brokerage and other Advisory Agreements with UBS

The Financial Planning Services we provide are not account specific and do not alter or modify in any way the nature of your accounts, or your rights and our obligations relating to any UBS accounts or the UBS account agreements in effect when the Financial Planning Service is provided to you. The terms and conditions of those account agreements, unless otherwise amended, continue to be in effect during and after the termination of the financial planning service.

The Financial Planning Services Agreement: In order to provide you with fee-based Financial Planning Services, we will ask that you enter into a written agreement with us. The agreement will identify the Financial Planning Services to be provided, the fees charged, the length of the engagement, and our respective rights and obligations under the agreement. After the first five days after entering into the services agreement (see Item 5, section B, *Billing Practices*), you may terminate the agreement at any time by providing us written notice. **Upon expiration or termination of the services agreement, our Financial Planning Services, as well as the fiduciary relationship**

created, will end and we will have no obligation to provide ongoing financial planning advice to you.

Including Outside Assets in your financial plan: When we develop a financial plan for you, you may choose to include assets held at other institutions in your asset allocation or target allocation. Because these assets are not held at UBS, we will not be able to verify or ensure the accuracy of information regarding these assets. UBS does not provide advice with respect to your assets at other firms, and we will not assume any liability for your activity at other firms.

No Specific Security Recommendations. Our Financial Planning Services **do not:**

- make investment recommendations
- analyze particular securities or investments
- provide on-going advice regarding specific securities or other investments; rather, a general asset allocation strategy based upon your stated risk tolerance, investment objectives, financial needs, age, current asset allocation and value of the assets may be suggested in the financial planning report.

Implementing Your Financial Plan: It is your responsibility to determine if, and how, the suggestions made in connection with the Financial Planning Services should be implemented or otherwise followed. You should carefully consider all relevant factors in making these decisions, and we encourage you to:

- consult with your outside professional advisers
- consult with your legal counsel and/or accountant or tax professional

regarding the legal or tax implications of a particular recommendation, strategy or investment, including any estate planning strategies, **before you invest or implement a particular strategy.**

You should also understand that all investments involve risk, the amount of which will vary, and that your ability to implement any financial strategy may be affected by a number of factors including:

- market fluctuations
- the actual value of assets held at other financial institutions
- your ability to make the contributions required, and
- the impact of your other investment decisions

You are not required to establish accounts, purchase products that we distribute or otherwise transact business with UBS Financial Services or any of our affiliates to implement any of the suggestions made in connection with the Financial Planning Services we provide.

If you decide to implement any portion of your financial plan with UBS, at your request, your Financial Advisor can make specific investment recommendations and help you develop an investment strategy. The capacity in which we act when we are involved in implementing your investment strategy will depend on, and vary by, the nature of the accounts used (i.e., brokerage or advisory accounts).

Generally, we will implement securities transactions in our capacity as a broker-dealer, not as an investment advisor (unless you are participating in one of our investment advisory programs). You will be charged any applicable fees for effecting the transactions you choose to make. See *"Fees/Other Charges Not Covered by Your Financial Planning Fee"* for more information.

We and our Financial Advisors receive compensation from the sponsor of securities, mutual funds and other investments in which you may invest. See *"Participation or Interest in Client Transactions—Additional Compensation"* for more information. We will also benefit from the possession or use of free credit balances in the accounts the client maintains with us subject to the restrictions imposed by Rule 15c3-3 under the Securities Exchange Act of 1934.

Electronic delivery of documents. To the extent permissible by applicable law, we may, with your consent, deliver financial plans, Form ADV Disclosure brochures, and other documents and notices related to our services via electronic format.

Item 8. Methods of Analysis, Investment Strategies and Risk of Loss

Our Asset Allocations

In providing our Financial Planning Services, we may create analyses that include asset allocations. Our asset allocations are based upon a proprietary methodology. In developing those allocations, UBS considers asset class risk and return results that are based on estimated forward-looking return and risk assumptions, as measured by standard

deviation ("capital market assumptions"), which are based on UBS proprietary research. The development process includes a review of a variety of factors, including the return, risk, correlations and historical performance of various asset classes, inflation and risk premium. The process assumes a situation where the supply and demand for investments is in balance and in which expected returns of all asset classes are a reflection of their expected risk and correlations regardless of timeframe. These capital market assumptions do not assume any particular investment time horizon.

UBS periodically reviews the economic or market conditions or other general investment considerations that it believes may impact the capital market assumptions. The capital market assumptions may change from time to time at the discretion of UBS. UBS has changed its risk and return assumptions in the past and may do so in the future. Neither UBS nor your Financial Advisor is required to provide you with an updated proposal based upon changes to these or other underlying assumptions. Changes in the assumptions may affect your target allocation on the broad, subclass or style level. We may also add or remove asset classes, subclasses and styles from the allocation methodology at any time. Once our agreement for Financial Planning Services has ended, we are not required to provide you with an updated analysis based upon changes to these capital market assumptions or resulting changes to your target allocation. It is important to note that implementing changes to your target allocation may result in tax consequences to you. Please consult your tax advisor if this occurs.

