Item 4 – Advisory Services

A. Firm Information

626 Financial, LLC (“626 Financial” or the “Advisor”) is a registered investment advisor with the U.S. Securities and Exchange Commission (“SEC”). The Advisor is organized as a Limited Liability Company (“LLC”) under the laws of the State of Michigan. 626 Financial was founded in October 2010 and became a registered investment advisor in January 2021. 626 Financial is owned and operated by Thomas W. Anderton (Managing Director and Chief Compliance Officer) and Brant Shrimplin (Managing Director). This Disclosure Brochure provides information regarding the qualifications, business practices, and the advisory services provided by 626 Financial.

B. Advisory Services Offered

626 Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, businesses, and retirement plans (each referred to as a “Client”).

The Advisor serves as a fiduciary to Clients, as defined under the applicable laws and regulations. As a fiduciary, the Advisor upholds a duty of loyalty, fairness and good faith towards each Client and seeks to mitigate potential conflicts of interest. 626 Financial's fiduciary commitment is further described in the Advisor's Code of Ethics. For more information regarding the Code of Ethics, please see Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading.

Investment Management Services

626 Financial provides customized wealth management services for its Clients. This is achieved through continuous personal Client contact and interaction while providing discretionary investment management, financial planning, and related advisory services. 626 Financial works closely with each Client to identify their investment goals and objectives as well as risk tolerance and financial situation in order to create a portfolio strategy. 626 Financial will then construct an investment portfolio, consisting of exchange-traded funds (“ETFs”), diversified mutual funds, individual stocks, and/or individual bonds achieve the Client's investment goals. The Advisor may also utilize options, real estate investment trusts (“REITs”), alternative investments, inverse/leveraged ETFs, and/or independent managers, as appropriate, to meet the needs of the Client. The Advisor may retain certain types of investments based on a Client's legacy investments based on portfolio fit and/or tax considerations.

626 Financial's investment strategies are primarily long-term focused, but the Advisor may buy, sell or re-allocate positions that have been held for less than one year to meet the objectives of the Client or due to market conditions. 626 Financial will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the Client. Each Client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by the Advisor.

626 Financial evaluates and selects investments for inclusion in Client portfolios only after applying its internal due diligence process. 626 Financial may recommend, on occasion, redistributing investment allocations to diversify the portfolio. 626 Financial may recommend specific positions to increase sector or asset class weightings. The Advisor may recommend employing cash positions as a possible hedge against market movement. 626 Financial may recommend selling positions for reasons that include, but are not limited to, harvesting capital gains or losses, business or sector risk exposure to a specific security or class of securities, overvaluation or overweighting of the position[s] in the portfolio, change in risk tolerance of the Client, generating cash to meet Client needs, or any risk deemed unacceptable for the Client's risk tolerance.

At no time will 626 Financial accept or maintain custody of a Client's funds or securities, except for the limited authority as outlined in Item 15 – Custody. All Client assets will be managed within the designated account[s] at the Custodian, pursuant to the terms of the advisory agreement. Please see Item 12 – Brokerage Practices.

Financial Planning Services

626 Financial will typically provide a variety of financial planning and consulting services to Clients as part of an overall wealth management engagement. Services are offered in several areas of a Client's financial situation,

depending on their goals and objectives. Generally, such financial planning services involve preparing a formal financial plan or rendering a specific financial consultation based on the Client's financial goals and objectives. This planning or consulting may encompass one or more areas of need, including but not limited to, investment planning, retirement planning, personal savings, education savings, insurance needs, and other areas of a Client's financial situation.

A financial plan developed for, or financial consultation rendered to the Client will usually include general recommendations for a course of activity or specific actions to be taken by the Client. For example, recommendations may be made that the Client start or revise their investment programs, commence or alter retirement savings, establish education savings and/or charitable giving programs.

626 Financial may also refer Clients to an accountant, attorney or other specialists, as appropriate for their unique situation. For certain financial planning engagements, the Advisor will provide a written summary of the Client's financial situation, observations, and recommendations. For consulting or ad-hoc engagements, the Advisor may not provide a written summary. Plans or consultations are typically completed within six (6) months of contract date, assuming all information and documents requested are provided promptly.

Financial planning and consulting recommendations pose a conflict between the interests of the Advisor and the interests of the Client. For example, the Advisor has an incentive to recommend that Clients engage the Advisor for investment management services or to increase the level of investment assets with the Advisor, as it would increase the amount of advisory fees paid to the Advisor. Clients are not obligated to implement any recommendations made by the Advisor or maintain an ongoing relationship with the Advisor. If the Client elects to act on any of the recommendations made by the Advisor, the Client is under no obligation to implement the transaction through the Advisor.

