Advisory Business

Firm Description

Alliance Benefit Group of Illinois, Inc was founded in 1967. The name under which our advisory business is primarily conducted is "ABG Retirement Plan Investment Services" (hereinafter referred to as "ABG"). Our primary objective is to provide our client plan sponsors and participants with high quality retirement and investment education services. We are committed to providing the tools that will equip plan participants for retirement with adequate retirement income. We offer comprehensive services to meet our clients' needs for total benefit outsourcing. Our daily valuation record keeping service is SAS 70 Level II audited by an independent auditing firm for "certified quality".

ABG has two CEFEX certifications, to ensure operational integrity: one for its record keeping services and one for its advisory services. ABG provides investment advisory services to sponsors and trustees of Qualified and Non-qualified pension and profit sharing plans and banks or thrift institutions. ABG offers its services on a fee basis. Prior to engaging ABG to provide any investment advisory services, the client will be required to enter into an Investment Consulting Agreement ("Agreement") setting forth the terms and conditions under which ABG shall render its advisory services.

ABG does not sell annuities, insurance, stocks, bonds, mutual funds, limited partnerships, or other commissioned products. The firm is not affiliated with entities that sell financial products or securities. No commissions in any form are accepted. No finder's fees are accepted.

Other professionals (e.g., lawyers, accountants, insurance agents, etc.) are engaged directly by the client on an as-needed basis. Conflicts of interest will be disclosed to the client in the unlikely event they should occur.

Principal Owners

ABG is employee owned. John Blossom is a 69% stockholder. No other person owns more than 5%.

Types of Advisory Services

ABG provides non-discretionary fiduciary and non-fiduciary services to its clients. Non-fiduciary services include development of a written Investment Policy Statement, assistance in establishing procedures for the Plan's Investment Committee, education of Plan Participants and assistance with other vendor services. Fiduciary services include advice regarding investment alternatives, analysis, and fund monitoring services.

ABG will provide discretionary investment management services as described under ERISA Section 3(38) to clients who elect this service as set forth in the Agreement.

ABG also provides portfolio management services to Individual Retirement Accounts through Institutional Intelligent Portfolios™, an automated, online investment management platform for use by independent investment advisors and sponsored by Schwab Wealth Investment Advisory, Inc. (the “Program” and “SWIA,” respectively). Through the Program, we offer clients a range of investment strategies we have constructed and manage, each consisting of a portfolio of exchange traded funds (“ETFs”) and a cash allocation. The client may instruct us to exclude up to three ETFs from their portfolio. The client’s portfolio is held in a brokerage account opened by the client at SWIA’s affiliate, Charles Schwab & Co., Inc. (“CS&Co”). We are independent of and not owned by, affiliated with, or sponsored or supervised by SWIA, CS&Co or their affiliates (together, “Schwab”). The Program is described in the Schwab Wealth Investment Advisory, Inc. Institutional Intelligent Portfolios™ Disclosure Brochure (the “Program Disclosure Brochure”), which is delivered to clients by SWIA during the online enrollment process.

We, and not Schwab, are the client’s investment advisor and primary point of contact with respect to the Program. We are solely responsible, and Schwab is not responsible, for determining the appropriateness of the Program for the client, choosing a suitable investment strategy and portfolio for the client’s investment needs and goals, and managing that portfolio on an ongoing basis. SWIA’s role is limited to delivering the Program Disclosure Brochure to clients and administering the Program so that it operates as described in the Program Disclosure Brochure.

We have contracted with SWIA to provide us with the technology platform and related trading and account management services for the Program. This platform enables us to make the Program available to clients online and includes a system that automates certain key parts of our investment process (the “System”). The System includes an online questionnaire that helps us determine the client’s investment objectives and risk tolerance and select an appropriate investment strategy and portfolio. Clients should note that we will recommend a portfolio via the System in response to the client’s answers to the online questionnaire. The client may then indicate an interest in a portfolio that is one level less or more conservative or aggressive than the recommended portfolio, but we then make the final decision and select a portfolio based on all the information we have about the client. The System also includes an automated investment engine through which we manage the client’s portfolio on an ongoing basis through automatic rebalancing and tax-loss harvesting (if the client is eligible and elects).