UBS employs a variety of asset allocation models and tools. As a result, our modeling in programs outside of Financial Planning Services may vary depending upon the asset allocation model, amount invested and software program used for analysis.

Limitations on Statistical Analysis:

Historical statistical data, based on the performance of various market indices, may be provided in the financial planning reports to show relative historic risk and return information regarding the asset allocation strategies presented. In addition, forward looking analyses are presented based upon various risk and return assumptions developed by UBS Financial Services Inc. Forward looking analyses, including probabilistic modeling (which presents the likelihood that the client may be able to achieve certain goals) are hypothetical in nature, do not reflect actual investments results and are not a guarantee of

future results. These analyses do not analyze specific securities. Rather, the asset allocation presented is analyzed. Actual market conditions may result in outcomes significantly different than those illustrated. With respect to probabilistic modeling, the results may vary over time and with each use if any of the underlying assumptions or profile data is adjusted. In addition, the analysis does not present the results that could occur from an extreme market event, either positive or negative, due to the low probability of such an occurrence.

Analysis and reports used as a part of delivering Financial Planning Services describe the basis, limitations and potential risks. Please review this information carefully.

Those analysis and/or reports are based on information that you provide. The accuracy of the analysis is dependent upon your providing accurate and complete data. Any changes to your personal situation or any of the data or assumptions that underlie the analysis could materially impact the results presented and resulting recommendations. The results presented in the analysis or reports are not guarantees of future results.

There is no guarantee that you will meet all of your objectives. As actual investment returns, inflation, taxes, and other economic conditions will vary from the assumptions used in our financial planning analyses and reports, your actual results will vary from those presented and may impact your ability to reach your financial planning goals.

We obtain information from various sources, including:

- Financial publications
- Inspections of corporate activities
- Company press releases
- Research material prepared by our affiliates and third parties
- Rating or timing services
- Regulatory and self-regulatory reports
- Other public sources

In addition, we receive a broad range of research and information about the following:

- The economy
- Industries
- Groups of securities and individual companies

- Statistical information
- Market data
- Accounting and tax law interpretations
- Political developments
- Pricing and appraisal services
- Credit analysis
- Risk measurement analysis
- Performance analysis
- Other information that may affect the economy or securities prices

Research can be received through various channels, including:

- Written reports
- Telephone contacts and personal meetings with research analysts
- Economists
- Government representatives
- Corporate and industry spokespersons

We may receive research, model portfolios and asset allocation services generated by UBS, UBS affiliates, third parties, by or through brokers or dealers or investment advisers, including research, model portfolios and asset allocation advice purchased through economic arrangements with such parties.

Our investment advisory services generally rely on a variety of fundamental, technical, quantitative and statistical tools and valuation methodologies. As a result of these different methodologies employed, technical or quantitative research recommendations may differ from, or be inconsistent with, fundamental opinions for the same security. We may use computer technology to more readily display these factors and to create asset allocation recommendations. Personnel involved in providing investment advisory services may have access to specialists or other information for all major industry groups.

Our Financial Advisors and clients have access to research from UBS Wealth Management Research Americas (WMR), which is part of UBS Wealth Management Americas. WMR is designed specifically for use by private clients and our Financial Advisors. As a result, subject to certain exceptions, we expect that product areas in UBS Financial Services Inc. will incorporate insights and economic perspectives of WMR, where appropriate, in their products and services.

Clients and Financial Advisors also have access to certain categories of UBS Investment Research (INV Research) that is issued by UBS Investment Bank. Because both sources of research reflect the different assumptions, views and analytical methods of the analysts who prepared them, there may be a difference of opinions between WMR and INV Research. Neither source is necessarily more reliable than the other. The various research content provided does not take into account the unique investment objectives, financial situation, or particular needs of any specific individual investor.

You should be aware that we or our affiliates (or employees thereof) may have conflicts of interest in connection with the research reports we publish. UBS and its affiliates (or any of our employees) may happen to fall into any one of these categories, which could potentially create a conflict of interest:

- Holding long or short positions in a specific security being researched
- Deal as principal or agent in a specific security being researched
- May provide Advisory or other services to an issuer or their affiliate that is covered in research reports issued by WMR and/or INV Research

WMR and INV research analyst compensation is not based on investment banking revenues; however, their compensation may relate to the revenues or profitability of UBS business groups as a whole, which may include investment banking, sales and trading services.

Financial Advisors also have access to proprietary models covering equities, fixed income, mutual funds and municipal securities developed by our various business areas.

Item 9. Disciplinary history

Below is a summary of the material legal and disciplinary events against UBS Financial Services Inc. during the last ten years. As of the date of this brochure, there are no reportable legal and disciplinary events for our senior management personnel or those individuals in senior management responsible for determining the general investment advice available to our clients.

The disciplinary reporting requirements for broker-dealers and investment advisers differ in some ways, with FINRA requiring broker-

dealers to report on matters (for example, pending complaints and arbitrations) which are not required to be reported by investment advisers. Since our firm operates as both broker-dealers and investment advisers we file the information as required by each entity. The information in this report is not the only resource you can consult. You can access additional information about our firm and our management personnel on the Security and Exchange Commission's website, located at www.adviserinfo.sec.gov as well as the Financial Industry Regulatory Authority's website, www.finra.org/brokercheck.