Retirement Plan Advisory Services

626 Financial provides retirement plan advisory services on behalf of company retirement plans (each a "Plan") and the company (the "Plan Sponsor"). The Advisor's retirement plan advisory services are designed to assist the Plan Sponsor in meeting its fiduciary obligations to the Plan and its Plan Participants. Each engagement is customized to the needs of the Plan and Plan Sponsor. Services generally include:

- Vendor Analysis
- Plan Participant Enrollment and Education
- Investment Policy Statement ("IPS") Design and Monitoring
- Investment Oversight Services (ERISA 3(21))
- Performance Reporting
- Ongoing Investment Recommendation and Assistance
- ERISA 404(c) Assistance
- Benchmarking Services

These services are provided by 626 Financial serving in the capacity as a fiduciary under the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). In accordance with ERISA Section 408(b)(2), the Plan Sponsor is provided with a written description of 626 Financial's fiduciary status, the specific services to be rendered and all direct and indirect compensation the Advisor reasonably expects under the engagement.

C. Client Account Management

Prior to engaging 626 Financial to provide wealth management services, each Client is required to enter an agreement with the Advisor that defines the terms, conditions, authority and responsibilities of the Advisor and the Client. These services may include:

- Establishing an Investment Strategy – 626 Financial, in connection with the Client, will develop a strategy that seeks to achieve the Client's goals and objectives.
- Asset Allocation – 626 Financial will develop a strategic asset allocation that is targeted to meet the investment objectives, time horizon, financial situation and tolerance for risk for each Client.

- Portfolio Construction – 626 Financial will develop a portfolio for the Client that is intended to meet the stated goals and objectives of the Client.
- Investment Management and Supervision – 626 Financial will provide investment management and ongoing oversight of the Client's investment portfolio.

D. Wrap Fee Programs

626 Financial may include the securities transaction fees together with investment advisory fees to provide the Client with a single, bundled fee structure. This combination of fees is typically referred to as a "Wrap Fee Program". 626 Financial customizes its investment management services for Clients. This Wrap Fee Program Brochure is included as Appendix 1 to this Disclosure Brochure solely to discuss the fees and potential conflicts associated with a bundled fee. Please see Appendix 1, which is always included with this Disclosure Brochure.

E. Assets Under Management

626 Financial is a newly established advisor. Assets under management shall be reported with the Advisor's next filing of this Disclosure Brochure. Clients may request more current information at any time by contacting the Advisor.

Item 5 – Fees and Compensation

The following paragraphs detail the fee structure and compensation methodology for services provided by the Advisor. Each Client engaging the Advisor for services described herein shall be required to enter into a written agreement with the Advisor.

A. Fees for Advisory Services

Wealth Management Services

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees are based on the following tiered schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$250,000	1.25%
\$250,001 to \$3,000,000	1.00%
\$3,000,001 to \$5,000,000	0.80%
\$5,000,001 to \$7,000,000	0.60%
Over \$7,000,000	negotiable

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client's fee will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by 626 Financial will be independently valued by the Custodian. 626 Financial will not have the authority or responsibility to value portfolio securities.

Clients may make additions to and withdrawals from their account[s] at any time, subject to 626 Financial's right to terminate an account. Additions may be in cash or securities provided that 626 Financial reserves the right to liquidate any transferred securities or decline to accept particular securities into a Client's account[s]. Clients may withdraw account assets with notice to 626 Financial, subject to the usual and customary securities settlement procedures. However, 626 Financial designs its portfolios as long-term investments and the withdrawal of assets may impair the achievement of a Client's investment objectives. 626 Financial may consult with its Clients about the options and ramifications of transferring securities. However, Clients are advised that when transferred securities are liquidated, they are subject to transaction fees, fees assessed at the mutual fund level (i.e. contingent deferred sales charge) and/or tax ramifications. The Advisor's fee is exclusive of, and in addition to any applicable securities

transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

The Advisor's fee is exclusive of, and in addition to any applicable securities transaction and custody fees, and other related costs and expenses described in Item 5.C below, which may be incurred by the Client. However, the Advisor shall not receive any portion of these commissions, fees, and costs.

Retirement Plan Advisory Services

Retirement plan advisory fees are paid quarterly, generally in advance of each calendar quarter, pursuant to the terms of the retirement plan advisory agreement. Fees are based on the market value of assets in the Plan at the end of the prior calendar quarter. Fees range up to 1.00% annually and may be negotiable depending on the size and complexity of the Plan.