We do not receive a portion of a wrap fee for our services to clients through the Program. Clients do not pay fees to SWIA in connection with the Program.

Clients do not pay brokerage commissions or any other fees to CS&Co as part of the Program. Schwab does receive other revenues in connection with the Program, as described in the Program Disclosure Brochure.

We do not pay SWIA fees for its services in the Program so long as we maintain \$100 million in client assets in accounts at CS&Co that are not enrolled in the Program. If we do not meet this condition, then we pay SWIA an annual fee of 0.10% (10 basis points) on the value of our clients' assets in the Program. This fee arrangement gives us an incentive to recommend or require that our clients with accounts not enrolled in the Program be maintained with CS&Co.

ABG has no physical custody of client assets. ABG will send a statement to the client detailing the amount of the fee, the value of the client's assets upon which the fee was based, and the manner in which the fee was calculated. It shall be the client's responsibility to verify the accuracy of the fee calculation. The Custodian shall not determine whether the fee is correctly calculated.

Fees shall be pro-rated and charged quarterly in arrears or in advance as chosen by the client. All fees are negotiable. No fee shall be based upon capital gains or capital appreciation of assets. The investment advisory relationship may be terminated by either Registrant or client, without penalty, upon 30 days written notice served to the other party. Refunds of unearned prepaid fees will be made within 30 days of the end of any advisory agreement.

As of December 31, 2019, ABG had \$994,666,042 in assets under management for approximately 255 clients. Approximately \$383,964,437 is managed on a discretionary basis, and \$610,701,605 is managed on a non-discretionary basis.

Types of Agreements

The following agreements define the typical client relationships.

Plan Administration Agreement

Alliance Benefit Group of Illinois, Inc. provides record keeping, administration, and investment consulting for employer sponsored retirement plans. We specialize in designing and servicing participant directed 401(k), 403(b)(7), 457(b) plans and other qualified retirement plans. Alliance Benefit Group of Illinois, Inc. also provides administration for Section 125-Flex Plans, non-

qualified retirement plans, interfaced payroll services and Health Savings Accounts (HSA).

Although the Plan Administration Agreement is an ongoing agreement and constant adjustments are required, the length of service to the client is at the client's discretion. The Plan Trustees may terminate an Agreement by written notice to the other party.

Fees for Plan Administration are generally non-negotiable.

Fiduciary Services Agreement

ABG may provide, at the election of Plan Trustees, investment advisory services to the Plan in accord with provisions of the Pension Protection Act of 2006. Fiduciary services include advice regarding investment alternatives, analysis, and fund monitoring services. This Agreement is ongoing and may be terminated by either party with 30 days written notice.

Non-Fiduciary Agreement

ABG provides non-discretionary fiduciary and non-fiduciary services to its clients. Non-fiduciary services include development of a written Investment Policy Statement, assistance in establishing procedures for the Plan's Investment Committee, education of Plan Participants and assistance with other vendor services. This type of engagement is on going and may be terminated by either party with 30 day written notice.

Termination of Agreement

A Client may terminate any of the aforementioned agreements at any time by notifying ABG in writing and paying the rate for the time spent on the engagement prior to notification of termination. If the client made an advance payment, ABG will refund any unearned portion of the advance payment.

ABG may terminate any of the aforementioned agreements at any time by notifying the client in writing. If the client made an advance payment, ABG will refund any unearned portion of the advance payment.

Fees and Compensation

Description

ABG bases its fees on a percentage of assets under management, hourly charges, and participant statistics.

Investment advisory fees are generally negotiable. Plan Administration fees are generally non-negotiable.

Fee Billing

Investment management fees are billed quarterly in advance or in arrears in accord with the signed "Investment Fiduciary & Retirement Consulting Agreement". Payment in full is expected upon invoice presentation. Fees are usually deducted from a designated client account to facilitate billing. The client must consent in advance to direct debiting of their investment account.

Fees for investment advisory services to sponsors and trustees of qualified and non-qualified pension and profit sharing plans and banks or thrift institutions shall be as follows:

Assets under Management:	Annual Fee*:
On first \$500,000	.50%
On next \$500,000	.40%
On next \$2 million	.30%
On next \$7 million	.25%
Over \$10 million	.10%

*The above listed fees are maximum fees and may be reduced based upon the facts and circumstances of the case.

