Item 4 – Advisory Services

A. Firm Information

Ever Green Wealth Management, LLC ("Ever Green", "David Green", or the "Advisor") is a registered investment advisor located in the State of New York, which is organized as a Limited Liability Company (LLC) under the laws of the U.S. Securities and Exchange Commission. Ever Green was founded in May 2018, and is dedicated to serving the financial needs of its clients. This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Ever Green.

B. Advisory Services Offered

Ever Green offers wealth management services to individuals, high net worth individuals, trusts and estates in the State of New York and other states (each referred to as a "Client").

Wealth Management Services

Ever Green may provide Clients with wealth management services, which generally includes a broad range of comprehensive financial planning and consulting services in connection with discretionary management of investment portfolios. These services are described below.

Investment Management Services

Ever Green provides customized wealth management solutions for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management and related advisory services. Portfolios are chosen after taking into consideration such things as a Client's risk profile, the time horizon, income needs as well as a their unique tax situation. The portfolio management process is based on key pillars of our investment philosophy that includes research based decisions with a focus on quality while leveraging long term trends supported by key data. Ever Green will then either construct a portfolio or place the Client into a model portfolio. Portfolios constructed by the Advisor and model portfolios both consist of low-cost, diversified mutual funds and/or exchange-traded funds ("ETFs"). The Advisor may also utilize individual stocks, bonds or corporate debt securities. The Advisor may retain certain types of investments based on a Client's legacy portfolio construction.

Ever Green's investment strategy[ies] is primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held less than one year to meet the objectives of the Client or due to market conditions. Ever Green will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

Ever Green evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. Ever Green may recommend, on occasion, redistributing investment allocations to diversify the portfolio. Ever Green may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. Ever Green may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, over-valuation or overweighting of the position[s] in the portfolio, change in risk tolerance of Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will Ever Green nor any of its advisory persons accept or maintain custody of a Client's funds or securities, except for authorized deduction of the Advisor's fees. All Client assets will be managed within their designated brokerage account or pension account, pursuant to the Client wealth management agreement. Please see Item 12.

Financial Planning Services

Ever Green will typically provide a variety of financial planning and consulting services to Clients, pursuant to a written financial planning agreement. Services are offered in several areas of a Client's financial situation, depending on their goals, objectives and financial situation.

Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings and other areas of a Client's financial situation.

A financial plan developed for or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs. Ever Green may also refer Clients to an accountant, attorney or other specialist, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations may pose a conflict between the interests of the Advisor and the interests of the Client. For example, a recommendation to engage the Advisor for investment management services or to increase the level of investment assets with the Advisor would pose a conflict, as it would increase the advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to effect the transaction through the Advisor.

C. Client Account Management

Prior to engaging Ever Green to provide wealth management services, each Client is required to enter into an wealth management agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Ever Green, in connection with the Client, may develop a statement that summarizes the Client's investment goals and objectives along with the broad strategy[ies] to be employed to meet the objectives.
- Asset Allocation – Ever Green will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Portfolio Construction/Model Portfolio – Ever Green will either develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client or place Client assets in a model portfolio that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.
- Investment Management and Supervision – Ever Green will provide investment management and ongoing oversight of the Client's relationship's investment portfolio.

D. Wrap Fee Programs

Ever Green does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by the Firm.

E. Assets Under Management

Ever Green has Assets under management \$30,140,053 as of April 24, 2020. Clients may request more current information at any time by contacting David Green

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

For Clients engaged for comprehensive wealth management services, the Client will be charged a single combined fee for investment management and financial planning services based on the market value of assets under management. These fees are negotiable.

Wealth management fees are paid quarterly in advance based on the amount of assets managed as of the close of business on or about the last business day of each quarter. Quarterly advisory fees deducted from the clients' account by the custodian will be reflected in a provided statement as fees are withdrawn. Clients may terminate their account within five (5) days of signing the Investment Advisory Agreement for a full refund.

Assets Under Management (\$)	Annual Rate (%)
\$0 to \$500,000	1.25%
\$500,001 to \$1,000,000	1.15%
\$1,000,001 to \$2,500,000	1.0%
\$2,500,001 to \$5,000,000	0.8%
Over \$5,000,000	0.5%

B. Fee Billing

Wealth Management Services

Wealth management fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the respective quarter end date. The amount due is calculated by applying the monthly rate (annual rate divided by 12) to the total assets under management with Ever Green at the end of each quarter. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting Ever Green to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Ever Green, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all custodial and securities execution fees charged by the custodian and executing broker-dealer. The wealth management fee charged by Ever Green is separate and distinct from these custodian and execution fees.

In addition, all fees paid to Ever Green for wealth management services are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client could invest in these products directly, without the

services of Ever Green, but would not receive the services provided by Ever Green which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Ever Green to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Wealth Management Services

Ever Green is compensated for its services in advance of the quarter in which wealth management services are rendered. Either party may terminate the wealth management agreement by providing advance written notice to the other party. The Client may terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior approval.