B. Fee Billing

Investment Management Services

Wealth management fees will be calculated by the Advisor or its delegate and deducted from the Client's account[s] by the Custodian. The amount due is calculated by applying the quarterly rate (annual rate divided by 4) to the total assets under management with 626 Financial at the end of the prior quarter. In addition, the Advisor will provide the Client a report itemizing the fee, including the calculation period covered by the fee, the account value and the methodology used to calculate the fee. It is the responsibility of the Client to verify the accuracy of these fees as listed on the Custodian's brokerage statement as the Custodian does not assume this responsibility. Clients will be provided with a statement, at least quarterly, from the Custodian reflecting deduction of the wealth management fee. Clients provide written authorization permitting advisory fees to be deducted by 626 Financial to be paid directly from their account[s] held by the Custodian as part of the wealth management agreement and separate account forms provided by the Custodian.

Retirement Plan Advisory Services

Retirement plan advisory fees may be directly invoiced to the Plan Sponsor or deducted from the assets of the Plan, depending on the terms of the retirement plan advisory agreement.

C. Other Fees and Expenses

Clients may incur certain fees or charges imposed by third parties, other than 626 Financial, in connection with investments made on behalf of the Client's account[s]. 626 may include securities transactions costs as part of its overall advisory fees. Please see Item 4.D. above as well as Appendix 1 – Wrap Fee Program Brochure. The inclusion of securities transaction fees into a single bundled fee may cost the Client more or less than if paid separately.

In addition, all fees paid to 626 Financial for wealth management services are separate and distinct from the expenses charged by mutual funds and ETFs to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. A Client may be able to invest in these products directly, without the services of 626 Financial, but would not receive the services provided by 626 Financial which are designed, among other things, to assist the Client in determining which products or services are most appropriate for each Client's financial situation and objectives. Accordingly, the Client should review both the fees charged by the fund[s] and the fees charged by 626 Financial to fully understand the total fees to be paid. Please refer to Item 12 – Brokerage Practices for additional information.

D. Advance Payment of Fees and Termination

Investment Management Services

626 Financial may be compensated for its investment management services in advance of the quarter in which services are rendered. Either party may terminate the wealth management agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the wealth management agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the

Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. Upon termination, the Advisor will refund any unearned, prepaid wealth management fees from the effective date of termination to the end of the quarter. The Client's wealth management agreement with the Advisor is non-transferable without the Client's prior consent.

Retirement Plan Advisory Services

626 Financial is compensated for its services in advance of the quarter in which retirement plan advisory services are rendered. Either party may terminate the retirement plan advisory agreement, at any time, by providing advance written notice to the other party. The Client may also terminate the retirement plan advisory agreement within five (5) business days of signing the Advisor's agreement at no cost to the Client. After the five-day period, the Client will incur charges for bona fide advisory services rendered to the point of termination and such fees will be due and payable by the Client. The Client shall be responsible for advisory fees up to and including the effective date of termination. The Advisor will refund any unearned, prepaid fees from the effective date of termination to the end of the quarter. The Client's retirement plan advisory agreement[s] with the Advisor is non-transferable without the Client's prior consent.

E. Compensation for Sales of Securities

626 Financial does not buy or sell securities to earn commissions and does not receive any compensation for securities transactions in any Client account, other than the wealth management fees noted above.

Advisory Persons of 626 Financial are also licensed as independent insurance professionals. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to Clients. Insurance commissions earned by these persons are separate and in addition to advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of the Advisor who are insurance agents have an incentive to recommend insurance products to Clients for the purpose of generating commissions rather than solely based on Client needs. However, Clients are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with the Advisor. Please see Item 10 below.

Item 6 – Performance-Based Fees and Side-By-Side Management

626 Financial does not charge performance-based fees for its wealth management services. The fees charged by 626 Financial are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client.

626 Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Item 7 – Types of Clients

626 Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, businesses, and retirement plans. 626 Financial generally does not impose a minimum relationship size.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

A. Methods of Analysis

626 Financial primarily employs a fundamental and technical analysis methods in developing investment strategies for its Clients. Research and analysis from 626 Financial are derived from numerous sources, including financial media companies, third-party research materials, Internet sources, and review of company activities, including annual reports, prospectuses, press releases and research prepared by others.

