

Americana Partners, LLC

a Registered Investment Adviser

811 Louisiana Street, Suite 2420
Houston, TX 77002

August 19, 2020

This brochure provides information about the qualifications and business practices of Americana Partners, LLC (hereinafter "Americana Partners" or the "Firm"). If you have any questions about the contents of this brochure, please contact the Firm at the telephone number listed above. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission (SEC) or by any state securities authority. Additional information about the Firm is available on the SEC's website at www.adviserinfo.sec.gov. The Firm is a registered investment adviser. Registration does not imply any level of skill or training.

Item 2 Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Since our last annual updating amendment, dated March 30, 2020, we have made the following material changes to our Form ADV:

- We have amended and clarified how fixed fees are payable for advisory consulting services. Please see Item 5 for information about this service and its associated fees.
- Our firm is deemed to have custody over certain advisory clients' assets because persons associated with our firm may serve trustees to certain accounts. Please refer to Item 15 of this brochure for more information regarding custody and the controls that we have put in place.
- Item 18 has been updated to disclose a PPP loan our firm has taken to support our ongoing operations.

Item 4 Advisory Business

Americana Partners offers a variety of advisory services, which include financial planning, consulting, and investment management services. Prior to Americana Partners rendering any of the foregoing advisory services, clients are required to enter into one or more written agreements with Americana Partners setting forth the relevant terms and conditions of the advisory relationship (the "Advisory Agreement").

Americana Partners is registered as an investment adviser since April 2019 and is primarily owned by Jason Fertitta.

While this brochure generally describes the business of Americana Partners, certain sections also discuss the activities of its Supervised Persons, which refer to the Firm's officers, partners, directors (or other persons occupying a similar status or performing similar functions), employees or other persons who provide investment advice on Americana Partners' behalf and are subject to the Firm's supervision or control.

Financial Planning and Consulting Services

Americana Partners offers clients a broad range of financial planning and consulting services, which include any or all of the following functions:

- Business Planning
- Cash Flow Forecasting
- Trust and Estate Planning
- Financial Reporting
- Investment Consulting
- Insurance Planning
- Retirement Planning
- Risk Management
- Charitable Giving
- Distribution Planning
- Tax Planning
- Manager Due Diligence

While each of these services is available on a stand-alone basis, certain of them can also be rendered in conjunction with investment portfolio management as part of a comprehensive wealth management engagement (described in more detail below).

In performing these services, Americana Partners is not required to verify any information received from the client or from the client's other professionals (e.g., attorneys, accountants, etc.) and is expressly authorized to rely on such information. Americana Partners recommends certain clients engage the Firm for additional related services, its Supervised Persons in their individual capacities as insurance agents or registered representatives of a broker-dealer and/or other professionals to implement its recommendations.

Clients are advised that a conflict of interest exists for the Firm to recommend that clients engage Americana Partners or its affiliates to provide (or continue to provide) additional services for compensation, including investment management services. Clients retain absolute discretion over all decisions regarding implementation and are under no obligation to act upon any of the recommendations made by Americana Partners under a financial planning or consulting engagement. Clients are advised that it remains their responsibility to promptly notify the Firm of any change in their financial situation or investment objectives for the purpose of reviewing, evaluating or revising Americana Partners' recommendations and/or services.

Investment and Wealth Management Services

Americana Partners manages client investment portfolios on a discretionary basis. In addition, Americana Partners provides certain clients with wealth management services which include a broad range of financial planning and consulting services as well as discretionary management of investment portfolios.

Americana Partners primarily allocates client assets among various mutual funds, exchange-traded funds ("ETFs"), individual debt and equity securities, options, structured products, and independent investment managers ("Independent Managers") in accordance with their stated investment objectives. In addition, Americana Partners also recommends that certain eligible clients invest in privately placed securities, which may include debt, equity and/or interests in pooled investment vehicles (e.g., hedge funds).

Where appropriate, the Firm also provides advice about any type of legacy position or other investment held in client portfolios. Clients can engage Americana Partners to manage and/or advise on certain investment products that are not maintained at their primary custodian, such as variable life insurance and annuity contracts and assets held in employer sponsored retirement plans and qualified tuition plans (i.e., 529 plans). In these situations, Americana Partners directs or recommends the allocation of client assets among the various investment options available with the product. These assets are generally maintained at the underwriting insurance company or the custodian designated by the product's provider. Finally, clients can utilize the custodial relationships that the Firm has negotiated to custody assets that are not managed by the Firm.

Americana Partners tailors its advisory services to meet the needs of its individual clients and seeks to ensure, on a continuous basis, that client portfolios are managed in a manner consistent with those needs and objectives. Americana Partners consults with clients on an initial and ongoing basis to assess their specific risk tolerance, time horizon, liquidity constraints and other related factors relevant to the management of their portfolios. Clients are advised to promptly notify Americana Partners if there are changes in their financial situation or if they wish to place any limitations on the management of their portfolios. Clients can impose reasonable restrictions or mandates on the management of their accounts if Americana Partners determines, in its sole discretion, the conditions would not materially impact the performance of a management strategy or prove overly burdensome to the Firm's management efforts.

Use of Independent Managers

As mentioned above, Americana Partners selects certain Independent Managers to actively manage a portion of its clients' assets. The specific terms and conditions under which a client engages an Independent Manager may be set forth in a separate written agreement with the designated Independent Manager. The Independent Managers' fees are in addition to the Firm's fees. In addition to this brochure, clients may also receive the written disclosure documents of the respective Independent Managers engaged to manage their assets.

Americana Partners evaluates a variety of information about Independent Managers, which includes the Independent Managers' public disclosure documents, materials supplied by the Independent Managers themselves and other third-party analyses it believes are reputable. To the extent possible, the Firm seeks to assess the Independent Managers' investment strategies, past performance and risk results in relation to its clients' individual portfolio allocations and risk exposure. Americana Partners also takes into consideration each Independent Manager's management style, returns, reputation, financial strength, reporting, pricing and research capabilities, among other factors.