Please note that in each of the instances described below, the firm entered into the various orders, consents and settlements without admitting or denying any of the allegations.

	Date of Action	Brought By	Allegation	Disposition	Monetary Sanctions
1	Feb. 22, 2012	Pennsylvania Securities Commission	The Pennsylvania Securities Commission alleged that the Firm failed to reasonably supervise three agents in one branch office relating to the sale of certain structured products issued by Lehman Brothers to two investors and that such conduct formed a basis to sanction the Firm under Section 305 (A)(VII) of the Pennsylvania Securities Act of 1972, 70 P.S. Section 1-305(A)(VII)	Consent to the Commission's Findings of Fact, Conclusion of Law, and Order.	Administrative Assessment of \$200,000 Legal and investigation costs of \$75,000
2	Sept. 30, 2011	FINRA	FINRA alleged that during the period of November 2004 to September 2006, the Firm violated Municipal Securities Rulemaking Board Rule G-27 by failing to reasonably supervise certain cross-trading of municipal bonds by retail customers, in that the Firm lacked adequate policies and procedures to monitor this type of trading and did not conduct adequate follow-up on red flags which put it on notice that one of its registered representatives may have been exercising discretion in customer accounts to engage in unsuitable cross-trading of municipal bonds.	Acceptance, Waiver and Consent	Censure and Monetary Fine: \$300,000
3	Aug. 22, 2011	New Hampshire Bureau of Securities Regulation	UBS sold Lehman Structured Products to clients (specifically referencing three particular investors), who were not made aware of the risks of these products and failed to inform clients of Lehman's financial condition prior to Lehman's bankruptcy. It was also alleged that the firm's recommendations to a small number of New Hampshire residents to purchase Lehman Structured Products were unsuitable.	Consent Order	Administrative fine of \$100,000 Investigation costs of \$200,000 Administrative payment of \$700,000
4	May 4, 2011	SEC, Internal Revenue Service (IRS), Dept. of Justice (DOJ), State Attorney General of 24 States	UBS AG and UBS Financial Services Inc. reached settlements with the SEC, the IRS, the DOJ and a group of State Attorneys General regarding investigations into the conduct of certain former employees in UBS Financial Services' former municipal reinvestment and derivatives group from 2001 to 2006. Allegations included violations of: Section 15(c)(1)(A) of the Securities Exchange Act of 1934, Section 1 of the Sherman Act, and IRS regulations in bidding practices and representations made involving the investment of proceeds of municipal securities transactions.	SEC: Waiver and Consent to Final Judgment enjoining UBS from violating Section 15(c) of the Act, disgorgement of profits, interest and civil penalty IRS: Closing Agreement DOJ: Non-prosecution Agreement	SEC: Disgorgement of \$9,606,543 plus interest of \$5,100,637 and civil penalty of \$32,500,000 IRS: penalty of \$18 million and restitution of 4.3 million States: \$70.8 million plus \$20 million credited from the SEC settlement

Item 10. Other Financial Industry Activities and Affiliations

UBS Financial Services Inc. is a member of all principal securities and commodities exchanges in the United States including the New York Stock Exchange ("NYSE"). Our parent company, UBS AG ("UBS"), is a global, integrated investment services firm and one of the world's leading banks. We are registered to act as a broker-dealer, investment adviser and a futures commission merchant. Please note that registration as an investment adviser does not imply a certain level of skill or training.

As a full service broker-dealer and investment adviser, we offer our customers and investment Advisory clients a broad range of financial services and products, and we are engaged in various aspects of the securities and investment business. Our financial services include:

- Underwriting securities offerings
- Acting as a market maker in securities
- Trading for our own account
- Acting as a clearing firm for other broker-dealers
- Buying or selling securities, commodity futures contracts and other financial instruments for customers as their broker or buying them from or selling them to clients, acting as principal for our own account
- Providing investment advice and managing investment accounts or portfolios
- Acting as a commodity pool operator, futures commission merchant or commodity trading advisor and providing custodial services
- Through our affiliates, we provide clients with trust and custodial services
- We manage, sponsor and distribute registered investment companies and other public and private pooled investment vehicles, including hedge funds, whose shares or other interests are sold to clients

Currently, our principal business, in terms of its revenues and personnel, is that of a broker-dealer in securities.

UBS Financial Services Inc. Subsidiaries & Other Affiliates

There are a number of related persons that provide investment management and other financial services and products to our investment advisory clients, which may be material to our advisory business.

UBS, our subsidiaries or affiliates act in one or more capacities, including investment adviser, sub-adviser, consultant, administrator and principal underwriter (as applicable) to a number of open-end and closed-end investment companies with varying investment objectives. As a futures commission merchant, and through affiliates registered as commodity pool operators and commodity trading advisors, we or an affiliate also provide advice on commodities and commodity-related products. Certain of our subsidiaries, affiliates and related entities include the following:

- Sydling Futures Management LLC.
- UBS Financial Services Insurance Agency Inc.
- UBS Financial Services Inc. of Puerto Rico, a separately registered broker-dealer
- UBS Insurance Agency of Puerto Rico Inc.
- UBS International Hong Kong Limited
- Trust-related services are available through the UBS Trust Company N.A. and the UBS Trust Company of Puerto Rico.
- UBS Credit Corp. provides loans to clients that are either unsecured or secured by securities or other financial instruments. These loans may be used to buy securities or for other purposes. These loans are not subject to the maintenance requirements and potential capital charges that are imposed on broker-dealers.
- UBS Bank USA is an FDIC-insured Utah industrial bank. UBS Bank USA provides deposit services and loans to clients that are secured by securities or real estate. These loans may be used for purposes other than buying, trading or carrying securities. These loans are not subject to the maintenance requirements and potential capital charges that are imposed on broker-dealers.