Fundamental analysis utilizes economic and business indicators as investment selection criteria. This criteria consists generally of ratios and trends that may indicate the overall strength and financial viability of the entity

being analyzed. Assets are deemed suitable if they meet certain criteria to indicate that they are a strong investment with a value discounted by the market. While this type of analysis helps the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in the fundamental analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Technical analysis involves the analysis of past market data rather than specific company data in determining the recommendations made to clients. Technical analysis may involve the use of charts to identify market patterns and trends, which may be based on investor sentiment rather than the fundamentals of the company. The primary risk in using technical analysis is that spotting historical trends may not help to predict such trends in the future. Even if the trend will eventually reoccur, there is no guarantee that 626 Financial will be able to accurately predict such a reoccurrence.

As noted above, 626 Financial generally employs a long-term investment strategy for its Clients, as consistent with their financial goals. 626 Financial will typically hold all or a portion of a security for more than a year, but may hold for shorter periods for the purpose of rebalancing a portfolio or meeting the cash needs of Clients. At times, 626 Financial may also buy and sell positions that are more short-term in nature, depending on the goals of the Client and/or the fundamentals of the security, sector or asset class.

B. Risk of Loss

Investing in securities involves certain investment risks. Securities may fluctuate in value or lose value. Clients should be prepared to bear the potential risk of loss. 626 Financial will assist Clients in determining an appropriate strategy based on their tolerance for risk and other factors noted above. However, there is no guarantee that a Client will meet their investment goals. Please see Item 8.B. for risks associated with the Advisor's investment strategies as well as general risks of investing.

While the methods of analysis help the Advisor in evaluating a potential investment, it does not guarantee that the investment will increase in value. Assets meeting the investment criteria utilized in these methods of analysis may lose value and may have negative investment performance. The Advisor monitors these economic indicators to determine if adjustments to strategic allocations are appropriate. More details on the Advisor's review process are included below in Item 13 – Review of Accounts.

Each Client engagement will entail a review of the Client's investment goals, financial situation, time horizon, tolerance for risk and other factors to develop an appropriate strategy for managing a Client's account. Client participation in this process, including full and accurate disclosure of requested information, is essential for the analysis of a Client's account[s]. The Advisor shall rely on the financial and other information provided by the Client or their designees without the duty or obligation to validate the accuracy and completeness of the provided information. It is the responsibility of the Client to inform the Advisor of any changes in financial condition, goals or other factors that may affect this analysis.

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and

may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Real Estate Investment Trusts ("REITs")

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. For Example, equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Item 9 – Disciplinary Information

There are no legal, regulatory or disciplinary events involving 626 Financial or its management persons. 626 Financial values the trust Clients place in the Advisor. The Advisor encourages Clients to perform the requisite due diligence on any advisor or service provider that the Client engages. The backgrounds of the

Advisor or Advisory Persons are available on the Investment Adviser Public Disclosure website at www.adviserinfo.sec.gov by searching with the Advisor's firm name or CRD# 306474.

Item 10 – Other Financial Industry Activities and Affiliations

Insurance Agency Affiliations

As noted in Item 5, Advisory Persons of 626 Financial are also licensed insurance professionals. Implementations of insurance recommendations are separate and apart from an Advisory Person's role with 626 Financial. As insurance professionals, Advisory Persons will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

Item 11 – Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

A. Code of Ethics

626 Financial has implemented a Code of Ethics (the "Code") that defines the Advisor's fiduciary commitment to each Client. This Code applies to all persons associated with 626 Financial ("Supervised Persons"). The Code was developed to provide general ethical guidelines and specific instructions regarding the Advisor's duties to each Client. 626 Financial and its Supervised Persons owe a duty of loyalty, fairness and good faith towards each Client. It is the obligation of 626 Financial's Supervised Persons to adhere not only to the specific provisions of the Code, but also to the general principles that guide the Code. The Code covers a range of topics that address employee ethics and conflicts of interest. To request a copy of the Code, please contact the Advisor at (269) 321-5040.

B. Personal Trading with Material Interest

626 Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. 626 Financial does not act as principal in any transactions. In addition, the Advisor does not act as the general partner of a fund, or advise an investment company. 626 Financial does not have a material interest in any securities traded in Client accounts.

C. Personal Trading in Same Securities as Clients

626 Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients. Owning the same securities that are recommended (purchase or sell) to Clients presents a conflict of interest that, as fiduciaries, must be disclosed to Clients and mitigated through policies and procedures. As noted above, the Advisor has adopted the Code to address insider trading (material non-public information controls); gifts and entertainment; outside business activities and personal securities reporting. When trading for personal accounts, Supervised Persons have a conflict of interest if trading in the same securities. The fiduciary duty to act in the best interest of its Clients can be violated if personal trades are made with more advantageous terms than Client trades, or by trading based on material non-public information. This risk is mitigated by 626 Financial requiring reporting of personal securities trades by its Supervised Persons for review by the Chief Compliance Officer ("CCO"). The Advisor has also adopted written policies and procedures to detect the misuse of material, non-public information.

