Item 4 – Advisory Services

A. Firm Information

Avaii Wealth Management, LLC (“Avaii” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Wisconsin in July 2018 and launched as a registered investment advisor in September 2018. Avaii is owned and operated by Christian J. Doule (Managing Member and Wealth Management Advisor), Jeffrey J. Rainer (Member and Wealth Management Advisor), Mark Truettner (Member, Wealth Management Advisor) and Joel Blattner (Member, Director of Investments). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by Avaii.

For more information regarding this disclosure Brochure, please contact Aaron Skurr, the Chief Compliance Officer, at (920) 214-1212.

B. Advisory Services Offered

Avaii provides advisory services to individuals, families, trusts, estates, charitable organizations, businesses and retirement plans (each referred to as a “Client”). Avaii provides individualized services to each Client, which are determined during initial conversations and updated over the course of the relationship as needed or requested by the Client.

Avaii serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. Avaii’s fiduciary commitment is further described in the Advisor’s Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

Avaii works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. Avaii will then construct a portfolio, consisting of primarily of active and passive mutual funds, exchange-traded funds (“ETFs”), individual equity securities, individual fixed income securities and other types of investments, as appropriate to meet the needs of each Client. Evaluation of legacy investments will include a review of portfolio fit, tax situation and other considerations.

Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor. Avaii will construct, implement and monitor the portfolio on a discretionary basis with respect to the Client’s investment policy statement.

At no time will Avaii accept or maintain custody of a Client’s funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within their designated account[s] at the Custodian, pursuant to the terms of the investment advisory agreement. Please see Item 12 – Brokerage Practices.

Use of Independent Managers

Avaii will in certain circumstances recommend that Clients utilize one or more unaffiliated investment managers or investment platforms (collectively “Independent Managers”) for all or a portion of a Client’s investment portfolio, based on the Client’s needs and objectives. The Advisor will perform initial and ongoing oversight and due diligence over each Independent Manager to ensure the strategy remains aligned with Clients investment objectives and overall best interests. The Advisor will also assist the Client in the development of the initial policy recommendations and managing the ongoing Client relationship. The Client will be provided with the Independent Manager’s Form ADV Part 2A - Disclosure Brochure (or a brochure that makes the appropriate disclosures).

Retirement Plan Advisory Services

Avaii provides retirement plan advisory services on behalf of the retirement plans (each a “Plan”) and the company (the “Plan Sponsor”). The Advisor’s retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Employee Enrollment and Education Tracking
- Investment Policy Statement (“IPS”) Design and Monitoring
- Investment Management
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

Avaii may provide investment advisory services on behalf of the Plan and Plan Sponsor, which may be in either a 3(21) or 3(38) context depending on whether or not the Advisor is also providing discretionary investment management over the Plan assets. For 3(38) services, the Advisor shall have the discretion to select the investments for the Plan and/or make investment decisions on behalf of Plan Participants.

These services are provided by Avaii serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of Avaii’s fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

Financial Planning Services

Financial Planning Services are at the core of the Client relationship with Avaii. Financial planning is an evaluation of a Client’s current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans while also understanding personal values, goals and objectives. Through the financial planning process, all questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the Client.

Avaii will provide financial planning and consulting services to Clients pursuant to a written financial planning agreement. Services are offered in several areas depending on the Client’s goals, objectives and financial situation. Generally, such financial planning services will involve a written report which provides the Client with a detailed financial plan to assist the Client in achieving his or her financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, financial position, tax considerations, employee benefits, investment analysis, insurance analysis, retirement analysis, death and disability considerations, and estate planning.

Plans or consultations are typically completed within six months of contract date, assuming all information and documents requested are provided promptly by the Client.

Avaii may also refer Clients to an accountant, attorney or other specialists as appropriate for their unique situation.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Client’s engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

C. Client Account Management

Prior to engaging Avaii to provide investment advisory services, each Client is required to enter into one or more agreements with the Advisor that define the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – Avaii, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Portfolio Construction – Avaii will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – Avaii will provide investment management and ongoing oversight of the Client's investment portfolio. Avaii will review Client portfolios at least annually.
- Financial Planning – Avaii provides initial and ongoing planning services, to assist Clients in meeting the financial goals.

D. Wrap Fee Programs

Avaii does not manage or place Client assets into a wrap fee program. Investment management services are provided directly by Avaii.

E. Assets Under Management

As of December 31, 2019, Avaii manages \$172,955,651 in Client assets, all of which are managed on a discretionary basis. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into one or more written agreements with the Advisor.