UBS AG (UBS Financial Services Inc.'s ultimate parent) offers investment advisory services through a variety of direct and indirect subsidiaries. These entities are separately registered investment advisors and, in some cases, registered broker-dealers and commodity-trading advisors. Their principal lines of business range from developing and distributing investment products including wrap fee products, mutual funds, closed-end funds, privately placed funds and other pooled investment products, providing investment advice to individuals, pension and other employee benefit plans, other tax-exempt organizations, insurance companies, investment companies, commingled trust funds, corporations, and other institutional investors, and serving as investment managers, administrators, distributors and/or placement agents for a number of funds, including (in the case of UBS Global Asset Management (US) Inc., the PACE Select Advisors Trust and a

number of UBS and UBS Global Asset Management-advised mutual funds. Certain of the investment advisers listed below may serve as investment manager for clients participating in our MAC, ACCESS program or SWP programs.

The UBS AG subsidiaries registered as investment advisers in the United States include the entities below. These companies manage the assets of, or serve as general partners or managers of registered investment companies and private investment funds that may be offered and sold to our advisory clients. Information on those investment vehicles can be found on the respective Form ADV of each affiliated advisor.

- Alternative Investment Solutions
- UBS Agrivest LLC
- UBS Global Asset Management (Americas) Inc.
- UBS Global Asset Management (US) Inc.
- UBS O'Connor LLC
- UBS Realty Investors LLC
- UBS Securities LLC
- UBS Swiss Financial Advisers
- UBS Fund Advisor, LLC
- UBS Juniper Management LLC
- UBS Tamarack Management LLC
- UBS Eucalyptus Management LLC, and
- UBS Willow-Management LLC.

We do not recommend any specific products or services as part the Financial Planning Services we provide. If you select us to assist you in implementing any aspects of your financial plan, or if you receive other products and services from us, we may recommend products that include the use of affiliated and unaffiliated investment advisers. See "Our Advisory Services" for other advisory programs and services. The details of these programs including the features, fees, and conflicts of interest are detailed in our Wrap Fee Disclosure Brochure which is available from your Financial Advisor.

Item 11. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

The Firm maintains and enforces a written code of ethics in accordance with Rule 204A-1 under the Investment Advisers Act of 1940. The code and any subsequent amendments, is provided to all employees of the Firm and each employee is responsible for acknowledging receipt.

The code, which supplements the Firm's code of conduct, has a dual purpose:

- To set forth standards of conduct that apply to all employees of the firm, including the firm's fiduciary obligation to its clients
- To address conflicts of interest associated with the personal trading activities of a subset of employees defined as "access persons."⁵

Employees are required to promptly report any suspected violation of the code. Violations of the code may result in discipline, up to and including termination. Clients or prospective clients may obtain a copy of the Investment Adviser Code of Ethics upon request.

B. Participation or Interest in Client Transactions

1. Additional Sources of Compensation

This section describes the compensation we receive when you execute transactions with us and conflicts of interest raised by revenues we receive from third parties. You should consider these factors carefully before you decide to implement your financial plan through our firm. You are not required to have accounts at UBS or implement your financial plan at our Firm in order to receive our Financial Planning Services.

Most of our Financial Advisors are licensed as investment adviser representatives and broker-dealer representatives and may suggest or recommend that advisory and brokerage clients use the Firm's securities accounts, execution, banking and custody services, or those of an affiliate.

⁵ Access Person: all branch office employees, regardless of their job function, and any other Firm employee who works from a branch location or home office employees who place trades on behalf of money managers who participate in the Firm's advisory programs and home office employees that develop, manage or place trades for the UBS Managed Portfolio Program.

In general, our Financial Advisors receive revenue in the following ways:

- A portion of fees collected by the firm for financial planning services
- Commissions charged to clients in connection with the purchase, or sale, of equities, fixed income products and other investments such as structured products
- Markups (i.e., an increase) and markdowns (i.e., a reduction) on the price of purchases and sales of equities and fixed-income products, where the firm acts as principal, i.e. purchases for or sales of securities from UBS's inventory
- Underwriting concessions in connection with products sold in initial offerings
- Asset-based fees charged in connection with our investment advisory programs
- Interest on margin and loan accounts
- Sales loads, commissions and 12b-1 fees for various financial products, such as mutual funds, offshore funds, alternative investment funds, unit investment trusts, insurance and annuities.
- Referral fees for referrals to affiliates and third parties.
- A portion of the management and performance fees the Firm receives in connection with the distribution of alternative investments.