D. Personal Trading at Same Time as Client

While 626 Financial allows Supervised Persons to purchase or sell the same securities that may be recommended to and purchased on behalf of Clients, such trades are typically aggregated with Client orders or traded afterwards. **At no time will 626 Financial, or any Supervised Person of 626 Financial, transact in any security to the detriment of any Client.**

Item 12 – Brokerage Practices

A. Recommendation of Custodian[s]

626 Financial does not have discretionary authority to select the broker-dealer/custodian for custody and execution services. The Client will engage the broker-dealer/custodian (herein the "Custodian") to safeguard Client assets and authorize 626 Financial to direct trades to the Custodian as agreed upon in the wealth management agreement. Further, 626 Financial does not have the discretionary authority to negotiate commissions on behalf of Clients on a trade-by-trade basis. Where 626 Financial does not exercise discretion over the selection of the Custodian, it may recommend the Custodian[s] to Clients for custody and execution services. Clients are not obligated to use the Custodian recommended by the Advisor and will not incur any extra fee or cost associated with using a custodian not recommended by 626 Financial. However, the Advisor may be limited in the services it can provide if the recommended Custodian is not engaged. 626 Financial will recommend that Clients establish their accounts at LPL Financial. LPL Financial is a FINRA-registered broker-dealer and member SIPC. LPL Financial will serve as the Client's "qualified custodian". 626 Financial maintains an institutional relationship with LPL Financial, whereby the Advisor receives certain benefits. Please see Item 14 below. Following are additional details regarding the brokerage practices of the Advisor:

1. Soft Dollars - Soft dollars are revenue programs offered by broker-dealers/custodians whereby an advisor enters into an agreement to place security trades with a broker-dealer/custodian in exchange for research and other services. 626 Financial does not participate in soft dollar programs sponsored or offered by any broker-dealer/custodian. However, the Advisor receives certain economic benefits from the LPL Financial. Please see Item 14 below.

2. Brokerage Referrals - 626 Financial does not receive any compensation from any third party in connection with the recommendation for establishing an account.

3. Directed Brokerage - All Clients are serviced on a "directed brokerage basis", where 626 Financial will place trades within the established account[s] at the Custodian designated by the Client. Further, all Client accounts are traded within their respective account[s]. The Advisor will not engage in any principal transactions (i.e., trade of any security from or to the Advisor's own account) or cross transactions with other Client accounts (i.e., purchase of a security into one Client account from another Client's account[s]). 626 Financial will not be obligated to select competitive bids on securities transactions and does not have an obligation to seek the lowest available transaction costs. These costs are determined by the Custodian.

B. Aggregating and Allocating Trades

The primary objective in placing orders for the purchase and sale of securities for Client accounts is to obtain the most favorable net results taking into account such factors as 1) price, 2) size of the order, 3) difficulty of execution, 4) confidentiality and 5) skill required of the Custodian. 626 Financial will execute its transactions through the Custodian as authorized by the Client. 626 Financial may aggregate orders in a block trade or trades when securities are purchased or sold through the Custodian for multiple (discretionary) accounts in the same trading day. If a block trade cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated in a manner that is consistent with the initial pre-allocation or other written statement. This must be done in a way that does not consistently advantage or disadvantage any particular Clients' accounts.

Item 13 – Review of Accounts

A. Frequency of Reviews

Securities in Client accounts are monitored on a regular and continuous basis by Advisory Persons of 626 Financial and periodically by their CCO. Formal reviews are generally conducted at least annually or more frequently depending on the needs of the Client.

B. Causes for Reviews

In addition to the investment monitoring noted in Item 13.A., each Client account shall be reviewed at least annually. Reviews may be conducted more frequently at the Client's request. Accounts may be reviewed as a result of major changes in economic conditions, known changes in the Client's financial situation, and/or large deposits or withdrawals in the Client's account[s]. The Client is encouraged to notify 626 Financial if changes occur in the Client's personal financial situation that might adversely affect the Client's investment plan. Additional reviews may be triggered by material market, economic or political events.

C. Review Reports

The Client will receive brokerage statements no less than quarterly from the Custodian. These brokerage statements are sent directly from the Custodian to the Client. The Client may also establish electronic access to the Custodian's website so that the Client may view these reports and their account activity. Client brokerage statements will include all positions, transactions and fees relating to the Client's account[s]. The Advisor may also provide Clients with periodic reports regarding their holdings, allocations, and performance.

