The Certified Financial Planner, CFP, certification requires rigorous coursework on financial planning through a CFP Board Registered Program as well as a bachelor's degree, or higher. Candidates must pass a 170-question, multiple-choice test that consists of two 3-hour sessions over one day and includes scenario-based questions and case studies. CFP candidates must have at least 6,000 hours professional experience or 4,000 hours of apprenticeship that meets additional requirements. All CFP holders must agree and adhere to high ethical and professional standards, sign an Ethics Declaration and pass a background check.