Americana Partners continues to provide services relative to the discretionary selection of the Independent Managers. On an ongoing basis, the Firm monitors the performance of those accounts being managed by Independent Managers. Americana Partners seeks to ensure the Independent Managers' strategies and target allocations remain aligned with its clients' investment objectives and overall best interests.

Use of Dynasty Financial Partners, LLC TAMP

Americana Partners has entered into a contractual relationship with Dynasty Financial Partners, LLC ("Dynasty"), which provides Americana Partners with operational and back office support including access to a network of service providers. Through the Dynasty network of service providers, Americana Partners may receive preferred pricing on trading technology, reporting, custody, brokerage, compliance and other related services. Dynasty charges a "Platform Fee," for which, unless otherwise disclosed, the client will be charged, separate from and in addition to such client's annual investment management fee, as described in Item 5 below. In addition, Dynasty's subsidiary, Dynasty Wealth Management, LLC ("DWM") is an SEC registered investment adviser, that provides access to a range of investment services including: separately managed accounts ("SMA"), mutual fund and ETF asset allocation strategies, and unified managed accounts ("UMA") managed by external third party managers (collectively, the "Investment Programs"). Americana Partners and its clients may separately engage the services of Dynasty and/or its subsidiaries to access the Investment Programs. Under the SMA and UMA programs, Americana Partners will maintain the ability to select the specific, underlying third party managers that will, in turn, have day-to-day discretionary trading authority over the requisite client assets.

DWM sponsors an investment management platform (the "Platform" or the "TAMP") that is available to the advisers in the Dynasty Network, such as Americana Partners. Through the Platform, DWM and Dynasty collectively provide certain technology, administrative, operations and advisory support services that allow advisers to manage their own portfolios and access independent third-party managers that provide discretionary services in the form of traditional managed accounts and investment models. Advisers can allocate all or a portion of client assets among the different independent third-party managers via the Platform. Advisers may also use the model management feature of the TAMP by creating their own asset allocation model and underlying investments that comprise the model. Through the model management feature, advisers may be able to outsource the implementation of trade orders and periodic rebalancing of the model when needed.

Americana Partners will maintain the direct contractual relationship with each client and obtain, through such agreements, the authority to engage independent third-party managers, DWM and/or Dynasty, as applicable, for services rendered through the Platform in service of such client. Americana Partners may delegate discretionary trading authority to DWM and/or independent third-party managers to effect investment and reinvestment of client assets with the ability to buy, sell or otherwise effect investment transactions and allocate client assets. If a client is participating in certain Investment Programs, DWM or the designated manager, as applicable, is also authorized without prior consultation of Americana Partners or the client to buy, sell, trade or allocate such client's assets in accordance with the client's designated portfolio and to deliver instructions to the designated broker-dealer and/or custodian of such client's assets.

Assets Under Management

As of January 31, 2020, Americana managed \$1,986,715,329 of client assets, of which we provide continuous management services for \$496,191,036 on a discretionary basis, and \$1,490,524,293 on a non-discretionary basis.

Item 5 Fees and Compensation

Americana Partners offers services on a fee basis, which includes fixed fees, as well as fees based upon assets under management or advisement. Additionally, certain of the Firm's Supervised Persons, in their individual capacities, offer securities brokerage services and/or insurance products under a separate commission-based arrangement.

Financial Planning and Consulting Fees

Americana Partners can charge a fixed fee for providing financial planning and consulting services under a stand-alone engagement. These fees are negotiable, but range from \$2,500 for projects and financial planning and up to \$250,000 per year for ongoing investment consulting. The fixed fee will depend upon the scope and complexity of the services and the representative rendering the financial planning and/or the consulting services. If the client engages the Firm for additional investment advisory services, Americana Partners may offset all or a portion of its fees for those services based upon the amount paid for the financial planning and/or consulting services.

You may terminate the financial planning or consulting services agreement upon written notice to our firm. If you have pre-paid financial planning and/or consulting fees that we have not yet earned, you will receive a prorated refund of those fees. If financial planning and/or consulting fees are payable in arrears, you will be responsible for a prorated fee based on services performed prior to termination of the financial planning and/or consulting agreement.

The terms and conditions of the financial planning and/or consulting engagement are set forth in the Advisory Agreement and Americana Partners requires the fixed fee will be due and payable upon delivery of the financial plan or completion of the agreed upon services. The Firm does not, however, take receipt of \$1,200 or more in prepaid fees in excess of six months in advance of services rendered.

Investment Management Fees

Americana Partners offers investment management services for an annual fee based on the amount of assets under the Firm's management. This management fee, which does not include the additional fees discussed below, varies between 35 and 100 basis points (0.35% - 1.00%), depending upon the size and composition of a client's portfolio and the type of services rendered. Americana Partners' annual fee is billed and payable on a pro-rata basis, quarterly in advance, based upon the market value of the assets being managed by the Firm on the last day of the previous quarter. Adjustments will be made for deposits and withdrawals in excess of \$50,000 during the quarter. If the portfolio management agreement is executed at any time other than the first day of a calendar quarter, Americana Partners' fees will apply on a pro rata basis, which means that the management fee is payable in proportion to the number of days in the quarter for which you are a client. In the event the portfolio management agreement is terminated, the fee for the final billing period will be prorated through the effective date of termination, and the outstanding or unearned portion of the fee will be charged or refunded to the client, as appropriate. The Firm's management fee is negotiable, depending on individual client circumstances.

Additionally, for asset management services the Firm provides with respect to certain client holdings (e.g., held-away assets, accommodation accounts, alternative investments, etc.), Americana Partners may negotiate a fee rate that differs from the range set forth above.

Fee Discretion

Americana Partners may, in its sole discretion, negotiate to charge a lesser fee based upon certain criteria, such as anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, pre-existing/legacy client relationship, account retention and pro bono activities.