Item 14 – Client Referrals and Other Compensation

A. Compensation Received by 626 Financial

626 Financial may refer Clients to various unaffiliated, non-advisory professionals (e.g. attorneys, accountants, estate planners) to provide certain financial services necessary to meet the goals of its Clients. Likewise, 626 Financial may receive non-compensated referrals of new Clients from various third-parties.

Participation in Institutional Advisor Platform (LPL Financial)

626 Financial has established an institutional relationship with LPL Financial to assist the Advisor in managing Client account[s]. Access to the LPL Financial platform is provided at no charge to the Advisor. The Advisor receives access to software and related support without cost because the Advisor renders investment management services to Clients that maintain assets at LPL Financial. The software and related systems support may benefit the Advisor, but not its Clients directly. Further, LPL Financial has provided the Advisor with financial support in the start-up of this registered investment advisor. In fulfilling its duties to its Clients, the Advisor endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits from a Custodian creates a potential conflict of interest since these benefits may influence the Advisor's recommendation of this Custodian over one that does not furnish similar software, systems support, or services.

B. Client Referrals from Solicitors

626 Financial does not engage paid solicitors for Client referrals.

Item 15 – Custody

626 Financial does not accept or maintain custody of any Client accounts, except for the authorized deduction of the Advisor's fees. All Clients must place their assets with a "qualified custodian". Clients are required to engage the Custodian to retain their funds and securities and direct 626 Financial to utilize that Custodian for the Client's security transactions. Clients should review statements provided by the Custodian and compare to any reports provided by 626 Financial to ensure accuracy, as the Custodian does not perform this review. For more information about custodians and brokerage practices, see Item 12 – Brokerage Practices.

If the Client gives the Advisor authority to move money from one account to another account, the Advisor may have custody of those assets. In order to avoid additional regulatory requirements, the Custodian and the Advisor have adopted safeguards to ensure that the money movements are completed in accordance with the Client's instructions.

Item 16 – Investment Discretion

626 Financial generally has discretion over the selection and amount of securities to be bought or sold in Client accounts without obtaining prior consent or approval from the Client. However, these purchases or sales may be subject to specified investment objectives, guidelines, or limitations previously set forth by the Client and agreed to by 626 Financial. Discretionary authority will only be authorized upon full disclosure to the Client. The granting of such authority will be evidenced by the Client's execution of a wealth management agreement containing all applicable limitations to such authority. All discretionary trades made by 626 Financial will be in accordance with each Client's investment objectives and goals.

Item 17 – Voting Client Securities

626 Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 18 – Financial Information

Neither 626 Financial, nor its management, have any adverse financial situations that would reasonably impair the ability of 626 Financial to meet all obligations to its Clients. Neither 626 Financial, nor any of its Advisory Persons, have been subject to a bankruptcy or financial compromise. 626 Financial is not required to deliver a balance sheet along with this Disclosure Brochure as the Advisor does not collect advance fees of \$1,200 or more for services to be performed six months or more in the future.

Item 4 – Services Fees and Compensation

A. Services

626 Financial, LLC (“626 Financial”) provides customized investment advisory services for its Clients. This Wrap Fee Program Brochure is provided as a supplement to the 626 Financial Disclosure Brochure (Form ADV 2A). This Wrap Fee Program Brochure is provided along with the complete Disclosure Brochure to provide full details of the business practices and fees when selecting 626 Financial as your investment advisor.

As part of the investment advisory fees noted in Item 5 of the Disclosure Brochure, 626 Financial includes normal securities transaction fees as part of the overall investment advisory fee. Securities regulations often refer to this combined fee structure as a “Wrap Fee Program”. The Advisor sponsors the 626 Financial Wrap Fee Program.