The Institutional Intelligent Portfolios™ ("IP") Program annual fee will not exceed 0.50% and charged quarterly in arrears. Our fees for the IP Program are not set by Schwab.

Other Fees

Custodians may charge transaction fees on purchases or sales of certain mutual funds and exchange-traded funds. These transaction charges are usually small and incidental to the purchase or sale of a security. The selection of the security is more important than the nominal fee that the custodian charges to buy or sell the security.

ABG in its sole discretion, may charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

Expense Ratios

Mutual funds generally charge a management fee for their services as investment managers. The management fee is called an expense ratio. For example, an expense ratio of 0.50 means that the mutual fund company

charges 0.5% for their services. These fees are in addition to the fees paid by our clients to ABG.

Performance figures quoted by mutual fund companies in various publications are after their fees have been deducted.

Past Due Accounts and Termination of Agreement

ABG reserves the right to stop work on any account that is more than 90 days overdue.

Performance-Based Fees

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

ABG does not use a performance-based fee structure because of the potential conflict of interest. Performance-based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Types of Clients

Description

ABG generally provides investment advice to pension and profit sharing plans. Client relationships vary in scope and length of service.

Clients eligible to enroll in the Institutional Intelligent Portfolios™ Program include individuals desiring to establish Individual Retirement Accounts.

Account Minimums

ABG does not have a minimum account size for pension and profit sharing plan clients. The minimum investment required to open an account in the IP Program is \$5,000. The Program Disclosure Brochure describes related minimum required account balances for maintenance of the account, automatic rebalancing, and tax-loss harvesting.

Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis and technical analysis.

The main sources of information include financial newspapers, magazines, and software, research materials prepared by others, corporate rating

services, annual reports, prospectuses, filings with the Securities and Exchange Commission, and company press releases.

Investment Strategies

Each Plan Sponsor receiving fiduciary services is provided an Investment Policy Statement that documents their objectives and their desired investment strategy.

The investment strategy for a specific Plan Participant is dictated by the Participant. ABG may provide education assistance to the Participants, if the Plan Sponsor requests that service.

Risk of Loss

All investment programs have certain risks that are borne by the investor. Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks:

- **Interest-rate Risk:** Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, typically causes their market values to decline.
- **Market Risk:** The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- **Inflation Risk:** When any type of inflation is present, a dollar today will not buy as much as a dollar next year, because purchasing power erodes at the rate of inflation.
- **Currency Risk:** Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- **Reinvestment Risk:** This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- **Business Risk:** These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company, which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.

- **Liquidity Risk:** Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.
- **Financial Risk:** Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Disciplinary Information

Legal and Disciplinary

The firm and its employees have not been involved in legal or disciplinary events related to past or present investment clients.

Other Financial Industry Activities and Affiliations

Financial Industry Activities

ABG participates in no other financial industry activities except plan administration and investment advisory services.

Affiliations

ABG has no arrangements that are material to its advisory or its clients with a related person who is a broker-dealer, investment company, other investment advisor, financial planning firm, commodity pool operator, commodity trading adviser or futures commission merchant, banking or thrift institution, accounting firm, law firm, insurance company or agency, pension consultant, real estate broker or dealer, or an entity that creates or packages limited partnerships.

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics

The employees of ABG have committed to a Code of Ethics that is available for review by clients and prospective clients upon request. The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Participation or Interest in Client Transactions

ABG and its employees may buy or sell securities that are also held by clients. Employees may not trade their own securities ahead of client trades. Employees comply with the provisions of the ABG Compliance Manual.

Personal Trading

The Chief Compliance Officer of ABG is Linda Blossom. All employee trades are reviewed each quarter. The personal trading reviews ensure that the personal trading of employees does not affect the markets, and that clients of the firm receive preferential treatment. Since most client trades are mutual fund trades or exchange-traded fund trades which are traded at net asset values, employee trades do not affect client trades.