Additional Fees and Expenses

In addition to the advisory fees paid to Americana Partners, clients also incur certain charges imposed by other third parties, such as broker-dealers, custodians, trust companies, banks and other financial institutions (collectively "Financial Institutions"). These additional charges include securities brokerage commissions, transaction fees, custodial fees, fees attributable to alternative assets, fees charged by the Independent Managers, margin costs, charges imposed directly by a mutual fund or ETF in a client's account, as disclosed in the fund's prospectus (e.g., fund management fees and other fund expenses), deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. The Firm's brokerage practices are described at length in Item 12, below.

As discussed above, Americana Partners uses Dynasty's TAMP services. TAMP related charges are not included in the Firm's investment management fee. Clients will be charged, separate from and in addition to the investment management fee, any applicable Platform Fees as well as applicable Independent Manager fees. Americana Partners does not receive any portion of the fees paid directly to Dynasty or the service providers made available through its platform, including the Independent Managers.

Each of the Platform Fee and independent manager fees are determined by the particular program(s) and manager(s) with which a client's assets are invested, and are calculated based upon a percentage of the assets under management, as applicable. The Platform Fee generally ranges from 0 - .45% annually, independent fixed income manager fees generally range from 0 - .90% annually, and independent equity manager fees generally range from 0 - 1.50% annually.

Clients will note the total fee reflected on their custodial statement will represent the sum of Americana Partners' investment management fee, Platform Fee(s) and Independent Manager fee(s), accordingly. Clients should review such statements to determine the total amount of fees associated with their requisite investments, and should review their investment management agreement with Americana Partners to determine the investment management fee paid to the Firm.

Direct Fee Debit

Clients provide Americana Partners and/or certain Independent Managers with the authority to directly debit their accounts for payment of the investment advisory fees. The Financial Institutions that act as the qualified custodian for client accounts, from which the Firm retains the authority to directly deduct fees, have agreed to send statements to clients not less than quarterly detailing all account transactions, including any amounts paid to Americana Partners.

Use of Margin

Americana Partners can recommend that certain clients utilize margin in the client's investment portfolio or other borrowing. Americana Partners only recommends such borrowing for non-investment needs, such as bridge loans and other financing needs.

Account Additions and Withdrawals

Clients can make additions to and withdrawals from their account at any time, subject to Americana Partners' right to terminate an account. Additions can be in cash or securities provided that the Firm reserves the right to liquidate any transferred securities or declines to accept particular securities into a client's account. Clients can withdraw account assets on notice to Americana Partners, subject to the usual and customary securities settlement procedures. However, the Firm designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a client's investment objectives. Americana Partners may consult with its clients about the options and implications of transferring securities. Clients are advised that when transferred securities are liquidated, they may be subject to transaction fees, short-term redemption fees, fees assessed at the mutual fund level (e.g., contingent deferred sales charges) and/or tax ramifications.

Commissions and Sales Charges for Recommendations of Securities

Clients can engage certain persons associated with Americana Partners (but not the Firm directly) to render securities brokerage services under a separate commission-based arrangement. Clients are under no obligation to engage such persons and may choose brokers or agents not affiliated with Americana Partners.

Under this arrangement, the Firm's Supervised Persons, in their individual capacities as registered representatives of Purshe Kaplan Sterling Investments, Inc. ("PKS") or SP Securities LLC ("SP Securities"), can provide securities brokerage services and implement securities transactions under a separate commission based arrangement. Supervised Persons are entitled to a portion of the brokerage commissions paid to PKS and SP Securities, as well as a share of any ongoing distribution or service (trail) fees from the sale of mutual funds. Americana Partners can also recommend no-load or load-waived funds, where no sales charges are assessed, but where the Supervised Person receives other forms of compensation. Prior to effecting any transactions, clients are required to enter into a separate account agreement with PKS or SP Securities.

The Firm can execute trades with a broker-dealer other than the client's primary custodian that nonetheless settle at and are held at the client's primary custodian ("trade away transactions"). Trade away transactions can be entered into on behalf of clients that have entered into agreements for prime brokerage clearing services with their custodian. Because clients are not required to execute a separate agreement with the other broker-dealer to enter into trade away transactions, the Firm and its Supervised Persons have discretion in selecting the broker-dealer to use to effect client transactions.

The Firm will use PKS for trade away transactions ("PKS trade away transactions"). As discussed herein, certain of the Firm's Supervised Persons are registered representatives of PKS and will receive transaction based compensation for the PKS trade away transactions. Various conflicts of interest arise out of the PKS trade away transactions. Among other things, the Firm's Supervised Persons have an incentive to engage in the PKS trade away transactions where the advisory fees that the Supervised Person would otherwise earn for managing such assets is less than the compensation that the Supervised Person would earn by executing the transaction as a registered representative through PKS. Such Supervised Persons also have an incentive to engage in frequent transactions through the PKS trade away transactions arrangement because of the compensation that they can earn as registered representatives of PKS. Frequent trading can increase the transaction costs charged to clients, negatively impact performance results, and have adverse tax consequences for clients. A conflict of interest also exists because the Firm's Supervised Persons have an incentive to recommend PKS to execute trade away transactions on behalf of clients because they can earn brokerage compensation as registered representatives of PKS (as opposed to other broker-dealers where the Supervised Person would not receive brokerage compensation). Additionally, because trade away transactions are deemed to be unsolicited trades by PKS, PKS does not conduct any suitability reviews with respect to securities acquired through PKS trade away transactions.

The Firm will continue to have a fiduciary duty over the client's advisory assets that are executed through the PKS trade away transactions and has policies and procedures in place to mitigate the impact of the conflicts. In addition, the assets purchased through a PKS trade away transaction will be held in accounts separate, or otherwise tracked separately, from other assets over which the Firm provides management services and charges management fees. The Firm does not charge clients advisory fees on assets acquired through trade away transactions.