The sole purpose of this Wrap Fee Program Brochure is to provide additional disclosure relating the combination of securities transaction fees into the single “bundled” investment advisory fee. This Wrap Fee Program Brochure references back to the 626 Financial Disclosure Brochure in which this Wrap Fee Program Brochure serves as an Appendix. **Please see Item 4 – Advisory Services of the Disclosure Brochure for details on 626 Financial’s investment philosophy and related services.**

B. Program Costs

Advisory services provided by 626 Financial are offered in a wrap fee structure whereby normal securities transaction costs are included in the overall investment advisory fee paid to 626 Financial. As the level of trading in a Client’s account[s] may vary from year to year, the annual cost to the Client may be more or less than engaging for advisory services where the transactions costs are borne separately by the Client. The cost of the Wrap Fee Program varies depending on services to be provided to each Client, however, the Client is not charged more if there is higher trading activity in the Client’s account[s]. A Wrap Fee structure has a potential conflict of interest as the Advisor may have an incentive to limit the number of trades placed in the Client’s account[s]. **Please see Item 5 – Fees and Compensation of the Disclosure Brochure for complete details on fees.**

C. Fees

Wealth management fees are paid quarterly, in advance of each calendar quarter, pursuant to the terms of the wealth management agreement. Wealth management fees are based on the market value of assets under management at the end of the prior calendar quarter. Wealth management fees are based on the following tiered schedule:

Assets Under Management (\$)	Annual Rate (%)
Up to \$250,000	1.25%
\$250,001 to \$3,000,000	1.00%
\$3,000,001 to \$5,000,000	0.80%
\$5,000,001 to \$7,000,000	0.60%
Over \$7,000,000	negotiable

The wealth management fee in the first quarter of service is prorated from the inception date of the account[s] to the end of the first quarter. Fees may be negotiable at the sole discretion of the Advisor. The Client’s fee will take into consideration the aggregate assets under management with the Advisor. All securities held in accounts managed by 626 Financial will be independently valued by the Custodian. 626 Financial will not have the authority or responsibility to value portfolio securities.

As noted above, the Wrap Fee Program includes normal securities trading costs incurred in connection with the discretionary investment management services provided by 626 Financial. Securities transaction fees for Client-directed trades may be charged back to the Client. Clients may incur certain fees or charges imposed by third parties in connection with investments made on behalf of the Client’s account[s]. Under this Wrap Fee Program, 626 Financial includes securities transactions costs as part of its overall investment advisory fee.

In addition, all fees paid to 626 Financial for investment advisory services or part of the Wrap Fee Program are separate and distinct from the expenses charged by mutual funds and exchange-traded funds to their shareholders, if applicable. These fees and expenses are described in each fund's prospectus. These fees and expenses will generally be used to pay management fees for the funds, other fund expenses, account administration (e.g., custody, brokerage and account reporting), and a possible distribution fee. The Client may also incur other costs assessed by the Custodian or other parties for account related activity fees, such as wire transfer fees, fees for trades executed away from the Custodian and other fees. The Advisor does not control nor share in these fees. The Client should review both the fees charged by the fund[s] and the fees charged by 626 Financial to fully understand the total fees to be paid. Please see Item 5.C. – Other Fees and Expenses in the Disclosure Brochure (included with this Wrap Fee Program Brochure).

D. Compensation

626 Financial is the sponsor and portfolio manager of this Wrap Fee Program. 626 Financial receives investment advisory fees paid by Clients for participating in the Wrap Fee Program and pays the Custodian for the costs associated with the normal trading activity in the Client's account[s].

Item 5 – Account Requirements and Types of Clients

626 Financial offers investment advisory services to 626 Financial offers wealth management services to individuals, high net worth individuals, trusts, estates, and businesses. 626 Financial generally does not impose a minimum relationship size. 626 Financial personnel serve as portfolio managers for this Wrap Fee Program.

Performance-Based Fees

626 Financial does not charge performance-based fees for its wealth management services. The fees charged by 626 Financial are as described in Item 5 above and are not based upon the capital appreciation of the funds or securities held by any Client. 626 Financial does not manage any proprietary investment funds or limited partnerships (for example, a mutual fund or a hedge fund) and has no financial incentive to recommend any particular investment options to its Clients.

Supervised Persons

626 Financial Advisory Persons serve as portfolio managers for all accounts, including the services described in this Wrap Fee Program Brochure. Details of the advisory services provided are included in Item 4.A. of the Disclosure Brochure.

Methods of Analysis

Please see Item 8 of the Disclosure Brochure (included with this Wrap Fee Program Brochure) for details on the research and analysis methods employed by the Advisor.

Risk of Loss

The risks associated with a particular strategy are provided to each Client in advance of investing Client accounts. The Advisor will work with each Client to determine their tolerance for risk as part of the portfolio construction process. Following are some of the risks associated with the Advisor's investment strategies:

Market Risks

The value of a Client's holdings may fluctuate in response to events specific to companies or markets, as well as economic, political, or social events in the U.S. and abroad. This risk is linked to the performance of the overall financial markets.