2. Sources of Compensation from Third Parties

UBS, our Financial Advisors and affiliates receive additional compensation in connection with certain types of assets in which accounts at UBS may be invested. This compensation is in addition to any program fee you pay us for our investment advisory services or commissions you pay in brokerage accounts. Instead, this compensation is a result of distribution, shareholder servicing, administration, marketing, investment management, revenue sharing or referral agreements we and/or affiliates have with vendors or sponsors of those securities and other services. We also receive additional compensation as a result of inter-company profit sharing and servicing agreements. For certain alternative investments, the compensation may also include performance fees. The nature of the services provided by, and the compensation paid to, us and our affiliates are described in the offering documents for the respective products, which are available for no charge through your Financial Advisor. Certain securities, for example, mutual funds are sold by prospectus only. Please read the prospectus carefully before investing.

The amount of fees paid to us, and therefore your Financial Advisors, may vary depending on the arrangement between us and the vendors/sponsors and, if applicable for mutual funds, and the terms and conditions of the relevant fund's 12b-1 or trailing commission plan. If you hold these assets in an advisory account, we receive these payments for the duration of your advisory account. In some circumstances, our receipt of such compensation may extend beyond your participation in our advisory programs if you continue to hold those assets at our firm.

For UBS proprietary products, our affiliates receive fees for providing investment management and other services ancillary to the execution of purchases of shares in affiliated funds, including, administration and shareholder services to the affiliated funds in the Programs. As a result of the various payments to us or our affiliated companies, the amount of compensation that UBS entities receive with respect to the sale of affiliated or proprietary mutual funds, including the money market funds used as sweep vehicles in advisory accounts, is greater than the amount payable to the organization as a whole from the sale of unaffiliated mutual funds.

Some of the payments described below are included in the fees you pay the fund sponsor or investment adviser. They then pay a portion of those fees to us or our affiliates as follows:

- Domestic Mutual Funds: Trailers and 12b-1 fees usually at the rate of 0.25% of the fund's assets per year for affiliated funds and 0% to 0.50% (average current annual rate is approximately 0.25%) for non-affiliated funds.
- UBS Global Asset Management Y shares: Prior to June 16, 2010 (and for certain funds May 25, 2010), UBS Global AM (US), the principal underwriter of the funds, made the following payments out of its own resources: a one-time finder's fee consistent with the fund's Class A share; beginning in the 13th month after purchase, an annual fee in an amount up to (1) 20 basis points for an equity fund, an asset allocation fund or a balanced fund, (2) 15 basis points for a fixed income fund, and (3) 5 basis points for an index fund. These payments are not available for purchases of Y shares after June 16, 2010 (or May 25, 2010, as applicable), but continue to be made for investments prior to that date.

- Offshore Funds: Trailers for equity offshore funds range from 50 to 90 basis points, and for fixed income offshore funds, 25 to 60 basis points.
- Puerto Rico Funds managed by our affiliate, UBS Trust Company of Puerto Rico: Trailers and 12b-1 fees usually at the rate of 0.25% of the fund's assets per year.
- Affiliated Alternative Investments: We receive referral fees, distribution, management, administrative and performance incentive fees. Management/administrative fees paid to our affiliate range between 1.25 and 1.75 bps. Our affiliate pays us approximately 90 bps for distribution of these funds. These payments are shared with your Financial Advisor.
 - The management/administration fee paid to our affiliate may be waived in their entirety for certain classes of investors (for example, ERISA plans investing through an advisory program).
 - Master/Feeder funds: UBSFS may receive a one-time service fee of 50 bps from the sponsor of a fund into which a proprietary feeder fund invests.
 - Placement Fees: of up to 2% from its clients.
- Non-Proprietary Alternative Investments Funds: We receive a trail or service fee ranging between 15 to 125 bps of the assets of UBS investors in the non-proprietary funds. Financial advisors receive compensation of up to 90 bps.
 - Incentive Fees: We may receive a portion of the incentive allocation of up to 2.5%.
 - Placement Fees: We receive a fee of up to 2% from our clients.
- Referrals: We may refer a client to a third party manager for investment into one of the manager's funds for a negotiable referral fee.

Sweep Vehicles for Cash in Advisory and Brokerage Accounts:

We, our affiliates, and our Financial Advisors receive compensation in connection with the money market funds and the UBS Bank USA deposit accounts used as sweep vehicles for advisory and brokerage accounts. The type and levels of compensation for advisory accounts are described in our Wrap Fee Program Disclosure Brochure. Details regarding the sweep options available in brokerage accounts are described in the UBS Financial Services Inc. Deposit Account Sweep Program Disclosure Statement which is available from your

Financial Advisor.

Compensation Paid to the Firm. In addition to sales loads, 12b-1 fees and processing fees, UBS receives other compensation from certain distributors or advisors of mutual funds, offshore funds and unit investment trusts that we sell. These fees are paid in consideration for services provided by us ancillary to effecting transactions. Financial Advisors do not receive a portion of these fees.