A conflict of interest exists to the extent that a Supervised Person of Americana Partners recommends the purchase or sale of securities through a brokerage relationship where that Supervised Person receives commissions or other additional compensation as a result of that recommendation (the "Brokerage Relationship"). The Firm has procedures in place to ensure that any recommendations made by such Supervised Persons to engage in the Brokerage Relationship are in the best interest of that client. The Firm does not allow Supervised Persons to receive brokerage compensation on assets managed by the Firm. Because the Supervised Person receives compensation in connection with the sale of mutual funds in the Brokerage Relationship, a conflict of interest exists as such Supervised Person, has an incentive to recommend more expensive mutual fund share classes to clients where such Supervised Person earns more compensation with respect to the sale of such mutual fund share classes. Clients should understand that the investments made in the Brokerage Relationship are not receiving advisory services from the Firm. Therefore, the Firm does not have a fiduciary duty over the Brokerage Relationship recommendations.

Item 6 Performance-Based Fees and Side-By-Side Management

Americana Partners does not provide any services for a performance-based fee (i.e., a fee based on a share of capital gains or capital appreciation of a client's assets).

Item 7 Types of Clients

Americana Partners offers services to individuals, trusts, estates, charitable organizations, corporations and business entities.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis and Investment Strategies

Americana Partners utilizes a combination of fundamental, technical, and charting methods of analysis.

Fundamental analysis involves an evaluation of the fundamental financial condition and competitive position of a particular fund or issuer. For Americana Partners, this process typically involves an analysis of an issuer's management team, investment strategies, style drift, past performance, reputation and financial strength in relation to the asset class concentrations and risk exposures of the Firm's model asset allocations. A substantial risk in relying upon fundamental analysis is that while the overall health and position of a company may be good, evolving market conditions may negatively impact the security.

Technical analysis involves the examination of past market data rather than specific issuer information in determining the recommendations made to clients. Technical analysis may involve the use of mathematical based indicators and charts, such as moving averages and price correlations, to identify market patterns and trends which may be based on investor sentiment rather than the fundamentals of the company. A substantial

risk in relying upon technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that Americana Partners will be able to accurately predict such a reoccurrence.

Charting Analysis - involves the gathering and processing of price and volume pattern information for a particular security, sector, broad index or commodity. This price and volume pattern information is analyzed. The resulting pattern and correlation data is used to detect departures from expected performance and diversification and predict future price movements and trends.

As described above, Americana Partners tailors its advisory services to meet the needs of its individual clients and seeks to ensure, on a continuous basis, that client portfolios are managed in a manner consistent with those needs and objectives. Americana Partners consults with clients on an initial and ongoing basis to assess their specific risk tolerance, time horizon, liquidity constraints and other related factors relevant to the management of their portfolios. The Firm consider tax implications and all of its investment plans are customized to a particular family's unique situation. The Firm uses alternative investments with a goal of enhancing the risk adjusted returns of its portfolios. In addition, the Firm uses covered call writing strategies in attempt to enhance returns for large single stock positions.

Risk of Loss

The following list of risk factors does not purport to be a complete enumeration or explanation of the risks involved with respect to the Firm's investment management activities. Clients should consult with their legal, tax, and other advisors before engaging the Firm to provide investment management services on their behalf.

Market Risks

Investing involves risk, including the potential loss of principal, and all investors should be guided accordingly. The profitability of a significant portion of Americana Partners' recommendations and/or investment decisions may depend to a great extent upon correctly assessing the future course of price movements of stocks, bonds and other asset classes. In addition, investments may be adversely affected by financial markets and economic conditions throughout the world. There can be no assurance that Americana Partners will be able to predict these price movements accurately or capitalize on any such assumptions.

Volatility Risks

The prices and values of investments can be highly volatile, and are influenced by, among other things, interest rates, general economic conditions, the condition of the financial markets, the financial condition of the issuers of such assets, changing supply and demand relationships, and programs and policies of governments.

Cash Management Risks

The Firm may invest some of a client's assets temporarily in money market funds or other similar types of investments, during which time an advisory account may be prevented from achieving its investment objective.

Equity-Related Securities and Instruments

The Firm may take long in common stocks of U.S. and non-U.S. issuers traded on national securities exchanges and over-the-counter markets. The value of equity securities varies in response to many factors. These factors include, without limitation, factors specific to an issuer and factors specific to the industry in which the issuer participates. Individual companies may report poor results or be negatively affected by industry and/or economic trends and developments, and the stock prices of such companies may suffer a decline in response. In addition, equity securities are subject to stock risk, which is the risk that stock prices

historically rise and fall in periodic cycles. U.S. and non-U.S. stock markets have experienced periods of substantial price volatility in the past and may do so again in the future. In addition, investments in small capitalization, mid-capitalization and financially distressed companies may be subject to more abrupt or erratic price movements and may lack sufficient market liquidity, and these issuers often face greater business risks.

Fixed Income Securities

Fixed income securities are subject to the risk of the issuer's or a guarantor's inability to meet principal and interest payments on its obligations and to price volatility.

Mutual Funds and ETFs

An investment in a mutual fund or ETF involves risk, including the loss of principal. Mutual fund and ETF shareholders are necessarily subject to the risks stemming from the individual issuers of the fund's underlying portfolio securities. Such shareholders are also liable for taxes on any fund-level capital gains, as mutual funds and ETFs are required by law to distribute capital gains in the event they sell securities for a profit that cannot be offset by a corresponding loss.

Shares of mutual funds are generally distributed and redeemed on an ongoing basis by the fund itself or a broker acting on its behalf. The trading price at which a share is transacted is equal to a fund's stated daily per share net asset value ("NAV"), plus any shareholders fees (e.g., sales loads, purchase fees, redemption fees). The per share NAV of a mutual fund is calculated at the end of each business day, although the actual NAV fluctuates with intraday changes to the market value of the fund's holdings. The trading prices of a mutual fund's shares may differ significantly from the NAV during periods of market volatility, which may, among other factors, lead to the mutual fund's shares trading at a premium or discount to actual NAV.