A. Fees for Advisory Services

Investment Management Services

Investment advisory fees are paid either monthly or quarterly, in advance of each calendar quarter, (the "Billing Period"), pursuant to the terms of the investment advisory agreement. Fees are calculated and deducted in advance of each Billing Period based on the market value of assets under management at the end of the prior month or quarter. Fees are based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$500,000	1.25%
\$500,001 to \$750,000	1.15%
\$750,001 to \$1,000,000	1.00%
\$1,000,001 to \$2,000,000	0.90%
Over \$2,000,000	0.75%

Client's may select the fixed fee option when paying for advisory services, pursuant to the terms of the investment advisory agreement. Fixed advisory fees range from \$5,000 to \$30,000 annually, depending on the complexity of the engagement, financial planning needs, frequency of reviews and meetings, and size of the Client relationship. Relationships with multiple objectives, specific reporting requirements, portfolio restrictions and other complexities may be charged a higher fee.

The investment advisory fee in the first Billing Period of service is prorated from the inception date of the account[s] to the end of the first Billing Period. Fees may be negotiable at the sole discretion of the Advisor. The

Client's fees will take into consideration the aggregate assets under management with Advisor. All securities held in accounts managed by Avaii will be independently valued by the Custodian. Avaii will not have the authority or responsibility to value portfolio securities.

The Client may make additions or withdrawals from the account[s] at any time, subject to the Advisor's right to terminate an account or the overall relationship. Additions may be in cash or securities provided that the Advisor reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets on notice to Avaii, subject to the usual and customary securities settlement procedures. However, withdrawals from the Client's account[s] may impede the Advisor's ability to implement the investment strategy designed for the Client. Clients are advised that when such securities are liquidated, they may be subject to securities transaction fees, short-term redemption fees, and/or tax ramifications. An adjustment will be made in the next billing period to reflect the fee difference.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Use of Independent Managers

As noted in Item 4, the Advisor may implement all or a portion of a Client's investment portfolio utilizing one or more Independent Managers. To eliminate any conflict of interest, the Advisor does not earn any compensation from an Independent Manager. The Advisor will only earn its investment advisory fee as described above. The Advisor will allocate a portion of the advisory fee collected to the Independent Manager pursuant to the terms of the executed agreement between the Advisor and the Independent Manager. The total blended fee, including the Advisor's fee and the Independent Manager's fee, will not exceed 1.25% annually.

Retirement Plan Advisory Services

Fees for 3(21) and 3(38) retirement plan advisory services are charged an annual asset-based fee of up to 1.25%, billed in advance, pursuant to the terms of the agreement. Retirement plan fees are based on the market value of assets under management at the end of the prior calendar month. Fees may be negotiable depending on the size and complexity of the Plan. Fees in the first month of the engagement are prorated from the effective date of the Agreement to the end of the first month. Fees range are generally based on the following schedule:

Assets Under Management	Annual Fee (%)
Up to \$500,000	1.25%
\$500,001 to \$750,000	1.15%
\$750,001 to \$1,000,000	1.00%
\$1,000,001 to \$2,000,000	0.90%
Over \$2,000,000	0.75%

The Advisor may offer a fixed annual fee for its 3(21) services. For Clients where a fixed fee has been determined, the fee is billed monthly, at the beginning of each calendar month. Fixed advisory fees will generally range from \$300 - \$5,000 per year.

Fees may be negotiable depending on the size and complexity of the Plan.

Financial Planning Services

Avaii may include financial planning services as part of the overall investment advisory fee or it may be offered separately as a stand-alone service. Project-based engagements may be offered at an hourly rate ranging from \$150 to \$300 per hour based on the experience of the Advisory Person rendering services and/or the complexity of the services provided. Fixed fee projects are based on the expected duration to complete the engagement deliverable[s] at the Advisor's hourly rate. Fees may be negotiable based on the nature and complexity of the services to be provided and the overall relationship with the Advisor. The Advisor may also engage for ongoing

planning services payable in advance of each month. An estimate for total hours and/or costs will be provided prior to engaging for these services.

B. Fee Billing

Investment Management Services

Investment advisory fees are calculated by the Advisor or its delegate and deducted from the Client's account[s] at the Custodian. The Advisor shall send an invoice to the Custodian indicating the amount of the fees to be deducted from the Client's account[s] at the end of each Billing Period. The amount due is calculated by applying the fee rate to the total assets under management with Avaii. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the investment advisory fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients provide written authorization permitting advisory fees to be deducted by Avaii to be paid directly from their account[s] held by the Custodian as part of the investment advisory agreement and separate account forms provided by the Custodian.

Use of Independent Managers

For Client accounts implemented through an Independent Manager, the Client's overall fees may include Avaii's investment advisory fee (as noted above) plus investment management fees and/or platform fees charged by the Independent Manager[s], as applicable. In certain instances, the Independent Manager or the Advisor may assume responsibility for calculating the Client's fees and deduct all fees from the Client's account[s].