Brokerage Practices

Selecting Brokerage Firms

Specific custodian recommendations are made to Clients based on their need for such services. ABG recommends custodians based on the proven integrity and financial responsibility of the firm and the best execution of orders at reasonable commission rates.

ABG does not receive fees or commissions from any of the custodial arrangements.

Mr. Blossom, Chief Executive Officer of ABG serves on the Schwab Retirement Business Services Advisory Board (the "Board"). ABG may recommend that its employee benefit plan sponsor clients establish accounts with Charles Schwab & Co., Inc. and/or Charles Schwab Bank (collectively "Schwab") to maintain custody of the employee benefit plan sponsor clients' employee benefit plans' assets and effect trades for the accounts established at Schwab for such plans. Further, Charles Schwab Bank may also serve as directed trustee for an employee benefit plan's assets. The Board consists of approximately 21 representatives of independent investment advisory or independent recordkeeping firms who have been invited by Schwab management to participate in meetings and discussions of Schwab Retirement Business Services' services for independent investment advisory and/or recordkeeping firms and their employee benefit plan sponsor clients. Board members serve for three-year terms. Mr. Blossom's term ends December 31, 2019. Board members enter nondisclosure agreements with Schwab under which they agree not to disclose confidential information shared with them. This information generally does not include material nonpublic information about the Charles Schwab Corporation, whose common stock is listed for trading on the New York Stock Exchange and the NASDAQ stock market (symbol SCHW). The Board meets in person approximately twice per year and has periodic conference calls scheduled as needed. Board members are not compensated by Schwab for their service,

but Schwab does pay for or reimburse Board members' travel, lodging, meals and other incidental expenses incurred in attending Board meetings.

Participants in the SWIA Program are required to maintain their Individual Retirement Account with CS&Co.

Best Execution

ABG reviews the execution of trades at each custodian each quarter. The review is documented in the ABG Compliance Manual. Trading fees charged by the custodians is also reviewed on an annual basis. ABG does not receive any portion of the trading fees.

Soft Dollars

ABG receives some economic benefit from Custodians that hold client assets. Pricing of the Applicant's record keeping services are indirectly impacted by the gross assets held by the Custodian on behalf of all clients. Certain client support services are provided by Custodians to facilitate the ABG's service to its clients. No cash or other economic benefit is received in connection with giving advice to any specific client.

Order Aggregation

Most trades are mutual funds or exchange-traded funds where trade aggregation does not garner any client benefit.

Review of Accounts

Periodic Reviews

The funds listed on our Recommended Funds list are monitored constantly for changes to fund management or investment style.

ABG shall perform reviews in accordance with standards as set forth in the client's written Investment Policy Statement (IPS) at least annually (or more frequently as agreed upon with the client). Account reviews are performed more frequently when market conditions dictate.

Review Triggers

Other conditions that may trigger a review are changes in the tax laws, and new investment information.

Regular Reports

ABG shall perform reviews in accordance with standards as set forth in the client's written Investment Policy Statement (IPS) at least annually (or more frequently as agreed upon with the client). Quarterly monitoring reports

(QMR's) will be provided to the client. The reviewers are the members of the ABG Investment Committee.

Client Referrals and Other Compensation

Incoming Referrals

ABG has received many client referrals over the years. The referrals come from current clients, attorneys, accountants, employees, personal friends of employees and other similar sources. The firm does not compensate referring parties for these referrals.

ABG has entered into agreements with third party solicitors, hereinafter referred to as "Solicitor". A Solicitor is paid a fee in connection with the solicitation of perspective clients. The terms of the compensation arrangement are structured to comply fully with the requirements of Rule 206(4)-3 under the Investment Advisers Act of 1940. As part of the terms of the agreement, the prospective client is provided with a copy of our Form ADV Part 2 Brochure and a disclosure statement outlining the details of the agreement. ABG only pays solicitation fees in accordance with an agreement entered into between ABG and Solicitor.

Management Fees charged by ABG to clients referred by Solicitor, where a Solicitor receives a Solicitation Fee, are the same as those charged to clients who are not introduced to by Solicitor.

Referrals Out

ABG does not accept referral fees or any form of remuneration from other professionals when a prospect or client is referred to them.

Other Compensation

There is no other compensation received by ABG.

Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to clients at their address of record at least quarterly.

Performance Reports

Clients are urged to compare the account statements received directly from their custodians to the Quarterly Monitoring Reports provided by ABG

Investment Discretion

Discretionary Authority for Trading

ABG accepts discretionary authority to manage some Plan Participant securities accounts. For those accounts, ABG has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold.

The client approves the custodian to be used and the commission rates paid to the custodian. ABG does not receive any portion of the transaction fees or commissions paid by the client to the custodian on certain trades.

Discretionary trading authority facilitates placing trades in our client accounts on the client's behalf so that we may promptly implement the investment policy that the clients have approved in writing.

Limited Power of Attorney

A limited power of attorney is a trading authorization for this purpose. Our clients sign a limited power of attorney so that we may execute the trades that they have approved.

Voting Client Securities

Proxy Votes

ABG does not vote proxies for securities held in customer accounts.

Financial Information

Financial Condition

ABG does not have any financial impairment that will preclude the firm from meeting contractual commitments to clients.

A balance sheet is not required to be provided because ABG does not serve as a custodian for client funds or securities, and does not require prepayment of fees of more than \$1,200 per client, and six months or more in advance.

Business Continuity Plan

General

ABG has a Business Continuity Plan in place that provides detailed steps to mitigate and recover from the loss of office space, communications, services or key people.

Disasters

The Business Continuity Plan covers natural disasters such as snow storms, hurricanes, tornados, and flooding. The Plan covers man-made disasters such as loss of electrical power, loss of water pressure, fire, bomb threat, nuclear emergency, chemical event, biological event, T-1 communications line outage, Internet outage, railway accident and aircraft accident. Electronic files are backed up daily and archived offsite.

Alternate Offices

Alternate offices are identified to support ongoing operations in the event the main office is unavailable. It is our intention to contact all clients within five days of a disaster that dictates moving our office to an alternate location.

Loss of Key Personnel

ABG has cross trained employees to allow the continuation of services in the event that any one employee is lost due to death, disability or termination of services.

Information Security Program

Information Security

ABG maintains an information security program to reduce the risk that personal and confidential information may be breached.

Privacy Notice

ABG has adopted this policy with recognition that protecting the privacy and security of the personal information we obtain about our clients is an important responsibility. We also know that our clients expect us to service their Plan in an accurate and efficient manner. To do so, we must collect and maintain certain personal information about clients. We want our clients to know what information we collect and how we use and safeguard that information.

WHAT INFORMATION WE COLLECT

We collect certain nonpublic personal identifying information about Plan Participants (such as Participants' name, address, social security number, etc.) from information that our clients provide us via Plan enrollment applications, contribution files or other forms as well as communications (electronic, telephone, written or in person) with our clients or the client's authorized representative (such as an attorney, accountant, etc.). We also collect information from the Plan's custodial platform about the Plan's

accounts and transactions (such as purchases, sales, account balances, inquiries, etc.)

WHAT INFORMATION WE DISCLOSE

We do not disclose the nonpublic personal information we collect about our clients' Plans to

anyone except: (i) in furtherance of our business relationship with them and then only to those persons necessary to effect the transactions and provide the services that they authorize (such as authorized broker-dealers, custodians, independent managers, etc.); (ii) to persons assessing our compliance with industry standards (e.g. regulatory authorities, etc.); (iii) our attorneys, compliance consultant, accountants and auditors; or (iv) as otherwise provided by law.

We are permitted by law to disclose the nonpublic personal information to governmental agencies and other third parties in certain circumstances (such as third parties that perform administrative services on our behalf). These third parties are prohibited from using or sharing the information for any other purpose. If our clients decide at some point to either terminate our services or become an inactive client, we will continue to protect any nonpublic information in accordance with our privacy policy, as may be amended from time to time.

SECURITY OF CLIENT INFORMATION

We maintain physical, electronic and procedural safeguards to protect a Plan's nonpublic personal information.

CHANGES TO OUR PRIVACY POLICY OR RELATIONSHIP WITH OUR CLIENTS

Our policy about obtaining and disclosing information may change from time to time. We will provide notice of any material change to this policy before we implement the change.