Shares of ETFs are listed on securities exchanges and transacted at negotiated prices in the secondary market. Generally, ETF shares trade at or near their most recent NAV, which is generally calculated at least once daily for indexed based ETFs and potentially more frequently for actively managed ETFs. However, certain inefficiencies may cause the shares to trade at a premium or discount to their pro rata NAV. There is also no guarantee that an active secondary market for such shares will develop or continue to exist. Generally, an ETF only redeems shares when aggregated as creation units (usually 20,000 shares or more). Therefore, if a liquid secondary market ceases to exist for shares of a particular ETF, a shareholder may have no way to dispose of such shares.

Use of Independent Managers

As stated above, Americana Partners selects certain Independent Managers to manage a portion of its clients' assets. In these situations, Americana Partners continues to conduct ongoing due diligence of such managers, but such recommendations rely to a great extent on the Independent Managers' ability to successfully implement their investment strategies. In addition, Americana Partners does not have the ability to supervise the Independent Managers on a day-to-day basis.

Use of Private Collective Investment Vehicles

Americana Partners recommends that certain clients invest in privately placed collective investment vehicles (e.g., hedge funds, private equity funds, etc.). The managers of these vehicles have broad discretion in selecting the investments. There are few limitations on the types of securities or other financial instruments which may be traded and no requirement to diversify. Hedge funds may trade on margin or otherwise leverage positions, thereby potentially increasing the risk to the vehicle. In addition, because the vehicles are not registered as investment companies, there is an absence of regulation. There are numerous other risks in investing in these securities. Clients should consult each fund's private placement memorandum and/or other documents explaining such risks prior to investing.

Options

Options allow investors to buy or sell a security at a contracted "strike" price at or within a specific period of time. Clients may pay or collect a premium for buying or selling an option. Investors transact in options to either hedge (i.e., limit) losses in an attempt to reduce risk or to speculate on the performance of the underlying securities. Options transactions contain a number of inherent risks, including the partial or total loss of principal in the event that the value of the underlying security or index does not increase/decrease to the level of the respective strike price. Holders of options contracts are also subject to default by the option writer which may be unwilling or unable to perform its contractual obligations.

Use of Structured Products

Structured products are securities whose value is derived from, or based on, a reference asset, market measure or investment strategy. Reference assets and market measures may include single equity or debt securities, indexes, commodities, interest rates and/or foreign currencies, as well as baskets of these reference assets or market measures. Structured products are created to meet specific needs that may not be met from the standardized financial instruments available in the markets. Structured products have standard investment risks as well as risks specific to the product, including: i) potential loss of principal, especially if the investor does not hold the instrument to full maturity; ii) market prices may fluctuate based on the underlying asset and issuer's creditworthiness; iii) credit risk; and iv) call provisions.

Use of Margin

While the use of margin borrowing for investments can substantially improve returns, it may also increase overall portfolio risk. Margin transactions are generally effected using capital borrowed from a Financial Institution, which is secured by a client's holdings. Under certain circumstances, a lending Financial Institution may demand an increase in the underlying collateral. If the client is unable to provide the additional collateral, the Financial Institution may liquidate account assets to satisfy the client's outstanding obligations, which could have extremely adverse consequences. In addition, fluctuations in the amount of a client's borrowings and the corresponding interest rates may have a significant effect on the profitability and stability of a client's portfolio.

Interest Rate Risks

Interest rates may fluctuate significantly, causing price volatility with respect to securities or instruments held by clients.

Item 9 Disciplinary Information

Americana Partners has not been involved in any legal or disciplinary events that are material to a client's evaluation of its advisory business or the integrity of its management.

Item 10 Other Financial Industry Activities and Affiliations

This item requires investment advisers to disclose certain financial industry activities and affiliations.

Registered Representatives of a Broker-Dealer

Certain of the Firm's Supervised Persons are registered representatives of PKS or SP Securities and provide clients with securities brokerage services under a separate commission-based arrangement. This arrangement is described at length in Item 5.

Licensed Insurance Agents

A number of the Firm's Supervised Persons are licensed insurance agents and offer certain insurance products on a fully-disclosed commissionable basis. A conflict of interest exists to the extent that Americana Partners recommends the purchase of insurance products where its Supervised Persons are entitled to insurance commissions or other additional compensation. The Firm has procedures in place whereby it seeks to ensure that all recommendations are made in its clients' best interest regardless of any such affiliations.

Relationship with Dynasty Financial Partners, LLC

As described herein, Americana Partners maintains a business relationship with Dynasty. Dynasty offers operational and back office core service support including access to a network of service providers. Through the Dynasty network of service providers, Americana Partners may receive preferred pricing on trading technology, transition support, reporting, custody, brokerage, compliance, and other related consulting services.

While Americana Partners believes this open architecture structure for operational services best serves the interests of its clients, this relationship may potentially present certain conflicts of interest due to the fact that Dynasty is paid by Americana Partners or its clients for the services referenced above. In light of the foregoing, Americana Partners seeks at all times to ensure that any material conflicts are addressed on a fully-disclosed basis and handled in a manner that is aligned with its clients' best interests. Americana Partners does not receive any portion of the fees paid directly to Dynasty, its affiliates or the service providers made available through Dynasty's platform. In addition, Americana Partners reviews such relationships, including the service providers engaged through Dynasty, on a periodic basis in an effort to ensure clients are receiving competitive rates in relation to the quality and scope of the services provided.

Americana Partners has entered into an agreement with Dynasty Capital Strategies, LLC, a wholly-owned subsidiary of Dynasty and an affiliate of DWM to sell, via a note, an agreed percentage of the revenue generated by Americana Partners and in return receives a fixed amount of funds payable over an agreed time frame. Such funds may be used for business transition expenses and other costs associated with launching operations and for business expansion. Americana Partners is not obligated to enter into such a note in order to obtain other services from Dynasty, however, such notes are only made available for advisers who remain members of the Dynasty Network of registered investment advisers. The notes are subject to standard underwriting practices by Dynasty and are based on commercially reasonable terms.

Americana Partners and its representatives may refer clients to the Demand Deposit MarketplaceSM Program (the "DDM Program") operated by Stable Custody Group II, LLC with administrative assistance from Reich & Tang Deposit Solutions, LLC. The Firm may receive compensation for client participation in the DDM Program, such as an advisory fee and/or a percentage of the fee income generated through the DDM Program.