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

Financial Planning Services

Project-based financial planning fees are invoiced by the Advisor upon completion of the agreed upon deliverable[s]. Ongoing retainer engagements are billed monthly in advance.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than Avaii, in connection with investments made on behalf of the Client's account[s]. The Client is responsible for all securities execution and custody fees charged by the Custodian, if applicable. The Advisor's recommended custodian does not charge securities transaction fees for ETF and equity trades in Client accounts, provided that the account meets the terms and conditions of the Custodian's brokerage requirements. However, the Custodian typically charges for certain mutual funds and other types of investments. The fees charged by Avaii are separate and distinct from these custody and execution fees.

In addition, all fees paid to Avaii for investment advisory services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of Avaii, but would not receive the services provided by Avaii which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by Avaii to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information

D. Advance Payment of Fees and Termination

Investment Management Services

Avaii is compensated for its services in advance of the Billing Period in which investment advisory services are rendered. Either party may terminate the investment advisory agreement, at any time, by providing advance

written notice to the other party. The Client may also terminate the investment advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will promptly refund any unearned, prepaid fees. The Client's investment advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Use of Independent Managers

In the event that the Advisor has determined that an Independent Manager is no longer in the Client's best interest, the Advisor will have the discretion to terminate the relationship with the Independent Manager. The terms for termination are set forth in the respective agreements between the Advisor and the Independent Managers.

Retirement Plan Advisory Services

Avaii is compensated for its services at the beginning of the month before advisory services are rendered. Either party may request to terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client shall be responsible for retirement plan advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid investment advisory fees from the effective date of termination to the end of the month. The Client's retirement plan advisory agreement with the Advisor is non-transferable without the Client's prior consent.

Financial Planning Services

Avaii may be partially compensated for its services in advance of the engagement. Either party may terminate the financial planning agreement by providing advance written notice to the other party. The Client may terminate the financial planning agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Client shall be billed for the percentage of the engagement scope completed by the Advisor and any unearned, prepaid fees will be promptly refunded to the Client. The Client's financial planning agreement with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

Avaii does not buy or sell securities and does not receive any compensation for securities transactions in any Client account, other than the investment advisory fees noted above.

Advisory Persons of Avaii may also be registered representatives of Private Client Services, LLC ("PCS"), a securities broker-dealer, and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). In one's separate capacity as a registered representative of PCS, an Advisory Person will implement securities transactions under PCS and not through Avaii. In such instances, an Advisory Person will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by an Advisory Person in separate capacity as a registered representative. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Certain Advisory Persons are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of the Advisor who are insurance agents have an incentive to recommend insurance products to Clients for the purpose of generating commissions. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor. Please see Item 10 – Other Financial Industry Activities and Affiliations.

Item 6 – Performance-Based Fees and Side-By-Side Management

Avaii does not charge performance-based fees for its investment advisory services. The fees charged by Avaii are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

Avaii does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

Avaii offers investment advisory services to individuals, families, trusts, estates, charitable organizations, businesses and retirement plans. Avaii generally does not impose a minimum size for establishing a relationship, however certain Independent Managers may impose a minimum.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

Avaii may employ any of the following methods of analysis, tools and strategies in developing portfolios for its Clients.

Fundamental Analysis involves evaluating a security using real data such as company revenues, earnings, return on equity, and profit margins to determine underlying value and potential growth. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk.

Cyclical Analysis involves analyzing the cycles of the market. Cyclical analysis may involve inflation risk, market risk, and currency risk.

Behavioral Finance proposes psychology-based theories to explain stock market anomalies. It assumes the information structure and the characteristics of market participants systematically influence the investment decisions of individuals as well as the market outcomes.

Modern Portfolio Theory (“MPT”) assumes investors are risk averse which means when given two assets with the same expected return the investor will choose the less risky one. An investor is only willing to take more risk if the expected return is greater. Therefore, MPT aims to construct a portfolio of investments that has the best possible expected return for the level of risk.

Asset Allocation is an investment strategy used to balance risk and return according to a client’s investment objective, risk tolerance and investment horizon. It is used to manage portfolio volatility by investment in different asset classes.

Diversification is a risk management strategy used to reduce the volatility of a portfolio by investing in different asset classes, different market sectors, and/or different companies.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. Avaii will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. While the methods of analysis help the Advisor in evaluating a potential

investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment approach:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs have a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving Avaii or its management persons. Avaii values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the Advisor and its Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 298165.

Item 10 – Other Financial Industry Activities and Affiliations

Use of Independent Managers

As noted in Item 5, the Advisor may implement all or a portion of a Client's investment portfolio with one or more Independent Managers. The Advisor does not receive any compensation nor does this present a material conflict of interest. The Advisor will only earn its investment advisory fee as described in Item 5.A.