E. Compensation for Sales of Securities

Advisory Persons may also be licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with our firm.

Item 6 – Performance-Based Fees and Side-By-Side Management

Ever Green does not charge performance-based fees for its wealth management services. The fees charged by Ever Green are as described in "Item 5 – Fees and Compensation" above and are not based upon the capital appreciation of the funds or securities held by any Client.

Ever Green does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Ever Green offers wealth management services to individuals, high net worth individuals, trusts, estates and retirement plans in State of New York and other states. The percentage of each type of Client is available on Ever Green's Form ADV Part 1A. These percentages may change over time and are updated at least annually by the Advisor. Ever Green generally does not impose a minimum account size for establishing a relationship.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Ever Green primarily employs a fundamental, technical, cyclical, and charting analysis methods in developing investment strategies for its Clients. Research and analysis from Ever Green is derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. These criteria are generally ratios and trends that may indicate the overall strength and financial viability of the entity being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment

with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Ever Green will be able to accurately predict such a reoccurrence.

Cyclical analysis is similar to technical analysis in that it involves the analysis of market conditions at a macro (entire market/economy) or micro (company specific) level, rather than the overall fundamental analysis of the health of the particular company that Ever Green is recommending. The risks with cyclical analysis are similar to those of technical analysis.

Charting analysis utilizes various market indicators as investment selection criteria. These criteria are generally pricing trends that may indicate movement in the markets. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the technical and charting analysis may lose value and may have negative investment performance. The Advisor monitors these market indicators to determine if adjustments to strategic allocations are appropriate.

As noted above, Ever Green generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. Ever Green will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, Ever Green may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Ever Green will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in "Item 13 – Review of Accounts".

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor in writing of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio

construction process. Following are some of the risks associated with the potential speculative components of the Advisor's strategy:

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with David Green.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Ever Green or any of its management persons. Ever Green values the trust you place in us. As we advise all Clients, we encourage you to perform the requisite due diligence on any advisor or service provider with whom you partner. Our backgrounds are on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching by our firm name or our CRD # **297459**.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

Certain Advisory Persons are also a licensed insurance professional. Implementations of insurance recommendations are separate and apart from one's role with Ever Green. As an insurance professional, Advisory Persons may receive customary commissions and other related revenues from the various insurance companies whose products are sold. Advisory Persons is not required to offer the products of any particular insurance company. Commissions generated by insurance sales do not offset regular advisory fees. This may cause a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made by Advisory Persons or the Advisor.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Ever Green has implemented a Code of Ethics (the "Code") that defines Mr. Green's fiduciary commitment to each Client. This Code of Ethics applies to Ever Green Advisors and persons associated with Ever Green Wealth Management. The Code was developed to provide general ethical guidelines and specific instructions regarding our duties to you, our Client.

We owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Ever Green and Mr. Green to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of our Code, please contact David Green at (585) 742-0271.

B. Personal Trading with Material Interest

Ever Green allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Ever Green does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Ever Green does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Ever Green allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities we recommend (purchase or sell) to you presents a conflict of interest that, as fiduciaries, we must disclose to you and mitigate through policies and procedures. As noted

above, we have adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, our Advisors may have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can potentially be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Ever Green by conducting a coordinated review by the David Green, the CCO, of personal accounts and the accounts of the Clients. We have also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Ever Green allows the purchase or sale of the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will Ever Green, nor its Advisors, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Ever Green does not have discretionary authority to select the broker-dealer/custodian for custodial and execution services. The Client will select the broker-dealer or custodian (herein the "Custodian") to safeguard Client assets and authorize Ever Green to direct trades to this Custodian as agreed in the wealth management agreement. Further, Ever Green does not have the discretionary authority to negotiate commissions on behalf of our Clients on a trade-by-trade basis.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers whereby an advisor enters into an agreement to place security trades with the broker in exchange for research and other services. **Ever Green does not participate in soft dollar programs sponsored or offered by any broker-dealer.**

2. Brokerage Referrals - Ever Green does not receive any compensation from any third party in connection with the recommendation for establishing a brokerage account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Ever Green will place trades within the established account[s] at the custodian designated by the Client. Further, all Client accounts are traded within their respective brokerage account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Ever Green will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the designated Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the broker. Ever Green will execute its transactions through an unaffiliated broker-dealer selected by the Client. Ever Green may aggregate orders in a block trade or trades when securities are purchased or sold through the same broker-dealer for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Client accounts.