- Mutual Fund Networking Fees: Typically \$12-\$15 for each mutual fund position that is held at UBS. Some fund companies may choose to calculate this rate expressed in basis points on assets. Exclusions may apply to positions below \$500. These fees are paid by mutual fund sponsors from investor assets, but in some cases may be subsidized, in part, by affiliates of the mutual fund.
- Mutual Fund Omnibus Processing Fees: These payments, which usually range from \$16 to \$22 per position are assessed per client and can vary by share class. Some fund companies may choose to calculate this rate expressed in basis points on assets. Exclusions may apply to positions below an asset level mutually agreed upon by UBS and the fund company. A portion of the payments we receive for omnibus processing is paid to the sub-account transfer agent. These fees are paid by mutual fund sponsors from investor assets.
- Account Services Fees For Affiliated Funds: The amount of these fees may vary depending on the fund, but generally average \$12 per account per year, billed quarterly. Fees are paid by the fund sponsor out of investor assets.

Mutual Fund Revenue Sharing Compensation. Revenue-sharing payments may present a conflict between our interests and those of our customers, because the payments give us a financial incentive to recommend that our customers buy and hold shares of those funds that we maintain on our distribution platform and for which we receive revenue-sharing payments. We require that revenue-sharing compensation be made directly from the distributor or advisor, and not from the mutual funds or indirectly through mutual fund portfolio trading commissions because revenue sharing payments are intended to compensate us for assisting with the sales of mutual fund shares. Certain "no load" and "institutional" mutual fund shares may be purchased by our customers at a charge of \$75 per transaction, plus

other customary sales charges.

- Mutual Fund Revenue Sharing: These separate compensation amounts paid by the fund sponsor may be a negotiated flat fee or based on two components: (1) the amount of sales by UBS of a particular mutual fund family to our clients (excluding sales through wrap-fee programs), and (2) the asset value of a particular mutual fund family's shares held by our clients at UBS. In general, we charge each mutual fund family up to the following amounts:
 - Up to 0.15% per year (paid quarterly) on all sales of mutual fund shares (excluding sales through wrap-fee programs)
 - Up to 0.20% per year (paid quarterly) of the asset value of all equity mutual fund shares held at UBS
 - Up to 0.20% per year (paid quarterly) of the asset value of all fixed-income mutual fund shares held at UBS (other than money market, institutional or offshore funds)
 - Some mutual fund families may be subject to a minimum annual payment which, in some instances, may result in a fee that exceeds the percentages described above.
- Offshore Funds Revenue Sharing: We do not receive revenue sharing compensation for affiliated offshore funds.
 - For Unaffiliated Offshore Funds: Where revenue-sharing compensation is paid, we receive an amount that ranges from 0.10% to 0.50% per annum of the average daily net asset value of the fund attributable to the shares owned by our clients, during each month. Alternately, this could be paid as a percentage of the fund's stated management fees and could be up to 65% of these fees.
- Unit Investment Trusts. Most UIT sponsors make additional payments to the firms that sell their UITs, including UBS. These payments are typically calculated as a percentage of the total volume of sales of the sponsor's UITs made by the firm during the UIT's initial offering period. That percentage typically increases as higher sales volume levels are achieved. Detailed descriptions of the terms of these additional payment programs are provided in a UIT's prospectus. UIT sponsors may also pay UBS fixed amounts for marketing, promotional or related expenses intended to result in additional sales of a sponsor's products, or to defray a portion of the costs incurred to facilitate UIT sales, such as the costs of developing or purchasing UIT trading systems. Payment rates and total payment amounts vary from sponsor to sponsor. Payments are made by the UIT sponsor and not out of UIT assets. None of these

amounts are paid to the Financial Advisor or the branch offices.

For "private label UITs" (UITs only offered to UBS clients), the sponsor may pay UBS an additional concession within a reasonable time following the initial offering period. This additional payment generally ranges from 0.10% to 0.40% of the public offering price per unit sold by UBS during the initial offering period, excluding units sold to Fee Accounts subject to a Wrap Fee.

The revenue-sharing information is current as of the date of this brochure and is subject to change in our discretion. Updated and current information on these arrangements is available at our website, www.ubs.com/mutualfundrevenuesharing.

Contributions to Training and Education Expenses. Investment managers, mutual fund vendors, unit investment trust sponsors, annuity, life insurance companies or their affiliates and sponsors of ETFs whose products are available on our platform may contribute funds to support our Financial Advisor education programs.

The contributions are used to subsidize the cost of training seminars we offer to Financial Advisors through specialized firm-wide programs and regional training forums. These seminars are designed to provide training and education to Financial Advisors, Branch Office Managers, Field Leadership, and other personnel who regularly solicit clients to participate in the various types of businesses listed above. These contributions also subsidize a portion of the costs incurred to support the Financial Advisor training, Financial Advisor and Client education, and product marketing efforts conducted regionally and nationally by product specialists employed by UBS.

Not all vendors contribute to our education efforts. Neither contribution towards these training and educational expenses, nor lack thereof, is considered as a factor in analyzing or determining whether a vendor should be included or should remain in our programs or our platform. Contributions can vary by vendor and event. Some vendors may decide to contribute at levels different than those we request. Additional contributions may be made by certain vendors in connection with specialized events or training forums.

Your Financial Advisor does not receive a portion of these payments.