Broker-Dealer Affiliation

As noted in Item 5, certain Advisory Persons of Avaii are also registered representatives of PCS. In an Advisory Person's separate capacity as a registered representative, the Advisory Person will receive commissions for the implementation of recommendations for commissionable transactions. Clients are not obligated to implement any recommendation provided by an Advisory Person of Avaii. Neither Avaii nor an Advisory Person will earn ongoing investment advisory fees in connection with any services implemented in the Advisory Person's separate capacity as a registered representative. Under supervision by PCS, PCS may have access to certain confidential information of the Client, including, but not limited to financial information, investment objectives, transactions and holdings information.

Insurance Agency Affiliations

As noted in Item 5, certain Advisory Persons of Avaii are licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with Avaii. As insurance professionals, Advisory Persons will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending insurance products. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

Avaii has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with Avaii ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to the Client. Avaii and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of Avaii's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (920) 214-1212.

B. Personal Trading with Material Interest

Avaii allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Avaii does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. Avaii does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

Avaii allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by Avaii requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While Avaii allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterward. **At no time will Avaii, or any Supervised Person of Avaii, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

Avaii does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize Avaii to direct trades to the Custodian as agreed upon in the investment advisory agreement. Further, Avaii does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis.

Where Avaii does not exercise discretion over the selection of the Custodian, it may recommend the Custodian to Clients for custody and execution services. As certain Advisory Persons are also registered representatives of PCS, Avaii and its Advisory Persons are limited in the Custodians in which they can recommend to Clients. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a broker not recommended by Avaii. However, if the recommended Custodian is not utilized the Advisor may be limited in the services it can provide to the Client comparable to other Clients. Avaii may recommend the Custodian based on criteria such as, but not limited to, reasonableness of commissions charged to the Client, services made available to the Client, its reputation, and/or location of the Custodian's offices.

Avaii will generally recommend that Clients establish their account[s] at Fidelity Clearing & Custody Solutions and related entities of Fidelity Investments, Inc. (collectively "Fidelity"). Fidelity is a FINRA-registered broker-dealer and member SIPC and will serve as the Client's "qualified custodian". Avaii maintains an institutional relationship with Fidelity whereby the Advisor receives economic benefits from Fidelity. Please see Item 14 below.

Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with the broker-dealer/custodian in exchange for research and other services. **Avaii does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from Fidelity. Please see Item 14 below.**

2. Brokerage Referrals - Avaii does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where Avaii will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s], unless separately instructed by the Client. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). In selecting the Custodian, Avaii will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. Avaii will execute its transactions through the Custodian authorized by the Client.

Avaii may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of Avaii and periodically by the CCO. Formal reviews are generally conducted at least annually or more or less frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify Avaii if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 - Client Referrals and Other Compensation

A. Compensation Received by Avaii

Avaii does not receive commissions from product sponsors or broker-dealers, except as noted in Item 10 above. Avaii may refer Clients to various unaffiliated professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, Avaii may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform

Avaii has established an institutional relationship with Fidelity to assist the Advisor in managing Client account[s]. Access to the Fidelity platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at Fidelity. The software and related systems support may benefit the Advisor, but not its Clients directly. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

The following benefits are also received from Fidelity: reimbursement to Clients for transfer costs to the platform/custodian; financing services, receipt of duplicate Client confirmations and bundled duplicate statements; access to a trading desk that exclusively services its institutional participants; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to Client accounts; and access to an electronic communication network for Client order entry and account information.

B. Client Referrals from Solicitors

Avaii does not engage paid solicitors for Client referrals.

Item 15 – Custody

All Clients must place their assets with a “qualified custodian”. Clients are required to engage the Custodian to retain their funds and securities and direct Avaii to utilize that Custodian for the Client’s security transactions. Avaii does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor’s fees or authorized transfers on the Client’s behalf. If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements in these cases, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client’s instructions.

Clients should review statements provided by the Custodian and compare to any reports provided by Avaii to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 - Brokerage Practices.

Item 16 – Investment Discretion

Avaii generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by Avaii. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client’s execution of an investment advisory agreement containing all applicable limitations to such authority. All discretionary trades made by Avaii will be in accordance with each Client’s investment objectives and goals.

Item 17 – Voting Client Securities

Avaii does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. If the Client elects to direct proxies to the Advisor, such election does not result in the authority for the Advisor to vote such proxies. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither Avaii, nor its management, have any adverse financial situations that would reasonably impair the ability of Avaii to meet all obligations to its Clients. Neither Avaii, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. Avaii is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect fees of \$1,200 or more for services to be performed six months or more in advance.