Item 13 – Review of Accounts

Ever Green Wealth Management, LLC
6534 Anthony Drive
Victor, NY 14564

Phone: (585) 742-0271 Fax: (585) 270-3768

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Ever Green and its Advisors. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more or less frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account. The Client is encouraged to notify Ever Green if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the trustee or Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Ever Green

Ever Green does not receive commissions or other compensation from product sponsors, broker-dealers or any un-related third party. Ever Green may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Ever Green may receive non-compensated referrals of new Clients from various third-parties.

B. Client Referrals from Solicitors

Ever Green does not engage paid solicitors for Client referrals.

Item 15 – Custody

Ever Green does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a qualified custodian. Clients are required to select their own custodian to retain their funds and securities and direct Ever Green to utilize that custodian for the Client's security transactions. Clients should review statements provided by the account custodian and compare to any reports provided by Ever Green to ensure accuracy, as the custodian does not perform this review. For more information about custodians and brokerage practices, see "Item 12 - Brokerage Practices".

Item 16 – Investment Discretion

Ever Green generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Ever Green. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of an wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by Ever Green will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

Ever Green does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Ever Green, nor its Advisors, have any adverse financial situations that would reasonably impair the ability of Ever Green to meet all obligations to its Clients. Neither Ever Green, nor any of its advisory persons, has been subject to a bankruptcy or financial compromise. Ever Green is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.

Cybersecurity Risk

Cybersecurity risk is the risk related to unauthorized access to the systems and networks of Ever Green and its service providers. The computer systems, networks and devices used by Ever Green and service providers to us and our clients to carry out routine business operations employ a variety of protections designed to prevent damage or interruption from computer viruses, network failures, computer and telecommunication failures, infiltration by unauthorized persons and security breaches. Despite the various protections utilized, systems, networks or devices potentially can be breached. A client could be negatively impacted as a result of a cybersecurity breach. Cybersecurity breaches can include unauthorized access to systems, networks or devices; infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow or otherwise disrupt operations, business processes or website access or functionality. Cybersecurity breaches may cause disruptions and impact business operations, potentially resulting in financial losses to a client; impediments to trading; the inability by us and other service providers to transact business; violations of applicable privacy and other laws; regulatory fines, penalties, reputational damage, reimbursement or other compensation costs, or other compliance costs; as well as the inadvertent release of confidential information. Similar adverse consequences could result from cybersecurity breaches affecting issues of securities in which a client invests; governmental and other regulatory authorities; exchange and other financial market operators, banks, brokers, dealers and other financial institutions; and other parties. In addition, substantial costs may be incurred by those entities in an effort to prevent any cybersecurity breaches in the future.

PRIVACY POLICY

Investment advisers are required by law to inform their clients of their policies regarding privacy of client information. We are bound by professional standards of confidentiality that are even more stringent than those required by law. Federal law gives the customer the right to limit some but not all sharing of personal information. It also requires us to tell you how we collect, share, and protect your personal information.

TYPES OF NONPUBLIC PERSONAL INFORMATION (NPI) WE COLLECT

We collect nonpublic personal information about you that is either provided to us by you or obtained by us with your authorization. This can include but is not limited to your Social Security Number, Date of Birth, Banking Information, Financial Account Numbers and/or Balances, Sources of Income, and Credit Card Numbers or Information. When you are no longer our customer, we may continue to share your information only as described in this notice.

PARTIES TO WHOM WE DISCLOSE INFORMATION

All Investment Advisers may need to share personal information to run their everyday business. In the section below, we list the reasons that we may share your personal information:

- For everyday business purposes – such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus;
- For our marketing – to offer our products and services to you;
- For joint marketing with other financial companies;
- For our affiliates' everyday business purposes – information about your transactions and experiences and information about your creditworthiness; or
- For affiliates and non-affiliates to market to you.

If you are a new customer we may begin sharing your information on the day you sign our agreement. When you are no longer our customer, we may continue to share your information as described in this notice. However, you can contact us at any time to limit our sharing.

PROTECTING THE CONFIDENTIALITY OF CURRENT AND FORMER CLIENT'S INFORMATION

To protect your personal information from unauthorized access and use, we use security measures that comply with federal law, including computer safeguards and secured files and building.

FEDERAL LAW GIVES YOU THE RIGHT TO LIMIT SHARING - OPTING OUT

Federal law allows you the right to limit the sharing of your NPI by "opting-out" of the following: sharing for non-affiliates' everyday business purposes – information about your creditworthiness; or sharing with affiliates or non-affiliates who use your information to market to you. State laws and individual companies may give you additional rights to limit sharing. Please notify us immediately if you choose to opt out of these types of sharing.

DEFINITIONS: Affiliates – companies related by common ownership or control. They can be financial and non-financial companies; Non-affiliates – companies not related by common ownership or control. They can be financial and non-financial companies; Joint marketing – a formal agreement between non-affiliated financial companies that together market financial products or services to you.

Please call if you have any questions. Your privacy, our professional ethics, and the ability to provide you with quality financial services are very important to us.