A recommendation by Americana Partners that a client participate in the DDM Program presents a conflict of interest, as the receipt of related compensation may provide an incentive to recommend the product based on such compensation, rather than on a particular client's need. No client is under any obligation to purchase any products or services recommended by Americana Partners or its representatives. Clients are reminded that they may purchase or select other potentially similar products or services recommended by the Firm through parties from which the Firm does not stand to receive any additional benefit or compensation.

Item 11 Code of Ethics

Americana Partners has adopted a code of ethics in compliance with applicable securities laws ("Code of Ethics") that sets forth the standards of conduct expected of its Supervised Persons. Americana Partners' Code of Ethics contains written policies reasonably designed to prevent certain unlawful practices such as the use of material non-public information by the Firm or any of its Supervised Persons and the trading by the same of securities ahead of clients in order to take advantage of pending orders.

The Code of Ethics also requires certain of Americana Partners' personnel to report their personal securities holdings and transactions and obtain pre-approval of certain investments (e.g., initial public offerings, limited offerings). However, the Firm's Supervised Persons are permitted to buy or sell securities that it also recommends to clients if done in a fair and equitable manner that is consistent with the Firm's policies and procedures. This Code of Ethics has been established recognizing that some securities trade in sufficiently broad markets to permit transactions by certain personnel to be completed without any appreciable impact on the markets of such securities. Therefore, under limited circumstances, exceptions may be made to the policies stated below.

When the Firm is engaging in or considering a transaction in any security on behalf of a client, no Supervised Person with access to this information may knowingly effect for themselves or for their immediate family (i.e., spouse, minor children and adults living in the same household) a transaction in that security unless:

- the transaction has been completed;
 - the transaction for the Supervised Person is completed as part of a batch trade with clients; or
 - a decision has been made not to engage in the transaction for the client.
- These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers' acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by money market funds; and iv) shares issued by other unaffiliated open-end mutual funds.

Clients and prospective clients may contact Americana Partners to request a copy of its Code of Ethics.

These requirements are not applicable to: (i) direct obligations of the Government of the United States; (ii) money market instruments, bankers' acceptances, bank certificates of deposit, commercial paper, repurchase agreements and other high quality short-term debt instruments, including repurchase agreements; (iii) shares issued by money market funds; and iv) shares issued by other unaffiliated open-end mutual funds.

Clients and prospective clients may contact Americana Partners to request a copy of its Code of Ethics.

Item 12 Brokerage Practices

Recommendation of Broker-Dealers for Client Transactions

Americana Partners recommends that clients utilize the custody, brokerage and clearing services of Charles Schwab & Co, Inc. through its Schwab Advisor Services division ("Schwab") for investment management accounts. The final decision to custody assets with Schwab is at the discretion of the client, including those accounts under ERISA or IRA rules and regulations, in which case the client is acting as either the plan

sponsor or IRA account holder. Americana Partners is independently owned and operated and not affiliated with Schwab. Schwab provides Americana Partners with access to its institutional trading and custody services, which are typically not available to retail investors.

Factors which Americana Partners considers in recommending Schwab or any other broker-dealer to clients include their respective financial strength, reputation, execution, pricing, research and service. Schwab enables the Firm to obtain many mutual funds without transaction charges and other securities at nominal transaction charges. Schwab has also agreed to reimburse clients for exit fees associated with moving accounts to Schwab. The reimbursement is only available up to a certain amount for all of the Firm's clients over a twelve month period. Fees are reimbursed on a first-come-first-served basis so that no clients are favored. The commissions and/or transaction fees charged by Schwab may be higher or lower than those charged by other Financial Institutions.

The commissions paid by Americana Partners' clients to Schwab comply with the Firm's duty to obtain "best execution." Clients may pay commissions that are higher than another qualified Financial Institution might charge to effect the same transaction where Americana Partners determines that the commissions are reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a Financial Institution's services, including among others, the value of research provided, execution capability, commission rates and responsiveness. Americana Partners seeks competitive rates but may not necessarily obtain the lowest possible commission rates for client transactions.

Consistent with obtaining best execution, brokerage transactions are directed to certain broker-dealers in return for investment research products and/or services which assist Americana Partners in its investment decision-making process. Such research will be used to service all of the Firm's clients, but brokerage commissions paid by one client may be used to pay for research that is not used in managing that client's portfolio. The receipt of investment research products and/or services as well as the allocation of the benefit of such investment research products and/or services poses a conflict of interest because Americana Partners does not have to produce or pay for the products or services.

Americana Partners periodically and systematically reviews its policies and procedures regarding its recommendation of Financial Institutions in light of its duty to obtain best execution.

Software and Support Provided by Financial Institutions

Americana Partners receives without cost from Schwab administrative support, computer software, related systems support, as well as other third party support as further described below (together "Support") which allow Americana Partners to better monitor client accounts maintained at Schwab and otherwise conduct its business. Americana Partners receives the Support without cost because the Firm renders investment management services to clients that maintain assets at Schwab. The Support is not provided in connection with securities transactions of clients (i.e., not "soft dollars"). The Support benefits Americana Partners, but not its clients directly. Clients should be aware that Americana Partners's receipt of economic benefits such as the Support from a broker-dealer creates a conflict of interest since these benefits will influence the Firm's choice of broker-dealer over another that does not furnish similar software, systems support or services, especially because the support is contingent upon clients placing a certain level(s) of assets at Schwab. In fulfilling its duties to its clients, Americana Partners endeavors at all times to put the interests of its clients first and has determined that the recommendation of Schwab is in the best interest of clients and satisfies the Firm's duty to seek best execution.

Specifically, Americana Partners receives the following benefits from Schwab: i) receipt of duplicate client confirmations and bundled duplicate statements; ii) access to a trading desk that exclusively services its institutional traders; iii) access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate shares to client accounts; and iv) access to an electronic communication network for client order entry and account information.