ETF Risks

The performance of ETFs is subject to market risk, including the possible loss of principal. The price of the ETFs will fluctuate with the price of the underlying securities that make up the funds. In addition, ETFs have a trading risk based on the loss of cost efficiency if the ETFs are traded actively and a liquidity risk if the ETFs has a large bid-ask spread and low trading volume. The price of an ETF fluctuates based upon the market movements and may dissociate from the index being tracked by the ETF or the price of the underlying investments. An ETF purchased or sold at one point in the day may have a different price than the same ETF purchased or sold a short time later.

Bond ETFs

Bond ETFs are subject to specific risks, including the following: (1) interest rate risks, i.e. the risk that bond prices will fall if interest rates rise, and vice versa, the risk depends on two things, the bond's time to maturity, and the coupon rate of the bond. (2) reinvestment risk, i.e. the risk that any profit gained must be reinvested at a lower rate than was previously being earned, (3) inflation risk, i.e. the risk that the cost of living and inflation increase at a rate that exceeds the income investment thereby decreasing the investor's rate of return, (4) credit default risk, i.e. the risk associated with purchasing a debt instrument which includes the possibility of the company defaulting on its repayment obligation, (5) rating downgrades, i.e. the risk associated with a rating agency's downgrade of the company's rating which impacts the investor's confidence in the company's ability to repay its debt and (6) Liquidity Risks, i.e. the risk that a bond may not be sold as quickly as there is no readily available market for the bond.

Mutual Fund Risks

The performance of mutual funds is subject to market risk, including the possible loss of principal. The price of the mutual funds will fluctuate with the value of the underlying securities that make up the funds. The price of a mutual fund is typically set daily therefore a mutual fund purchased at one point in the day will typically have the same price as a mutual fund purchased later that same day.

Options Contracts

Investments in options contracts have the risk of losing value in a relatively short period of time. Option contracts are leveraged instruments that allow the holder of a single contract to control many shares of an underlying stock. This leverage can compound gains or losses.

Margin Borrowings

The use of short-term margin borrowings may result in certain additional risks to a Client. For example, if securities pledged to brokers to secure a Client's margin accounts decline in value, the Client could be subject to a "margin call", pursuant to which it must either deposit additional funds with the broker or be the subject of mandatory liquidation of the pledged securities to compensate for the decline in value.

Alternative Investments (Limited Partnerships)

The performance of alternative investments (limited partnerships) can be volatile and may have limited liquidity. An investor could lose all or a portion of their investment. Such investments often have concentrated positions and investments that may carry higher risks. Client should only have a portion of their assets in these investments.

Real Estate Investment Trusts ("REITs")

Investing in Real Estate Investment Trusts ("REITs") involves certain distinct risks in addition to those risks associated with investing in the real estate industry in general. For Example, equity REITs may be affected by changes in the value of the underlying property owned by the REITs, while mortgage REITs may be affected by the quality of credit extended. REITs are subject to heavy cash flow dependency, default by borrowers and self-liquidation. REITs, especially mortgage REITs, are also subject to interest rate risk (i.e., as interest rates rise, the value of the REIT may decline).

Past performance is not a guarantee of future returns. Investing in securities and other investments involve a risk of loss that each Client should understand and be willing to bear. Clients are reminded to discuss these risks with the Advisor.

Proxy Voting

626 Financial does not accept proxy-voting responsibility for any Client. Clients will receive proxy statements directly from the Custodian. The Advisor will assist in answering questions relating to proxies, however, the Client retains the sole responsibility for proxy decisions and voting.

Item 7 – Client Information Provided to Portfolio Managers

626 Financial is the sponsor and sole portfolio manager for the Program. The Advisor does not share Client information with other portfolio managers because it is the sole portfolio manager for this Wrap Fee Program. Please also see the 626 Financial Privacy Policy (included after this Wrap Fee Program Brochure).

Other Financial Activities and Affiliations

As insurance professionals, Advisory Persons will receive customary commissions and other related revenues from the various insurance companies whose products are sold. Commissions generated by insurance sales do not offset regular advisory fees. This practice presents a conflict of interest in recommending certain products of the insurance companies. Clients are under no obligation to implement any recommendations made the Advisor or its Advisory Persons.

CERTIFIED FINANCIAL PLANNER™ (“CFP®”)

The CERTIFIED FINANCIAL PLANNER™, CFP®, and federally registered CFP® (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by CERTIFIED FINANCIAL PLANNER™ Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 87,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- *Education* – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- *Examination* – Pass the comprehensive CFP® Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real-world circumstances;
- *Experience* – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- *Ethics* – Agree to be bound by CFP Board's *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- *Continuing Education* – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- *Ethics* – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP®.