Non-Cash Compensation

In addition to the revenue-sharing payments described above, we and our Financial Advisors, may, from time to time, receive non-cash compensation from mutual fund companies, investment managers, insurance vendors, and sponsors of products that we distribute.

This compensation may include the following:

- Occasional gifts
- Occasional meals, tickets or other entertainment
- Sponsorship support of training events for our employees
- Various forms of marketing support

Other Compensation

In addition, our affiliates receive trading commissions and other compensation from mutual funds and insurance companies whose products we distribute.

UBS or our affiliates may engage in a variety of transactions with (or provide other services to) the investment managers, mutual funds, their affiliates or service providers with which you are doing business. We may, in turn, receive compensation from these entities. Those transactions and services that we provide may include:

- Executing transactions in securities or other instruments
- Broker-dealer services for our own account
- Research services
- Consulting services
- Performance evaluation services
- Investment banking services
- Banking or insurance services

3. Other Interests in Client Transactions

Margin Loans and Credit Lines: You may choose to engage in leverage strategies involving the assets in your eligible non-retirement, non-custodial accounts. You must meet certain eligibility requirements and complete loan documentation prior to using margin or applying for a UBS Credit Line Loan. Specifically, you will be required to execute a separate margin agreement with us or loan documents with UBS Bank USA.

When you trade on margin or obtain a credit line, either we or our affiliate will act as your creditor. As a creditor we will charge interest on the loans we extend to you and can take certain actions in the case

you default. Failure to promptly meet a request for additional collateral or repayment or other circumstances (e.g., a rapidly declining market) could cause us, in the case of margin loans, or our affiliate, in the case of credit lines, and in our discretion, to liquidate or instruct us to liquidate some or all of the collateral account or accounts to meet the margin loan or credit line requirements. Depending on market circumstances, the prices obtained for the securities may be less than favorable. Any required liquidations may interrupt your long-term investment strategies and may result in adverse tax consequences. UBS and our affiliates do not provide legal or tax advice. You should consult your legal and tax advisors regarding the legal and tax implications of margin borrowing and using securities as collateral for a loan.

Margin is not recommended or permitted in certain advisory programs.

There are substantial risks associated with the use of borrowed funds for investment purpose and securities as collateral for a loan. For further information, please see the UBS Financial Services Inc. Loan Disclosure Statement, which is available from your Financial Advisor.

Principal Transactions and Agency Cross Trades

If we act as your broker, we and/or our affiliates may execute transactions on your behalf as your agent or as principal for our own account on the other side of the transaction from you. Similarly, we or our affiliates may, in transactions involving clients' securities, act as agent while also representing another client on the other side of the transaction. We may also have a position in, or enter purchase or sale orders for, securities recommended to clients in the normal course of its business as a broker-dealer. We and/or our affiliates may profit from such positions or transactions in securities.

In certain advisory programs, we may enter into principal transactions for some investment advisory clients after making appropriate disclosure and obtaining client consent when necessary. In accordance with the provisions of Section 11(a) of the Securities Exchange Act of 1934, we may execute transactions on the floors of national or regional securities exchanges for managed client accounts where appropriate. Additionally, if appropriate client consent is obtained and required disclosure is made, agency cross transactions may be effected for customer accounts to the extent permitted by law. Agency cross transactions are transactions in which we or our affiliates act as broker for the party or parties on both sides of the transactions. In these circumstances, we will receive compensation from parties on

both sides of these transactions (the amount of which may vary) and, consequently, we will have a potentially conflicting division of loyalties and responsibilities. Client consent to “agency cross” transactions may be revoked at any time by written notice to us.

Advice/Services to Other Clients and Activities in our Proprietary Accounts

We and our affiliates provide investment banking, research, brokerage, investment advisory and other services for different types of clients. In providing those services, we and our affiliates may:

- give advice to, or take actions for, those clients or for our or our affiliates own accounts that differs from advice given to, or the timing and nature of actions taken for you.
- buy and sell securities for our own or other accounts,
- act as a market maker or an underwriter for securities recommended, purchased or sold.

UBS and our affiliates occasionally may not be free to divulge or act upon certain information in their possession on behalf of investment advisory or other clients. We are not obligated to execute any transaction for your account that we believe to be improper under applicable law or rules or contrary to our own policies. In particular, you should note that some of our programs may recommend asset allocations or analyze markets and the economy in a different way than would be recommended by some of our research, trading or other departments.

We have adopted policies and procedures that limit transactions for our proprietary accounts and the accounts of our employees. These policies and procedures are designed to prevent, among other things, improper or abusive conduct when there may be a potential conflict with the interests of a client.

Trading Activity

The vast majority of our exchange-listed securities and over-the-counter (OTC) orders are executed through our affiliate, UBS Securities LLC—which executes orders as either principal or as agent, depending on the circumstances and type of program involved and receives compensation for those services.

Item 12. Brokerage Practices

Our Financial Planning Services do not include the review or recommendation of broker-dealers for client transactions.

Item 13. Review of Accounts

The financial planning reports that are prepared as part of the Financial Planning Service are subject to different levels of review, depending upon the report being used. The reviews are described below.