In addition, the Firm receives funds to be used toward qualifying third-party service providers for research, marketing, compliance, technology and software platforms and services. These funds and the Support are generally available to independent investment advisors on an unsolicited basis, at no charge to them so long as a certain amount of the advisor's clients' assets are maintained in accounts at Schwab Advisor Services. Schwab's services include brokerage services that are related to the execution of securities transactions, custody, research, including that in the form of advice, analyses and reports, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions or other transaction-related or asset based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Schwab also makes available to the Firm other products and services that benefit the Firm but may not benefit its clients' accounts. These benefits may include national, regional or Firm specific educational events organized and/or sponsored by Schwab. Other potential benefits may include occasional business entertainment of personnel of Americana Partners by Schwab personnel, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. Other of these products and services assist Americana Partners in managing and administering clients' accounts. These include software and other technology (and related technological training) that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of the Firm's fees from its clients' accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services generally may be used to service all or some substantial number of the Firm's accounts, including accounts not maintained at Schwab. Schwab also makes available to Americana Partners other services intended to help the Firm manage and further develop its business enterprise. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and marketing. In addition, Schwab may make available, arrange and/or pay vendors for these types of services rendered to the Firm by independent third parties. Schwab may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to the Firm. While, as a fiduciary, Americana Partners endeavors to act in its clients' best interests, the Firm's recommendation that clients maintain their assets in accounts at Schwab may be based in part on the benefits received and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which creates a potential conflict of interest.

Brokerage for Client Referrals

Americana Partners does not consider, in selecting or recommending broker-dealers, whether the Firm receives client referrals from the Financial Institutions or other third party.

Directed Brokerage

The client may direct Americana Partners in writing to use a particular Financial Institution to execute some or all transactions for the client. In that case, the client will negotiate terms and arrangements for the account with that Financial Institution and the Firm will not seek better execution services or prices from other Financial Institutions or be able to "batch" client transactions for execution through other Financial Institutions with orders for other accounts managed by Americana Partners (as described above). As a result, the client may pay higher commissions or other transaction costs, greater spreads or may receive less favorable net prices, on transactions for the account than would otherwise be the case. Subject to its duty of best execution, Americana Partners may decline a client's request to direct brokerage if, in the Firm's sole discretion, such directed brokerage arrangements would result in additional operational difficulties or violate restrictions imposed by other broker-dealers (as further discussed below).

Commissions or Sales Charges for Recommendations of Securities

As discussed above, certain Supervised Persons in their respective individual capacities are registered representatives of PKS or SP Securities. These Supervised Persons are subject to FINRA Rule 3280 which restricts registered representatives from conducting securities transactions away from their broker-dealer unless the registered representatives give prior notice of such transactions to PKS or SP Securities and, in most circumstances, PKS or SP Securities provides written consent. Therefore, clients are advised that certain Supervised Persons are restricted to conducting securities transactions through PKS or SP Securities if they have not secured written consent from PKS or SP Securities to execute securities transactions through a different broker-dealer. Absent such written consent or separation from PKS or SP Securities, these Supervised Persons are generally prohibited from executing securities transactions through any broker-dealer other than PKS or SP Securities under its internal supervisory policies. The Firm is cognizant of its duty to obtain best execution and has implemented policies and procedures reasonably designed in such pursuit.

Trade Aggregation

Transactions for each client will be effected independently, unless Americana Partners decides to purchase or sell the same securities for several clients at approximately the same time. Americana Partners may (but is not obligated to) combine or "batch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Firm's clients differences in prices and commissions or other transaction costs that might not have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and allocated among Americana Partners's clients pro rata to the purchase and sale orders placed for each client on any given day. To the extent that the Firm determines to aggregate client orders for the purchase or sale of securities, including securities in which Americana Partners's Supervised Persons may invest, the Firm does so in accordance with applicable rules promulgated under the Advisers Act and no-action guidance provided by the staff of the U.S. Securities and Exchange Commission. Americana Partners does not receive any additional compensation or remuneration as a result of the aggregation.

In the event that the Firm determines that a prorated allocation is not appropriate under the particular circumstances, the allocation will be made based upon other relevant factors, which include: (i) when only a small percentage of the order is executed, shares may be allocated to the account with the smallest order or the smallest position or to an account that is out of line with respect to security or sector weightings relative to other portfolios, with similar mandates; (ii) allocations may be given to one account when one account has limitations in its investment guidelines which prohibit it from purchasing other securities which are expected to produce similar investment results and can be purchased by other accounts; (iii) if an account reaches an investment guideline limit and cannot participate in an allocation, shares may be reallocated to other accounts

(this may be due to unforeseen changes in an account's assets after an order is placed); (iv) with respect to sale allocations, allocations may be given to accounts low in cash; (v) in cases when a pro rata allocation of a potential execution would result in a *de minimis* allocation in one or more accounts, the Firm may exclude the account(s) from the allocation; the transactions may be executed on a pro rata basis among the remaining accounts; or (vi) in cases where a small proportion of an order is executed in all accounts, shares may be allocated to one or more accounts on a random basis.

Item 13 Review of Accounts

Account Reviews

Americana Partners monitors client portfolios on a continuous and ongoing basis while regular account reviews are conducted on at least a quarterly basis. Such reviews are conducted by the client's primary advisor and the client service associate. All investment advisory clients are encouraged to discuss their needs, goals and objectives with Americana Partners and to keep the Firm informed of any changes thereto.

The Firm contacts ongoing investment advisory clients at least annually to review its previous services and/or recommendations and quarterly to discuss the impact resulting from any changes in the client's financial situation and/or investment objectives.

Account Statements and Reports

Clients are provided with transaction confirmation notices and regular summary account statements directly from the Financial Institutions where their assets are custodied. From time-to-time or as otherwise requested, clients may also receive written or electronic reports from Americana Partners and/or an outside service provider, which contain certain account and/or market-related information, such as an inventory of account holdings or account performance. Clients should compare the account statements they receive from their custodian with any documents or reports they receive from Americana Partners or an outside service provider.

Item 14 Client Referrals and Other Compensation

Client Referrals

In the event a client is introduced to Americana Partners by either an unaffiliated or an affiliated solicitor, the Firm may pay that solicitor a referral fee in accordance with applicable state securities laws. Unless otherwise disclosed, any such referral fee is paid solely from Americana Partners's investment management fee and does not result in any additional charge to the client. If the client is introduced to the Firm by an unaffiliated solicitor, the solicitor is required to provide the client with Americana Partners's written brochure(s) and a copy of a solicitor's disclosure statement containing the terms and conditions of the solicitation arrangement. Any affiliated solicitor of Americana Partners is required to disclose the nature of his or her relationship to prospective clients at the time of the solicitation and will provide all prospective clients with a copy of the Firm's written brochure(s) at the time of the solicitation.

The Firm has described additional compensation it receives from Schwab in Item 12, above. Dynasty has assisted Americana Partners in negotiating or facilitating the payments described. In some instances, Dynasty may serve in an administrative capacity to support the disbursement of these funds furnished by the custodian.

Demand Deposit MarketplaceSM Program

Clients and prospective clients should review Item 10 for information about parties to whom we may refer clients and additional compensation we may receive from these parties.

As disclosed under the *Fees and Compensation* section in this brochure, persons providing investment advice on behalf of our firm are licensed insurance agents, and are registered representatives with Purshe Kaplan Sterling ("PKS") or SP Securities LLC ("SP Securities"), each a securities broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. For information on the conflicts of interest this presents, and how we address these conflicts, refer to the *Fees and Compensation* section.

We do not receive any compensation from any third party in connection with providing investment advice to you nor do we compensate any individual or firm for client referrals.

Refer to the *Brokerage Practices* section above for disclosures on research and other benefits we may receive resulting from our relationship with your account custodian.

Item 15 Custody

Americana Partners is deemed to have custody of client funds and securities because the Firm is given the ability to debit client accounts for payment of the Firm's fees. As such, client funds and securities are maintained at one or more Financial Institutions that serve as the qualified custodian with respect to such assets. Such qualified custodians will send account statements to clients at least once per calendar quarter that typically detail any transactions in such account for the relevant period.

In addition, as discussed in Item 13, Americana Partners will also send, or otherwise make available, periodic supplemental reports to clients. Clients should carefully review the statements sent directly by the Financial Institutions and compare them to those received from Americana Partners. Any other custody disclosures can be found in the Firm's Form ADV Part 1.

Trustee Services

Persons associated with our firm may serve as trustees to certain accounts for which we also provide investment advisory services. In all cases, the persons associated with our firm have been appointed trustee as a result of a family or personal relationship with the trust grantor and/or beneficiary and not as a result of employment with our firm. Therefore, we are not deemed to have custody over the advisory accounts for which persons associated with our firm serve as trustee.

Wire Transfer and/or Standing Letter of Authorization

Our firm, or persons associated with our firm, may effect asset transfers from client accounts to one or more third parties designated, in writing, by the client without obtaining written client consent for each separate, individual transaction, as long as the client has provided us with written authorization to do so. Such written authorization is known as a Standing Letter of Authorization. An adviser with authority to conduct such third party asset transfers has access to the client's assets, and therefore has custody of the client's assets in any related accounts.

However, we do not have to obtain a surprise annual audit, as we otherwise would be required to by reason of having custody, as long as we meet the following criteria:

1. You provide a written, signed instruction to the qualified custodian that includes the third party's name and address or account number at a custodian;

2. You authorize us in writing to direct transfers to the third party either on a specified schedule or from time to time;
3. Your qualified custodian verifies your authorization (e.g., signature review) and provides a transfer of funds notice to you promptly after each transfer;
4. You can terminate or change the instruction;
5. We have no authority or ability to designate or change the identity of the third party, the address, or any other information about the third party;
6. We maintain records showing that the third party is not a related party to us nor located at the same address as us; and
7. Your qualified custodian sends you, in writing, an initial notice confirming the instruction and an annual notice reconfirming the instruction.

We hereby confirm that we meet the above criteria.

Item 16 Investment Discretion

Americana Partners is given the authority to exercise discretion on behalf of clients. Americana Partners is considered to exercise investment discretion over a client's account if it can effect and/or direct transactions in client accounts without first seeking their consent. Americana Partners is given this authority through a power-of-attorney included in the agreement between Americana Partners and the client. Clients may request a limitation on this authority (such as certain securities not to be bought or sold). Americana Partners takes discretion over the following activities:

- The securities to be purchased or sold;
- The amount of securities to be purchased or sold;
- When transactions are made; and
- The Independent Managers to be hired or fired.

Item 17 Voting Client Securities

Americana Partners does not accept the authority to vote a client's securities (i.e., proxies) on their behalf. Clients receive proxies directly from the Financial Institutions where their assets are custodied and may contact the Firm at the contact information on the cover of this brochure with questions about any such issuer solicitations.

Item 18 Financial Information

Americana Partners is not required to disclose any financial information due to the following:

- The Firm does not require or solicit the prepayment of more than \$1,200 in fees six months or more in advance of services rendered;
- The Firm does not have a financial condition that is reasonably likely to impair its ability to meet contractual commitments to clients; and
- The Firm has not been the subject of a bankruptcy petition at any time during the past ten years.

We are required to disclose any financial condition that is reasonably likely to impair our ability to meet our contractual commitments to our clients. On April 29, 2020, the firm received a Paycheck Protection Program ("PPP") loan in the amount of \$290,000 through the U.S. Small Business Administration, which was part of the economic relief provided under the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Due to the economic uncertainties surrounding the current COVID-19 pandemic, we believed it was necessary and

prudent for us to apply for, and accept, the Payroll Protection Program loan offered by the Small Business Administration in order to support our ongoing operations. The firm used the PPP funds to continue payroll for the firm's employees, including employees primarily responsible for performing advisory functions for our clients, and make other permissible payments. The loan is forgivable provided the firm satisfies the terms of the loan program.