Financial Goal Analysis: Branch Office Managers or their delegates are responsible for the supervision and review of Financial Goal Analysis reports generated by the Financial Advisors in accordance with firm’s FGA Supervisory Guidelines. The current procedures require managers to review a certain percentage of the plans prepared for clients on a monthly basis. The guidelines provide steps for the managers to follow to review the content of the plans and document any variations from the standards. The FGA report consists of various sections pre-determined by the financial advisor and the client. Each section includes static text that cannot be changed or modified by the individual users.

In addition, the Financial Planning Group reviews the completed table of contents for FGA report to confirm that appropriate plan sections or modules are included, or that any exclusions are documented or explained.

Preferred Plans: In order to use this service, Financial Advisors must have certain education or training experience and must be approved by the Preferred Planning Group. Except for certain pre-approved Financial Advisors, preferred plan reports are reviewed and approved by the Preferred Planning Group or a Wealth Management Consultant prior to delivery to clients. Financial Advisors with a certain amount of experience using Preferred Planning are not required to submit their plans to the Preferred Planning Group for review. However, the Preferred Planning Group will review a sample of those plans on a periodic (generally, monthly) basis, which may result in further reviews or a requirement to update or correct a plan for a client.

Private Plans: Private Plans are complex and customized reports generated only by members of the Private Planning Group. All private plans are subject to peer review by another member of the Private Planning Group prior to delivery to a client.

Item 14. Client Referrals and Other Compensation

- Arrangements with Affiliates: We have referral agreements with our affiliates that outline:
 - how we refer clients to them
 - how they refer clients to us
 - how we act as solicitor for their advisory services and/or wrap fee programs
 - how we refer clients to them for services other than advisory services
 - In certain cases, the advisory and consulting services available in our Programs may be provided by Financial Advisors registered with companies affiliated with us through a solicitation agreement with us or we may serve as a clearing broker for those affiliated entities

Under those agreements, we share fees with, or receive fees from, our affiliates for the referral or solicitation of clients or for services provided to clients. These payments may vary, depending on the type of agreement, product or the nature and extent of the services provided, and may continue as long as the client account is maintained with UBS or our affiliate or for an agreed upon period. Arrangements may also be based on a percentage of revenue received.

- Third Party Arrangements: We also have a referral program that allows UBS to enter into solicitation arrangements with third parties that we compensate for referring or soliciting clients to participate in our Advisory or trust services programs. Solicitors receive a portion of the advisory fees we receive.
 - We also have solicitation arrangements under which either we and/or our Financial Advisor may receive compensation for referring clients to a third party who will provide investment advisory or other services to the client. The compensation we receive is usually a portion of the advisory fee the third party receives from its clients. In certain circumstances we may also receive commission revenue for transactions those third parties execute through our firm.

It is our practice to disclose to the client being referred the terms of the arrangement, including the maximum compensation payable to us and/or our Financial Advisors or a third party, as the case may be.

We and our affiliates also have arrangements with some third party investment managers under which we and/or certain of our Financial Advisors provide research (within the meaning of Section 28(e) of the Securities Exchange Act of 1934), and in return, the investment manager places brokerage transactions with us for execution, subject to best execution practices and requirements. The research services provided generally may be in the form of written reports or telephone contacts or personal meetings with security analysts, economists, or meetings hosted by our Financial Advisors with corporate or industry spokespersons. UBS or our Financial Advisors also may recommend or refer clients to third-party investment managers that place brokerage transactions with us. The differences in the form or amount of compensation paid to us by different investment managers for client referrals or research products create a conflict between our interests and the interests of the clients referred because of the incentive to make referrals to those investment managers that offer us greater compensation than others.

Referral arrangements for financing business

We have certain agreements whereby we refer our customers to certain lenders, on a non-exclusive basis, for specific financing opportunities not available at UBS or its affiliates. These lenders may be able to assist clients in securing financing for specialized borrowing needs. It is our practice to disclose to the client being referred the roles of UBS and the lender in connection with such referral and that we receive a referral fee from the lender. Upon the successful completion of a transaction, the lender will pay us a referral fee, which will vary depending upon the lender and/or the amount of the financing. A portion of the fee we receive is paid to the Financial Advisor.

Item 15. Custody

UBS Financial Services Inc. is a qualified custodian and has custody of client funds and securities. Generally, except for our Financial Planning Services, for our advisory programs, we require clients to custody account assets with UBS. However, we may, on an exception basis, accept certain accounts whose assets are custodied with other financial institutions who meet the definition of a qualified custodian.

Item 16. Investment Discretion

Our Financial Planning Services do not involve the delegation or exercise of discretion on our part over your assets. We offer discretionary portfolio management services which are described in a separate brochure. Please contact your Financial Advisor with questions.

Item 17. Voting Client Securities

Our Financial Planning Services do not include proxy voting services.

Item 18. Financial Information

UBS Financial Services, Inc. is a qualified custodian (as defined in SEC Rule 206(4)-2). As a result, we have not included the balance sheet required under the "Financial Information" of this Form ADV.

- As of the date of this Brochure, there is no financial condition that is reasonably likely to impair our ability to meet our contractual commitment to our clients.
- Our Firm has not been the subject of a bankruptcy petition at any time during the last ten years.
